BROWN WOOD NOW HAS SHORTAGE

Water Getting Scarce in Bayou City—Only Thirty Days Supply

The Brownwood City Council at a special session Saturday passed an order limiting the use of city water to household purposes, and for watering stock.

The order of the council makes it unlawful to use city water for lawns, gardens, hedges and trees and for washing vehicles.

Until it rains and the drought is broken the order of the council is to conserve the present supply of water as much as possible.

Water in the city reservoir of the Bayou is very low. The council estimates that by conservative use there is enough on hand to last the city 30 days.

Should a good rain fall occur in the meantime the situation will then be relieved and the present restrictions against the free use of water will be removed.—Brownwood News.

Mexicans Steal Sheep.

Citizens of Broadmoor last Sunday night took charge of two Mexicans who had in their possession a sheep which they were keeping concealed in a wagon covered with a sheet. When asked what they had in the wagon one hombre replied "sandia," meaning water melon, but when someone raised the wagon sheet to inspect the "sandia" it was not a load of melons that greeted their gaze, but a nice fat sheep. Both descendants of Montezuma were taken in charge by citizens and Sheriff Wall notified. Sheriff Wall accompanied by his deputy, Ed Lindeman, went out at once and took charge of the prisoners. It developed that the Mexicans had been working for E. W. Harris, and that it was one of his mutton that they had stolen. The Mexicans were given an examining trial Monday before Justice of the Peace T. J. King, and were lodged in jail under bond of \$400 each to await the next term of court.

Elect Alderman.

In the City election Tuesday, R. O. Wilkerson was elected as an alderman to fill the place recently vacated by L. A. Williams who has removed from this city. The vote cast was very light, only 24 votes being cast. The selection of Mr. Wilkerson on the aldermanic board is a good one and the council is to be congratulated on his addition to the council.

STRINGFELLOW GAINS TWENTY TWO POUNDS.

Railroad Man Says Tanlac Is The Only Thing That Ever Helped Him after Suffering 4 Years.

"If the people of this town only knew what Tanlac had done for me you would sell a thousand bottles tomorrow", said Tom Stringfellow, a well known employee of the Southern Railway, who lives at 126 East Ninth St., Anniston, Ala. Mr. Stringfellow is well known in railway circles and is on the Atlanta and Birmingham division.

"I suffered from stomach trouble and indigestion for four years," continued Mr. Stringfellow, "and got so I couldn't eat hardly anything. I fell off until I only weighed one hundred nineteen pounds and finally got so weak and run-down I was on the point of having to resign my position. To tell the truth I felt like life was not worth living because I just seemed to be getting worse all the time and nothing seemed to do me any good."

"I would have awful pains in my back and kidneys and could hardly sleep. Two hours each night would be about all the sleep I would get. Most always after eating I would have gas on my stomach and my heart would palpitate. I would get weak in my limbs and have dizzy spells and would have spots in front of my eyes."

"About a month ago I began reading about Tanlac, and heard the railroad men talking about it. Several of my friends had taken the medicine and said it was a fine thing for stomach trouble, so I decided to give it a trial. The first bottle helped me so much I kept on taking it and have just finished my fifth bottle. When I weighed the other day I kicked the beam at one hundred forty-one pounds, and was so surprised I turned around to see if some one was not standing on the scales. Yes, sir, that's the fact. I had actu-

ally gained twenty-two pounds and feel like a well man again for the first time in four years.

"Tanlac helped me right from the start, and before I had finished taking the second bottle I got so I would eat and sleep and work as good as anybody. That's what the medicine did for me and everybody who knows me will tell you the same thing. Why, I can just eat anything now and indigestion never bothers me a particle any more. I can sleep good, too, and feel just fine in every way. Speaking of eating, my grocery bill has gone up to almost double."

"Just to show you what I think of the medicine I bought a dozen bottles today in order to always have a supply on hand. I wouldn't be without it for anything in the world."

Tanlac is sold in Brady by Jones Drug Co., in Melvin by Oscar Sellers, in Rochelle by C. W. Carr and in Pear Valley by Ludwick & White.

"DEATH VALLEY DODGE" MAY BE SHOWN HERE

Local Dealer Negotiating For Famous Motion Picture.

Through the efforts of F. R. Wulff, Dodge Brothers dealer in this city, Brady people may have an opportunity to see the much-talked-about "Death Valley Dodge" motion pictures. While no pictures were obtained in Death Valley itself, owing to the intense heat, the film shows the famous car in the most picturesque sections of the western desert and mountain regions which it traversed in subsequent journeys. The feat was accomplished by O. K. Parker, of Los Angeles.

