BRADY CHAUTAUQUA OPENS MONDAY--FIVE DAYS' PROGRAM

DOUGLAS DRILL- ING AT 1900 FT. S. & J. AT 200 FT.

In addition to the report in The Standard's Tuesday issue concerning activities in the McCulloch county oil territory, in which practically all wells in the county were shown to be in operation, the chief item of interest is the resumption of operations at the Douglas Oil Co. well on Survey 1134. This well was shut down Sunday for

Here's The Big Offer: The Temple Daily Telegram

Seven days per week, mailed to any address in the United States from now until Jan. 1, 1920, practically seven months for the small amount of three dollars.

The Telegram is the logical paper for you to take. It gives you news of your own and surrounding counties obtainable through no other source. Act today—the sooner you take advantage of this liberal offer the more you get for your \$3. And remember, you get the Telegram several hours earlier than any other MORNING paper published.

a wire drilling line, which arrived Wednesday, and drilling was resumed at 1900 ft.

Report from the Smith & Jergins well on Survey 42, is that drilling is at a depth of 200 ft. and the drill is now on the walking beam.

At the Prairie Oil & Gas Co. well on Survey 89, a cave was reported stopped with cement, and drilling is proceeding at around 2500 ft.

The Texas Oil & Refining Co. well, J. H. Gibson Survey 1, is still tied up with a fishing job.

Among the visitors here this week is J. Steve Anderson, representing Anderson & Prichard, oil producers of Oklahoma City, and who also maintain offices in Wichita Falls. Messrs. Anderson & Prichard own lease on 63,000 acres in McCulloch, Mason and Menard counties, including the Frank Wilhelm, Johanna Wilhelm and Max Martin ranches, having become interested in McCulloch county thru the efforts of S. W. Hughes & Co., Mr. Anderson is spending several days here going over his property and the development in this and adjoining counties. He is highly pleased over the reports here and speaks in terms of highest praise of the work of publicity and development done by the Brady Chamber of Commerce. Especially did the advertising and publicity work done by the Brady Chamber of Commerce through the special Texas Oil editions of the New York Tribune and New York Herald come in for much favorable comment from Mr. Anderson.

CHAUTAUQUA TO OPEN NEXT WEEK TEN NUMBERS

The Brady Chautauqua will open next Monday, June 16th, with a five days' program of splendid musical and entertainment numbers. First on the program is the Cartwright Bros. Quartet, in both afternoon and evening performance, with Dr. Roland A. Nichols speaking at night on "The Man Worth While."

Tuesday night Dr. L. G. Herbert, who was accorded such warm reception last year, will again appear in a lecture on reconstruction and its problem, entitled "What Next?" The Helene Burgess String Quintet will also entertain with both afternoon and night performances.

The third day has a splendid feature in the Royal Hawaiian Singers and Players, with Sergeant Edwards, Canadian war hero, in an interesting talk at night.

Thursday afternoon and night, DeWillo, will entertain in remarkable fashion with the concertina. At night, M. H. Jackson lectures on the "Shamrock and Heather" and Morris G. Hindus, Russian scholar, gives an insight into the chaos and upheaval in Russia.

The closing day's program, Friday, will be a musical entertainment by the fifteen Navassar girls, in novel orchestral music.

The entire ten numbers of the chautauqua program are available to citizens of Brady and McCulloch county for the small sum of \$2.00 for a season ticket. Any one of these attractions, if presented on a regular theatrical circuit, would bring \$2.00 a seat—yet the whole is available for this small cost. Another thing, all proceeds over and above the \$750.00 guarantee and incidental expenses are

to go to the local fire department—and if ever there was a worthy cause, it is to help our fire boys.

The ticket selling committee reports they still lack something over 100 tickets of being assured the \$750 guaranteed the chautauqua bureau and enough over to cover incidental expenses. Failure to at least make up this deficiency will, of course, let the burden of expense fall upon those merchants and citizens who were public-spirited enough to sign the contract for the return of the chautauqua this year.

It must be borne in mind that the sale of season tickets closes at noon on the opening day of the chautauqua, next Monday. Season tickets purchased prior to this time will, after the guarantee is made up, swell the fund to go to the fire boys. After the opening of the chautauqua, but a very small percent of the ticket sales will be received by our boys. For this reason, every citizen is urged to buy his or her tickets now—help the boys—help to assure to success of this greatest of all educational features that has ever come to Brady. To help, you must buy season tickets.

CHAMBER OF COMMERCE SUB- SCRIPTIONS LAG

Subscriptions to the Chamber of Commerce fund lag. Up to date the total amount subscribed has been only \$2770, with the goal set at a minimum figure of \$5000. Practically the whole of the amount raised was secured by the committee in its first day's work. As a matter of fact, but little work has been done since, everyone being busy with their grain crops. However, it is the intention of the various committees to take up the work again, as soon as possible, and push it to a successful completion. There is no such word as "fail" in the lexicon of Brady live wire boosters. All subscriptions are being accepted only with the understanding that at least \$5,000 be raised. If the total subscriptions fall below this figure, then all subscriptions so far received will be returned and the matter dropped. Brady and McCulloch county now stand at the crucial point in development. Success or failure are before us—whichever the citizens choose.

In order to acquaint the citizenship with who have so far contributed to the Chamber of Commerce fund, and the extent of each one's support, the following list of contributors is published. Every citizen should appoint himself a committee of one to urge his friends to join and help in the move to continue McCulloch county as the most-talked of and best advertised county in the South. Your influence and support will do it.

KID JEFFERS SETS PRICE RECORD PURCHASES ANGUS BULL, \$2,000

DEAL SETS TWO NEW RECORDS—HIGHEST PRICED ANGUS TO GO TO STATE OF TEXAS; ALSO HIGHEST PRICED EVER HAD BY SOUTHERN BREEDER.

Kid Jeffers, well-known McCulloch county stock farmer, living eight miles north of Brady on the Brownwood road, is heading his herd of cattle with the highest-priced Angus bull ever brought to Texas. The deal is mentioned in the Fort Worth Daily Live-Stock Reporter of June 3rd, as follows:

"Black Royal Eston, a half brother of Erwin C. was purchased at Kershaw's sale on the Kershaw Stock Farm at Muskogee, Okla., recently by Kid Jeffers of Rochelle, for \$2,000. This is the highest-priced Angus bull to go to the State of Texas and is also the highest-priced Angus bull ever sold by any breeder in the South or Southwest, setting two records.

The Kershaw sale, was disposed of to Fred Holmes of Shamrock. The eighty-one head in the offering sold for an average of \$355.92."

THE MOST DANGEROUS DISEASE

No organ of the human body is so important to health and long life as the kidneys. When they slow up and commence to lag in their duties, look out! Find out what the trouble is—without delay. Whenever you feel nervous, weak, dizzy, suffer from sleeplessness, or have pain in the back—sleep up at once. Your kidneys need help. There are signs to warn you that your kidneys are not performing their functions properly. They are, in fact, doing their work and are allowing impurities to accumulate and be converted into uric acid and other poisons, which are causing you distress and will destroy you unless they are driven from your system.

