

BIRD'S EYE VIEW AT 2'000 FT.--BRADY APPEARS A MODEL CITY

19TH ANNUAL RE-UNION MT. REMNANT BRIGADE

With the coming of night last Friday the 19th Annual Reunion of the Mountain Remnant Brigade, U. C. V., at San Angelo passed into history as one of the most successful and enjoyable ever experienced. With the exception of the opening day, Wednesday, an immense attendance was had, and the citizens of San Angelo are warmly praised for their many courtesies, the excellent care they took of their guests and the splendid program of entertainment provided.

The following officers were elected: J. O. Frink, elected, Brigade Commander, San Angelo; Olfard Striegler, re-elected, Colonel 1st Reg.; Menard; Z. I. Williams, re-elected, Colonel 2nd Reg.; San Angelo; W. R. McClellan, elected, Colonel 3rd Reg.; Coleman; C. L. Pruett, re-elected, Colonel 4th Reg.; Blanco; Mrs. Lillie Palmer, re-elected, Matron of Brigade, Blanco.

Staff officers were appointed by J. O. Frink, commander, as follows: L. Ballou, Adj. Gen'l and Chief of Staff, Brady; J. W. McConnell, Asst. Adj. Gen'l, San Saba; J. K. Yeary, Inspector Gen'l, San Angelo; O. F. Spring, Commissary Gen'l, San Angelo; Dr. E. G. Magruder, Surgeon, San Angelo; Mrs. E. D. Magruder, Asst. Surgeon, San Angelo; Rev. E. V. Cox, Chaplain, Fort Worth.

Honorary Members: Hon. C. H. Jenkins, Aid de Camp, Brownwood; Hon. Joe A. Adkins, Aid de Camp, Brady; Hon. A. W. Moursund, Aid de Camp, Fredericksburg; Hon. Lesley Armstrong, Aid de Camp, San Angelo; R. Dyer, Brigade Orderly, Brady; Brigade Qr. Mr. Gen'l and Sponsor, appointments to be announced later.

While San Angelo informally invited the veterans to return to that city for their 1920 reunion, and Mason also extended an invitation, the place for holding the next reunion was left to the Commander for decision.

Among the resolutions, unanimous, adopted by the veterans was one recommending the appointment of Comrade S. L. Townsend for vacancy soon to be made in the management of the Confederate home at Austin. Comrade Townsend was endorsed as a most worthy and competent ex-Confederate soldier and in view of the profound sympathy and love of the veterans for the comrades who are in care of the state, he was deemed especially fitted for the management of that institution. Another resolution adopted was the endorsement of the resolutions by the veterans at the Confederate home at Austin in regard to the bill introduced by Congressman Thos. L. Blanton (H. R. No. 295) and known as the Cotton Tax bill.

A signal honor was paid a Brady man by the veterans in the presentation to R. D. Dyer of a beautiful gold watch as token of esteem in which he was held by the veterans and for the splendid services rendered by him at the San Angelo reunion. As a further token of their esteem, the appointment of brigade orderly was conferred upon Mr. Dyer. Mr. Dyer assisted in providing entertainment for the veterans, in looking after their comfort. He bought a wagon load of melons for distribution among them, and after the meals provided cigars for all who cared to smoke. His jovial disposition and his many kindnesses made the honors accorded him most worthily bestowed.

The following resolutions of thanks by a committee composed of L. Ballou, Adj. Gen., E. V. Cox, H. L. Adams, at the close of the reunion were adopted:

"Whereas, At this the 19th Annual Reunion of Mountain Remnant U. C. V. Brigade, held on the 6th, 7th and 8th of August, 1919, in appreciation of our enjoyment of the royal entertainment on this occasion with great respect, offer the following resolutions, to-wit:

"Resolved: That we, your committee, hereby sincerely extend Thanks.

"1st: To the citizens of the City of San Angelo and County Officers in general;

"2nd: To the San Angelo Development Association for their cordial invitation, and especially to their chairman, W. B. Hunter, for his personal interest in that all our Comrades have been provided with a bountiful repast of substantial delicacies and comforts of tents and cots for our use.

"3rd: To the U. D. C. Chapter and U. C. V. Camp for the beautiful and interesting program rendered and greatly enjoyed by all. Also, to the personal interest and efforts of Col. Z. I. Williams, Q. M. Gen., J. O. Frink and the lovely ladies who have rendered their hospitality and loyal services.

"4th: Our many thanks to the press of our district for courtesy and valuable services rendered.

"5th: Last, but not least, thanks to W. J. Carson and R. D. Dyer for cigars, and the Lone Star Drug Store for drinks."

AN AIRPLANE FLIGHT OVER BRADY A MOST WONDERFUL EXPERIENCE

WILL D. RUSSELL SUC-CUMBS TO INJURIES—BODY SHIPPED TO MENARD

Will D. Russell of Menard, who was fatally injured at that place on Monday of last week, passed away at the local sanitarium Sunday morning at 11:00 o'clock. From the first his recovery was pronounced impossible, and death came as a merciful relief to his sufferings. Almost to the moment of his passing away, the injured man had retained consciousness. The body was shipped to Menard, where his wife and children live, on the Monday morning train, and funeral services were held there Monday afternoon.

The Menard Messenger gives the following account of the tragic accident:

"Shorty (W. D.) Russell, one of the employees in the Frisco yards was run over by a freight car Monday morning about 8:30. His left leg was broken near the ankle and the muscles of his right thigh badly torn. There is little hope for his recovery.

"Shorty was leaning against a box car talking while the local was switching further down in the yard. They released a car on the same track and it struck the car against which he was leaning, throwing him under the car.

"He was immediately rushed to the Brady sanitarium for treatment but his condition is serious."

JUST ARRIVED.
A shipment of New Hercules Top Buggies. Boys you have been asking for these New Buggies. Come in and look them over. The price is not as high as you think it will be. O. D. Mann & Sons.

MR. FARMER!
We write insurance on your grain anywhere on the farm. Ask us about rates. W. H. BALLOU & CO.

We have one New Royal Hay Press in Stock and Plenty of Hay Ties. O. D. MANN & SONS.

If you need anything in candy or cakes—we have the kind you want. A. R. HOOPER.

JUST RECEIVED.
A carload of Cleveland Tractors. On display at my show room. Get them to do your plowing! F. R. WULFF.

TO THE FARMERS.
We give you 40 pounds of flour in exchange for a \$2.00 bushel of wheat. We are here to serve you, and make only the by-product on the above offer. We do custom milling strictly, and want your business. Don't sell all your wheat for \$2.00 a bushel and then buy it back in flour at \$2.40. Many farmers appreciate and take advantage of our offer—why not you?
W. T. BUMGUARDNER
CUSTOM MILL.

BIG AUCTION SALE FRI.-SAT., 15-16.

