REV. HORNBERG AND WIFE HAVE NARROW ESCAPE

Rev. Owen Hornburg and wife had a narrow escape when their Ford car overturned with them Monday afternoon at the Camp San Saba crossing throwing both into the water and pinning them underneath the overturned machine. Rev. and Mrs. Hornburg had started on a fishing trip, and had just run up on the first short bridge of the crossing when a blowout caused the car to skid on the wet and slippery ground against the plank at the edge of the bridge, the act toppling the car over into about 18 inches of water. Both occupants were pinned under the seat, and Mrs. Hornburg was held down in such a manner as to force her head under the water. Seeing her precarious condition, Mr. Hornburg managed to wrest one hand free and then held her head up out of the water.

In the meantime the accident had been witnessed by a camper close at hand, but he was too old

QUICK-HANDY-LASTING

TO IMPROVE SQUARE.
 County and City to Co-Operate and Work to Begin at Once.

The matter of improving the county's property on the Brady public square was taken up by commissioners court at its regular session this week, and after considering the matter from all angles, it was decided to cooperate fully with the city in macadamizing the north and east sides, the south and west sides at present being in a very good state of repair. The removal of the fence, placing a curb and cement walk about the court house property and the grading of the court house lawn was also considered, but because of lack of sufficient funds to complete the work, it was decided to leave the fence as at present, and confine the county's efforts to the work at least until funds are secured. The work of improvement will be begun within the next few days.

The court adjourned yesterday, having been busy most of the week going over the tax rolls of Tax Assessor H. R. Hodges, which were examined and approved.

Other business transacted by the court was as follows:

Sum of \$1300 per year was ordered paid to the county superintendent in quarterly in-

stalments. Sum of \$1,000 was ordered transferred from the General fund to the Jury fund.

H. E. Jones was appointed Public Weigher of Precinct No. 3, to fill the vacancy caused by the resignation of T. S. Burk.

Quarterly reports of W. P. Burleson, J. P. Pre. 5, were examined and approved.

Monthly report of S. H. Mayo, tax collector, was examined and approved.

Official bond of W. M. Deans in sum of \$1,000, with T. E. Spiller, Ben Locklear, Lon Locklear, H. H. Sessions and H. P. Jordan as sureties, was examined and approved.

MURPHY'S GARAGE

THE STANDARD'S TOBACCO FUND IS COMMENDED

The Standard's proposed tobacco fund has elicited some very favorable comment, and while the response, so far, has not been up to expectations, we believe as soon as the citizens of McCulloch county realize that we are trying to do a real sure-enough service, they will come in with their quarters and half dollars and help the boys in the trenches secure a week's or a month's supply of smoking.

The issue of The Standard in which was contained announcement of our proposed tobacco fund for the soldiers, had scarcely been mailed before Robert Harward, manager of the Brady Storage Battery Co., brought in his contribution, stating he desired to head the list of those helping to give the soldier boys their supply of smoking. Mrs. C. S. Broad headed the list of lady contributors with a dollar contribution, saying she was glad of the opportunity to do something in addition to the regular Red Cross work for the boys. Furthermore, she stated that she expected to make a monthly contribution to the fund of 25c, which would assure one soldier boy of a monthly supply of tobacco. And that gives us an idea. If you can't send in a big contribution now, just send a quarter this month, and next month send another, and so on—some soldier over in the trenches is going to feel mighty grateful to you for your thoughtfulness and kindness. According to the arrangements made by The Standard, every 25c contribution will purchase 50c worth of tobacco, which will be forwarded to our fighters in France. With each package will be sent a post card with the donor's name, so that the soldier boy receiving it may know from whom it came, and be enabled to acknowledge receipt of the gift. This post card will then form a memento of your kind act.

Probably the most enthusiastic person, with reference to the tobacco fund, is H. McMahan, recruiting officer for the U. S. army, who has been stationed at Brady. Mr. McMahan has been in the service a long time and he can really appreciate the pleasure and satisfaction a soldier derives from a quiet smoke. Read his letter! It will make you want to dig down in your pocket and contribute also.

Help swell the list and by next Friday have it read a couple of columns long. Read the following:

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadersville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before. I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not had to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal no more gripping, and I would take a dose now and then, and was in good shape."

I cannot say too much for Black Draught for it is the finest laxative one can use. Theodor's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it.

ing letter from Mr. McMahan—it will give you the spirit in which the soldier boys will receive your gift:

"Enclosed in this letter you will find one (\$1.00) dollar that I am giving you towards your tobacco fund for the soldiers in France. I have belonged to the service going on eight years and am now on recruiting duty in your little city.

"When we first entered the war there were several people who wanted to pass a bill prohibiting the use of tobacco in the army.

"I have always found that a good smoke makes you think better and breaks the monotony while waiting for an order for some movement to be executed. There were several times that I remember very well when I have been out about fifty miles in a country that didn't have any stores or any way to get a smoke and so I saved up the butts for future use.

"I don't know how long it will be before I am ordered to France and when I do get there I would like some time to receive a good old sack of Bull Durham when my supply has about run out.

"There are several of the boys that are across the pond now that I have soldiered with, and I know that they will be glad to receive any kind of a present that is of some use.

"There are several orders that girls belong to that are always sending goodies or some foolishness to soldiers, which do not do you any good or stick to the ribs like smoking or the comfort bags that are being made.

"H. McMAHAN,
 U. S. Army Recruiting Officer,
 "Brady, Texas."

Don't forget that The Standard is ready at all times to accept contributions to the tobacco fund. If you cannot give more, give a quarter. With it we will be enabled to secure 50c worth of tobacco for the soldiers. If you can, give more—go as far as you like.

Has a High Opinion of Chamberlain's Tablets.

"I have a high opinion of Chamberlain's Tablets for biliousness and as a laxative," writes Mrs. C. A. Barnes, Charleston, Ill. "I have never found anything so mild and pleasant to use. My brother has also used these tablets with satisfactory results."

"THE MAN WITHOUT A COUNTRY."

The Standard last Friday completed the publishing of Edward Everett Hale's great story, "The Man Without a Country." If any of our readers failed to read this masterpiece, they should look up and read the story in its entirety. It was published in two installments, the first appearing in our Tuesday issue of August 27th, and the second and last in our issue of Friday, September 7th. While the story is pure fiction, yet it is so graphic a manner, and so skillfully are the emotions of the man who cursed his own country brought out, that it teaches patriotism of the highest order.

So highly is the story regarded, and of such great patriotic value in this time of war, that it has been dramatized and filmed for presentation in the "movies."

The following is the tribute paid to the story by the Fort Worth Star-Telegram:

"Announcement is made that Edward Everett Hale's 'The Man Without a Country' has been filmed and will shortly be shown in the New York theaters.

