

## J. E. SHROPSHIRE CANDIDATE FOR MAYOR IN APRIL ELECTION

### J. E. SHROPSHIRE HEADS TICKET IN CITY ELECTION

Judge J. E. Shropshire has consented to allow his name to head the ticket in the coming city election as a candidate for mayor of Brady. Mr. Shropshire was very reluctant to consent to the requests of his many friends that he allow his name to be placed before the voters; in fact, he has previously announced his intention of retiring from civic activity. His final consent to accept the responsibilities of the office, should the citizens honor him with their votes, is a source of genuine pleasure and satisfaction to the great mass of Brady citizens and tax payers.

Judge Shropshire has served for a number of years as a member of the board of trustees of the Brady Water & Light Co., and is thoroughly conversant with every phase of this part of the municipal affairs. In fact, his knowledge and appreciation of the difficult situation now confronting the city places him in position to make the most of the opportunities to relieve the present difficulties, re-establish the municipal plant upon a solid basis and aid not only in building up a strong institution, but one which will, as well, give to the citizens the greatest possible returns in the way of service. For this one reason alone, his services to the city as mayor, should he be elected, will be of inestimable value.

Mr. Shropshire is a man of mature judgment, progressive in every way, yet given to conservatism and devoid of hasty action upon matters requiring judgment or discretion. He is universally popular and beloved by the citizenship of Brady, and will, without question, be given unanimous vote and support.

Lee King, who now holds the office of mayor, and who has been at the helm of civic affairs all through the turbulent and trying times of drought, breakdowns in the power plant, excessive rains and every other manner of untoward circumstances, has announced that he would not be a candidate for re-election; in fact, he will gladly relinquish the helm of city government to his successor, and breathe a sigh of relief when he can once more give his full and undivided attention to his own affairs.

Mrs. M. L. Stallings has announced her candidacy for the office of city secretary-treasurer and will, without doubt, prove a most popular candidate, with small likelihood of opposition being offered.

In addition there remain two alderman, city recorder and city marshal to be placed in nomination. The last-named office has been supplanted by that of the chief of police, and no candidate will be likely to be named for city marshal. It is to be hoped, however, that the other offices will be filled by capable citizens who are willing to devote their time and ability to serving the city's interests. Inasmuch as the election will be held April 6th, less than 30 days hence, the

citizenship should arouse to the need and place in nomination men who are public-spirited enough to give freely and willingly of their services for the glory of Brady and the advancement of her interests.

### Pension Amendment Unconstitutional.

Austin, Tex., Feb. 26.—The attorney general's department holds to be unconstitutional that provision of the Confederate pension act, as amended by the Thirty-Sixth Legislature which sought to grant pensions to the widows of the Confederate soldiers and sailors who came to Texas prior to Jan. 1, 1900, and "who were married to such soldiers and sailors anterior to March 1, 1880."

Judge Bryant advised that that portion of Sec. 2 of the act, which attempts to deprive the widows of Confederate soldiers from the widows of the pension law by limiting the time of their marriage to a date prior to March 1, 1880, is unconstitutional and void. "The widows of Confederate soldiers who were married prior to Jan. 1, 1900, are entitled to the benefits of this law and the dates of their marriage can not be limited by the Legislature to any date anterior to Jan. 1, 1900, the date fixed by the Constitution," wrote Judge Bryant.

### FIRE DAMAGE AT FRISCO SECTION HOUSE SATURDAY PROVES TO BE ONLY SLIGHT

Fire originating from a defective flue Saturday set fire to the roof of the Frisco section house near the McCulloch County Oil mill, and threatened to consume the building. The fire boys responded with the city's fire truck, but found the Darktown Fire department from the oil mill already on the ground with the oil mill chemical cart, and the blaze already under control. But slight damage was done to the building, and no material damage to the household furniture, most of which had been removed from the building.

### POSTOFFICE REMOVAL MADE IN RECORD TIME

The removal of the Brady postoffice from the southeast side of town to the west side was made in record time, and with but little delay or inconvenience to patrons. The contract for taking down the fixtures was given to Lee Morgan, while W. W. Wilder had the contract to erect the same at the new locations. Both contractors and their crews of workmen cooperated in the move, however, with the result that the postoffice was re-established in its new location within a period of 24 hours.

The actual removal was begun shortly after 2:00 o'clock Saturday. The move, however, had been anticipated by the removal earlier in the day of the wire gratings, and overhead screened partitions, as well as the transfer of fixtures and all reserve office supplies. Union hours were forgotten and the workmen continued their labors as long as lights were furnished late Saturday night, and Sunday morning operations were resumed and progressed to a point where by Sunday afternoon patrons having lock boxes were enabled to obtain their mail as usual. Final completion of the erection of the fixtures was accomplished by Monday night.

The new location is somewhat more commodious, and the nicely redecorated and redecorated interior of the attractiveness of the quarters. The fixtures have also been replaced so as to add to the convenience of the postoffice employees, all of whom will make for greater efficiency in already splendid service to Brady citizens.

**NOTICE.**  
After March 20, we begin only Thursday, Friday and Saturday of the following week; then Saturdays only the rest of the season.