We will hold our first big Auction Sale Friday and Saturday, Aug. 15th and 16th, and there will be several hundred head of horses and mules here for that sale, and if you have any stock for sale or want to buy any horses or mules, don't fail to attend this big Auction Sale as we will have buyers from all over the states and we expect good trade on all classes of stock this year.

We have just completed our big Auction ring and have secured Col. J. M. Yout of Fort Worth as auctioneer for this year.

We will have our Auction Sales every two weeks, starting August 15th and if you want to buy or sell, come to see us. A. F. McAlister and S. E. Ross Horse and Mule Co., Brownwood, Texas.

CITY LOOKS LIKE ELABORATE TOY TOWN—PATCHES OF WEEDS, LOTS AND FIELDS APPEAR LIKE VELVETY LAWNS—BUILDINGS EASILY RECOGNIZABLE.

We read in the Bible that a way back when Christ was at the beginning his career as Savior of the world, how the devil sought to tempt him by taking him up into a high mountain and showing him all the grandeur and glory of the world. Just what a temptation this was, the ordinary mortal can scarcely conceive, but some idea may be obtained when one gets a birds-eye view of a city from an altitude of some couple thousand feet—to say the least, the world appears in descriptively beautiful. A city appears like some toy town, set up in even rows by some master architect; the streets look like chalk lines laid off smoothly and evenly; even the most humble of dwellings has an attraction, with its lot defined by the lines made by the fence surrounding it. Off in the distance the horizon melts into the sky in a sort of a haze that give the appearance of an immense ocean reaching from the earth to the sky. A chance vehicle on a public road resembles an ant crawling along. Even when nearing the earth, the oat shocks take on an appearance more like tiny ant hills than anything else.

When Lt. A. R. Coningsby, who was here from Thursday until Monday in charge of the recruiting exhibit sent out from Rich Field, near Waco, first extended an invitation to take a ride with one of his "sky pilots" this editor was somewhat dubious as to the undertaking. These nerve-racking hair-breadth and devil-may-care stunts lose much of their appeal with a man who is settled in his ways and this editor is that, much less when they are pulled off some 50 to 5000 feet in the air. However, Lt. Coningsby has a magnetic personality that inspires the greatest of confidence. Further than that, he is enthusiastic about flying and talks so interestingly of the work that one naturally absorbs much of his enthusiasm. So, after all, we were ready; more than that—eager—to make the promised flight, and it was arranged for Saturday night, shortly after 7:30 o'clock. With it, went the distinction of being the first male civilian of Brady to fly over the city.

The ride was one of the most pleasant of experiences—thrilling because of its being an unusual experience, but in no sense exciting, so far as any danger was apparent.

Sergeant Douglas S. Christie piloted the plane, and the writer occupied the seat just behind him. Christie's official title is Master Signal Electrician, A. M. That A. M. means Airplane Mechanic—more than that, it means a 50% increase in pay over the man who does not have it appended to his title. Be that as it may, Christie is entitled to all his titles and to all the pay he receives, for he is as careful and sane a driver as we ever hope to ride behind. He cut no frills in the air—and we asked for none. The simple sailing around with an occasional glide or dip was as entertaining as we wanted.

The start was made in the Marsden field, just beyond the bridge on the Coleman road. This pasture was selected because it was comparatively smooth and made an ideal landing

place. We taxied across the field to the lower end, where the plane was skillfully wheeled about under its own power, by the driver—then we were ready for the start. As we again taxied across the field I could feel the tail-skid, which acts as the brake on the landing gear, drag across the field, and I thought I would look down and watch the plane leave the earth. By the time I looked over the side, the plane was already 50 feet off the earth and sailing upward over the Coleman road. The ride can best be compared to a ride in a boat on a perfectly smooth lake. A cloud, which had passed over earlier in the evening, had cooled the atmosphere, and this contributed much to the ease with which the lane flew. In fact, the atmospheric conditions were said to be ideal by Christie. It might be explained that when the air is heated, hot currents are rising from the earth and cool currents are descending. This causes a plane to rock and bound as it crosses from a hot to a cool current of air and vice-versa. Perhaps if the ride had been taken under such conditions, the report would not have been so favorable.

The roaring of the propeller rendered speech impossible and the blasts of wind struck one like a terrific wind-storm or hurricane, when one's head was thrust beyond the protecting hood in front of the seat. When the plane would start to make a turn, this blast would strike the side of the face with a deafening effect. In spite of this, as soon as we had gained some altitude, the writer endeavoring to locate the part of the town over which we were flying. The house I first saw looked strangely familiar. There was a chalk-line road in front of it, which ran for some distance, then turned at an angle and appeared to make a slight incline until it was lost in the horizon. It might be remarked that all the world looks practically level from an altitude of 2,000 feet. I looked across the street and at once recognized the Frank Wilhelm place; the

first place I had seen was the John Wall residence. In turn I recognized the old Frisco depot, the Brady Cotton Oil mill, the union depot, the court house and the Central school building. I traced the Coleman road to the point where we had started and noted the bridge over Brady creek, which might have been a foot log, so far as actual sight could tell. Brady creek looked like a little ditch that any man could have stepped across, and I had never realized before just how crooked and winding a stream it was.

I do not recall particularly noting any other buildings because a group of buildings would not be so noticeable as those buildings as were isolated, for the reason that regardless of their height, from the air they all appeared the same size.

I was anxious to know at what height we were flying and looked over Christie's shoulder in an endeavor to see. The indicator on the meter pointed nearly to 3, but I did not comprehend its way of figuring. Occasionally the pilot would glance around and point out some object of interest, but made no effort to talk since it would have been useless. Finally, however, he cut off his motor almost to the stopping point and, turning around, called, "How do you like it?" "Fine," I answered, "How high are we?" "2,000 feet," he said, and then explained that the various figures on the dial of the meter represented so many thousands of feet of altitude—1, 1,000; 2, 2,000, and so on. In answer to further questioning, he said we had been making 100 miles an hour with the wind, and about 70 against it. As a matter of fact so far as I could judge, we had just barely been moving along,—much the same as a speeding train far off in the distance gives the appearance of merely creeping.

As stated at the outset, Brady is a beautiful city from the air—so beautiful, in fact, that if its beauty were real, it would be the model little city of the world. The streets are apparently perfect; the houses, whether mansion or hut, all look attractive; every field looks like a lawn, some of dark hue, others of lighter shade. The union depot is wonderfully beautiful. The right-of-way looks like a broad avenue stretching out into the distance; the depot itself, with its tile roof, looks like a child had set up a pile of red bricks with the sharp edge pointing skyward, and the curbing surrounding the lawn marks off a great white triangle.

Just how long we were in the air, I cannot say—not over 15 minutes, I should judge. I looked at my watch to see if it were about time for the Frisco train to come in from Menard, but it was too early—the watch showed 10 minutes to 8:00.

