Successful Picnic.

The union Sunday school picnic given at Dutton grove Tuesday was a success in every way, and those attending report it one of the most delightful occasions of the kind ever pulled off in Brady.

All the Sunday schools of the city participated and all did their utmost to make the day one of pleasure and profit to all. Swings, sea-saws and croquet were provided for the entertainment of the little folks, and in the afternoon a story-telling hour added to their pleasure and entertainment.

The committee in charge reports a neat sum left over after paying all expenses, and this will be used in making the union Sunday school picnic an annual affair.

FIREMEN'S BENEFIT.

Home Talent Play to Be Staged for Benefit Local Firemen.

Miss Bessie Helms of Brownwood is in the city to arrange for staging a home talent play for the benefit of the Brady fire department, the play to be produced some time within the next two weeks.

Miss Helms is quite well known in Brady, having staged one of the most successful home talent performances here about two years ago under auspices of the Presbyterian Ladies Aid society, at which time she thoroughly demonstrated her ability along these lines. She has secured the necessary talent for the play to be produced here and announces the first rehearsal for Monday night of next week.

FACULTY COMPLETED.

Four Teachers Chosen at School Board Meeting Wednesday.

At a special meeting of the school board held Wednesday afternoon four new teachers were elected, thereby completing the faculty for the coming term.

Miss Elisa Steibel of Eagle Pass was chosen as teacher of Latin and Spanish in the high school, succeeding Prof. R. M. Donnell, who held this position the past term, but who was not an applicant for re-election. The resignation of Miss Lena Carroll, teacher in the intermediate department, was received by the board and regretfully accepted. Miss Carroll has taught in the local school the past three years and is accounted one of the most popular, as well as competent, members of the faculty. She will teach in the Lohn school the coming year.

chosen by the board at the meeting Wednesday, one of the number to succeed Miss Carroll, while the other two will be assigned by Supt. Hughes at the opening of the term in September. They are Miss Mary R. Evans, Brownwood; Miss Lee Smith, Mason; Miss Susa McMillan, Fredonia. All come to the local school highly recommended, and both the board and Supt. Hughes are congratulating themselves upon being able to secure their services.

SELL INSURANCE BUSINESS

Brady Land Co. Disposes of Business to S. W. Hughes & Co.

S. W. Hughes & Co. Saturday announced the purchase of the insurance business of the Brady Land Co., the deal having been closed up several days previous.

This department of the Brady Land Co.'s business has for the past several years been under the management of A. B. Carrithers, junior member of the firm, and has grown to considerable proportions by reason of his close and careful attention to the interests of the insuring public. Since the decision of Judge Adkins to enter the race for Congress from this district, and the further fact that Mr. Carrithers has a very flattering offer to engage in other work, the firm decided to dispose of this branch of its business in order to be free to devote their entire time and attention to these matters.

All companies heretofore represented by the Brady Land Co. will be taken over by Hughes & Co. without any hazard to the policy holders, and under the careful management of Messrs. B. L. Hughes and Ben Anderson of the latter firm their interests will be carefully safeguarded in every way. The addition of these new companies to the list of those heretofore represented by Hughes & Co. will make this firm one of the largest fire insurance agencies in this section of the State.

Fire Yesterday Morning.

A fire alarm was turned on yesterday morning at 5:50 o'clock from the residence of Dave Porterfield in the eastern portion of the city, but fortunately the blaze was extinguished by neighbors before the arrival of the firemen.

Mr. Porterfield on rising, lighted an oil stove in the kitchen and placed a pot of coffee on the stove before going to feed his chickens. During his absence from the room the coffee boiled over, causing the flame from the stove to run up to a surmounting height to ignite the wall paper. The flames quickly ran up the walls of the room, but fortunately the fire was discovered before it had gained much headway and was extinguished by neighbors by the time of arrival of the firemen. The damage is only light.

Better see S. W. Hughes & Co. about that fire insurance policy today.

New Discovery! Dodson's Liver Tone Acts Like Calomel But Doesn't Gripe, Salivate or Make You Sick—Don't Lose a Day's Work—Harmless Liver Medicine for Men, Women, Children—Read Guarantee!

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work. Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated, or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight. Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful and if it doesn't straighten you

right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick. I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

DOES SLOAN'S LINIMENT HELP RHEUMATISM?
Ask the man who uses it, he knows. "To think I suffered all these years when one 25 cent bottle of Sloan's Liniment cured me," writes one grateful user. If you have Rheumatism or suffer from Neuralgia, Backache, Soreness and Stiffness, don't put off getting a bottle of Sloan's. It will give you such welcome relief. It warms and soothes the sore, stiff, painful places and you feel so much better. Buy it at any Drug Store, only 25 cents.

McCormick & Deering Twine has stood the test for many years, in fact, it was here before most of us, it is better today than ever. We do not ask any more for McCormick & Deering than others ask for twine that you never heard of before, all that you have got for it being good is their word. Their intention of course is all right, and if they had manufactured the twine themselves, of course they would have made it good, but in McCormick or Deering Twine, you have no one's word to take for it being good twine, for every child knows the quality of McCormick & Deering. A B I L I T Y

That's the one word that fully describes the 3400 r. p. m. Chalmers

A man came in to my place the other day and said: "What! a 3400 r. p. m. Chalmers at \$1090. I never knew Chalmers built a car under \$2,000." So many ask the same question. We never feature price in big type. We don't sell price. We sell a car first; then tell how much it costs afterwards.

