Messrs. Joe and Jim Matthews are here from Peg Leg on a business visit. ### WHEN THE KIDNEYS FAIL.

Brady People Have Found That Ill Health Follows.

Do you ever feel that you simply can't go any further—that you must have rest from that lame, aching back—relief from the constant, dead-tired feeling—freedom from those stabbing, darting pains? Likely your kidneys are worn and tired and need help. The kidneys work night and day, removing uric acid from the blood and other waste created by expenditure of strength and energy. Naturally a life of unusual activity doubles the duties of the kidneys and in time the strain generally tells. Doan's Kidney Pills have brought new strength to thousands of bad backs and quick relief to weakened kidneys, so users say. Let them do the same for you. Convincing proof of merit in Brady testimony.

Mrs. T. S. Wood, Brady, says: "Not only myself, but another in the family has found excellent results from Doan's Kidney Pills. They strengthened my back and gave me relief from headaches, dizzy spells and nervousness. I had used another kidney medicine before, but I can say that Doan's Kidney Pills gave me results that were far superior to the other."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wood had. Foster-Milburn Co., Preps., Buffalo, N. Y.

**25 CENTS DESTROYS YOUR DANDRUFF AND STOPS FALLING HAIR**

Save Your Hair! Make It Thick, Wavy and Beautiful—Try This!

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied, causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, luxuriance and lustre which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

### LOCAL BRIEFS.

The brick work on the new Masonic building has progressed to the third story, and by the first of next week will, most likely, be completed.

Mayhew Produce Co. shipped their third and largest car of dressed poultry to New York market yesterday, the shipment totaling 21,000 pounds.

Six turkeys worth \$25.00 were contained in one crate shipped last night to Fort Worth. The birds are destined to grace the tables of Fort Worth epicures on Thanksgiving day and were shipped by B. P. Roddie & Co.

J. E. Carlson, one of our leading Swedish citizens, was in town yesterday inquiring about the cotton market. Mr. Carlson recently disposed of something like thirty bales receiving 16.25c. He has six more bales on which he hopes to realize 20c.

Cotton and cotton seed attained new levels yesterday, the former being quoted at 19.25c, and the latter bringing \$50.00 per ton. The cotton market has advanced steadily the past several days, and those who have been holding for 20c now see the coveted goal almost within reach.

County Superintendent E. L. White will leave Sunday for Austin to submit the bond records for the Salt Gap school. The Salt Gap and Littlefield school districts were consolidated some time ago, and a bond issue was voted for the purpose of building a new school building. As soon as the bond records are approved and the bonds are sold, the contract will be let for the erection of a new school building.

D. J. Johnson, traffic manager, and S. A. McKie, plant superintendent of the West Texas Telephone Co., arrived in the city yesterday and are making a preliminary survey of the local equipment in order to prepare a blue print designating the changes and improvements to be made. All the pine poles will be replaced and the gang which is now completing improvements at Menard will be transferred to Brady within the next ten days, and commence the outdoor improvements. By the 1st of December, material for the new equipment will begin arriving and will be installed in the new quarters in the Masonic building.
