

## 1919 COUNTY TAXABLE VALUES GAIN NEARLY \$90,000 OVER 1918

### CONGRESS PASS- ES DAYLIGHT SAVINGS BILL

Washington, Aug. 20.—Repeal of the daylight saving act was accomplished today. The Senate voted to sustain the House passing the repeal measure over President Wilson's veto.

The vote was 57 to 19. The repeal of the law which now takes its place among the very few which have been passed over a Presidential veto, becomes effective after the clocks are turned back to normal in October.

It will go down in legislative history as one of the very few measures which have twice been vetoed by a President and became a law after all by the vote of more than two-thirds in both Houses of Congress.

### OVER FOUR INCHES RAIN IN PAST WEEK—SUNSHINY WEATHER GETS WELCOME

Over four inches of rain have fallen in Brady in the past week's time, and that's more'n a plenty, and everyone is anxiously looking forward to a spell of bright, sunny days.

Last night only a light shower fell in Brady. However, the threatening clouds, while passing around Brady, nevertheless met a few miles north of town, and a heavy deluge fell all the way out as far as Lohn, something like four inches of rain having fallen throughout this territory.

According to the Commercial National bank's rain record, the following is the rain report for August, up to date:

August 19	1.60 in.
August 21	1.40 in.
August 22	.80 in.
August 23	.15 in.
August 23	.15 in.
Total	4.10 in.

How about your watch? Is it keeping correct time? If not, let us remedy the trouble for you. Satisfaction guaranteed. A. F. Grant, jeweler, east side square.

### Adams-Mooring.

The many McCulloch county friends of the couple will be interested in learning of the marriage of Miss Ella Mooring to Mr. Ray Adams, which occurred on the evening of August 20th at Denton, where the young lady had just completed the summer normal course at the College of Industrial Arts.

Mr. Adams is well known to numbers of McCulloch county folks, having worked here, and having been located in this county at intervals during the past five or six years. He is a splendid young man, and is highly spoken of by all who know him as industrious and capable. For the past couple years he has been in war service. His bride is a most charming young lady, the daughter of Mr. and Mrs. T. W. Mooring of the Rochelle community, and is held in highest esteem by a large circle of friends. She has held a county certificate and was preparing herself at Denton for a first grade certificate with the intention of teaching this fall.

Mr. and Mrs. Adams are expected here for a visit with her parents and friends before going to Milam county, where they will make their home.

Baby Buggies and Push Carts. O. D. Mann & Sons.

Phone your order for your winter's supply of Coal to Macy & Co. Phone 295.

### BRADY WATER & LIGHT WORKS OVERCOMES RUN OF ACCIDENTS FINALLY

The Brady Water & Light Works finally has, to all appearances, overcome the series of hard luck that was camped on its trail the past week. The trouble started last Wednesday night with the breaking of the big belt on the dynamo, and as a consequence the resident district was without lights that night. Thursday morning a piece of belting, which had been lost in transit for several days, put in an appearance and repairs were made, and the plant again put into commission. Thursday night rain then outdid all previous bad luck by melting down the composition belt used on the big dynamo, when the roof sprang a leak, and a second leak in the roof just over the small dynamo, burned it out, thereby putting the reserve engine out of commission. No lights or power were had all day Friday and Friday night, but Saturday Superintendent Bauhof borrowed a belt from the Hillje mill and by 4:00 o'clock in the afternoon had the big dynamo running again. By cutting out the street lights and the fans at the show, and otherwise reducing the load, the plant was able to furnish lights and power for both business and resident districts. Saturday morning a complete new belt was received, and no further trouble is now anticipated, except that the power will be shut off between 6:30 and 7:30 each evening, while adjustments are being made at the plant.

The small dynamo, and also a second small dynamo which had been struck by lightning some time ago, have been sent to Fort Worth for repairs, and until their return, the big dynamo will carry all the load at the plant.

All kind of Akie Grease and Oils for all purposes. O. D. Mann & Sons.

### SEVERAL HUNDRED DOLLARS' WORTH GROCERIES DAILY SALES OF POSTOFFICE

Brady citizens are making a determined fight on the High Cost of Living, as is witnessed by the fact that the local postoffice force is daily sending in several hundred dollars' worth of orders for government groceries to Fort Sam Houston.

According to Assistant Postmaster Oscar Westbrook, the Brady postoffice will soon be able to qualify as an all-around business concern. In addition to being a regular U. S. postoffice, it has also been designated as a Postal Savings bank. Then, in succession, it was named a War Savings office, a Revenue office, the Auditing office for the various county postoffices, the Supply office for six of the county postoffices, and finally a Grocery store.