### CHAMBER OF COMMERCE BANQUET WEDNESDAY NIGHT IS POSTPONED

#### INABILITY TO ARRANGE FOR BANQUET CAUSES AFFAIR TO BE ABANDONED TEMPORARILY—OPPORTUNITY FOR LADIES' ORGANIZATION TO RAISE FUNDS.

The Second Monthly Banquet and Get-Together meeting of members of the Brady Chamber of Commerce, scheduled to be held tomorrow (Wednesday) night at the Queen hotel, has been postponed indefinitely. Inability on the part of Mrs. Katie Roberts, proprietress of the Queen hotel, to complete arrangements for the affair is the cause of the delay. Just when the meeting will be held, could not be stated by Secretary Thos. P. Grant, but as soon as arrangements for the feed can be made the date will be announced.

With the closing of several hotels and boarding houses about town, the volume of business has been so greatly increased at the hotel that Mrs. Roberts' facilities are taxed to the limit. As a usual thing, the crowd at the hotel for supper is so great that the tables are set three times to take care of the crowd.

Just how long this condition will prevail is problematic, and, of course, the matter of holding the banquet depends upon either an improvement of the conditions mentioned, or else

### LONE STAR PAINT COMPANY, \$250,000 ORGANIZATION TO ESTABLISH HERE

#### WILL EXPLOIT McCULLOCH COUNTY OCHRE DEPOSITS IN CALF CREEK COMMUNITY—PROPOSE TO MINE, MANUFACTURE AND SELL PAINT AND ITS PRODUCTS.

The Lone Star Mineral Paint Co. is a new Brady institution now in process of organization with a capital stock of \$250,000.00. The organization proposes to mine, manufacture and place on the market, paints of all kinds, as well as by-products. The company has under lease over 300 acres of land lying within one mile of the Calf Creek postoffice, on which are known to be rich deposits of ochre of the highest quality and color. The company has in place suitable quarters in Brady for use as warehouse, manufacturing plant and sales offices, and proposes to mine this ochre, manufacture it into paint of the highest class and place it on the market throughout the country.

To one of McCulloch county's foremost citizens, C. W. Tucker, whose death occurred only a few weeks ago, is due credit for the experiments, analyses and tests, and says and tests which led to the discovery of the true worth of the substance was known as ochre in the community. For years, Mr. Tucker had studied the structure and plans to organize a company for the mining, manufacture and sale of with this mineral paint are now to be carried out. Mr. Tucker's mind as tried to a realization, and shares of

stock in this home company are being placed on the market.

J. G. White, manager and fiscal agent of the company, Mr. White has been spending a month or more here looking into the proposition, and expressed himself as highly pleased with the possibilities for developing one of McCulloch county's greatest natural resources into a commodity that will find ready sale throughout the civilized world. As to the value of this product, Mr. White directed attention to buildings which had been painted with this home-made mineral paint over three years ago, and which preserve their fresh and new appearance with no indication of the paint peeling or showing the effects of wind and weather.

Mr. White left Monday night for St. Louis, where he expects to complete the details for the organization of the company, following which he will return to Texas and visit various leading cities of the state interesting the leading financiers of the state in this wonderful product.

How about your watch? Is it keeping correct time? If not, let us remedy the trouble for you. Satisfaction guaranteed. A. F. Grant, jeweler, east side square.

### ALL TEXAS ENGAGEMENTS OF MADAME SCHUMANN-HEINK ARE CANCELLED

Cameron Marshall, manager and sole sponsor for the concert-recital of Madame Schumann-Heink in Brownwood, recently postponed from March 8th to about the first of May, has received from the New York headquarters of the singer a message definitely cancelling the contract for the Brownwood entertainment. The message states that the famous diva, Madame Schumann-Heink, has been unable to fulfill her engagements and prolonged absence from home necessary to cancel all engagements. The cancellation of the engagements was announced to the public by the manager, Cameron Marshall, who has been looking forward to the appearance of the famous diva here with a great deal of interest. Hundreds of tickets have already been sold, and the event has been widely advertised throughout this section of the state. The cancellation will result in considerable financial loss to Mr. Marshall, as well as disappointment to those who had arranged to hear the great singer here.

Mr. Marshall stated that all money received from the sale of tickets for the Schumann-Heink recital will be refunded. He stated, however, that holders of tickets for the Schumann-Heink recital may use them Monday evening in attending the entertainment to be given by the New Orleans Opera Four, a cash refund of the difference in value of tickets being made at that time to all who care to so utilize the tickets which they have purchased. The price of admission to the Monday evening entertainment is \$1.50, while tickets to the Schumann-Heink concert have been sold at \$2 and \$3 each. There will be a difference, therefore, of 50c or \$1.50 in the value of tickets used according to this suggestion, and the difference will be refunded in cash. Those who hold tickets and do not care to attend the Monday evening concert, however, may receive their full cash refund upon demand.—Brownwood Bulletin.