I suppose we lose some sales that way. But, of course, we have a car of such decided quality, of such extraordinary ability, of such terrific power from an engine that you wonder where it all comes from—well, we just don't know how to talk price when so many other things bob up in our minds.

Now take power. Here it is rated at 25.3 H. P. when you buy your license. You get her out in mud, or sand, or on a hill—and bing, you can just double that figure.

You have got just about 100 per cent more power than we give her credit for. Of course, lots of cars have great big power. But with most of them you've got to pay the piper every time you use it. Those big power cars have great big engines mostly, and great big engines have a terrific appetite for gas. You know, I don't need to tell you.

This 3400 r. p. m. Chalmers has an engine in her that's got the kick. You step on the accelerator button, and zip! You never saw such spunk.

And not only power, but she gets away like a scared horse. I have to watch my foot when it is on the little button. First thing I know I am going too fast.

That's what the boys back at the Chalmers plant call "acceleration." I call it "pep." That's my language.

I used to sell a lot of cars in days gone by in simply stating the price. Now it is all different.

People are buying cars more intelligently. They want what they call ability. There are too many cars that look alike and have the same price tag on them. The only thing that separates them is ability. There's all the difference in the wide world between cars when you look at them this way.

One car is sluggish like a ploughing horse. Another has got a light foot and gets under way without taking a quarter mile to get into high.

Why, with this 3400 r. p. m. Chalmers I forget once in a while and actually start her on high.

There aren't many cars that ever do that. Then she runs so everlastingly quiet I am always a little bit suspicious of her—like a fellow who doesn't talk much, but usually delivers.

She's got anything in this town beat. So far I have yet to meet her equal in "pep." She's got everything from get-away to a twister on a hill.

Then when you come right down to look at her, you will have to admit she's got blue eyes. She's beautiful.

The big-town people have all fallen for her this year. I got a letter from the factory the other day telling me they had shipped 18,000 since December 1.

And there are thousand of orders unfilled. Take a friendly tip and get your order on file now. I don't want to see you disappointed by delayed delivery right in the best part of the driving season.

You folks who have driven a lot will see the difference in a jiffy. Come on down and try her out. She's there.

When we go on an extended visit we take it with us." Obtainable everywhere.

Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful and if it doesn't straighten you

right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

STACY HAPPENINGS

Social and Community Happenings of the Week.

Stacy, Texas, May 30.
Editor Brady Standard:

Miss Winnie Blackburn of Eden is visiting friends at Stacy this week.

Mr. W. A. Brown and son Joe Neal were in Coleman this week on business.

Mr. C. Davis and family came in this week from Comanche and will make Stacy their future home.

Mr. and Mrs. Bob Long are rejoicing over the arrival of a pair of twins at their home, a girl and a boy.

Little Veda Betsill was bitten by a rattle snake Thursday. The snake was a small one and with the quick aid of a physician, the quick aid of a physician, the wound is not a serious one.

Quite a number of Stacy citizens are hauling lumber from McVyn this week for the gin.

Mr. and Mrs. Filmore Fuller of Brady were guests of Mr. and Mrs. W. D. Trott a few days the past week.

Mrs. Lester Cox was hostess to the Embroidery Club Wednesday afternoon. A most enjoyable time was spent, an ice course being served at the close of the evening. Miss Alice Dickinson will entertain the next meeting.

Mr. and Mrs. M. Hammons entertained the young folks with a dance Friday night. A most splendid time was reported and a good crowd as present.

Mrs. J. M. Burrow entertained Thursday evening with a musical. Those in attendance report a pleasant evening.

Mr. and Mrs. Millard Fuller of Brady were visiting relatives at Stacy this week.

Well, as news is scarce, will ring off for this time.

BROWN EYES.

DOES SLOAN'S LINIMENT HELP RHEUMATISM?

Ask the man who uses it, he knows. "To think I suffered all these years when one 25 cent bottle of Sloan's Liniment cured me," writes one grateful user. If you have Rheumatism or suffer from Neuralgia, Backache, Soreness and Stiffness, don't put off getting a bottle of Sloan's. It will give you such welcome relief. It warms and soothes the sore, stiff, painful places and you feel so much better. Buy it at any Drug Store, only 25 cents.

McCormick & Deering Twine has stood the test for many years, in fact, it was here before most of us, it is better today than ever. We do not ask any more for McCormick & Deering than others ask for twine that you never heard of before, all that you have got for it being good is their word. Their intention of course is all right, and if they had manufactured the twine themselves, of course they would have made it good, but in McCormick or Deering Twine, you have no one's word to take for it being good twine, for every child knows the quality of McCormick & Deering. FIFE FINDINGS.

Oat Harvest in Full Blast This Week.

Fife, Texas, May 31.
Editor Brady Standard:

Most of our farmers are busy cutting oats this week. They will make from 20 to 35 bushels per acre.

F. M. Newman and W. H. Melvin were visitors here from Brady Monday.

H. D. Bradley, was at Brady Tuesday on business.

Rev. J. W. Shirley of Lohn filled his regular appointment here Sunday.

D. Doole, Sr. and son, H. M., of Mason are visiting with their daughter and sister, Mrs. A. M. Finlay this week.

Prof. J. O. Beck was a pleasant visitor here from Brady Monday.

M. E. Bailey was down from Waldrip Saturday swapping yarns with the boys.

R. K. Finlay and daughter Miss Maggie, were at Brady Saturday.

Most of our people are expecting to attend the singing at Waldrip next Sunday.