"If the picture successfully reproduces the spirit of the story we can say unhesitatingly that producers have performed a genuine service to the nation at this time in making it possible for the millions of Americans who attend moving picture shows to become familiar with this immortal work.

"We know of no single work better calculated to stir Americans into a consciousness of what their country means to them, or rather what it should mean, than the tale of poor Philip Nolan. It may be that the picture will fail in its purpose because of difficulty of transferring the story to the screen, but the attempt is certainly praiseworthy and we may hope that it will prove entirely successful.

"Meantime, we think it would be an admirable idea at this time for Americans to read the story and ponder over its lesson. Those who have read it before may read it again with profit, and those who have never read it owe it to themselves and to the nation to read it as soon as possible."

ROUND TRIP.

Editor Billings of the Menard Messenger, chronicles the de-

mise of the Semi-Weekly Standard under the heading of "War Casualties," and opines that there are "too many highways leading from Brady." But they all lead back to Brady, Josh, and those that travel them all come back, too. Maybe so, the semi-weekly will also "come back."

FAKIRS.

The Standard has noticed numerous of its exchanges carrying an advertisement of the Grant Lands Locating Co., of Portland, Ore. The Standard also received the order for inserting the advertisement, but refused on the ground that we believed it a "fake" and that innocent subscribers might be mulcted of \$1.00 which the company asked be sent them for information regarding the wonderful lands they had to offer. Our suspicions were confirmed last week, when the "American Press" exposed the company as having vamoosed pi yi, and that Federal officers were on their trail for misuse of the mails.

That the company was a fraud was evident on the face of their request to publishers. They asked for no advertising rates; merely ordered the ad run for three months, and "send us bill monthly." Anybody can send a bill, but it takes a darn good collector to collect some of them.

Rev. John Power edits a column each week in the Brownwood Bulletin under the heading of "The Parson's Column." Last week through this column, the Parson made an offer to preach this editor's funeral sermon whenever it may be required. Thank you, Parson, but we won't hear to it.

Well, well! Who would have thought it Dallas has gone dry by a couple thousand majority vote. And Fort Worth's John Barleycorn is to have a public trial before the sovereign voters on October 8th. In view of Dallas' action, it is very likely that old John will be guillotined in Tarrant also.

We don't tell you that good tailored suits have not advanced in price, but will say that the difference is so small that you will have to bring your spy glass to detect it. So don't be afraid to look for your Fall Suit in Ed V. Price & Co.'s line. We have our new woollens in already. Mann Bros.

LONGVIEW, TEXAS, MAN CAN NOW WORK AS GOOD AS ANYBODY

Writes Tanlac Company That He Is Now Gaining 5 Pounds a Week—Only Weighed 130 Pounds. Now Weighs 155.

One of the strongest evidences of the rapidly growing popularity of Tanlac and of the wonderful results it is accomplishing is the large number of letters that are being received daily from well-known men and women throughout the South.

Scarcely a day passes that scores of letters are not received from grateful users of Tanlac and their statements are indeed remarkable. Among the number recently received is the following letter from William Breed, of Longview, Texas, which is published word for word, just as it was written.

Longview, Texas, January 13, 1917.

To Whom It May Concern:

On November 25th I bought one bottle of Tanlac and commenced taking same according to directions. I weighed only one hundred and thirty pounds. In ten days I gained seven pounds and I am gaining at the rate of five pounds a week and weigh one hundred and fifty-five pounds at the present time. Tanlac beats any medicine that I have ever taken to build up a run-down system. I would not take \$100 for what it has done for me. It is the best medicine that I have ever taken for catarrh of the head and I have tried several different kinds of catarrh medicines. My catarrh is nearly gone, also my stomach trouble of which I have been suffering for more than twenty years, has almost disappeared, and I give all praise to your great medicine. When I commenced taking Tanlac I could not do a day's work, but now I believe I can do as much hard work as any man.

Very truly,
WILLIAM BREED,
R. F. D. No. 7

Experience the Best Teacher.

It is generally admitted that experience is the best teacher, but should we not make use of the experience of others as well as our own? The experience of a thousand persons is more to be depended upon than that of one individual. Many thousands of persons have used Chamberlain's Cough Remedy for coughs and colds with the best results, which shows it to be a thoroughly reliable preparation for those diseases. Try it. It is prompt and effectual and pleasant to take.

NOTICE TO AUTOISTS.

We want to call your attention to the fact that the new State law concerning automobile light condensers is coming to the point to where you will be forced to comply with its terms. If you hunt big game there is no rifle so well adapted for your requirements as one of the various Winchester models. If you shoot birds or wild fowl a Winchester repeating shotgun will surely please you. There is this advantage in buying a Winchester gun, that is, its entire dependability. Some guns are made to sell. Winchester are made to satisfy. That they do satisfy is shown by the fact that they are used by about two million shooters throughout the world. When buying remember

RETURN FROM TRIP.

Dr. and Mrs. J. B. Granville and Son on Extensive Tour.

Dr. and Mrs. J. B. Granville and son, Horace Roland, returned Saturday night from an extensive tour over West Texas, New Mexico and up into Colorado, and Horace Roland may easily lay claim to being the most extensive traveler of any chap of his age, having spent one-fourth of his life on the tour—he is now four months old.

Dr. Granville reports a most enjoyable trip, and the sight of numerous precipices and bottomless chasms remains so vivid that he sometimes awakens at night clutching at the side of the bed as though he were on the edge of an abyss.

Their journey included visits to the following points: Roswell, Santa Fe, Glorieta, Las Vegas and Raton, N. M., Trinidad, Pueblo, Colorado Springs, Manitou, Louviers, Denver, Idaho Springs, Estes National Park in Colorado. They retraced their way via Amarillo and Plainview.

Roswell they report a most attractive place, and the scent of the alfalfa fields, and the sight of the apple orchards and splendid homes is one long to be remembered. Pueblo is a great agricultural and industrial center. Manitou, at the foot of Pike's Peak, is another interesting place. At Louviers is located a big DuPont powder mills. Dr. Granville has a cousin there whose daily occupation is the handling of 12,000 pounds of nitroglycerine.

Dr. Granville reports that the best stretch of road on the entire trip was the 14 miles of road on the last lap of the journey—the road leading into Brady.

Dr. Granville says a great injustice is being done this country

by the routing of tourists from Amarillo to Wichita Falls and thence to Fort Worth and Dallas and through Central Texas to the coast. The garages direct tourists that way, and even the guide books to be found at the garages give that route preference. The doctor thinks that it is up to San Antonio to do some liberal advertising of the route through this section to San Antonio, as the scenic wonders are greater, the road bed better and most any little stream in this section abounds in fish such as would make Colorado fishing resorts green with jealousy.

SPECIAL REVENUE TAX ON PATENT MEDICINES.