Roy Willoughby sold this week to Tom Henderson of Eldorado six yearling registered Hereford bulls at private terms. Mr. Willoughby has one of the most famous herds of registered white faced cattle of any in the country. It was started by V. B. Latham at Eden and was bred to the highest grades of perfection by Mr. Latham. Mr. Willoughby is keeping up the record and is making a success of the breeding of this breed of cattle.—Paint Rock Herald.

Roy Willoughby sold this week to H. B. Opp at Eden 210 calves, last year's crop at private terms. Mr. Opp also bought of Mr. Willoughby one registered Hereford bull, two years old at private terms.—Paint Rock Herald.

### THIRD CARLOAD EGGS SHIPPED TO MARKET SAT'DY

McCulloch county's third carload of eggs was shipped to Chicago market last Saturday by Mayhew Produce Co. of this city. This makes an average of a carload of eggs shipped out of McCulloch county every ten days. The egg and poultry industry in McCulloch county has assumed wonderful proportions, and not only is practically every farmer bringing a bucket or a tub full of eggs to market every trip, but many of them at that, are keeping an even greater quantity at home for setting purposes.

The eggs this year are finer and larger than ever known, local produce men estimating that the average run now is at least a third greater in size than those of other years. Evidence of this is found in the fact that incubators supposed to be of 120-egg capacity, will frequently hold not over 100 of the eggs. The abundance of feed stuffs, grass and weeds has contributed to the excellent condition of poultry in this section, as well as to their increased laying quality and quantity.

The last car shipped out was the most heavily loaded of the three, and contained 417 cases holding 30 dozens eggs each—or, in exact figures, 150,120 eggs. Each and every case had been repacked by the shippers, every egg being examined and all cracked, discolored or damaged eggs discarded. This care in the packing and shipment of eggs has been adopted by all Texas dealers, who hope thereby to have Texas eggs placed in the preferred class.

Each of the two previous cars contained over 400 cases of eggs, or 12,000 dozen to the car, making a grand total of 450,000 eggs shipped out of McCulloch county in the past two weeks.

### PERSONAL MENTION

Mr. and Mrs. G. C. Kirk left today for San Angelo, where they will visit relatives for several days.

Grover Chambers returned last Friday from Austin, where he had been attending his sister the past several weeks. He reports her still very critically ill.

Mr. and Mrs. Edwin Broad came over from Menard Saturday, and have been spending several days visiting relatives, while Edwin attends to business matters.

Mrs. E. L. Roberts, who has been spending the past several weeks with Mr. and Mrs. L. J. Adams in the Nine community, has returned to her home at Christoval.

Mr. and Mrs. Rufus Adams arrived the past week from Fort Worth, Mr. Adams making a brief visit, while Mrs. Adams remained as a guest of relatives and friends for several weeks.

O. E. Jackson left Saturday for Houston, where he will spend a week or so visiting his wife, and also his son, F. Y. Jackson, and family. The many Brady friends of the family will be delighted to learn that Mrs. Firman Jackson, who has been so critically ill since December 26th, is now considerably improved.

We can make low prices on windmills. O. D. MANN & SONS.

## HONEST INJUN.

The most hazardous undertaking we know of these days is trying to operate machinery depending upon the municipal plant for motive power.

## ALICE IN FLUNDERLAND.

If Alice were alive today, and in Brady, what a wonderful story she might write under the title, "Alice in Plunderland!"

In her visit to Brady, she would only need to take a stroll down some of our alleys in the business district—she would secure enough material to fill several volumes.

Dear Citizen, awake! Prop your eyes open! Open your ears! LISTEN!!!

What we are going to say has no place in a newspaper. It is something that should not be given out to the world. It is a skeleton in Brady's closet that should be kept in hiding.

**BUT WHEN A CITIZENSHIP BECOMES SO LETHARGIC THAT IT PERMITS CONDITIONS TO EXIST WHICH TEAR DOWN ITS OWN REPUTATION; WHICH GIVE A BLACK EYE TO THE TOWN THEY CALL "HOME"; WHICH ENDANGER LIVES, HEALTH, HAPPINESS AND THE ADVANCEMENT OF OUR BEST INTERESTS—THEN WE DARE TRUMPET THE FACTS TO THE WORLD.**

Brady is without question one of the finest, most neglected, most woeful, one city in Texas—ways judging the town, the citizenship and the civic interests by the conditions of our streets, alleys, back yards, highways and by-ways.

Alice in Plunderland, indeed! Were a State Fire Marshal to drop into Brady today, the immediate result would be a jump in our fire insurance rates such as would shock the citizens more than an electric chair!

Few citizens stop to realize or appreciate the fact that insurance regulations are formulated for their own benefit, protection and use. As long as they can slip around some of the fire insurance regulations without being called down by a city or state fire marshal they think they are clever. Yet at the same time they are placing danger and destruction equalled only by dynamite under their own business, as well as that of their neighbors.

The Standard trusts it has made its meaning clear!

The Standard next week will have something more to say on the subject—unless present conditions are remedied. We trust no more publicity will be required.

- SIX MONTHS.....\$1.00
- THREE MONTHS..... 65c
- Subscriptions for a period of less than three months, 5¢ per copy, straight.