CLAXTON ECHOES.

Crops Looking Fine With Exception of Cotton—Not Growing Well. Brady, Texas, June 9.

Editor Brady Standard: Well, I say! "Rain again, sure 'nough" as our good editor says, and it is raining while I am writing this. We had a regular "zuley washer" Sunday night.

Some of the farmers harvested grain Sunday and to look at everything now it looks like a good idea.

News is rather scarce at present, as everyone is at work.

Brother Anderson held services here Saturday night, Sunday and Sunday night. Also a few nights last week.

Mrs. Sam Cole called at the Chas. William's home Sunday afternoon.

Mr. and Mrs. L. J. Milburn visited at the Albert Hibdon home Sunday.

Misses Ella Mooring and Frankie Ince were in Brady Friday and Saturday taking the examination. They had a run-away coming home Saturday evening, but both escaped unhurt.

Miss Lockie Anderson left Sunday for Austin where she will attend school.

Little Ora Bell Williams has been sick this week but is better at this writing.

All the farmers are busy harvesting their grain here and what haven't any grain, are killing weeds, as we have plenty of them.

Crops look fine here, all but cotton. The cut worms got most of it, and what they left doesn't seem to be doing much good.

The Turner family of Brady spent the week-end visiting relatives and friends at this place.

Misses Ella Mooring and Frankie Ince left Sunday for Denton, where they will enter school.

Miss Pattie Cole took supper at the Turner home Sunday.

Miss Irena Mooring has been spending a few days with her brother in the Rochelle community.

Mr. and Mrs. I. C. Elliott's little daughter, Opal, has been on the sick list this week. We are glad to report her better.

Misses Pattie Cole and Nila Elliott were seen riding a Bohelle Saturday afternoon in what they call "jitneys."

Mr. and Mrs. Jacobson had a message from their son, Abb, one of our soldier boys, stating that he had landed safely on this side of the "pond" and expected to be home before long.

Mr. Elder Turner is sporting a new Ford.

Bro. and Sister Anderson who have been visiting here for some time left Monday for Clarksburg, where he will hold a State meeting.

Miss Ellen Jacobson spent Sunday with her sister who is in Brady sanitarium. She has just undergone an operation. Ellen reports her doing nicely.

LOHN LOGIC.

Ernest Teten and Bill Yeargan Back in U. S. from Overseas. Lohn, Texas, June 10. Editor Brady Standard: The news starts as usual, with a fine rain—one of the finest rains of the season fell early this morning, with the slightest damage to the grain crop, as it fell with practically no wind.

Miss Caroline Barton spent Saturday night with Miss Ethel Harris.

The party at Ira Hester's Tuesday night was enjoyed by a large crowd.

A pie supper Saturday night at the Tetens home was enjoyed by all present.

A nice crowd enjoyed a birthday dinner at the Brock home Sunday. Cream and cake were served in the afternoon.

Fred Teten received a telegram from his son, Ernest, stating that he had landed at New York. News has also been received that Bill Yeargan has arrived in the dear old U. S. A.

The Miss Ovelby's entertained with a candy-breaking one night last week.

Several young people from Pear Valley attended church at Lohn Saturday night.

Miss Ada Hester entertained Miss Pearl Johnson and Lesley Ward Saturday night.

Lee Brock and family and Miss Ada Hester attended the party at Waldrip Tuesday night of last week.

John Hester and family attended the birthday dinner Sunday.

Miss Edna Johnson spent Saturday night with Vida Carroll.

NORTH BRADY NEWS.

Crops Fine—Algerita Berries Fine—Fine Bunch Correspondents. Brady, Texas, June 10.

Editor Brady Standard: We have had two more real good rains. One early Monday morning and one Monday night. Crops are fine for this season.

The algerita berries are finer and better here this year than in several years, and are of excellent flavor.

Several have some of their cotton chopped out while some haven't begun yet.

About all of the fall oats are ready for harvesting.

The letters are all very interesting and such a list of writers, I believe we have a few new correspondents.

Mr. and Mrs. Kirby Huffman went to Lohn Sunday to visit her parents and her mother returned home with them for a visit.

Mr. and Mrs. John M. Johnson called on Mr. and Mrs. K. Huffman Sunday evening.

Mr. Middleton has gone to Concho county to cut grain.

F. Gressett and A. J. Cottrell visited at John M. Johnson's Monday and enjoyed a few games of "42."

Mr. Jonan Bell cut J. B. Cottrell's oats the past week. We will soon have roasting ears.

Some of the men were so busy killing weeds last week they never went to town Saturday evening.

Jesse Burk has put out sweet potatoes.

The writer was very much disappointed in not getting my letter in on Tuesday. The mail carrier failed to pick it up.

Jim Gressett of Claxton was seen in our community last Tuesday.

Grandpa Gressett returned last Tuesday night to his home near Comanche.

Rube Huffman has taken up the duties of a civilian, and is going right on with a crop.

Miss Kate Knoy of Tahoka, Texas, visited her sister, Mrs. J. M. Johnson last Tuesday.

Mrs. Ranne of Lohn, left Tuesday morning for Itasca, Texas to visit her daughter.

FAIR VIEW-LIVE OAK NEWS.

Albert Finigan Returning—Mrs. H. J. Huffman Improving. Brady, Texas, June 9.

Editor Brady Standard: We had another fine rain last night and the fall oats were all cut around here. Most all of them were in the shock so it came at the appointed time, and farmers are wearing broader smiles than for many years.

Mrs. Mollie Finigan received a telegram Sunday that her son, Albert, had landed safely and was well. He landed at New York and will be a great consolation to his grief-stricken mother—her companion just recently having departed from this life. It will be a glad, as well as a sad home-coming for the poor boy, not having seen his father for 2 years.

Word has just been received by Mrs. Myrtle Pence that her mother, Mrs. H. J. Huffman had entered Dr. Milling's sanitarium at Cisco where she will receive treatment by Dr. Willing for a time possibly three months. She was some better at the writing. She was subject to better spells but we hope that this time it was from the treatment and that she will steadily improve until she is in her own good health again. She had never been sickly until this late trouble attacked her something like a year ago.

J. E. Campbell and family are all up but one son, Perry, and grandson, LaVaughn, and we truly hope they soon will get the best of the flu.

Miss Annie Cottle, our assistant teacher and Miss Lynda Smallwood left Sunday at noon for Austin where they enter the University.

Grandpa W. R. Pence visited his namesake, Master W. R. Crew at Rochelle Sunday.

