McCULLOCH'S FINANCES BEST OF ANY COUNTY AUDITED

H. P. RODDIE & COMPANY TO RE-OPEN IN BRADY--BUILDING CONTRACT LET

IMMEDIATE CONSTRUCTION OF BUILDING, 50x90 FT., ON LOT FACING WALKER-SMITH BUILDING, NEAR THE UNION DEPOT, TO BE BEGUN.

An announcement by H. P. Roddie this week that his firm would re-establish themselves in Brady within the month, will be of interest to friends of the firm, as well as to the citizenship in general. Simultaneously, Mr. Roddie announced the letting of a contract to Lee Morgan for a building to be occupied by the firm, and which will be located on North Bridge street, just across from the union depot and facing the Walker-Smith wholesale house. Mr. Roddie several years ago purchased this lot with a view of some day establishing himself in his own building. The lot is 104x206 ft. in size and is admirably located for the use to which Mr. Roddie will put it. The building for which contract has been let, will be a temporary wooden structure, size 50x100 ft., and will serve as office and warehouse for the time being only. As soon as Mr. Roddie completes his plans he expects to supplant this building with a permanent structure of brick and steel.

The business will be conducted under the old firm name of H. P. Roddie & Co., and will maintain the present established branches at Eden, Menard and Angelo. Howard Campbell will be in charge of the local house, while Mr. Roddie will continue as before to cover all of West Texas territory. The local firm will devote itself largely to the wholesale end of

the business, handling the same lines of wool, mohair, hides, furs, pecans, poultry and produce.

The firm of H. P. Roddie & Co. retired from the local field on September 1st of last year, after ten years of successful business operations, during which period it grew from a modest beginning to one of the largest, most prominent and most widely known firms in Texas.

SMITH & JERGENS SET CASING TO 500 FT. THIS WEEK

The inch rain of Monday morning, followed by additional damp and dreary weather, has served to make McCulloch county roads muddier than ever before, and, of a consequence, have again brought oil operations here to a virtual standstill. Any attempt to traverse country roads now results in the mud caking up on the wheels to such an extent as to block them against the fenders. Oil operators and oil men are champing on the bits as a result, with their long-suffering stock of patience running at low ebb. J. D. Vance reported Wednesday that in coming in to Brady from Pear Valley, he had made nine miles in just five hours.

Mr. Vance, who is in charge of operations at the Smith & Jergens well, on Survey 32, near Duroc, reported the 15 1-2 inch casing just set to the 500 ft. level.

Operations are again in progress on the Cooper-Shields well on Survey 1066, 3 miles north of Lohn.

Moore Bros. well on the F. M. Richards, Survey 495, was shut down Wednesday at 478 ft. on account of bad weather.

No other drilling reports are available.

S. E. Green, vice-president of the Transportation Oil & Gas Co., arrived here Tuesday from Atlanta, Ga., to inspect the local holdings of the company and to confer with Messrs. Dozier and Jones, who recently open-

ed offices of the company here.

W. G. Page of Fort Worth came down Wednesday to look after his local holdings, and to keep in touch with developments.

K. G. Ridgely, who has located in Brady as representative of the Phil-Tex Co., financed by oil men of Philadelphia, Pa., states that his company has purchased additional holdings in this county, and that it is more than likely the capitalization of the company will be increased from its present \$50,000 to enable more extensive operations. Mr. Ridgely expects to have active operations on his local holdings in progress at an early date.

FOR SALE

Two loads pure-bred Holstein milk cows, and a few registered bulls—am offering them at reasonable prices. All have been tested for tuberculosis, and are free. C. H. BRATTON, Rochelle.

Binding Cases. The Brady Standard.

Death of Little Child.

The sympathy of all Brady and McCulloch county citizens is extended Mr. and Mrs. Omer Conner in the death of their little daughter, Omer Pearlina, who passed away at 6:35 Tuesday evening following an illness of only a couple days. The child was first taken ill on Friday of last week, an infection of the neck developing and which defied all medical treatment or skill. The little girl would have been 7 years old next month. Funeral services were held Wednesday afternoon, the Rev. S. H. Jones conducting, and interment was made in Brady cemetery.

LADY VOTERS PROMISE TO BE FEW AND FAR BETWEEN IN McCULLOCH CO.

But eleven McCulloch county ladies have so far paid their poll tax and been granted the privilege of voting in the year's elections. Of this number, ten registered from Brady and one from Rochelle. Tuesday was the day set by the ladies of the Tuesday club on which the feminine eligibles were called upon to pay their poll tax, but evidently the appeal fell almost wholly upon deaf ears, only four poll tax receipts having been issued on that date.

RILEY HARKEY, AGED 87, —EARLY SAN SABA SETTLER IS DEAD

San Saba, Texas, Jan. 6.—Riley Harkey, 87, one of the most prominent and best known residents of this county died yesterday at his home at Harkeyville, near San Saba, and was buried this afternoon at Odd Fellows cemetery, this place.

He and three brothers were pioneers of this county, and helped to organize the county in 1856. He left the largest family connection of any resident of this county.

EXCELLENT SHAPE McCULLOCH CO. FINANCES COMMENT OF AUDITORS

DESPITE ENORMOUS EXPENSE OF TICK ERADICATION AND OTHER UNDERTAKINGS, COUNTY STILL HAS FUNDS IN TREASURY AT BEGINNING NEW YEAR.

"McCulloch county's finances are in the best shape of any county our firm has ever audited," was the statement made by W. F. Smith, representing Upleger & Falk of Waco, which firm has been making an audit of McCulloch county's books covering the period from September 1, 1915, to December 20, 1919. "When I sent my report in to headquarters, the manager inquired if it were possible I had made a mistake, so surprised was he to find a county with money in its treasury at this time of the year."

Commissioners' court was called in special session Wednesday by County Judge Evans Adkins to receive the report of Mr. Smith on his audit of the county's books, and are highly pleased with the showing made. The fact that McCulloch county begins the new year with money in the treasury is all the more remarkable when it is considered that the auditor's report shows the cost of tick eradication in McCulloch county to date to have been \$12,211.86.

The report contains much other information of interest and, upon the whole, is highly commendatory of McCulloch county and her officers. Approval and acceptance of the report was made by the court Wednesday afternoon.

Mr. Smith began the work of auditing the books of the county covering a period of over four years, on November 25th, and the completion of the huge task in the course of six weeks' time reflects credit upon his ability and the excellent auditing system employed by his firm.

The court also decided to let a contract at its regular session next week for the repairing of the roof and the

plastering of the court house, providing the same can be had at a reasonable figure. Heretofore there has been no tax levy for court house maintenance, which has proved an obstacle to the making of repairs. The court hopes to overcome this, however, by the issuance of warrants, and next year provision will be made for court house maintenance by the levying of a small tax for this purpose.

Other business transacted by the court before adjournment yesterday morning was the placing of an order for paint to be used on various bridges of the county needing repainting.

Also the commissioners placed an order for a carload of dip solution for the purpose of completing the tick eradication work so well begun.

This dip will supply all resident owners of cattle for the present year. There are but about ten other counties in this zone that have made as splendid progress in tick eradication work as has McCulloch, and the commissioners, in view of this fact and the law's demands, decided to do the tick eradication work up right, as about 50 herds now remain in the county under quarantine.

The Beautiful Sun.

The sun! the sun!
The beautiful sun!
Look up in the sky;
Far, far, very high!
See each little beam
Its quiet way gleam,
Till without any sound,
Like a blossom in June,
Like the light of the moon,
It rests on the ground.

O, master of realms!
Beautiful sun beams!
Like fairies they dance;
Their golden fee glance;
Like bees in a hive,
They are all alive!
They are here; they are there;
Now quiet and still,
As by their sweet will
They pierce through the air.

The beautiful beams
Make music it seems,
Yet we have no ear
That music to hear.
Though they glide and they slide,
Like a merry young bride,
The pretty, golden, misty beams;
And I have a notion
All beautiful motion
Itself with sweet melody teems.

—Mrs. B. G. S.

LOCAL CITIZENS VOLUNTEER HELP IN FINANCING NEAR EAST RELIEF

McCULLOCH COUNTY CITIZENS CALLED UPON TO CONTRIBUTE FUNDS TO SAVE STARVING CHILDREN OF ARMENIA AND NEAR EAST—250,000 SUFFER.

The heart-rending appeals of a starving and perishing people has at last made itself heard to the people of Brady. From Armenia and the Near East comes the appeal for food and funds to save 250,000 children whose daily cry and prayer is "I am hungry! I am hungry! I am hungry!" An earnest appeal is made to the citizens of McCulloch county to not forget, in the midst of their prosperity and plenty, the appeals of these starving children and people. Any contribution, whether large or small, is acceptable, and should be made at the earliest possible moment. The local subscription list will close on Saturday night of next week.

Readers of The Standard should not overlook the appeal for relief funds issued by the "Near East Relief" committee of Texas, headed by Governor W. P. Hobby, and which appeal is printed in another column of this paper. When one thinks that \$15 per month provides food, clothes, shelter and schools—\$10 per month provides food, clothes and shelter—\$5 per month provides food for one orphan—can anyone refuse the appeal to save a life?

The local subscription list is headed by F. W. Henderson, Mrs. J. H. White, Mrs. W. N. White and The Brady

Standard, any one of whom will accept contributions to this fund. Kindly send in your donation at once, as all moneys received will be forwarded to relief headquarters on Saturday night of next week. A full list of contributions to this fund will be published in next week's paper.

When you want saddles, harness, bridles or leather goods of any kind, remember that only the best of leather and the finest of workmanship goes into our goods. We want your patronage. H. P. C. EVERS.

TRANSFORMERS AND METERS FOR LIGHT PLANT IN

All of the transformers and part of the meters for the new municipal light plant have been received, and this completes the major portion of the outside equipment, the poles, wires and other material having been received several weeks ago. Mayor Lee King reports, however, that no work has so far been had as to the shipment of the new engines. The steel strike has served to delay all work, and it now appears that it will be impossible to complete the installation of Brady's new and modern light and power plant by March 1st, as was at first contemplated.

Another disappointment to the Board of Trustees is the resignation of E. V. Carroll as superintendent, which became effective January 1st. Mr. Carroll's family at Weatherford were victims of the flu epidemic last year, and two of his daughters never recovered fully from the after-effects. One died a few months ago, and the other was so seriously ill that her life is now despaired of. In view of this fact, Mr. Carroll felt that his duty in returning to his family, even while loathe to give up the work he had so well begun here.

TYPEWRITER RIBBONS. Two-color ribbons for No. 9 Oliviers, Woodstock and standard typewriters, just received. Also copying ink ribbons and purple and black record ribbons for all makes machines. The Brady Standard.

