J. L. Jordan Dead.

The death of J. L. Jordan occurred this (Friday) morning at 7:00 o'clock at the family residence on North Blackburn street. The funeral will be held this afternoon, services being conducted at the residence at 5:30 o'clock by Rev. J. H. Taylor of the Baptist church, and interment will be made in the Brady cemetery.

Mr. Jordan has just recently passed his 69th birthday. He was a sufferer from Bright's disease, and since the early part of February had been confined to his bed, his condition showing little or no improvement all during the months of suffering, and for some time his demise had been looked for at any time. His family had been at his bedside all yesterday, and the children were present when the end came.

Besides his widow, seven children are left to mourn his loss; four sons, H. P., T. N., W. W. of Brady and Lewis of Voca and two daughters, Mrs. James Finlay of Fife and Mrs. George Yantis of Brownwood. Also the entire citizenship of Brady mourns the loss of this splendid man. Mr. Jordan was a splendid Christian character, and for many years had been a staunch and true member of the Baptist church. He was a man of gentle and kindly disposition, and

from him a harsh word or action was never known.

Mr. Jordan came to Brady and McCulloch county something like 35 years ago, buying property here and raising his family as good and desirable citizens. For a time he was engaged in the furniture and undertaking business, but the most of his time was spent in following his chosen occupation—that of a builder and architect. Probably most of the older residences in Brady were constructed by him or under his direction, and as the town grew, some of the most pretentious and modern residences and business houses were planned and designed by Mr. Jordan. Even up to his taking to his bed with his fatal illness, he had been active in his work, and one of his most cherished and uncompleted plans was for the remodeling and rebuilding of the Baptist church—the place where he so long had worshipped the Master Architect through Whose guidance he had performed his life's work so well.

REGISTRATIONS IN COUNTY 976

Brady Has 347 Men Between 21 and 31—Steady Stream at Registration Booth.

Registration day in Brady was observed in quiet, serious fashion Tuesday. There was no excitement, no commotion, no red fire, nor red lemonade. Rather it was a rush for the registration polls that was inspiring to say the least, and if there were such a ready response from the voters at an election, it is certain that the voice of the people would rule.

The polls opened at 7:00 o'clock, and from that time on there was a steady stream of candidates for registration, there being from half dozen to fifteen or twenty waiting patiently in line for the opportunity to get the coveted and necessary blue card. While 150 had

registered up till noon, by the time the polls had closed 347 were accounted for. The work was about completed by 7:00 o'clock and there was a little or nothing for the registrars to do from that time up till the polls closed at 9:00 o'clock. The total was a complete surprise to local officials, who had not anticipated so large a number.

The registration makes a remarkable showing especially in comparison with the number of polls paid, 568 holding poll tax receipts in Brady and 1718 being the total number in the county. This will apparently show that more than half of McCulloch and Brady citizens are subject to conscription, although it must be understood that a large number have failed to pay their poll, as is the case in an off-year for elections.

MENARD BOOSTERS "ARMAGEDDON" COMING TO BRADY CHRISTIAN CHURCH

Coming Next Tuesday In Interest of Texas Sheep and Goat Raisers Association.

Our neighbor city of Menard is planning a great celebration in honor of the meeting in that city on June 26, 27 and 28th, of the convention of the Texas Sheep and Goat Raisers association. In order to acquaint neighboring cities and citizens of the fact booster excursions to all neighboring points within a radius of fifty or a hundred miles of Menard are being made by the Menard boosters. These trips were begun last week and will be concluded next week.

According to a program announced, Brady is scheduled to be invaded by the boosters on next Tuesday afternoon, the delegation being due to arrive here at 1:30 o'clock coming via Hext. Thirty-one automobile loads of boosters visited San Angelo this week, were met at the city limits by a delegation of San Angelo citizens, and escorted to town, where the municipal band played patriotic music and where speeches of welcome and of response were made.

Brady may anticipate a like number of visitors here, and Brady can do no better than likewise meet the boosters and give them a rousing welcome. Let's meet them and greet them, and boost the boosters into the knowledge that they are coming to one of the liveliest and best cities in West Texas. Let's

Brady, Texas, June 6.
Editor Brady Standard:

Well, as I was so busy last week and did not get to write, I thought I would write now. How are you all getting along with your letters? Fine, I hope.