The motion pictures are being distributed throughout the country by Dodge Brothers. Mr. Wulff realizing the possibilities they offered as a means of entertainment, was among the first to apply for the privilege of showing them. Since then the demands from other dealers have been enormous, but the pictures made such a big impression in the larger cities, where they were first released, that dealers there are still giving nightly performances. Owing to this fact, the factory has put out a large additional supply of films, and Mr. Wulff today received assurance that he will be assigned a date immediately, unless some unforeseen developments disarrange present plans. If obtained for this city, the motion picture will be shown either at the theatre or at Mr. Wulff's salesroom, at Brady.

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadorsville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before."

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Thedford's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it. NC-121

TO THE PEOPLE OF TEXAS

The railroads of Texas were built and are maintained and operated for your benefit. They are necessary for your welfare and happiness, else they would not have been authorized or constructed.

Legally, it is the duty of the railroads to furnish you with reasonably adequate and expeditious transportation service.

You are required to pay, in the way of freight and passenger rates and fares, enough to pay all of the necessary expenses of operating and maintaining the railroads and in addition thereto, enough to yield to the owners a reasonably fair return upon the value of the property devoted to your use and benefit.

The amount that you are required to pay is controlled by your public officials, acting under oath, and appointed by your President or elected by you. The amount that these public officials require you to pay is determined mainly by what it costs to operate the railroads. As you will see further on, neither the Interstate Commerce Commission or the Texas Railroad Commission have authorized the charging of more than is necessary.

The records of the railroads are kept in accordance with rules and regulations prescribed by the Interstate Commerce Commission. Those rules require the operating expenses of the railroads to be kept separate from all other expenses.

Each month there is given out from Austin for publication a statement of the gross revenues of the railroads and their operating expenses.

These statements are correct as far as they go, but they do not tell all the truth, for the reason that they do not show the other expenses of the railroads, such as taxes, etc. These other expenses, taxes, hire and rent of equipment, rents of joint facilities, rents accrued for lease of roads and miscellaneous rents will, for the year ending June 30, 1917, amount to about seventeen million five hundred thousand dollars. Taxes alone will amount to over five million dollars. These expenses are just as legitimate and necessary as the expense of running the trains.

When the other necessary expenses are deducted, it will be seen that the railroads of Texas have earned during the year ending June 30 not over 6 per cent upon the value of their properties that are used exclusively for transportation purposes for your benefit.

For the eight preceding years the railroads of Texas had been operated at a net loss of over twenty million dollars.

While other legitimate business is paying dividends of from ten to fifty per cent per annum, surely no just man will object to the railroads occasionally earning such a small return on the value of their property. Surely they ought to be permitted to earn 6 per cent once in nine years without being complained at, or abused.

Out of the aforesaid return, the railroads must pay the interest on their bonds and other indebtedness and make betterments, etc.

Unfortunately, the inability of the railroads to earn anything like adequate returns makes railroad investments very unattractive and accounts for the almost complete cessation of railroad construction.

More and better railroads are needed, but until the business and earnings of the railroads improve so as to favorably compare with other business, men with money will not invest in railroads, there being so many other avenues of investment where the returns are much larger and much more certain. Whenever the operation of railroads becomes reasonably profitable, money will be readily obtainable for building additional lines.

In analysis and understanding of the conditions of the railroads, physical and financial, will convince any fair-minded man that they cannot stand a reduction in either their freight or passenger rates, and give to the people anything like adequate service. If passenger rates were reduced, freight rates would necessarily have to be increased. Everyone who buys anything shipped by rail, has to contribute to pay freight rates. Only those who travel extensively would want passenger rates reduced and freight rates increased. These few are more able to pay the present reasonable passenger fares than the masses of the people to pay greater freight rates.

To you who pay the expenses and are entitled to know the facts, this simple statement of the condition of these public service utilities is submitted and we most respectfully and earnestly ask your fair and intelligent consideration.

Respectfully submitted,

When these other necessary expenses are deducted, it will be seen that the railroads of avenues of investment where the returns are people anything like adequate service. If

Large Wheat Acreage to Be Planted.

Fife, Texas, August 1.

The long expected rain has not yet come. Most farmers have cane planted, ready for it when it does rain, and if it rains by the first of September, will have plenty of time to make. There is lots of inquiry about seed wheat and if seed can be procured a large acreage will be planted. Could The Standard tell us where it can be bought and the price?

In the District Court, McCulloch County, Texas. To the September Term, 1917.