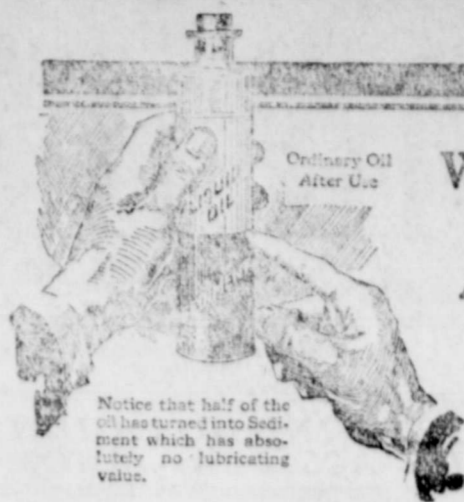

Mrs. Mollie Finigan and Mrs. D. C. Pence visited Mrs. Belle Taylor Sunday.

Kid Jeffries and family visited Jack Crew and family Sunday.

Clifton Crump was taken to Brady Sanitarium Monday where he will possibly be operated on for appendicitis. We hope the operation will be a successful one. He has been suffering with his appendix for some time and was swimming when he had a sudden attack and was taken as soon as he could get there.

What Heat does to your Automobile Oil

The heat of an automobile engine ranges from 200° to 1000°. This terrific heat breaks down lubricating oil and leaves a black sediment. The volume of this sediment depends absolutely on the ability of the oil to resist heat.

Veedol is made by the Faulkner Process. This new discovery gives Veedol its wonderful heat-resisting and wear-resisting properties. Tests in laboratory and on the road prove conclusively that Veedol reduces sediment 80%.

Your operating costs increase directly as the sediment in your oil increases. Keep down up-keep by using Veedol.

WONDER WORDS.

A Man's a Man When He is Manly, Courteous, Kind.

Wonder, Ore., May 30.

Editor Brady Standard:

Perhaps you have all read Harold Bell Wright's book "When a Man's a Man?" The distinguishing feature between a real man and just a human animal is principle. It may be inherent or it may be acquired, but the principle must be there to constitute the man.

Now, I am going to illustrate the two different characters; and I beg pardon if I do wrong in mentioning the name of one of your McCulloch county neighbors. I broke a wagon wheel just one mile north of the Beasley crossing on the Colorado. I was coming from Brownwood with a load of freight. It was evening. A man came along; he was a stranger to me, but he was a real man! He offered to take my broken wheel over to Millburn to the shop. I thanked him very much and asked him his charges. His reply to me was manly: "Help some one else whom you may find in trouble."

I assured him I would always try to do so. The next day here came a man with my mended wheel. It was Mr. J. P. Waddell. Perhaps you are all acquainted with him. I was glad to get my wheel back from the shop so soon; and through courtesy, asked him what I owed him for his trouble. His prompt reply was: "Come to see me, and bring your folks." Now, these are what I call REAL men!

After I moved to Oregon I had the misfortune to get badly crippled up. There was to be a charitable entertainment at the church and I was solicited to conduct the music (gratis of course). They had no organ at the church but we had one and myself, wife and little girl were trying to put the organ in the wagon. A stranger came along and I asked him to give us a lift. He wanted to know if I had any money. I asked him how much he

wanted and he replied that he would help us load the organ for fifty cents. I asked him where he was from and he said, California. I was glad he didn't say Oregon. (I know he wasn't from Texas). I told him I guess he might as well drive on. He was what I call a human animal, but not a man. "O. I. C. U. R. RIGHT."

LOST CREEK ECHOES.

First Annual Meeting of Old Time Friends Held Sunday.

Voca, Texas, June 9.

Editor Brady Standard:

We had our weekly rain but not a weakly rain by any means. About 1 1/4 inches of rain at one time. The hail began to fall but only lasted a few seconds. The creek is on a boom this morning from the big rain.

The rains are hindering the harvesting of the grain, some of which is getting very ripe and a wind storm now would do much damage to the ripening grain.

The corn crop and early maize is now assured and a fine crop is in sight.

On last Sunday quite a crowd of old time friends gathered at the mouth of Brady creek for an outing and picnic dinner, bathing and kodaking. The party composed of the following: W. F. Miller and family Mrs. Wise and three daughters, Joe Miller and family, H. S. Miller and family, Sandy Brown and Nelson Davenport of Richland Springs, and Ben Locklear and family, Tom Brown and family, Dr. Jackson, little daughter, and little Miss Shields, D. H. Henderson and family, Ed Spiller and family, G. A. Spiller Jr. and wife, all the latter from Voca. All told, there were about forty people, eight car loads; all stayed until just time to reach home by nightfall. A day of pleasure and recreation long to be remembered by all present was had upon that occasion. All agreed to meet at the same place just one year from that day. "A CITIZEN."

Dr. Jackson Estimates His Oats Yield at 6,000 Bushels.

Voca, Texas, June 9.

Editor Brady Standard:

We had a fine rain Sunday night and it rained nearly all day Monday. Cotton chopping is the order of the day. The crops in this community are beautiful.

Dr. O. C. Jackson had his oats harvested and says he believes at a low estimate he will have 6,000 bushels of oats. He had a photograph to come out from Brady Sunday to make some pictures in his oats and in his wheat. Besides a large crowd of Voca people, there were Mr. and Mrs. Pete Campbell and daughter, Mary, and Mrs. Henderson from Brady. There were others whose names we did not learn.

Miss Grace Elliott and Messrs. Marvin and Grady Burns accompanied Mr. and Mrs. Tom Spiller and daughter, Miss Ruth as far as Brady Sunday. They are to spend a few weeks at Mineral Wells. In last week's issue we stated that Mrs. W. E. Spiller accompanied them but this was a mistake.

Prof. L. Passmore and Will Liverman went to Brady Wednesday. Mr. Passmore went to qualify for notary public. He served in that capacity in Gillespie county for fifteen years before moving to this county.

The young people enjoyed a party at Mr. Holloway's Saturday night.

Roy Miller and wife and Austin Miller from Llano, spent the week-end at Voca, the guests of Mr. and Mrs. V. C. Miller.

Albert McLerran from Mason spent Sunday with his family at this place. Miss Jewel Westerman underwent an operation for appendicitis on June 1st. She is in the sanitarium at Brady and was doing nicely the last report we had.

Bryan Shafer who has been stationed in Virginia got his discharge and came home this week.

A ten-day Christian meeting began at Camp San Saba Friday night. Several from here have been attending. "IOLA."

COW CREEK CALLINGS.

Henry N. Baker in New York Hospital Home Soon.

Lohn, Texas, June 9.

Editor Brady Standard:

Mrs. E. W. Woods received a message from her nephew, Henry N. Baker, who has been in the U. S. service and for the past 5 or 6 months has been overseas, stating that he was in New York in the hospital and he expects to be at home about the 5th of the month. Henry is one of our home boys having spent most of his life here and everyone is looking forward to seeing him home again.

E. W. Woods and family, Miss Maggie Petty and Lora Killingsworth attended church at Lower Cow Creek Sunday night.

We had a fine rain Monday morning, something like one inch of rain fell and we are almost sure for fine feed crops now, such as maize, cane and sudan grass. The corn is mostly all out in silk and tassel and had begun to need rain but now it will be fine.

This county is the finest in many years. While the cut worms and rabbits are eating the cotton bolls, we hope now the worms are letting up a bit.