To judge from their training, Brady postoffice clerks should be proficient to enter almost any line of duty in the business or financial world.

### DEPOSITORY NOTICE.

Notice is hereby given that bids for the handling of funds of the Brady Independent School District for the year beginning September 1, 1919, and ending August 31, 1920, will be received not later than Sept. 1, 1919, by the Board of Trustees of said District at the office of the secretary of said Board of Trustees. The bids shall be based upon the rate of interest to be paid for the handling of said funds.

Dated this 5th day of August, 1919.

W. L. HUGHES,  
Secretary Board of Trustees,  
Brady Independent School District.

### TOTAL VALUE TAXABLE PROPERTY IN McCULLOCH COUNTY \$8,797,451

INTERESTING FIGURES ON COUNTY TAXABLE VALUES FURNISHED BY COUNTY TAX ASSESSOR H. R. HODGES—RATE TAXATION IN BRADY, \$2.65 PER \$100.

County Tax Assessor H. R. Hodges is just completing his work and will have everything in readiness to submit his rolls to the county commissioners court at the September term. As usual, Mr. Hodges has everything up in apple-pie order, and his rolls show the total value of taxable property in McCulloch county to be \$8,797,451, which is nearly \$90,000 better than of last year, when the rolls showed a total valuation of \$8,708,172.

The rolls show the following classification:  
No. acres in county, 668,164.  
No. cattle in county, 24,945.  
No. horses and mules in county, 6,701.

No. jacks in county, 26.  
No. sheep in county, 18,432.  
No. goats in county, 10,238.  
No. hogs in county, 1,434.  
No. dogs in county, 38.

The following are the rates of taxation for county, state, city, school and Road District No. 1, based on \$100 valuation:

State Rate, 75c  
County Rate, 63c.  
Road District No. 1, 15c.  
City, 62c.  
School, 50c.

According to the above rates, taxpayers living within Brady Independent School District No. 1, will pay taxes at the rate of \$2.03 on the \$100 valuation, and those residing within the city limits of the City of Brady will pay an additional city tax of 62c, or a total of \$2.65 on the \$100 valuation.

The following shows the rate of taxation on the \$100 valuation which will be paid by the residents of each of the various school districts in the county. These rates include county, state, special road and special school taxes:  
\* 2 Camp San Saba ..... \$1.58  
\* 3 Fair View ..... 1.98  
\* 4 Lost Creek ..... 1.88  
\* 5 Calf Creek ..... 1.68  
\* 6 Martin ..... 1.58  
\* 7 Rochelle ..... 1.88

* 45 Claxton	1.88

\* Road District No. 1 special rate of 15c on the \$100 valuation, covers all of school district No. 3, and parts of districts Nos. 2, 21, 22, 29, 32, 37, 42, 44 and 45. In the above table of figures, this 15c tax is included in the total for District No. 3, but not in any of the other districts, since it applies to only portions of each district.

### NIFTY SUITS.

Those silk-lined, early Fall model suits at MANN BROS. are the newest and niftiest models. Note the quality of the goods and the splendid tailoring. Then note the low prices—\$32.50 up.

Oats and Wheat Sacks. Phone your wants to No. 295. Macy & Co.

Our last car of Peter Schuttler Wagons are almost gone; better get yours while they last. R. R. on Strike—can't tell when can get the next car. You can buy wagons at all kinds of prices, but you can't beat the Schuttler for quality. O. D. Mann & Sons.

### JOHN MARVIN HAYES PASSED AWAY FRIDAY AFTER BRIEF ILLNESS

John Marvin (Jack) Hayes passed away last Friday morning at 11:30 o'clock at the home of his parents, Mr. and Mrs. S. R. Hayes, in the southeast part of the city, following an illness of only ten days. Kidney trouble, aggravated by typhoid fever and other complications, was the cause of his death. His condition was realized as very grave the latter part of last week, but his friends hoped against hope for a turn for the better. He was aged 22 years, 3 months and 2 days.

Funeral services were held Saturday afternoon at 4:00 o'clock at Brady cemetery, where interment was made, the Rev. S. H. Jones conducting the services, and many friends being present to pay last tribute to the memory of the deceased.