Comes now M. A. Tyler, Receiver, a resident of Bexar County, Texas, hereinafter called plaintiff, and duly appointed in cause No. B-10663, styled Alma K. Mitchell, et al, vs. Ophelia Kollman, et al, in the 73rd Judicial District Court in and for Bexar County, Texas, by decree entered therein on the 2nd day of December 1916, and duly filed in the Minutes of said Court, Vol. 5, pages 35, 36, 37, 38 and 39 and, also, filed in the Deed Records of McCulloch county, Texas, Vol. 37 page 345, a certified copy thereof being attached thereto and marked Exhibit "A" hereby referred to and prayed to be taken as part hereof as though fully copied herein in full, wherein said decree the plaintiff herein, M. Tyler, was duly appointed and is now the acting Receiver to sell the lands therein said decree described of which the land hereinafter more fully described is a part, and being tract No. 1, described in said Decree.

Plaintiff would show unto the Court that heretofore, to-wit, on the 29th day of June 1917, he made his report to the said Honorable 73rd Judicial District Court of Bexar County, Texas, in said cause No. B-10663, styled Alma K. Mitchell, et al, vs. Ophelia Kollman, et al, a certified copy of said report being attached hereto, marked Exhibit "B," and hereby referred to and prayed to be taken as a part hereof as if fully copied herein; that upon said report and application being considered by the Court and upon a hearing of the evidence thereon, the Court duly made and entered an order in said cause wherein said order the plaintiff herein M. A. Tyler, Receiver, was and is authorized, empowered and ordered to file suit in the name of and for all the parties both plaintiff and defendant in the said cause No. B-10663 to clear the cloud on the title to the said hereinafter described 640 acre tract of land, a certified copy of said order being attached hereto and marked Exhibit "C" and hereby referred to and made a part hereof and prayed to be considered as though copied in full hereof;

Now by virtue of the premises herein set forth, comes the plaintiff, M. A. Tyler, and by virtue of the authority as hereinabove set forth and described and for cause of action and in the name of all the parties to said suit No. B-10663, styled Alma K. Mitchell, et al, vs. Ophelia Kollman, et al, pending in the 73rd Judicial District Court of Bexar County, Texas, as follows, to-wit, Mrs. Alma K. Mitchell, joined by her husband, F. T. Keister, E. G. Kollman, Mrs. Emma Buescher, joined by her husband, L. E. Buescher, L. E. Kollman, Mrs. Lena Barron, joined by her husband, L. H. Barron and F. G. Kollman, complaining of J. N. Brown and wife, Annie Brown, or sometimes called Anna Brown, residents of Bexar County, Texas, and of Henry F. Fisher and his unknown heirs, whose residence and whereabouts are to plaintiff unknown, and their legal representatives, and of Carrie Chew, a feme sole, non compos mentis, duly appointed and acting guardian is H. F. Fisher, who resides in Harris County, Texas, upon whom service of citation may be had herein, and H. F. Fisher of Harris County, Texas, and also, of the unknown heirs of J. J. Giddings and Matilda Giddings, deceased, and their legal representatives, and all the unknown owners of the hereinafter described 640 acre tract of land, all of whose residence and whereabouts are to plaintiff unknown, hereinafter called defendants and for cause of action and in the name of all the parties to said suit, to-wit, Mrs. Alma K. Mitchell, Miss Ophelia Kollman, Mrs. Ida Wageman, F. G. Hillje, L. E. Kollman, F. G. Kollman, Edwin Kollman, Mrs. Lena Barron, Mrs. Emma Buescher, Mrs. Anna Keister and E. G. Kollman, are the joint owners, tenants in common, to the hereinafter described 640 acres of land and that all the said named parties except the said F. G. Hillje, own and possess said described land as an inheritance from their mother, Mrs. Margaret Kollman, now deceased, who acquired title and possession to said hereinafter described 640 acres of land by virtue of the last will and testament of E. Kollman, deceased; and that the said

F. G. Hillje owns and is entitled to a 1-11 interest in said 640 acres by Deed of Conveyance from R. W. Kollman, deceased, one of the heirs of the said Mrs. Margaret Kollman and that all of the said named parties are the children and only heirs of the said E. Kollman, deceased, and Mrs. Margaret Kollman, deceased, and the heirs of the said Mrs. Margaret Kollman, deceased, except the said F. G. Hillje.

Plaintiff further shows that by virtue of the last will and testament of the said E. Kollman, deceased, duly probated in the Probate Court of Colorado County, Texas, recorded in Vol. _____, page _____, of the Probate Minutes of Colorado County, Texas, said Mrs. Margaret Kollman acquired title to and possession of said hereinafter described 640 acres, and also, filed in the Deed Records of McCulloch County, Texas, Vol. _____, page _____, and the said Mrs. Margaret Kollman is now deceased having departed this life on the _____ day of _____, intestate; that there has been no administration on her said estate and no necessity existed for such said administration.

