

## PRAIRIE HAS SHALLOW OIL--TWO NEW RIGS ON WHITE RANCHES

### CUNNINGHAM & DEVINE ANNOUNCE DRILLING LOCATIONS THIS WEEK

WHITE RANCHES SCENE OF NEXT OIL DEVELOPMENT--NOTED GEOLOGIST LOCATES EAST WELL ON SURVEY 19 AND WEST WELL ON SURVEY 2.

Those optimists who have been predicting a renewal of oil activities in McCulloch county this fall, following a summer of comparative inactivity, are now having their inning. They are are rightfully the "I told you so" bunch. For their predictions have come true. The fall activities in McCulloch county oil circles opened unusually auspicious. First of all came the report of the bringing in of a good shallow well by the Prairie Oil & Gas. Co. on Survey 89, and this was followed by announcement that Cunningham & Devine had made locations on both their big tracts in the north parts of the county, and that the derricks are to be erected at once, with drilling scheduled to begin the early part of October.

The Prairie's shallow well was brought in about 3:00 o'clock Sunday afternoon. The company had been cleaning out the shallow hole 1200 ft. east of the deep test, and then decided to drill deeper. The drill had proceeded only about 2 1-2 ft. when the drillers began baling out oil. The oil is of the same grade as that found in the original Lohn shallow field, and is highly volatile, blazing up like gasoline when a lighted match is touched to it. This new shallow field is fully two miles northwest of the Lohn shallow field. The oil well was brought in at 383 feet, approximately the same depth as that at which shallow oil was found in the deep test.

A new crew has been secured for the Prairie's deep test and drilling was resumed at daylight Monday at a depth of 3300 ft.

C. A. Devine, who is here this week, announces that the building of both derricks for Cunningham and Devine on the G. R. and W. N. White ranches in the north part of the county, has been contracted. A. L. Jones of Coleman, who built practically all the derricks in this and adjoining counties, will begin the erection of the derricks as soon as the material can be placed on the ground. The rig irons are now enroute from Fort Worth, and the derrick timbers will be hauled out from Coleman. The two derricks will each be the equal of the best standard derricks in this county, and the contract price for the two is \$9,500.

Dr. H. E. Peterson, formerly geologist with the Union Oil Co., and recognized as one of the leading geologists of the south, last week made the locations for the two wells on what he pronounces as the best structure in Texas. The test on Cunningham & Devine's east tract, will be located on Survey 19, and is contracted for 2500 ft. On the west tract, the test will be drilled on Survey No. 2

to a depth of 3500 ft. The east test will be known as the Marie, and the west test as the Helen--being named after Mr. Devine's 10-year old twin daughters. Mr. Devine will spend practically all of his time here superintending the drilling of the wells.

About six years ago a well was drilled on the west tract, and at 300 ft. a flow of gas was struck sufficient to enable the drilling of the well to a depth of 1400 ft. More recently--in fact, only last week, G. R. White, drilling a water well on this tract, brought in an oil well at 300 ft. In addition to the splendid recommendation given these tracts by Dr. Peterson, A. D. Lloyd, another prominent Texas geologist has passed most favorably upon the structure.

Cunningham & Devine have a forfeit of \$7,500 posted to insure completion of the two tests to the contract depth. Drilling will be in progress the early part of October.

A. W. Cooper, who was here from Fort Worth last week, reported 12 1/2-inch casing set on the Cooper-Shields test on Survey 1066 to a depth of 560 ft. Mr. Cooper states that a double crew is to be put on and that drilling will be resumed at once and pushed to the contract depth of 3,000 ft.

Swisher & Cloud, who are drilling a shallow test on Survey No. 139, are down over 200 ft. The Texas Eastern Oil Company, which holds two big tracts in McCulloch county, one northeast of Rochelle on which they are now drilling at a depth of about 2200 ft., and the second the J. E. Bell ranch ten miles north of Brady, have just renewed their rentals upon the latter tract. This renewal payment was made following a close survey made of the tract by the geologist of the company, who spent nine days in securing the data from which he made up his report. It is evident from the action of the company that the geologist's report must have been very favorable.

### OSCAR STRICKLAND AND J. B. DAVIS PURCHASE EAST SIDE BARBER SHOP

Oscar Strickland and J. B. Davis last Friday consummated the purchase of the East Side Barber shop from J. R. Starkey and Leonard Wood, and Monday morning took possession. Messrs. Strickland and Davis are old stand-bys in the barbering business, are expert workmen and during the many years they have engaged in the profession in Brady, have built up a large clientele among the citizens, and their patrons will be pleased to learn that they have engaged in business for themselves.

Messrs. Starkey and Wood have been in the barber business the past ten or twelve years or more, and, while enjoying a splendid trade, have decided that a change would be beneficial. Mr. Wood will weigh cotton the coming season for J. U. Silvers, while Mr. Starkey will engage in some out-door form of employment.

### COMING SOON!

The A. K. Hawke's man will be here September 20th to fit glasses. TRIGG DRUG CO.

Phone your order for your winter's supply of Coal to Macy & Co. Phone 295.

How about your watch? Is it keeping correct time? If not, let us remedy the trouble for you. Satisfaction guaranteed. A. F. Grant, jeweler, east side square.

Pencraft--Carter's best combination fountain pen and office ink. The Brady Standard.

### LARGE CROWDS ATTEND DEMONSTRATION OF TRACTOR PLOWING SATURDAY

The tractor plowing demonstration held last Saturday afternoon was a decided success, practically every farmer coming to town either stopping by or going out to the demonstration field to watch the tractors in operation. The demonstration was held in the Marsden field, just about a half mile northwest of Brady on the Coleman road, where an ample field afforded every opportunity for the various tractors to demonstrate their merits.