H. WILENSKY TO WEST SIDE BUILDING FEBRUARY 15

H. Wilensky announces having closed a contract with the owners of the Fitzgerald building on the west side for a year's lease on the same, and that he will move to the new location about February 15th. The building is one of the newer business houses of the city, with a 50 ft. frontage on the square, and a depth of 90 ft. The plate glass front and modern drop awning, makes the property especially suited to the dry goods business, and with the postoffice to be located on the west side about March 1st, Mr. Wilensky sees a great opportunity to build up new trade.

No information is forthcoming as to what purpose M. Simon, owner of the building now occupied by the Wilensky store, will put his building. Mr. Simon is now engaged in the dry goods business at Memphis, Texas. It is certain that some business of importance will be established in the Simon building inasmuch as the advantageous location makes this property especially desirable.

ANNOUNCING

The Oldsmobile Six

Abundant Power—Flexibility—Speed—Dependability—
Longevity—Economy—Comfort

These are the qualities assured by the Oldsmobile. For 21 years the Olds Motor Co. of Lansing, Mich., has been manufacturing Oldsmobiles, and in the "Oldsmobile Six" is to be found their masterpiece.

The Model 37-A Oldsmobile is a light, six-cylinder car, weighing 2400 pounds, and which embodies everything essential and desirable in an automobile of class and distinction.

In the Oldsmobile you will find such refinements as natural wood finish hickory wheels, tasteful use of nickel trimmings, smart beveled side rails, walnut instrument board with instruments mounted flush—add to the distinctiveness of this car. The balanced crank shaft means the minimum of motor vibration; the light, valve-in-head motor, with its long stroke and high-speed type gives wonderful horse-power. The unusually long and wide, flat, semi-elliptic, underslung rear springs give riding comfort seldom equalled in much larger cars, while the box pleated upholstery of finest, long-grain leather means comfort and service of the highest type.

The Biggest Value and the Best Car at Price Ever Offered.

PERSONAL MENTION

W. F. Crothers is here from Sonora for a visit with homefolks.
J. W. White of Mason was in the city Wednesday on business.
Miss Olivia Caudle of Texarkana is a guest this week of Miss Minnie J. Crothers.
F. R. Wulff left Wednesday night for Dallas to attend a meeting of Delco light dealers.

Mrs. Dr. M. H. Williams of Hammond, La., is a guest of her mother, Mrs. E. R. Sayles, and sister, Mrs. Howard Broad.

A. C. Erkle returned Monday from Hot Springs, Ark., where he had been rheumatism. He returns much improved by his stay in the health resort.

Carter's Inks—every kind—every color. Writing ink, fountain pen ink, rubber stamp ink, check writer ink, show card ink, indelible ink. At The Brady Standard.

LOCAL BRIEFS

Dr. and Mrs. H. W. Lindley and little daughter, accompanied by his mother, Mrs. Belle Lindley, returned the past week from Brownwood, where they had been guests over New Years of the doctor's grandmother, Mrs. W. F. Son.

One of the remarkable features of Monday morning's rain was the appearance of fishing worms on the sidewalks and pavements. The size of the worms, some of which were from two to six inches in length, precludes the possibility of their having fallen with the rain, and the only explanation remaining is that they came out of the ground to avoid being drowned out by the ground-soaking moisture.

A party of young folks, chaperoned by Mrs. W. D. Crothers, went to Sonora the past week for the New Year's dance at that place, and report a most wonderful time. A lovely dance hall, beautifully decorated and with a wonderful maple floor, and with a jazz orchestra playing the most entrancing of dance music, made the evening's enjoyment complete. The dance party was especially notable for the beautiful costumes worn. Numbered among the Brady attendants were Misses Olivia Caudle, Minnie J. Crothers, Billie White, M. C. Wolf, and Mrs. Crothers.

Mason county is doing a world of road work," said S. J. Striegler, who returned the first of the week from Fredericksburg. "They are putting in many concrete culverts, dips and bridges between Mason and the Llano river; in fact the road work has extended all the way to Fredericksburg, and I would estimate there were at least 150 men at work along the route and in various places on the road." Mason county has the reputation of doing more road work, or at least of getting more road work done than any other county. Perhaps operations cost less in the sandy soil of that county, but the fact remains that there is a world of good road work needed in McCulloch county, if this county would regain the prestige she won a number of years ago as having the best roads of any county in West Texas. McCulloch county needs wet weather roads!

The ever-gentle Bob Prater came over from Brownwood Wednesday to visit with his many friends here, while making a business call upon Will Hampton, local representative for the A. H. Richardson & Co., cotton buyers. Bob says he has been kept closer in at the Brownwood office than any previous year, and that every time his firm had offered to send a man to Brady to help "Bill" Hampton out, the latter had replied that he was getting along all right and didn't need any help. In renewing his subscription to The Standard, Bob was kind enough to state that we were entirely welcome to the money and that he got his full value out of the subscription. In fact, he went so far as to say that any time the boys in the office got away with the paper before he had an opportunity to take it home to Mrs. Prater, it was a signal for a near-riot. Now, every editor appreciates occasional praise, and none more than The Brady Standard editor. Consequently we are appreciative of Bob's kind words, the more so because we know he spoke with sincerity.

Kidney weakness, bladder troubles and digestive disorders are all within the curative power of Prickly Ash Bitters. As a tonic for the kidneys and urinary organs it has proved its value. Price \$1.25 per bottle. Trigg Drug Co.

GERMANY UNDONE BY OWN WEAPON

Had Sold to America Secret of Making Explosive From Air.

BIG NITRATE PLANT RESULTS.

Built in Eight Months It Convinces Kaiser of His Defeat.

By GARRET SMITH.

One of the most romantic passages in the secret history of the World War is the story of how the Ordnance Department of the United States Army made it possible for America, until then utterly lacking in ammunition and in facilities for making it, to manufacture unlimited quantities of powerful explosives out of air and rock. It was largely the knowledge of this fact that forced Germany to surrender when she did.

The secret was secured from Germany herself. It was an open business transaction between business men, whereby we apparently acquired nothing more military than a process for making a high grade fertilizer known as cyanamid.

Frank Sherman Washburn, head of the group of business men who bought this process, conceived the germ of the idea in the early nineties while in South America as consulting engineer in connection with the production and shipping of Chilean nitrate of soda. Nitrogen compounds are an essential part of all commercial fertilizers. The only available natural nitrate deposits in large quantities are in Chile. This supply was diminishing. Germany, which had been taking about one-third of the Chilean nitrates, was already experimenting with processes for their artificial production. In 1907 Mr. Washburn secured in Germany the American rights of the cyanamid process which had been invented in that country.

Turning Air into a Weapon.

By this process air, which is a mixture of about four-fifths nitrogen gas and one-fifth oxygen, is placed in containers and subjected to pressure and cold until it turns to a liquid. Then the nitrogen is distilled in much the same manner as alcohol is separated from water. But before this nitrogen can be used as a fertilizer it must be combined with a chemical combination of lime and carbon known as calcium cyanide, produced by burning ordinary limestone in big rotary kilns and combining it in the electric furnace with carbon supplied in the form of ordinary coke.

Cyanamid thus produced contains the elements of ammonium nitrate, one of the most powerful of modern explosives. By one process ammonia is extracted from the cyanamid. By another process nitric acid is extracted from another batch of this same cyanamid. Then the ammonia and nitric acid are combined and there you have ammonium nitrate ready for packing into shells with TNT.

There are three kinds of explosives used for bursting shells in modern warfare—TNT, picric acid and ammonium nitrate. The United States was equally deficient in raw materials and plants for manufacturing all three of these explosives. Under the best of conditions the cost of either TNT or nitric acid is about two and one-half the cost of ammonium nitrate. But the United States was wholly dependent upon Chilean nitrate of soda as a raw material for ammonium nitrate, with the exception of a small production of nitrogen from the coking of coal. The Chilean supply was 4,500 miles away from New York City by way of the Panama Canal, and the route by way of the Straits of Magellan is nearly twice as long.

A Record Building Operation. Shortly after the war began in Europe the German government entered into the frantic search for nitrogen for military explosives on a vast scale. It was not, however, until the fall of 1917 that the United States government took it up.

The Ordnance Department asked Mr. Washburn's company to organize a subsidiary corporation, known as the Air Nitrate Corporation, with Mr. Washburn as president, to act as agent of the government for the construction and operation of the air nitrate plant at Muscle Shoals, Alabama. This corporation provided the design, erected the equipment in the closed plants and supervised all the other work. It also operated the camp, the town and the plant. Other work is subject to several of the best known organizations in the United States. Westinghouse Church Kerr Company built the plant buildings, the camp, the permanent city and utilities. The J. G. White Engineering Corporation designed and built the nitrate acid plant. The M. W. Kellogg Company furnished the piping and built the chimneys. On February 16, 1918, ground was broken, and eight months and eight days later the \$60,000,000 Muscle Shoals plant began producing ammonium nitrate. In that brief period 23,000 men had completed the plant and around it, where not a house stood before, had arisen a city of 25,000 inhabitants.

This plant when in full operation was ready to provide 13 per cent of all explosives to be used by all the allies on all the allied fronts during the expected spring drive of 1919.

Social Regeneration of Tomorrow Seen Through Social Revolutions of Today

By the RT. REV. CHARLES P. ANDERSON, Bishop of Chicago and Chairman of the Episcopal Church's Nation-Wide Campaign Commission

SOME socialists say that the church is capitalistic. Some capitalists say that the church is socialistic. All churchmen know that it is neither, but that it furnishes the only environment wherein both can meet in their proper relations to each other and to God.

"O for a few days of sanity," said Secretary Lane when the industrial conference adjourned in failure.

"O for a few days of Christianity," men might well say when everything is being tried except Christianity.

Some say that the church has failed. If so, education has also failed and so has science. No, she has not failed. What has failed has been a sordid and materialistic civilization. It is only through a resurgent faith in the power of Christianity to assert its corporate strength that we can look through the social revolutions of today to the social regeneration of tomorrow.

Let us get a fresh grip on first principles and see whether religion, when taken seriously, is capable of exercising a constructive and stabilizing influence in the chaotic conditions in which men now live.

This is the underlying principle of the nation-wide campaign. The war for democracy has been won. The war for religion and progress is now on.

The motto of the nation-wide campaign is: "On to Christ; Forward March!"

INDIAN WARS ECHO IN CHURCH DRIVE

AGED BISHOP D. S. TUTTLE BRINGS SPIRIT OF FRONTIER TO MODERN BATTLE.