John Marvin Hayes was the only son of Mr. and Mrs. S. R. Hayes, and was born and grew to manhood in the Fredonia community. Some three years ago he moved with his parents to this city, making his home here since, and being engaged up to the time of his fatal illness, in carrying the mail on the Waldrip star route. His never-failing smile and jovial disposition, as well as his willingness to accommodate friends and strangers alike and to perform any service within his power, made him popular and esteemed by everyone with whom he met, and his untimely end is sincerely mourned by all.

He was married a little over a year ago to Miss Maude Bell Brown of Fredonia, who, with his parents, survives him.

Attending the funeral from out of town were Mr. and Mrs. J. S. Capps of Fredonia, A. R. Latham of Fredonia, T. H. Hayes, son, Sam, and daughter, Gertrude, of Rochelle, Miss Dolley Hayes of Fredonia, A. D. Brown of Mason.

To the bereaved ones The Standard joins in extending heartfelt sympathy.

### Teachers' Examination.

The regular teachers' examination will be held in the District Court room at Brady, Texas on September, 5th and 6th. Applicants should bring pen and ink. Regulation examination paper may be had at county superintendent's office. The examinations will be open promptly at 8:30 each morning, and all applicants are urged to be present at that hour.

The following schedule will be carried out:

Friday Forenoon—Physical Geography, Physiology, Composition, Arithmetic, Literature, Solid Geometry.

Friday Afternoon—Texas History, Grammar, Descriptive Geography, Plane Geometry, Hsychology, Book-keeping.

Saturday Forenoon—Spelling, Writing, Methods and Management, Civics, Reading, Chemistry, History of Education.

Saturday Afternoon—United States History, General History, Agriculture, Algebra, Physics, Plane Trigonometry.  
Signed, W. M. DEANS,  
County Superintendent, McCulloch County, Texas.

### EARLY FALL SUITS.

Don't fail to see those new suits—early Fall models, silk lined—just received at MANN BROS. Priced at \$32.50 up.

### JUST ARRIVED.

A shipment of New Hercules Top Buggies. Boys you have been asking for these New Buggies. Come in and look them over. The price is not as high as you think it will be. O. D. Mann & Sons.

Regular \$1.00 Short Sleeve Men's Shirts, 65c. A. R. Hooper.

### NOTICE.

School will open September 8. I will be at the Central Building on Monday, Tuesday and Wednesday of next week. On Thursday and Friday I will be at the High school where I would like to see and register all high school students.

Respectfully,  
W. L. HUGHES, Supt.

### \$7.50 PER CAPITA 1919-20 SCHOOL APPORTIONMENT

Austin, Texas, Aug. 21.—It has been virtually decided by the State Board of Education to make an apportionment of \$7.50 per capita of the available school fund for 1919-20, based on 1,245,278 scholastics in Texas. The board will meet late today at which time the matter will be officially disposed of. This is the same amount apportioned for 1918-1919.

### T. M. HODGES, JUNCTION. TO CELEBRATE SEVENTIETH BIRTHDAY IN GREAT STYLE

Mr. and Mrs. H. R. Hodges are preparing to go to Junction this week in order to be present at the celebration of the 70th birthday anniversary of Mr. Hodges' father, T. M. Hodges, Sr. Mr. Hodges has led an active life all these many years, but expects to wind up all his business activities with the birthday celebration and then retire to spend the remainder of his days in comfort and ease. He has leased out his hotel and is arranging to lease out his farm and unload the burden of all his other enterprises upon younger shoulders.

The anniversary is to be a fitting climax to so active a business career. Not only are relatives from far and near invited to the feast, but everyone over 60 years of age in Kimble county is likewise extended an invitation to be present, the invitations being very attractive printed forms.

### TELEPHONE OPERATORS WANTED.

With or without experience. Salary while learning. Permanent position. Apply in person, between 8 a. m. and 6 p. m. at Telephone office.

MISS AGNES BAIRD,  
Chief Operator.

### Two Stories from the Front.

Here is a story, somewhat belated, which came from the front via a transport smoke room, according to the New York correspondent of the Cincinnati Times-Star:

Two colored soldiers, in a training camp in France, are expecting orders which will take their regiment to the firing line. The probability provokes discussion.

"Spose," said one of them, "s'pose you's out in one o' dem listenin' posts an' yoh sees a whole regiment o' dem boshes comin' right down on yoh wid fixed bay'nits. What yoh gwine to do?"

"Ah gwine to spread de news all ober France," was the prompt response.

Here is another one from the same source:

An American negro soldier returns with a dejected air from a six-hour leave, during which he has seen a regiment of Senegalese moving to the front.