The tractors taking part in the demonstration were the International Harvester Co.'s small tractor and also the Titan, entered by the Broad Mercantile Co.; the J. I. Case Threshing Machine Co.'s tractor, entered by O. D. Mann & Sons; the Wallis Cub, entered by Walter Banks of Rochelle and the Cletrac Tank-Type tractor, entered by F. R. Wulff.

The crowds watched the performance of each make closely, following the furrows and noting the depth and the class of plowing closely. The Cletrac added to the diversion of the occasion late in the afternoon by demonstrating its ability to harrow the plowed land, using an 8-ft. double-disc harrow in the operation.

### SYRUP CANS.

Don't forget that we have a good stock of 10-lb. Syrup Cans. Also Wood Barrels from 5 to 55 gallons. O. D. MANN & SONS.

That good McAlester Coal at Macy & Co. Get your order in early.

### FIRST THREE BALES COME IN A ROW FIFE, WHON AND HEXT CONTRIBUTING

C. M. RASCO OF FIFE IS FIRST; F. E. CRIDER OF WHON, SECOND, AND J. E. KINNEY OF HEXT, THIRD.--COTTON LATE BUT MOVEMENT WILL LIVE UP SOON.

Brady's first three bales were received within twenty-four hours' time, the first arriving last Thursday afternoon, the second early Friday morning, and the third Friday afternoon. Two came from the north end of the county, and one from the southwest part. To C. M. Rasco of Fife falls the honor of bringing in the first bale of the 1919-20 season.

Mr. Rasco brought in seed cotton that weighed 1425 pounds at the gin scales, and which turned out a 465 pound bale. His cotton seed netted him \$30.75. The bale was ginned free by E. M. Womack, manager of the Planters gin.

F. E. Crider of Whon brought in the second bale, having started for Brady Thursday evening and arriving here early Friday morning. The bale was ginned free of charge at the Koerth gin by J. L. Edwards, the 1405 pounds of seed cotton turning out a 430 pound bale and the cotton seed bringing over \$30.00.

J. E. Kinney of Hext brought in the third bale Friday evening, the seed cotton weighing 1360 pounds, being ginned at the Planters gin, and turning out a 444 pound bale. The cotton seed sold for \$40.60.

### T. P. GRANT SELECTED SECRETARY BRADY CHAMBER OF COMMERCE SAT.

BRADY'S PIONEER GOOD ROADS MAN AND LIVE WIRE BOOSTER AGAIN AT HEAD OF COUNTY'S ACTIVITIES --PLANNING FARM EXHIBIT AT DALLAS FAIR.

T. P. Grant, Brady's original good roads man and live wire community booster is again at the head of McCulloch county activities. The directors of the Brady Chamber of Commerce last Saturday voted unanimously to employ Mr. Grant as secretary, and Mr. Grant has accepted the proposition and is already on the job. The first big undertaking will be to see that McCulloch county is properly represented at the Dallas State Fair in October and reservation for exhibit space has already been made. Mr. Grant calls upon every citizen of McCulloch county to aid in securing for McCulloch county an agricultural exhibit that will do her credit and justly represent her wonderful products at the Dallas fair, as well as at such other fairs and exhibits as it may be decided to visit.

Mr. Grant is already in the field, actively endeavoring to secure and preserve unusual specimens, as well as photographs of exceptional crops or fields. He also has in preparation an illustrated booklet setting forth the advantages of McCulloch county, together with complete data upon her climate, variety of soils and crops, and more especially a membership covering every community in the county, is now very apparent. To do big things, they must be planned on a big scale, and to plan on a big scale a project must be fully financed. It is very likely, therefore, that the next big work of the live-wires of McCulloch county will be to have every citizen of McCulloch county a member, a worker and a booster for the Brady Chamber of Commerce.

This is but the beginning of the work inaugurated by the Chamber of Commerce--good roads will come in for an aggressive campaign and an effort will be made to secure a half-million dollars' worth of Federal aid.

The Brady Chamber of Commerce is now on excellent financial footing, although the need of additional funds, and more especially a membership covering every community in the county, is now very apparent. To do big things, they must be planned on a big scale, and to plan on a big scale a project must be fully financed. It is very likely, therefore, that the next big work of the live-wires of McCulloch county will be to have every citizen of McCulloch county a member, a worker and a booster for the Brady Chamber of Commerce.

### SEEKS LIFE INSURANCE AT AGE OF 131--TWICE MARRIED, HAS 29 CHILDREN

Lexington, Ky., Sept. 3.--"Uncle Johnny," Shell, probably the oldest man in the world, celebrated his 131st birthday today by sending for a life insurance agent.

"You never can tell what'll happen, sonny," he told the agent, "and I want to prepare for the worst."

The agent looked over his rate card and found that his card covered only the first 105 years of a man's life. The agent is now busy with his headquarters trying to learn if he can insure "Uncle Johnny."

Shell was first married at the age of 19 and lived with his first wife for more than ninety years. He lived seventy-five years in one house. He is the father of twenty-nine children, the oldest now living being more than 90 years of age.

Six years ago he married again at the age of 125. By his second wife he has one child, a boy, aged 5 years. He was at the advanced age of 74 during the Civil War. He was born near Knoxville, Tenn., twelve years after the battle of Bunker Hill, and was full grown when the war of 1812 began. He has seen the United States develop from a small nation to a world power.

He bears his age well. His mind is clear and his eyesight is far better than that of many men still in their youth.

### HOGS FOR SALE.

Have car of good hogs for sale at wagon yard on Bridge street. D. C. POLK.