An echo of the Indian wars of the late sixties, brought to date through the lessons of modern war organization in Europe, has been injected into nation-wide campaign of the Episcopal church by the Rt. Rev. Daniel Sylvester Tuttle, D. D., LL.D., bishop of the Episcopal diocese of Missouri, who at the age of eighty-two years is taking a leading part in the great campaign.

Adventures of the "Buffalo Bill" type filled the early life of this benign octogenarian who rode, rifle in hand, through Indian-infested western plains.

Battled for Church.

Doctor Tuttle's home is now in St. Louis. He is senior bishop of the Episcopal church. As a circuit-rider in the days of the fighting West, when crossing the plains was a continuous battle, his adventures matched the fictitious ones of modern film favorites.

The present patriarch of America braved the terrors of the plains in 1867, riding with rifle ready, to carry the message of hope to the settlers of Montana, Utah and Idaho. When Deer Lodge, Mont., was being consumed by fire, he poured buckets of water upon a building in which was stored enough powder to blow up the town, and thus saved Deer Lodge. For 19 years he struggled against the doctrines of Mormonism in Utah, and yet when he left Salt Lake City, he carried away the respect of the Mormons because he was a fair, though uncompromising, fighter.

An Athlete at Eighty-Two.

He is eighty-two years old, six feet tall, still an athlete, and has been a bishop since his thirtieth birthday, having been elected before he was old enough to take office.

Bishop Tuttle was elected honorary chairman of the national committee projecting the Episcopal church's nation-wide campaign now in progress. He called the membership to rally in the following words:

"Summon the men. Call the women. Forget not the children. Discipline the recruits. Furnish the munitions and supplies."

PERSHING SHOWS HE CAN FIGHT FOR CHURCH

Local veterans of the American army and navy will be interested in news received today that General Pershing has accepted appointment of membership on a committee to make Holy Trinity Episcopal church, Paris, "America's War Memorial Church in France."

Request for \$400,000 to finance the project was offered for inclusion in the world budget of the nation-wide campaign of the Episcopal church. The Rev. Dr. Frederick W. Beekman, rector of Holy Trinity, has raised \$100,000 toward the plan from friends of the church in Paris, and General Pershing and associates will assist in obtaining the additional \$400,000 required.

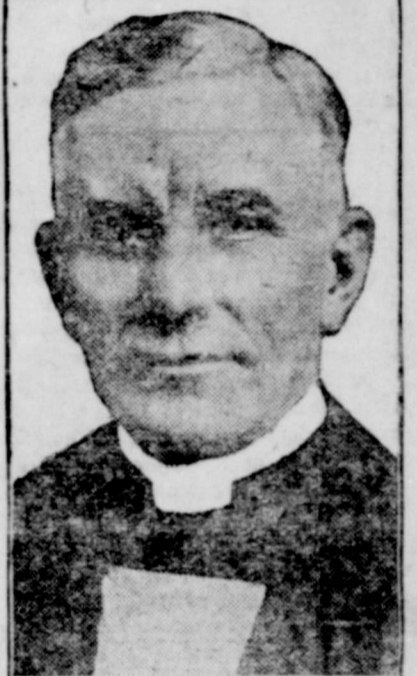

SUNDAY SCHOOLS WILL STAGE MYSTERY PLAY

Episcopal Churches Plan to Give Children a Part in Nation-Wide Campaign Through Big Pageant.

Episcopal churches in this vicinity are planning to give the children of their Sunday schools a part in the nation-wide campaign of the church and at the same time offer a tangible lesson in church history through the presentation of a mystery play. The plan is for simultaneous production in all the Episcopal Sunday schools of the nation, in an effort to stimulate interest in the campaign.

The mystery play was written by the Rev. George Long, rector of St. Paul's church, Warsaw, Ill., and executive secretary of the church's mid-West province, which embraces Michigan, Ohio, Indiana, Illinois and Wisconsin. His "The Pageant of the Church" presented at the general convention three years ago, in St. Louis, attracted widespread attention.

CHURCH STRATEGIST URGES UNITED DRIVE

Rt. Rev. Arthur S. Lloyd, D. D.

Bishop Arthur Selden Lloyd, president of the Episcopal Board of Missions, heads one of the three general organizations of the Episcopal church most interested in its nation-wide campaign. Bishop Lloyd was chairman of the organization which successfully presented to the Episcopal convention the idea of a nation-wide campaign to expand all its activities—missions, religious education and social service.

As head of the Board of Missions, Bishop Lloyd advocated the strategy of a general advance in the whole mission field, at home and abroad, rather than a series of separate sorties on the various fronts. To carry the ideals of Americanism and Christianity to the greatest numbers at the same time the church's nation-wide campaign was launched to obtain the men, women and money for the work.

Bishop Lloyd was born in Mount Ida, Va., in 1857. He was consecrated a bishop in 1909. In 1910 he was elected president of the Episcopal Board of Missions, heading one of the most important, if not the most important, general body of the Episcopal church.

PROMINENT MEN LEAD EPISCOPAL DRIVE

Men of affairs, whose names are known throughout the United States as synonymous with success in business and professional activities and whose leadership has brought success in many of the widest activities of the war period, have accepted appointment to the commission directing the nation-wide campaign of the Episcopal church, now in progress.

The commission was appointed at the last general convention of the Episcopal church, held in Detroit. It is composed of five laymen, five bishops and five presbyters. The laymen are:

Henry P. Davison, chairman of the American Red Cross; Arthur Woods, formerly police commissioner of New York, and later in the federal employment service for returned soldiers and sailors; George Wharton Pepper of Philadelphia, a leader of the American bar; Burton Mansfield of New Haven, Conn., and Oliver J. Sands of Richmond, Va.

The bishops on the commission are: Charles P. Anderson, Chicago; John G. Murray of Maryland, Arthur S. Lloyd of Missouri, Frederick F. Reese of Georgia and Charles Sumner Burch of New York.

The presbyters are: The Rev. Ernest M. Stiles of New York, the Rev. Edward S. Rousmaniere of Massachusetts, the Rev. Dr. James E. Freeman of Minnesota, the Rev. Dr. William H. Milton of North Carolina and the Rev. Dr. Frank H. Nelson of Ohio.

Work—the Staff of Life. If you want knowledge, you must toil for it; if food, you must toil for it, and if pleasure, you must toil for it. Toil is the law.—John Ruskin.

BRADY, TEXAS, Jan. 9, 1920.

HONEST INJUN.

The year 1920 gives to womankind the right to leap—but we wonder how many of the feminine persuasion will "look before they leap."

GOOD ROADS AGAIN!

"That good roads article of yours last week was certainly to the point, and pointed in the right direction," said C. J. Hallett. "Upon my trip from Denver to Texas I found Texas roads the worst of any state traversed. Of course, in the Northern states, convict labor is used to large extent in road work, which enables the building of roads at a minimum figure and upon a more extensive basis."

Then here is the expression of a prominent Brady merchant: "I notice you are advocating the good roads question, and I think that is the next big undertaking that McCulloch county citizens should attempt. There is no time to be lost if we are to receive the benefits of our good roads work by the time 1920's crops are to be marketed. The people of McCulloch county, as a whole, are in favor of good roads construction because they have been made to realize the importance of good roads and the vital part they play in the prosperity and advancement of a community."

The Standard believes a poll of the citizenship of McCulloch county, both urban and suburban, would reveal the fact that ninety percent of our citizenship is in favor of good roads, want good roads and will work for good roads if given an opportunity. Now that the past year's business has been closed, and while taking up the work for the new year, let us not forget that most important of all tasks—the building of good roads.

Let the citizenship get together and devise ways and means to secure the greatest good for the greatest number in good roads construction.

LEAP YEAR.

This is leap year—and the ladies, God bless them, are to have their inning. Four years is a long time to wait—but the year 1920 will make up for the intervening period. In addition to the privilege of proposing (and disposing) the ladies will also have the right to pay poll tax and go to the polls alongside of any man from the president down. Candidates for office will be expected to use both tact and caution in soliciting the feminine vote. The safe and sane method to win approval, we presume, will be to kiss the baby twice.

Another rain—another argument for good roads construction!

WHAT HAS HE BEEN READING?

Recently a Brown county farmer created quite a stir in our placid neighbor city of Brownwood by tying a couple of red flags to his horses. The incident caused more or less hard feelings among patriotic citizens, and resulted in the farmer paying a fine for his bolsheviki act. Beyond the fact that the farmer attempted this radical method of showing his disappointment at not being able to get the price he wanted for his products, there must have been something extraordinary to cause a citizen of a peaceful and law-abiding community to commit such a rash act. The Temple Telegram wonders what he could have been reading, that such a crazy notion should have ever become implanted in his head—and thereby, we believe, The Telegram sounds the keynote of his discontent. The trashy, bolsheviki literature that is daily being sent through the U. S. mails is sufficient to derange even the most sober-minded of persons, if the information contained therein, is taken seriously. Like vultures, these papers harp upon some tragic incident, disaster or injustice, making a mountain out of a mole hill, and serving to inflame and incite people of good judgment against the wrongs that are supposedly heaped upon a downtrodden people. It is time this bolsheviki literature was excluded from the mails. Paper is too scarce and high to be wasted—and if there is any criminal waste it is in permitting the existence of such papers whose only purpose is to incite and turn a people against the government.

Regarding the Brownwood incident, the Temple Telegram says:

"Because he could not sell a load of damaged wheat at top prices, or could not get a bid on it at all, a Brown county farmer drove into Brownwood one day last week with a red flag flying at the mast of his wagon—the mast on a farm wagon being somewhere in the neighborhood of the springseat. Red banners also were swung upon the harness of his mules, just to emphasize the fact that the whole outfit was bolshevik.

"It may have been a joke or it may have been an impulsive plunge into communism and a grouch against the country, but at any rate the district attorney gave the color scheme the once over, ordered the flags lowered and haled the dissatisfied farmer into court, where a fine of \$1 and costs was levied as an antidote for a possible outbreak in the direction of terrorism.

"The farmer in question is said to be at the head of a very fine family, he has been a citizen of Brown county for a long time and has never before been suspected of radicalism. But from all evidences in the case it appears that he was in earnest about his red flags, harboring the hope if not the belief that when he drove into town with the red flags hoisted, and whistling, perhaps, the "Internationale," the grain buyers, would approach with checkbooks in hand while the officers of the law would come forward with truce proposals.

"But that is not the way they deal with bolsheviki in this country. The farmer may thank his stars that he got off as lightly as he did.

"That, however, is not so interesting or important as the question, Why did he do it?"

"What reason was there for him to believe that he could gain anything by going back on Old Glory?"

"What impulse persuaded him to hoist the crimson colors?"

