## FERGUSON MAINTAINS LEAD

### But Slight Change in Official Roster of Court House---Coorpender Succeeds Rainbolt as Treasurer. Woodward Elected.

James E. Ferguson was Saturday re-elected Governor of Texas, his majority being estimated at from 50,000 to 65,000.

The submission vote is running almost neck and neck, with For Submission maintaining a slight lead.

Colquitt and Culberson will apparently be the candidates in the run-off primary for U. S. senator, although Brooks is a close third.

Garrett and McLemore lead for Congressmen-at-Large.

The voters expressed themselves as being opposed to any change in the Robertson insurance law, the majority for the law as it now is being something more than 30,000.

The re-election of James L. Slayden as Representative of the 14th district is conceded. Judge Adkins carried McCulloch county by 549 majority, and also had a majority in Lampasas and Mills counties, while Coleman county has not been heard from. The Brown county vote stood Slayden 1537, Adkins 972.

Judge Woodward was elected district judge over Judge Goodwin by a large majority, estimated at between 1700 and 2000 votes. Woodward's majority in Coleman, his home county, was 1586 votes; in McCulloch, 473; while in Runnels and Concho counties the vote was approximately even. The Brown county vote stood Goodwin, 1351; Woodward, 1264.

The race for state senator between Scott Woodward and R. P. Conner is still in doubt, although Brown county gave Conner a majority of 800.

The closest race in McCulloch county was that of county treasurer, the three candidates seeing-sawing back and forth Saturday night as the election returns came in, with June Coorpender leading in the end. The vote stood, Coorpender 502; Rainbolt, 470; Parks, 453. Mr. Coorpender has the distinction of being the only candidate who won his race over an opponent who was a present incumbent in office.

J. M. Carroll received the nomination for re-election as Commissioner in Precinct No. 3 over D. C. Middleton.

R. L. Burns received a good majority over J. E. Spiller for Commissioner in Precinct No. 2. The total vote cast in Brady was 512.

Tabulated returns of the election in McCulloch county are published elsewhere in this issue. While the returns are unofficial, they are approximately correct, and are incomplete only as pertains to uncontested races.

The latest reports on the state vote, being 210 of 253 counties, is as follows:

### ELECTION RETURNS.

#### Large Crowd Sees Vote Bulletin Saturday Night.

A large crowd saw the election returns bulletined Saturday night, and the closeness of one or two of the races held the crowd until about 2:00 o'clock in the morning, by which time practically complete returns were had from over the county.

To R. W. Lee is due credit for initiating and carrying out the plans for bulletining the returns, and local citizens aided Mr. Lee by contributing the funds neces-

sary to cover the expense of building the board, telephone messages and other incidentals.

The board was erected on the north side of the square, covering the entire front of the Central Drug store awning, and the various state and county offices and candidates were tabulated in letters easily read by the crowd that gathered in the square. Messrs. Lee and McKenzie placed the returns on the board as rapidly as received, totaling the results and thus enabling the voters to keep tab on the various races.

### FRITZTOWN TAKES FIRST.

#### Sunday's Score 9 to 1—Comanche Coming Wednesday.

The Brady ball team is trying out Fredericksburg for another series of three games this week, and the local fans are eagerly awaiting results. Sunday's game resulted 9 to 1 in favor of Fredericksburg, Wiggington being in the box for Brady, and Lee holding down the slab for Fredericksburg. On account of the telephone wires being down, the result of yesterday's game has not been learned. Fredericksburg has one of the fastest ball teams in this section, and Brady has been putting up an article of ball that classes among the very best, hence the series is being watched with interest.

A series of three games has been scheduled with Comanche for Wednesday, Thursday and Friday of this week, instead of with Junction as first announced. The games will be played at the local cotton yard park, and all boosters and fans are urged to be present and lend their financial and moral support to the local team.

Later—A wire from Chas. Yeager this morning stated that Monday's game went to Fredericksburg by a score of 5 to 4. That the game was hotly contested on both sides is evident from the fact that it ran thirteen innings before Fredericks-

Crop and Chattel Mortgages, and Texas Standard form legal blanks at The Brady Standard.

### RANK OF MAJOR.

#### Conferred Upon J. B. Joyce of This City.

J. B. (Berry) Joyce has just been advised that the rank of major has been conferred upon him at A. & M. college, and the news is a source of satisfaction, as well as pride, upon the part of the McCulloch county boys attending A. & M. Out of 90 ranks conferred this year, the one received by Mr. Joyce is sixth—one colonel, two lieutenant-colonels and four majors having been appointed.