H. D. Martin returned from Mason Wednesday where he purchased a bunch of cattle.

J. A. Stowe, one of our progressive farmers and candidate for Justice of Peace was at Lohn this week on business.

A ball team was organized here last Saturday and in a game with the "Chileros" were victorious to the tune of 23 to 1.

The team is composed of the following: Chas. Wright, catcher; H. Baldrige, pitcher; Jas. Finlay, first base; W. A. Miller, second base; D. Finlay, third base; B. Baldrige, short stop; A. Kennedy, left field; H. Kennedy, center field; L. Millsap, right field; Chas. Mitchell and W. Finlay, substitutes. The boys have issued a challenge to the Lohn team for next Saturday, and we hope to get the ball rolling soon.

Hello, Rock Island, we thought you were asleep, but we hereby invite you up to help us enjoy a feast of the new improved algerita berries with prickly pear apples that we are enjoying up here in our country. After dinner we will take a ride on the new macademized boulevards of the city, and you will sell out down there and move back here and open up a canning factory at Fife that we may ship our products cheaper.

"Fair-List" Factors

YOU can pay 10% to 50% MORE than Goodrich Fair-List prices, for other Fabric Tires of no better quality, without averaging 1% MORE actual Mileage out of them!

You can accidentally Puncture, or accidentally Ruin, —the highest-priced Fabric Tire that ever was filled into Extravagance,—in the FIRST WEEK you use it!

And,—you would have no more recourse (with such Extravagant Tires), than you have on these Fair-Listed Goodrich "Barefoot" Tires, which cost you one-tenth to one-tenth LESS, for self-same Service, plus more Resilience,—more Cling, Spring, and true Pneumatic quality.

Now,—consider that Message,—for Thrift. Then note following prices:—

Goodrich "Fair-List" Prices

BLACK "BAREFOOT" SAFETY-TREADS

ABILITY

That's the one word that fully describes the 3400 r. p. m. Chalmers

A man came in to my place the other day and said:
"What! a 3400 r. p. m. Chalmers at \$1090. I never knew Chalmers built a car under \$2,000."
So many ask the same question. We never feature price in big type. We don't sell price. We sell a car first; then tell how much it costs afterwards.
I suppose we lose some sales that way. But, of course, we have a car of such decided quality, of such extraordinary ability, of such terrific power from an engine that you wonder where it all comes from—well, we just don't know how to talk price when so many other things bob up in our minds.
Now take power. Here it is rated at 25.3 H. P. when you buy your license. You get her out in mud, or sand, or on a hill—and bing, you can just double that figure.
You have got just about 100 per cent more power than we give her credit for.
Of course, lots of cars have great big power. But with most of them you've got to pay the piper every time you use it. Those big power cars have great big engines mostly, and great big engines have a terrific appetite for gas. You know, I don't need to tell you.
This 3400 r. p. m. Chalmers has an engine in her that's got the kick.
You step on the accelerator button, and zip! You never saw such spunk.
And not only power, but she gets away like a scared horse. I have to watch my foot when it is on the little button. First thing I know I am going too fast.
That's what the boys back at the Chalmers plant call "acceleration." I call it "pep."
That's my language.

I used to sell a lot of cars in days gone by in simply stating the price.
Now it is all different.
People are buying cars more intelligently. They want what they call ability. There are too many cars that look alike and have the same price tag on them. The only thing that separates them is ability. There's all the difference in the wide world between cars when you look at them this way.
One car is sluggish like a ploughing horse. Another has got a light foot and gets under way without taking a quarter mile to get into high.
Why, with this 3400 r. p. m. Chalmers I forget once in a while and actually start her on high.
There aren't many cars that ever do that.
Then she runs so everlastingly quiet I am always a little bit suspicious of her—like a fellow who doesn't talk much, but usually delivers.
She's got anything in this town beat. So far I have yet to meet her equal in "pep." She's got everything from get-away to a twister on a hill.
Then when you come right down to look at her, you will have to admit she's got blue eyes. She's beautiful.
The big-town people have all fallen for her this year. I got a letter from the factory the other day telling me they had shipped 18,000 since December 1.
And there are thousand of orders unfilled.
Take a friendly tip and get your order on file now. I don't want to see you disappointed by delayed delivery right in the best part of the driving season.
You folks who have driven a lot will see the difference in a jiffy. Come on down and try her out. She's there.

BRADY, TEXAS, JUNE 2, 1916

WE DON'T WANT THEM.

We don't want any loafers in
this town.

We don't want any knockers.
We don't want any liars.
We don't want any gossip.
We don't want any cheats or
swindlers.

We don't want any thieves or
rogues.

We don't want any lawless
rowdies.

We don't want any drunk or
sports.

We don't want any undesirable
people.

We do want honest, decent,
respectable, law abiding men and
women—that's all.—Exchange.

Sure, we don't want them, but
there is a world of truth in the
old saying that "it isn't what we
want that does us good; it's what
we get," and we have the loafer,
the knocker, the liar, the gossip,
the thief, etc., and will continue
to have them so long as this good
old world shall last. Despite all
effort on the part of good citi-
zens, these objectionable ones
will continue to be with us.

But after all, these undesirables
serve a purpose in the world.
Were we all of the same temper-
ament, all humanly perfect in
every respect, we would doubt-
less become lethargic, and in-
stead of having to put forth our
best efforts in overcoming the
obstacles placed in our paths by
these objectionable ones, would
cease to progress. And when a
people ceases to progress that
will mean stagnation and decay
for them.