"Josh," said he, "dey ain' no chance us toh git toh do no fightin'. You'n gwine toh be right heah til dis ovah."

"It so?"

"Niggrahs goin' up today, an' day's dey kin talk

## PRODUCTION A MORAL ISSUE.

"High Cost of Living Necessary Reaction to Grasping Attitude 95 Per Cent of Us Take Toward Life."

It is very wrong to attempt to blame the merchants and storekeepers for the increased cost of living. It is doubly wrong, first, because it is unfair to these people, and second, because the publicity connected therewith directs the people's attention away from the real cause and the real cure. It likewise is wrong to blame high prices onto high wages, or vice versa. Both are relative and always will be. When expressed in dollars neither prices nor wages mean anything. It does us no good to get \$10 a day and work only six hours a day if this means that bread will be \$1 a loaf. A discussion of either wages or prices alone is like arguing which existed first, a hen or an egg! We have fooled ourselves long enough by putting our thumb on the thermometer bulb. It is time that we went down cellar and put some coal in the furnace. The increased cost of living can be reduced only by increasing production or decreasing consumption, or both. When production exceeds consumption, the cost of living declines; but when consumption exceeds production, the cost of living increases.

Usually, the cost of living is reduced through the latter method, namely, by reducing consumption. This comes about by prices getting so high that people curtail their buying to a point which makes prices decline. When prices begin to decline they fall farther than is needed, because people get panic-stricken and refuse to buy on a falling market, even for their legitimate needs. Hence, in accordance with the law of equal and opposite reaction, prices on a declining market fall as far below their normal as they rise above their normal during boom times. This is why the cost of living declines during a business depression even though production falls off and unemployment is common.

The ideal way to reduce the cost of living is by increasing production! Reductions in the cost of living which come through reductions in consumption are only temporary. As soon as business picks up and people again become employed, the cost of living again begins to climb and we are worse off than before. This explains why all the commissions and other attempts to reduce the cost of living during the past decades have failed. The high cost of living is a necessary reaction to the grasping attitude which 95 per cent of us take toward life. We are taught to get all we can and give as little as we can.

As long as only comparatively few families had this grasping nature, things went on very well. In our fathers' days enough people had the right point of view toward life to keep the rest fed, housed and clothed on a decent basis. We are like a party in a rowboat. As long as all row, we get along finely. One, even, may loaf and still we make progress. Now, however, almost everyone is slacking on his oars, and the boat is stopping. We can get on with a few robbers. The country will stand a certain amount of burglary and still prosper; but when all turn burglars, production falls off and prices shoot up. That is what we are up against now. Hence, I say, the cost of living can be reduced only by a Nation-wide revival which will change men's hearts!

The cost of living is more a religious question than an economic one. It's solution awaits a religious revival rather than the passage of more legislation or the adoption of a new industrial order such as the Socialists, the Bolsheviks, or the I. W. W.'s demand. Until the hearts of men are changed, we should be no better off under Socialism than at present; with the hearts of men right, we can get on well under any system. Hence, I again say, we should quit fooling with the thermometer either by changing the scale or by putting our thumb to the bulb. We should go down cellar and put more fuel on the furnace. This means go out into the forests and cut more wood, mine more coal and produce more everything.

How can we increase production? First, let me say there can be no such thing as too much production, or overproduction, provided all is properly distributed and labor is properly proportioned among the different industries. There could be an overproduction of pepper, or even of sugar; but it will be many, many years before there could be an overproduction of foodstuffs in general; while I can not imagine a time when there could be an overproduction of good homes and comforts. We need not fear overproduction. What we must fear is that too many people will loaf on their own jobs, and consequently will not be able to buy their share of good things. In other words, the problem is to get everybody to producing something useful. We can't do this by merely stating economic facts. We must make it a moral issue!

The abolition of slavery was never accomplished by an argument of economics, but when the majority of people were made to feel that slavery was wrong, it was abolished. When the majority of people were made to feel that drinking was wrong and were ashamed to be seen in a saloon, we got prohibition. In the same way, when the people are educated to regard with contempt the nonproducer or the man who curtails his production, we shall strike at the tap root of the high cost of living.—Dallas News, reproduced from Roger W. Babson's Reports.

## Here is a Practical Outfit

This Case 15-27 H. P. Oil Tractor pulls three plows in hard plowing—four plows under favorable conditions. It has 25 per cent. reserve power. It burns kerosene successfully and economically. All gears are cut steel enclosed and run in oil. The one-piece main frame insures permanent alignment of all gears, shafts and bearings.