"What has he been reading?"
"Brown county authorities may be on the job, and they probably are; but it would not be a bad idea for them to investigate the sort of literature that finds its way into this farmer's rural mail box or get an accurate line on the origin of the seed of discontent that found fertile fields in his brain, which was nourished into bloom by the bit of real hard luck."

WHAT IS THE MATTER WITH AMERICA?

An unknown author asks and answers the question as follows, and he may be right about it:

What's the matter with America these days?
Too many diamonds, not enough alarm clocks.
Too many silk shirts, not enough blue flannel ones.
Too many pointed-toed shoes and not enough square-toed ones.
Too many serge suits and not enough overalls.
Too much décollete and not enough aprons.
Too many satin-upholstered limousines and not enough cows.
Too many consumers and not enough producers.
Too much oil stock and not enough savings accounts.
Too much envy of the results of hard work and too little desire to emulate it.
Too many desiring short cuts to

wealth and too few willing to pay the price.

Too much of the spirit to "get while the getting is good," and not enough old-fashioned Christianity.

Too much discontent that vents itself in mere complaining and too little real effort to remedy conditions.

Too much class consciousness and too little common democracy and love of humanity.

SAY HOWDY.

This suggestion from the Cisco Round-Up is worth while and should be included in our New Year Resolutions:

"Politeness costs nothing; it is worth much. Take a stroll along one of our local streets and you will meet certain people who never fail of a courteous greeting. As you pass them by they leave in your mind a feeling of wholesome friendliness and brotherly love. You instinctively extend them the courtesy of a kind thought and a friendly greeting in return. The two of you are adding yet another ray of sunshine to the community life. And many little rays make a most pleasing whole. Try it yourself for a week and then analyze your feelings. You will be surprised at the results."

GOVERNMENT WASTE.

Says the Coleman Democrat-Voice: Estimates submitted to the new Congress recently convened in Washington propose appropriations to the fiscal year 1921, which announcement may have caused the astrologist to "foresee the end of the world."

Bearing on the subject of the Government extravagance a well informed writer of national reputation cites the following interesting facts:

In 1851 the U. S. Treasury Department had 437 employes including the secretary of the treasury. Today, one of the fourteen bureaus of the Treasury Department has nearly 14,000 employes.

Today, there are 125,000 government employes in Washington and 106,000 employes in the more than two hundred government departments and bureaus.

As a further evidence of the sinful waste of the bureau system the writer says:

During the fiscal year, ten different bureaus collected statistical data about coal consumption, six of which reported their finding in printed form.

Six bureaus gathered and compiled information about coal export, three of which published their findings.

Nine different Federal agencies, working almost side by side, gathered statistical information about prices, seven of which published their findings.

Eight different organizations gathered information about production.

Ten different organizations collected information about meat, eight of which published their findings.

Eight different bureaus gathered information about cheese, six of which published their report; and six gathered information about the price of cheese, five of which published their findings.

And so on, ad infinitum.

What is true of the national government is, in a measure, true of state government—the bureau system is top heavy and the people's substance is being wasted at an alarming degree. The late U. S. Senator Aldrich of Rhode Island stated in 1909 that he could save the United States three hundred million dollars annually, if permitted to run it on a business basis.

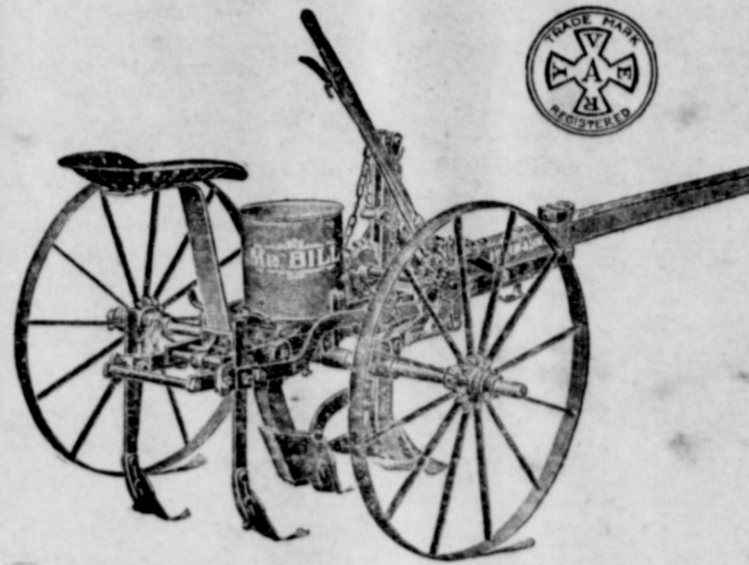

Confronted with the Government's record of extravagance it is surprising that men of intelligence will clamor for government ownership or government operation of public utilities. Labor leaders have asked that the Government retain control of the railroads for two years longer in the hope, perhaps, that the country may be induced to accept the Plumb Plan—and in a speech in the United States Senate last Friday, Senator Shepard of Texas advocated Federal operation of railroads two years longer as a means, he said, of affording further test of unified control and operation.—Coleman Democrat-Voice.

Just as good roads are a vital factor in the building, progress and enlightenment of a community, so are good railroads and good train service a vital factor in linking up a city or town with the advantages of the cities and great marketing places. Brady and McCulloch county citizens have much to be hoped for, so far as railway service is concerned. It is a good point to remember that we get just about what we ask for. Why not ask?

Playing billiards and pool is prohibited in Texas by statutory enactment, but a person may still play tiddley-wink or forty-two without first obtaining an injunction. Come to Texas.—Coleman Democrat-Voice.

The "Daddy" Of All Riding Planters

is shown here. It was the first one offered Southern farmers, and is still their favorite. More than 100,000 are in use. The

Avery "Mr. Bill"

plants on a level, on beds, or in furrows. It has ample strength to carry a wide sweep or a standard middle burster bottom.

Raising and lowering is done without rollers, belts or links; hence, there is no lost motion to cause trouble after planter has been used a few years. Seed plates are driven by one pair of

beveled gears and action is positive at all times.

This planter can be fitted with regular cotton hopper or the famous Avery Single Seed Hopper. In changing hoppers you use only your bare hands.

Let us show you other points that make the Mr. Bill your best buy in planters.

THE MR. BILL RIDING PLANTER IS THE LAST WORD IN PLANTERS AND WE HAVE A GOOD STOCK ON HAND, ALTHOUGH WE LOOK FOR A BIG DEMAND

O. D. Mann & Sons

COUNTY COURT IN SESSION JANUARY 19TH

The January term of county court will be convened by Judge Evans Adkins on Monday, January 19th. Judge Adkins is determined to clear the dockets of all cases, and both witnesses and principals summoned in the cases to appear before the court will be expected to be on hand. The first week the criminal docket will be taken up, followed by the civil docket.

Jurors named for the two weeks of court are as follows:

- First Week, January 19th.
Tom Alexander, Calf Creek.
A. Berquist, Rochelle.
Willie Beakley, Placid.
E. U. Wade, Placid.
Ed Penn, Mercury.
G. W. Scott, Melvin.
Ed Spiller, Voca.
Jack Drago, Whiteland.
Ed Jacoby, Brady.
F. R. Wulff, Brady.
M. P. Carroll, Pear Valley.
S. E. Cox, Mercury.
W. M. Harris, Lohn.
Henry Davis, Brady.
- Second Week, January 26th.
B. C. Gray, Brady.
H. Fowler, Pear Valley.
A. W. Jones, Doole.
W. L. Cain, Melvin.
S. E. Huie, Lohn.
E. L. Jones, Brady.
Henry Carlson, Brady.
D. S. Pumphrey, Mercury.
Herbert Harkrider, Calf Creek.
A. T. Eklund, Melvin.
W. N. White, Brady.
L. B. Holland, Rochelle.
C. W. Freeman, Camp San Saba.
Grover Gattis, Lohn.

SNAP SHOTS.

Tillie Clinger says the reason she is quitting her present boarding-house is because they want her to room with a girl who tries to jar the dandruff out of her hair by snoring all night.—Dallas News.

The liver loses its activity at times and needs help. HERBINE is an effective liver stimulant. It also purifies the bowels, strengthens digestion and restores strength, vigor and cheerful spirits. Sold by Central Drug Co. and Trigg Drug Co.

THANKS!

We want to thank our friends and patrons for a splendid share of their business during 1919 and to solicit a continuance of your patronage and good will during 1920. We expect to make every effort to serve you.

It is our sincere wish that you will prosper during the new year, and that you and yours will enjoy happiness and good health.

ALLEN & McCLURE

NEAR EAST RELIEF

Another little child has shrivelled up and died! The mother, creeping back, gaunt and cold, from the desert, has put down the thin little bones with those that strew the road, so many miles, and has sunk beside them never to rise again.

Only the little child, and a mother, 'out on the bleak Armenian road—but what is that Vision hovering there—and what is that Voice the cold winds bear to the ears of our souls—"I was hungry, and ye gave me no meat—I was naked and ye clothed me not?"

Today many more of these little children—not a hundred, not a thousand, but two hundred and fifty thousand of them—"their weakened skins clinging in fear to their rattling bones," and they are crying out with gasping breath, "I am hungry! I am hungry! I am hungry!"

Now the children, and the mothers in Armenia are dreading the winter. "Just human remnants, they are, not protected, many of them, from the elements by even the dignity of rags."

But we can feed and clothe those perishing ones—some of them before it is too late. Hoover has cabled from the Caucasus, "it is impossible that the loss of 200,000 lives can at this day be prevented, but the remaining 500,000 can possibly be saved." They need not starve, and freeze and die if we will save them. Open now your heart and purse. They need not die! Give ye them to eat!

Today nearly eight hundred thousand destitute Armenians—His people—need food and clothing. He took little children in His arms and blessed them. Today will you take one, or more, of these sad, cold, hungry little children of Armenia into your arms and heart, in His name, and give them food, and warmth and life? "Inasmuch as ye have done it to these My brethren, ye have done it to me."

Faithfully yours,

W. P. Hobby, C. L. Sanger, A. C. Ford, C. P. Sites, Follette Isaacson, Bishop Edwin Mouzon, Bishop Jos. P. Lynch, Very Rev. J. M. Kirwin, Mrs. Nannie Webb Curtiss Mrs. W. B. Sharp.

plete by the delicious salad course served by the hostess.