The ranks conferred are entirely honorary, and are bestowed for merit. Mr. Joyce has made an enviable record during his attendance at A. & M. He was twice elected editor of the Battalion, once during his Sophomore year and again last year, as a Junior. In each instance he acquitted himself most creditably and won the approval of the faculty.

The local boys forming the McCulloch county club at A. & M., had hoped to have first honor, that of appointment as colonel, bestowed upon Mr. Joyce, but are well content with the appointment received, especially in view of the fact that it is sixth of the 90 conferred.

**A WATERY SUBJECT.**

"—And departing, leave behind  
his footprints on the sands  
of Time."

Now who would have thought  
that Claude Callan, gone these  
several years, would leave footprints  
that are still discernible? Some folks  
will argue that they are merely ear-marks,  
and others will say it is just Claude  
Callan's cursedness—well, maybe

Roosevelt is a town located  
of so very far from Brady—and  
it is not so very large a town  
either. Be that as it may, the  
local merchant having acquired  
a share of this world's goods,  
sold his business and packing  
his Lares and Penates, looked  
about for new worlds to conquer.  
The lady from Brady, being  
a Brady booster, brought him  
to locate in Brady. It he would  
not, Forsooth, had not Claude  
Callan told him that water in  
Brady was so scarce that each  
and every inhabitant carried  
about with him under his arm  
his precious bottle of water? Yea,  
verily, he said.

Without doubt, in the days  
of Claude, Menard babies had  
their bottle. Perchance the old  
men had their bottle, too, stowed  
away in their pistol pocket.  
The ladies of Menard—who  
rows? Doubtless Claude, also,  
had water on his brain. But to  
impute that Brady citizens—  
with money plentiful and the  
press company still doing business  
between Menard and Brady—  
had water under their

G. H. Boynton is not only one  
of the most brilliant editors in  
Texas, but he is likewise one of  
the most popular and highly es-  
teemed. The special contained  
a splendid and well written his-  
tory of Hamilton county, as well  
as of the city of Hamilton, both  
illustrated in attractive man-  
ner; write-ups of citizens and  
business establishments and  
other matters of general inter-  
est. The candidates, local, dis-  
trict and state, also claimed a  
great amount of space in the  
special, presenting their pleas  
to the voters. Editor Boynton  
is deserving of congratulation  
and commendation for his enter-  
prise and for the success at-  
tained in the Campaign and In-

**CHUCKHOLE CLUB.**

A chuckhole club consists of  
four or five men or boys one of  
whom has an automobile. Each  
members provides himself with  
a pick, shovel or spade; they  
climb into the car, motor out,  
fill every hole, bad bridge ap-  
proach, and any other bad spot  
that does not require the work  
of a regular road gang. Each  
member agrees to fill at least  
one hole a month and to encour-  
age others to help improve the  
roads. Join a chuckhole club  
and be popular.—Holland News.

A good suggestion. Why not  
organize a chuckhole club in  
Llano, we believe it would be  
one of the most beneficial clubs  
yet organized and we might be-  
gin our work on the street  
fronting the south side of the  
public square. We are in, who's  
next?—Llano Searchlight.

A chuckhole club is in order  
in Brady and McCulloch county.  
Should one be organized in Brady,  
however, we fear it would be  
weeks and months before they  
ever progressed far from the  
square. Should they never get  
beyond the city limits, never-  
theless there would be cause  
for profound gratitude over the  
work accomplished.

**HOWDY STRANGER.**

The following happy sugges-  
tion is from the Houston Post:  
"Were you ever in a little  
town where the old men walked  
up to you with outstretched  
hand and said: 'Howdy, stran-  
ger. Glad to see you?' If you  
were ever in such a place you  
know just how good it made you  
feel. Somehow, the custom has  
fallen into disuse nowadays.  
And it is a pity that it has, for  
many a stranger would feel his  
heart quicken toward a city  
and a people if there were men  
to walk up to him and tell him  
they are glad to see him. Let us  
greet every stranger with a  
smile. Let's say, 'Howdy,  
stranger. We're glad you are  
here,' to every one of them."

Now that the heat of the cam-  
paign is over, let us hope that  
the heat wave is also broken,  
and that we are due for cooler  
weather.