Plaintiff further shows that the said named heirs of Mrs. Margaret Kollman, deceased, and F. G. Hillje, except R. W. Kollman, deceased, were on the 1st day of July 1917, seized and possessed of the following described land situated in McCulloch County, Texas, and described as follows: First, Reinhard-Stolje Survey 1264, Abstract 1207, Certificate 650, patented to Reinhard-Stolje by patent 803, Vol. 17; Second, Reinhard-Stolje Survey 1262, Abstract 1208, Certificate 650, patented to Reinhard-Stolje by patent 804, Vol. 17; Third, Reinhard-Stolje Survey 1263, Abstract 1209, Certificate 650, patented to Reinhard-Stolje by patent 805, Vol. 17; Fourth, Reinhard-Stolje Survey 1265, Abstract 1210, Certificate 650, patented to Reinhard-Stolje by patent 860, Vol. 17, containing in the aggregate 640 acres of land, and also, being more particularly described among other lands in Deed of Conveyance dated the 19th day of July 1913, by R. W. Kollman to Fred G. Hillje recorded in the Deed Records of McCulloch County, Texas, Vol. 35, page 422, said Deed and the record thereof being hereby referred to and that on or about said day and date of July 1st, 1917, the defendants, herein, to-wit, J. N. Brown and wife Annie Brown, sometimes called Anna Brown, Carrie Chew, H. F. Fisher and Henry F. Fisher, the unknown heirs of J. J. and Matilda Giddings, and the unknown owners of the said 640 acre tract of land unlawfully entered into said premises and dispossessed this plaintiff and the said named parties whom he represents in this action and with-holds possession thereof to their very great damage, to-wit, the sum of \$1000.00.

And plaintiff further says upon information and belief, that the defendants, J. N. Brown and wife, Annie Brown, and the unknown heirs of J. J. Giddings, deceased, are asserting some character of pretended claim or right in and to said described 640 acres of land by virtue of and through whom they (the parties plaintiff whom plaintiff represents) acquired the title and possession from Reinhard-Stolje patentee by warranty deed dated October 11, 1884, and duly recorded in the Deed Records of McCulloch County, Texas, on the 22nd day of December 1884, in Vol. G, page 568, and by warranty deed dated October 11, 1884 from patentee Reinhard-Stolje, recorded in Deed Records McCulloch County, Texas, on December 22, 1884, Vol. G, page 569, and long prior to the recording of the said deed or instrument of writing by and through which the said last named defendants are pretending to assert some character or right or interest in and to said described 640 acres of land; and that the said E. Kollman, deceased, was an innocent purchaser for value of said 640 acres without notice of their (the last named defendants) pretended claims; and

Plaintiff further upon information and belief, that the defendants, Carrie Chew, Henry F. Fisher, H. F. Fisher, and the unknown heirs of Henry F. Fisher, are asserting some character of pretended claim or right in and to the said described 640 acres of land by virtue of some character of deed or instrument of writing dated December 8, 1854, and recorded in Deed Records of McCulloch County, Texas, on February 18, 1881, Vol. D, page 207, by one G. H. Sherwood, a stranger to said title to Henry F. Fisher, pretending to convey to the said Fisher a one-half undivided interest in and to said described 640 acres of land; wherefore, plaintiff says that the title of the parties plaintiff, whom he represents in this cause is superior to any and all pretended claims of any and all of the last named defendants in this, that the aforesaid E. Kollman, deceased, acquired title from patentee, to-wit, Reinhard-Stolje, whereas the last named defendants are pretending to assert title and claim title from and through one G. H. Sherwood, a stranger to said title and in no way connected therewith as disclosed by the Record.

And plaintiff further shows that by virtue of the said pretended claims asserted by the defendants herein named, the same casts a cloud on the title to the said described 640 acres of land of the said named parties whom this plaintiff represents and on account of which the plaintiff and the parties whom he represents herein are unable to and cannot sell or dispose of said property to their very great damage, to-wit, the sum of \$1000.00.

Plaintiff would further show that the said named parties to this suit, whom he represents, have held open notorious, peaceable, continuous and adverse possession of said described 640 acres of land under title and color of title emanating from the sovereignty of the soil, to-wit, the State of Texas, for more than three years before the commencement of this suit and the filing of this petition and that any pretended claim or cause of action any and all of the defendants herein may have therein or thereto is now barred by the three years statute of Limitation, which plaintiff here and now pleads and says that any and all of said defendants should not be heard to assert any claim of right, title or interest therein said lands.

