### DISTRICT COURT.

**Week Consumed With Case of Christian vs. Santa Fe.**

The case of J. T. Christian vs. Santa Fe Ry. Co. has consumed all of this week, going to the jury late yesterday evening. This case was tried at the September term of court, resulting in a hung jury.

Cases disposed of during the past week were as follows:

State of Texas vs. Deliah Crumbley, theft of cattle; dismissed.

State of Texas vs. Gary Atkinson, murder; case affirmed by Court of Criminal Appeals.

State of Texas vs. Will Gotcher, forgery and passing forged instrument; plea of guilty and sentence of two years. Pardoned by governor.

State of Texas vs. Edwin Tindel, seduction; verdict of guilty and sentence of three years. Motion for new trial filed.

State of Texas vs. Chas. M. Deans, theft; case dismissed.

State of Texas vs. Santos Barrera, theft of horse; plea of guilty, sentence of two years.

State of Texas vs. James Stepney (colored), theft over value of \$50; plea of guilty and sentence of two years. Sentence suspended.

### BUICKS IN DEMAND.

**Prospects Indicate Scarcity as Great as Last Fall.**

Manager Hallum of the Brady Auto Co., reports prospects were never brighter for a large number of car sales, and he is highly pleased with the outlook. The cars are carried out by the purchasers as soon as unloaded, and there remains a waiting list for future shipments.

Of the last two carloads, one of which was unloaded only on Monday, there remains but one roadster on hand, with two parties bidding for its possession. Sales not heretofore reported are as follows: 6-cylinder, 45-h. p. touring cars to Virgil Carroll of Lohn, G. M. Smith of San Saba, Dr. O. C. Jackson of Voca, Walter Gray; 6-cylinder, 55-h. p., 7-passenger touring car to Pete Sloan of San Saba; 6-cylinder, 45-h. p. roadster to Gordon Stewart.

That there is genuine demand for these cars is evidenced by the fact that two of the preceding sales were closed over the long distance phone Saturday.

Two more carloads of Buicks are expected to arrive during the month of March, and most of these have already been spoken for.

### Preparedness.

The street car was crowded and a gentleman with a kindly twinkle in his eyes took 5-year-old Tom upon his lap.

"This will be better than standing, won't it, my boy?" he suggested.

"Uh, huh," Tom replied without enthusiasm. He had rather enjoyed lurching about the aisle just like his father.

"But you want to be careful that I don't pick your pocket," the gentleman cautioned, in a whisper.

"Can't," Tom retorted, his voice somewhat muffled. "Soon as I saw you looking at me I put my penny in my mouth.—Judge.

### GOTCHER PARDONED.

**Gov. Ferguson Restores All Rights of Citizenship.**

Sheriff J. C. Wall was the bearer of good news to at least one interested party Tuesday when he delivered to Will Gotcher a full pardon from the governor of Texas.

Gotcher was last week convicted of forgery and his punishment placed at two years in the penitentiary. A petition was then formulated in which was stated the belief that Gotcher was mentally irresponsible at the time of committing the deed, and recommending clemency. The petition was

signed by the twelve jurors giving in the verdict of conviction, the district and county attorneys and the district judge and forwarded to Gov. J. E. Ferguson. The governor promptly returned the papers granting Gotcher full pardon and restoring his rights of citizenship and suffrage. Gotcher, who had been in the county jail, was immediately released.

### High Prices for Hogs.

D. H. Bickenback, a Mason county stockman, sold a consignment of hogs, 75 head averaging 245 pounds, at \$8.25 Monday. This is the highest price ever paid for hogs shipped from that section of the country. These swine were raised in a pasture and grazed on mast; however, they were put up for ninety days and finished on corn.

Quality and breeding considered, this was one of the highest hog sales ever recorded in Fort Worth. The George R. Barse Commission company handled the shipment.—Fort Worth Record, Tuesday.

# COUNTY CORRESPONDENCE

**EDITOR'S NOTE**—It is the opinion of the editor that greater interest in the Correspondents' Page can be aroused by offering small prizes, and that better letters will result. Consequently we will offer three prizes of \$2.50, \$1.50 and \$1.00 to be awarded Friday, December 22, 1916, for 1st, 2nd and 3rd best letters received during the year. Each letter will count one point, and at the beginning of each month the correspondents will be permitted to cast their vote for the one, in their opinion, writing the most interesting letters during the preceding month, such vote to count an additional point. The correspondent receiving the most points during the year will receive first prize; the one securing second largest number, second prize; the one receiving third largest number, third prize. This plan is merely offered as an incentive to regular correspondence, and to increase interest in the letters.

In this connection we wish to state that NEWS is the prime essential of good, reliable correspondence. The visitors in a community, the births, the deaths, marriages, social gatherings and general happenings. We do not care for, and have not the space for "yarns" or exaggerated statements, but we always have space for live, snappy news. Discussion of topics of the day is referred to our "People's Forum" published in another column. Party politics and religious subjects are positively tabooed, as they do not come within the province of a local newspaper.

The Standard has a fair representation of correspondents over the county, and in localities where we have none, we would be pleased to secure a writer. Only one correspondent is desired in each community, and communities that overlap should only have a single correspondent.

## WEST SWEDEN NEWS.

Brady, Texas, Feb. 28.

Editor Brady Standard:

As no one has reported from this section for some time, I will send in a few items.

The farmers here are getting along fine with their work. Most of them are through breaking land and they are anxious to see a good rain.

The oat crop will be very light here on account of the extended drouth and cold weather. Many of the farmers will plant cotton and feed on the oat land, and as this is election year they can get the candidates to help chop cotton.

O. G. Dahlberg carried his wife to Fort Worth last week and placed her in the sanitarium where she will undergo a treatment. We hope she will be greatly benefited.

John Anderson has been on the sick list for the past few days, but is able to be up now.

## A MOTHER'S GRATITUDE.

Many a Mother in Brady Will Appreciate the Following.

Many a strong man and many a healthy woman has much for which to thank mother. The care taken during their childhood brought them past the danger point and made them healthy men and women. Thousands of children are bothered with inconvenience of urine, and inability to retain it is oftentimes called a habit. It is not always the children's fault—in many cases the difficulty lies with the kidneys, and can be readily righted. A Brady mother tells how she went about it.