With nothing more exciting  
in sight than the run-off of the  
U. S. Senator's race, and the  
general election in November,  
we can now turn full attention  
to the U. C. V. reunion. All  
hands to the pump handle, and  
let's do it up well.

dications are that the Honey

a yield of the former, and we've  
all learned too much to waste  
our time raising the latter.—

**Automatic Cotton Packer.**

Chas. Wilmann is interesting  
local capital in the formation of  
a company to manufacture and  
market an automatic cotton  
packer, upon which he holds let-  
ters patent. The packer was  
given a thorough tryout on sev-  
eral gins the past season and  
was found to be a great success.  
The machine is comparatively  
inexpensive, can be attached to  
any gin stand, and does the  
packing better and more rapid-  
ly than by the present hand  
method.

Mr. Wilmann desires to or-  
ganize the company with local  
capital and establish the man-  
ufacturing plant here in Brady.  
Attention of those who may be  
interested in the proposition is  
directed to Mr. Wilmann's ad in  
this issue, and if any informa-  
tion is desired, Mr. Wilmann will  
be glad to furnish same.

By Being Constantly Supplied With  
Theford's Black-Draught.

McDuff, Va.—"I suffered for several  
years," says Mrs. J. B. Whitaker, of  
this place, "with sick headache, and  
stomach trouble.

Ten years ago a friend told me to try  
Theford's Black-Draught, which I did,  
and I found it to be the best family medi-  
cine for young and old.

I keep Black-Draught on hand all the  
time now, and when my children feel a  
little bad, they ask me for a dose, and it  
does them more good than any medicine  
they ever tried.

We never have a long spell of sick-  
ness in our family, since we commenced  
using Black-Draught."

Theford's Black-Draught is purely  
vegetable, and has been found to regu-  
late weak stomachs, aid digestion, re-  
lieve indigestion, colic, wind, nausea,  
headache, sick stomach, and similar  
symptoms.

It has been in constant use for more  
than 70 years, and has benefited more  
than a million people.

**PERFECT  
PURITY**

**The Bigger the Chunk, the Slower it Melts**

Many people practice false economy in buying  
ice, thinking that the smallest sized chunk that will  
last a day is the best to buy. Nothing could be more  
incorrect. It is a scientific fact that a 50 lb. block  
will last more than twice as long as a 25 lb. block, be-  
sides keeping the ice chest several degrees cooler all  
the time and is cheaper.

It is far more economical to order all your refriger-  
ator will hold every other day than to have a small  
block every day, for by that way the box is kept con-  
tinually cold and no ice is wasted in cooling the box  
each time.

## PERSONAL MENTION.

Mr. and Mrs. Dave Camp went to Brownwood Sunday for a brief visit.

Dr. O. C. Jackson was among the business visitors here from Voca Monday.

W. H. Clack was here from Brownwood Sunday on a brief business visit.

M. L. Bailey and W. D. Walker are here today from the Waldrip community.

W. S. Lee was here from Mercury, bringing in the election returns from that box.

Will Bradley of Lohn and Tom Bradley of Fife were visitors here this morning.

Ryan Adkins was here Sunday and Monday from Lometa, spending a few days with relatives.

Mrs. Ruth Scott's daughter has arrived from Cameron and will make her home with her mother here.

Mrs. W. H. Nabers and daughter returned Sunday from a visit of a week or ten days with her parents at Goldthwaite.

Mr. and Mrs. M. L. Stallings have been spending several days here from Lometa visiting their daughter, Mrs. W. R. Davidson.

G. W. Woodress and son, Roy, have been spending the past few days here as guests of their daughter, Mrs. Lawrence Callahan.

Jas. Turman returned Friday night from Mason, and his many friends are pleased to know that he is making an excellent recovery from his injuries.

Mrs. Ike Rainbolt arrived last week from South Bend, Ind., for a visit of several weeks with her parents, Mr. and Mrs. C. C. Johnson, and friends here.

Miss Lena Vinson has returned from a two weeks' vacation spent with home folks in Brownwood, and is again greeting customers at C. H. Vincent's store.

Dr. Wm. C. Jones returned Sunday from a visit with his mother, Mrs. P. J. McNeill at Evant and relatives in Hamilton county. Mrs. Jones and children will continue their visit there for a week or two.

Mr. and Mrs. H. D. Moore visited here Friday from Wincheil. Mr. Moore had not been in Brady for thirty years and experienced great surprise at the substantial growth and improvement of the town.

Mrs. J. A. Bowers and sons were here from Hext in their car Sunday, guests of Mr. and Mrs. Henry Bowers. The latter accompanied Mrs. Bowers upon the return to the ranch and will spend the balance of the week there.