On account of certain acts recently passed, and now being passed by the U. S. Congress, exacting special taxes on all patent or proprietary medicines, all kinds of toilet articles, perfume, toilet soaps, cosmetics, pomades, etc., requiring that every bottle, box or package be taxed, and in passing such acts the manufacturers of these commodities are advancing the prices all along the line, thereby forcing the retailer to charge a higher price than heretofore. The common run of such articles as have usually sold at the old-time price of 25c, 50c and \$1.00 are now selling at 35c, 65c and \$1.25, and many of the former 10c articles are now selling for 15c, and in some instances 2 for 25c. The articles that sold for 35c formerly, now sell at prices varying from 40c to 50c, according to the article.

SOCIAL NOTES

Five Hundred Club.

The Five Hundred club will resume its regular weekly meetings on next Friday, the members meeting with Mrs. W. E. Campbell.

Five-Forty Club.

The G. L. Gray entertained charmingly on last Friday afternoon for members of the Five-Forty club. Present were Mesdames S. H. Mayo, C. P. Gray, John Schaeg, N. A. Collier, J. E. Shropshire, Wm. Bauhof, A. B. Cox, Roy Wilkerson, J. D. Branscum. Mrs. Oscar T. Doell was an invited guest.

At the close of the afternoon's series of "5-40," the hostess served brick ice cream and cake.

The club meets this afternoon with Mrs. S. H. Mayo.

Bridge Club.

The members of the Bridge club met on Wednesday afternoon as guests of Mrs. Bailey Jones, with the following members in attendance: Mesdames W. D. Crothers, W. E. Campbell, R. W. Turner, H. B. Ogden, Herbert L. Wood, G. R. White, E. E. Reynolds, G. L. Gray, W. R. Davidson. Guests were Mesdames J. B. Wilkerson, Rufus Adams; Miss Elizabeth Wilkerson.

Guest prize was received by Mrs. Wilkerson, and club prize by Mrs. White, who donated it to the Red Cross fund.

The hostess served a salad course with an ice.

Mrs. Reynolds entertains for the club next week.

Informal Dance.

The young folks enjoyed dancing at K. P. hall last Wednesday night. Those enjoying the occasion were Misses Norma Samuel, Lessie Samuel, Lucile Benham, Rebecca Francks, Anne Lila Wickes, Nan Vaughn, Thelma Gray, Mamy Spiller, Mildred Norris, Eisa tiebel, Euna White, Edith Brooks, Eliabeth Wilkerson, Fannie Blocker, and Messrs. Chas. Koerth, Oscar Bradley, Gus Shropshire, Joe White, Robert White, Harry Mil-

ler, Robert Harward, Jesse Livingston, Edwin Broad, T. Gray, Herbert Goodman, Jamie Brook, Jim Turman, Luther B. VanLandingham of San Antonio. As chaperones the following were in attendance: Messrs. and Mesdames S. A. Benham, Dick Winters, Rufus Adams.

Celebrates 75th Birthday.

On yesterday evening some fifty or more friends, both old and young, gathered at the comfortable and hospitable home of Mr. and Mrs. W. R. Pence on the Brownwood road, to help commemorate the occasion of Mr. Pence's 75th birthday anniversary. There were no flowery speeches to mark the occasion, but there was hospitality, pleasant conversation and good will pervading the atmosphere that marked it as a red-letter day for all so fortunate as to be present.

Words could not do justice to the supper that was spread before the guests—in fact, the guests could not do justice to all that wonderful array of edibles, although each and every one did their very best. The barbecue was prepared by Kid Jeffers, a master hand at preparing this appetizing dish, and upon this occasion Mr. Jeffers acquired additional fame by setting before the guests such barbecue as a King might be proud to have.

Then there were salads galore, as well as every dish imaginable in the culinary art and in which the good ladies of Live Oak community excell, supplemented by the most delicious array of pies and cakes that any man ever feasted upon. The master cake was marked with the numerals "75" denoting the number of mileposts that the guest of honor had passed.

Mr. Pence is a man of remarkable vigor and vitality. In the past fifty-five years he has taken medicine but one time. He rides horse back, and maintains his health and strength by his daily out-door life.

Born in Pennsylvania, he first located in California, where he remained nine years. Then he and his good wife came to McCulloch county and Brady, locating on their present home site

thirty-six years ago. Throughout Mr. Pence has been a good and upright citizen, loved and respected by all who know him.

Those gathered last night to join Mr. Pence in his celebration and whose good wishes for many a return of the day were heartfelt, included: H. E. Finigan, wife and daughter; D. C. Pence and family; W. B. Burt and family, Dewey Pence and wife, E. J. Howard and wife, J. D. Benson and wife, W. E. Benson and sisters, Kid Jeffers and family, Jack Crew and family, M. S. Sellers and family, Mrs. Grace Smith and children, Mrs. A. J. Priddy and daughter, Gertrude, and son, J., and Harry F. Schwenker.

Complimenting Brother.

Mrs. Miles Abernathy entertained at her home on last Friday night in honor of her brother, Lieutenant George Woody, of Tilden. The guests included Messrs. and Mesdames Sid Espy, L. J. Abernathy; Misses Mary Snider, Nell Couch, Stella Tra-week, Ruhamia Snider, L. Rose Couch; Messrs. Warren Harkrider, Ernest Snearly, Julian Behrens, Jimmie Espy and the guest of honor, George Woody.

Forty-two was the diversion of the evening, and music and a reading by Miss L. Rose Couch helped pass the time most enjoyably.

The hostess served iced ambrosia and cake.

THE WARNER LENS.

A requirement of the new automobile law, which went into effect July 1st is that your headlights must not throw the rays of light more than four feet high from the road level. Our Warner Lens absolutely stand the test and are guaranteed for the life of the car. They are recommended by every Chief of police in the state as they fully comply with the new law in every respect. Our guarantee stands behind them. The fact that they are being used on all late models of higher priced cars is sufficient proof of their merits.

CALOMEL SALIVATES AND MAKES YOU SICK

Acts Like Dynamite on a Sluggish Liver and You Lose a Days Work.

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and cannot salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work.

Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

Safeguards Health of The Children

Constipation, or inaction of the bowels, is a great menace to health. Cathartic or purgative remedies should never be given to children as the violence of their action tends to upset the entire digestive system. A mild laxative is far preferable, and the combination of soluble laxative with peppermint known as Dr. Caldwell's Syrup Pepsin, and sold in drug stores for fifty cents a bottle, is highly recommended. This preparation contains no opiate, narcotic, or habit-forming drug of any description, is mild and gentle in its action, and affords relief in an easy, natural manner. Its pleasant taste appeals to children and they take it readily. Thousands of mothers have testified to the merit of Dr. Caldwell's Syrup Pepsin, and in countless homes it is the standard family remedy. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 426 Washington St., Monticello, Illinois.