W. S. Young went to Lohn Saturday evening.

Tommie and Roy Wyres dipped their goats last Tuesday.

CALF CREEK NEWS.

Miss Bula Bridge and Mr. Charlie Walker Married.

Calf Creek, Texas, June 11.

Editor Brady Standard:

It still rains at Calf Creek. We received two good rains, one Sunday night and one Monday night. Everything is growing nicely, but sorry to report we have the grasshoppers. Killing grasshoppers is the order of the day now.

We are sorry to report that Bernice Bridge was bitten by a rattlesnake last Saturday week. This is the second time for Bernice to be rattlesnake bitten.

Bula Bridge and Charlie Walker surprised their many friends by getting married the first Sunday in June.

Mrs. J. W. Attaway has been very sick but improving nicely now.

Miss Jessie Smith is visiting her brother and family, Mr. Edgar Smith.

Miss Celia Wright gave a birthday party last Wednesday night. All report a good time.

Most all of the people have their grain cut now and it turned out well.

Mrs. Russell is visiting at Nine.

H. H. JONES, DRILLING DEEP TEST AT SAN ANGELO SAYS DOWN OVER 4200 FT.

The following statement is made by H. H. Jones, concerning the well he is drilling near San Angelo:

San Angelo, May 31.—According to rumors the Cain well has come in nearly every day the past week and some days it has come in twice.

I am sorry that not even one of these rumors is even approximately true.

We have passed all the prophecies of the geologists except two and are plugging away in the hope that these two may have the correct opinion.

The hole is past 4,200 feet, and the formations do not conform to the published specifications in geological work in Texas.

We have not reached anything that would indicate failure. On the contrary the signs are still favorable. We are in strictly marine deposits. The main body of the material is a black or blue slaty shale.

At 4,140 to 4,150 ft. there were a lot of little flat shells wonderfully unaltered, giving off all the colors of the rainbow.

A little deeper there were many shells and crinoid stems and other fossils in a wonderful state of preservation.

Fossils are plentiful to the bottom, and until we find salt water, lose the tools or strike the Ellenburger limestone, there is hope for success.

Perhaps the reporter will forgive me when I suggest that I vouch for nothing in the press that does not appear over my signature.

This business is of too vital a nature to the community to be handled on rumors.

I may not agree to tell you everything as soon as it happens, as those who have spent their money have the right to the information for which they have paid first, but what I do tell you will be the truth.

H. H. JONES.

STACY HAPPENINGS.

Wedding Bells Last Week—Rain With Some Hail, Falls.

Stacy, Texas, June 9.

Editor Brady Standard:

Everyone is smiling over the fine rain which fell here Sunday night, amounting to three inches.

During the past two weeks of dry weather most of the farmers have their grain cut and shocked. The rain will be worth millions to the farmers as it fell just in the right time for corn and other feed crops.

Mrs. Fred Taylor of Coleman is visiting here this week.

Mr. Kempt of Burkburnett and Miss Byrdie Brown of this community were quietly married at the bride's home Wednesday afternoon. Miss Brown is a charming young lady and has a host of friends here who wish her a happy married life. Mr. Kempt has just recently returned from overseas service and his home is at Burkburnett, where he, with his bride, left Saturday.

Miss Viola Trott entertained the young folks with a party at her home Friday night in honor of Mr. and Mrs. Kempt.

West Griffin of Concholand was a visitor in our community one day the past week.

Mr. and Mrs. Bird Kirk of Brownwood were visiting relatives here Saturday and Sunday.

Mr. and Mrs. Henry Long are this week moving to Coleman where they will live.

Well, on top of the Sunday night rains, a still, heavy rain fell Monday night. Some hail fell in places but not enough to do any damage. However, the rain accounts for my letter being almost late this week. No mail service. "SUNFLOWER."

TIME PASSES, MEMORY FADES.

Time passes, and as it does, memory fades. This thought was forced upon the editor's attention yesterday when he made inquiry of a number of citizens as to the date of the U. S. entered the war. Not a one knew, but every one answered promptly that the war ended, with the signing of the armistice, on the 11th day of the 11th month at the 11th hour in the year 1918.

Now was it merely the alliteration that fixed this date in the minds of our people, or was it the fact that the signing of the armistice has given the people of the U. S. A. a new holiday that promises to win first place from the time-honored 4th of July?

The Brady Chamber of Commerce needs your support and help. Count the benefits you have received from its past efforts, and then pay the Chamber of Commerce interest on your returns—that will be fully acceptable.

To the innocent bystander, it would appear the worst sort of ingratitude to the fire boys to fail to support the chautauqua in a manner that would assure a good share of the proceeds to the fire boys. Can you imagine the fire boys standing unconcerned at hand watching your house or your property being burned? Then just think what a spectacle you must be refusing to return a mite of the indebtedness you owe them. Not only will you be helping the fire boys in the purchase of season ticket to the chautauqua, but you will be getting full value for the money spent, and in addition will assure a class of entertainment to Brady that will be a credit to the community and a source of information and entertainment that cannot be excelled.

LOCAL BRIEFS

Announcement is made of the arrival of a girl at the home of Mr. and Mrs. Hosea Holmes, living 3 miles north of Brady, the young lady's birthday having been on May 30th.

The name of Mary Harper Pence is listed among the graduates of the University of Texas, who received the A. B. degree. Mrs. Pence is the wife of Winfield S. Pence, formerly of this city. Both she and Mr. Pence are well known educators. Since the war, however, Mr. Pence has been in government service.

Dr. B. B. Beakley was a business visitor in Brady yesterday. He reported the Melvin community looking fine, with splendid harvests of small grain and other crops growing nicely.

J. T. Smith was in from the Lohn community yesterday. Mr. Smith says he had 12 acres of wheat that were as fine as he has ever seen. He reports about three-fourths of the oats acreage in his section cut, and as soon as the ground becomes dry enough, the remaining one-fourth will be rapidly harvested.

M. A. Leddy, one of our good Vocal friends dropped in The Standard office Wednesday with a bunch of peaches—the kind remembrance of Mrs. Leddy to the editor. Needless to say, the kindness was fully appreciated, and our thanks are due Mrs. Leddy. The peaches were large, luscious and finely flavored, and came from four-year old Early Wheeler trees. When Mr. Leddy came to McCulloch county four years ago, the first thing he started to do was to set out fruit trees. Some folks advise him they would not grow here, but he said he had to have some shade. These trees, however, have born since they were two years old, and this year were so heavily fruited that some of the peaches had to be picked before they were fully ripened in order to keep the limbs from breaking down. In addition, Mr. Leddy has blackberry and dewberry vines, all of which are doing well. So good success, in fact, has Mr. Leddy had with his fruit that Mrs. Leddy already has 330 quarts of apricots, peaches, plums and berries put up, and expects to put up still more. After telling us all this Mr. Leddy gave the editor and his family a cordial invitation to come and visit him. Now, dear reader, if you were the editor, what would you do? Visit Mr. and Mrs. Leddy? Well, I guess!