Mrs. Lee McShan, Brady, says: "A younger member of my family was badly afflicted with kidney trouble. She was a healthy youngster except for this weakness. Her kidneys acted too freely, especially at night and this was very annoying. A neighbor advised me to have her use Doan's Kidney Pills and the first box brought relief. I kept up the treatment and since taking two boxes her kidneys haven't given any trouble."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McShan had. Foster-Milburn Co., Props., Buffalo, N. Y.

Little Elmer Gustafson has been sick, but is up again.

## ONION GAP SAYINGS.

Rochelle, Texas, Feb. 29.

Editor Brady Standard:

Had you all noticed this being a day extra. I know of an old lady who has a birthday today. She lives at Gorman, Tex.

We are getting dry in these parts, and I tell you, what land hadn't been turned was almost turned over Monday.

I believe this has been the prettiest February I remember.

There was a nice crowd of the parents visited the school Friday. They heard them recite some nicely learned lessons before recess. After recess an interesting program of songs, reading dialogues and recitations.

There was singing at Mr. Brown's Sunday night.

There is a mighty good opening for a singing school here, if we could find the right teacher. We want a singing teacher, not a courting teacher.

Ed Finnegan's horse fell on his foot last Saturday while he was rounding up some young horses in the Company pasture, which was recently purchased by Jim Bell. Though not seriously injured, he will have to lay off a few days.

There was a crowd of the Gap folks attended the singing at Midway Friday night.

Mrs. J. K. Baze and Miss Lena Clark attended singing at Pear Valley Friday night.

Mr. and Mrs. Ed Finnegan called on H. E. Finnegan Friday afternoon.

Misses Frankie and Alma Ince called at the Bell home Sunday afternoon.

Well, I believe I'm too ignorant to talk upon the preparedness subject. I know I am too big a coward to fight. I would not go to the war. The good Book says "thou shalt not kill," and there isn't any provisions, either.

Mr. Coats and family visited Ed Floyd Sunday.

Clint Bell and wife spent Sunday night in the Corn creek community, guests of Mr. and Mrs. Jim Davis.

Ford Davis is working for Mr. Price of Corn Creek this week. **FAIRY.**

## PEAR VALLEY DOINGS.

Pear Valley, Texas, Feb. 28.

Editor Brady Standard:

Now, Mr. Editor, please send the weather man around with a regular clod soaker, for we certainly need it.

Mrs. G. R. Baisden has been very sick, but is reported out of danger at this writing.

Mr. Loafman of Oklahoma, but formerly of Pear Valley, came in last week to accompany his daughter, Miss Zela, back to Oklahoma. Miss Zela came to Pear Valley six or eight months ago for the benefit of her health, and for some time did improve. But alas! that dread disease, consumption, developed, and when her father arrived he found her too weak to be moved and on last Wednesday death relieved her suffering, and father must return to his home in Oklahoma without his "baby girl." Interment took place at Lohn, Bro. Shirley conducting the funeral exercises. The whole community joins in sympathy to the bereaved.

Hollis Fowler and sister, Miss Jennie, Misses Dora and Bessie Smith will leave next Friday for Round Rock, Texas, to be gone several weeks visiting relatives and friends in Williamson and several adjoining counties. They will make the trip in "Daddy" Fowler's new Ford.

Have you noticed that the wind has changed twice a day every day for a week and one day three times.

What has become of that weather prophet that said we would have rain, sleet and snow in February? If all this comes to the Valley it will have to come tonight or tomorrow. Sleet and snow has not been heard of and precious little rain. In fact, such a little that had it all been put together it would hardly have given one person a decent wetting.

Levi Shannon has made himself a present of a new rubber-tire buggy. Look out, girls, Levi is coming. If he don't always get there on time, ne's coming.

Horace Baisden went to see his best girl the other night, it being very dark Horace took Old Trailer along for company, and when he got to the yard, Trailer didn't do a thing but catch himself a skunk. Horace made quick steps for the door, but too late. When he got inside the house, his best girl

says, sorter shy like, with her nose tilted just the least bit: "Horace, have you been hunting?"

Next week we'll tell you about Jim getting married.

Mr. Bullock purchased a Ford last week, making the 13th in the Valley.

Supt. White visited the Pear Valley school today.

Jack Ferguson's pony ran away with the buggy Sunday night, running a mile. Fortunately no one was seriously hurt. Jack's face looks as if he had been to an Irish wedding, and one hip is a little bit down. Two wheels and the shafts of the buggy were wrecked; the pony not scratched or scared. More anon.

## ROCHELLE RUSLINGS

From the Record:

The auditorium of the school building was filled last Saturday night by an appreciative crowd of people of the town and surrounding country, as well as a number from nearby towns. The occasion being a music recital by Miss Pinkie Jones' music class. The program was well carried out by all who took part in the evening's entertainment. Allowing due credit to each and everyone taking part in the exercises, we do not think it out of order in this connection to say that the main feature of the evening was the singing of "Appendicitis" by W. J. Agee.

Messrs. Herbert Crump, E. M. and Ed Phillips, Fritz Morris and Otis Waddill motored over to Brady and Menard Saturday. They report a good time on the trip.

The spirited buggy horse belonging to H. S. Byrd got a leg broken in an attempt to pass through one of the cattle guards on the railroad in town Saturday evening. It was necessary to kill the animal.

## Indigestion May Be Due to Constipation

Neglect of Important Function May Seriously Impair the Health.

There are many people who believe they suffer from indigestion when their discomfort is due to a constipated condition.

Bloat, with its attendant mental depression, sick headache, the belching of sour stomach gases, etc., are frequently due to inaction of the bowels. Relieve the congestion and the trouble usually disappears. The use of cathartics and purgatives should be avoided, however; these shock the system unnecessarily and, at best, their effect is but temporary. A mild laxative is far preferable.

A compound of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin and sold in drug stores for fifty cents a bottle, is highly recommended. Mr. Benj. Bassin, 360 Madison St., Gary, Ind., thinks Dr. Caldwell's Syrup Pepsin a wonderful medicine;

BENJ. BASSIN.

for four years he had a severe case of indigestion and constipation before trying Dr. Caldwell's Syrup Pepsin, which he is glad to recommend to all who suffer with stomach and bowel trouble.

A bottle of Dr. Caldwell's Syrup Pepsin should be in every home for use when occasion arises. A trial bottle, free of charge, can be obtained by writing Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.

### Knocker and Booster.

Some one has said that when the creator had made all the good things there still remained some work to do. So he made beasts, reptiles and poisonous insects, and when he had finished he had some scraps left. So he put all these together, covered it with suspicion, wrapped it with jealousy, marked it with a yellow streak and called it a "knocker."