BRADY CATTLE SHIPMENTS LOOM UP-625 CARLOADS

The Standard has received a number of requests from cattle men as to the number of cattle shipped out of Brady recently. Through the courtesy of Agents Chas. Weise of the Frisco and G. M. Bennett of the Santa Fe, we are informed that a total of six hundred and twenty-five car-loads, with a grand total of 18,750 head of cattle had been shipped out since January 1st and up until September 1st. As the figures do not include the shipments from Whiteland, Rochelle and Mercury, it can readily be seen that McCulloch is still some "cattle country."

LEMONS MAKE SKIN WHITE, SOFT, CLEAR

Make this Beauty Thion for a Few Cents and use for your skin.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to whiten the skin and to bring out the roses, the freshness and the hidden beauty. But lemon juice alone is acid, therefore irritating and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white; then shake well and you have a whole quarter pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach clear, smoothen and beautify the skin.

Any druggist will supply three ounces of orchard white at very little cost, and the grocer has the lemons.

We have a good price on and a good assortment of Matting and Matting Art Squares. O. D. Mann & Sons.

SECOND QUOTA NAMED BY EX-EMPTION BOARD

The mailing of the cards notifying the members of the draft army who are in the second quota, was completed by the local exemption board late this afternoon. The mobilization of the new recruits will take place at 2:00 o'clock on the afternoon of the 18th, in order that all preliminaries may be completed and everything be in readiness for the 19th, the day set for the call of the 40 per cent of each county's entire quota.

The local board had delayed action as long as possible in the hopes of receiving word from the district board on claims presented by various members under draft, for exemption. However, no word has been received, except that Jamie Brook has been granted exemption by the district board on industrial grounds.

In order to take care of any shortage in numbers caused by men being exempted by the district board, the local board has sent notices to 55 men to appear. This will give 15 men over the required 40 for the second quota. The following are the ones to whom notice has been sent:

MOTHER! YOUR CHILD IS CROSS, FEVERISH, FROM CONSTIPATION

If Tongue is Coated, Breath Bad, Stomach Sour, Clean Liver and Bowels.

Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without gripping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels, and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company."

A DANGEROUS MISTAKE

Brady Mothers Should Not Neglect Kidney Weakness in Children. Many children have weak kidneys. An early warning is bed-wetting. Often followed by backache, headache, languor. 'Tis a mistake to neglect these troubles. To blame a child for its own distress. Seek to check the cause. Save the child from dangerous kidney ills. Doan's Kidney Pills are especially for weak kidneys. Brady parents know their worth. Mrs. J. T. Ogden, Brady, says: "A younger member of my family was troubled by kidney weakness and she had frequent headaches. She used two boxes of Doan's Kidney Pills, which I got from the Jones Drug Co., and they relieved the symptoms of kidney complaint and proved beneficial in every way. Since then, her kidneys have been normal." Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Ogden recommends. AN ORDINANCE.

Regulating the driving of horses, mules and other animals, and automobiles and motor vehicles in the City of Brady, Texas, and the stopping of horses, mules and other teams, and the parking of automobiles and other motor vehicles, and providing a penalty.

Be it ordained by the City Council of the City of Brady, Texas:

That from and after the passage of this ordinance it shall be unlawful for any person to park any car, automobile or other motor vehicle of any kind on any street within the built-up portion of the business section of the City of Brady, Texas, or upon the public square in the City of Brady, Texas, without said car, automobile or other motor vehicle being so parked that said car, automobile or other motor vehicle will be at an angle of 45 degrees with the curbing, and with the curbing on the right of such car, automobile or other motor vehicle so parked, and with the right fore-wheel of said car, automobile or other motor vehicle at a distance of not greater than eighteen inches from the curbing. And provided, that Blackburn Street from the public square to where it intersects with South Sixth Street shall be considered within the built-up portion of the business section of the City of Brady, Texas, and provided no car shall be parked or any team hitched or stopped within 20 feet of any street corner.

That from and after the passage of this ordinance, it shall be unlawful for any person within the City of Brady, Texas, to stop any team of horses, or mules or any other team, or any horse or any mule or any other kind of a team, or any vehicle of any description, or any car, automobile or motor vehicle in such a manner as to interfere with traffic or so as to block any street or any part of any street in the City

of Brady, Texas.

Provided, that it shall not be considered a violation of this ordinance to load or unload merchandise in front of any business house, but in that event no longer time than 15 minutes shall be allowed for such loading or unloading.

That from and after the passage of this ordinance it shall be unlawful for any person driving any car, automobile or motor vehicle, or any horse, mule, or team of horses or mules, or any team of any description in the City of Brady, Texas, to turn said car, automobile or other motor vehicle, or any horse, mule or team of horses, mules or other team, around except at street intersections; and provided further that any person driving any car, automobile or motor vehicle, or any horse, mule or team of horses, mules or other team, shall at all times drive to the right of the turning

of Brady, Texas.

Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and shall, upon conviction, be fined in any sum not exceeding \$5.00.

Passed at a call meeting of the City Council of the City of Brady, Texas, called for the purpose on the 13th day of September, 1917, under suspension of Rule 21.

LIFT YOUR CORN OFF WITH FINGERS

Tells how to loosen a tender corn or callus so it lifts out without pain

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority, to use a drug called freezone, which the moment a few drops are applied to any corn or callus the soreness is relieved and soon the entire corn or callus, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callus without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callus. If your druggist hasn't any freezone he can get it at any wholesale drug house for you.

CITATION BY PUBLICATION.

THE STATE OF TEXAS. To the Sheriff or Any Constable of McCulloch County—Greeting:

You are hereby commanded, that you summon, by making publication of this citation in some newspaper published in the county of McCulloch for four weeks previous to the return day hereof, Ernest Ramsey whose residence is unknown, to be and appear before me, a Justice of the Peace in and for McCulloch county, at a regular term of the Justice Court for Precinct No. 1, of said county, to be begun and holden at my office in Brady, on the first day of October, 1917, at ten o'clock, a. m., to answer the complaint of James T. Mann and Duke Mann who compose the firm of O. D. Mann & Sons, in which said suit therein pending, in which said James T. Mann and Duke Mann are Plaintiffs, and Ernest Ramsey is Defendant, filed on the 10th day of May, A. D. 1917, and numbered on the Docket of said court No. 1823, the nature of the Plaintiff's demand being in substance: Suit upon a promissory note given by the Defendant to O. D. Mann & Sons dated July 14th, 1915, and due October 1st, 1915, for the sum of two hundred and three and 85-100 dollars (\$203.85) and bearing interest from its date until paid at the rate of ten per cent per annum, and providing for an attorney's fee of ten per cent on both principal and interest, then due, if not paid in full at maturity, and if placed in the hands of an attorney for collection. Said note is long past due and is still unpaid, and the Plaintiffs have placed said note in the hands of their attorney for collection and this wherefore Plaintiffs sue for the sum of two hundred and seven and 95-100 (\$207.95) dollars balance due on said note; Plaintiffs also sue for two and 55-100 dollars on open account for goods bought from plaintiffs on August 14th, 1915, and for all costs of this suit. On the same day and date of giving the aforesaid note, the defendant in order to secure the plaintiffs in the payment thereof and all other indebtedness due the plaintiffs by him, gave to plaintiffs a chattel mortgage lien on one anvil, one Star blower, one vice with 4 1-2 face, and one hardy, all purchased from O. D. Mann & Sons January 14, 1914, also one Studebaker world surrey and set of double harness, purchased from O. D. Mann & Sons on July 23rd, 1915. Also one black horse about 2 years old (July 14th, 1915) 15 1-2 hands high, no brands, slight blemish on left hind leg, front feet white, no scars. Also one iron gray mare, two years old (July 14, 1915) 14 1-2 hands high, no brands, small wire cut on right hind leg. Plaintiffs also sue for foreclosure of their lien on all this property above described of the aggregate value of one hundred and ninety-eight dollars.