Effective March 1, 1911.

## TROUBLES GALORE.

The Standard last week had no power for its motors all day Thursday. In spite of this handicap, we had the paper ready for press shortly after dinner Friday, and would have been enabled to mail out the paper only 24-hours late had not service again been suspended Friday afternoon. All Saturday no power was had. The sum total was that The Standard was mailed out Monday morning—just three days late, instead of our anticipated 24-hour delay. So far this week we have lost all day Tuesday because lack of power. This means that in the past week we have lost three and one-half days, or more than one-half of our working period.

The cause, generally speaking, is the breakdown of the municipal power plant. More specifically, it is attributable to one of three causes: Lack of fuel; need of water being pumped, or the "blowing up" of the boilers. In The Standard's troubles will be reflected the trials and tribulations which have afflicted the men undertaking to operate the municipal plant. There is not a single one of the men so employed but who is staying on the job merely to see the thing through and in the hopes that the new plant will shortly be installed. The engines are overdue. They are expected here any day; really should have been here Saturday. Their arrival and installation will overcome one of the greatest of the present difficulties, viz: the "blowing up" of the boilers. However, Brady's position will still be perilous, so far as light and power service is concerned, until the new generators and the complete new equipment arrives and is installed.

## JEALOUSY.

Editor W. A. Smith of the San Saba News professed to see in one of The Standard's recent editorials mere jealousy of San Saba and her accomplishments. Why, bless you brother, there's nothing green in either of our eyes, and that applies to individuals, communities, towns or cities.

We cannot recall of anything good ever have come of jealousy. It is a mean, narrow-minded, spiteful germ that soon engenders a hotbed of suspicion, misinformation and misunderstanding the outcome of which is invariably disastrous.

This editor, speaking for himself and for Brady as well, is not jealous of San Saba. We do not begrudge them the publicity they may be able to obtain for the town and its citizens. San Saba is deserving of it. It is a beautiful little city; its citizens are composed of a happy, industrious, prosperous people whom we value and feel proud to proclaim as neighbors. We are glad that their citizens are enterprising and progressive enough to tell the world what San Saba and her people are accomplishing. Other communities and towns (and that includes Brady) might well emulate the example of San Saba.

But there is one rule about the publicity business, and we speak from experience, that everyone seeking publicity should strictly observe, and that is to back up all statements made. Whether or no he wishes, Editor Smith must acknowledge, to himself

## FOR SALE OR TRADE

I own 33 lots in Martin Heights Addition to the City of Brady adjoining the Fair Grounds on the North, overlooking the city, and about four blocks from Brady High school. These lots are clear of debt, taxes paid up, abstract of title. Will sell or trade for lease in North part of McCulloch county. Priced for sale or trade at \$100.00 per lot. Don't offer lease at inflated value. If interested, see or write

H. MEERS, Brady, Texas.

## RATS DIE

so do mice, once they eat RAT-SNAP. And they leave no odor behind. Don't take our word for it—try a package. Cats and dogs won't touch it. Rats pass up all food to get RAT-SNAP. Three sizes. 25c size (1 cake) enough for Pantry, Kitchen or Cellar. 50c size (2 cakes) for Chicken House, coops, or small buildings. \$1.00 size (5 cakes) enough for all farm and out-buildings, storage buildings, or factory buildings. Sold and Guaranteed by O. D. Mann & Sons and Trigg Drug Co.

at least, that in the particular instance which brought on the controversy, San Saba failed. So far as we have been able to judge, it was due more to oversight than the lack of a desire to co-operate. Editor Smith probably deemed it presumptuous of us to call attention to the matter, and very likely it was. Be that as it may, we can only repeat, The Standard brought home the bacon.

Accuse us of whatever you will—but green-eyed, never! We have none but the best of wishes for our friends and neighbors. When you accomplish great things, we will strive to accomplish even greater things—not in the spirit of jealousy, but in the spirit of pride in our own home and community.

## AS OTHERS SEE US.

Brady and San Saba are rowing over the publicity that one has had and the other wants. San Saba 'pears to be brim full of everything going out and nothing coming in.—Lometa Reporter.

Mr. Peavish says that Mrs. Peavish is training little Pansy for a Career by telling her how talented her mamma's people were.—Dallas News.

## SAYS SHE THREW HER MONEY AWAY

Mrs. Parker Spent Hundreds Seeking Health—Tanlac Restores Her.

"My troubles have been completely overcome since I began taking Tanlac and I am enjoying the best health I have had in twenty years," said Mrs. M. Parker, of 423 East Third St., Los Angeles, Calif.

"I spent several thousand dollars for medicines and treatments," she continued, "but it was just money thrown away, for I never got any relief from my suffering until I commenced taking Tanlac. I was practically an invalid for twenty years and all my trouble was caused by the awful condition of my stomach. A greater part of the time I was confined to my bed, simply too weak to be up. I could eat but very little, and that disagreed with me so I suffered terribly from gas. To make matters worse I was attacked by rheumatism in my arms and legs, which caused me no end of pain and misery. I never got a good night's sleep and became extremely nervous.