Everything is looking just fine; all the gardens in this part of town are mighty nice.

Mr. and Mrs. Ed Miller of Voca were in Brady Saturday and Sunday on account of Mrs. Miller's sister dying. Mrs. Etta Woodward.

Mrs. Etta Woodward of Melvin was found dead in her bed last Saturday morning. She spent the evening with her mother, Mrs. Annie L. Wade, Friday. She was buried in the Brady cemetery at about 10:30 o'clock Sunday morning.

Mrs. Ella Tindel's daughters are over visiting her from Menard.

Mr. and Mrs. J. T. Gay entertained a number of young folks with a forty-two game. Those who were there were: Messrs. Eugene Tyson, Jim Darley, Audie Lemons and General Grant; Miss Ollie Edwards and your correspondent. We all enjoyed ourselves.

Mr. and Mrs. J. C. Koerth and son, Chas. have returned from a few days' visit at San Antonio.

so much. I don't know what will become of us.

J. C. Koerth has been changing his gin this week.

Well, I will ring off for this time, for I think Mr. Editor will get tired reading this. I will leave room for someone else.

Sour Stomach.

This is a mild form of indigestion. It is usually brought on by eating too rapidly or too much, or of food not suited to your digestive organs. If you will eat slowly, masticate your food thoroughly, eat but little meat and none at all for supper, you will more than likely avoid the sour stomach without taking any medicine whatever. When you have sour stomach take one of Chamberlain's Tablets to aid digestion.

FREE FROM PAIN

And No Longer Nervous, Since Taking Cardui, Says Georgia Lady.

Trenton, Ga.—Mrs. Ellie Gifford, of this place, writes: "I have always suffered . . . but was worse after marriage. I would have . . . pains and misery in my stomach and hips. I would have a bad sick headache every time, which would generally last two days. I had always heard what a good medicine Cardui was, so I thought I would try it. I used two bottles and it helped me.

Fifteen months later I began to be nervous and was worse at my . . . But at these times I did not have any pain and do not now suffer any pain. But I was very nervous, so nervous that my hands would shake. Any noise would make me jump. So I took two more bottles of Cardui. I have never been nervous since . . . and do not have any pain. I think this is all due to Cardui and Black-Draught."

Cardui, the woman's tonic, is composed only of pure, vegetable ingredients, which have been recognized for many years by standard medical books as of medicinal value, in the treatment of many diseases peculiar to women. Try Cardui.

Cholera Morbus.
This is a very painful and dangerous disease. In almost every neighborhood someone has died from it before medicine could be obtained or a physician summoned. The right way is to have a bottle of Chamberlain's Colic and Diarrhoea Remedy in the house so as to be prepared for it. I used Chamberlain's Colic and Diarrhoea Remedy and it gave them immediate relief."

Mrs. Sallie Turman of Brady and daughter, Mrs. Pepper of California visited their niece and cousin, Mrs. E. D. Dillard the past week. Their visit was very much enjoyed as it was the first time Mrs. Dillard and Mrs. Pepper had seen each other in seventeen years.

Mesdames Newt and Pat McShan and Dan Cottrell went to Bangs Monday, returning the same day, with berries, grapes, apricots and peaches to can. They found the Bangs people very busy in every berry patch. People there from Coleman, Brownwood and other places after berries, each of them having to wait for his turn.

Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like that violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

BRADY, TEXAS, June 8, 1917

BRADY'S "BIT."

Brady feels proud of the record she made on Registration day when 347 citizens of military age drew their registration cards here. This is one of the best records of any city in Texas. In fact, it exceeds the number of registrations in any precinct of Fort Worth and many of the other large cities.

In fact, Brady has a record all along for patriotism that has not been surpassed by any city of its size and character. She has sent twenty of her best citizens into government service and has representatives in almost every branch of service. She has subscribed liberally towards the Liberty bonds, compared with what other neighboring cities have done. Whereas Brownwood papers complain that only a few hundred dollars have been invested in Liberty bonds by citizens of that place, Brady has already contributed about \$10,000 in bonds, the subscriptions coming voluntarily, and this amount will be greatly increased as soon as the subscription blanks which have been distributed, can be

filled in and returned.

Brady, perhaps, has been slow on staging big red-fire parades and demonstrations. Perhaps she hasn't flown a flag from every window and housetop. Maybe she hasn't proclaimed her patriotism with the aid of a megaphone—but when you come to real, patriotic actions and work, Brady takes off her hat to no one.