When, to overcome some ob-
stacle in accomplishing a desir-
ed end, you succeed, you are a
stronger and better man or wo-
man than before you encounter-
ed and overcame that obstacle.
Overcoming difficulties makes
us bigger and better men and
women—makes us grow and ex-
pand—and without them we
would lose our force of charac-
ter and all the other admirable
traits with which He who creat-
ed us in His own image endowed
us.

Yes, the thief, the liar, the
knocker and all these are ob-
jectionable all right, but they
are with us and will continue to
be with us while time shall last.
It's up to the rest of us to do
all in our power to overcome and
nullify their work, and in so do-
ing we will be made the stronger.

To the Public.

WHY YOU ARE NERVOUS

The nervous system is the alarm system
of the human body.

In perfect health we hardly realize that
we have a network of nerves, but when
health is ebbing, when strength is declin-
ing, the same nervous system gives the
alarm in headaches, tiredness, dreamful
sleep, irritability and unless corrected,
leads straight to a breakdown.

To correct nervousness, Scott's Emul-
sion is exactly what you should take; its
rich nutrient gets into the blood and
rich blood feeds the tiny nerve-cells while
the whole system responds to its refresh-
ing tonic force. It is free from alcohol.

GREAT AIR CRAFT ALTITUDE

Italian Balloon Goes 104,082 Feet, or
Eighteen Miles, Above Actual
Ground Level.

According to the geographical in-
stitute at Pavia, Italy, the highest alti-
tude so far reached by any balloon
was 105,090 feet, or slightly over 18
miles above sea level; and 104,082
feet above actual ground, says the St.
Louis Post-Dispatch. The balloon was
of rubber and was filled with hydro-
gen gas.

The actual distance traversed meas-
ured 116,064 feet. At a height of 59,
196 feet the temperature fell to minus
43 degrees and maintained that figure
all the balance of the way up with
only slight variation.

The aviator Giacomo Piccolo, was
compelled to utilize his oxygen in-
halator after he reached the height of
two miles, and reached ground in a
collapsed condition nevertheless.

Prof. Pericles Gamba, in the An-
nali di Ufficio, states that the benefits
to science from that ascent were in-
calculable, as it proved mainly two
things: That the assumption of a 15-
mile atmosphere above the ground is
erroneous, and that the theory of
ether outside of that limit is not ad-
missible, "if it does not altogether do
away with the ether theory at any
height." The word "ether" has been
formed to express the medium for
light beyond the assumed atmosphere.
This ascent establishes beyond per-
adventure that the medium is uniform
after the height of about 50,000 feet
was reached. "If the atmospheric
consistency remains the same 55,000
feet after that altitude, the assump-
tion that it will remain the same fur-
ther up reaches the dignity of a pre-
sumption."

The Annali suggests that the data
furnished by this ascent must, impera-
tively, be substantiated by further
ascents before definite conclusions
should be drawn from this one alone.

OBJECTS TO PUBLIC DINNERS

Writer Unable to See Any Good Pur-
pose Served by Custom That Has
Become General.

Why do men give dinners to other
men? And why do still other men en-
courage those dinners by their pres-
ence?

"You cannot be sure of any man's
success until he dies," is an old say-
ing. If it is necessary, therefore, to
give a man a dinner in order to ce-
lebrate something that he is supposed
to have done why not issue invitations
on the morning after his funeral? The
man himself, if he be a decent man,
would undoubtedly prefer to be a guest
at any dinner under these circum-
stances—when he cannot hear what is
said about him.

You cannot get acquainted with any-
one at a public dinner even if you
should desire to do so. The purpose at
every public dinner is to avoid any-
thing sensible and to clog the system
with nicotine, alcohol and indigestible
food, not to mention bromides.
The American people are dinner
mad. In view of their obsession, their
passion for giving dinners, why not
reverse the process and give one to
every man who makes a failure? This
would increase the number of dinners
and would add materially to the gen-
eral foolishness.—Exchange.

His Weight.
A certain retired tradesman admits
that he is "a very poor judge of a
good horse," while the local blacksmith
claims to be "a good judge of a bad
one." And in this connection an amus-
ing story is being told at the expense
of the former.

He had bought a very old horse very
cheap, and took the animal down to
the blacksmith to be shod.

"How many shoes am I to put on?"
asked the blacksmith, critically sur-
veying the antiquated steed.

"Oh, four," said the owner; adding,
doubtfully, "if he's worth 'em."

The blacksmith put two shoes on
and then stopped.

"Mind you," he explained to the
proud owner of the equine wreck,
"I'm not saying as your 'oss isn't
worth another couple o' shoes, but I'm
quite certain as he's got as many as
he can carry away."

Chinese a Peaceful Race.

The prevailing spirit of China is a
peaceful spirit. Though having con-
quered in many wars, China does not
look upon itself as a warring nation.
Its pride is in its scholars and its
sages. It has always put the scholar
first in the social scale as the mold-
er of the ideals of the people; the farmer
second in a social scale as the pre-
server of the necessities of the physi-
cal life; the soldier lowest in the so-
cial scale because, as the Chinese say,
he is a taker of life. The Chinese say
it is idiotic to kill a man because you
have a difference of opinion with him,
for to kill him settles nothing. The
genius of the Chinese race is for peace.
In a quarrel they get together through
a middleman, a peacemaker. Each con-
cedes something, and an agreement is
arrived at.

Calls Not Professional.

"How much does that stylish doctor
of yours charge?"

"Two dollars a visit."