Assisting Miss Dilliard in the proper observance of the great occasion were the following: Misses Marjorie McCall, Gertrude Trigg, Florence Smith, Maggie Bryson, Katherine Ballou, Willie Benson, Cleone Deaver, Elizabeth Calvert, Edna Fahrendhold, Mabel Strickland, Hilma Jordan, Ruby Coalson, Eulalia Gavit, Estelle Jones, Arvie Wegner, Cora Snider, Edith McShan, Edith Reed, Mildred Irvine. Messrs. Willie Vaughn, Ralph Plummer, Glenn Ricks, Royston Taylor, Ell Harkrider, Carl Deans, Robert McGrew, Maurice Jones, Clarence Robinett, Lyall Baze, George Dutton, Howard Collins, Sidney Meers, Jim Espy, Vaughn White, Dudley Westbrook, Guy Walker. John Simpson, Arthur Awalt, Lessie Meers, Virgil Wilhelm, Harold Dutton.

Complimentary Buffet Luncheon.

A most enjoyable social courtesy was the buffet luncheon given on December 27th by Miss Minnie Jarvis Crothers in compliment to her guest, Miss Olivia Caudle, of Texarkana. The Crothers' home was attractively decorated in red and green, Christmas bells, cedar and poinsettias being used in carrying out the color motif. A novelty, and one which furnished much amusement and entertainment was the Christmas tree hung with gifts for the guests, each of which included a verse descriptive of the recipient.

Cards and dancing served to pass the evening quickly.

The luncheon which was spread on the dining room table, and served in two courses to the guests at small tables, included turkey, molded fruit salad, hot rolls and coffee, caramel ice cream and cake.

Present for the occasion were Misses Otis Burnette, Queen Willison, Rebecca Francks, Sarah Johanson, Edith Brook and the guest of honor; Mr. and Mrs. Edward Willoughby of Eldorado; Mrs. Lola Perkins; Messrs. Jamie Brook, Billie White, M. C. Wolf, Lawrence Fuller, Ray Willoughby; Dr. Jack Ragsdale.

Complimentary Dinner Party.

Miss Olivia Caudle of Texarkana and William French Crothers of Sonora were named as honor guests at a five-course dinner party given at 6:30 Wednesday evening by Mrs. W. D. Crothers. The centerpiece of the dining table was a large and beautiful fern, tied with a huge pink bow. Pink chrysanthemums were used as place markers.

Making up the party were Misses Minnie J. Crother, Miss Caudle, Mrs. Lola Perkins; Messrs. M. C. Wolf, Clayton Murchison, William French Crothers; Mr. and Mrs. W. D. Crothers.

Five Hundred Club.

Mrs. Chas. T. White entertained at three tables for the Five Hundred club on last Friday afternoon, with the following members in attendance: Mesdames J. S. Anderson, J. G. McCall, G. C. Kirk, B. Simpson, Wiley Walker, C. D. Allen, John Wall, F. R. Wulff; Miss Lucille Benham. Guests were Mesdames Geo. F. King, S. A. Benham, H. W. Lindley. Club prize was received by Mrs. Allen and Mrs. Benham won guest prize.

Refreshments were served by the hostess.

Mrs. Dick Winters entertains this afternoon for the club.

Brady Tuesday Club.

The Brady Tuesday club held its weekly meeting at the home of Mrs. Duke Mann, January 6, with the following members present: Mesdames C. P. Gray, S. W. Hughes, Geo. King, H. R. Hodges, J. E. Shropshire, Agnes Webb, J. H. White, R. O. Wilkerson, W. N. White, Mrs. Duke Mann, and Miss Mary Anderson. An interesting lesson on "The Camel of the Frozen North," was led by Mrs. Geo. King. The club will meet with Mrs. J. T. Mann next week.

Bridge Club.

Because of inclement weather no meeting of the Bridge club was held this week, the occasion being postponed until next Tuesday afternoon when Mrs. R. W. Turner will be hostess.

SURGEONS agree that in case of Cuts, Burns, Bruises and Wounds, the **FIRST TREATMENT** is most important. Post-Holiday Dance.

The first of a series of post-holiday dances was given by the Brady Club at K. of P. hall on Tuesday night, proving what was universally declared the most delightful and enjoyable of all dances given here in years. The new Glen Garden jazz orchestra from Fort Worth furnished a program of the most entrancing dance numbers, and with the older attendants joining with the large crowd of young folks in the dancing, the pleasure was more than doubled, and encore followed encore of each of the rhythmic numbers played.

The hall was in holiday attire, with festive wreaths of cedar, holiday Christmas bells and crepe decorations. Adding the final touch to the completeness of the evening's pleasures was the delicious course of refreshments furnished by the ladies and prepared under the able supervision of Mrs. S. A. Benham. The Broad Mercantile Co. very kindly loaned the dishes and silverware for the occasion. The refreshments consisted of chicken salad, bread and butter sandwiches and steaming hot coffee with whipped cream.

Present and participating in the dance were the following: Misses Rebecca Francks, Queen Willison, Mabel Thompson, Norma Samuel, Lessie Samuel, Mary Estelle Thompson, Sarah Johanson, Willie Mae Dilliard, Myrtle Greer of Whiteland, Adelia Hendrickson, Lucille Benham, Otis Burnette, Mamie Klett, Olivia Caudle of Texarkana, Minnie J. Crothers; Mesdames H. B. Oden, Lola Perkins, Grover Chambles, R. A. Ramage, Bob Littleman, Katie Roberts, E. W. Dozier; Messrs. and Mesdames W. D. Crothers, J. E. White, C. T. White, B. Simpson, F. R. Wulff, Wiley W. Walker, J. E. Wiley, E. E. Spiller, A. R. Hooper, S. A. Benham; Dr. and Mrs. H. W. Lindley; Messrs. Boyd Rainbolt, Tom Gentry, Billie White, Boy Crothers, Clayton Murchison of Menard, Howard Campbell, Ernest

Snearly, Harold Deaton, H. A. Wulff, Ernest Blackburn of Eden, Oscar Lang, Lawrence Fuller, Louie Levinson of Dallas, Harry F. Schwenker, S. B. Roberts, Hubert Adkins, M. C. Wolf, Chas. Yeager. Dr. Jack Ragsdale.

Wednesday Night's Dance.

A repetition of the splendid Tuesday night dance was had on Wednesday night, the Glen Garden jazz orchestra again furnishing a delightful program. While the sudden drop in temperature prevented a number from attending the dance, those who did venture out were more than repaid by reason of the evening's coolness adding zest to the dancing. Refreshments of sandwiches were served during intermission.

Enjoying the dance were the following: Misses Lucille Benham, Rebecca Francks, Minnie J. Crothers, Sarah Johanson, Willie Mae Dilliard, Otis Burnette, Lessie Samuel, Norma Samuel, Adelia Hendrickson, Queen Willison, Myrtle Greer of Whiteland, Olivia Caudle of Texarkana; Mesdames R. A. Ramage, Grover Chambles, Lola Perkins, W. D. Crothers; Mr. and Mrs. S. A. Benham; Messrs. M. C. Wolf, R. G. Prater of Brownwood, Ernest Snearly, Howard Campbell, Boyd Rainbolt, Clayton Murchison of Menard, Oscar Lang, Tom Gentry, Boy Crothers, Will Allen Jones, Chas. Yeager, Billie White, Lawrence Fuller, Louie Levinson, S. B. Roberts, Wilburn Hoyt of San Saba, Harry F. Schwenker, H. A. Wulff; Dr. Jack Ragsdale.

Birthday Party.

Miss Olive Dilliard was complimented on last Friday night with a birthday party given for her by Mrs. Guy Bennett at the Bennett home in South Brady, the occasion being the young lady's seventeenth birthday anniversary. Various games were served to pass the evening very enjoyably, and the evening's pleasure was made com-

NOTICE DOG OWNERS!

Notice of Annual Meeting.

The regular annual meeting of the shareholders of the Commercial National Bank of Brady, Texas, will be held in the office of their bank building on the second Tuesday in January, being January 13, 1920, between the hours of 9:00 a. m. and 3:30 p. m., for the purpose of electing directors for the ensuing year, and for the transacting of any other business that may legally be brought before it. **W. D. CROTHERS**, Cashier.

Modern Mary.

Mary had a little lamb, But now that it is dead, It went to school this morn with her Between two slabs of bread.

GIVES WIFE GLYCERINE MIXTURE

A retired merchant whose wife suffered for years from catarrh of the stomach finally gave her simple glycerine, buckthorn bark, etc., as mixed in Adler-i-ka. ONE bottle produced great results. Because Adler-i-ka acts on BOTH upper and lower bowel it removes all foul matter which poisoned stomach. Relieves ANY CASE sour stomach or gas on stomach. Often CURES constipation. Prevents appendicitis. C. A. Trigg Drug Company.

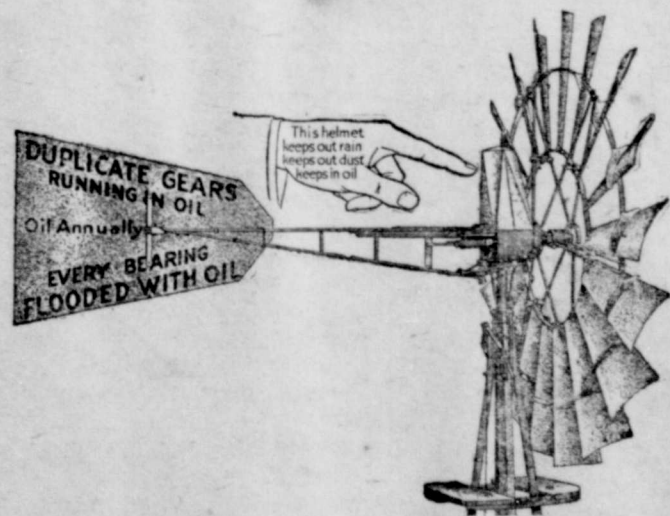

Pleurisy pains are located just below the short ribs. Lumbago affects the same region but toward the back. **BALLARD'S SNOW LINIMENT** is the remedy in either case. If rubbed in thoroughly it eases pain, relaxes the muscles and the patient can move about freely and comfortably. Sold by Central Drug Co. and Trigg Drug Co.

Heartburn, indigestion or distress of the stomach is instantly relieved by **HERBINE**. It forces the badly digested food out of the body and restores tone in the stomach and bowels. Sold by Central Drug Co. and Trigg Drug Co.

You will need a stalk cutter, or disc harrow; let us figure with you. **O. D. MANN & SONS**.

Letter Files. The Brady Standard.

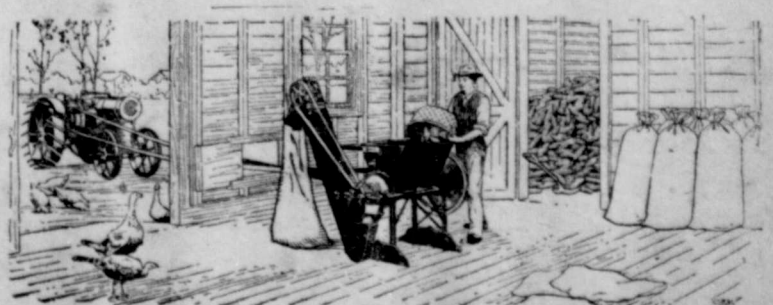

HAVE YOU INVESTIGATED THE Aermotor Auto-Oiled Windmill?