This product was so fearful to contemplate that he had to make something to counteract it. So he took a sunbeam, put into it the heart of a child, the brains of a man, wrapped these in civic pride, covered it with brotherly love, gave it a mask

of velvet and a grasp of steel and called it a "booster." Made him a lover of fields and flowers and many sports, a believer in equality and justice and ever since these two were, mortal man has had the privilege of choosing his own associates.

### FIFE FINDINGS.

Fife, Texas, March 1.

Editor Brady Standard: J. O. Beck is putting in his spare time now taking the scholastic census in the school district. It is thought that the district will show a gain in scholastics from last year, when about 140 were enrolled.

The committee appointed last week to solicit funds to erect a tabernacle here report almost enough subscribed to erect a building as first planned, and as they expect to get further contributions we may have a larger one.

T. Ramsey and M. T. Bratton were down from Waldrip Saturday seeing the sights.

Rev. Wm. Green, association missionary of the Baptist church, held a series of meetings here from Friday night to Sunday night. Good crowds attended each meeting.

B. F. Harrison and Irven Crider were at Brady Monday on business.

C. M. Coonrod, Thos. Mitchell and J. O. Beck were at Brady Saturday on business.

Bob McClure and A. B. Reagan were here from Brady Monday on business.

Dr. J. E. Powell and E. B. Kennedy were down from Waldrip Saturday on business.

E. G. Billington is having a well drilled on his place. J. E. Davis is doing the work.

H. D. and Tom Bradley were at Brady Monday on business.

W. W. Butler was a visitor here from Marion Tuesday.

E. U. Wade and D. G. Baker were at the McKnight ranch Saturday on business.

Marshall Smith and Bill Hoskinson, two rotund commercial travelers from Brownwood, and bully good fellows, were here Tuesday filling our merchants' wants.

R. K. Finlay, Tom Bradley and Sam Crider were at Brady Tuesday on business.

We are glad to note that the little son of M. F. Taylor, who has been very low with membranous croup, is improving now.

J. J. Wright and family attended the funeral of Mrs. Wright's father, A. J. Glover, at Waldrip Tuesday.

H. D. Martin shipped another car of cattle to Fort Worth market Wednesday.

Tom Bradley is treating his residence to a new coat of paint this week. E. Kirkpatrick has the job.

M. C. Robbins and R. L. Mathis were at Coleman Monday on business.

### RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and 1/2 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and removes dandruff. It is excellent for falling hair and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.

### WONDER WORDS.

Wonder, Ore., Feb. 10.

Editor Brady Standard:

Likewise the "Fairy," who said "come again, W. W."

We had a million million little fairies here in the shape of snowflakes, but they were cold-natured little nymphs.

A man was telling about being at a hotel where fire broke out, and as the hydrants were all frozen up, they had nothing to fight the flames with but snow, and that, he said, had about as much effect upon the flames as Ford's peace party is having on stopping the European war.

Well, a goodly portion of the snow went off with a chinook wind and rain, and it washed away our B. S. railroad in several places. (The B. S. stands for better service.)

There is no use for me to tell you that Polly Jones visited Nancy Brown or that Jane Smith and Sallie Black went to town with Jennie White, for that would not interest you, as you are not acquainted with them. But I certainly do feel grateful to the printers of The Standard for publishing my letters, and I will try to write something to amuse, if not to edify.

In my last letter I told of a man being lost in the snow-storm about four miles from where I live. A searching party found the body buried under several feet of snow.

If people prepare for traveling on snow it is not so difficult. There are two ways of keeping on top of the snow. One is to use broad, flat snow shoes, about 18 inches wide and 30 inches long. The other is to use skis (pronounced skees or skeez.) These are long, narrow, thin boards of various lengths; some make them four or five feet long and others eight to ten

feet. By using a pole or stick to steer their course, they can go very fast, especially down grade. The front end of the ski is turned up like a sled runner. O. I. C. U. R. RIGHT.

Cannot Praise Them Enough. Many sick and tired women, with aches and pains, sore muscles and stiff joints, do not know that their kidneys are out of order. Mrs. A. G. Wells, Box 90, Route 5, Rocky Mount, N. C., writes: "I am taking Foley's Kidney Pills and cannot praise them enough for the wonderful benefit I derived in such a short while." Central Drug Store.

### Incipient Blaze.

The fire department was called Wednesday noon to the residence of Mrs. I. J. Castleman in the east part of Brady near the Brady Cotton Oil Co. The alarm was caused by a blaze which originated in some cotton from a mattress being renovated by Mrs. Castleman. The blaze was extinguished by neighbors before it had made any headway, and no serious damage resulted.

Better see Brady Land Co. today about that fire insurance policy.

**GOVERNMENT AID.**

The citizens of McCulloch county should not fail to avail themselves of the offer of U. S. government aid in the extermination of prairie dogs and also of rats, more especially in view of the fact that the new state law requires owners of land infested with prairie dogs to kill out same. Failure of owners so to do will result in the sheriff killing the same out and charging the costs of such killing against the land.

Representatives of the government are to be here next Monday to prepare, free of charge, all the poison that is needed for killing out the prairie dogs, the only requirement being that persons desiring prairie dog poison have on hand the necessary ingredients for mixing the poison. Look up last Tuesday's paper for instructions upon this point.

The importance of rat extermination is also to be considered. It is estimated that a rat destroys about 1c worth of grain or property each day. Estimate the number of these rodents in McCulloch county, and then multiply the figures by 365 and you will have in dollar and cents the enormous loss resulting each year from this pest.

Every citizen should be pres-

ent at the district court room at 1:30 p. m. next Monday and avail himself of the government offer.

**FALSE.**

The Daily Texan, issued and edited by the students of the University of Texas, is one of the brightest and snappiest papers which comes to our exchange desk, and never fails to receive a careful perusal. Get this comment from the Texan. It's decidedly clever.

"The Inquisitive Idiot wants to know where the 'harm' comes in in harmony."—Mineral Wells Index.

"In the false notes, of course," replies the Texan.

Do it today.

Make your house a home.

Clean up, paint up, dress up.

Brighten up! Let some sunshine in.

Coleman and Hamilton are the banner candidate counties so far, and have a handicap on all other counties that will be hard to overcome. In the former 55 candidates announce their willingness, anxiety and desire to serve the public, and in the latter 54 are likewise enthused.