THE MEETING.

The Standard cannot but voice its gratification over the success of the annual meeting of the Brady Y. M. B. L. There was such an evident interest in the meeting; there was such an entirely unanticipated large participation; there was such a gathering of Brady's representative citizens, as well as visitors from neighboring points, that it is certain the meeting afforded the occasion for a much-anticipated public gathering.

It occurs to The Standard that during the summer months such a meeting could well be staged once or twice a month. A program of music, a few good, inspiring talks and a bite to eat will do wonders in restoring drooping spirits; in bringing back laughter to faces worn with cares, anxieties and worries; in creating a better feeling between neighbors, fellow-citizens, yes even contemporaneous business interests. It will give some place for the citizens to while away the evening hours. In all the larger cities the play-grounds and parks are considered among the most important of public institutions.

And this resolves the question into the need of a public park in Brady. There is no place more suited, more easily adapted, more convenient, more necessary as a public park than the court house square. There should be no stone unturned until this change is brought about. Abolish the hitch racks; take down the unsightly fence; extend the lawn; cover it with nature's great gift—the shade tree—and let it be the people's, for their use and enjoyment. Let the citizens help the Ladies Tuesday club in their efforts to place an ornamental fountain on the square; let a band stand be built; get in behind the band boys and give them assistance that will enable a weekly or se-

mi-monthly band concert, and you will have a town that you will be proud to call your own, and to show off to visitors. And this is not fiction—but possibility within reach of our citizens, if united action and active co-operation be had.

The man who got the most enjoyment out of the meeting Wednesday night, who applauded most vigorously, laughed most uproariously, ate the most and drank his share of the refreshments, was the most liberal contributor to the Brady Y. M. B. L.—of free advice.

After all, it must have warmed the cockles of the hearts of some of those citizens who grudgingly gave up the fifty cents towards the expenses of the Brady Y. M. B. L. meeting Wednesday night, to see such an enthusiastic assembly of citizens out for the occasion. If we all would give up our "bit" cheerfully and gladly, we could have many such delightful occasions—and who is there that says the town would not be better for having such gatherings. Our faith in our town and in our neighbors, yes, even in ourself, would warm up and grow!

Another Marine.

Just as we were ready for press we learn that Brady has furnished another recruit for Uncle Sam's marines—Boyd Rainbolt. This will be learned with surprise by the many friends of Mr. Rainbolt. Boyd has been located in Dallas, having a position as traveling man for a large concern, but when war fever struck him, he decided to go to Houston and stand the necessary examination, which he passed with flying colors. Word from Ike Rainbolt at San Antonio today was to the effect that Boyd had stopped over there to tell him good-bye, leaving Tuesday night for the training camp at Port Royal, S. C.

This is a free ad, but you will want to know who it is about, so read on. Last week The Standard had the misfortune to strip two gears on its largest job press. One small gear was almost demolished; the larger gear had three teeth gashed out. Replacing the small gear was the matter of five or ten dollars' expense, but the larger gear—well, it looked like the editor would have to get along during the month on half pay. Having heard of the ability of our neighbor A. Steelhammer in matters of repairing damaged machinery, we called him in consultation, and were greatly heartened when he reported that he could fix the damage so it would never be noticed. With saw and file and chisel he labored patiently cutting out dove-tailed grooves in the gear wheel, and into these dove-tailed grooves he fitted new teeth, much after the fashion of a dentist supplying store-bought teeth to a bachelor maid of fifty—er, ah, fifteen winters. Not content with merely fitting them to an exact nicety, he riveted them securely in place, then carefully dressed the repairs down so perfectly that it defies detection even to the closest observer. The Standard cannot help but commend such ability and is glad to do so as it may assist some one else having misfortune in remedying the trouble in a quick and satisfactory manner.

Committee meetings will be

held at the tabernacle on Wednesday afternoon of each week to arrange work for the members. Most of these are "sewing members" and are enabled to help with the sewing, while others are employed down town and are obliged to co-operate in other ways.