Then the descent began, and the plane slowly nosed her way earthward. So skillfully did Sgt. Christie handle her that she alighted without a rebound or even so much as a jar. Just the dragging of the tail-skid betrayed the fact that we were again on terra firma.

Since the flight, there are many things come to mind which I would have liked to have noticed in the flight. The passing through a cloud would have been a novel experience, but Lt. Coningsby stated they lay probably 5,000 feet high. He states that when in a cloud, it is much the same as being in a fog. The pilot has no sense of direction, or whether the plane is settling level or slipping sideways. Should the plane get at a dangerous angle, however, the laboring of the motor will betray the fact. The pilot relies upon a sort of a sixth sense to maintain his equilibrium.

The center of gravity of an airplane is just back of the front seat. Should the plane be suspended from this point or set up on a peg at this point, it would balance itself perfectly. To maintain this equilibrium then, it is necessary that both seats of the plane be occupied. When Sgt. Christie made the flight from Waco to Brady, he had a sand bag in the back seat for this purpose. Had he not used this expedient, it would have required constant effort on his part to keep the nose of the plane up, as it would have a tendency to dip down. Recently Lt. Coningsby made a trip carrying with him some mud chains for the big army truck, also some tires and other equipment, all of which unbalanced the plane to a degree where it required the greatest of skill and care upon the part of the pilot to keep the plane from going astray.

So far as danger is concerned, there is great danger, especially when flying in a strange place. As stated in this article, the earth looks level; the weed patches look like velvety lawns. When Sgt. Christie attempted to alight at Santa Anna recently, he picked out what looked like a smooth field, but instead of alighting in the anticipated smooth field, it turned out to be a patch of eight-foot weeds. The result was that the drop turned the plane over on its side, broke the landing gear and the propeller, and one of the struts.

Nevertheless and notwithstanding, we are ready to try another flight if we can pick a pilot who is anyways reasonably careful. And in this re-

WALTER DYER NEW RECRUIT AIR SERVICE

The aerial exhibit shown here the end of the past week by Lt. A. R. Coningsby and his assistants, who made up a recruiting party from Rich Field, was most interesting and was visited by large crowds of citizens. The men composing the party were most courteous and were untiring in explaining the various objects on display, as well as in answering the questions of the curious. Particular interest was manifested in the great 12-cylinder Liberty motor and which developed 450 h. p. The machine gun was also an object of interest, while the flares, position lights, skeletonized airplane and various other objects all came in for attention and examination.

The result of the three days' visit here was the signing up of Walter Dyer as a recruit in the air service for the three-year period, while several other prospects have the matter of enlistment under consideration. Dyer was to have been given his trial flight Sunday, but on account of magneto trouble the flight was postponed, and he accompanied the exhibit to San Saba, where he will be given his ride.

Lt. Coningsby and party left here Monday morning for San Saba, where they will have their exhibit throughout the San Saba fair. From that point they will go to Lampasas.

spec we cannot recommend Lt. Coningsby and Sgt. Christie too highly, nor can we say too much in appreciation of their courtesies and the many favors shown us.

We have a swell line of Roll Top, Flat Top, and Typewriter Desk. O. D. MANN & SONS.

Mann Bros. are showing the new fall samples. See our showing and note the nobby new fall styles.

DIXIE GIRLS' CHORUS STAGE SUCCESSFUL PROGRAM LAST THURS. NIGHT

The program given by the Dixie Girls' Chorus at the Methodist tabernacle on Thursday night was quite a success. A large crowd attended and the proceeds, which amounted to about \$65 will be donated to the Junior Missionary society.

Much credit is due Miss Alma Cowan, under whose direction the program was given. Songs by Misses Alma Cowan, Gertrude Trigg, Mable Strickland, Edith McShan and Mary Butcher, and readings by Miss Edith McShan made up the evening's entertainment and every number was thoroughly enjoyed by the audience.

HONEST INJUN.

That was the unkindest cut of all when one of our good friends advised us to take the airplane flight as it would probably be the nearest we ever got to being an angel.

THE WRONG SLANT.

There's another thing, if the Directors put up a dance platform at the Fair, they should have it distinctly understood that the extremely pious, who object to the dancing are not to monopolize the front seats around the dance platform. These seats should be reserved for the tired dancers.—San Saba Star.

You can't keep 'em off the front seat that-a-way, Bill. 'Nother thing, it's a lot easier to criticize the things we don't see than to stick to facts as seen with our own eyes. Let the pious occupy the front seats—before the thing is over, they may convert them into mourner's benches.

SNAP SHOTS.

Tillie Clinger says the reason why she quit her last boarding house was because the bath tub was on the ground floor and she was always meeting the star boarder peeling off on the stairs.—Dallas News.

LOCAL BRIEFS

J. F. Schaeg and J. H. Galbreath returned last Friday from Littlefield, with several carloads of horses and mules, which they are placing on sale here.

W. H. Caldwell is down from Fort Worth for a few days' visit. Walter reports business flourishing in Fort Worth, and says his time is fully occupied in filling orders for the famous R. A. Lindley marking inks.

Elbert Kruse returned Sunday from a several weeks' stay in Austin. His many friends are pleased to note his improved condition, and Elbert reports having felt so well, that he prolonged his visit from an intended few days to one of several weeks.

Claud Baker, who spent a few days the past week visiting Mrs. Baker and children here, returned Saturday to Ranger, where he is engaged in garage work. Claud expects to move this week to Eastland, where he has been given charge of a garage. His family will join him at the latter place as soon as he gets located.

Jim Stiles was up from the Voca country Monday, and was making his way about with the aid of a crutch and a cane. Some four weeks ago a brake beam fell on his foot crushing and breaking the small bones of the instep, and the injury is taking a long time to heal. As a result he is greatly inconvenienced, both in getting about and in attending to necessary duties as well.

For the past week or so the city Water & Light Works has been burning the candle at both ends—so to speak. The cause was a short in the down-town wiring, which did not enable them to cut off the street lights. The result was that the lights burned both night and day. Superintendent W. M. Bauhof, assisted by Dudley Westbrook, got on the trail of the bad wire yesterday; located it midway between the Commercial bank and the Oneen hotel, and remedied the trouble.

Mr. and Mrs. Lewis Jordan arrived last Friday from Eastland where they have been the past year, and where Lewis is engaged in his trade of carpenter. Lewis reports work there without end, and good workmen in demand, and bad workmen tolerated. He and Mrs. Jordan expect to return there, but couldn't resist the temptation to come back here and observe McCulloch county in her prosperity, as well as to greet their many friends once more.

E. B. Scarborough went up in the airplane Saturday night for about a two-minute spin. The airplane rose,

made a circle and alighted. Asked if he had taken "cold feet," E. B. replied, "I should say not! I could have stayed up for a week. Just as soon as they get to making them small enough to alight in a 5-acre patch and run under a shed, I am going to buy one of my own." Then it was explained that the motor had started missing, and also that the canvas had been torn loose from the propeller as the plane taxied through the weeds; hence the interruption of the intended flight.