Use some paint on your buildings; use the rake on your vacant corners; use the spade on your neglected garden spot; plant some shade trees, build some walks—all these will add to your own pleasure, safeguard your own health, and bring down the blessings of future generations upon your head.

Said two traveling men just the other day: "You folks can certainly compliment yourself upon the fine conditions which prevail throughout this locality. Dry? Did you say. You don't know what being dry is. Out in the Abilene country is where they are dry. No moisture for months. One can tell the difference the moment one strikes Brown county. Don't discourage yourself; McCulloch county is looking fine." There is a germ for you. True, it is getting a little dry in McCulloch, but everyone will admit there is a splendid season in the ground, and just a good, soaking shower is all that is needed to again put McCulloch county on the front seat of the Prosperity Wagon. When we compare our misfortunes to those of others, our troubles sink into insignificance.

Three cars of McCulloch county poultry were shipped to market last week, and are indicative of the growing interest in poultry raising. That chickens and turkeys can be raised profitably in McCulloch county there can be no doubt. The comparatively mild winters make the raising of poultry here an easy task compared with the care that must be given poultry in the north during the severe winters there. In fact, the chickens almost grow without attention. And at least one party, to our certain knowledge, says he raised chickens that netted him around \$1.00 a piece. That should prove profitable production. McCulloch county now ships three or four carloads of poultry each spring. This could and should be increased to at least ten carloads each spring. There is a ready market for the poultry, the prices are good, and with the improved fowls now being raised in McCulloch county these birds are meeting all required standards. Go in for poultry raising. It's dollars in your pocket at a time when the jingle of dollars is real music.

**ABOUT SIDEWALKS.**

Little by little, improvements are being made in Brady. Perhaps one of the most neglected as well as most necessary improvements is that of sidewalks. Brady has but one stretch of sidewalks upon her main thoroughfares worthy of note, and that is on Blackburn from the square to the top of the hill.

Every street in every direction should have good walks. It is a pleasure to live on a street with such walks. It enhances property value because it makes living there so much more desirable.

Brady is in line for city free mail delivery. Should the postal receipts go beyond the \$10,000 mark by the end of this fiscal year, Brady can have city delivery.

**BUT—**

Brady must have good walks to assure this service.

Neglect of this important feature is merely standing in our own light.

**CLEAN UP.**

The Sanitary committee of the Brady city council has in this issue a last appeal to the citizens to clean up all premises. All trash should be gathered and placed in convenient place for the city dump wagon, which will begin the work of collecting and disposing of rubbish on next Friday, continuing the work until all parts of the city have been visited.

It should not be imperative to urge upon Brady citizens the necessity for observance of this order. In the interest of better homes, health and general appearances, the citizens should unite in this move. Let everyone do his part, and the clean-up will be easily accomplished.

**DRESS UP.**

March 27th to April 8th. Two weeks. Everybody will blossom forth in the garb of spring. The man with the winter duds will look like a straw hat in a snow storm. It's coming. Dress-up Weeks. Watchful waiting will win.

Don't wait for your neighbor to set the example for you by cleaning up his premises first—set the example for your neighbor.

When in Doubt The Safe Thing to do is to Buy the Standard  
No Risk, No Worry, No Nothing But Satisfaction

The Standard cultivator, too, is no mistake. More than one hundred and seventy-five thousand Texas farmers KNOW IT IS NOT. Many a man has bought a poorly or badly made implement simply because he has not considered the subject—therefore failed to get what he wanted. He did not know what would benefit him most. He did not know because he did not try to find out, but bought what was promised to be as good as the Standard. If there is anything you do not understand about the Standard implements our salesmen are always glad to demonstrate them for you.

When you buy a piece of machinery you try to buy what you think comes nearest to fulfilling your requirements, and this is especially so with planters. No piece of machinery on the farm is used so little, yet on which your bank account more closely depends.

We say with all the assurance which absolute knowledge can give us that there is no better line of planters made.

The Standard planters are all alike in one particular—THEY DELIVER THE GOODS.

#### Tuesday Club.

The Tuesday club met this week at the usual hour, and after attending to the regular meeting a motion was made that the lesson be postponed, and the hour devoted to hearing a report from Mrs. Ernest Noble, who attended the Home Economics week in Fort Worth. The synopsis given by Mrs. Noble of the series of lectures attended by her proved highly interesting and instructive as well, and she was given close attention by all. Mrs. Noble also made a report of the meeting of the executive board of the Federated Clubs, of which board she is a member, which likewise proved interesting and entertaining.

Mrs. Noble was honored at several social functions during her stay in Fort Worth, and the members of the Tuesday club were made to feel very proud of their representative to the Economic meeting.

#### Inter Se.

The members of the Inter Se had a very enjoyable meeting last Friday with Miss Carrie Sessions, Five-Forty furnishing the diversion for the afternoon. Present were Misses Ruth and Ruby Wood, Minna Elliot, Carrie Berry, Margaret Todd, Margaret McGhee, Mozelle Glenn, Mamye Spiller, Esther Anderson; Mesdames Sam McCollum, J. B. Granville, Bill Lyle, V. L. Sessions; and guests were Mrs. Boyd Rainbolt; Misses Flora and Ruth Schaege, Fannie Lyle.

The hostess served margarites, salad, coffee and mints.

Club prize, a crocheted towel, was received by Mrs. Bill Lyle for high score, and Miss Minna Elliot received a kewpie for consolation.

The club meets this afternoon with Mrs. Virgil Lee Sessions.

#### Merry Maids and Matrons.

The Merry Maids and Matrons met on Wednesday afternoon as guests of Miss Carrie Sessions, the usual "42" being played at three tables. Club members attending were Mesdames Will Lyle, Albert Hennesdorf, Virgil Lee Sessions, W. J. Dawson, Will Kennerly, George Davis, Marvin Wegner; Misses Minna Elliot, Trix Gay, Ona Searly, Flora Schaege, Fannie Lyle.

Mrs. Albert Hennesdorf won club prize for high score, a forget-me-not pin, and Miss Ona Searly received as consolation a handkerchief.

The hostess served salmon croquettes, sandwiches, olives and iced tea.

Mrs. V. L. Sessions entertains the club on next Wednesday afternoon.