Miss Frances Nowaski Graduates

The Sisters of Charity of Seton Infirmary request the honor of your presence at the Commencement Exercises Thursday evening, May the twenty-fourth nineteen hundred and seventeen at seven-thirty o'clock. Seton Infirmary Austin Texas

The above invitation was received in the city by friends of Miss Frances Nowaski, who is one of nine members of the graduating class at Seton Infirmary. Miss Nowaski is well remembered by many Brady folks, having resided in Brady last fall, at which time she was employed as a nurse in a local sanitarium. She is a young lady of great charm, and the announcement of her graduation is a matter of interest to all her many friends.

Picnic at Country Club.

One of the most enjoyable of social events was the picnic supper on Wednesday night at the Country club for the members. The guests arrived in the afternoon and enjoyed the coolness of the pretty grove and as the shades of evening grew a magnificent picnic supper was spread and heartily partaken of. The party included the following club members: Messrs. and Mesdames Lewis Brook, G. V. Gansel, S. A. Benham, J. S. Wall, Dick Winters, W. D. Crothers; Mrs. J. C. Harkey-Duke.

The marriage of Miss Willie Duke to Mr. J. R. Harkey occurred at Fort Stockton on last Monday, the ceremony having been performed at the Christian parsonage by the rector of the Christian church. The announcement will be read with surprise and interest by the many Brady and McCulloch county friends of the bride, who had carefully withheld any information as to her intentions.

Mr. Harkey is one of the prominent and influential citizens of the western section of the state, being foreman of the Blackstone and Slaughter ranch near Sheffield, and having charge of the company's extensive interests, and enjoying the full confidence of his employers and fellow-workers as well. His bride is one of Brady's most charming and talented young ladies, the daughter of Mr. and Mrs. J. M. Duke. Mrs. Harkey has been employed as teacher in the public schools at Fort Stockton and it was there she met her husband and the romance began which culminated in the wedding Monday. Mr. and Mrs. Harkey will make their home on the ranch near Sheffield, and in their new-found happiness every good wish is extended by the many friends in this section.

Mrs. Harkey is greeting her friends in Brady and receiving their well wishes, having arrived yesterday to attend a family reunion. Owing to the press of duties, Mr. Harkey was unable to come with her.

WOMAN, this WAR will touch YOUR home.

YOUR home is certain to be touched by the war in which we are engaged. It may seem remote and impersonal to you now, but you must not permit this impression to so persist as to bring you bitter, lifelong regrets which will cloud the rest of your days.

It is true that in the first call for men, the ages are confined to 21 to 30 inclusive. But we may find it necessary to put three million men or more in the field. Don't you know that in our Civil War, men of sixty and boys of sixteen fought shoulder to shoulder before the war was done? Don't you know that sixty and sixteen are fighting shoulder to shoulder today, somewhere in France?

Be very certain of one thing, this war will touch your home in some way, either through son, father, brother or someone very dear to you, before the war is done.

Is your husband past fifty? How long could he stand sleeping in the mud of a first line trench--standing ankle deep in the water of it--through a week of rain?

WE WANT YOUR BUSINESS

Is your brother or son under twenty? Have you seen him toss in fever or gasp in pneumonia?

Let us hope and pray that they will not be called—but do not let us blind ourselves to the possibility that they MAY be called. Remember, twenty million men are fighting today, and twenty million men have been killed, shell-torn, mangled, wounded and invalided before this. All Europe is aflame, and we are just going in. Wake up to it. We are at WAR—and you may pay with bitter years of sorrow if you fail to open your eyes to it today.

If your husband, your father, your brother, son or sweetheart were at the front and wounded, or ill, or suffering in any way, you would give all you possess, every penny, your jewels, your every treasure, to help him—and instantly—wouldn't you? Think then, how the women-folk of the million who will go must feel today. Do your part NOW for them, that all the nation may repay you in kind, if your very dearest is called to face the WAR somewhere in France, before we have won a final victory.

How to Help

It is vitally necessary that the Liberty Loan be fully subscribed immediately in order to equip our boys RIGHT. The Government has offered for sale two billions of bonds in denominations of \$50, \$100, \$500 and upwards. Your plain duty is to buy as many of these bonds as you can. They can be bought on the partial payment plan. The first payment need only be 2 per cent, \$2 on a \$100 bond. Anyone with any pocket money or an allowance of any kind can find no excuse for not buying at least one \$50 bond. You can make the initial payment of \$2 if you please, and pay the rest out of your savings. You can buy a bond through your husband's boss by paying \$1 a week. You can go to your bank, to your husband's bank, or any bank, or your husband's employer, and they will receive you, not only cordially, but with all the respect and honor due to an American woman serving her country.