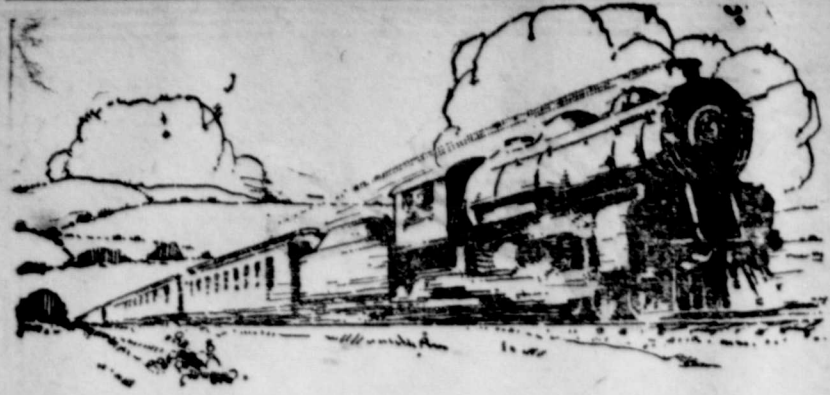

We are agents for the Aermotor in Brady and if you are needing a windmill let us figure with you. We also have all necessary pipe, fitting, etc., to start you to pumping.

Grind your feed, your corn, cob and all, with an **I. H. C. Feed Grinder**.

We have them in stock now ready for delivery.

Broad Mercantile Co.

A vast amount of work now remains to be done which the intervention of war has necessarily delayed and accumulated, and the result is that very large capital expenditures ought to be made to make up for the interruptions inevitably due to the war, and to prepare the railroads to serve adequately the increased traffic throughout the country.
WALKER D. HINES,
Director General of Railroads.

**Work more—
Produce more—
Save more—**

But we can't continue increasing our production unless we continue increasing our railroad facilities.

The farms, mines and factories cannot increase their output beyond the capacity of the railroads to haul their products.

Railroads are now near the peak of their carrying capacity.

Without railroad expansion—more engines, more cars, more tracks, more terminals—there can be little increase in production.

But this country of ours is going to keep right on growing—and the railroads must grow with it.

To command in the investment markets the flow of new capital to expand railroad facilities—and so increase production—there must be public confidence in the future earning power of railroads.

The nation's business can grow only as fast as the railroads grow.

This advertisement is published by the Association of Railway Executives.

Those desiring information concerning the railroad situation may obtain literature by writing to the Association of Railway Executives, 61 Broadway, New York.

FACTS AND FIGURES OF TEXAS COMPILED.

The Texas Chamber of Commerce has inaugurated a "Know Your Own State" propaganda intended to provide the people of Texas with information along these lines.

"Do you know that Texas produces one-fifth of the cotton crop of the world? Its value last year was in excess of \$400,000,000."

"Last year's crop produced in the state of Texas was marketed at \$4,992,000. Nor is it a matter of general knowledge that almost \$9,000,000 worth of sweet potatoes were produced in 1918 in the fertile tuber adapted soils of certain sections of Texas. The actual value of the 1918 crop was \$15,445,000."

Following are some of the terse facts about Texas which have appeared (since the inauguration of this service:

Texas produces one-fifth of the cotton crop of the world. Its value last year was in excess of \$400,000,000.

Texas and Louisiana yield 99 per cent of all the sulphur produced in the United States.

Texas ranks second in rice growing. The value of the 1918 crop was \$15,445,000.

The value of the ten principal crops in Texas in 1918 was \$676,041,000, or \$144 for every man, woman and child within its confines.

Fifty counties in Texas last year produced one-tenth of the world's supply of cotton.

Texas produced for the first nine months of 1919 more oil than it has yielded during any other two years since production began. Texas production January to Oct. 1, 1919, was 79,760,782 barrels.

Texas has more separate farms than any other state and has more

than Kansas and Iowa combined. Texas leads all states in the Union in the production of broom corn. Last year's crop was worth \$4,992,000. Texas ranks fourth among the states in peach growing. The 1918 crop was 2,041,000 bushels, worth \$4,082,000.

Texas produced 6,046,000 bushels of sweet potatoes with a market value of \$8,830,000.

Texas last year produced one-eighth of the total peanut crop of the United States. Its production was 7,117,000 bushels, worth \$14,661,000.

How about your watch? Is it keeping correct time? If not, let us remedy the trouble for you. Satisfaction guaranteed. A. F. Grant, jeweler, east side square.

"I Believe I Could Not Have Lived If I Had Not Taken Rich-Tone."
—Says N. P. Stevens.

"This truly wonderful tonic has done me more good than all the doctor treatments and I have been under the care of several eminent physicians. I am truly grateful for the benefit I have received from taking Rich-Tone and recommend it to all people who are physically weak and run down."

Take RICH-TONE and gain new energy

Not one penny will Rich-Tone cost you, if it doesn't prove of positive worth in treating your case. You are to be the judge—try this famous tonic—if it doesn't bring you new energy, a splendid appetite, restful sleep, peaceful and quiet enjoyment, if it doesn't destroy that tired feeling and build you up, then Rich-Tone will be free to you—it will not cost you anything—not one penny.

REALTY DEALS ON RECORD IN DEC. OVER \$55,000.00

McCulloch county real estate is moving with a briskness that would indicate resident, business and farm property in this county is very much in demand. Since the 1st of December, over \$55,000 worth of real estate transfers have been put on record in the county clerk's office, and the total may be much larger than this figure, since a number of the deeds recorded gave no figures covering the amount of consideration.

- Deals recorded since December 1st, interest in the following: F. N. Rabb to J. C. Pointer, 1-16 Surv. 2484, Abst. 1849, and 160 acres Surv. 952, Abst. 1862, Cert. 557. \$700.
- J. T. Gressett Jr. to B. G. Stuart, northwest 65 acres Surv. 100, Cert. 53. \$212.50.
- T. B. Peel to Belton Yarn Mills, lot 1, block 8, Dutton addition. \$150.
- Jack Drago to E. B. Scarborough, lots 2 and 3, block 1, Paul Sheridan Live Oak addition, Surv. 407. \$100.
- G. W. Poe to Alex Arledge, 1-7 interest in 160 acres, Surv. 714, Abst. 1472. \$300.
- J. R. Starkey to Frank Ogden, Surv. 405, west 1-2 block 70, Lühr addition. \$1800.
- M. P. Wegner to J. B. Whiteman, part of block 15, school section 182, Cert. 3-441, Abst. 2158, Crothers addition. \$100.
- Joe J. McCall to Mrs. Leoti Medlin, lots 7, 8 and 9, block 12, Jones addition. \$1000.
- J. E. Willis to B. B. Burk, lots 1, 2, 3, 4 and 5, block 12, school section 236, Abst. 1614, in the town of Rochelle.
- Otis J. Bryan to S. J. Striegler and B. F. Matthews, north 50 ft. of west 1-2 of block 156, Lühr addition. \$500.
- F. M. Bone to R. W. Scoggins, lot 4, block 38, in the town of Mercury. \$50.
- R. W. Scoggins to I. C. Pointer, lot 4, block 38, of Mercury. \$75.
- Thos. H. Espy to Thos. K. Jones, lots 1, 2, 3 and 4, block 15, North Brady addition. Surv. 657, Abst. 859, Cert. 588. \$250.
- J. W. Jones to J. S. Dick, northwest corner Surv. 62, Abst. 1583, Cert. 33-3230. \$7600.
- Commercial National bank to R. S. Siler, Surv. 1371, lots 1 and 2, block 11, in the town of Melvin. \$1200.
- J. E. Bell to J. H. Huey, north 1-2 of block 57, Lühr addition. Surv. 465, \$4000.
- John Ake to Willie Williams, north part block 68, school section 236, in the town of Rochelle.
- A. M. Wier to J. W. Cole, 63 1-2 acres, Surv. 756, Cert. 842, Abst. 139. \$1043.35.
- Mrs. Annie Simmons to C. W. Pippin, north 1-2 of block 133, Lühr addition, Surv. 456. \$1000.

- Ada Pumphrey to L. L. Lay, 72 acres Surv. 798, Abst. 1468, Cert. 822. \$1338.55.
- S. W. Hughes to Henry Turn, west 140 ft. of north 1-2 of block 74, Lühr addition. \$850.
- J. H. Croft to Mrs. A. R. Browning, 150 ft. square out of Surv. 1055, Abst. 45. \$1100.
- I. C. Pointer to W. L. Bradford, lot 10, block 5, lot 4, block 38, in the town of Mercury. \$700.
- Ernest Sparks to S. T. Wright, 3.16 acres northeast part Surv. 400, Abst. 1412, Cert. 362. \$1200.
- C. A. Tupman to C. S. Thorns, east 1-2 block 32, Crothers addition. \$2500.
- J. H. Huey to A. C. Moore, Surv. 407, Abst. 71, Cert. 81, containing 47 1-2 acres. \$7000.
- W. W. Freeman and G. A. Walters to W. M. Cavin, Surv. 950, 2 acres in town of Milburn. \$102.50.
- J. H. Matthews to Lee Morgan, east 90 ft. block 92, Lühr addition. \$1000.
- W. M. Murphy and W. W. Sammons, north 1-2 block 159, Lühr addition. \$650.
- J. L. Slaughter to M. C. Ludwick, part school section 62, Abst. 1583,

Try One Brunswick Then Decide

The best way to know for yourself the superiority of the Brunswick Tire is to buy one and compare it.

That is, if the very name of Brunswick isn't sufficient proof to you, as it is to most men, that here is an extraordinary tire.

Thousands of men who have known the name of Brunswick for years, realize that a Brunswick Tire has to be the best—for a mediocre product could never bear this historic name.

Long before the Overland Trail became famous, the House of Brunswick was established. It was one of the chief users of rubber for fifty years before automobiles came into use.

No concern with such a history could afford to offer anything but the best. For reputations are built slowly, but can be quickly destroyed.

This is a practical guarantee that Brunswick Tires offer more than the usual, yet at no added cost.

Get your first one now. You'll not be satisfied until you have ALL Brunswicks.