#### Five Hundred Club.

Mrs. John Wall entertained pleasantly on last Friday afternoon for the members of the Five Hundred club. Present were Mesdames C. T. White, G. R. White, W. L. Hughes, G. V. Gansel, W. W. Walker, J. R. Stone, J. S. Anderson, J. G. McCall, R. G. Prater, W. E. Campbell; Miss Elizabeth Souther. Mrs. Marian Bingham was a guest.

The hostess served chicken salad, hot rolls, lemon ice. Can-

dy was also passed. Mrs. Hughes won high score, receiving a hand-embroidered towel.

Mrs. J. S. Anderson entertains the club this afternoon.

#### Entre Nous.

The Entre Nous were delightfully entertained on Wednesday afternoon when Mrs. W. E. Campbell was hostess. A series of "500" afforded entertainment for the guests. Mrs. C. T. White receiving the club prize of silk hose.

The hostess served creamed peaches with coconut macarones, stuffed dates and candy to the following members: Mesdames C. T. White, W. D. Crothers, H. B. Ogden, Bailey Jones, W. R. Davidson; Misses Esther Anderson, Harriet Cook, and guest, Mrs. H. M. Brannum of Fort Worth.

The club will be entertained on Tuesday afternoon by Miss Harriet Cook.

#### U. D. C.

The U. D. C. meets Saturday afternoon, March 4th, with Mrs. T. H. Madsen, and an invitation is extended all members to be present.

The following will be the program for the afternoon:

Roll call—answer with War Governor's name.

"How Many Crosses of Honor Has Your Chapter Bestowed Since Its Organization?" Miss Fannie Jones.

"Relate Some War Incidents," Mrs. W. T. Melton.

Reading, "Birthday of Lee and Jackson," Mrs. Wigginton. Song, "Old Folks At Home." Social hour.

#### Bible Study Class.

The Bible Study class met last Friday afternoon with Mrs. Bryson, and a large attendance is reported and a very interesting lesson. Mrs. Cruse was chosen leader of the Scripture quotations.

The class meets this afternoon with Mrs. Carroll for a study of the first six chapters of I Samuel. A cordial invitation is extended all who may be interested to attend.

#### Junior Missionary Program.

Song, "Bring Them In." Bible lesson, "A Young Student." Luke 2:42-52. Prayer. Recitation, "Dare to Do Right," Edna Fahrenthold. Memory Gem, Marie Brock. Mission Study Lesson, by the class.

## BIG RANCHES WILL SEND RIDERS AND ROPERS FOR SHOW

BIG ROUND-UP AT FORT WORTH, MARCH 13-18, PROMISES TO BE GREAT EVENT.

### PRIZES ARE OFFERED

Miller Bros. in Charge of Night Event at Big Stock Show. Society Features Also Arranged.

Broncho busters and ropers from most of the big ranches from Canada to Southwest Texas are expected at the National Feeders and Breeders show at Fort Worth, March 13-18, to take part in the big events that will feature the Big Round-Up, the night attraction of the big spring livestock exposition.

Goat ropers from the plains country also will come in number, as ample prizes also are offered in those classes. A high-class wild west show will be offered under the direction of Miller Bros., of Bliss, Okla., owners of the 101 Ranch show. Society will play a big part in the entertainment, many horse and auto features already being arranged for, somewhat in line with the Horse Show that has been the night attraction in the past. A great variety of other amusements also will be furnished at night, as the Miller Bros. have been busy for several weeks lining up attractions.

The usual excellent rates have been secured for the stock show and the railroads are working in co-operation with the management. It is believed that the largest stock show crowds in history will be handled by Texas railroads this spring.

The stock show is preparing a great treat for the people of Texas and the Southwest, whether they be lovers of fine stock or not. The magnificent premium lists for the day and night shows, which provided so liberally for every branch of the livestock industry, have had their effect and entry lists have been pouring in in numbers to the offices of the show. There is every indication that a finer array of fine livestock and fine horses will be on hand for the events than ever before in history.

Hereford, Shorthorn, Angus and Jersey exhibitors probably will make the largest showing in the cattle division of the stock show, although other classes of cattle will be on hand in goodly number. Three big auction sales will be held during the show and the exhibitors will have any number of fine bulls on hand. Buyers are expected to be numerous and anxious to make purchases.

A great variety of side amusement features will be provided for the spring show. Among these will be an excellent carnival, with many attractions. A variety of pleasing and diverting events are to be staged in the Coliseum between the judging of different classes of livestock. A sporting carnival is expected to draw thousands of enthusiasts, who perhaps would be interested in no other feature.

Around 5,000 fine birds are expected to be on hand for the fourth annual exhibition of the Fort Worth Poultry and Pigeon association. This event is generally recognized as the finest of its kind in the Southwest and about 4,000 birds were here at the last show. A comprehensive premium list has been issued and many entries already have been received.

### SAFE FARMING.

#### Outline of Program Recommended by Government.

Washington, D. C.—A program of "Safe Farming" for the South is outlined in a circular which the United States Department of Agriculture has sent to bankers, business men and farmers in the cotton states. The history of agriculture in the South, it has been said, has been one of lean years and fat years. Short crops and high prices have almost invariably been followed by big crops and low prices and, in consequence, the farmer has experienced much distress. The increased attention which has recently been given to supporting the people upon the land has already resulted in much good, but there is some danger, it is pointed out, that, with the price of cotton rising, there will be a tendency for farmers to return to the old system of gambling on cotton. If the people of the South produced their own living, the circular points out, it would steady the whole system and keep the boat from rocking. The safety measures recommended are as follows:

First: Produce a home garden for every family on the farm the year round, paying special attention to a plot of Irish or sweet potatoes sufficient to supply the family with food of this character. Where feasible, have a patch of sorghum or other cane to produce syrup for the family.

Second: Produce the corn necessary to support all the people on the farm and the livestock with absolute safety.

Third: Produce the necessary oats and other small grain to supplement the corn as food. Pay attention to winter grazing.

Fourth: Produce hay and

forage crop, sufficient to supply all of the livestock on the farm. Use legumes, such as clover, cowpeas, velvet beans and alfalfa for the production of hay and to enrich the soil with nitrogen and humus.

Fifth: Produce the meat necessary to supply the people, through increased attention to poultry and hogs, especially. Plan to increase gradually the number of cattle and other livestock so as to have a sufficient number to consume the waste products of the farm and make the waste lands productive.

Sixth: After all of these things have been amply provided for, produce cotton for the market.