Vampire Wants a Job.

Recently the L. P. Ross Shoe Company inserted an advertisement in a Rochester paper for vampires and closers-up. Among the answers received was one from a young lady who signed her address as General Delivery, Rochester. The letter said in part: "Gentlemen: I have seen your ad for vampires and close-ups, and I would like the job. I have been studying to vamp for several years, and have been practicing eye work for a long while. My gentlemen friends tell me that I have the other movie vamp backed off the map. I have made a particular study of Theda Bara. I don't know much about close-ups, but suppose I could learn. I have a good form, swell brown eyes, and a fine complexion.
"If you would like, I will call and show you what I can do. I have been looking for a vampire job, but never saw no ads in the papers before. Yours,
"MABELLE JONES."

SOLDIERS MAKE SIXTY MILLION VISITS TO Y. M. C. A.

Stupendous Figures Given Out by Southern Department Headquarters—Religious Meetings Popular.

Stupendous figures showing something of the activities of the Army Young Men's Christian Association in the Southern Department during the year ending April 30, 1919, have just been compiled at Southern Department headquarters at San Antonio, Tex. The Southern Department embraces the states of Texas, Oklahoma, Arkansas, Louisiana, New Mexico and Arizona, and according to the figures submitted to Executive Secretary H. H. Simmons by Business Secretary L. G. Williamson, the total attendance at Y. M. C. A. buildings during the year was 60,212,823—or equivalent to more than half the population of the United States. Statistics are based on daily reports covering each of the 365 days during the year just closed.

A most remarkable showing is made by the religious work department, a very positive refutation of the claim on the part of some people that the soldiers dodge religious services. During the year, according to the report, there were 18,092 religious meetings with an attendance of 2,719,719. The movies, with a total of 10,997 showings, had an attendance of 3,914,681. By way of explanation, it is said that it is only fair to admit that many religious services were held immediately after the movies, thus getting the benefit of the movie audiences. It is well known that motion pictures draw attendance as no other amusement feature.

Among the outstanding figures embraced in the report, under the head of the several departments of Y. M. C. A. work, are the following:

General—Attendance at buildings, 60,212,823; amount of postage stamps sold, \$1,022,246.48; money orders sold, \$1,980,000.92; envelopes given away, 31,106,170; pieces of mail handled, 10,212,755; comrades in service committees organized, 2,061; number of men serving on these committees, 6,581.

Social—Number of entertainments other than motion pictures, 13,453; total attendance at same, 5,473,412; number of entertainers participating, 45,865; motion picture programs, 10,997; attendance at same, 3,914,681; socials, 538; attendance at same 78,641.

Physical—Number participating in compulsory athletics, 892,174; participating in formal athletics, 639,278; participating in informal athletics, 2,951,704; total spectators at above, 6,637,461.

Educational—Number of class meetings, 44,382; class attendance, 951,997; soldier-teachers, 13,408; civilian teachers, 5,435; text-books distributed, 11,910; pamphlets, 1,806,707; lectures, 88,727; attendance at lectures, 2,013,923; books loaned, 136,761; total volumes in library, 203,784.

Religious—Religious meetings, 18,092; attendance at same, 2,719,719; Bible class sessions, 9,913; soldier and sailor leaders at same, 4,497; attendance at same, 213,571; meetings of inner circles or prayer circles, 327; attendance at same, 7,537; normal training class sessions, 255; attendance at same, 1,679; Christian life work decisions, 997; Christian decisions, 71,175; Scriptures and portions distributed, 384,027; other Christian literature distributed, \$16,944; personal Christian interviews, 291,169; visits to sick, 593,494.

INCREASE NUMBER OF "Y" WORKERS

Five Months After Armistice Signed Welfare Body Has 8,350 "Over There."

Five months after the signing of the armistice the Young Men's Christian Association had 8,350 workers overseas, according to an official statement issued by the national war work council of the association. The figure shows an increase of 723 workers since last November, indicating that the Y. M. C. A. has strengthened its forces, despite the return of troops to America, to meet the greater need for its work that came with the end of the fighting.

Of the total number, 5,528 are men, a small portion of whom are directing the "Y" overseas work from the Paris headquarters, while the great majority are scattered from Archangel to Rome, and from Vladivostok to Brest and London and the north of Scotland. There are 2,187 women workers abroad. Most of these are helping to give pleasure to the men who go to the Y. M. C. A. leave areas, on the Riviera, at Aix les Bains, at Cauterets in the Hautes Pyrenees, and elsewhere. More than 40 are assisting in the motion-picture entertainment of the troops.

In the overseas entertainment bureau of the war work council there are 635 men and women workers abroad. Of these, 352 were recruited by the Overseas Theater league workers—125 men and 227 women. The remainder, 283, were enlisted by the "Y" entertainment section.

Since the beginning of its overseas work, the Y. M. C. A. has sent 11,229 men and women abroad—8,338 men and 2,891 women. Of these, 2,645 men and 234 women have returned, eleven were killed in action, three died of wounds and 56 from disease and other causes.

The peanut butter that's always pure

A Salad Dressing That Pleases
2 tablespoons peanut butter, 1 tablespoon lemon juice, 4 tablespoons thin sour cream, 14 teaspoon salt, a pinch of pepper, 14 teaspoon mustard, beat all together. This is especially good with tomato, cabbage or lettuce salad.

Pecan Valley Peanut Butter is pure and wholesome when it is made. We packed it in this sealed, convenient can—in 5-lb. and 2 1/2-lb. sizes—to keep it pure. It is always good and fresh because no impurity can ever enter this can nor the natural peanut oils ever dry out. It's the ideal food for hot weather.

Fifth Birthday Party.

Little Miss Mary Eugenia Wood celebrated her fifth birthday anniversary last Tuesday by inviting a number of her little friends to a party at her home, where a most enjoyable time was had. Besides playing numerous childhood games, the little folks were entertained in delightful fashion with children stories told in a most interesting manner by Miss Blanche Smith of Rochelle.

The birthday cake with its five candles, was a most interesting part of the refreshment course, and as each little guest cut the cake, he or she made a birthday wish for the little hostess.

Assisting in entertaining the little guests were Misses Katherine Ballou, Marjory McCall and Katherine Smith of Rochelle.

Numbered among the guests were Little Misses Phoebe Graham, Evelyn Stobaugh, Sidney Hall, Opal Hairston, Frances Wood, Elizabeth Ballou, Masters, Fred Wulff, Jack Tait, Malcolm Jones, Paul Krancks Mann.

Complimenting Mrs. Miller.