Herein fail not, but have you then and there before said court, at said regular term, this writ, with your return thereon, showing how you have executed the same. Given under my hand this 6th day of September, A. D. 1917. T. J. KING, Justice of the Peace, Precinct No. One McCulloch County, Texas.

FOR THE SOLDIERS.

There is a Brady lady whose patriotism is 100 per cent pure. She is too modest to allow her name to be published in connection with her patriotic efforts, but many Brady citizens will recognize to whom we refer from the recount of her activities—and everyone will have to admit that she is setting a brilliant example for the patriotic women of McCulloch county.

To begin with, this lady has "adopted" two soldier boys. She is not content with merely writing them cheering letters and working indirectly through the Red Cross, of which she is an enthusiastic member, but in addition she remembers each of her adopted boys in ways that bring letters of gratitude in return. For one she is knitting an army sweater, a helmet and wristlets, and for the other a sweater, a muffler and wristlets. She has sent each of them a "comfort kit," containing every manner of necessary and useful article. To one, on his birthday, she sent a pocket flash-light. This is just a beginning of the good things she has already done, and her work is only begun. Can you wonder that the soldiers write her letters of gratitude. One of them writes that he only wishes every member of his squad had such a wonderful "god-mother."

Now she is preparing candy for a soldier boy in the trenches—she has never seen him, but a friend has asked her to do this for the boy.

That is what we call pure, undefiled patriotism!

STATING THE CASE.

Some people seem to think that it is in order to continually gird at the Princes of Germany as cowards. They assert that they have none of them been wounded. The Parson protests against this. Whatever the Hohenzollerns are—and the Parson could call them many hard names—they are not cowards. If the Parson's memory serves him rightly, Prince Joachim was wounded in an early engagement. Nothing is gained either in efficiency or honor by abusing one's enemies. The thing is to hit him, and hit him hard.—"The Parson" in Brown-wood Bulletin.

"The Parson" states the case quite aptly. Too many American citizens and too many Amer-

ican newspapers think the way to fight the enemy is to repeat every vile and slanderous tale concocted by some irresponsible press agent. Deeds, not words, will win the war. Subscribe to The Standard's Soldier Tobacco Fund.

HELPING ONE ANOTHER.

"A Citizen" who writes the "Lost Creek Echoes," last Friday advanced an idea that is worthy of careful consideration upon the part of the citizens of McCulloch and surrounding counties. "A Citizen" usually writes articles of exceptional merit, but in his last article he dwelt upon a need that must, ere now, have become apparent to everyone. That is, that short crops and high prices of grain have rendered it impossible for many farmers to plant grain. He suggests that those who are able lend money to these needy farmers with which to purchase seed grain; allowing the borrower to pay back when he could. "A Citizen" has demonstrated his faith in this plan, as well as in his fellow-man, by loaning a neighbor money to buy seed for planting.

As he aptly says in his article, "Man Does Not Live for Himself Alone," but in helping his fellow-man, he is helping himself. Every bushel of wheat or grain added to our country's production, means helping out Uncle Sam that much—and incidentally helping ourselves. Then what better use can idle money be put to than this! Let those that have, give to their needy neighbors. It is bread cast upon the water, and the return is certain to be manifold.

WARNING.

The Parson was at Brady the other day. When he went for his morning plunge he thought he must have been carried off in his sleep and set down at Brown-wood—he could not see the bottom of the bath. Such a thing has never happened to him before in Brady.—"The Parson" in Brown-wood Bulletin.

Have 'em wash out the tub, Parson, before you take your plunge, and have 'em wash it good. Maybe some other Brown-wood man got in ahead of you!

The Standard has received several letters written by former citizens now living at a distance, in which are enclosed various and sundry articles of poetry, sentimental effusions and what-not. We are always pleased to publish letters from a distance, provided they contain information of interest or benefit to our readers; however, we cannot use matter as described above.

The Brady Sentinel is to be congratulated upon its new form. Since installing a larger press, Editor Sellers has discontinued the ready-print feature, and is now issuing a clean, all-home print paper of eight pages. We have always believed that the home paper should be devoted to home news. Foreign news and features can be supplied to the readers in up-to-the-minute and complete form by the state dailies and semi-weeklies, and at a cost within the reach of all. The ready-print is an abstract feature, neither complete nor up-to-date, nor does it permit the editor to control his advertising space. On the contrary, it shuts him out of an advertising field that rightfully belongs to him; as witness the fact that The Standard is now carrying foreign advertise-

LOCAL BRIEFS.

Marr, Ricks & Co report the sale of a Model 90 Overland to J. M. Doyle of Fife.

Mr. and Mrs. A. B. Stobaugh are receiving congratulations over the arrival of a fine son at their home last Sunday.

The sympathy of the entire community is extended Mr. and Mrs. S. J. Striegler in the loss of their infant son which died this afternoon.

Rochelle had a .7 inch rain Monday morning, the moisture falling from about 5 miles the other side of Rochelle to 3 miles on this side, and being sufficient to stand water in the fields.

Brady creek came down Tuesday on a 5-foot rise, as a result of heavy rains Monday evening in the Melvin and Lightner communities. When the old creek gets started to booming, it hits up the good work quite regularly and well.

Robert Harward spent Saturday and Sunday with home folks and friends in Brownwood. He reports one of the largest crowds he ever saw there on Saturday night to see off the company of National Guards who left on a Frisco special for Fort Worth, where they go into training at Camp Bowie. The National Guard was made up of 163 Brownwood and Comanche men. On September 19th, some 400 soldiers of the draft army are expected to pass through Brownwood, the Harvey house having received orders to prepare to feed that number. These soldiers will be on special trains en route to training camps at Fort Worth and San Antonio.