Mrs. G. L. Holland of Buckholts, Texas, is here for a visit of a couple of weeks with her father, W. B. Taylor, and sisters, the Misses Taylor, at the Merrow hotel. She will also visit relatives in Brownwood and Bangs before returning home.

Mrs. C. W. Scott and baby, C. W. Scott, Jr., left this morning for their home at Tahoka, Texas, after a visit with her daughter, Mrs. J. C. Bumgardner, the past month or two. Mrs. Bumgardner and son accompanied her for a visit of several weeks.

Rev. F. X. Gagnon returned Monday from Montreal, Canada, where he was called two months ago by a message announcing that his mother was at the point of death. He reports his mother greatly improved, and although 70 years old, she is fast regaining her health and strength. Father Gagnon re-

### "DEFENSE OR TRIBUTE."

Special Feature Picture Friday Night, July 28th.

"Defense or Tribute" is the title of a special spectacular picture to be shown next Friday night at the Brady opera house. The picture is one of the greatest films on "Preparedness" that has ever been produced, and takes second rank only to that other masterpiece, "The Battle Cry of Peace." It is a drama of anguish, hate, revenge, hope, love and chivalry told in vivid, thrilling language that sways the audience from laughter to tears and from despair to triumph. Every citizen should see this remarkable picture.

Mr. Levy is receiving many compliments upon his new pipe organ orchestra. It is an entirely unusual thing to find so wonderful an instrument in a town of the size of Brady. The full-toned notes of the pipe organ are the duplicate of those to be heard in the larger cities, while the piano orchestra is one of

### Jury Dismissed Monday—Will Case on Trial.

County court convened Monday afternoon at 1:30, but all cases were continued until next term of court and the jury was discharged. Judge Wilkerson of Brownwood is at present presiding over court, the will of the late Mrs. H. E. Taylor of Voca being contested before him.

Last week there was but one disposition made on the criminal docket, J. H. Robertson entering a plea of guilty on a charge of aggravated assault, and punishment having been assessed at 30 days in jail. All other cases were continued.

W. R. Pence, accompanied by his daughter, Miss Harriet, leaves this morning in his Reo for the coast, where they expect to spend the next month or more. They will attend the Epworth League convention at Corpus Christi; then will spend some time in Austin, San Antonio, San Marcos and other points, returning to the coast for another stay of several weeks. A month or more ago Mr. Pence made a trip to El Paso, and having settled the Mexican question there, he is now undertaking a similar mission along the coast. Mrs. Pence is at present visiting relatives in Stockton, Calif., and will spend some three or four months in the Golden State.

Mrs. J. A. Bowers and sons were here from Hext in their car Sunday, guests of Mr. and Mrs. Henry Bowers. The latter accompanied Mrs. Bowers upon the return to the ranch and will spend the balance of the week there.

Mrs. G. L. Holland of Buckholts, Texas, is here for a visit of a couple of weeks with her father, W. B. Taylor, and sisters, the Misses Taylor, at the Merrow hotel. She will also visit relatives in Brownwood and Bangs before returning home.

Successful Candidates. Several candidates for offices in neighboring counties, and who are well known in Brady and McCulloch county, were successful in the primary election Saturday. Among the number are Herbert Adkins of Lometa, who won the race for county attorney of Lampasas county by 250 votes more than both his opponents combined; Fred Ellis of Menard, who won the race for tax assessor, and Oscar Latta of Junction, who received the nomination for sheriff of Kimble county.

**S.N SABA SAYINGS**

From The Star.  
One of the biggest attractions at the San Saba County Fair and Encampment, August 8-11, will be the band music, which will be furnished by a band of twenty boys from the Odd Fellows' Widows and Orphans Home at Corsicana.

Will Parker, while pearling in the river near Double Ford, about twelve miles southwest of town, was drowned late Thursday afternoon. At the place where the tragedy occurred the water is only three or four feet deep, but Parker, who is subject to epileptic fits, suffered an attack of one of these and died before aid could be rendered.

An H. Turner brought into town today the largest fish cat in this section within the past year. It was a huge yellow cat, and when placed on the scales was found to weigh sixty pounds. He caught it in the San Saba river, about one and a half miles east of town, near Webster Miller's place. This large fish has been breaking hooks, tearing up lines, and creating general havoc in this hole of water for a long time. Webster Miller has tried time and again to land the monster, but has always failed. He was caught last night on a trotline, but in taking him off three hooks were broken.

Mrs. J. M. Fuller and children of Brady are guests in the home of S. F. Thornton near Harkeyville.