Mrs. Frank Wilhelm entertained with a delightful "500" party on Wednesday afternoon in compliment to Mrs. Harry Miller of San Marcos. Decorations of, shasta daisies, sweet peas and sunflowers formed a pleasing setting for the seven tables provided for the guests, included among whom were Mesdames J. S. Wall, Dick Winters, F. R. Wulff, C. T. White, J. G. McCall, J. S. Anderson, G. C. Kirk, Warren Walker of Eagle Lake, Ed Campbell, C. P. Gray, Wm. Bauhof, Oscar Doell, S. A. Benham, Lewis Brook, C. D. Allen, W. R. Davidson, A. B. Cox, Harry W. Lindley, Herbert L. Wood, P. A. Campbell and the honor guest; Misses Alice Mae Anderson, Lucille Benham, Nettie Bellamy, Sarah Johanson, Minnie J. Crothers, Nan Vaughn.

Mrs. G. C. Kirk received prize for high score and guest prize was awarded Miss Bellamy, and Mrs. Miller received a favor as honor guest.

Contributing to the afternoon's enjoyment was a solo by Miss Bellamy. The hostess served a salad course with an ice.

Entertainment at Lake Polk.

Mesdames Champion and Steffins entertained at the Lake Polk club house last Friday evening in honor of Mrs. S. J. Striegler of Brady, Texas. The hall and tables were decorated with spring flowers and delicious refreshments were served. Music and dancing were enjoyed throughout the evening by the following guests: Mr. and Mrs. Jim McDonald, Mr. and Mrs. L. S. Williamson, Mr. and Mrs. Earl D. Casey, Mr. and Mrs. Robert Hardy, Mr. and Mrs. Bo. Murrell, Mrs. C. L. Steffins, Miss Laura Steffins, Miss Ruby Bryant, Miss Anna Bell Murray, and Dr. H. B. Mason.—Temple Telegram.

Five Hundred Club.

Miss Lucille Benham entertained last Friday afternoon for members and guests of the Five Hundred club. Five tables of "500" furnished the afternoon's diversion, at the conclusion of which the hostess served a salad course to the following members present: Mesdames John Wall, Dick Winters, C. T. White, G. R. White, F. R. Wulff, G. C. Kirk, J. S. Anderson, C. D. Allen, J. G. McCall; and guests: Mesdames J. D. Branscum, Frank Wilhelm, Harry Miller of San Marcos, Sam McCollum, Young McCollum, of Mason, R. W. Turner, Herbert L. Wood, Bailey Jones, Wiley W. Walker, Sam Moffatt of Los Angeles, G. V. Gansel.

Club prize was received by Mrs. McCall, and Mrs. Moffatt received guest prize.

The club meets this afternoon with Mrs. Kirk.

Bridge Club.

Mrs. F. R. Wulff was hostess Tuesday afternoon to members and guests of the Bridge club, entertaining at four tables with "Bridge". In the series, Mrs. Ogden won high score and the club prize, and Mrs. Warren Walker received guest prize.

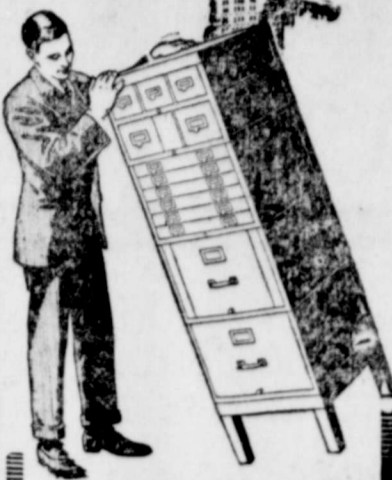

Refreshments, consisting of a salad course, were served to club members present as follows: Mesdames Ed Campbell, W. R. Davidson, H. B. Ozden, G. V. Gansel, S. S. Graham, R. W. Turner, Herbert L. Wood, C. T. White; and guests: Mesdames Sam W. Moffatt of Los Angeles, Calif., Warren Walker of Eagle Lake, J. S. Anderson, Geo. F. King; Misses Mary Estelle Thompson, Jonnie Thompson, Maggie White, Dorothy Neely of Lovell, Wyo.

No meeting of the club will be had next week on account of the Chautauqua, but Mrs. Campbell will entertain for the club on the week following.

Miss Neely Honoree.

NEW EXECUTIVES OF ARMY "Y" HAVE UNUSUAL CAREERS

Charles Kurtzhals and Fred B. Appleget Known to Thousands of Soldiers—Assume Control.

Charles Kurtzhals, newly appointed executive secretary of the southern department, Army Young Men's Christian association, and Fred B. Appleget, whom Kurtzhals has selected as his associate in control of all "Y" activities in the states of Texas, Oklahoma, Arkansas, Louisiana, New Mexico and Arizona, which states compose the southern military department, have records of unusual and varied achievement before becoming connected with war work. Both were formerly associated together at Camp Pike, Ark.

Mr. Kurtzhals, who succeeded H. H. Simmons, prominent banker and real estate man of Hillsboro, Tex., as executive secretary, has been a missionary in British West Africa and Jamaica as well as a city Y. M. C. A.

work, while before entering war work Mr. Appleget, now associate executive secretary, was a prominent New York writer, editor, publisher and business expert. Previous to becoming associate executive secretary Mr. Kurtzhals had been in charge of Army Y. M. C. A. work in two of the largest camps of the southern department, Camp Pike, Ark., and Camp Travis, Tex.

Mr. Kurtzhals served as a "Y" secretary on the Mexican border in 1916 with American troops who were stationed in the lower Rio Grande valley from Brownsville to Fort Ringgold. On America's entrance into the

war he established the work of the Army "Y" at Camp Pike, Fort Logan H. Roots, the Remount and Ebberts field, Arkansas. In August, 1918, he was transferred from the camp secretaryship of Camp Pike to take the same position in Camp Travis, Tex., finally becoming associate executive secretary of the southern department, which place he held until his recent promotion. As foreign missionary he was located in Nigeria, British West Africa, for a year, and later he spent five years in Jamaica, West Indies. He entered city Y. M. C. A. work 15 years ago in Columbus, Ohio, later serving as general secretary at Columbus, and at Pittston and DuBois, Pa.

Mr. Appleget was in newspaper and magazine work in New York city for 15 years, having been editor of "News-papertom" and "Publisher's Guide" and a special writer for the American Telegraph and Telephone company. He entered the "Y" war work October 1, 1917, at Camp Pike, Ark., as camp educational director. He organized the first agricultural school and the largest central camp school in the southern department, the camp school registering 2,100 soldier students, and became popular as an educational and humorous lecturer at Pike. Since February, 1919, he has been connected with the department headquarters at San Antonio.

GULF RUSSELL WELL PRODUCTION NOW ESTIMATED AT 200 BARRELS

A report Saturday from Ballinger stated that the Russell well of the Gulf Production Company, fifteen miles southeast of the town, was spurting oil intermittently. The production, since the hole was "shot," is estimated at 200 barrels.

Not Mean Enough.

The father of a certain charming girl is well known in this town as a "very tight old gentleman." When dad recently received a young man, who for some time had been "paying attention" to the daughter, it was the old gentleman who made the first observation: "Huh! So you want to marry my daughter, eh?" "Yes, sir, very much, indeed." "Um—let me see. Can you support

her in the style to which she has been accustomed?"

"I can, sir," said the young man, "but I am not mean enough to do it." —The Lamb.