### SYRUP CANS.

Don't forget that we have a good stock of 10-lb. Syrup Cans. Also Wood Barrels from 5 to 55 gallons. O. D. MANN & SONS.

Let your money work for you --Buy Little Motor Kar stock at \$1.00 per share. THOMAS H. MERRELL, local agent.

Oats and Wheat Sacks. Phone your wants to No. 295. Macy & Co.

Ink Wells. The Brady Standard.

### How Did Grandpa Escape?

Little Mary was sitting on her grandfather's knee one day, and after looking at him intently for a time she said: "Grandpa, were you in the Ark?"

"Certainly not my dear," answered the astonished old man.

"Then why weren't you drowned?"

### CAPT. GEO. WOODY AT HOME ON FURLOUGH--IN REGULAR ARMY IN FRANCE

Mr. and Mrs. Miles Abernathy and children left this morning for Tilden, Texas, to spend a few days visiting Mrs. Abernathy's brother, Capt. Geo. Woody, who is visiting home folks while on a three weeks' furlough from France. Capt. Woody is in the regular army, having served one year in France, and will return overseas, reporting at the end of his furlough to Camp Curtis, Va.

The many friends of Capt. Woody recall his last visit here something over a year ago, when he wore the lieutenant's bars, and are gratified now of his rise in his chosen profession.

Macy & Co. are ready to supply your Coal orders. Phone 295.

## A True Man

### C. L. ROBERTS MOVING DAIRY TO TOWN--OCCUPIES CAMPBELL GAVITT PASTURE

After several months of preparation, Chas. Roberts is this week moving his dairy to town, and will occupy the Campbell Gavitt 400-acre pasture on the southern outskirts of the city. Mr. Roberts has been located about five miles out on the Brownwood road, where has had ideal pasturage. However, during the rainy spells the roads have been all but impassable, and this difficulty has impelled the move on the part of Mr. Roberts.

His stables and milking sheds have been completed for some weeks now, and occupancy is merely waiting on the drying of the concrete floors which he has had laid. The pasture affords splendid grazing, has a good tank of water, and with his new and sanitary quarters, Mr. Roberts' dairy will be one of the most modern and up-to-date in the state.

Mr. Roberts and family have occupied a residence on the North side in what is known as the Melton block, and Mr. Roberts is now prepared to give service unexcelled to his patrons.

### SYRUP CANS.

Don't forget that we have a good stock of 10-lb. Syrup Cans. Also Wood Barrels from 5 to 55 gallons. O. D. MANN & SONS.

Save money by ordering your coal early from Macy & Co. We sell that good McAlester Coal.

### RODDIE BUSINESS IN SAN ANGELO WILL BE LARGE

H. P. Roddie of Brady, who last week sold his wool, grain, pecan, hide and produce house at Brady to the Mayhew Produce Company, was in San Angelo Wednesday on business. At the same time Mr. Roddie disposed of his Brady office he closed his branch houses at Brownwood and Eden. He is moving his headquarters to Fort Worth and will divide his time in the future between the Panther City and his home.

As a result of these changes the Roddie houses at San Angelo and Menard will be enlarged to handle a heavier business, Mr. Roddie states. At Menard the capital stock of the company is being increased from \$25,000 to \$50,000. This is the only town in which Mr. Roddie has partners in business. Elsewhere, at San Angelo, Eden and Fort Worth, he controls the entire business. E. D. Caldwell is the Roddie & Company manager here.

"It looks like a big year for West Texas," Mr. Roddie asserted Wednesday. "We are going to have just as big a pecan crop down on the Llanos and the San Saba rivers as on the Conchos around San Angelo. Menard alone should easily handle forty or fifty cars of nuts."

The last big pecan crop in the Menard and Brady country was in 1909, according to Mr. Roddie. Only a few carloads of pecans were shipped out last season.--San Angelo Standard.

Regardless of your requirements we stand ready to meet your ideas.

COME IN AND BE CONVINCED.

## HONEST INJUN.

What wonders we would do if we all DID!

## WHAT NEXT?

Under the caption of "Easy Existence of the Average Country Paper," the Elmore (Minn.) Eye in a recent edition editorially portrayed the editor's viewpoint of the existing conditions and the need of reconstruction: "An invoice of our condition, following the recent and yet present strenuous times of war and reconstruction, discloses the fact that the newspapers are yet a great power for good despite the fact that we have been held up, held down, sand-bagged, walked on, sat on, flattened out and squeezed—first by the United States government for publicity for war tax, Liberty loan bonds, excess profits and income tax; for state, county and city highway tax; for auto tax and every other tax and syntax; and by every society and organization that inventive mind of man can invent to extract from the newspapers their stock in trade free for nothing; by the Society of John the Baptist, the G. A. R., the Woman's Relief, the Men's Relief, Relief for Stomach Ache; the Navy League, the Red Cross, the Iron Cross, the Double Cross, and every other cross of all colors, until a newspaper looks like a Maltese Cross; by the Y. M. C. A., the Old Folks' home, the Children's home, the Aid society and every hospital in the country.

"The government has so governed our business that we do not know who owns it. We have been inspected, suspected, examined and re-examined, informed, required and commanded until we don't know who, where or why we are.

"All we know is that we are supposed to be possessed of an inexhaustible supply of 'white space' for every known need, desire or hope of the human race, and because we will not give it all away and go out and beg, borrow or steal money to live on we are cursed, discussed, boycotted, talked to, talked about, lied to, lied about, held up, robbed and nearly ruined, and the only reason we keep grinding on and getting out the old sheet is to see what in heck they'll ask for next."