As Good as Gold

And remember that this bond is the soundest investment in the world. It is a first mortgage on the United States—a piece of the wealth of the wealthiest of nations. It pays you interest at 3 1-2 per cent. You are saving for yourself, the very money you save lives with.

Do something today to save the lives that you know you can aid in saving. Subscribe yourself to one or more bonds; get your friends to subscribe; give a Liberty Loan Bridge, or a Liberty Loan Tea, or some form of entertainment which will raise funds to buy bonds with.

It IS your Duty; it should be and must be your Pride and Privilege, to do this work.

How Would YOU Feel?

You can help save the lives of many boys. You can preserve them from extreme discomfort, from serious danger, and, as you will do in this emergency, just so the mothers, sisters, sweethearts of the whole nation will do. As you want them to feel, and act, and do, to safeguard the lives of all the young men of the nation, so you must feel, and act, and do. You must exert all your strength, for the nation needs your help, NOW.

There is a great scarcity of

to relieve the situation by fall
people cannot get cotton picked

peace in Mexico have cleaned up
every Mexican except some who
have crops here and many of
them have left. The Spanish

are not taking their advice. It
seems to us that there should be

Mrs. N. J. Huie and Mrs. Dr.

Quite a lot of our farmers had
the misfortune of losing their

killed by the sand.

Well, as my letter is grow-

this is my first attempt, it might

SAYS TANLAC SAVED HIM FROM THE GRAVE.
Father of Sixteen Thought End Was Near and Told Wife to Put Children in Odd Fellows Home When He Died.

What is probably the most remarkable indorsement ever given a proprietary medicine was the statement made recently by H. J. Williams, a coal miner at the Tennessee Coal & Iron Co., mine No. 8, near Fairfield, Ala., in the Birmingham district. The story of his wonderful restoration to health was told in his own words, and is profoundly interesting. His statement follows:

"I am fifty-four years of age, and am the father of sixteen children; eight living and eight dead. I came to Birmingham from East Tennessee, and have followed mining for a good many years.

"About two years ago, I took sick. The doctors at first thought I had Tapeworm, then Hookworm and finally decided it was Pellagra. I took treatment from a well-known Alabama Pelagra 'Cure,' but got no benefit. The doctors finally told me they couldn't do me any good, and I quit going to see them.

"I suffered from sort of numb feeling all the time in my back, and was dizzy-headed. I could not even stoop over, or stand on my feet for any length of time, and couldn't hardly eat anything and nothing tasted good. In fact, I was slowly starving to death.

"I lost all of my strength and fell off forty-five pounds in weight. I used to weigh, when I was well, one hundred thirty-three pounds, and got down to where I only weighed ninety pounds, and was almost a walking skeleton.

"I finally decided that there was no more hope for me in this life, and I gave my ring to my wife and told her to put the children in the Odd Fellows' Home when I died.

"This is just the shape I was in when, one day my little daughter said: 'Papa, why don't you try that new medicine everybody is talking about? It has helped so many people, it might help you.' Of course I had no faith in anything, but just to please the family, I made one more trial and got this Tanlac. May the good Lord bless the day I got this medicine, for it was my salvation.

"I got relief from the first bottle, and I began to eat and pick up right from the start. I am now on my fifth bottle, and have actually gained back twenty-five pounds, and now weigh one hundred fifteen. It just looked like the more I took the better I got, and I kept on picking up every day.

"I went over to the mines yesterday and made arrangements to go back to work. I am strong enough to walk around wherever I want to go, something I have not been able to do for over a year and that is a fact. Tanlac 'mighty nigh' raised me from the dead, that's what it has done for me. If you don't believe what I have told you, just ask any of the men around mine No. 8, and they will all tell you the fix I was in, and how much better off I am now.

"Thank God, I will soon be able to earn a living for my family, and I will owe it all to this medicine, Tanlac. I have just written to a daughter of mine in LaFollette, Tenn., who needs a medicine like this and I want her to take it and get well.

"I don't believe now that I ever had Pellagra, because I never did have any breaking out of any kind. I don't believe I had Hookworm either, but whatever it was, this Tanlac has certainly fixed me. I don't reckon there was ever a medicine on earth like Tanlac. I will always bless the day I bought this medicine." Tanlac is sold in Brady by Jones Drug Co., in Melvin by Oscar Sellers, in Rochelle by C. W. Carr and in Pear Valley by Ludwig & White.