CENSUS SHOWS TOTAL OF 2452 SCHOLASTICS

According to figures compiled by County Superintendent W. M. Deans, the scholastic census just completed shows a total of 1976 scholastics in the schools under Mr. Deans' jurisdiction and 476 scholastics in the Brady Independent school district, giving the total number of 2452 scholastics for the current year in McCulloch county.

This is a falling off of 450 scholastics from last year, when the total number reached 2900; also it is a falling off of about 1,000 scholastics in the past two years. This decline represents about 2,000 families moved out of the county last year and 5,000 families gone in the past two years. However, with the return of prosperity and abundance in McCulloch county, the prodigals are returning, and by the time the schools of the county resume their sessions, it is certain the total number of scholastics will have increased far beyond the figures at present shown.

At least this is the optimistic viewpoint of County Superintendent Deans, and all signs point to the correctness of his theory.

30-YEAR OLD CENTURY PLANT READY TO BLOSSOM AT BALLINGER

After nursing his flower for twenty years, R. P. Kirk is about to reap the beauty and fragrance of a Century Plant. Mr. Kirk says the plant is thirty years old to his certain knowledge and he does not know how much older. He has had it under his personal care for twenty years.

The plant stands to the left of the front door in the corner of the Kirk yard, and near the sidewalk on Eighth Street. It has stood here for thirty years, the growth being so slow that it could not be observed by those who saw it every day.

Early this spring it formed a stem and sprang up rapidly, the tall stem soon putting on buds which are about ready to pop open with a delicate white blossom.

The Century plant gets name from the mere fact that it lives for many years before blooming. The life of according to circumstances. Another name, or the technical name of the plant is Agave and is also known as American aloes. They are generally large and have a massive tuft of fleshy leaves with a spiny apex. When time for flowering approaches, a tall stem springs from the center of the tuft of leaves and grows very rapidly until it reaches a height of fifteen, twenty, and in some instances, forty feet. Towards the end of the tall stem flowers form. When the flowers have matured the stem dies to the ground.

The Agave, or aloes is extensively grown in the warmer parts of Europe and Asia. The sap, when fermented, yields a beverage resembling cider, called by the Mexicans pulque. Commissioner Kirk expects to utilize the cider product in his plant if he can keep his prohibition friends off of it until the flowers are fully matured and have served their purpose.

In Mexico the plant is not only used for pulque, but the leaves are also used for fodder. The fibers are formed into thread, cord and ropes, an extract from the leaves is used as a substitute for soap. Slices of the withered flower stem are used as razor straps.

As far as we have been able to learn only one other Century plant has matured here. Several years ago one bloomed on the Joe Routh place east of the city, after weathering the elements of West Texas to thirty-odd years.

After plucking his flowers Mr. Kirk will make his cider, harvest his fodder and if there was a soap factory or rope making concern near by he could utilize all of the products of the long life plant.—Ballinger Banner-Ledger.

Statements That May Be Investigated.

Testimony of Brady Citizens. When a Brady citizen comes to the front telling his friends and neighbors of his experience, you can rely on his sincerity. The statements of people residing in far away places do not command your confidence. Home endorsement is the kind that backs Doan's Kidney Pills. Such testimony is convincing. Investigation proves it true. Below is a statement of a Brady resident. No stronger proof of merit can be had.

A. F. Behrens, grocer, says: "Doan's Kidney Pills did me a lot of good and I always have them on hand. I use them off and on at different times when suffering from kidney trouble. Before I used Doan's my back and kidneys were pretty weak and sore and the secretions from my kidneys passed too freely, but since I have taken Doan's Kidney Pills I have been relieved a whole lot of that trouble. I highly recommend Doan's Kidney Pills to be a splendid kidney remedy."

The River of Life

Say what you will of whatever part of the human anatomy you please, the river of life is the BLOOD. It is either the swift running stream of health or the germ-laden channel of disease, one or the other.

The new remedy for the blood is

RICH-TONE, The Famous TONIC

the kind that freshens and quickens the circulation, energizes the good corpuscles that fight the battles of life for the sick. RICH-TONE, The Famous TONIC, is unlike any other known remedy. It works differently, it reaches in and through and down till it penetrates to the seat of the disease and springs at the very throat of the cause of it.

It's the only remedy that does this. And doing this it gets results and effects cures that no other can.

Mr. Wimsatt says: "I bought two bottles of Rich-Tone for my mother. She thinks it is the finest tonic. She has used many other kinds, but nothing has helped her like Rich-Tone."

This famous tonic is for sale at our drug store at only \$1.00 per bottle.

HOME DEMONSTRATION DEPARTMENT

"I am here to help the women and girls in this county in any way that will add to the efficiency, comfort and happiness of the home life. The Federal Government, assisted by your Brady Chamber of Commerce, has made it possible for me to be with you, and it is my great desire to be a real service to the people of this county. My office is with the Chamber of Commerce, over Townsend's Penny Store. I am fitting up a kitchen and will soon be ready to demonstrate the latest methods of cooking and canning. If the canner arrives in time, I will give a demonstration in my office on Saturday afternoon of this week showing latest and best method of canning beans. You are invited to be present if interested in the work. Other demonstrations will be given later.

"I have some bulletins on canning that will be useful to you, I am sure. These bulletins give in detail the principles of canning. Canning is the most important subject at this time and I am giving most of my time to this phase of the work.

"The following is a recipe for canning beans:

"When the beans are mature the canning is more difficult and the product less attractive. String beans and cut into uniform length, or can whole. Blanch three to eight minutes (the length of time depends on the size of the pod) and plunge into cold water for an instant. Drain well; pack quickly into well sterilized cans or jars and cover with brine. The proportion for this brine should be five table spoons of salt to one gallon of water. If screw caps are used, screw them only half way, if glass tops are used fasten only the top clamp; other types of jars cannot be used for beans. Put the jars into some kind of a large vessel which may be covered well, and allow the water to come within two inches of the top of the jar. The jars must be placed on something which will keep them from touching the bottom and allow the water to circulate under them. (A cloth can not be used without danger of breaking the jars.) The water in this vessel should be about the temperature of the jar. Place the jar in the vessel and cover it. Count time after the boiling begins. Boil one and half hours the first time, and one hour each time for the next two times. After each boiling remove the jars from the hot water, tighten the seals and keep out of the draft. The lids must be loosened again each time before boiling. It is best to have these cooking periods eight hours apart. After the last cooking be certain the jars are sealed tightly and put away in a cool, dark place. This is the best method if you have no steam canner."

"This recipe is for those who have not the steam canner and have not learned to use same. But if a canner is available to you I can teach you a much better way of canning; one which saves labor and gives better results in preserving the product."

"Call on me when I can be of service to you."

Sincerely,
"Miss LOTTIE E. SCOTT."

They were seated in a tramcar—the mother and her little boy.

The conductor eyed the little boy suspiciously. He had to keep a lookout for people who pretended that their children were younger than they really were, in order to obtain free rides for them.