An exchange says: "A lawyer in a court room may call a man a liar, scoundrel, villain, or thief, and no one makes complaint when court adjourns. If a newspaper prints such a reflection on a man's character there is a libel suit or a dead editor. This is owing to the fact that the people believe what an editor says."

## SNAP SHOTS.

Percy Noodles says that when he wrote to the capitalist's daughter at the seashore he hoped she would have more heart when she came home than before she went away, she wired back that she had gained ten pounds.—Dallas News.

Paper Clips. The Brady Standard.

## No Waste.

A couple in Scotland had a boy whom they believed dumb, for up to his ninth year he had never spoken a word. One day his father and he were at work in the hayfield, and, getting thirsty, they made their way toward a jug of cold tea. The farmer took the jug and began to drink. As he gulped down slowly the thirsty boy said:

"Make haste!"  
The father put down the jug in astonishment.  
"Why, Tam," he said, "you're talking." Why didn't you never speak before?"  
"Naught for to say," says Tam.

## COUNTY CORRESPONDENCE.

### COW CREEK CALLINGS.

#### Apostolic Meeting Continues—Two Baptized Sunday.

(Too Late for Last Week).  
Lohn, Texas, Sept. 3.

Editor Brady Standard:  
Mrs. Woods and Mrs. Young called on Mrs. Cavins Tuesday.

Miss Mary V. Plummer left last Thursday for Ferris, Texas, where she goes to teach school this winter.

The Apostolic meeting which began at this place last Sunday week is still going on. There were two baptized last Sunday.

Mrs. S. T. Killingworth and children went to Brady Tuesday.

Mr. and Mrs. Lem Tedder, Miss Ethel Mitchell and Ima Tedder were the guests of the Killingworth home last Sunday.

Tommie and Roy Wyres were Brady visitors Tuesday also.

R. Davis and daughter of Wichita Falls, were visiting Mrs. E. A. Marshall last week.

Several of Lower Cow Creek folks and also of Fife, were attending the meeting here last week.

Mr. and Mrs. J. T. Moore and children were in Brady last Saturday.

There were several families here from Burnett county last week and the first of this week, to attend the meeting.

Well, as news is scarce, will quit and try to do better next week.

### "SUNSHINE."

#### STACY HAPPENINGS.

Mr. and Mrs. M. Hammons Have House Party.

(Too Late for Last Week).  
Stacy, Texas, Sept. 1.

Editor Brady Standard:

After some two weeks of rainy and cloudy weather, we are having some beautiful sunny days, which are welcomed by everyone.

The sunshine will hasten the cotton opening, which will be late on account of so much rain. From all reports, we think cotton pickers will be plentiful and we think farmers should adopt the Coleman county plan as to the price. They have set a price of \$1.25 and \$1.50 per hundred.

Mr. and Mrs. G. W. Vineyard were shopping in Brady Monday, trades day.

Miss Elva Hammons returned this week from several weeks' visit at Jourdanton and San Antonio.

Those who have attended the house party given by Mr. and Mrs. M. Hammons the past week, are Misses Lucy Cox of the Cox ranch, Ruth Farmer of Comanche, Mary Snider of Brady; Dr. Harry Farmer of New Orleans, Dr. B. Shelton of Brownwood and Newel Hammons of Eldorado, Kans.

Guy Hammons of Brownwood visited home folks here from Friday till Sunday.

Oscar Betsell of Bay City is here visiting friends and relatives a few days.

Miss Lizzie Griffin from Eldorado is here visiting her uncle, Mr. and Mrs. Lee Griffin.

### "SUNFLOWER."

## WONDER WORDS.

Brady Boy Hardware Drummer in Oregon—Has Irrigated Farm.

Wonder, Ore., Sept. 1.

Editor Brady Standard:

I was much interested in your description of your aerial experience.

It was very similar to that of one of our Grants Pass men, with one exception. You did not seem to be the least bit "skeered," while the other fellow frankly admitted that when he got a few hundred feet from terra firma he would gladly have given twenty-five dollars to have the aviator come back down with him, were he right sure he would not be laughed at by his friends and acquaintances.

He said the Rogue river looked like a silver ribbon lying on the smooth ground, although it winds among high mountain peaks and ridges. That was when he was several thousand feet in the air. Recently there have been several passing over. I heard three but failed to locate either of them, although, some of the neighbors could see them, while others like myself failed to get the right focus on the planks. They say that one resembles a large buzzard, only gray like a hawk instead of a black like a buzzard. I think the noise is somewhat like that of a large hummingbird, don't you? The U. S. Forest service has several in use as patrol cruisers, locating forest fires in the mountains. Capitol idea! eh?

Well, I told you once that it hadn't rained a good rain since May, and that we didn't expect one before September. Now, it is September and no rain yet. But it will be unusual if we do not get rain in this month.

Listen at this! A few days ago a Medford grocery drummer stopped to sell us some groceries, and along with him was a San Francisco hardware drummer. And who do you suppose it was away up here in this God-forsaken country? A real, genuine, Brady, McCulloch county raised boy!

No other than Ed Tisdale. What do you know about that? He told me he had bought a farm in San Jaquin valley. Paid one hundred dollars an acre for it under the irrigation ditch, and when he puts the water on it and gets it in alfalfa, it will make four crops a year and will be worth two hundred an acre. I think so, too. If it were here they or whoever owned it would value it at five hundred dollars an acre.

Well, I guess you all know how it makes anyone feel to meet up with one from his old stamping ground, who knows everybody you know?

"O. I. C. U. R. RIGHT."

P. S.—If you don't know who E. H. Tisdale is—just ask W. D. Crothers, the banker.

## These Twisty Names.

Two American negro soldiers were discussing musical instruments.

