ENDOWING A HOSPITAL BED.

There is, perhaps, no citizen more highly thought of or universally pop-ular than is the Rev. J. H. Taylor, pastor of the Brady Baptist church. Serious - minded, kindly, charitable and thoroughly human, he commands the respect and attention of all Brady citizens. Thus it was, that when he contributed an article to The Stand ard columns some few weeks ago in which he advocated the endowment of a bed at the local sanitarium, his words carried weight, and appealed to the good judgment of many of our citizens

The fruits of the article now appear to be crystallizing in a determin ed effort to raise the endowment by popular subscription, and the effort will be made at no far-distant date.

What could be more charitable more reasonable or more logical than to have an endowment fund assuring to have an endowment fund assuring proper care for the victims of mis-fortune or adversity? We are going to try and get out everything by December 10th, this date being the last day that we will be able to make freight shipments in order to get Turkeys to the Eastern markets for the Christmas market. We want to close our dressing plant after this date, and advise all of our customers to market their Turkeys as soon before this date as possible in order to get in on the best market.

We will pay 22 cents per pound for all Number One Turkeys delivered to us before this date. Do not hold your Turkeys back until a day or two before Christmas, expecting to get a better price for them, as it is impossible to get them to market in a few days, and Turkeys that do not reach destination in time for the Christmas market are sure to bring lower prices.