#### The Court of Last Resort.

Around the stove of the cross roads grocery is the real court of last resort, for it finally overrules all others. Chamberlain's Cough Remedy has been brought before this court in almost every cross roads grocery in this country, and has always received a favorable verdict. It is in the country where man expects to receive full value for his money that this remedy is most appreciated. Obtainable everywhere.

A funny year—this 1916. A study of the almanac shows—

That it has fifty-three pay days if you are paid weekly.

That there is no holidays in the year to fall on Sunday.

That Friday, October the 13, will be a double hoodoo.

That Easter will not come until April 23, the latest in eleven years.

### CLEANSER YOUR HAIR MAKES IT BEAUTIFUL, THICK, GLOSSY, WAVY

Try This! All Dandruff Disappears and Hair Stops Coming Out.

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant, and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

### LOCAL BRIEFS.

Add Chas. Bradley to the list of progressives. Mr. Bradley has had cement walks laid in his yard and fronting his property as well, and the walks give added attractiveness to his property.

S. A. Benham has been compelled to increase his quarters in order to make room for the heavy shipments of new spring stock, and in order to accomplish this has resorted to the expediency of building a deck in the rear of the store, and fitting it up as an altering and trimming department.

W. A. Wilder, substitute carrier on Route 1, has been delivering the mail to patrons, while L. E. Laurence is attending court in order to familiarize himself with court procedure. Mr. Laurence has taken up the study of law, and expects to take examination for admittance to the bar within the next month or so.

Messrs. H. N. Cook, Dimmitt Wood and J. Q. Lankford left the early part of week for Kimble county on a hunt. Latest reports from the party is that they are marooned, so to speak, in London by reason of a broken axle. They report squirrel stew as being part of the program for keeping away the pangs of hunger.

Chester Baze returned Wednesday morning from Dallas, where he was called to the bedside of his father, Mayor A. C. Baze. He reports his father as being confined to his bed, and that the doctors hold out no hope for permanent recovery. During the past few days, however, Mr. Baze has rested quite well, and seemed strengthened as a result. The doctor thought it might be possible for him to be able to be up again, but said there was no possibility of overcoming the disease.

The Standard has been furnished with a correction concerning the output of the Sheridan Mining Co. at Burnet. While the output is expected to eventually reach the total of 200 tons daily, as stated, this will not be possible for a year or even longer, and the operating and incidental expense will also serve to materially reduce the figures given in our previous article. However, the interested parties are confident of good returns on their investment, as tests have proven the mine to be rich in ore.

Harry McCain, who has been teaching at the Salt Gap school, was here Saturday and reported that he would join a party the early part of this week for an overland trip to the Rio Grande, from where they would go to Tampico, Mexico, to inspect land with a view to investing. He has promised a letter regarding his experiences in tamale-land, and will recount the incidents of the trip as well. The school at Salt Gap will be in charge of a substitute during his absence, which will cover a period of about two weeks.

## SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell."

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it.

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlasting tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

### KATEMICY HAPPENINGS.

Katemcy, Texas, Feb. 27:  
Editor Brady Standard:

There have been many cases of pneumonia in this community. Among those suffering with this terrible malady are: Mrs. Ed Jordan, Mrs. G. F. Phillips and Oba Amerine. We are glad to report that they are all improving at the present.

Uncle Andy Coots died last Monday evening. He had been suffering for some time with Bright's disease and his death came as a relief. Mr. Coots had lived for a long time in this community, and was a highly respected citizen. He was past 80 years of age. He left five sons and a daughter to mourn his death.

The blind boys from Mason gave a concert at the school house last Friday night, but owing to so much sickness in the community, there was only a small crowd on hand.

School is doing nicely at present. The people of this community are to be commended on their efforts to improve the condition of their school. A nice library has been purchased and is now being used by the pupils. A nice lot of globes and maps have been purchased and will soon be installed.

Rev. J. P. Watson of Fredonia filled his regular appointment here Sunday and Sunday night.

Mr. Parker died Sunday evening and was laid to rest in the Bethel cemetery Monday evening. He had been ill with cancer for several months and his death came as a gracious relief from his sufferings.

Mrs. Ed Jordan is very low with pneumonia. There is not much hopes for her recovery.

### DANGERS OF DRAFT.

Drafts feel best when we are hot and perspiring, just when they are most dangerous and the result is neuralgia, stiff neck, sore muscles, or sometimes an attack of rheumatism. In such cases apply Sloan's Liniment. It stimulates circulation to the sore and painful part. The blood flows freely and in a short time the stiffness and pain leaves. Those suffering from neuralgia or neuralgic headache will find one or two applications of Sloan's Liniment will give grateful relief. The agonizing pain gives way to a tingling sensation of comfort and warmth and quiet rest and sleep is possible. Good for neuritis, too. Price 25c at your druggist.

**For Representative 114th Dist.**

Burney Braly, a prominent young attorney of San Saba, announces in this issue as a candidate for the office of representative of this district, left vacant by the resignation of Hon. W. D. Cowan. He makes his announcement subject to the action of the Democratic primary.

Mr. Braly has lived in San Saba the past six years, and is well known throughout that county. He is a graduate of the law department of the Cumberland University, class of 1914, and for the past two years has been junior member of the law firm of Johnson-Braly.

Mr. Braly is a lawyer of no mean ability, and is recognized throughout his home county as one of the brightest minds in the legal profession. His popularity is attested by the fact that his home people are his ardent supporters, and are leaving nothing undone to advance his interests.

Mr. Braly is a man of firm convictions, and upon all questions of public welfare will be found upon the right side. He asks a careful consideration of his candidacy, inviting a thorough investigation of his record. He will spend considerable time between now and the primary in becoming better acquainted with the citizens of McCulloch county, and will be pleased to meet the voters whenever possible.

**"CASCARETS" FOR A COLD, BAD BREATH OR SICK HEADACHE**

Best for Liver and Bowels, for Biliousness, Sour Stomach and Constipation.

Get a 10-cent box now. Furred tongue, bad colds, indigestion, sallow skin and miserable headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.

**SAN SABA SAYINGS**

From The News.  
Mrs. Ocie Sparks of Brady was visiting her parents, Mr. and Mrs. C. C. Russell last week.

Col. John Armstrong has closed his poultry and fur business and is leaving this week for Ft. Worth. He opened his business during the fall, but his health has failed and he is retiring from active business until his health is regained.

From The Star.