"There," said one, "I've gwine ter git me a eucalptis."

"A what?" queried the other.

"A eucalptis—dat's a musical instrument, fool."

"Go on, nigger! You can't kid me—dat's one ob de books ob de Bible."

All kind of Akte Grease and Oils for all purposes. O. D. Mann & Sons.

## CLASSIFIED ADS

The Standard's Classy-Fied Ad rate is 1 1/2c per word for each insertion, with a minimum charge of 25c. Count the words in your ad and remit accordingly. Terms cash, unless you have a ledger account with us.

WANTED—Good, second-hand bath tub. Notify Brady Standard.

WANTED—All your clean cotton rags—no scraps. Will pay highest market price in cash. The Brady Standard.

FOUND—The party losing his coat on way to San Antonio, about one mile north of Katemcy, on morning of Sept. 6th, can get same by calling at this office and describing same.

ONLY A FEW MORE DAYS  
To buy Little Motor Kar stock at \$1.00 per share. Thomas H. Merrell, local agent.

### No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomachic disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

Desk Pads. The Brady Standard.

## GETTING THEM TOGETHER

Getting them—buyer and seller—together is the Classy-Fied Ad Column's mission—and The Brady Standard's Classy-Fied Ads bring home the bacon.

Example:—A merchant wanted a large mirror—and said so in a Classy-Fied ad. A party just a block distant had the mirror he wanted—and answered the ad.

Result:—Party No. 2 sold an article that was of no further use; Party No.1 got a mirror at a bargain.

DO YOU USE CLASSY-FIEDS?

The Brady Standard

Phone 163

## HOME ECONOMICS DEPARTMENT.

You can reduce your poultry feed bill and receive the same number of eggs if you know how to cull your flock. A demonstration in culling the flock will be given the 24th of September at Mr. J. C. Wall's in Brady, by Mr. F. W. Kazmeier from College Station. If you wish to get rid of those hens that are not laying, be sure to attend this demonstration. After observing this demonstration, you can fatten the non-laying hens and sell them. They will never pay for themselves otherwise. If you have hens that are over two years old it will be best to sell them also because they will not be good layers next year. If you are contemplating buying any chickens, buy standard bred chickens. They are the most profitable.

1 doz. medium sized onions.  
2 doz. cucumbers.  
1 doz. green peppers.  
Chop them separately and very fine. Mix all together and put in alternate layers of the mixture and salt. Let stand over night. Then squeeze dry and cover with cold vinegar. Let it stand 24 hours and squeeze as before. Mix vinegar with the spice, sugar, and boil for 5 minutes, and pour over the chopped vegetables. Allow to stand for several hours. Pack in jars, cover with the spiced vinegar and cook in boiling water for 15 minutes, with the top fitted loosely.

LOTTIE E. SCOTT.

### Strictly Cash.

Shortly after the reconstruction period began an old Southern planter met one of his negroes whom he had not seen since the liberation. "Well, well!" said the planter. "What are you doing now, Uncle Josh?"  
"I've a-preachin' of de Gospel."  
"What! You preaching?"  
"Yassah, marster, 'I've a-preachin' in."  
"Well, well! Do you use notes?"  
"Nossuh. At de fust I use notes, but now I demands de cash."

### Mixed Pickles.

3 large heads of cabbage.  
1 qt. of vinegar.  
2 lbs. sugar.  
1/2 oz. each of cloves, cinnamon, allspice and mace.  
1 pk. of green tomatoes.

## Here is a Practical Outfit

This Case 15-27 H. P. Oil Tractor pulls three plows in hard plowing—four plows under favorable conditions. It has 25 per cent. reserve power. It burns kerosene successfully and economically. All gears are cut steel enclosed and run in oil. The one-piece main frame insures permanent alignment of all gears, shafts and bearings.

It is also adaptable for all kinds of belt work. It easily handles a Case 26x46 thresher equipped with wind stacker and feeder. Its pulley is properly placed for convenient "lining-up" to a driven machine.

We recommend the 3-bottom automatic lift Grand Detour plow for use with the 15-27 tractor. This makes an ideal combination for the average size farm. It is neither too large nor too small. It can plow from 9 to 14 acres in ten hours.

The plow is light, but owing to its simple construction it is strong and durable.

We will be glad to explain this rig in detail. Write or call us today. Investigate before you buy.

O. D. Mann & Sons

NOTICE: We want the public to know that our plows are NOT the Case plows made by the J. I. Case Plow Works.

## Kindergarten Helps for Parents

This is No. 4 of a series of articles issued by the National Kindergarten Association. They will appear weekly in these columns.

### SPOILING A CHILD BY TOO MUCH ATTENTION.

By PROF. M. V. O'SHEA.

Frances is three years old, very pretty and winsome. There are in the family two older sisters and one brother, besides the father and mother and an aunt. All the members of the family have been much interested in the baby since her birth and they have given her a good deal of attention. They are a social family and many friends call upon them and they go frequently to visit their friends. Whoever comes to the house must say something to Frances and show how much they think of her by talking much to her, taking her in their arms, offering to do this or that for her, and so on. The members of the family like to have people notice the child because she is such an attractive little thing. But she is causing some apprehension now because whenever anyone speaks to her she says, "No, no," in a petulant voice. If any question is asked or any advances made toward her, her one response will be, "No, no." The parents think she is developing a bad habit and should have some training to correct it.