C. J. Nelin, who lives east of Brady on the San Saba road, was here Saturday, and reported that of all the rains had the past week or two, none had come his way. Mr. Nelin has a house about 30x40 in dimensions, yet off this entire roof he caught but about half a gallon of water. Within a mile of his place good rains were had and everything is looking green and the feed crops are growing fast. He has his wheat land broken, but has not had enough moisture to bring it up. Mr. Nelin is of the opinion that moisture in the ground attracts the moisture in the air, and cites as proof the fact that the Onion Gap country has had one good rain after another, while much of the surrounding country went comparatively dry.

Mr. and Mrs. G. J. Burger who left here a couple of weeks ago in company with Mr. and Mrs. G. A. Krueger and family on an auto trip to San Antonio, returned the past week and report a most enjoyable time. Mr. Krueger and family returned to Brady after their visit to San Antonio, but Mr. and Mrs. Burger went on to Sabinal, where they were guests of Mrs. Otto Peters. From there they went to Del Rio, 100 miles further, where Mr. Peters, who is foreman of a railroad bridge gang, was temporarily located, and looked across the muddy Rio Grande into Mexico. They report having passed through many fine communities and many desolate looking sections, but on the whole enjoyed the visit thoroughly. Especially did they enjoy visiting the parks and pleasure places in San Antonio.

A. F. Wood was here from the Richland Springs community yesterday, greeting his many friends, while enroute home from Dallas where he had just contracted for the purchase of a peanut thresher, huller and other machinery for a complete outfit. He reports that they have had splendid success with their peanuts on their place 5 miles northwest of Richland. Last year they had 1200 acres in cotton, and the balance in feed, but on account of the boll weevil becoming quite bad they decided to cut their cotton acreage down to 400 acres, even though they owned their own gin plant. The cost of their cotton crop in 1916 they figured at \$3.33 per acre, and in 1917 at \$2.59. The cost of working their peanut crop they estimate to be about the same. With peanuts worth \$1.35 per bushel, and the hay worth \$25.00 per ton, they expect to make \$40,000 off of the 800 acres devoted to this crop.

Brady boys who have enlisted in the service of Uncle Sam have been making records which are the cause of pride to all their relatives and friends left behind. Of the number, none has made a better record than has Lewis Tiptop. Following the completion of his training at Paris Island, where he was awarded a medal as marksman on the rifle range, he and his squad of eight men, with Lewis in charge, was shifted to New York City, while on business. Lewis is now engaged in Federal police service at New York, Boston and Newark, N. J. Henry King saw him there, and wrote that Lewis had gained 20 pounds, weighed 185, and had muscles like iron. In fact, all the other marines "laid off" of him, because of his prowess with fists and gloves. H. P. and Bosette Roddie, who are also in New York, spent some time with Lewis. Henry King, according to a letter received here, sailed the next day after being with Lewis, presumably for France.

CLAXTON TRACTS.

Smiling Faces the Result of Rain and Mud and Stock Water.

(Too Late for Last Week Rochelle, Texas, Sept. 5th.

Editor Brady Standard:

Rain, mud, stock water, grass and smiling faces are not an uncommon thing in this neck of the woods now.

The meeting is still going on, and there were three more baptized on Sunday.

Mr. and Mrs. Andy Hill are rejoicing over the arrival of a brand new boy at their home. Mother and wife both doing fine.

Mr. and Mrs. Frankum have been visiting in the Gap and attending the meeting.

Misses Mary Ewing and Leama At-taway were guests of Mrs. Gressett last week.

Mrs. Lucian Anderson and children were guests at the H. E. Anderson home last week.

Clint Bell and Edwin Harrison are in Coleman picking cotton this week.

The Bratton boys have been dipping the past week.

Mrs. Nannie Cottrell visited her daughter, Mrs. Bertha Gressett, the latter part of the week.

Mr. and Mrs. Bert Pence are in the turkey business. They have bought nearly 50 head and are still buying.

Boland Stewart doesn't let his neighbors get hungry for meat; he kills two heaves a week.

Byran Anderson is working at the Brady Lumber Co., taking the place of Alfred Blasdel.

Mr. and Mrs. Edd Lindeman and children of Brady visited at the H. E. Anderson home Sunday.

Ernest Bell has been visiting in the Gap and attending the meeting lately.

The Crochet club met last Thursday with Mrs. W. C. Clayton. Members present were Mesdames C. A. Engdahl, E. J. Howard, C. W. Reynolds, H. E. Anderson, Curtis Reynolds and Clyde Eubank; Misses Edna and Pearl Engdahl, Leama and Vivian Reynolds, Zola and Lochie Anderson. Cake and punch were served. Mrs. Clyde Eubank was honored with the next meeting. FAIRY.

WONDER WORDS.

Wonder, Ore., Sept. 6, 1917.

Editor Brady Standard:

Well it hasn't rained yet. Our last rain, I believe, was on the 13th of May.

I rejoiced to read in The Brady Standard that you had been blest with goods rains; for I know what that means to that country—abundant fall crops.

About twelve or fifteen years ago the people of this country dug up (or pulled up) thousands of prune trees because dried prunes were so cheap, and planted large pear orchards and large apple orchards.

Five or six years ago the pear orchards became affected with pear blight, and the apple orchards with San Jose scale, which caused many to pull up their trees and sow alfalfa and plant large hop fields.

Last election our state went dry, but the hop growers have not as yet dug up their hop vines. They find a market for their hops in other states where they are allowed to make beer.

Last year a sugar factory was put up at Grant's Pass and scores of farmers plowed up their meadows and planted sugar beets. Now hay is selling at \$26 a ton and is so scarce it is hard to get at any price.

Discontented, restless mass of fickle humanity! It is hard for us to divine what will happen next. We are all living in hopes for better times when the war is over.

Hoping that the good editor has recovered from his sickness, and that The Standard staff, also its many readers, are all in

good health and spirits, I say good bye.

O. I. C. U. R. RIGHT.

Mrs. Otto Peters of Sabinal, Texas, is reading McCulloch county news through The Brady Standard, the paper having been ordered sent her by her sister-in-law, Mrs. G. J. Burger.

Our new fall goods are coming in right along every day, and we will be pleased to show you our new Woollens, Hats, Shoes, Hosiery, Ties and, in fact, everything in Men's Wear. "We're Always First With the Newest." Mann Bros.

A. Steelhammer orders The Standard sent to Chas. Steelhammer, who removed to Gainesville several weeks ago, being employed in a machine shop there.

J. H. White, accompanied by his son, Joe, and daughter, Miss Maggie, left this morning for San Antonio, where they will visit Billie White. Mrs. C. T. White, who has been visiting in San Antonio the past several weeks, will return with them. In case Billie secures an expected furlough, he will also accompa-

ny them home for a short visit.