S. J. Striegler returned Sunday from a marketing trip to St. Louis and other points, and reports having purchased a complete stock for the Popular Dry Goods Co. Mr. Striegler says the showing of the new fall goods at market was delayed by reason of strikes and transportation difficulties, and that the wharves at Galveston and other Gulf ports have been piled high with goods consigned to the wholesale markets. These goods were just arriving and being unpacked, and as a result he was among the first to get the pick of the markets newest offerings. He reports many buyers from Texas at market, and goods were in great demand.

Prof. J. C. Robbins left Friday for Weatherford, where he has accepted the position of instructor in music in the Weatherford college. His family will join him at that place as soon as he can arrange for their coming. The removal of this estimable family from our midst is sincerely regretted by all their many friends. Prof. Robbins has been teaching music in Brady since first coming here nine years ago, and in that period he has not lost a week from his instructions. However, he has felt the need of a change and the offer that came to him from Weatherford was so good he could not refuse. The best wishes of all citizens go with Mr. Robbins to his new home.

Mr. and Mrs. D. C. Middleton were here from the Stacy community last Saturday, accompanied by their son, Virgil, who had just returned a week before with an honorable discharge from Uncle Sam's service. Virgil had probably one of the most novel experiences that befell any McCulloch county soldier boy. His 14 months' service was spent in the marines, and a good part of the time he was stationed near San Domingo, one of the black republics on the Isle of Haiti, in the West Indies. It will be remembered that U. S. troops were called there to quell an uprising among the natives. Virgil is a fine specimen of manhood, as is evidenced by the fact that he was successful in passing the rigid tests necessary for admittance into the marines. His training, as a marine, was also one of the most strenuous of any branch of the service. While he enjoyed his experience, home looks mighty good to him, and he is just another of the many McCulloch county boys who are glad they are back.

Invoice Files. The Brady Standard.

PERSONAL MENTION

Dr. and Mrs. O. B. Love are here from Brownwood for a visit with the lady's sister, Mrs. John Wright, and family.

Mrs. E. H. Sewell and children are here from Junction as guests of her sister, Mrs. Wm. Bauhof.

Mr. and Mrs. June Coopreder and grand children, June McKee and Rose Coe, leave today in their car for Fort Worth on a visit.

Mrs. Homer Riley of Dallas is a guest of her sister, Mrs. Lewis Brook. Mrs. Brook is also anticipating the arrival tomorrow of her father, L. T. Shaw, and also her brother and sister-in-law, from San Antonio.

Mr. and Mrs. G. W. Thornton and children arrived here from Dallas last Saturday, and were guests of Mr. and Mrs. J. D. Branscum, while Mr. Thornton visited neighboring points in the interest of the Dallas film company, by whom he is employed.

Mr. and Mrs. R. D. Dyer and daughter, Miss Bessie accompanied by L. Ballou, returned Saturday from San Angelo, where they had been in attendance upon the reunion of Mountain Remnant Brigade, U. C. V. They report one of the best times ever enjoyed.

LICK HOLLOW WELL SPUDS IN ON 3500 FOOT CONTRACT SAN SABA CO.

The Royal Duke Oil Co. spudded in the Lick Hollow well Thursday of this week for a deep test of the north Richland anticline. This well is being sunk for the Lick Hollow Oil Co. and the contract is backed by an indemnity bond on file with the First State bank of Richland Springs for a faithful performance of the contract. The Royal Duke people are among the large operators in the Ranger, Burkburnett and Desdemona fields and are reported to be quite successful drillers and operators. This contract calls for a well to be sunk 3,500 feet or until oil is found in paying quantities.

The Lick Hollow Oil Co. is composed of all home people, mostly the farmers and ranchmen of that section who have lands under lease to the company. The company is incorporated and capitalized at \$60,000, with D. G. Boynton of Locker as president, and W. L. Pearce, Richland Springs as secretary. The directors of the company are Leslie Davenport, J. M. Heatherly, T. M. Maxwell and the officers named.—San Saba News.

We have J. I. Case Tractors in Stock. Just the thing to do your Fall Plowing with. Case Tractors are no Experiment—they have been here for years, and are here to stay. O. D. Mann & Sons.

We have plenty of Binder Twine and quality is first-class—none better. O. D. MANN & SONS.

Phone your order for your winter's supply of Coal to Macy & Co. Phone 295.

JUST RECEIVED.
A carload of Cleveland Tractors. On display at my show room. Get them to do your plowing! F. R. WULFF.

J. P. SHERIDAN BUYS
C. R. ALEXANDER HOME—
WILL IMPROVE RESIDENCE

John P. Sheridan, who sold his Blackburn street residence a couple weeks ago to Mrs. Ollie Johnson of Melvin, did not find being homeless entirely to his liking, and accordingly lost no time in looking about for another permanent residence. This week he closed a trade for the C. R. Alexander residence in the south part of the city, which he will occupy as his home the latter part of this month, or as soon as R. B. Spears the present occupant, is enabled to vacate. The purchase price was \$1500.00. The new purchase is one of the neatest and best-kept residences in town, with a 100x200 ft. lot, and its desirable location makes it a valuable piece of property. Mr. Sheridan expects to enlarge and improve the place to suit his requirements.

GLAD TO TESTIFY

Says Watoga Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly... Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then... it would last... two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three... I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children... Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.

GETTING THEM TOGETHER!

F. R. Wulff had a car to sell. M. L. Stallings wanted to buy a car. Their respective places of business were less than a block apart. Yet it took a four-line classed Classified Ad in The Standard to get them together. No trouble to make the deal after that. As an investment, The Standard's classed ad column is gilt-edge. It works near and far—among your nearest neighbors; among the folks you never heard of before. It works while you sleep. IT PAYS!

LANKFORD SELLS BAKERY AT SANTA ANNA—UNDEICED AS TO THE FUTURE

J. Q. Lankford has sold his bakery and cold drink stand to W. H. Ragsdale, of Brownwood. Mr. Lankford bought the bakery from Mr. Ragsdale last year and now he is selling it back to him. Mr. Ragsdale will move back to Santa Anna as soon as he can get a house and will probably take charge of the bakery next Monday. Mr. Lankford says he doesn't know what he will do next.—Santa Anna News.

Last Call for the MONEY RAISING SALE

Saturday, August 23, is Last Day of The Big Money Raising Sale

We still have a lot of Summer goods which we are anxious to close out. These goods will be sold regardless of cost, because we must have the room for the immense stock of Fall goods which is now coming in. Our store is getting crowded mighty fast with the arrival of NEW FALL GOODS that have been bought by our Mr. Zweig on his two trips to market. We are anticipating the biggest business this fall that we have ever had and we bought accordingly.