LARGE CROWD AT Y.M.B.L. MEETING

Pretty Moonlight Night, Band Music, Program and Refreshments Attracts Citizens.

While the committee arranging the program for the annual meeting of the Brady Y. M. B. L. last Wednesday night was taken somewhat by surprise at the large attendance of citizens and their evident interest in the proceedings, nevertheless they had fortunately made ample provisions, and the program of entertainment was carried out to complete satisfaction. Undoubtedly the exceptionally pretty moonlight and the fact that the Brady band had a prominent place on the program had much to do with the large assembly, but nevertheless all who attended were fully repaid by the excellent speeches made. Not only was the east court yard well filled, but autos filled with men, women and children were lined along the east side and on the south side were stacked four deep.

Jim Mann, as toastmaster, was in his element, and while he averred that his contamination with the "back to nature" movement had made him rusty on civic affairs, he nevertheless brought with him some of the free ozone of country life that was refreshing to say the least. In introducing the speakers Mr. Mann took advantage of the opportunity to present a few thoughts of his own concerning matters of civic interest and benefit and his statements met with much applause and general approval. Mr. Mann compared the business league of a town to the home life of a family; that no matter what differences came up and what difficulties were encountered, the only way a family could progress was by mutual co-operation and the willingness of each to do his duty and share the burdens—just so was an organization in a town; each citizen must do his part, if the town would progress and the organization become effective.

While two of the speakers were not present, the program was interesting nevertheless and Bailey Jones in speaking on the subject "The City and the Citizens" not only gave some excellent advice, but proved himself an orator of no mean ability. The keynote of his address was "Boost your home town, anywhere, everywhere." His advice, well worth following, is to stop croaking on the streets and among your neighbors; rather take your grievances to the body against whom they are directed, and give them a chance to explain or correct the matter.

Sam McCollum made a rousing address and stirred up much enthusiasm. "Y Men B Long" gave him an opportunity to show what the league had been doing, and what they hoped to do. He brought home the fact that great work could be accomplished for a community in which every citizen was a worker and a booster, and that it was unfair to let a few men do the work and carry the others on their shoulders as well. He urged every citizen to line up with the workers and to join the Y. M. B. L.

Pres. J. T. Freeman spoke a few "Pleasant Words" and while his words were few and his speech very brief, he nevertheless conveyed to the audience the pleasure it had given him to serve as the head of the league and to do what he could towards its success and progress. Editor M. S. Sellers also made a brief talk on "The Newspaper and the Town." He told

of the irreparable damage a newspaper could do to a community by placing in print the same knocks and kicks that many citizens voiced in their daily life. The tiniest ill word would not only be carried far and wide by the newspaper's own circulation, but the news item would be eagerly seized upon by the press and further exploited and disseminated. Just as the newspaper must use caution and judgment in its expression, just so did he advise his audience to temperate in their speech.

The report made by Secretary Wulff, while incomplete because he had just accepted the position temporarily a few weeks ago, nevertheless was forceful and brought home the fact that not only had the league been placed upon a firm financial basis, but that, with only a small working balance over the actual expenses, it had accomplished much work—taking care of the expenses of T. P. Grant, and aiding him in his successful endeavors to place Brady upon five separate national highways. The report of Mr. Wulff is of such general interest and importance that we append it hereto.

"First of all this report will not be as comprehensive as I would like to make it owing to the fact that I have been connected with your Y. M. B. L. only a short time and am not fully posted on all that has been done. However I do know that a lot has been accomplished and all of you are familiar with the efforts which Mr. Grant put forth in the interest of this town and section of the State. Mr. Freeman also worked harder than any of you realize and did it all without compensation of any kind. Both he and Mr. Grant, I am certain, are something out of their pockets besides. Then there was a number of the directors who served on committees of all kinds so that everyone connected with the Y. M. B. L. did his share.

On June the first of last year the Y. M. B. L. had 10 cents in the bank and owed about \$200 in old back bills. Today we have \$217.42 in the bank and do not owe a cent. These figures tell the whole story. The year's receipts were \$1273.27 or an average of \$106.10 per month; and the expenses for the year were \$1055.85 or an average of \$87.98 per month; leaving a small working balance of \$18.12.