"Well, I have just finished my fourth bottle of Tanlac and it is wonderful the way I have improved. Why, I feel so well and strong I do all my housework without the least trouble. Last week I actually did the laundry, washing and it has been many years since I did a thing like that. My appetite is fine and nothing disagrees with me. I sleep restfully and get up feeling refreshed every morning. The rheumatism has entirely disappeared and Tanlac deserves every bit of the credit."

Tanlac is sold in Brady by Trigg Drug Co., and in Mercury by J. T. Matlock.

State of Ohio, City of Toledo, Lucas County, ss. Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH MEDICINE. FRANK J. CHENEY. Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1906. A. W. GLEASON, (Seal) Notary Public. Hall's Catarrh Medicine is taken internally and acts through the Blood on the Mucous Surfaces of the System. Send for testimonials, free. F. J. CHENEY & CO., Toledo, O. Sold by all druggists. Hall's Family Pills for constipation.

## A NEWSPAPER BARGAIN.

## LOCAL BRIEFS

There's a newcomer in McCulloch county—a fine 11-pound boy, born Saturday, March 6th, to Mr. and Mrs. Ed Campbell on the McKnight ranch near Lohn. Congratulations are extended the proud father and happy mother.

J. G. White has been spending the past month or so here from St. Louis, a guest of his uncle and aunt, Judge and Mrs. E. P. Lea, whom he saw upon his arrival here for the first time in twenty years. Mr. White is interested in the valuable ochre deposits near Calf Creek and has accepted the position of fiscal agent for the company to be organized to mine, manufacture and market this valuable mineral paint.

It's great to have folks so fond of the thing they can't get along without The Standard. So thinks this editor, at least. There's Tom Gattis, for instance. He really belongs in McCulloch county, but strayed "way off into Arkansas a couple years ago. In his endeavor to come back to McCulloch county, Tom has gotten as far as Pilot Point, Texas, from which place he writes as follows: "Please find enclosed check, for which send us The Standard for one more year. Guess we can't do without it. We are just up from the flu—this country has had very few deaths so far. With best of everything to The Standard force and McCulloch county and Brady country, I am, as ever, Tom Gattis."

Our good friend and former fellow-citizen, G. W. Vierling, Sr., paid Brady one of his infrequent visits this week, being accompanied here by Phil Luthringer, a prominent citizen of Junction. Mr. Vierling says they had a very prosperous year in Kimble county in 1919—so prosperous, in fact, that he felt like he was safe in prolonging his visit to Southern Indiana over several months. Mr. Vierling states that there is considerable oil excitement in that section, and while he was there, he superintended the opening of a new field near Evansville. Eight shallow wells are now drilling on his old home place. G. W. stayed there until the mercury began dropping away below zero, when he decided there was no place like home—home being Texas, of course. We are expecting word from him at any time now advising that he has graduated into the millionaire oil men's class. Here's our best wishes, at any rate.

The Standard's good friend, Chas. Reynolds was here today (Tuesday) from Milburn to advertise some of his fine cotton seed. Like all good and desirable citizens, Mr. Reynolds was boosting his home community, and says he lives in the finest and most fertile section of the county. Mr. Reynolds says he has 30 acres of the finest kind of a peach orchard and that last year hundreds of bushels of peaches rotted in the orchard because of inability to get them to market on account of crate scarcity and prospects are for another bumper crop, and Mr. Reynolds says he is going to begin his plans early for marketing the luscious fruit. Last year he had no difficulty in finding a good market, but was unable to get the product shipped. Mr. Reynolds says their production of cotton was not as great as some of the black land sections not because the land did not grow cotton just as well, but because the acreage was more limited because of the diversity of products. He says that in the long run, his community will beat any other section, because all the farmers in his section have to buy in the form of food stuffs is flour, sugar and coffee. Everybody loves a booster—that's why everybody ought to be a booster like Chas. Reynolds.

## NOTICE! TO MY FRIENDS AND CUSTOMERS:

I wish to announce that on April 26th, 1918, I have sold my Kodak department to the Brady Studio, and that I will positively not finish any kodak pictures, or develop any films at my studio. L. W. St. CLAIR.

Sold and Guaranteed by O. D. Mann & Sons and Trigg Drug Co.

## RESTOCKING BROWN CO. WITH IMPORTED "BOB WHITES" FROM MEXICO

A movement to restock Brown county with quail has been set under way by local sportsmen who for the past several seasons have been denied their annual hunt because of the scarcity of birds during the open seasons. Similar conditions have prevailed throughout most of this section of the state, largely because of reckless hunting as well as because of the prolonged drouth which caused the birds to seek greener fields. The movement to restock, however, is expected within a few seasons if the imported birds are properly protected to restore the old-time sport.

J. Blackwell, Ernest Kirkpatrick and others interested in hunting in this section, recently bought, at one dollar each, 120 birds, or sixty pairs, and have distributed them among various individuals who contributed to fund for their purchase. Twelve or fourteen of the birds died in shipment here, but more than fifty pairs were received alive and have been placed where conditions are favorable for breeding purposes. Mr. Blackwell states that a promise has been made by Col. W. G. Sterett, state game warden, to supply without cost several additional pairs of birds to be placed in this county, and with this start it is expected that the county will be fully restocked with bob whites within two or three years, under normal conditions.