Having made our purchases early in the season—before the big advances came on everything, and having paid CASH FOR ALL OUR GOODS. (This we have accomplished by opening our big Money Raising sale in June; we did the biggest business during this sale that we ever had in a Summer sale). And we are still busy selling. Thousands of people have thronged our store and took advantage of the unusually low prices that we offered, and still offering in all lines.

Just a few words to those who are able and in position to buy a little ahead: It will pay well to start buying whatever you might need for Fall. We are still selling goods cheaper than we ourselves can re-buy them, every item in our store has advanced 50 per cent at least, but as long as we have the goods bought cheap, we are going to sell them accordingly. Take advantage of the low prices and buy early. You will save big money by buying early, and you will get what you want. There is a great satisfaction in getting what you want.

We are too busy to write a price list of bargains that we have to offer; it would take three double pages in this paper to write them all out, but we want to assure you that we are selling cheap, and don't forget that we stand behind every article we sell. OUR GOODS MUST GIVE SATISFACTION OR WE MAKE IT GOOD. We have built a big business on those principles.

Remember The Hub When You Want Dry Goods. We want your business. Nuf Sed

THE HUB DRY GOODS STORE

H. W. Zweig, Prop. Brady, Texas

Here is a Practical Outfit

This Case 15-27 H. P. Oil Tractor pulls three plows in hard plowing—four plows under favorable conditions. It has 25 per cent. reserve power. It burns kerosene successfully and economically. All gears are cut steel enclosed and run in oil. The one-piece main frame insures permanent alignment of all gears, shafts and bearings.

It is also adaptable for all kinds of belt work. It easily handles a Case 20x48 thresher equipped with wind stacker and feeder. Its pulley is properly placed for convenient "lining-up" to a driven machine.

We recommend the 3-bottom automatic lift Grand Detour plow for use with the 15-27 tractor. This makes an ideal combination for the average size farm. It is neither too large nor too small. It can plow from 9 to 14 acres in ten hours.

The plow is light, but owing to its simple construction it is strong and durable.

We will be glad to explain this rig in detail. Write or call us today. Investigate before you buy.

O. D. Mann & Sons

CASE

KEROSENE TRACTORS

NOTICE: We want the public to know that our plows are NOT the Case plows made by the J. I. Case Plow Works.

FARMER UNABLE TO HELP HIS BOYS

Kettner Was So Rundown He Couldn't Work—Gains 28 Pounds On Tanlac.

"You can't blame me for talking so much about Tanlac, for it has not only added twenty-eight pounds to my weight but has completely overcome my troubles," said O. A. Kettner, farmer, who lives on Route 1, Downs, Ill., the other day.

"I just thought I was doomed to suffer the rest of my days," said Mr. Kettner, and I guess that would have been the case if I had not gotten hold of Tanlac. You see I had been in bad health for about twelve years, and I failed completely to find any thing to do me any good.

My stomach was in such bad condition that I would just suffer-agonies every time I ate any thing. My food would sour on my stomach and I would be all bloated up with gas for hours at a time. My kidneys were out of order all the time, too, and I would have the worst sort of pains in the small of my back. Then rheumatism struck me and from that time on I had all the suffering that was coming to me. Why I got so bad off that I couldn't even help the boys do little jobs around the place. I just went from bad to worse, and I finally made up my mind that I would just have to give up trying to run my farm.

"Well I heard about Tanlac then, and I bought a couple of bottles and began taking it. Now, the first two bottles didn't seem to do me any good at all, and I was about ready to drop Tanlac, but I figured that case was one of long standing, and that I had not given the medicine a good showing, so I bought one more bottle. That third bottle hit the spot, and in little or no time I was picking up right along and from that time on I improved as fast as any man you ever saw, and I am as hale and hearty as I ever was in my life. I never have a sign of rheumatism now, and my kidneys seem to be in first class condition. I don't believe I ever had a better appetite, and I get away with three square meals every day, and I am never bothered with any indigestion or any other kind of stomach troubles now. I can now get out in the field and do as much work in a day as any other man on my farm. Yes sir, Tanlac was a Godsend to me, and I just feel like I want the whole world to know about this wonderful medicine."

Tanlac is sold by leading Druggist everywhere.

O. B. JOHNSON LOSES MIDDLE RIGHT FINGER ON R. R. MOTOR CAR

O. B. Johnson, who lives at the Frisco section house just east of town, is minus the middle right finger as the result of a railway motor car accident in which he figured last Saturday afternoon at about 3:00 o'clock, while at work in charge of the section crew. A slug on the motor car had a habit of coming loose, and Johnson reached his hand down to tighten it up. It happened that the slug had dropped entirely out, and as Johnson stuck his finger into the place where it was supposed to be, the end of the finger was clipped clean off.

The Frisco local happened along about that time, and Johnson boarded it to town to have the injured member attended to. It was found necessary to remove what remained of the second joint, and some two or three weeks' vacation are in store for Johnson while the wound heals.

RURAL CARRIER EXAMINATION TO BE HELD AT BRADY SEPTEMBER THIRTEENTH

The United States Civil Service Commission has announced an examination for the county of McCulloch, Texas to be held on September 13, 1919, to fill the position of rural carrier at Brady and vacancies that may later occur on rural routes from other post offices in the above-mentioned county. The examination will be open only to male citizens who are actually domiciled in the territory of a post office in the county and who meet the other requirements set forth in Form No. 1977.

Admission of women to this examination will be limited to those who are unmarried and to the wives of soldiers and sailors in the present war.

This form of application blanks may be obtained from the offices mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at Washington at the earliest practicable date.

ANOTHER BARGAIN

Best chance in Brady to make some money. I can now offer the E. J. Broad business house with dwelling at the lowest price you will ever see on it again. See me quick if you want to pick up some good profits. O. L. McSHAN, Box 142.

New Perfection and Florence Oil Stoves. Just the thing for the Hot Weather. O. D. MANN & SONS.

JAIL HAS OCCUPANT FOR FIRST TIME IN NINE MONTHS—TEMPORARILY

For the first time in nine months the McCulloch county jail had an occupant last Sunday night—but, at that, it was not a criminal. Instead it was a woman who was being carried to Austin for confinement in the insane asylum. The woman arrived here Sunday night at about 11:00 o'clock in charge of Sheriff John Bond of Taylor county, who was accompanied by his wife and W. E. Martin, the latter county attorney of the same county. Sheriff Wall placed the woman in a cell, and it was supposed on account of the long trip she would go to sleep and cause no trouble. At about 1:30 o'clock, however, a hurry-up call came from Mrs. Ed Baker, who was alone at the jail with her children, summoning the sheriff to the jail. Upon arriving there, the sheriff found that the woman had turned on the faucet in the cell and was threatening to flood the building. He accordingly removed her to another cell without water connections, and yesterday morning the party resumed their journey to Austin.