One was to prevent Frances from forming an annoying habit and acquiring an irritable disposition is for the members of the family and all

others to leave her alone more than they now do. She is being spoiled by over-much attention. Her "No, no," is a kind of protection against the irritating actions of the people around her. She should be taken only rarely to neighbors and friends for visits. When friends come to the house she should be kept out of sight for the most part—in her sand-pile or playing with blocks or dolls alone. The brothers and sisters should leave her to her own devices more than they do. She must grow from within quietly. It will take some time for the family to learn that they should not make a plaything of their little girl. They have not done this purposefully, of course; they think they have been doing the right thing in showing her off and making her the center of attention.

There are a great many children like Frances in American families who cause their parents trouble because of their irritability and lack of appreciation of what is being done for them. They would be more appreciative if they received less attention and were left to themselves most of the time without interference, even by members of the family and certainly by friends and neighbors.

Co. Mr. Merrell was wonderfully surprised to see the improvement in Brady since he was last here, and rejoices with the citizens over the present wonderful crop prospects. He says that back in 1904 they had a wonderful crop here. That was before the advent of the railroad and long wagon trains were to be seen every day hauling the crops to market.

### LOCAL BRIEFS

Mr. and Mrs. W. H. Goodner have taken up their residence in Melvin where Will will fire the Planters gin for A. W. Wood this season.

Mrs. J. A. Johnson and family have moved in from Melvin and have occupied their home on South Blackburn street, recently purchased from J. P. Sheridan. Mrs. Johnson will send her children to the Brady schools and expects to make her home here permanently.

A. W. Wood says he has traveled all this section over—North, South, East and West; he has been down in the Mason and Fredonia communities; out to Eden and Menard; and to various other points, and the best cotton he has found has been from Melvin out towards the Pasche country. Since he is this year operating the Planters gin at Melvin, he is naturally elated over his prospects.

Commissioner R. L. Burns is enjoying a visit from his brother, Wm. Burns, of Ranger, this week. Wm. is remembered by the old-timers here, having made his home in the Fredonia community some 29 years ago. At present he is farming near Ranger, with the roar of gushers all around him. So far no development has taken place on his farm, although a gusher was brought in recently only two miles away.

R. L. Brock was in from Lohn community last Saturday, and reported that his brother, J. F. Brock, who has lived at Farmersville the past year, was enroute back to McCulloch county, and would re-locate here. The Standard, in common with all other McCulloch county citizens, is always glad to welcome home all our prodigal citizens, with the hope that fortune may so smile upon them that they will never more want to leave our midst.

Walter W. Hurd and Chas. Yeager surprised their many Brady friends by bringing up the rear guard of Brady's overseas force, Walter having arrived here Saturday and Chas. putting in his appearance Sunday morning. Both boys say they thought Uncle Sam had adopted them for life, but are mighty glad that he has decided to let them shift for themselves again. Walter was in Field Hospital service, and Chas. was in a machine gun company in the 11th Regiment of the marine corps.

Miss Vivian Braswell of Hico arrived yesterday morning to take charge of her music class here. Miss Braswell has just returned from Chicago, where she has been attending the Dunning school, and where she also has taken piano as a student of Harold Mickwitz. Miss Braswell starts her work here with a splendid class, and is very enthusiastic over the work and the prospects. Miss Ruth Culbreath, who taught here last year, is spending the year at her home in Hico, having decided not to teach this year.

Thomas H. Merrell, who some fifteen years ago was engaged in the mercantile business here, is in the city interesting the citizens in the purchase of stock in the Little Motor Kar

paper successfully. He says the newspaper is his business, and the lawyer's office his pastime—but we are willing to bet he measures up to the mark in either undertaking.

J. C. Mayhew returned Saturday from a three weeks' visit to Lafayette Springs, Miss., the place of his birth and boyhood days. He reports a splendid time amidst old friends and old scenes. The crops there are fair, but nothing to compare with the Brady section. Mr. Mayhew was accompanied upon his return by his son-in-law, B. P. Wells, who is engaged in the mercantile business in Mississippi. Mr. Wells came here on a prospecting trip and is so carried away with the country that he is contemplating locating here. Mr. Wells' daughter, Athel, also accompanied them as far as Fort Worth, where she has entered school.

A painful accident befell the little four-year old daughter of Mrs. Will Land of Mason last Friday at the Popular Dry Goods Co. store, when the little child tripped and plunged head foremost through the open door of a show case, shattering the glass on the opposite side and raining broken glass down about its head. Although the child's head was caught in the broken glass, it sustained no other injuries than a deep cut on the upper lip, the wound going clear to the bone. Fortunately assistance was close at hand and the little one was extricated before her struggles resulted in more serious injuries. Several stitches were required to close the wound. Besides the broken show case glass, Mr. Striegler lost several fancy shirtwaists, which were ruined by the falling glass, and by being blood bespattered.

The Quinine That Does Not Affect the Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE, 30c.

### TO PRESERVE INDIAN SIGNS AT PAINT ROCK IN ARCHIVES OF TEXAS

The wonderful paintings of prehistoric Indians on the bluffs in the vicinity of Paint Rock are to be preserved in the archives of the State of Texas. Dr. J. E. Pearce of the State University, last week visited the scene to take down the strange hieroglyphics and paintings in an endeavor to fathom their riddle, and arrangements will be made to reproduce these signs for preservation in the state's archives.

The bluffs on which these signs are to be found are about 50 ft. high and about a quarter of a mile long. On them, painted in blood red, are the most astonishing, grotesque and unheard-of designs ever left by Indians. Despite the century or centuries that have elapsed since being placed there, the signs are as bright and decipherable as ever. It would appear that a member of the Indian band had ventured into civilization, and, upon his return, had attempted to depict to the Indians the wonderful sights he had seen. An outline resembling a church surmounted by a cross is recognizable; something that looks like a ship is also to be seen. Two immense hands are clearly discernible. Another design would appear to represent a boy riding a buffalo. The sun and moon are depicted. All these are fanciful designs, but others are so queer and so grotesque as to be nothing short of monstrous.