It is also adaptable for all kinds of belt work. It easily handles a Case 20x49 thresher equipped with wind stacker and feeder. Its pulley is properly placed for convenient "lining-up" to a driven machine.

We recommend the 3-bottom automatic lift Grand Detour plow for use with the 15-27 tractor. This makes an ideal combination for the average size farm. It is neither too large nor too small. It can plow from 9 to 14 acres in ten hours.

The plow is light, but owing to its simple construction it is strong and durable.

We will be glad to explain this rig in detail. Write or call us today. Investigate before you buy.

O. D. Mann & Sons

NOTICE: We want the public to know that our plows are NOT the Case plows made by the J. I. Case Plow Works.

## HOME DEMONSTRATION DEPARTMENT

Short Courses at Doole and Voca. A Short Course is to be held at Doole the 3rd of September and at Voca the 4th of September. There will be a meeting at night the 2nd of September at Doole, commencing at 8.30 p. m. Specialists from A. & M. College will speak at this meeting and will assist throughout the programs for both days.

There will be demonstrations and lectures on subjects that are closely connected with your home and farm. This week has been planned to assist you in meeting the problems that come every day. And you should avail yourself of this opportunity to secure help.

The program will begin at 8:00 a. m. each morning and will continue until 5 or 6 p. m. Some of the subjects which are on the program are: Home Sanitation, Seed Selection, Cooking Demonstrations, Pruning and Interior Decoration.

But the principle feature of the course will be planning to market the crops in the best possible way.

Miss Lottie E. Scott, Home Demonstration Agent.

Bill D. Black, County Agent.

Anyone who desires assistance or advice in the canning of tomatoes or fall products may obtain it by calling on Miss Scott, the Home Demonstration Agent, at the Chamber of Commerce.

Vegetables form an important part of our valuable foods; they are the main source of minerals. And some minerals can not be taken into the body except through vegetables. The body does not require a large amount of mineral food, but it must have this amount. One of the chief reasons that the body runs down in the winter is because it does not get a sufficient amount of mineral food. There is no need for the body to be without mineral, or vegetable, during the winter months, if more people would plant fall gardens.

Now is the time to plant fall gardens, and if you desire the cheapest and best means of keeping your family in good health you will plant a fall garden. I hope to see a garden at every home this fall.

LOTTE E. SCOTT,  
Home Demonstration Agent.

**No Worms in a Healthy Child**

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dissipate the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

About time to get ready for Fall Plowing. We have in stock everything from a Georgia Stock to 4-Disc Engine Plows, including Avery Bob Cat, Newell Sanders and Emerson Standard. O. D. MANN & SONS.

New Perfection and Florence Oil Stoves. Just the thing for the Hot Weather. O. D. MANN & SONS.

## PERSONAL MENTION

Mrs. H. J. Blackburn and son, Gordon, are visitors here today from Eden.

Mr. and Mrs. S. R. Hayes left today for Fredonia, where they will spend several weeks.

Miss Ruhama Snider, who has been a guest of her brother, Bill Snider, in Brownwood, returned home Monday.

Mrs. R. A. Snider, son, James and daughter, Miss Cora, returned Monday from a visit with relatives in McKinney.

Miss Elizabeth Calvert came from Brownwood Saturday and is a guest of her brother, Paul Calvert, and family.

Mr. and Mrs. Lee King and children have returned from an enjoyable trip and visit to Corpus Christi and San Antonio.

Mrs. J. M. Hayes left Sunday for Mason, accompanying her father, A. D. Brown, and will spend several weeks at that place.

Mr. and Mrs. Tom Baker are here from Sheffield and are guests of Mr. and Mrs. Edd Broad, while Mr. Baker attends to business matters.

Mr. and Mrs. J. R. Hill and children are here from Dallas for a visit of a few days with the family of his brother, J. H. Hill, and are greeting old acquaintances.

Mrs. F. C. Striegler, who has been a guest of her son, S. J. Striegler, and family following her return from the veteran's reunion at San Angelo, leaves today upon her return to her home at Fredericksburg.

Joe White, Jr., accompanied by his sister, Miss Maggie, left last night for Carlisbad, where Miss Maggie will be a guest of Miss Mary McKnight, and Joe will take up a course of study at the Carlisbad sanitarium.

Mrs. John E. Cooke, who has been a guest of her niece, Mrs. Harry F. Schwenker, the past few weeks, left last night for Fort Worth and Dallas, where she will visit relatives before returning to her home at Rockdale.