BRADY, TEXAS, Aug. 12, 1919.

HONEST INJUN.

That was the unkindest cut of all when one of our good friends advised us to take the airplane flight as it would probably be the nearest we ever got to being an angel.

THE WRONG SLANT.

There's another thing, if the Directors put up a dance platform at the Fair, they should have it distinctly understood that the extremely pious, who object to the dancing are not to monopolize the front seats around the dance platform. These seats should be reserved for the tired dancers.—San Saba Star.

You can't keep 'em off the front seat that-a-way, Bill. 'Nother thing, it's a lot easier to criticize the things we don't see than to stick to facts as seen with our own eyes. Let the pious occupy the front seats—before the thing is over, they may convert them into mourner's benches.

SNAP SHOTS.

Tillie Clinger says the reason why she quit her last boarding house was because the bath tub was on the ground floor and she was always meeting the star boarder peeling off on the stairs.—Dallas News.

LOCAL BRIEFS

J. F. Schaege and J. H. Galbreath returned last Friday from Littlefield, with several carloads of horses and mules, which they are placing on sale here.

W. H. Caldwell is down from Fort Worth for a few days' visit. Walter reports business flourishing in Fort Worth, and says his time is fully occupied in filling orders for the famous R. A. Lindley marking inks.

Elbert Kruse returned Sunday from a several weeks' stay in Austin. His many friends are pleased to note his improved condition, and Elbert reports having felt so well, that he prolonged his visit from an intended few days to one of several weeks.

Claud Baker, who spent a few days the past week visiting Mrs. Baker and children here, returned Saturday to Ranger, where he is engaged in garage work. Claud expects to move this week to Eastland, where he has been given charge of a garage. His family will join him at the latter place as soon as he gets located.

Jim Stiles was up from the Voca country Monday, and was making his way about with the aid of a crutch and a cane. Some four weeks ago a brake beam fell on his foot crushing and breaking the small bones of the instep, and the injury is taking a long time to heal. As a result he is greatly inconvenienced, both in getting about and in attending to necessary duties as well.

For the past week or so the city Water & Light Works has been burning the candle at both ends—so to speak. The cause was a short in the down-town wiring, which did not enable them to cut off the street lights. The result was that the lights burned both night and day. Superintendent W. M. Bauhof, assisted by Dudley Westbrook, got on the trail of the bad wire yesterday; located it midway between the Commercial bank and the Queen hotel, and remedied the trouble.

Mr. and Mrs. Lewis Jordan arrived last Friday from Eastland, where they have been the past year, and where Lewis is engaged in his trade of carpenter. Lewis reports work there without end, and good workmen in demand, and had workmen tolerated. He and Mrs. Jordan expect to return there, but couldn't resist the temptation to come back here and observe McCulloch county in her prosperity, as well as to greet their many friends once more.

E. B. Scarborough went up in the airplane Saturday night for about a two-minute spin. The airplane rose,

made a circle and alighted. Asked if he had taken "cold feet," E. B. replied, "I should say not! I could have stayed up for a week. Just as soon as they get to making them small enough to alight in a 5-acre patch and run under a shed, I am going to buy one of my own." Then it was explained that the motor had started missing, and also that the canvas had been torn loose from the propeller as the plane taxied through the weeds; hence the interruption of the intended flight.

S. J. Striegler returned Sunday from a marketing trip to St. Louis and other points, and reports having purchased a complete stock for the Popular Dry Goods Co. Mr. Striegler says the showing of the new fall goods at market was delayed by reason of strikes and transportation difficulties, and that the wharves at Galveston and other Gulf ports have been piled high with goods consigned to the wholesale markets. These goods were just arriving and being unpacked, and as a result he was among the first to get the pick of the markets newest offerings. He reports many buyers from Texas at market, and goods were in great demand.

Prof. J. C. Robbins left Friday for Weatherford, where he has accepted the position of instructor in music in the Weatherford college. His family will join him at that place as soon as he can arrange for their coming. The removal of this estimable family from our midst is sincerely regretted by all their many friends. Prof. Robbins has been teaching music in Brady since first coming here nine years ago, and in that period he has not lost a week from his instructions. However, he has felt the need of a change and the offer that came to him from Weatherford was so good he could not refuse. The best wishes of all citizens go with Mr. Robbins to his new home.

Mr. and Mrs. D. C. Middleton were here from the Stacy community last Saturday, accompanied by their son, Virgil, who had just returned a week before with an honorable discharge from Uncle Sam's service. Virgil had probably one of the most novel experiences that befell any McCulloch county soldier boy. His 14 months' service was spent in the marines, and a good part of the time he was stationed near San Domingo, one of the black republics on the Isle of Haiti, in the West Indies. It will be remembered that U. S. troops were called there to quell an uprising among the natives. Virgil is a fine specimen of manhood, as is evidenced by the fact that he was successful in passing the rigid tests necessary for admittance into the marines. His training, as a marine, was also one of the most strenuous of any branch of the service. While he enjoyed his experience, home looks mighty good to him, and he is just another of the many McCulloch county boys who are glad they are back.

Invoice Files, The Brady Standard.

PERSONAL MENTION

Dr. and Mrs. O. B. Love are here from Brownwood for a visit with the lady's sister, Mrs. John Wright, and family.

Mrs. E. H. Sewell and children are here from Junction as guests of her sister, Mrs. Wm. Bauhof.

Mr. and Mrs. June Coopreder and grand children, June McKee and Rose Coe, leave today in their car for Fort Worth on a visit.

Mrs. Homer Riley of Dallas is a guest of her sister, Mrs. Lewis Brook. Mrs. Brook is also anticipating the arrival tomorrow of her father, L. T. Shaw, and also her brother and sister-in-law, from San Antonio.

Mr. and Mrs. G. W. Thornton and children arrived here from Dallas last Saturday, and were guests of Mr. and Mrs. J. D. Branscum, while Mr. Thornton visited neighboring points in the interest of the Dallas film company, by whom he is employed.

Mr. and Mrs. R. D. Dyer and daughter, Miss Bessie, accompanied by L. Ballou, returned Saturday from San Angelo, where they had been in attendance upon the reunion of Mountain Remnant Brigade, U. C. V. They report one of the best times ever enjoyed.

LICK HOLLOW WELL. SPUDS IN ON 3500 FOOT CONTRACT SAN SABA CO.

The Royal Duke Oil Co. spudded in the Lick Hollow well Thursday of this week for a deep test of the north Richland anticline. This well is being sunk for the Lick Hollow Oil Co. and the contract is backed by an indemnity bond on file with the First State bank of Richland Springs for a faithful performance of the contract. The Royal Duke people are among the large operators in the Ranger, Burk Burnett and Desdemona fields and are reported to be quite successful drillers and operators. This contract calls for a well to be sunk 3,500 feet or until oil is found in paying quantities.