From The News.

Travis Locklear arrived Monday from Waco and Mart, where he had been with a string of horses from his San Saba stables. Johnnie Lane is riding for Locklear this year. The individuals arriving Monday were Davis, Miss Nila, Zandia, Waco and Rio Tan. Most of these are known by name to many News readers. These horses have given a good account of themselves while away. This stable started seven times and won six races, Davis three, Zandia three and Miss Nila one. Zandia came first under the wire in the mile race at Mart. Davis also covered himself with glory, making a record half mile run. This half mile was made in 48 1-2 time.

**MENARD MESSAGES**

From The Messenger.  
Sunday morning at 6:30 at the home of Mr. and Mrs. J. H. Ray in Brownwood, Frank Highsmith of Menard and Miss Coreene Ray of Brownwood were married by Rev. Mims of the Baptist church of that city. Miss Ray is a charming young lady and Frank is one of Menard's most promising young men. They immediately took the train for this city where they will make their future home. Frank is in the employ of the Mission Lumber Co. here and we prophecy for them a most happy future.

Every day witnesses the arrival of more horses with their owners and drivers who will participate in the racing events to be pulled off here next week. There are already a dozen horses here among them some of the fastest horses in Texas. The dates for the racing are the 26, 27 and 28, Wednesday, Thursday and Friday of next week.

Miss Jessie Campbell of Brady is a guest at the Volkman home. Four cars of wheat were shipped out of here, this week by the Roddie Commission Co. W. W. Spiller states that all the small grain in this section is of an unusual good quality, the kernels being well filled.

Whenever You Need a General Tonic Take Grove's. **MELVIN MENTIONS**  
From Melvin Advocate:  
The long drouth seems to have been broken. Fine rains have fallen pretty generally over the Melvinland, the precipitation, yesterday amounting to nearly two inches. Wednesday evening showers fell over the adjacent territory, the whole Doole and Stacy country being pretty well soaked, south and west of Melvin a heavy downpour occurred. The rain came just in time to insure a big cotton crop, as the staple would have been suffering for moisture in another week. We are all rejoicing, for we know it means good times in Melvinland.

A deal was made today whereby Clyde Vercher, buys a half interest in W. L. Womble's restaurant, and Luther Womble buys the local garage from Mr. Vercher.

Henning Youngquist, of near Austin, arrived Thursday on a visit to his brother, Axel Youngquist. Just as soon as he arrived the clouds gathered and we were deluged with a fine rain, as if in welcome to the visitor. Mr. Youngquist owns a farm near Melvin, and will probably become a citizen here some of these days.

Miss Pinkie Jones, of Brady is spending this week in Melvin with friends. Miss Pinkie taught music in this community four years ago, and has a host of friends here who are always glad to welcome her visits.

**RAILROAD WAGES**

**Shall they be determined by Industrial Warfare or Federal Inquiry?**

To the American Public:

Do you believe in arbitration or industrial warfare?

The train employes on all the railroads are voting whether they will give their leaders authority to tie up the commerce of the country to enforce their demands for a 100 million dollar wage increase.

The railroads are in the public service—your service. This army of employes is in the public service—your service.

You pay for rail transportation 3 billion dollars a year, and 44 cents out of every dollar from you goes to the employes.

On all the Western railroads in 1915, seventy-five per cent of the train employes earned these wages (lowest, highest and average of all) as shown by the pay rolls—

	Passenger		Freight		Yard	
	Range	Average	Range	Average	Range	Average
Engineers	\$1747	\$2195	\$1537	\$2071	\$1056	\$1378
Conductors	1543	1878	1454	1935	1151	1355
Firemen	0 3	1317	751	1181	418	973
Brakemen	854	967	874	1135	862	1107

The average yearly wage payments to all Western train employes (including those who worked only part of the year) as shown by the 1915 payrolls were—

	Passenger	Freight	Yard
Engineers	\$2038	\$1737	\$1218
Conductors	1772	1624	1292
Firemen	1218	973	832
Brakemen	921	1000	1026

A 100 million dollar wage increase for men in freight and yard service (less than one-fifth of all employes) is equal to a 5 per cent advance in all freight rates.

The managers of the railroads, as trustees for the public, have no right to place this burden on the cost of transportation to you without a clear mandate from a public tribunal speaking for you.

The railroads have proposed the settlement of this controversy either under the existing national arbitration law, or by reference to the Interstate Commerce Commission. This offer has been refused by the employes' representatives.