Mr. and Mrs. A. B. Stobaugh had something in the nature of a family reunion at their home on last Sunday, and the co-incident arrival of a new son, made the occasion likewise a birthday party. The visitors included W. P. Stobaugh, wife and baby, W. J. Stobaugh and wife and Miss Calie Stobaugh, all of Coleman, E. T. Stobaugh and family of San Saba and W. C. Stobaugh and family of Rockport.

C. S. Pence returned last week from New Mexico, where he and Mrs. Pence have been spending the past three months, and he reports Mrs. Pence's health as greatly improved by the change in the climate. Mr. Pence announces that he expects to dispose of his interests here and remove to New Mexico to make his home there in future. Mrs. Pence is at present with relatives at Lordsburg, N. M.

A Suggestive Combination.
 "So this is the watch you are giving your fiancé for his birthday. I don't fancy quite so much engraving on it, dear. Instead of 'Grace Osborn to Henry Lewis' why didn't you simply have the initials put on?"
 "I wanted to, dear, but 'G O to H L' seemed sort of rude and profane."—Boston Transcript.

A Rousing Welcome for Him.
 "Is your husband up yet?" inquired the early morning caller.
 "I guess he is," replied the stern woman at the door.

MANN BROTHERS GIVE HOME FOR AGED MINISTERS

As a memorial to their mother, Mrs. O. D. Mann, Messrs. J. T. and Duke Mann have presented to the Methodist church the property located just south of the Methodist parsonage, and known as the Stewart place. The object in making the gift is to provide a home for some superannuated minister and his dependent family. It is probably news to most members, but no fund has been provided for the care of old ministers who have lived their life for others, and who, when the shadows of life's evening grow long, find themselves thrown upon the mercies of their fellow men. Their care has, therefore, rested upon the greatness of heart of the people whom they have served.

Consequently the gift of the Messrs. Mann is a most appreciated and valuable one, and in acknowledgement the board of stewards passed resolutions of appreciation of the magnificent gift, at their last meeting, the resolutions being read at the morning service Sunday by the Presiding Elder, J. M. Perry.

Wife: "Are you sure he is crazy, Doctor?"
 Doctor: "You are his wife; you ought to know."
 Wife: "But I've been married twice before, and I thought he acted the same as the others.—Life.

Willie Hurd, who enlisted in the ambulance corps at San Antonio, is now stationed at Fort Clark, Texas, where The Standard brings him news of the home happenings each week.

COUNTY CORRESPONDENCE

WALDRIP LOCALS.

Rev. J. H. Taylor to preach from Thursday until Sunday.

Waldrip, Texas, Sept. 10.

Editor Brady Standard:

We are getting a little shower of rain most every week. Had a very good rain in some parts last night. Don't know though, how far it went, better about a fall feed crop.

Farmers are looking some. They wear a short smile now.

Mr. and Mrs. Winstead, Sr., and Mrs. Winstead, Jr., and daughter visited relatives at Coleman Sunday.

Mr. and Mrs. W. H. Ramsey and daughter Fannie, of Sterling City, are visiting their son, T. C., who lives near Waldrip.

Mr. and Mrs. Bradburn and two children, and Mrs. Bradburn's mother, Mrs. Duncan, are here to spend the winter.

Paul Powell has a position at Christoval and left last Tuesday to begin work.

Elbert Briscoe left last Wednesday for Farmersville, where he will coin the cash.

Mrs. Jasper Chaffin and Miss Lillie Chaffin of Coleman, Texas, are visiting relatives here.

Mr. and Mrs. J. H. Briscoe have moved to Clay county.

Every day, almost, someone leaves our community, until our population has decreased greatly.

Mrs. D. C. Randals is on the sick list this week.

Mr. and Mrs. Jim Gattis of Bangs, visited his mother, Mrs. N. S. Gattis, last Sunday.

We certainly did regret to hear of Dr. Guyton leaving Brady. He has a host of warm friends out here who think there is none equal to him.

Ben Hickey went to Brady Saturday to get some cotton pickers as they are sure scarce articles here.

Don't forget prayer meeting on Sunday nights. Visitors invited to come.

We are glad to announce that Brother J. H. Taylor of Brady, will preach here, from Thursday night until Sunday night. Everyone who doesn't come will miss a treat.

FIFE FINDINGS.

School to Open About October 1st—Principal on Hand.

Fife, Texas, Sept. 12th.

Editor Brady Standard:

Fife had two more good rains this week, but both were local. What we all need is about three days of slow rain to put a deep season in the ground. Everybody is busy either planting small grain or picking cotton now.

E. L. Hill and M. T. Bratton were visitors here from Waldrip Monday on business.

Prof. J. L. Francis and family came in Saturday from Brownwood to make their home with us.

Prof. Francis is principal of the school here and came in early in order to get things straightened out before school opens, which will be about October 1st.

Mr. and Mrs. H. D. Bradley returned Tuesday from a visit to relatives at Big Lake. They were agreeably surprised that we have had plenty of rain since they had left.

Wallace Guyton left for Waco Friday of last week on a business trip.

B. B. Nichols is at Trickham this week on business.

F. M. Ranne was at Brady on Monday after seed oats.

Mr. and Mrs. F. M. Bradley and family left Wednesday for their home at Eldorado after a couple of weeks' visit here.

W. W. Butler was down from the Marion community Tuesday on business.

Correspondent Amused—Boasts Better Mail Service Than City.

Brady, Texas, Sept. 12th.

Editor Brady Standard:

Who says we won't have any feed this winter? Just come and see the stubble putting out and fall planted stuff growing and the wheat and oats a-sowing!

Everyone is busy now gathering the (not) fleecy staple; it certainly is a job.

Mr. Jess Shaver and family returned from Red River county Sunday, and report things looking fine there. They brought a giant stalk of ribbon cane back, showing what they had down there.

Mr. and Mrs. Fonso Gressett and children of North Brady visited N. C. McShan's Saturday and Sunday.

Visitors at Mrs. E. Ohlhausen Sunday were Chas. Hilliard and family, Mrs. B. D. Dillard and children and Mrs. J. Newton.

Mesdames Tetens and McShan visited Mrs. W. A. Newton Sunday eve.

Misses Helen and Moody Tetens, Anna Lohn and Mable Huie called on Gordon Newton Sunday eve.

Miss Maud Newton spent the day with Miss Minnie Shaver Sunday.

Mr. and Mrs. H. D. Broyles returned home from Pontotoc Friday.

Mr. Shelton sold a bunch of calves from his place in the Gap Tuesday.

Mr. Bailey sold a bunch of hogs last week.

Our Central man and lady, Mr. and Mrs. Arthur Hall, of Lohn, moved to Brady this week. We regret very much to lose them. Their kind voices will surely be missed.