The Lick Hollow Oil Co. is composed of all home people, mostly the farmers and ranchmen of that section who have lands under lease to the company. The company is incorporated and capitalized at \$60,000, with D. G. Boynton of Locker as president, and W. L. Pearce, Richland Springs as secretary. The directors of the company are Leslie Davenport, J. M. Heatherly, T. M. Maxwell and the officers named.—San Saba News.

We have J. I. Case Tractors in Stock. Just the thing to do your Fall Plowing with. Case Tractors are no Experiment—they have been here for years, and are here to stay. O. D. Mann & Sons.

J. P. SHERIDAN BUYS C. R. ALEXANDER HOME—WILL IMPROVE RESIDENCE

John P. Sheridan, who sold his Blackburn street residence a couple weeks ago to Mrs. Ollie Johnson of Melvin, did not find being homeless entirely to his liking, and accordingly lost no time in looking about for another permanent residence. This week he closed a trade for the C. R. Alexander residence in the south part of the city, which he will occupy as his home the latter part of this month, or as soon as R. B. Spears, the present occupant, is enabled to vacate. The purchase price was \$1500.00.

The new purchase is one of the neatest and best-kept residences in town, with a 100x200 ft. lot, and its desirable location makes it a valuable piece of property. Mr. Sheridan expects to enlarge and improve the place to suit his requirements.

GLAD TO TESTIFY
Says Watoga Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly. . . Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then. . . it would last. . . two weeks, and was so weakening, and my health was awful. My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three. . . I gained, and was well and strong, and I owe it all to Cardui."

I am married now and have 3 children. . . Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.

AIRPLANE CARRIES INJURED MAN FROM SAN ANGELO TO WACO LAST WEEK

While the aerial exhibit seen here in Brady the past week, was at San Angelo, a bullet from one of the machine guns ricocheted and struck Leander B. Wilden, chauffeur 1st class, and a member of the recruiting party, in the knee inflicted a painful, but not necessarily serious wound. It is the custom to dig a hole into which the machine gun bullets are fired, but one of the bullets evidently struck a rock in the bottom of the hole, causing the ricochet.

The injured man was carried to Waco by Sgt. Douglas S. Christie, who made the flight with but one stop, at Brownwood, in the Curtis H plane. This plane has a 90 h. p. motor and carried 22 gallons of gas, with 8 gallons in the reserve tank. Returning to Brady, the flight from Waco here was made in one hour and 40 minutes.

Call 184 for Bran and Chick Feed.

LANKFORD SELLS BAKERY AT SANTA ANNA—UNDECIDED AS TO THE FUTURE

J. Q. Lankford has sold his bakery and cold drink stand to W. H. Ragsdale, of Brownwood. Mr. Lankford bought the bakery from Mr. Ragsdale last year and now he is selling it back to him.

Mr. Ragsdale will move back to Santa Anna as soon as he can get a house and will probably take charge of the bakery next Monday.

Mr. Lankford says he doesn't know what he will do next.—Santa Anna News.

Last Call for the MONEY RAISING SALE

Saturday, August 23, is Last Day of The Big Money Raising Sale

We still have a lot of Summer goods which we are anxious to close out. These goods will be sold regardless of cost, because we must have the room for the immense stock of Fall goods which is now coming in. Our store is getting crowded mighty fast with the arrival of NEW FALL GOODS that have been bought by our Mr. Zweig on his two trips to market. We are anticipating the biggest business this fall that we have ever had and we bought accordingly.

Having made our purchases early in the season—before the big advances came on everything, and having paid CASH FOR ALL OUR GOODS. (This we have accomplished by opening our big Money Raising sale in June; we did the biggest business during this sale that we ever had in a Summer sale). And we are still busy selling. Thousands of people have thronged our store and took advantage of the unusually low prices that we offered, and still offering in all lines.

Just a few words to those who are able and in position to buy a little ahead: It will pay well to start buying whatever you might need for Fall. We are still selling goods cheaper than we ourselves can re-buy them, every item in our store has advanced 50 per cent at least, but as long as we have the goods bought cheap, we are going to sell them accordingly. Take advantage of the low prices and buy early. You will save big money by buying early, and you will get what you want. There is a great satisfaction in getting what you want.

We are too busy to write a price list of bargains that we have to offer; it would take three double pages in this paper to write them all out, but we want to assure you that we are selling cheap, and don't forget that we stand behind every article we sell. OUR GOODS MUST GIVE SATISFACTION OR WE MAKE IT GOOD. We have built a big business on those principles.

Remember The Hub When You Want Dry Goods. We want your business. Nuf Sed

THE HUB DRY GOODS STORE

H. W. Zweig, Prop.

Brady, Texas

Here is a Practical Outfit

This Case 15-27 H. P. Oil Tractor pulls three plows in hard plowing—four plows under favorable conditions. It has 25 per cent. reserve power. It burns kerosene successfully and economically. All gears are cut steel enclosed and run in oil. The one-piece main frame insures permanent alignment of all gears, shafts and bearings.

It is also adaptable for all kinds of belt work. It easily handles a Case 20x48 thrasher equipped with wind stacker and feeder. Its pulley is properly placed for convenient "lining-up" to a driven machine.

We recommend the 3-bottom automatic lift Grand Detour plow for use with the 15-27 tractor. This makes an ideal combination for the average size farm. It is neither too large nor too small. It can plow from 9 to 14 acres in ten hours.

The plow is light, but owing to its simple construction it is strong and durable.

We will be glad to explain this rig in detail. Write or call us today. Investigate before you buy.

O. D. Mann & Sons

NOTICE: We want the public to know that our plows are NOT the Case plows made by the J. I. Case Plow Works.

TRADES DAY BRADY Mon., Sept. 1

FARMER UNABLE TO HELP HIS BOYS

Kettner Was So Rundown He Couldn't Work—Gains 28 Pounds On Tanlac.

"You can't blame me for talking so much about Tanlac, for it has not only added twenty-eight pounds to my weight but has completely overcome my troubles," said O. A. Kettner, farmer, who lives on Route 1, Downs, Ill., the other day.

"I just thought I was doomed to suffer the rest of my days," said Mr. Kettner, and I guess that would have been the case if I had not gotten hold of Tanlac. You see I had been in bad health for about twelve years, and I failed completely to find any thing to do me any good.

My stomach was in such bad condition that I would just suffer agonies every time I ate any thing. My food would sour on my stomach and I would be all bloated up with gas for hours at a time. My kidneys were out of order all the time, too, and I would have the worst sort of pains in the small of my back. Then rheumatism struck me and from that time on I had all the suffering that was coming to me. Why I got so bad off that I couldn't even help the boys do little jobs around the place. I just went from bad to worse, and I finally made up my mind that I would just have to give up trying to run my farm.