H. HILL, BRADY, TEXAS

Twenty Years Ago. Nobody swatted a fly. Nobody had appendicitis. Nobody wore white shoes. Cream was five cents a pint. Cantaloupes were musk melons. Milkshake was the favorite drink. You never heard of a "Tin Lizzie." Doctors wanted to see your tongue. Farmers drove to town for their mail. Everybody paid their subscription. The hired girl drew one-fifty a week. Nobody listened on the telephone. Everybody didn't tip nobody. Folks said pneumatic tires were a joke. A solemn agreement did not become a scrap of paper. Mother spent part of the morning cleaning the lamp chimneys. Nobody ate dinner in New Foundland and breakfast in Ireland the next day. Nobody cared for the price of gasoline. The butcher threw in a chunk of liver. Strawstacks were burned instead of baled. Jules Verne was the only convert to the submarine. You stuck tubes in your ears to hear the phonograph and it cost a dime. You could drop a nickel in the slot to see a movie. Them was good old days.—Ex.

You Do More Work.
You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness. GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value. GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood. The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

A LINGERING COUGH
a tender throat, frequent colds, impoverished blood, loss of weight or lack of energy, are all ear-marks denoting lowered resistance. The system needs

SCOTT'S EMULSION

three or four times a day to help restore the resistive powers of the body. Coughs, colds and the like do not linger long when Scott's Emulsion is taken consistently and regularly. **Better try it!**

The exclusive grade of cod-liver oil used in Scott's Emulsion is the famous "S. & B. Process," made in Norway and refined in our own American Laboratories. It is a guarantee of purity and palatability unsurpassed. Scott & Bowne, Bloomfield, N. J. 19-64

LEADERS IN NATION-WIDE CAMPAIGN OF EPISCOPAL CHURCH COMPLETE PLANS

Left to Right, Back Row—Rev. James E. Freeman, D. D., of Minneapolis; Rt. Rev. Arthur S. Lloyd, D. D.; Rev. Ernest M. Stires, D. D., rector of St. Thomas, N. Y.; Burton Mansfield, New Haven, Conn.; Oliver J. Sands, Richmond, Va. Front Row—Rt. Rev. Frederick Fock Reese, bishop of Georgia; Rt. Rev. Charles Sumner Burch, bishop of New York; Rt. Rev. John Gardner Murray, bishop of Maryland; Very Rev. E. S. Rousmaniere, dean of Cathedral, Boston.

Leaders in the nation-wide campaign of the Episcopal church, including some of the most prominent clergymen in the United States and a number of laymen of national reputation in business affairs, have practically completed plans for the campaign and the budgets of the 87 dioceses in this country which are to raise the funds and apply them to extension and development of the work of the church.

A group of these leaders was recently snapped in front of the campaign headquarters in New York after an important meeting. The picture includes the Rt. Rev. Frederick F. Reese, bishop of Georgia; the Rt. Rev. Charles Sumner Burch, bishop of New York; the Rt. Rev. John Gardner Murray, bishop of

Maryland; the Very Rev. E. S. Rousmaniere, dean of cathedral, Boston; the Rev. James E. Freeman, D. D., of Minneapolis; the Rt. Rev. Arthur S. Lloyd, D. D.; the Rev. Ernest M. Stires, D. D., rector of St. Thomas, New York; Mr. Burton Mansfield, New Haven, Conn., and Mr. Oliver J. Sands of Richmond, Va.

Efforts of these men with half a dozen others, including Henry P. Davison, chairman of the American Red Cross, who have accepted membership on the commission directing the nation-wide campaign, have been such that the program is in shape in practically every section of the country for the intensive week's drive which will put the church over the top in a financial way for the next three years.

PLAN RELIGIOUS WAR ON INDIANS

EPISCOPAL CHURCH NATION-WIDE CAMPAIGN TO EXTEND GOOD INFLUENCE.

Extension of church work among American Indians has been announced as one of the features of the work of the nation-wide campaign of the Episcopal church. Surveys of the dioceses of Duluth and Fond du Lac, submitted in connection with plans for the campaign, have revealed some interesting data on the Chippewa Indians of Minnesota and the Oneida Indians of Wisconsin, both in the work already under way and in plans for its extension.

The Duluth survey, submitted by Bishop James Low Morrison, requests \$26,000 for educational work among the Chippewas. It is proposed to establish an Indian industrial school at White Earth at a cost of \$14,000. As the diocese owns the buildings it will be necessary merely to equip them with school apparatus and dormitory furnishings. A white clergyman and an Indian catechist are required, as well as a fund of \$14,000 for running expenses. For the Cass Lake School for Indian girls the sum of \$6,000 is asked of the nation-wide campaign for the three years. Aid is asked toward paying salaries of the eight Indian clergymen.

For the Oneidas in Fond du Lac diocese \$26,000 is asked. This permits remodeling of the Indian high school at Hobart, Wis., which the government has abandoned, as well as paying for teachers and other expenses. The school property has reverted to the Oneidas. Leaders of the tribe asked Bishop R. W. Weller to apply to the nation-wide campaign for funds with which to continue the education work. Many of the Indian youths were soldiers who learned the value of better education in the war. A comprehensive plan for remodeling the plant and continuing the work was submitted in the campaign survey.

Episcopal Church Seeks Five "Ships" to Win Its Nation-Wide Campaign

Rev. George Craig Stewart, D. D., rector of St. Luke's Episcopal church, Evanston, Ill., formerly a chaplain in the A. E. F., says the nation-wide campaign of the Episcopal church is a campaign for "ships." They mean "winning the war," he said, just as much as the ships asked for by the United States shipping board or by Lloyd George. The "ships," Doctor Stewart suggests, are the following:

1. MEMBER-SHIP. We are members of His body.
2. DISCIPLE-SHIP. It is one thing to be a Christian, another to be a devoted Christian disciple.
3. FELLOW-SHIP. The campaign lays emphasis on Holy Communion together with God in Christ.
4. STEWARD-SHIP. It includes a campaign for money. St. Paul said, "It is not the money I am anxious for, but for the interest that accumulates in this way to your divine credit."
5. LEADER-SHIP. Not merely a campaign for more candidates for holy orders, but for leaders among our laity also.

BISHOP ADVOCATES CHURCH ADVERTISING

The Rt. Rev. James Wise.

Bishop James Wise of the Episcopal diocese of Kansas is the leading advocate of advertising in his church. Bishop Wise has announced emphatically that the press should be a great medium for the message of Christianity and that churches should advertise their services as intelligently and persistently as a merchant advertises his wares. The bishop was a member of the press committee at the triennial general convention of the church in Detroit and since then has been touring the middle West speaking in the interest of the Episcopal church's nation-wide campaign.

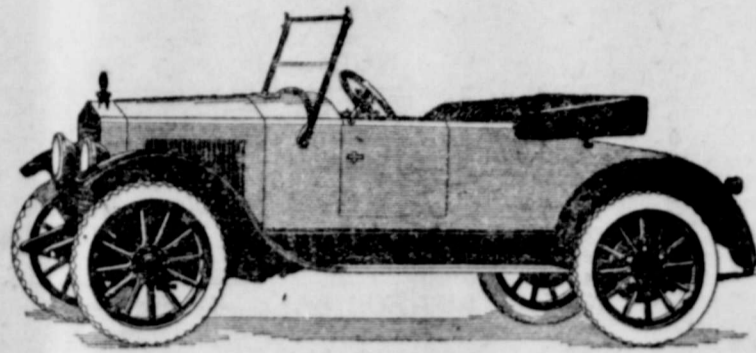

To carry out his ideas, Bishop Wise early inaugurated church advertising throughout his diocese, and as a result was able to inform the communicants concerning the progress of the church's nation-wide campaign when it was proposed to launch one big movement to provide men, women and funds for the expansion and extension of all the Episcopal church's activities, especially missions, religious education and social service.

PLAN BIG COMMUNITY HOUSE

A plan for a community house to cost with its equipment nearly \$100,000 in connection with the work of the Western Theological seminary, is one of the chief details of the budget approved for the Chicago diocese in connection with the nation-wide campaign of the Episcopal church. The seminary is known throughout the United States for the number and value of clergymen it sends out annually. The new community house will be of interest, not only to the social workers in the great slum districts of Chicago, but to every community in the country in that it will give the candidates for Holy Orders much practical insight and experience into this phase of the great work for the church for which they are studying.

Over 99 Per Cent Growth.

An interesting sidelight on the nation-wide campaign of the Episcopal church is contained in the budget of the Chicago diocese just completed. In explaining the purposes to which the fund of \$502,473 a year sought there for the next three years, is to be put, it is pointed out that less than 1 per cent of this amount is to be used for debts "and this upon conditions which require a fourfold reciprocity on the part of the beneficiaries."

How to Guarantee Spring Delivery of Hudson and Essex Open Models

No Large Money Outlay Required. Make Your Choice Now. We Will Store It For You and Insure You Against Disappointment

In the light of the year just closed, it is not conjecture to assert that a shortage of Hudson and Essex cars is sure to recur this Spring.

More than 22,000 Essex cars were sold in the past twelve months. The factory capacity was increased time after time. Beginning with a daily production of 30 cars it reached 125 daily.

Yet we were never able to overtake advance orders.

A similar condition was true with respect to Hudson.

You remember how scores waited in vain for delivery. Perhaps you were among those disappointed.

Practically our entire quota of both Hudson and Essex cars were sold weeks ahead. Few were able to get delivery who had not placed their orders ahead.

Settle the Delivery Worry Now

This year we have arranged a special plan to guarantee you delivery, during the acute spring rush of orders.

It will require no large outlay of money. You can place your order now. We will have your car ready for you on the day you want it.

Thus you dispose of all concern about getting your Hudson or Essex when you want it. It will be a source of satisfaction to know you are insured against having to accept some less wanted car, when the season for open types crowds the market with more buyers than we can supply.

If your preference is for a light car what choice equals the Essex?

It represents a new, unexpected value. It brings to the light car field such quality and fine performance as was hitherto found only among large costly cars.