Plaintiff further shows that the parties whom he represents in this cause and those whose title they hold have had and held open, notorious, peaceable and adverse possession of said described 640 acres of land for more than five years before the commencement of this suit and the filing of this petition under deeds duly recorded, and having paid all taxes due and accruing thereon and that any and all pretended claims or rights of any and all the defendants herein, are barred by the five years Statute of Limitation which the plaintiff here and now pleads and says that any and all the defendants should not now be heard to assert any character or pretended right, claim or interest in and to said described 640 acres of land.

Plaintiff would further show that the parties whom he represents in this cause and those whose title they hold, have had and held open, notorious, peaceable, adverse and continuous possession of said described 640 acres of land for more than ten years next preceding and before the filing of this petition and the commencement of this suit and that any and all pretended claims and rights of any and all the defendants herein are barred by the ten years Statute of Limitation which the plaintiff here and now pleads and says that any and all the defendants herein should not now be heard to assert any pretended right, title or interest in and to said described 640 acres of land.

WHEREFORE premises considered, plaintiff prays that citation be made in terms of law to the defendants, J. N. Brown and wife, Annie Brown, sometimes called Anna Brown, and the defendant Carrie Chew by serving her duly appointed and acting guardian, to-wit, H. F. Fisher, and H. F. Fisher, and that the other named defendants herein, to-wit, Henry F. Fisher and the unknown heirs of J. J. Giddings, deceased, and their legal representatives, and all the unknown owners of said described 640 acre tract of land, be cited by publication according to law to answer herein and that upon a hearing hereof, judgment be rendered, decreeing title in the said named parties whom this plaintiff represents, to-wit, Alma K. Mitchell, Ophelia Kollman, F. G. Hillje, L. E. Kollman, E. G. Kollman, Mrs. Ida Wageman, Mrs. Emma Buescher, Mrs. Anna Keister, Mrs. Lena Barron and Edwin Kollman, and that they be quieted in their title and possession of said described 640 acre tract of land and that the cloud of said title cast by any and all pretended and asserted claims herein named be removed and plaintiff further prays for such other and further relief and decrees and orders, both special and general, in law and in equity, to which he may be justly entitled under the facts and the law.

Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

A Birthday Dinner.

(Contributed)

On the banks of the Katy under the shade of the stately old pecan and walnut trees by the side of the sparkling waters of a cool, bubbling spring near Camp San Saba in the pasture of Mrs. J. P. Baze, was gathered one of the jalliest throngs of neighbors, friends and relatives of our pioneer citizen and wife, Mr. and Mrs. A. F. Turner, on July 27th, 1917.

The occasion being a barbecue dinner given in honor of the birthday of both host and hostess, Mr. A. F. Turner, having attained the age of 64 years on this day, while his good wife Mrs. M. E. Turner nee Lake will reach her 56th birthstone on Aug. 26th 1917.

The dinner was one long to be remembered by all whose good fortune it was to be there, consisting of barbecued beef, fat and juicy, and done to a turn, pickles, bread, cakes, pies, custards, coffee etc. such as it takes to complete the feast for a king. This was presided over by Mr. and Mrs. Turner, and with the kind words of the good lady, and good cheer, hearty laugh and welcome of Mr. Turner, altogether making all those present feel proud to know that they were numbered as the friends of such people.

This hearty old couple was married 41 years ago, and have spent almost their entire lives within a few miles of their present home, 3 miles south of Camp SanSaba. To this union was born four sons, all of whom are living, viz: Addis, Amos, Audie and Willie, all being present with their families except Addis who lives in New Mexico.

Among those present we noted this section: Grandma M. E. Teague, aged 93 years, Mrs. J. P. Baze, Mrs. S. B. Baze, A. B. Awalt and wife of Katemcy, Mrs. Artie Turner, wife of late Wm. Turner. Others present were, G. B. Awalt and family, John Kidd and family, B. F. Teague and family, Mrs. Penn Evans and children, P. C. Appleton and family, Fred Appleton and family, Silas Turner and family, Mr. Lifeste and family, Martin Baze and family, Tom Baze and family, C. P. Gray and family, E. T. Jordan and wife, Jim Schafer and family and many others whose names we failed to learn.

Mr. and Mrs. Turner received a number of presents, and the good wishes of all.

After dinner ice cold lemonade and water melons were served, after which one by one wished them many happy returns of the day, and voted them among the most successful of entertainers.

May God send his richest blessings to these good people are the sincere wishes of their friends.