The birds being placed in this county come from Mexico, where they are plentiful but expensive. The shipment recently received here was from Laredo, the birds having been caught in the Mexican interior and shipped from the border point.—Brownwood Bulletin.

## Luke Rielly Says, "The Rat Died Before Reaching the River."

"Since moving near the river 2 years ago, we've always used RAT-SNAP. Watched a vicious water rat, nibbling at RAT-SNAP outside the louse. About 15 minutes later he darted off for the water, to cool his burning stomach, but he died before reaching it." Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by O. D. Mann & Sons and Trigg Drug Co.  
Mr. R. C. King Tells a Wonderful Story

## Death of Delta Killingsworth.

Cow Creek, Tex., Mar. 5.  
Death has visited our community again and taken from us our little friend and favorite, Delta Killingsworth. She contracted influenza about three weeks ago and, always having been a delicate child she hadn't the strength to combat this life-taking disease. In spite of all that could be done by physician, nurse, loved ones and friends, death claimed her Wednesday evening, March 3d.

Delta was sixteen years old, has always lived here and was loved by the entire community. She had a very sweet, sunny nature and, in spite of much suffering from illness all her life, she kept this lovely attitude toward the world and its people, never failing with a smile and a pleasant word to those around her, with sympathy and kind words to all sufferers.

Delta was the sweetest and most unusual child we have ever known, being much older than her years, except to retain the beautifully pure nature of a child, and her untimely death is mourned by old and young. In our hearts she will always live as an example of unselfish and lovely childhood.

She leaves a mother, Mrs. S. T. Killingsworth, an elder sister, Lora, and a younger brother, Ira, to take up life and try to live it without Delta as she would have them live it were she with them; and in this we all extend our sympathy and hope with all our heart to help them and to do as Delta would wish.

She was laid to rest in the Lohn cemetery, beside her adored father, who died two years ago and we, who returned to our homes with sad hearts are glad to think they are happy together in the Unknown Beyond.

—Elsie and Elizabeth Cornils.

## TRAGIC DEATH OF T. E. GARRETT, DRUGGIST AND BUSINESS MAN, COLEMAN

Coleman and the entire community mourn the tragic death of T. E. Garrett, prominent young business man and druggist of this city, who was accidentally shot and killed late Tuesday by Dr. J. F. Gaines, dentist, of Coleman, while on a hunting trip on the south Llano river twenty miles above Junction and near the mouth of Copperas.

The tragedy occurred about 6 o'clock Tuesday afternoon when Mr. Garrett and Dr. Gaines were stalking a bunch of turkeys in a canyon. They became separated and concealed from each other by high weeds and grass and in maneuvering and crawling to gain a vantage point on the turkeys Mr. Garrett got in the lead, or opposite his companion. Dr. Gaines was attracted by a movement in the weeds about twenty-five yards distance and which he supposed to be turkeys; he hesitated several times

before firing and when convinced that the movement indicated the location of the turkeys he fired into the direction of the object. Five buckshots from the discharge struck Mr. Garrett, one lodging in the hip, another in the shoulder and leg and two entering the body just below the left lung. Mr. Garrett called to his companion that he was wounded and Dr. Gaines hurried to his assistance, after placing a coat under his head, then hastened to Bruntz' ranch house a mile away and telephoned to Junction for medical assistance.

When Dr. Gaines returned Mr. Garrett was in a sitting posture and stated that he believed he would pull through. He was later removed to the Bruntz ranch house where the Junction doctor arrived about two hours before his death, which occurred about 3 o'clock a. m., Wednesday. Mr. Garrett was rational and courageous to the moment of his death and frequently assured his grieved companion that he held him entirely blameless for the accident.

The hunting party, composed of Mr. Garrett, Dr. Gaines, Louis Randall and Dr. R. Bailey, left Coleman early Monday. Mr. Randall and Dr. Bailey were not present when the tragedy occurred and were not aware of the accident until sometime afterward, when they rendered all assistance that was possible.

Scores of friends, yea, hundreds of friends of deceased are bereaved over the sad accident, and while they mourn with the family of deceased they likewise sympathize with Dr. Gaines who is heart-broken and almost prostrate over the accidental tragedy which claimed the life of his bosom friend.

Mr. Garrett was a splendid citizen, public spirited and enthusiastic in his own and his community's undertakings and admirably generous in his dealings with fellowmen; he will be greatly missed from the business and social circles of Coleman and the community at large.

He is survived by his wife and young son, Rex Garrett, two brothers, Geo. W. Garrett of Coleman, Ray Garrett of Santa Anna and his parents, Mr. and Mrs. W. O. Garrett of Santa Anna. Deceased was 38 years of age, born October 23, 1881. Funeral services were conducted this Thursday afternoon, 3:30 o'clock, at the Methodist church, Rev. H. L. Munger officiating. As a mark of respect and esteem the business houses of Coleman were closed from 3:15 to 4:15 o'clock.—Coleman Democrat-Voice.