Allson Estep, eldest son of Mr. and Mrs. Newt Estep, was seriously injured Monday afternoon while trying to remove a bullet which had lodged in the barrel of a .22 target rifle. Not knowing that the owner had previously attempted to remove the ball by inserting a loaded cartridge which had failed to fire, young Estep held the barrel in the forge at his father's blacksmith shop, when the cartridge exploded, the bullet entering his abdomen. His parents left with him for Temple the same afternoon.

**THE PEOPLE'S FORUM.**

**PERSONAL MENTION.**

In reply to "E. Z." in Friday's paper, will say that I am heartily in favor of President Wilson's preparedness policy. Keep a gun—not to go to war—but to have in case I need it. No man would argue that any genuine, true, patriotic American is in favor of an army and navy to be used in conquest. Every true American believes in peace. We don't need anyone to preach peace to us. But such war as the one that is now raging in Europe has swept nations into it that did their best to stay out. Can we expect this nation to do any better? As the president said in one of his speeches while on his western tour, "when houses all around your are burning, yours is likely to catch, although your house may be all right on the inside."

Where would we be should we be plunged into this war? We have no army or navy adequate to protect us from attack. We, at least, need a navy that is the best in the world. We need a navy that will prevent the landing of a hostile force on our shores. One of the congressmen in speaking of the deplorable condition with regard to our defenses said that when this war was over that the only two friends we would have in this world would be the Atlantic and Pacific oceans. Unless we have a navy that is able to protect us these friends will be worthless. When this great war is over there will possibly never be another so terrible, but the great question is, "Can we stay out of it? If we can't, where will we be?" My answer to this is, "Right where Belgium is today." To those who lament over the great amount of money that it will take to amply prepare us, I would say that we would be more willing to use it to put ourselves in such a position that no nation can attack us with any hope of success, than to pay it out as Belgium is doing now. The price of liberty is eternal vigilance.

I have never seen a single reasonable argument that any opponent of preparedness has offered. Some of the arguments they are using are positively unpatriotic and disloyal to our country. The men who are preaching against preparedness are thinking of their pocket-books more than they are of the good of our country. Governor Ferguson hit the nail on the head in his Llano speech on the 22nd of February, when he said that such men as W. J. Bryan had become a public nuisance.

**MENARD MESSAGES**

From The Messenger.  
The county commissioners of Sutton county have this week appropriated \$3500 for use in tick eradication work, according to Basel M. Halbert of Sonora, who was in the city Wednesday afternoon. Sutton county recently voted to go above the quarantine line and a County Stockmen's association was organized. The fund set aside by the county will be placed in the hands of a committee from this organization.

Rev. Bailey of the Christian church will preach at the Methodist church Sunday morning and evening at the usual hours.

**PERSONAL MENTION.**

D. A. Webb was a business visitor here from the Lohn community Wednesday.

Yesterday was Texas Independence day, and was duly observed as a holiday by the local banks.

Mrs. Robert Newsom and baby of Brownwood are guests this week of Mr. and Mrs. Ben Anderson.

W. A. Hudson, who has been here attending court this week, returned last night to his home in Galveston.

Mrs. L. C. Cox, who has been a guest of Mr. and Mrs. A. B. Cox this week, returned last night to her home in Ft. Worth.

Walter Gallemore left last night for Oklahoma City to attend a meeting of the managers of local yards of the Long-Bell Lumber Co.

Mr. and Mrs. Clyde Eubank, accompanied by his sister, Mrs. L. B. Holland, were visitors to Brady Wednesday from Route 1 out of Rochelle.

Miss Mary Brook left Tuesday night for Dallas to attend the grand opera, and will be the guest of school friends for some time before returning.

Mrs. A. L. Smith, who was been a guest of her daughter, Mrs. James T. Mann, the past several weeks, returned last night to her home in Dallas.

Miss Loise Bradley returned Tuesday from a month's visit with home folks in Sherman, her visit also having included some time spent with her sister in Dallas.

Mr. and Mrs. Fred Ellis and baby, who have been spending a couple of weeks here as guests of Mrs. Ellis' parents, Mr. and Mrs. A. H. Conner, returned Wednesday to their home in Menard.

Mr. and Mrs. C. A. Trigg and children and Mrs. Lillian Glover returned Tuesday from Brownwood where they attended the wedding Monday of Mr. Herbert E. Dill of Dallas and Miss Ida Hurlbut of Brownwood.

J. H. Baker and Burney Braly are San Saba visitors here, and are greeting both old and new friends. Mr. Baker is here in the interest of a client, while Mr. Braly is announcing his candidacy for the state legislature.

Mesdames Marian Bingham and G. R. White left Wednesday night for Dallas to attend the grand opera. Mrs. Bingham goes from Dallas to Chicago for a brief stay, and thence to her home in Cleveland, Ohio. Mrs. White will visit in Brownwood a week before returning.

George W. Thornton and little son were here the past few days attending court, and incidentally visiting relatives and friends. Mr. Thornton is now located in Dallas with the Mutual Film Co., and both he and his family are well pleased with their new home.

Mr. and Mrs. E. P. Rickey of Portsmouth, Ohio, who have been guests of his brother-in-law, F. T. Fowler, and wife the past week, left last night for San Antonio and coast points, where they will spend several days before returning to their home. Mr. Rickey is a building contractor by profession. This is the first visit of the couple to Texas, and is being greatly enjoyed by them.

One of the largest crowds ever in Llano was that of last Tuesday, when the large Confederate monument which was erected recently by the Daughters of the Confederacy of that place, was unveiled. The Llano business men and citizens assisted the Daughters in giving the visitors a royal reception and a splendid program. The band and a throng of cheering admirers of Governor Ferguson met him at the depot; amid shouts, yells and waving banners he was escorted to a large and beautifully decorated car and taken to the court house, where he was served dinner by the Baptist ladies of Llano. The monument, which stands about 20 feet high, was made of Llano granite and the carving and work of erecting was all done by a Llano man by the name of Jack Finlay.

### Ousting the Boll Weevil.

Joe Allgood, a well known farmer of the May country, had phenomenal success last season in raising cotton against the ravages of the boll weevil, and this pest was perhaps at its very worst last year in the light land section around May.

Mr. Allgood made eight bales on 27 acres, or nearly a quarter of a bale to the acre, and he did it with a hay rake.