### Caught by His Own Bait.

Mr. Jones keeps a shop where he sells fishing tackle. For the sake of advertisement he has a large rod hanging outside, with an artificial fish at the end of it. In the early hours of the morning a man, rather the worse for his night's enjoyment, caught sight of the fish and went quietly to the door and knocked. Jones, being in bed, looked out of the window and asked, "Who's there?"

"Don't make any noise," was the reply, "but come out as quickly as you can."

Thinking something serious must be the matter, Jones dressed like lightning and came down as quickly as possible. "What's the matter?" he asked breathlessly.

"Hush!" was the reply. "Pull your line in, quick. You've got a bite!"

### Insulted

"Didn't you enjoy yourself at the dance Jane?"

"No sir. It was my first public 'op, and it'll be my last. I was insulted most 'orrible. A sergeant came over to me an' 'e sez: 'Is yer program full?' An' I hadn't had anything but a hicc-cream an' a bun."

### Her First Ocean Voyage.

What is that down there?" inquired Mrs. Biltmore of the Captain.

"That is the steerage, madam," he replied. "Really," exclaimed Mrs. Biltmore in surprise. "Does it take all those people to make the boat straight?"

### RAILROAD MAN IS OUT WITH FACTS

So Badly Rundown He Had to Quit Work—Gains Twenty Pounds on Tanlac.

Tanlac has not only relieved me of a case of stomach trouble that made me miserable for three or four years, but I have actually gained twenty pounds in weight besides," said Charles O. Schwendel, of 3115 Vliet street, Milwaukee, Wis., recently. Mr. Schwendel is night watchman in the yards of the Chicago, Milwaukee & St. Paul railroad, and has lived in Milwaukee all his life.

"Nothing I would eat agreed with me," he continued; "and the sight or smell of food would nauseate me. Right after eating I would have terrible pains in my stomach. I would bloat up with gas and suffer with pains around my heart. At times this gas would almost cut off my breath and would make me so weak I could hardly stand and when I would bend over to throw a switch I would pitch forward on my hands and knees. I could not sleep more than two hours a day and just had to force myself to work.

"I tried everything I heard of, but got no better. Then I laid off from work for some time trying to rest up. One of my neighbors persuaded me to try Tanlac and it has made me feel like a new man. I am eating any and everything I want without the least trouble from it and I sleep like a log. I haven't had a pain or an ache of any kind and will always have a good word to say for Tanlac."

Tanlac is sold by leading druggists everywhere.

There is satisfaction and pleasure in reading after the Hawke's man fits your eyes with glasses. He will be here one day—September 20th. Satisfaction guaranteed. TRIGG DRUG CO.

### Black and Green.

An old colored man was burning dead grass when a "wise guy" stopped and said "You're foolish to do that, Uncle Eb; it will make the meadow as black as you are."

"Don't worry 'bout date, sah," responded Uncle Eb. "Dat grass will grow out an' be as green as you is."

"I know not what the truth may be,  
I tell it as 'twas told to me."

A. L. Chilton, president of the Chilton Advertising Agency of Dallas, was a business visitor here Saturday.

J. R. Luce of Milam county spent Friday and Saturday in Brady, looking round with a view locating here.

Miss Esta Reed left Saturday for El Paso, where she has accepted a position as governess on a ranch near there.

Hanson Crump of Menard, who has been visiting the family of his aunt, Mrs. Jno. E. Brown, returned to his home Friday.

Mr. and Mrs. J. M. Duckworth arrived from Gatesville and are guests of his sister, Mrs. Joe Souther, and family since Sunday.

George Yantis has been spending a few days here from Marlin, coming down to visit Mrs. Yantis, who is a guest of relatives here.

Miss Ida Mae Souther arrived from Corpus Christi, and will spend sev-

eral weeks here with her mother, Mrs. Joe Souther, and relatives.

Mr. and Mrs. A. W. Kooek of Mason have been guests of her sister, Mrs. Tom Elliott and Mr. and Mrs. J. F. Schaeg and other friends in the city.

Miss Agnes Baird, who underwent an operation at the local sanitarium for removal of the tonsils last week was able to resume her work Monday.

Miss Cleo Wood, of Mason, was a guest of her cousin, Miss LaRue Wood, for a few days while enroute to Stephenville to attend the teachers' institute.

Miss Elizabeth Calvert arrived Sunday morning from Brownwood to attend the Brady schools. She will make her home with her brother, Paul Calvert, and family during the school year.

Mrs. M. S. Middlemiss left Saturday for San Saba and Lampasas, where she will spend some time visiting, before joining her husband in Alto, Texas, where they will make their home.

Graham Robertson, manager of the Waples-Platter branch house at Brady, is here today attending a meeting of salesmen and managers and

visiting with his father, J. H. Robertson and family.—Brownwood Bulletin, Saturday.

Mr. and Mrs. Roy Wilkerson and children returned Friday night from a several days trip and visit with relatives at Lometa and Lampasas. Mrs. Wilkerson's brother, Ryan Adkins, of Lometa, accompanied them here for a visit of a few days.

Mr. and Mrs. R. A. King and daughter, Miss Georgia, arrived here Friday from Sonora for a visit of a few days with relatives and friends. Mrs. King left Sunday night accompanying Miss Georgia to Fort Worth, where the young lady will enter the Texas Woman's college.

**Schultz-Thornbloom.**

A very pretty wedding was performed on last Saturday evening at 9:00 o'clock by the Rev. S. H. Jones, when Miss Ellen Thornbloom became the bride of Mr. Eugene Schultz. The ceremony was performed at the residence of Mr. and Mrs. Oscar Stucke, a few intimate friends being present at the happy occasion.