"Well I heard about Tanlac then, and I bought a couple of bottles and began taking it. Now, the first two bottles didn't seem to do me any good at all, and I was about ready to drop Tanlac, but I figured that case was one of long standing, and that I had not given the medicine a good showing, so I bought one more bottle. That third bottle hit the spot, and in little or no time I was picking up right along and from that time on I improved as fast as any man you ever saw, and I am as hale and hearty as I ever was in my life. I never have a sign of rheumatism now, and my kidneys seem to be in first class condition. I don't believe I ever had a better appetite, and I get away with three square meals every day, and I am never bothered with any indigestion or any other kind of stomach troubles now. I can now get out in the field and do as much work in a day as any other man on my farm. Yes sir, Tanlac was a Godsend to me, and I just feel like I want the whole world to know about this wonderful medicine."

Tanlac is sold by leading Druggist everywhere.

O. B. JOHNSON LOSES MIDDLE RIGHT FINGER ON R. R. MOTOR CAR

O. B. Johnson, who lives at the Frisco section house just east of town, is minus the middle right finger as the result of a railway motor car accident in which he figured last Saturday afternoon at about 3:00 o'clock, while at work in charge of the section crew. A slug on the motor car had a habit of coming loose, and Johnson reached his hand down to tighten it up. It happened that the slug had dropped entirely out, and as Johnson stuck his finger into the place where it was supposed to be, the end of the finger was clipped clean off.

The Frisco local happened along about that time, and Johnson boarded it to town to have the injured member attended to. It was found necessary to remove what remained of the second joint, and some two or three weeks' vacation are in store for Johnson while the wound heals.

RURAL CARRIER EXAMINATION TO BE HELD AT BRADY SEPTEMBER THIRTEENTH

The United States Civil Service Commission has announced an examination for the county of McCulloch, Texas to be held on September 13, 1919, to fill the position of rural carrier at Brady and vacancies that may later occur on rural routes from other post offices in the above-mentioned county. The examination will be open only to male citizens who are actually domiciled in the territory of a post office in the county and who meet the other requirements set forth in Form No. 1977.

Admission of women to this examination will be limited to those who are unmarried and to the wives of soldiers and sailors in the present war.

This form of application blanks may be obtained from the offices mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at Washington at the earliest practicable date.

ANOTHER BARGAIN

New Perfection and Florence Oil Stoves. Just the thing for the Hot Weather. O. D. MANN & SONS.

JAIL HAS OCCUPANT FOR FIRST TIME IN NINE MONTHS—TEMPORARILY

For the first time in nine months the McCulloch county jail had an occupant last Sunday night—but, at that, it was not a criminal. Instead it was a woman who was being carried to Austin for confinement in the insane asylum. The woman arrived here Sunday night at about 11:00 o'clock in charge of Sheriff John Bond of Taylor county, who was accompanied by his wife and W. E. Martin, the latter county attorney of the same county. Sheriff Wall placed the woman in a cell, and it was supposed on account of the long trip she would go to sleep and cause no trouble. At about 1:30 o'clock, however, a hurry-up call came from Mrs. Ed Baker, who was alone at the jail with her children, summoning the sheriff to the jail. Upon arriving there, the sheriff found that the woman had turned on the faucet in the cell and was threatening to flood the building. He accordingly removed her to another cell without water connections, and yesterday morning the party resumed their journey to Austin.

WRIGLEY'S

Wrapped to insure its perfect condition in all climates and seasons. Sealed tight—kept right. The perfect gum in the perfect package.

The Quinine That Does Not Affect the Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE, Inc.

We have a good stock of 10-lb. Molasses Cans. Also Wood Barrels from 5 to 55 gallons. O. D. Mann & Sons.

YOUR CAR WILL "GO"

in most any kind of weather if the starting system is in proper shape. An "Exide" battery means efficiency.

and it will give "punch" and "pep" to your starting system. The space-saving "Unit Seal" construction gives extra plate surface—hence greater capacity per unit of weight and volume. This means built-in durability and power. Let us show you your "Exide" Battery and explain its special features.

For battery testing, filling or expert battery advice come to our

"Exide" Service Station

This service is free to all battery users. Repairs, the prompt and satisfactory kind, on any make of battery at the right price.

COUNTY CORRESPONDENCE.

FIFE FINDINGS.

Carl Doyle Expects to Bring Up Rear of A. E. F. (Too Late for Last Week).

Fife, Texas, Aug. 6.

Editor Brady Standard: Mr. and Mrs. H. S. Espy and daughter, Mrs. A. J. Roach returned from a trip to Waelder, Texas, Tuesday. They say crops below here are very poor and nothing to compare with ours.

Millard Vickery of Hico is visiting his sister, Mrs. B. W. Bradley here this week.

Rev. and Mrs. D. H. Palmer returned Monday from Rising Star where they took Mrs. Palmer's parents, Mr. and Mrs. Norton for a visit with relatives.

Chas. Cheatum left Friday for Del Rio where he will open up a dental office.

Word has been received that H. T. and J. B. Baldrige have sailed for home. Henry has been in the 22nd Marine division in Germany for the past six months and Bright has been boarding at G. H. Q. for 18 months. This is all of our boys on the road home now except Carl W. Doyle, who is stationed at Brest, and who says he will bring up the rear guard but don't know when he will get off.

J. M. Doyle and daughters, Misses Ethel and Nova were shopping at Brady Saturday.

Uncle Joe Campbell of Prairie View was here Saturday. Uncle Joe claimed to be up on business, but we have a suspicion that he came up to sample the sandy-land watermelons we have here now.

Miss Bernice Winstead of Lohn visited with Misses Maggie and Mary Finlay here for the week-end.

Mrs. Jas. Finlay is visiting relatives at Brady this week.

Mrs. W. L. Wright of Celeste, left for her home Saturday after a two weeks' visit with her brothers, C. M. and R. H. Coonrod.

Mr. and Mrs. R. K. Finlay returned Friday from Austin where they visited relatives last week.

W. R. Bevil of the Lohn Oil & Gas Co. was a business visitor here Monday.

Mr. and Mrs. T. J. Patton of Higgins, Texas, are visiting Mrs. Patton's brother, H. D. Martin here this week.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

We have installed one of the latest and best reborning machines, and when we reborne your cylinders and fit them with new pistons, you'll feel like you have a new car. The cost is moderate—the results are worth the cost many times over. MANN-RICKS AUTO CO.

How about your watch? Is it keeping correct time? If not, let us remedy the trouble for you. Satisfaction guaranteed. A. F. Grant, jeweler, east side square.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

Let us have your coal orders early, and be sure of your Winter's supply. Phone 295. Macy & Co.

John Tarleton Agricultural College

A Branch of the A. & M. College of Texas
STEPHENVILLE, TEXAS

A coeducational Junior College of the first class, gives training for the head, the heart and the hand, and specially emphasizes Agriculture and kindred subjects and Home Economics and subjects connected therewith.