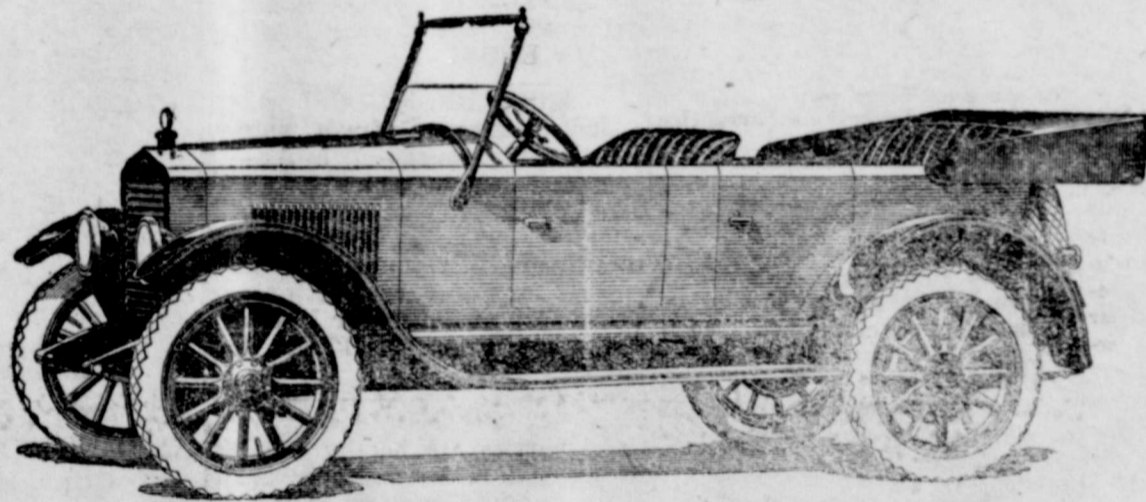

Note the Quality of the Essex

If speed is your requirement see if the Essex does not meet it. Where luxury and finish are demanded compare the Essex with any car.

It is needless to speak of the Hudson. All know what it has been. Its records, which prove supremacy throughout the range of performance, are confirmed by the satisfaction that more than 80,000 owners know in their Super-Sixes.

The supply of Hudsons and of Essex has never been sufficient for the demand.

You can only insure yourself against disappointment in getting either of these popular cars, by placing your order under the convenient plan we have set forth above.

Brady, Texas

TEXAS ELECTION FACTS.

Pay your poll tax and qualify for citizenship.

Approximately 60 per cent of the men of voting age in Texas never go to the polls in either the primary or general election.

There are approximately 1,250,000 men of voting age in Texas at the present time.

There are 875,000 men of voting age residing on the farms of Texas.

There are 375,000 men of voting age residing in the cities of Texas.

The railroads employ approximately 70,000 men of voting age.

The manufacturing establishments of Texas employ approximately 160,000 men of voting age.

No party primary has ever been able to register 40 per cent of the total voting strength of the State.

If we maintain our proven ratio the voting strength of Texas men in 1920 will be 1,250,000; of this number 625,000 will pay their poll tax and 208,000 will go to the polls.

We have nearly three-quarters of a million men of voting age that never go to the polls and their politics is unknown.

Over 100,000 young men are eligible to cast their first presidential vote in Texas in 1920.

Over 100,000 citizens moving into the State will cast their first ballot for President in Texas in 1920.

It is estimated that 55,000 voters have died and 25,000 voters moved out of the State since the last presidential election.

The American Party in Texas now claims a voting strength of 125,000.

The Texas Republican Council estimates that there are 350,000 Republicans from principle in Texas.

There are four distinct parties in Texas at the present time: Republican, Democratic, American and Socialists.

It is estimated that 90 per cent of our foreign born population pay their poll tax; 10 per cent of the colored and 53 per cent of the native white.

The male voting strength of Texas classifies as follows: Native white, 903,000; foreign 140,000; Negro 208,000.

Seventy-two per cent of the male voting strength of Texas is native white; 11 per cent is foreign born and 17 per cent is Negro.

In the Presidential election of 1916 Hughes carried nine counties: Comal, Dewitt, Gillespie, Guadalupe, Kendall, Lee, Maverick, Refugio, Washington and Zapata.

The Socialists polled a vote of 19,011 in 1916 but carried no counties.

The Republicans polled a vote of 64,673 in 1916 and carried nine counties.

The Democrats polled a vote of 285,980 and won a plurality of 221,307 in 1916.

INCOME TAX RETURNS TO BECOME DUE

Washington, Jan. 1.—Income tax returns to the federal government become due on January 1 and are required by law to be filed not later than March 15. The reports cover the calendar year 1919, and the tax is due at the time of filing the return. The taxpayer may, if he prefers, however, pay his tax in four equal quarterly installments on March 15, June 15, September 15 and December 15. The rates of normal income tax this year are smaller than for 1918, though the rates of surtaxes on large incomes are unchanged.

The exemptions of \$1,000 for single persons, and \$2,000 for married persons and heads of families remain the same as for 1918. The normal rate for 1919 is four per cent on the first \$4,000 of net income above the exemptions and eight per cent on the remaining net income. Last year, the normal rate was six and twelve per cent, respectively.

Surtax ratios are the same as last year. They started with sixteen per cent on the amount of net income between \$5,000 and \$6,000 and increased by steps of one per cent for each \$2,000 of net income up to and including 48 per cent on net income in excess of \$98,000 and not over \$100,000. The surtax on net incomes over \$100,000 and not over \$150,000 is fifty-two per cent; on net incomes over \$200,000 and not over \$300,000 it is sixty per cent; on net incomes over \$500,000 and not over \$1,000,000 it is sixty-four per cent; an on net incomes over \$1,000,000 it is sixty-five per cent.

Besides the exemption of \$1,000 for single persons and \$2,000 for married, there is an additional exemption of \$200 for each dependent under eighteen years of age.

Every person whose income equal or exceeded \$1,000 for single persons or \$2,000 for those who are married must file a return regardless of whether the income is large enough to require the payment of the tax.

Forms for making returns will be available at offices of collectors of internal revenue and deputy collectors, postoffices and banks. What is known as form 1040A is for the use of those with incomes of \$5,000 or less, while form 1040 is for those with larger incomes.

Taxpayers must report under gross income salaries, including bonuses, interest received on notes and from bank deposits, dividends on stocks, profits from stock market transactions, income from fiduciaries, partnership profits, and royalties from mines, oil wells, patents, copyrights and franchises.

Items which are not taxable and need not be included in the return are property received by gift or inheritance, proceeds of life insurance policies, returns of premiums on life insurance, endowment or annuity contracts, amounts received through accident or health insurance or under workmen's compensation acts, interest on obligations of any state or any city, town, county or village, interest on Liberty bonds to par value of \$5,000 interest on securities issued under the federal farm loan act, and amounts received during the war by persons in the active military or naval forces up to \$3,500 in addition to personal exemption.

Deductions from Income.
Deductions from gross income in determining net income include all business expenses in the conduct of a business, trade or profession. A reasonable allowance is made for depreciation of business property.

Contributions or gifts to charitable, religious or educational societies may be deducted to an amount not exceeding fifteen per cent of the taxpayer's income.

The following table shows the amount of income tax the average married person must pay for the calendar year 1919 based on the reduction in the normal tax. The rates for the current year are to be four per cent on the first \$4,000 of net income above the exemption, which is \$2,000 for married persons and \$200 for each child, and \$1,000 for single persons, and eight per cent on the net income

in excess of \$4,000 minus the exemptions. The rates paid on the 1918 income were six per cent and twelve per cent, respectively. Surtaxes remain the same as last year. On the basis of the reduced normal tax, the married person will pay as follows:

Net Income	Tax to Be Paid	
	Sur Calendar	Yr. 1919
\$ 3,000	40	60
4,000	80	120

A Wet Dry.
Patient Parent—"Well, child, what on earth's the matter with you now?"
Young Hopeful (who has been bathing with his brother)—"Willie dropped the towel in the water, and he's dried me wetter than I was before."

The Best Cough Medicine.
When a druggist finds that his customers all speak well of a certain preparation, he forms a good opinion of it and when in need of such a medicine is almost certain to use it himself and in his family. This is why so many druggists use and recommend Chamberlain's Cough Remedy. J. B. Jones, a well known druggist of Culburn, Ky., says: "I have used Chamberlain's Cough Remedy in my family for the past seven years, and have found it to be the best cough medicine I have ever known."

A DEMONSTRATION
Of the many merits of the new Oakland "Sensible Six" will convince you that it is the best car on the market at the price. Roomy, deep cushioned, with springs that assure easy riding qualities, it is the family car. Ask to see all the many points of merit—then place your name on our order list. BRADY AUTO CO.

They All Do It.
"Charles," said his teacher, "if coal is selling at \$6 a ton and you pay your dealer \$24, how many tons will he bring you?"
"A little over three tons," Charles replied promptly.
"Why, Charles,—that isn't right!"
"No'm; I know it isn't. But they all do it!"

The Double Geared, Steel Star Windmill lasts longer and only needs one oiling a year. O. D. MANN & SONS.

Constipation is the starting point for many diseases that end fatally. Healthy regularity can be established through the use of Prickly Ash Bitters. It is a fine bowel tonic, is mildly stimulating and strengthens the stomach, liver and kidneys. Price \$1.25 per bottle. Trigg Drug Co., Special Agents.

We will have a car load of furniture in a few days. Come in and look through. O. D. MANN & SONS.

Sure Enough, Now?
Lee is a rapid-fire questioner. His uncle observed him on one occasion sitting very much humped over his toys, and remarked gravely, "Once I knew a little boy who humped over and over until he became just a big question mark."
"Well," said Lee instantly and seriously, "how did he keep the dot under him?"

The new Cassidy Sulky, with Nelson attachment is the best middle breaker on the market. O. D. MANN & SONS.

First Public Offering of Stock of Transportation Oil and Gas Co.

\$80,000 Capital Par Value \$10.00

McCulloch County Holdings

25 acres in Survey 44 located on the same general structure and anticline as the Thad O. Day well which is making around 25 barrels on the pump, also near the C. S. Thomas location of the Union Oil Company of California.

20 acres in Survey 1159 adjoining the lease of the Prairie Oil & Gas Co. who, we understand, are drilling around 2500 feet.

5 acres in Survey 149 near two drilling wells.

60 acres in Survey 565 about one mile east of the Douglas well who are down better than 2000 feet.

Other Holdings

728 acres located in the counties of Nolan, Runnels, Comal and Webb. Our lease in Nolan County is surrounded by drilling wells, and the Kuteman well near us at 1200 feet had a good showing of oil, but, passed on through so as to reach the deeper sand.

In Runnels County we adjoin the lease on which the Seals well is spraying a continual stream of water, oil and gas at 1800 feet; work has been discontinued, we hear, awaiting the arrival of additional casing.

The leases in Comal and Webb counties are located close to the leases owned by the largest oil companies in America.

Drilling

We expect to start our drilling operations in McCULLOCH COUNTY where good production is obtained at a shallow depth, and with that end in view, have made Brady, Texas, our headquarters so as to be close to the scene of operation.

Announcement will be made at an early date giving the location of our first well.

Opportunity

A limited amount of stock is being offered the PUBLIC for the first time at par, \$10.00 per share. Use the subscription form printed below and secure your stock at par for as soon as drilling outfit is placed on ground the price of the stock will be advanced.

TRANSPORTATION OIL & GAS CO.
Drawer A,
Brady, Texas.