The bride is a charming young lady, the daughter of Mr. and Mrs. C. G. Thornbloom of this city, and is loved and admired by a large circle of friends. The groom the son of Mr. and Mrs. W. F. Schultz, and is a splendid young man, a veteran of the World War, with a record of service in the front lines, and withal a young man of splendid character and ability.

The many friends of Mr. and Mrs. Schultz extend congratulations and wishes for every happiness and success in their journey through life.

**Where He Came From.**

A large draft of negroes came into one of the replacement camps in this country. The exasperated personnel staff was having its troubles, and one of the men whose duty it was to find out the men's home addresses asked: "Where did you come from?" "Oh," was the reply, "Ah just got off'n the train out hyeh." "Damn it all, I knew where you just came in, but where from?" "Does y'all mean where is Ah was before Ah come hyer?" "Yes, that's what I mean." "Oh, Ah was in jail in Pine Bluff."

Camels are sold every-where in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel!

R. J. Reynolds Tobacco Co. Winston-Salem, N. C.

18c a package

**CAMELS** are the most refreshing, satisfying cigarette you ever smoked! Put all your cigarette desires in a bunch, then buy some Camels, give them every taste-test and know for your own satisfaction that in quality, flavor, smooth-body and in many other delightful ways *Camels are in a class by themselves!*

Camels are an expert blend of choice Turkish and choice Domestic tobaccos. You'll not only prefer this blend to either kind of tobacco smoked straight, but you'll appreciate the remarkable full-bodied-mildness and smooth, refreshing flavor it provides! Camels are a cigarette revolution!

Camels win you in so many new ways! They not only permit you to smoke liberally without tiring your taste but leave no unpleasant cigarette aftertaste or unpleasant cigarette odor!

Compare Camels with any cigarette in the world at any price! You'll prefer Camel quality to premiums coupons or gifts!

**PURE BRED RAMBOUILLET SHEEP RECEIVED HERE— MARKS NEW ERA IN WOOL**

A new era in sheep growing was marked this week by the arrival here of three carloads of pure bred Rambouillet sheep, consigned to A. W. Kooek of Mason. The sheep were received from Ferguson & McKinney of San Angelo.

While the Rambouillet has been known in this section for some time, they were usually crossed with other breeds, and the above shipment marks the first attempt to raise pure bred Rambouillets on a big scale. The breed is said to grow exceptionally fine wool and to rank high as mutton.

**Death of Joe Souther.**

Last Friday morning marked the passing away of one of Brady's oldest and most highly esteemed citizens, Josiah Souther, whose spirit took its flight at 1:30 o'clock. At the time of his death, Mr. Souther was aged 78 years and 29 days. Funeral services were held at 5:00 o'clock Friday evening at the family residence, the Rev. J. H. Taylor, assisted by the Rev. J. H. Cowan, conducting. A large attendance of mourning friends accompanied the body to its last resting place in Brady cemetery to pay a last tribute to the departed. It was fitting that the pall-bearers for this veteran of the Civil War were chosen from among the veterans of the great World War. Clad in full uniform, the following officiated: Messrs. Chas. Fuller, Autrey Bumgardner, O'Farrell Craddock, Will Allen Jones, Harold Deaton, Hubert Adkins.

Mr. Souther was born in Union county, Georgia, in 1841, and at the age of ten years emigrated with his parents to Arkansas. At the outbreak of the Civil War he was among the first 100 to volunteer, joining the first Arkansas volunteers and serving three and a half years with the Union army. He was married in 1863 to Miss Polly Ann Duckworth, and their 56 years of married life were singularly happy. His widow with seven children, W. L. Souther of North Dakota, Mrs. O. S. Macy and Mrs. Bee Ogden of Brady, Mrs. J. B. Chambers of Corpus Christi, Mrs. P. T. Orlopp of San Diego, Calif., Miss Ida Mae Souther of Corpus Christi and Miss Elizabeth Souther of Brady, together with twelve grand-children and one great-grand-child survive.

Twenty-six years ago the family moved to Brady, Mr. Souther conducting one of the early hotels on the west side for a year. He then removed to San Saba, where he was engaged in the hotel business for three years, and upon his return to Brady he led a retired life. He had been a member of the Baptist church for 49 years, and had led a consistent Christian life, being a kind and indulgent father, a true friend and an ideal citizen and neighbor.

The heartfelt sympathy of all is extended the bereaved family.

**H. MEERS BUYS F. T. FOWLER PLACE ADJOINING CENTRAL SCHOOL BUILDING**

H. Meers last week added his name to the lengthening list of Brady home owners by purchasing the F. T. Fowler residence, adjoining the Central school block on the southwest. The place has a lot 100x200 ft., and a splendid five-room cottage with bath. The property changed hands at \$1800. Mr. Meers has occupied his new purchase, and will make his permanent home there.

**Things Worth Knowing.**

Clean lard will remove wagon grease and shoe polish.  
A hanging clothes line that is pulled straight on the line.  
Accompany boiled beef or ham with string beans in white sauce.  
Unless it be a vegetable, never serve the same dish twice a week.  
Deviled liver can be as delicious as deviled chicken, ham or tongue.  
A fire screen of black enameled metal will charm all oven-fire lovers.  
Face veils can be stiffened with gum arabic water if they have become limp.  
Corn oysters are served with powdered sugar, honey, syrup or chili sauce.  
Slippery wax floors are prevented by the use of liquid wax and a light wax mop.  
A bread sponge made with yeast is light enough to use when it is full of bubbles.