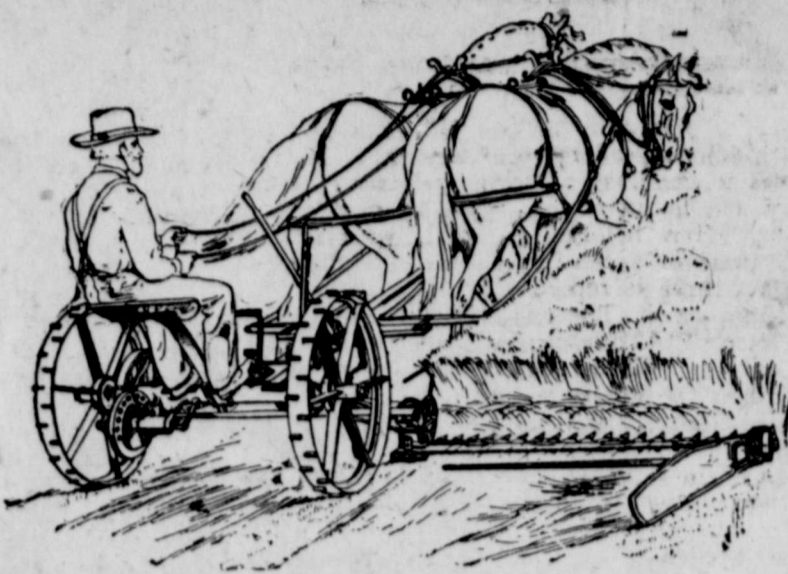

"Gee! How often has he called at
your house this month?"

"Twenty times."

"Gosh! You owe him forty dollars
then."

"No; only two dollars. He's made
the other nineteen calls trying to col-
lect it."

The World's Standard. All Sizes—Every Equipment
The lightest draft DISK PLOW on the market!
Give your team a chance—insist on the SANDERS!

SANDERS Horse Disk Plows are built in five
sizes. Anything from one to five disks. Built
with either 20, 24, 26 or 28 inch disk blades. Can
be set to cut 6, 8 or 10 inch furrows per disk.
Will plow from 5 to 9 inches deep, depending
on size of disk blade used. Can be quickly
changed from 2 to 3 disk when desired.
SANDERS Plows have chilled disk bearings.
The only really successful bearing for any
disk plow. Large one-inch bolts used through-
out. Others use 3/4 inch and think them strong
enough.

SANDERS DISK Frames are one piece solid
steel. They are extra strong and heavy. All
levers are equipped with large lift springs—an
exclusive feature not found on other disk plows.
SANDERS Disk Plows are regularly carried in
stock by Hardware and Implement dealers. They
cost you no more than the old fashioned un-
improved kind. Ask for the SANDERS and

Inter Se Club.
Misses Flora and Ruth Schaege were charming hostesses to the Inter Se Club members and invited guests last Friday afternoon, the ever-popular game of "42" being enjoyed at three tables. Mrs. Sam McCollum won high score, while Miss Minna Elliot received consolation.

After the series of games the hostesses served refreshments of delicious sherbet and cake to the following guests: Mesdames Sam McCollum, J. B. Granville, W. E. Lyle, Claud Baker; Misses Minna Elliot, Mamye Spiller, Ruth Wood, Ruth Campbell, Margaret Todd, Margaret McGhee, Carrie Sessions, Lessie Samuel.

The club meets this afternoon with Miss Carrie Sessions.

Merry Maids and Matrons.
Mrs. V. L. Sessions was hostess to the Merry Maids and Matrons club Wednesday afternoon, and a most enjoyable occasion was reported. Club members present were Mesdames W. E. Lyle, George Davis, W. J. Dawson; Misses Ona Searly, Trix Gay, Minna Elliot, Carrie Sessions, Mesdames M. P. Wegner, Tom Elliot, Claud Baker and Miss Jewel Westbrook were invited guests of the club.

At the close of an interesting series of games, the hostess served delicious ice cream and cake. The club meets next Wednesday afternoon with Mrs. W. J. Dawson.

North Side Bible Class No. 2.
A newly organized Bible Study class, to be known as North Side Bible Class No. 2, met yesterday afternoon at 3:30 with Mrs. W. W. Jones. In addition to study of the weekly Sunday school lessons, the class will give special attention to a systematic

study of the Bible, under the leadership of Mrs. O. S. McIver. The meeting yesterday afternoon was a most interesting and helpful one, and a good attendance of the members of the class is reported.

The class will meet next Thursday afternoon with Miss Pearl Conner, the lesson assigned being from the 18th to the 23rd chapters, inclusive, of the Book of Genesis. The Sunday school lesson for Sunday, June 11th, will also be gone over for careful study.

All members are urged to attend, and a cordial invitation is extended to all who are interested in a systematic study of the Bible to become members of the class.

South Side Bible Class.
The South Side Bible class will meet next Wednesday afternoon at 4:00 o'clock with Mrs. D. W. Rowlett. The lesson assigned is the 49th to 59th questions on the Book of Genesis. All class members are urged to be present, and a cordial invitation is extended to visitors.

North Side Bible Class.
(Contributed)
The North Side Bible Class met last Friday afternoon with Mrs. A. W. Tipton in a very helpful and interesting lesson. There were twenty ladies present, including Mrs. J. H. White of the South Side Class and Miss Kate Knoy of East Sweden, with Mrs. R. V. Stearns as honor guest. Just at the close of the lesson, we were made to feel that Brady had inaugurated a free delivery system. This part of the program was carried out by little Countess and Chalmers Callan and amid the jingling of bells, such a lot of cards, letters, etc., as they did have for us, and

much merriment was caused by the reading of same. Several of the members proved themselves to be quite poetical.