Miss Carterette Bellamy left Monday night for Dublin, where she will be a guest of her aunt, Mrs. H. L. Kight, before going to Fort Worth to resume her work as teacher of the kindergarten at Diamond Hill rural school.

Mr. and Mrs. Thad O. Day drove to Fort Worth last week, Mrs. Day going from there to Ottawa, Kans., where she will visit a while and then visit at Columbus, Ohio, and in Wisconsin. She expects to be gone some three or four weeks. Mr. Day returned to Brady last Friday.

**The Quinine That Does Not Affect the Head**

Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE. 30c.

**"A SPLENDID TONIC"**

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. R. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side..."

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better. In fact, cured me. It has been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me, and I recommend it as a splendid female tonic.

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists.

NO-122

O. D. MANN & SONS.

## AFRAID TO DRIVE TEAM TO TOWN

Farmer's Nerves Were Shattered—Had Lost 40 Pounds—Tanlac Restores Health.

"I never expected to be the strong, well man I am today and my neighbors think my recovery is the most astonishing thing that has ever happened in this part of the country," said Hiram Robinson, a well known farmer, R. F. D. 3, Randolph, Illinois, in relating his remarkable experience with Tanlac recently.

"I used to think no medicine could help me," he continued, "but I've got to hand it to Tanlac, as it has not only relieved me entirely of all my suffering, but has added nearly forty pounds to my weight besides. For eleven years I was hardly able to be up, much less work, and when I ventured to eat anything except broth and the very lightest of food I would put in a day of the worst misery imaginable. If I ate a piece of pie or cake or a little fruit, gas would form on my stomach and bring on such awful cramping pains that I could hardly stand it. This gas would press on my heart, nearly cutting off my breath, and cause such a dizzy, whirling sensation in my head that I thought I would go distracted. I dropped down all of forty pounds in weight and got so weak that I could hardly walk. At the time I got Tanlac I had not been able to do my work for a year. I was not only an absolute wreck physically, but my nerves were in such a shape that I couldn't lie still at night and during the day I was just like a fish out of water. I was habitually constipated and had such a hurting in my head just back of my eyes that I couldn't read at all. I was so nervous, weak and dizzy that I was actually afraid to drive a team to town and had taken so many different medicines without getting any better that I had given up in utter despair.

"But, one day I was persuaded by my wife to get a bottle of Tanlac and right there is where my recovery started. If I should sit down here and talk or write for a solid week I couldn't tell how thankful I am for getting out of my misery to where I can enjoy living again. I now eat all kinds of meats, vegetables, pies and cake. In fact I eat like a wolf and enjoy every mouthful, and never have the least trouble with my stomach. I sleep as good as I did when a boy and can do as much work as I ever could in my life. I used to lag behind the boys in the field, when I was able to work at all, but now they have to step some to keep up with me. I am not one bit constipated and haven't had one cramp in my stomach since Tanlac commenced to bring me out of the kinks. What I say is more than verified by my looks, but my neighbors will tell you the same thing. I will never get through praising Tanlac."

Tanlac is sold by leading druggists everywhere.

Card of Thanks.

To the neighbors, friends and relatives who were so kind to us, and who so willingly aided and comforted us in the illness and death of our dear husband and son, John Marvin Hayes, we wish to express our most sincere thanks and to ask Heaven's richest blessings upon you all.

MRS. JOHN MARVIN HAYES,  
MR. AND MRS. S. R. HAYES.

**His Job.**  
Once Cyrus Warman, a high official of the Grand Trunk railroad, stopped overnight at a little hotel in northern Michigan. The hotel was conducted by a man who had previously run a shooting gallery, and later a night lunch-car in New York. The host related his own life story at length, then he became interested in the biography of the visitor. "What do you do up in Montreal, Mr. Warman?"

"I work for the Grand Trunk," said Warman.

"What kind of a job have you got? Do you sell tickets or handle baggage?"

"Oh, I've got a better job than either of those," said Warman. "You know the man who goes alongside of the train and taps the wheels with a hammer to see that everything's all right? Well, I help him listen."—Everybody's Magazine.

### LOCAL BRIEFS

"Business is surely picking up," said M. P. Wegner, assistant ticket agent at the union depot. The nightly ticket sales on the Frisco have grown to a very flattering figure, and if this run of business continues, The Standard has hopes that the Frisco may, by the end of the year, see its way clear to again give Brady double daily train service.