Altogether we did very well; but lately I have noticed that some of the members have been withdrawing their subscriptions with apparently no cause. I think that the men of this town ought to help more substantially with their subscriptions and give more attention and time to the work that is for the good of the whole town. The Brady Y. M. B. L. should be about twice its present size and the monthly subscriptions for a town of this importance ought to be about

SUMMING UP THE EVIDENCE.

Many Brady People Have Been Called As Witnesses.
 Week after week has been published the testimony of Brady people—kidney sufferers—backache victims—people who have endured many forms of kidney, bladder or urinary disorders. These witnesses have used Doan's Kidney Pills. All have given their enthusiastic approval. It's the same everywhere. 50,000 American men and women are publicly recommending Doan's—always in the home papers. Isn't it a wonderful, convincing mass of proof? If you are a sufferer your verdict must be "Try Doan's First."

Here's one more Brady case. W. F. Bodenhamer, Brady, says: "My back often ached and at times I was down with it. My feet and ankles were swollen and my kidneys didn't act as they should. These troubles came on by spells and I always used Doan's Kidney Pills and they relieved me. I generally have Doan's Kidney Pills in the house now and use them as needed. They have never failed to give good results." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bodenhamer uses. Foster Milburn Co., Mfrs., Buffalo, N. Y.

\$250.00 instead of the present \$106.10 average which we have had during the last twelve months. All the old members who can afford it should raise the amount of their subscriptions and all those who are not members should come up here and join the bunch.

Some of you may think that you are not getting any good out of the Y. M. B. L. because you do not see it in front of you like a plate of ice cream that you get for a dime. However it's just like insurance; you do not see it, but the benefits are there just the same.

Brady can go ahead and improve only if we all work together for the general good and we can work together only thru some sort of an organization like the Y. M. B. L.

I have a sheet of paper and pencil ready for all men who are not members to sign right now. At the same time all old members who can afford and want to raise their subscriptions, will kindly come up and sign also." While the choice of a president for the league for the coming year rested without qualification upon J. T. Freeman, he positively refused to accept, and the matter was held in abeyance, and will be decided at the meeting of the directors to be held next Monday afternoon.

The following were chosen directors: J. T. Freeman, A. H. Broad, H. C. Samuel, E. L. Ogden, W. D. Crothers, Dr. J. G. McCall, J. B. Whiteman, W. N. White, G. C. Kirk, Duke Mann, Bailey Jones, G. R. White, J. R. Stone, Sam McCollum, F. R. Wulff.

While the committee was selecting the directors, the meeting was temporarily adjourned, and invited to partake of the refreshments. These consisted of a varied assortment of the most delicious of sandwiches prepared by the members of the Red Cross, and pickles, with Bevo, Pabio and lemonade served as drinks. Cigars topped off the refreshments.

In this connection it is well to state that the entertainment committee deeply appreciates the many courtesies extended it. Their thanks are due the Brady concert band who offered their services free and whose splendid program not only delighted everyone, but brought forth much applause and words of commendation: the ladies of the Red Cross for the excellent sandwiches; to Knox-Johnson & Co. for the Pablo donated; to Walker-Smith Co. for Bevo donated; to O. D. Mann & Sons and Broad Mercantile Co. for the use of various supplies; to the members of the Methodist church for the use of seats; to Matthews Bros. for hauling without charge and to Supt. Joe Lyle of the Brady Water & Light works for the placing and furnishing of lights, as well as to any and all who assisted in any way.

All in all the meeting aroused a greater interest than has been evident in a long time, and the direct benefits are to be found in numbers of new subscriptions and the increasing of former contributions to the league. With this evidence of appreciation and interest, it is certain that the coming year will be one of still greater progress and community benefit.

Rounding Up the Slackers.
 Wednesday Sheriff Wall created consternation among the colored citizens of Brady by appearing in their midst and searching out those of military age who had failed to register the day before. The situation was laughable, to say the least, and the method of procedure was about as follows:

"Boy, how old are you?"
 "Boss, I-ise jest twenty."
 "Well, a couple weeks ago you signed an affidavit at the express company declaring you were over 21. Now which time did you lie, now or then? It doesn't make any difference the law's going to get you either way."

Nevertheless the slacker was allowed to make his tardy registration and become a "patriot"—although much of the patriotism was lacking. Some four recruits were added to Brady's total by this method.