Light refreshments were served by the hostess, and all departed declaring the evening well spent.

The class will meet this afternoon with Mrs. N. G. Lyle. The lesson assigned in connection with the Sunday school lesson, is from the 8th to 18th chapters of 1st Kings, inclusive. All members are urged to be present, and visitors are extended a cordial invitation.

U. D. C. Program.
The local chapter U. D. C. will meet Saturday afternoon with Mrs. Wm. C. Jones, at which time the following program will be rendered:

Subject: "Our Presidents."
Roll Call—Name a United States President.

Reading—"Brief Sketch of the Life of George Washington," Mrs. Julia Wigginton.

Reading—"Life of Thomas Jefferson," Mrs. Oscar Galloway.
"Name the Ninth President and Give a Brief Sketch of His Life," Mrs. S. W. Espy.

Song—"Bonnie Blue Flag."
Social hour.
All members of the chapter are urged to be present.

Honoring Bride-Elect.
Mrs. J. R. Stone entertained with a "500 Tea," on last Friday afternoon at 3:30 o'clock, complimentary to Miss Harriet Cook.

The Stone home was very attractive throughout with wild flowers and ferns, and in different rooms huge baskets and vases were filled. As the guests entered they were met by the hostess, Mrs. Walter Russell of Menard and the honoree, and as they passed into the living room they were handed dainty score cards appropriate for the occasion by Miss Esta Anderson.

Musical numbers were given by Mrs. J. S. Anderson, Miss Mary Brook, and Mrs. Russell of Menard. This added very much to the delights of the ladies. In the dining room, Mesdames Sam Moffatt and Bailey Jones served iced tea, pimento, bread and butter sandwiches and mints. Mrs. J. G. McCall received for high

score a beautiful hand embroidered collar, and the honoree was presented an elaborate negligee.

Guests of Mrs. Stone included the following: Mesdames J. S. Anderson, W. E. Campbell, C. D. Allen, W. L. Hughes, J. G. McCall, A. F. Rose, G. C. Kirk, G. R. White, W. D. Crothers, H. B. Ogden, S. W. Moffatt, S. A. Benham, Bailey Jones, F. W. Henderson, Walter Russell of Menard; Misses Sarah Johanson, Mary Brook, Esther Anderson and the honoree.

Wood-Cook Nuptials.
One of the prettiest weddings of the year was that of last evening at the Episcopal church of this city when Miss Harriett Cook and Mr. Herbert Wood were united in marriage.

The altar was very beautiful, with ferns, palms and evergreens, and along the chancel rail, huge Spanish daggers gave a beautiful setting. Tall vases filled with white daisies were placed among the ferns, and a huge basket of these also upon the organ, carrying out the color motif of green and white.

At each aisle, wall pockets filled with white daisies and tied with white ribbon, were hung. Miss Mary Brook presided at the organ and rendered "To A Wild Rose," and promptly at 8:30 o'clock softly began Lohengrin's Wedding March, as the bride entered on the arm of her father. The groom entered from the side entrance and awaited the bride at the altar. Here Rev. Power, pastor of the Episcopal church of this city said the impressive ring ceremony that united this popular couple for life.

The bride's dress was fashioned of rich, heavy silk, made round length, trimmed with pleatings of chiffon and real lace. Her veil hung to the hem of her dress and fell in folds around the face. She carried a shower bouquet of roses.

The bride is the only daughter of Mr. H. N. Cook of this city, and is one of the most popular and accomplished young ladies of the city, a member of the exclusive clubs and a universal favorite.

The groom is a prominent young business man and a member of one of the oldest and most prominent families of the city.

Mr. and Mrs. Wood left immediately after the ceremony for an extended camp on the San Saba river and after their return will make their home here.

Celebrates Birthday.
Little Miss Ruby Coalson entertained a number of her young friends on last Thursday afternoon at the home of her parents, Mr. and Mrs. Jas. Coalson, on North Bridge street, in commemoration of her tenth birthday.

Various games were enjoyed on the lawn, after which the little guests were invited into the dining room, where, in the center of the dining table, reposed a beautiful birthday cake, with ten dainty candles shedding their soft glow over the entrancing scene. Here the guests were served delicious ice cream and cake, after which all departed, wishing their charming little hostess many more such happy occasions.

Those enjoying little Miss Coalson's hospitality were as follows: Gertrude Trigg, Mary Campbell, Lavada Wood, Gertrude George, Maurine Wolf, Mary Josephine Adkins, Doris Swyter, Mildred Yantis, Countess Callan, Ardelia Martin, Mary Lyle Vincent.

Hughes-Campbell.
At the home of the bride's parents, Mr. and Mrs. F. M. Campbell, at 7:00 o'clock Wednesday afternoon Mr. Reuben G. Hughes and Miss Annie B. Campbell were united in marriage, County Judge John E. Brown performing the ceremony in the presence of members of the immediate family and a few close friends.

The groom is a popular and well known railroad man, at present being in the employ of the Santa Fe with headquarters at Temple, and is a young man of many admirable traits of character. His bride was born and reared in Brady, and has a host of admiring friends here, all of whom join in wishing a long and prosperous life of unalloyed happiness for the happy young couple.

Mr. and Mrs. Hughes left on the north bound Frisco Wednesday night for Fort Worth and Dallas, where they will spend

This Brady citizen testified long ago.

Told of quick relief—of undoubted benefit.

The facts are now confirmed.

Such testimony is complete and evidence conclusive.

It forms convincing proof of merit.