Julian Behrens was in from Lohn on business yesterday, and reported more feed out in that section than the farmers knew what to do with. Also he reported the roads so muddy that two days were required to move the Aug. F. Behrens stock out to Lohn—the first day the trucks stuck in the mud, but the second day they made it through. Julian reports a splendid business, and is anticipating a mighty busy fall season.

John Basley of Dawson and Clinton Bessey of San Antonio arrived here last Friday, having been called by news of the serious illness of their brother, Alvin, who is at the local sanitarium for treatment. They report Alvin having passed a splendid night last night, and being much improved this morning. John is engaged in the mercantile business at Dawson, while Clinton is with a lumber company at San Antonio.

Carl Doyle, who with John Bright Baldrige, returned last Saturday from San Antonio, where they had received their discharge from service, was among the visitors in town yesterday. These two boys were the last of the Five boys to return, and while they were close together all through their period of service, the homeward-bound trip from San Antonio was the first time they actually were together. Both served in the Q. M. department, and neither saw active warfare, as they sailed for France two days after the signing of the armistice. They spent about six months at Brest, and the farthest they got was some 200 or 300 miles in the inland of France. They report conditions at Brest at first were as bad as has ever been claimed, but gradual improvement was made, until during the latter part of their stay it was as good as could be expected. The Standard was more than appreciated by the boys and Carl says it was better than a letter.

H. P. Roddie returned Sunday from a several weeks' visit to eastern markets, spending the greater part of his time at Boston, Philadelphia, New York and St. Louis. Mr. Roddie completed his business in the shortest possible time in order not to be caught in the east by any threatened strike or railway tie-up. He reports conditions in the east as very uncertain, with strikes in various lines threatening to paralyze business of all sorts. The railroad strike was the most serious and in one week's time the Penn-

sylvania lines pulled off 72 trains. The dining car service was very poor, as new waiters had been put on to take the place of strikers, and many of these could not read or write, and so could not begin to figure up a diner's check. Mr. Roddie had thought to return by boat to Galveston or New Orleans, but the Pennsylvania had gotten the strike under control so well that he was enabled to return by rail. He says the financial centers of the east keep closely posted on conditions everywhere—even in Texas. He says there is no drouthy country between Brady and Houston, and, in fact, the only drouth-stricken part of the entire U. S. is in Wyoming, Utah and Idaho. Cattlemen of Wyoming are moving their cattle to pasturage in the extreme western part of Texas.

### Kindergarten Helps for Parents

This is No. 2 of a series of articles issued by the National Kindergarten Association. They will appear weekly in these columns.

#### CULTIVATE YOUR CHILD'S CONFIDENCE — BE HIS BEST FRIEND.

By MARTHA GALUDET WARING.

A little child begins by "telling mother" everything. Bumps or bruises, joys or sorrows, all are brought to her as naturally as the child draws breath, and this continues as long as he is totally unconscious of himself as an individual.

The time for special care is when he becomes aware of himself as a separate entity. From this time on, a cold look, an indifferent air, an uninterested attitude, a word of ridicule or sarcasm may wound the child's sense of confidence or justice so deeply that he will shrink within himself and never again show his inmost thoughts or most sacred feelings to his mother or to anyone else. Incalculable harm is done thru thoughtlessness, even by the most devoted parents, in failing to recognize this stage of the child's development and to reverence his individuality and his right to it. The mother loses the greatest power for good she possesses. She misses the greatest joy and recompense she can have by not sharing her child's hopes and fears, his troubles and triumphs. The bitter experience will come to her sooner or later of realizing that her child is sharing these with another person who must therefore, be spiritually nearer to him than she is.

There are a few absolutely certain ways of avoiding this catastrophe which have been used over and over again by wise and devoted mothers. One is, never fail to listen attentively and sympathetically, no matter at what inconvenience, giving your best wisdom to help your child see his problem clearly for himself.

Another is, respect your child as a spiritual being, an individual as different from all other individuals as C-H meant him to be. Meet him on his own ground, and do not try to make him conform to a pattern of your own.

Respect your child's confidence absolutely. Once betrayed, it may never be given again.

A young lad of 12 I once knew, told his mother something that greatly interested him, and asked her not to tell anyone about it. Later in the day he passed under the bay window in which she and a friend were sitting with their sewing, and he heard her telling what he had told her in confidence. He was a rather quiet lad but very determined, and after the visitor left he went to his mother and said: "Mother, I passed under the window and heard you telling Mrs. Blank what I asked you not to mention to anyone. I just want to let you know that as long as I live I will never again tell you anything that concerns myself until I am ready for everybody to know it." And he kept his word, although he was always a most devoted and dutiful son.