### No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or expel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

Sealy Mattresses make the best bed in the world and cost less, because they last longer. O. D. MANN & SONS.

Ask Your Soldier Boy How "Cooties" Got Such a Hold.

He'll tell you that the battlefronts of Europe were swarming with rats, which carried the dangerous vermin and caused our men misery. Don't let rats bring disease into your home. When you see the first one get RAT-SNAP. That will finish them quick. Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by O. D. Mann & Sons and Trigg Drug Co.

## A County Library Book Wagon.

A number of states successfully operate book wagons for the circulation of reading material in the rural districts. The American Library Association includes the needs of the rural communities in its Enlarged Program which is the backbone of its "Books for Everybody!" movement. The A. L. A. hopes some day to see book wagons in every state and is pledged to advocate such service.

## LIBRARIANS JOIN FIGHT ON UNREST

American Library Association Inaugurates Nation-wide "Books for Everybody!" Movement.

### WILL AID FOREIGN BORN.

Social Problems Can Be Solved by Teaching American Ideals and Traditions.

The spirit of unrest that has been sweeping the country indicates that the foreign born, who have flocked to the United States from every corner of the globe, have not been given the proper help and encouragement, in the opinion of the 4,000 librarians who make up the American Library Association and who are now enlisted in a "Books for Everybody" movement. The effort is a concerted movement to carry out the Enlarged Program which the association has adopted.

There are approximately fifteen millions of foreign born in the United States and of this number six millions do not read or speak the English language. One phase of the Enlarged Program will be to bring the publisher and translator together with the view of furnishing the proper books in sufficient numbers to carry the message of American ideals and traditions to this vast army of uninformed people. They have been largely dependent upon the foreign press for their written messages. Many men who live with their fingers on the pulse of current events are firmly convinced that a sound foundation in Americanism can be easily built among the foreign born if the proper literature is placed within their reach in a language they can understand.

### No Drive to Be Held.

In order to carry out the Enlarged Program two million dollars will be required. This money will not be sought through the medium of a campaign or an intensive drive, but will be obtained through the individual efforts of the librarians, library trustees and friends of libraries. The American Library Association will bend every effort to bring about the nationwide adoption of each of the cardinal points in the Program, which includes the extension of the county library system and the establishment of more industrial and business libraries. It now has in operation book service to the United States Merchant Marine, Coast Guard, Lighthouse Service and hospitals of the United States Public Health Service. The needs of the 75,000 blind persons in the United States will be cared for. At present the number of books available is woefully inadequate. This will be remedied and the joys of good literature will be brought into lives that are darkened by any other method.

Not all the work of Americanization lies in the great centers of population. Great sections of the country where industry is carried on by foreign workers do not know public library service. There are important mining states where less than a score of libraries exist. One mining state has but two public libraries.

### MORE BOOKS FOR BLIND.

American Library Association Behind Movement to Bring Good Literature to Those Who Walk in the Dark.

There are between 75,000 and 80,000 blind people in the United States. The supply of books in the recently adopted uniform Braille type for their use is inadequate, there being less than 100 titles existing in that print. The American Library Association has included in the projects of its Enlarged Program the resolve to aid in printing and distributing additional volumes. It has already succeeded in inducing several well-known authors to finance the braille of one or more of their books. In inaugurating its "Books for Everybody!" movement a fund of \$2,000,000 will be raised to carry out the provisions of the Program. The money to be obtained not by a campaign or drive, but through the efforts of the librarians, library trustees and friends of libraries.

## GOOD BOOKS AT ALL CROSSROADS

American Library Association Urges Adoption of County Library System.

### IDEA PROVES SUCCESSFUL.

California, the Pioneer—Other States Adopting the Plan.

The American Library Association, in announcing its "Books for Everybody" movement, which is to be nationwide in its scope, advises and urges the extension of the county library system as a solution of the problem of supplying good literature to the rural districts. Its intention is to persist in advocating the nationwide adoption of the idea as successfully applied in California, Ohio and Maryland until every one of the 2,964 counties in the nation have adopted the system and regular shipments of good books are being made from the central point in the county to the designated outposts. California stands out as the highpoint in the successful application of the idea. Of the 58 counties in the state 42 have adopted and are supporting the system at a trifling cost. This it urges as a part of its enlarged program which aims to promote a better citizenship and to combat the social and industrial unrest through the teaching of American ideals and traditions to the foreign born.

The book needs of the sixty million or more Americans who live outside of the big cities will be called to the attention of those in a position to serve them.

### County Libraries Urged.

The county library system provides for establishing one central library at the county seat or in the largest town in every county. This does not mean necessarily the erecting of a library building and the stocking of its shelves. In many cases the tools already exist. From this central station books will be loaned to designated outpost stations. The books will be delivered by trucks, parcel post or whatever method may be adopted in any given county to the country stores, tollgates, post offices, schoolhouses and private homes. When one shipment has been circulated and returned another will be sent out. Also, in communities of any size in the county, branch libraries will be maintained.