Mrs. B. P. Brown, Brady, says:

"My back ached a great deal, especially when I was on my feet or after any exertion. The kidney secretions caused me annoyance. Two boxes of Doan's Kidney Pills, procured at Central Drug Store, soon cured me of these troubles." (Statement given October 23, 1911.)

On April 29, 1915, Mrs. Brown said:

"I haven't had any return of kidney complaint since using Doan's Kidney Pills. I still recommend this medicine very highly."

BUYS CONNOLLY STOCK.

Borschow Salvage Co. Purchases Dry Goods and Grocery Stock.

A deal was closed yesterday afternoon whereby the Borschow Salvage Co. purchased the entire dry goods and grocery stock of the local store of Wm. Connolly & Co., the new owners taking charge of the business immediately.

Max Borschow announces that he will move his stock of goods in Fort Worth to Brady and consolidate it with his newest purchase, thereby giving his firm one of the largest stocks in this section of the State.

The Connolly & Co. firm has been in business here for the past seven years and has built up an immense trade throughout this territory, and it was only after the decision of Local Manager John H. Hill to devote his time and attention to ranching that the firm decided to dispose of its local store. W. B. McKenzie, who has been with the local branch since its establishment in the capacity of bookkeeper and assistant manager, has not decided upon his future course, but will quite likely remain here for some time looking after the closing up of the firm's business, and may decide to remain here permanently. Mr. Hill will continue to make his home in Brady, dividing his time between the ranch south of the city and looking after the sale of Ford cars.

WHY PAY \$300 MORE?

When you look over the other Sixes on the market and find

—that to equal this Studebaker SIX in power and size, you must pay nearly a third more;

—that no other SIX within hundreds of dollars of its price gives such power and flexibility;

—that no other 7 passenger SIX at its price gives the 122-inch wheelbase that insures the comfort and riding-ease this Studebaker SIX is famous for;

—that no other car on the market, irrespective of price, gives more basic quality of materials, more excellence in design, more perfection of finish;

Why pay \$300 more for a Six that gives no more? We invite every man who is going to buy a car to come in and see the new Studebaker—and we'll pass it through for any tests for performance, comfort or quality that you may think of.

THE FARM AND SMALL TOWN FURNISH BEST MATERIAL FOR BIG LEAGUE TIMBER.

Looking over the roster of the big league ball teams you will find names after name of men who only recently were boys on the farm or in the village or small town. On the other hand, surprisingly few hall from the big cities. And yet, this is not so surprising after all. Even laying aside our knowledge of the big part that the so-called country boy has always played in the great affairs of business and the nation, the country is the place to lay the foundation necessary for athletes.

The photographs shown are familiar to all lovers of the great National game. In addition to their being representatives of their type in the baseball world, all of these stalwart athletes are great endorsers of that beverage you know and like so well—Coca-Cola.

Short Histories of the Players.
JONES, Fielder Allison, Manager of St. Louis Browns. Born August 13, 1871, at Shingle House, Pa. Last season he came within one-half game of winning Federal League pennant, finishing nearer the top than any team in major leagues since the Browns in 1889.

He says "Coca-Cola is his favorite beverage."

ALEXANDER, Grover Cleveland, Pitcher Philadelphia Nationals. Born in St. Paul, Nebraska, February 26, 1887, and lives on a farm there now.

Alexander is one of the greatest pitchers in the game today, being practically responsible for the Philadelphia National League team winning the pennant last year. Drafted by Philadelphia in Aug-

ust, 1916, with whom he has since played. He warmly endorses Coca-Cola as a drink for athletes.

DOYLE, Lawrence, Captain New York National League Club. Born at Caseyville, Ill., July 31, 1886. Second baseman. He has played with the New York Nationals since 1907, and was appointed Captain in 1912, which position he has since held with them. Leading hitter of the National League for the season of 1915. Like all the best of them he is a staunch believer in Coca-Cola.

There is, by the way, a wonderful similarity between the origin of these ball players and that of the beverage which they endorse. Coca-Cola might be called an agricultural drink, both from the materials it is made of and because of its great popularity in the country as well as in the city. For Coca-Cola, if ever there was a natural, wholesome beverage, is such—it itself is a gift from Nature. Made from Nature's pure water, flavored with the juices of fine fruits and things that grow and sweetened with Nature's purest, finest sugar—and please particularly remember this last—Coca-Cola contains no artificial sweetening matter but just the best of pure cane sugar. It is this fine combination that gives Coca-Cola its deliciousness of flavor, its distinctively refreshing and thirst-quenching qualities and great wholesomeness. That's why ball players, athletes, fans—all classes and kinds of men and women drink and endorse Coca-Cola. Drink a glass or a bottle and you will be just as enthusiastic about it.

Bowel Complaints in India.
 In a lecture at one of the Des Moines, Iowa, churches a missionary from India told of going into the interior of India, where he was taken sick, that he had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with him and believed that it saved his life. This remedy is used successfully in India both as a preventive and cure for cholera. You may know from this that it can be depended upon for the milder forms of bowel complaint that occur in this country. Obtainable everywhere.

HOW MANY MILES ARE THERE IN A GALLON OF GASOLINE?

That Depends on the Type of Motor In Your Car

When you buy a Buick Valve-in-Head Motor Car, you not only get the last word in comfort, style and speed **but we guarantee that you get an Automobile which will give you the highest gasoline mileage.**

It is an admitted fact that the Valve-in-Head motor does give 15 per cent more power than any other type of gasoline motor, which means 15 per cent more mileage per gallon of gasoline.