Never meet a situation which appears absurd to you with ridicule or sarcasm; this is fatal.

Perhaps the most important rule of all is, do not be afraid to discuss any subject, to meet truth with truth, frankness with frankness, confidence with confidence. Long ago I told my children I would always give honest answers to their questions in as far as they could understand them, and would explain more as they grew older. Give them scientific truths when they ask for them, reverently and simply, and know the joy of seeing their minds open to the facts of life with appreciation of their beauty and holiness, and of watching their love and respect grow for their father and mother and for all life!

Never be afraid of confessing ignorance. A child thoroughly respects the answer: "I don't know accurately enough to tell you correctly; let us

look it up together." This is where father can be brought in with effect, even if he is much away and very busy, for a child can soon learn in confidential talks with mother that father would be just as much interested, just as anxious to help, and just as good or perhaps a better adviser, if only he were there. Then whenever his advice is especially needed, the matter can be referred to him at a convenient time.

To be a parent is a vocation, not a pastime. God has given into our keeping an individual not a replica of ourselves for a plaything, and it is not enough to give only our love, which is a natural gift; we must give spiritual insight and understanding, joy in the child's growing and developing powers and true companionship.

**\$100 Reward, \$100**  
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires a constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.  
Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

**TO THE FARMERS.**  
We give you 40 pounds of flour in exchange for a \$2.00 bushel of wheat. We are here to serve you, and make only the by-product on the above offer. We do custom milling strictly, and want your business. Don't sell all your wheat for \$2.00 a bushel and then buy it back in flour at \$2.40. Many farmers appreciate and take advantage of our offer—why not you?

Just unloaded a car of Barb Wire, Hog Wire, and Hay Ties. Can make you the price. O. D. MANN & SONS.

Silkine Crochet Thread, colors and white, 10c. A. R. HOOPER.

A. T. Jergins and Dave Kinsey came in Monday to complete arrangements for the completion of the Smith & Jergins well, Mr. Jergins coming down from Fort Worth, while Mr. Kinsey came from Desdemona, where he has been looking after the company's interests. The Smith-Jergins Syndicate brought in a fine well near Desdemona on August 5th, and in the past 13 days this well produced 50,000 barrels, netting the company over \$100,000.

Chas. McMillan and Grady Burns were here from Voca Monday on business. Chas. is carrying his left arm in a sling, the result of letting a truck fall on it and which knocked his elbow out of joint. Chas. says he surely must be out of luck, as this is the second time in the past few months that he has had the arm out of joint, and in addition the early part of the year he shot a couple of his toes off accidentally. He is hoping that this third accident will prove the charm and that the jinx will let him alone in future.

Robert Calvert arrived Saturday for a visit of a few days with his brother, Paul Calvert, and family, and is greeting old-time friends here. Robert was in overseas service and in one of the most interesting branches of service at that, viz: the aerial photography. He had a thousand or more pictures made by the aerial photographers, the collection and valuable of any owned by individual soldiers. He left last night upon his return to Sweetwater, where, prior to entering Uncle Sam's service, he was engaged in railroad office work.

Paul Klatt returned last Thursday from a trip to Weimar, Hallettsville and other points in Southeast Texas, and reports crop conditions there far from favorable on account of the excessive rains. He says the leaf worm is now stripping the cotton, leaving only the bare stalks standing in the fields. However, the farmers are making no effort to stop them, as they are of the opinion that the work of the worms will destroy the boll weevil, which ruined the crop earlier in the season, and then next year they expect to exterminate the leaf worms without much trouble.

Attila Striegler left the past week for Fredericksburg, following his return from the veteran's reunion at San Angelo, which he had attended with his parents, Mr. and Mrs. F. C. Striegler. While here he was a guest of his brother, S. J. Striegler and family, and greeted numbers of old-time friends. Attila had one of the most thrilling of experiences while in service, having been rescued from the Tuscania, which was torpedoed by the Germans. He was a member of the 100th Aero Squadron. He has decided to locate in Cain City, where he will engage in the cotton and produce business.

Leo Campbell returned Monday from San Antonio, where he had received his honorable discharge. Leo has a record of 19 months' service in Vocational and Educational work, and also some hospital training, and says evidently they liked him so well he thought they would never turn him loose. Leo never left the U. S., but spent his entire service at various points in the U. S., including Indiana, Oglethorpe, Ga., Nashville, Tenn., and Asheville, N. C. He is looking fine, and is delighted to be back home, say-