**Shall a nation-wide strike or an investigation under the Government determine this issue?**

**MASON MAVERICKS**

From The News.

Miss Mamie Bickenbach has been visiting friends and relatives at Brady for several days. Tom Elliot and wife came over last Thursday from Brady. They left the following morning for Austin where Mrs. Elliot went to the bedside of her brother, Mr. Otto Koock who is real sick.

The W. O. W. picnic at Katemey last Friday drew quite a crowd from Mason, Fredonia, Pontotoc, Camp San Saba and a few Brady people were in attendance. The Pontotoc band made some excellent music and quite a number of candidates were present and made speeches. The ball game in the afternoon between Katemey and Mason resulted in a victory for Katemey. The score was 4 to 3. The great union meeting

opened last Sunday with good crowds at both services. The people could see from the very start that the evangelistic workers meant business and that they were in for a revival. The meeting has been running four days, and one hundred conversions and reclamations have been counted so far. And no doubt by the time the next issue of this paper is printed the conversions will go over the two hundred mark.

The Magic Washing Stick. We want the people of Brady to know that we positively guarantee that the Magic Washing Stick will in fact wash clothes without the use of a washboard or machine, thus saving all the hard work on washday. We will let you try the Magic Washing Stick five times at our risk and if at the end of that time you do not say it is the best thing you ever saw, we will give you your money back. Come and let us explain it to you. The Jones Drug Co., Brady, Texas.

Postmaster A. B. Reagan Anent Motor Route.

Editor Standard:

An article in your issue of July 18th, headed "ABANDON MOTOR ROUTE" contains a number of errors or misstatements and a criticism of the Department's decision in favor of the motor route not justified by the facts, and in justice to all parties concerned, should be corrected.

Having reference to the new route petitioned for by patrons of the Brady Post Office, you mention that "the residents along this route have for a long time been endeavoring to secure rural mail service, and their efforts finally crystalized the Department's decision in favor of the motor route. As the motor route still would not serve these citizens, sentiment at once became pronounced against the motor route. If the Department will listen to, and grant the plea of these citizens for the establishment of a route out of Brady it will perform a service that will be genuinely appreciated".

The second sentence of the above quotation is entirely erroneous, misleading and controverts the facts. The motor route would have served not only the families of the 68 petitioners together with several families who were not signers to the petition, but in addition would have served the entire patronage of the Rochelle rural route. I am informed that only 3 or 4 families of the Rochelle route would have been inconvenienced by having to go a little farther to their mail boxes. This is the effect of Mr. Slayden's success in inducing the "Post Office to abandon the idea of establishing the motor vehicle service".

Other errors in your article which are not material, but which might be mentioned are: that there has never been any sentiment against the establishment of the motor route among the Brady petitioners, nor will it be learned with "general satisfaction that Mr. Slayden has induced the Department to abandon the idea," inasmuch as the Brady petitioners are left without rural mail service. Also the Brady Postmaster was notified by the Post Office Department and not by Mr. Slayden; Rochelle has only one rural route and not two. The new route petitioned for was 17 miles in length and not 24; the motor route was style "A" and not 8.

The Rochelle people who opposed the motor route were only looking after their own interest because they wanted to retain the identity of their own route, and I think that no blame should be attached to them for it. Neither do I think that any blame should be directed at the Department for their efforts to economize by putting on one driver instead of two so long as service would have been given to all concerned. However, the Brady patrons had nothing whatever to do with the consolidation of the two routes. This was the Department's idea. When it became known generally that the Rochelle people seriously opposed consolidation, we all wanted to assist them to eliminate themselves. I was asked to do so and joined the Rochelle people in asking the Department not to make any change in the Rochelle line, but to give the Brady petitioners what they had asked for, independent of the Rochelle Route. In addition to this joint request I also wrote the Department a separate letter strongly urging them to comply with the joint request, and to give the Brady petitioners a separate route. I suppose that Mr. Slayden was also asked to assist.

The Department granted the request of the Rochelle people and has abandoned the idea of establishing a motor route, but in doing so the Brady patrons have also been deprived of rural service for which they have worked so long.

It shall now be my utmost endeavor to secure Rural route No. 2 from Brady as originally asked for by the petitioners, and have been assured of the hearty co-operation of the Rochelle people, although they have no direct interest in the matter. There is no information at hand to indicate that the Department has considered the question of giving to the Brady petitioners a rural route independent of the Rochelle route. We now hope to have them give the matter a favorable consideration, to the end that Route No. 2 may be established from Brady, and in this effort we need The Standard's assistance.