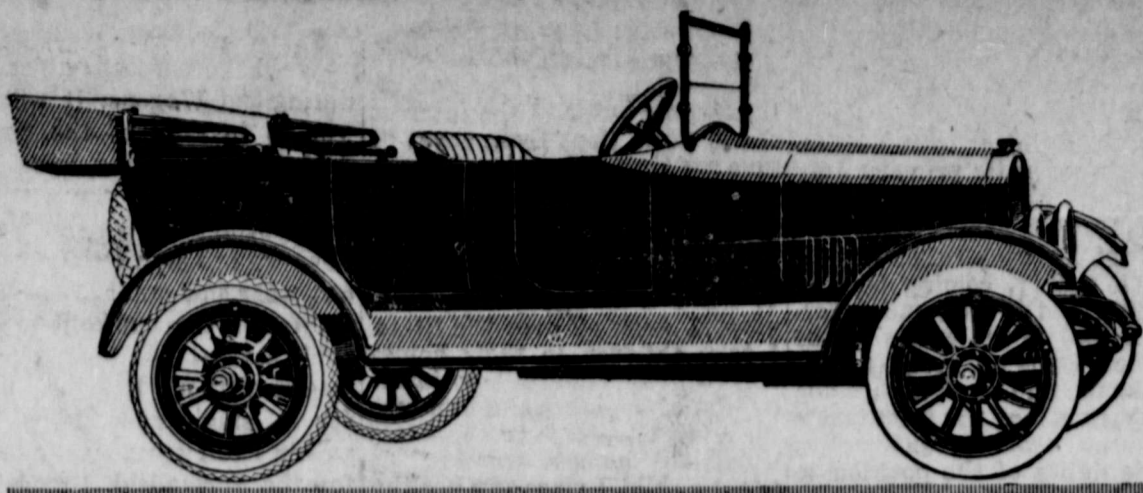

This is not a theory but a fixed engineering principle resulting from the perfecting of the Buick Valve-in-Head motor.

Thousands of users of Buick Valve-in-Head Six Cylinder Cars give evidence daily that they are getting 20 or more miles per gallon of gasoline consumed while touring with full passenger load, and many users report over 25 miles per gallon. A large per cent of the six cylinder cars only give 10 or 12 miles to the gallon. Remember—cost of operation is a part of the cost of your car.

With the price of gasoline going up, the economy of the Buick Valve-in-Head Car should make it your preference.

Sterling Value Fortifies Its Beauty

"Looks" alone never sold a good motor car. While the Dort could hardly be improved for beauty, nor for a personality, a Fifth Avenue elegance, that make it welcome on exclusive thoroughfares anywhere—the man who wants service is the man for whom it was originally built. Its cylinders are cooled independently; it is the only car in its price-class carrying the Westinghouse electric system; clutch and brake are combined in a single foot-pedal. The Dort crankshaft and rear axle are extra-heavy; fenders and bonnet are squeak-proof; and in equipment it is complete to the last detail.

Value like this makes the Dort price of \$665 one of the most reasonable reasons in the world for owning it.

The Dort name-mark on the radiator of your car is its stamp of worth—the symbol of motor car goodness. It signifies the responsibility of its manufacturers, the continued service it will render to you, and the abiding value of the mechanical parts which compose it. It is the visible pledge of the maker for the satisfaction which his product will give its users!

Wonderful Prosperity in Texas.

The people of Texas have never seen such wonderful prosperity as they are enjoying at present.

Farmers have a ready sale at high prices for everything they can grow. Stockmen can not supply the increasing demand for all kinds of live stock.

In addition to this, Texas has been blessed with fine weather and plenty of rain. For several years we have enjoyed most favorable seasons for farms and grass lands.

This is the time to improve the comforts of your home, enlarge your barn, arrange for permanent and convenient water about your premises.

As the amount of land never changes and the population increases rapidly, land will never be any cheaper. This is the time to buy a tract adjoining you so as to give you more land to cultivate, or more grass and water so you can grow more live stock.

If you have land to offer as security you can get money on easy terms and at low interest from Brown Bros., Austin, Texas.

Applications for loans may be made through S. W. Hughes & Co. of Brady. Abstracts of title to your land may be submitted to Brown Bros. along with your application for loan, which will insure prompt service.

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With Theford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whittaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Theford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they take me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught."

Theford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Black-Draught only 25c. Get a package to-day. M. C. 22

Dr. Hicks Martin was in the

city Wednesday enroute from his home at Potosi to his former home at Katemcy, and while here paid The Standard office an appreciated visit. His visit was appreciated—not alone for the dollar that he left in the exchequer—but for the atmosphere of happiness and good cheer which he always brings with him. In fact, we have never met the doctor when he did not seem happy and cheerful and seems to have the happy faculty of being able to impart the same feeling to all with whom he comes in contact. Although past 60 years of age, he is as active as the average man of half his age, and says he expects to be a 100 and is going to make the last years of his life just as happy as all the others have been. In this desire The Standard editor, as well as his many friends, joins him.

 Capt. J. T. Lynn, manager of The Lynn Orphan Work, with headquarters at Dallas, was in Brady this week in the interest of his work. Capt Lynn says: "I give my time to locating dependent, homeless children and placing them in private Christian homes; my work is non-sectarian and without a charge. I am never to make a charge for my services. I work all over the State. I take children to their homes and will appreciate any information of homeless children who can be adopted, or childless Christian homes wanting to adopt a child. I place any healthy child, regardless of its unfortunate parentage. Having had many years experience in rescue work, I will be glad to advise and help the friends of any unfortunate girl to get properly located and cared for.