The American Library Association, with its 4,000 active librarian members and its 40 years of practical functioning, is in a position to know the needs of the country and in the fight for wider knowledge is a force to be reckoned with.

The Enlarged Program calls for an expenditure of \$2,000,000. There will be no drive or intensive campaign. The money will be raised by the librarians, library trustees and friends of libraries. The movement for better citizenship and a well read population is on and the slogan is "Books for Everybody."

### "BOOKS FOR EVERYBODY!"

Four Thousand Librarian Members of the American Library Association in Nation-Wide Movement.

Since the advent of peace the American Library Association has turned its efforts from war work into other channels. With the benefit of its forty years of experience and the co-operation of its membership of 4,000 active librarians in all parts of the United States, in addition to continuing certain war activities not taken over by the government, it proposes to promote the development of the library systems throughout the country and to encourage the reading habit in all ways possible. The A. L. A. supplied over 7,000,000 volumes to our fighting men here and overseas and on board vessels, and it has the confidence and the admiration of the nation back of it in inaugurating its "Books for Everybody!" movement. The money to carry out the provisions of the campaign will not be raised through an intensive drive, but will be obtained by the librarians, library trustees and friends of libraries, who have enthusiastically pledged their co-operation in obtaining the necessary \$2,000,000.

## OIL NEWS AND DEVELOPMENTS IN MENARD COUNTY REPORTED FOR PAST WEEK

(A. G. Holmes in Menard Messenger)  
Home Oil Refining Company, Ellis No. 1, on Karstende Survey No. 507 shut down for casing.

Home Oil Refining Company, W. W. Russell, No. 1, Sam Wallick Survey No. 18, waiting for stems.

Home Oil Refining Company, Job Fisher No. 1, Mrs. C. Franken Survey, shut down for casing at 650 ft.

Home Oil Refining Company, on Mudge No. 1, Survey, Sarah Jones, No. 42, location.

Thomas & Ludlow, James Russell, No. 1, survey B. S. & F. No. 42, shut down for casing at 1055.

Thomas & Ludlow, Kothman No. 1, survey T. H. Gibson, No. 11, waiting for tools.

Thomas & Ludlow, Wm. Bevans, No. 1, survey 42, J. H. Gibson, derrick timbers on ground.

Russell, Holmes & Callan, Martin No. 2, survey H. Muehe No. 101, derrick ordered.

Lea Oil Company, Louis Ball No. 1, survey No. 20 G. H. & S. A. R. R. fishing for bit at 950 ft.

Brazos Menard Oil & Gas Syndicate, Ed L. Mears, No. 1, T. W. & N. G. R. R. Co. survey No. 26, shut down for casing at 842 ft.

Quaker Oil Co., Geo. Grandstaff No. 1, survey J. Hillman, No. 1513, shut down temporarily.

Leonard Petroleum Co., Sam Waring, No. 1, Heirs of Gibson Pace, underreaming at 3105 ft.

Cochran & Stuart, Brandenburger No. 1, Survey Moses L. Patton No. 118, shut down; crooked hole; waiting for shooter.

Fulkerson & Maywood, Jones No. 1 survey, G. H. & S. A. R. R. Co. No. 21 shut down for casing at 350 ft.

Delva-Tex Company Patterson No. 1 survey, Y. C. S., Land No. 750, drilling at 650 ft.

Delva-Tex Company Beasley No. 1, Survey T. W. & N. G. R. R. No. 19 setting casing at 450 ft.

Delva-Tex Company Dunde No. 1, survey T. W. & N. G. R. R. No. 58, location.

McCauley et al W. P. Bevans No. 1, survey G. H. & S. A. R. R. No. 14, location.

Cal.-Tex. Dev. Co. No. 1, Ledbetter, survey J. W. Francis No. 2, location.

Eric Pet. Co., Perry McConnell, No. 1, survey Fisher & Miller, No. 338, location.

Amalgamated Pet. Co., Baker No. 1, survey T. R. Co. No. 69, location.

Amalgamated Pet. Co., Gordon No. 1, location.

Russell, Holmes & Callan, with Eastern parties will drill a well on Martin ranch.—A. G. Holmes, in Menard Messenger.

**Colds Cause Grip and influenza**  
LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. GROVE'S signature on box. 30c.

All kinds paper—except sandpaper. The Brady Standard.

## No More RATS

or mice, after you use RAT-SNAP. It's a sure rodent killer. Try a Pkg. and prove it. Rats killed with RAT-SNAP leave no smell. Cats or dogs won't touch it. Guaranteed.

50c size (2 cakes) for Chicken House, coops or small buildings.

\$1.00 size (5 cakes) enough for all farm and out-buildings, storage buildings, or factory buildings.

Sold and Guaranteed by O. D. Mann & Sons and Trigg Drug Co.

## KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful."

I could not do anything, not even sleep at night. It kept me awake most of the night. . . . I took different medicines, but nothing did me any good or relieved me until I took Cardui. . . .

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. . . . I decided I would try Cardui. . . . By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shall always use Cardui. I continued taking it until I was strong and well." If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial.