"And how old is your little boy, madam, please?"

"Three and a half," said the mother truthfully.

"Right, ma'am" said the conductor satisfied.

Little Willie pondered a minute. It seemed to him that fuller information was required.

Catarrah Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrah deafness, and that is by a constitutional remedy.

Catarrah Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrah, which is an inflamed condition of the mucous surface. Hall's Catarrah Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrah Deafness that cannot be cured by Hall's Catarrah Medicine. Circulars free. All Druggists. 75c.

An old colored man charged with stealing chickens, was arraigned in court and was incriminating himself when the judge said: "You ought to have a lawyer. Where's your lawyer?" "Ah ain't got no lawyer, judge," said the old man. "Very well, then," said his honor, "I'll assign a lawyer to defend you." "Oh, no, suh; no, suh! Please don't do dat!" the darkey begged. "Why not?" asked the judge. "It won't cost you anything. Why don't you want a lawyer?" "Well, judge, Ah'll tell you, suh," said the old man, waving his tattered old hat confidentially. "Hit's dis way. Ah wan' 'tah enjoy dem chickens mah-self."—Ex.

MISS SCOTT HOME DEMONSTRATOR TO AID CITIZENS

Miss Lottie E. Scott, who arrived the past week from her home at Richardson, Texas, to take the position of lady home demonstrator in McCulloch county, expects to be ready to begin her demonstrations on next Saturday, by which time the canner ordered for her use will have arrived, it is thought. In the meantime, Miss Scott is fitting up her quarters in the Chamber of Commerce building, and has her kitchen in readiness for the demonstrations.

According to present arrangements, in which the Federal government is receiving the co-operation of the Brady Chamber of Commerce, Miss Scott will be with us for a period of eight months. The continuance of her work after this period, depends upon the success attained and the co-operation of McCulloch county citizens. Miss Scott will visit all parts of the county and assist all who are interested in improved and safe methods of canning, preserving and home cooking. Her services are at the command of any and all, and it is to be hoped that the citizens will take full advantage of this unparalleled opportunity to secure federal assistance.

The present year promises to be one of the best for canning and preserving, both because of the abundance of fruit and vegetables, and the further fact that all canned products this fall and winter will, without a question, bring high prices when bought at retail.

The Standard directs attention to the announcement in this issue by Miss Scott, and commends her work and her services to our readers.

Accidents will happen, but the best regulated families keep Dr. Thomas' Eclectic Oil for such emergencies. Two sizes, 30c and 60c, at all stores.

WALDINE TAUCH WINNER \$25,000 PRIZE AWARD

Brady citizens, and especially those who were sponsors for Waldine Tauch, are justly proud of the success of this talented young sculptress who has already won national fame in her chosen art. The latest of Miss Tauch's achievements, is the winning of a competition prize for the design of a Pioneer's monument to be erected in Bedford, Ind., and which carries with it a fee of \$25,000 for the completion of the monument.

The story of Miss Tauch's success is contained in the following news item published on June 3rd in the San Antonio Express:

"Word has been received by San Antonio friends that Miss Waldine Tauch, whose progress as a sculptress in the studio of Pompeo Coppini in Chicago has been watched with much interest, has just been successful in a competition for the design of a Pioneer's Monument to be erected at Bedford, Indiana, through the generosity of a Mr. Dunn.

"But not only has Miss Tauch won the competition for the best design but also she has been given the commission to complete the monument for a fee of \$25,000.

"A photograph of the model which won the commission shows the figure of a woman, bearing a palm. At one side is a sheaf of grain and at the other the implements of a stone cutter. It will be recalled that Bedford, Ind., is famous throughout the United States for its quarries.

"The competition model, designed by Miss Tauch, was 14 feet high. While the material for the monument was not mentioned by Miss Tauch in announcing her victory, it is presumed that it will be made out of the famous Bedford stone. It is to be completed and unveiled in 1920."

Of still further interest to Brady citizens will be the announcement of the completion and erection of a monument to Mrs. F. W. Henderson of this city at her grave in the cemetery at Richmond, Ky. This monument was designed by Miss Tauch in loving remembrance of Mrs. Henderson, who was one of the leaders in the move among the members of the Brady Tuesday club to place Miss Tauch under the tutelage of the famed sculptor, Pompeo Coppini, at San Antonio.

DODGE SCHOOL DISTRICT VOTES FAVORABLY FOR \$2,000 SCHOOL BUILDING

The court, meeting in regular session this week, canvassed the returns of several school elections, held to determine whether or not the tax rate for school purposes in such school district should be raised to 50c on the \$100 valuation. Two schools voted unanimously for such a tax, and one was opposed. The results, as canvassed by the court, were as follows.

Whiteland—For Tax, 11; Against, 0.
Dodge—For Tax, 9; Against, 0.
Calf Creek—For Tax, 9; Against, 12.
Dodge school district also voted in favor of bonds for the purpose of providing funds for the construction and equipping a free public school building, of wood material. The bonds are of \$100 each, and total in the aggregate, \$2,000.00.

On a similar proposition to issue bonds for the building of a new school building, Calf Creek school district voted unfavorably, the vote being 9 in favor and 14 opposed.

The commissioners court at its meeting this week also ordered the issuance of a warrant for \$81 in favor of Miss Lottie E. Scott, home economics demonstrator, for the purchasing of necessary articles for her work in the county.

CHAS. STEELHAMMER DEAD AT DALLAS—BODY ARRIVES THIS MORNING FOR BURIAL

Mr. and Mrs. A. Steelhammer were yesterday morning in receipt of a message giving the sad news of the death of their son, Chas. Steelhammer. The hour of his passing away was at 3:40 o'clock yesterday morning. The body is being shipped to Brady, arriving on this morning's train, and funeral services will, in all probability, be held this afternoon, interment being made in Brady Cemetery.

The news of the death was a shock to relatives and friends. Chas. had been in ill health for some months, and had submitted to two operations, the first for appendicitis, and the second for abscess of the liver. Of late, he had, apparently, shown some improvement, and it had been planned to bring him to Brady the end of this week, where it was thought after a few months' rest he would have regained his health and strength.

Chas. Steelhammer was well known to Brady and McCulloch county citizens, he having lived here practically all his life, and being most highly thought and spoken of by all. For a number of years he worked with his father in the blacksmith business. Later, because of his splendid mechanical ability, he secured employment with some of the largest garages in Dallas and other cities, and he had followed the auto mechanics' profession up to the time of his illness.

He was married something like seven years ago to Miss May Smith, daughter of Mr. and Mrs. Guv Smith of this city, who with three children, survives him. Also his parents and several brothers and sisters survive. To them is extended the deep sympathy of all.

COMMISSIONERS COURT HEARING COMPLAINTS ON THE RAISING OF TAXES

Commissioners court is meeting this week and hearing complaints regarding the raising of taxes recently when they met as a board of equalization. While the board made some radical changes in the assessments, the citizenship as a whole must be convinced of the necessity of increased renditions, as there has been but few complaints so far presented to the court.