Raising cotton with a hay rake is something not even remotely practiced anywhere in the weevil district of Texas, and therefore Mr. Allgood put over a new one, and apparently it was so much of a success in this instance that it will be worth a general trial by every farmer that raises cotton in Brown county this season.

Mr. Allgood states that one Sunday morning last summer he and his little boy were out in their cotton field looking it over. He noticed that the cotton, although nearly waist high, was not fruiting, and was badly weeviled. A hay rake was standing in the field nearby and Mr. Allgood remarked to his son that on the following day he would let him hitch a horse to the rake and run it through the cotton.

Mr. Allgood says that the little boy, at his direction, raked the cotton with the hay rake a number of times during the hot, dry weather. The points of the rake dragged the ground, making a fine dust mulch, and as the plants of the cotton were pulled this way and that way through the prongs of the hay rake the weevils were shaken off, and, falling into the hot dust between the rows, they were cooked to death. At least he accounts for their disappearance.

In that way, because after the first raking of the cotton the plants began to show blooms and to put on fruit, and he made a quarter of a bale to the acre where he did not expect to make anything.

Mr. Allgood is particularly impressed that raking his cotton with a hay rake brought results because a field of 50 acres of cotton adjoining him only made three bales, and another field of 30 acres, adjoining his place on another side, made less than two bales.

Mr. Allgood is a cotton farmer of long experience and he would not advocate any cultured method of fighting the boll weevil if he was not certain it was a tried success. He also states that it is his experience, tested time and again, that cotton will do better under weevil conditions, if the rows are planted north and south, rather than east and west. He says that the cotton will get better results of sunlight from north and south rows.—Brownwood Bulletin.

### \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

### THE PEOPLE'S FORUM.

EDITOR'S NOTE—Articles upon live topics of the day will be given space in this column. Such articles must be limited to 300 words. The editor reserves the right to close any discussion which may arise, if such be deemed inimical to general welfare. No personalities will be permitted. Party politics and religious subjects are tabooed.

The Fife correspondent suggested that the writers express their opinion in regard to the subject of preparedness. I indorse what the writer said on the subject, for I believe that preparation for war is conducive to war.

If this country prepares others will not want to be too far behind in equipments, so each country would strive for excellency, then the clash would come early.

This country should set an example for others, show them that enlightened people don't believe in wholesale murder. Remember that command which is inflexibly unchanged and unchangeable: "Thou shalt not kill." Help to hasten the time when there will be no wars, weapons will be beat into plow points and swords into cane knives, then may the words spoken by a noted lecturer come true, that the real happiness of people will be when the world does business together, but that will be when the sabers cease to gleam and when the thundering cannons roll no more. We hope that war, (though it be short), is destined to certain abolition. Bachelor.

## GRAND JURY REPORT

TWO MISDEMEANORS AND EIGHT FELONY BILLS.

Grand Jury Commends County Officers for Efficient Discharge of Duties.

To the Hon. John W. Goodwin, Judge of the 35th Judicial District of Texas:

We, your grand jurors impaneled at the February term of our district court for McCulloch county, beg to submit the following as our report:

We have been in session five days and have investigated all matters brought to our attention, and have returned into court two misdemeanors and eight felonies. Some matters have been called to our attention in which we find there have been some violations of the law, but we have been unable to procure sufficient evidence to justify the finding of a bill. We find that there are less violations of the local option law than heretofore. We are glad to say that we had very little work to do in the way of investigating misdemeanors and congratulate the county officers for their vigilance in this respect; and we further note with satisfaction the efficient way in which the work has been done in the examining trials, and the same has made it easy for the grand jury to pass upon the work thus brought before it.

We find that in all parts of the county the law is being fairly well observed, and that the officers have been vigilant in the discharge of their duty. We note, however, from the reports of some of the officers that there are some fines that have not been collected, and we recommend that the officer or officers whose duty it is to collect same, do so without unnecessary delay.

We have visited the jail and find there are seven prisoners, including one insane person; they all seem to be well cared for, and the jail is in a fairly sanitary condition. We have also examined the court house, and note that some of the plastering on the walls needs attention, and we recommend that the commissioners court see to this.

We thank your honor and all other officers for the courtesies extended us.

Respectfully submitted,

S. H. GAINER,

Foreman of the Grand Jury.

### POPULAR VOTING CONTEST

Numerous Prizes To Be Given Away by Brady Merchants.

The merchants of Brady interested in the contest in which an organ is to be awarded to the society or organization outside of Brady receiving the most votes, announce that the contest will be carried out as originally planned. The contest will close July 1st, and in addition to the awarding of the organ, a diamond ring will be given to the young lady receiving the most votes up to that time.

In addition, prizes will be offered from time to time to the party receiving the most votes within a stated period, and the first special prize, a ladies' watch, will be awarded March 31st to the contestant having the largest number of votes at that time.

Other special prizes to be awarded are a lavalliere, Columbia graphophone and a water set.

All votes issued will be good for voting for both an organization and an individual.

Following is the list of merchants of whom voting coupons may be had for every 10c purchase: Popular Dry Goods Co., B. L. Malone & Co., Jones Drug Co., Kirk, the Tailor, Lange's 5c, 10c and 25c Store, John B. Westbrook, H. J. Rowlett, Broad Mercantile Co., Hardin & Jones Lumber Co., Model Cafe, The Brady Standard (subscriptions only), City Bakery, St. Clair's Studio.

Always ask for the coupons when trading at any of the above-named places.

The B. H. S. D. C. met Friday evening, February 25th, with Miss Willie Martin. No program was carried out, but a delightful time was enjoyed playing "42" and other games. The absence of certain members was noticeable, viz: Miss Nautie Mae Day, Loleete Parker and Messrs. Ward Carroll and Herbert Marshall. Refreshments of apples and delicious candy were served by the hostess. The guests departed at a late hour after unanimously voting Miss Martin a most charming hostess. The club meets next week with Miss Edith Meers.

### A Remarkable Shipment.

G. F. Britton, local representative for the Dodge automobile, reports a solid trainload of Dodge cars having shipped to Waco by Pit Burns of Hico, representative for this district. The trainload comprised 75 Dodge cars, and these were unloaded Wednesday. This is a remarkable tribute to the popularity of the Dodge, and is a record that is hardly equaled in any section of the state.

CALOMEL DYNAMITES A SLUGGISH LIBER

Crashes Into Sour Bile, Making You Sick and You Lose a Day's Work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 50-cent bottle of Dodson's Liver Tone, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition, and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.