Little Miss Betty Brannum of Fort Worth is a guest of her grand-parents, Mr. and Mrs. W. D. Crothers, and while the little lady has but passed her third mile post, she does not allow herself to become homesick, but greets and entertains visitors and admirers with all the equan-

imity and charm of a Miss of sixteen.

Walter Shore, who has been on the delivery for the local express office the past year or more, left on the 1st of the month for Cleburne, to which point he had been transferred as assistant to O. T. Mr. Ward succeeds Mrs. Belle Morgan, who has been granted a three months' furlough by the company, and who will visit in the north.

Rev. John Power came over from Brownwood yesterday, and while here made The Standard office a very pleasant call. The Parson is a man ripe in life's experience; well-read and deep in thought and a conversation with him, brief as it may be, is inspiring and elevating to say the least. The Standard editor has had this thought in mind ever since first meeting The Parson—and we believe in "flowers for the living."

IS END OF WAR NEAR AT HAND?

Message Received in Brady Occasions Much Speculation as to Probable Cause.

A message received here Wednesday by C. B. White who has been buying horses and mules as a representative of W. O. Rominger & Co. of Fort Worth, has occasioned much speculation. The message was sent out by his firm, was dated at Fort Worth Tuesday night, and reads as follows: "Government has withdrawn all bids on horses and mules. Don't buy any war stock at present."

Many citizens at once arrived at the conclusion that some sort of peace negotiations were in progress and that the end of the war was in sight. This view occasioned general rejoicing and such expressions as "Wouldn't that be fine!" However, another view is that on account of trench warfare playing such a big part in modern warfare, cavalry is falling largely into disrepute, and that this has resulted, in the cessation of the purchase of horses for war purposes. No doubt there is some important meaning behind the order, but what it is can only be hazarded at.

Music Recitals.

Last week at the Methodist tabernacle, Prof. J. C. Robbins presented his pupils in their annual recital, and also Miss Ida Pinkie Jones in her graduating recital.

The annual recital was held Thursday evening, and was largely attended by the admiring parents and friends of the pupils each of whom acquitted herself with credit. Pupils giving piano solos were Misses Dorothy Nell Broad, Maurine Wolf, Norma Wegner, Ina Mae Summers, Nellie Brown, Mary Campbell, Lavada Wood, Lila Belle Jackson, Mary Lyle Vincent, Dura Robbins, Hilma Jordan, Beatrice Myers, Eva Myers, Gertrude Trigg, Arvie Wegner, Ethel Irvine, Elsie McCleary, Mary Freeman, Estelle Jones, Fae Franklin. Violin solos were rendered by Misses Amalia Lindeman, Mary Jeanette Collins.

The program closed with a tabeau entitled "Changing of the Seasons," the pupils appearing in costumes, each of the four seasons being represented by three girls. The staging was beautiful and the drill was highly appreciated.

On Friday night Miss Jones delighted a splendid audience of friends and citizens of Brady with her graduating recital. Miss Jones' rendition of the most difficult compositions by master musicians, her technique and her charm of manner combined to make the recital one of interest and to arouse the enthusiasm of the lovers of the classic in music. Miss Jones has the proud distinction of being the first of his pupils to meet the requirements and attain the standard set by Prof Robbins

for graduation, and in her recital she not only demonstrated that that standard was set high, but also that she was entitled to recognition as having attained that goal. Assisting Miss Jones with instrumental trios were Prof. Robbins, Miss Dura Robbins, Schubert Robbins.

At the close of the recital, Prof. W. L. Hughes made an interesting and inspirational address, and the presentation of the diploma to Miss Jones was made in becoming manner by Prof. Robbins.

A medal was also presented by Prof. Robbins to Miss Arvie Wegner in token of her having attained the best grades among the pupils for the term just brought to a close.

After drill or march, you are sure to see a long line of hot and dusty-throated soldier boys making a bee line for Bevo. They know that there lies complete satisfaction, full refreshment and pure wholesomeness.

At home or abroad—at work or play—between meals or with meals, you will appreciate what we have done for you in making this triumph in soft drinks. You will find Bevo at inns, restaurants, groceries, department and drug stores, picnic grounds, baseball parks, soda fountains, dining cars, in the navy, at canteens at mobilization camps and other places where refreshing beverages are sold.