We received a copy of the Sentinel last week and were much amused at what the editor had to say in regard to The Standard being printed once a week—he said most of the subscribers were farmers who only got their mail once a week. We beg to inform him we don't live in the dark ages any more and that we get our mail every day and don't have to go as far as he does to get it. You see, we have Star routes and R. F. D.'s to deliver our mail.

I believe the correspondents have quit voting. Well, I never begin writing until late in the year and haven't cast a vote. So here goes one—I vote for "A Citizen."

STACY HAPPENINGS.

Around 50 Bales Had Been Ginned Up to Last Saturday.

Stacy, Texas, Sept. 11th.

Editor Brady Standard:

Monday night all the Stacy country was visited by a heavy rain. Places where the previous rains had missed, reported good rains and tanks filled to overflowing. In fact, I think all McCulloch county is wet. Wheat and fall oats has been saved, and some of the farmers will make fine feterita crops.

W. A. Brown, Henry Long and John Brown left this morning for El Paso on a business trip.

E. V. Casner of Alpine visited Mr. and Mrs. C. W. Hammons on Friday and Saturday.

Ben E. Davis and J. H. Snodgrass were in Brady Thursday on business.

O. S. Betsill, W. A. Brown, M. L. Smith and G. W. Vineyard were all in Brady Monday.

Rev. J. M. Burrow preached at Lohn Sunday night.

Stacy gin had ginned up to 50 bales Saturday. Cotton picking has been delayed some on account of rains for the last three weeks on Mondays and Tuesday's showers, and heavy rains have fallen in places over our community. The farmers up and down the river have had the most rain.

COW CREEK NEWS.

Mr. T. P. Neve and Mrs. Petty Married Last Friday.

Lohn, Texas, Sept. 10.

Editor Brady Standard:

Driscow Woods went to Lohn Friday afternoon.

Mr. and Mrs. S. T. Killingsworth visited Mr. and Mrs. John Weldon in Pear Valley Friday.

Mr. and Mrs. J. W. Kinsel went to Lohn Thursday.

Mrs. A. H. Harrison and Misses Arabella Harrison and Bertha Neve visited Mrs. John Ake Tuesday.

Mr. T. P. Neve and Mrs. Petty, both of this community, were married Friday in Brady. "Little Willie" joins their many friends in wishing them a long and prosperous life.

Several of the Cow Creek folks have been attending the Apostolic meeting at Onion Gap this week.

There was a singing Sunday night at Mr. and Mrs. E. W. Wood's.

J. A. Nance went to Lohn Monday.

R. E. DONNELL TO BE ADDED TO HIGH SCHOOL FACULTY

It will be good news to friends and patrons of Brady High school that R. E. Donnell is again to be a member of the high school faculty. Supt. Hughes received a wire from Mr. Donnell yesterday advising of his acceptance of the offer made him, and stating he would be here Monday ready to assume his duties. Mr. Donnell taught in the Brady high school some two or three years ago, and was one of the most popular of the teachers.

The addition of Mr. Donnell to the faculty has been made necessary by the large enrollment of students. F. E. Norton has had the task of instructing the 150 pupils in English, which is a sheer impossibility. Mr. Donnell will share some of the English classes, and will also relieve Mr. Hughes of part of his mathematics classes, which will enable Mr. Hughes to better superintend the work of both high and grammar schools.

In all but the first three grades of the Brady schools, the attendance is normal, showing that the loss of the transient class of citizens has not affected the higher grades of the schools. The seventh grade at the high school is crowded. The excellent showing at the high school is the result of the fair name of Brady high school as an educational institution. Many of the students come here from various parts of the county, several are enrolled from without the county, and a number of students who have been out of school for one, two and even three years have re-entered.

Brady high school has better than 20 units of affiliation with Southern universities. But the chief reason for the popularity of the school lies in the advanced ideas on education of Supt. W. L. Hughes. But one course of study is required, viz: English. All the rest are elective. When the pupil first registers, Mr. Hughes has a personal talk with him, in which the pupil's likes and dislikes are taken into consideration and a sympathetic understanding is reached between pupil and teacher. If the student has college ambitions, a college course is mapped out. If he has a distaste for a certain study, which may never be of benefit to him, another study is substituted. The morning session at the high school is now begun at 8:20 and the hour from 3:00 to 4:00 in the afternoon is devoted to the play grounds, the girls taking up tennis, basket ball and the like, while foot ball and military drills under Prof. Bowden's instruction are had by the boys.

Another feature is that of giving credit for manual training or vocational work outside of the school. Thus, one boy is working several hours a day in a bank, and receiving credit for his work the same as if he were studying a lesson at school. Another is employed in a garage and still another in a blacksmith shop, at manual arts that may be of more benefit to them than the study-

ing of a dead language at school. For this they are entitled to and are given credit.

While these educational methods are somewhat revolutionary in this section, they are popular in the north and the east. They have been introduced locally by reason of the far-sight and close study of Mr. Hughes, whose efforts have received the hearty endorsement of a school board no less progressive and wide-awake than he. The result may be well accounted a success, since Brady high school, with possibly one exception, is the only school in Texas in which the number of boys attending is larger than the number of girls.

TO FORM HIGHWAY ASSOCIATION AT DUBLIN TUESDAY

A meeting of the Fort Worth-Brady-Fort Stockton Highway association has been called to convene at Dublin on next Tuesday, September 18th, the object being to perfect the organization, elect permanent officers and outline policies for the co-operation of all counties and precincts enroute.

Representatives of the Federal and State Highways commissions are to be present, as well as other prominent speakers.

Dublin realizes the importance of this highway, intersecting, as it does all the important highways running east and west, and with an eye to securing the proposed Waco to Cisco highway routed via Dublin, her Young Men's Business league is making every effort towards the success of the meeting. Announcements have been mailed by them to every county good roads committee directing attention to the meeting, and visiting delegates are to be entertained with a banquet at the Evans hotel that night.

Brady also realizes what this highway means to her, and is arranging to send a big delegation to the meeting.

Secretary Chas. Weise has signed up many of the leading live wires for the trip, and it is hoped to send a representation of about fifty to the meeting. Everyone who can possibly do so, should join the bunch in their get-away Tuesday morning at 4:00 o'clock.

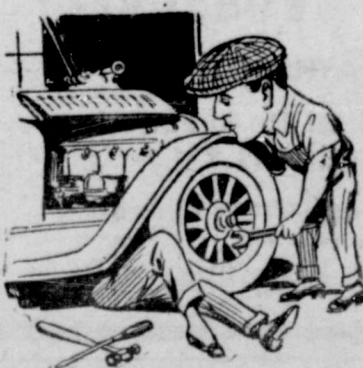

One of the most important results made possible by the forming of a permanent good roads association will be the securing of Federal and State recognition as well as aid in the maintenance of the highway.

Every live wire should sign up for the trip—and GO.
