

SOUTH SIDERS CONTRACT 201 FT. CEMENT WALKS ON SQUARE

DOUGLAS OIL CO. PAYS RENEWAL ON DRILLING LEASE

An item of considerable interest to investors in McCulloch county oil lands and acreage, is announcement of the payment of renewal rental on all of the leases held by the Douglas Oil Co., of Douglas, Neb., on its holdings about five miles northwest of Brady. The company's original holdings comprised 4,000 acres, most of which acreage they still retain. The Douglas Oil Co.'s test well on the A. G. Dahlberg land, Survey 1134, has been shut down since last fall with an 8-inch hole at 2290 ft. It is generally understood that the company expects to complete the hole to the 3500 ft. depth. Casing and equipment for a 3500 ft. hole is on hand, and the purchase and delivery at the well site of a brand new 3,500 ft. cable just prior to the closing down of the well, bear out this statement. The Douglas Co. had 30 ft. of sand with a good showing of oil at 660 ft. and gas under the sand. At 860 ft. a second showing of oil was had.

SEEK RELEASE OF MEN. ACCUSED OF SWINDLING. BY HABEAS CORPUS TRIAL

Habeas corpus proceedings have been instituted by Judge Joe A. Adkins, representing H. Harris and S. L. Goodson, in an effort to secure their release from custody. The two men were arrested at Stacy the past week by Sheriff Wall on a charge of swindling, it being alleged that they sold spectacles to citizens under misrepresentation, and also that they raised a check given them by A. F. McCoy of the Nine community, from \$23 to \$25.

Sheriff Wall carried the two men to Coleman, where the habeas corpus trial will be had before District Judge J. L. Woodward today. The men have been confined in the local jail since their detention, having been unable to make the \$1,000 bond, each, set at their preliminary examination. Sheriff Wall states that since their arrest, two additional charges have been filed against them, one for stealing and another for swindling. It appears the men worked the Nine community, then made their way through the Rochelle, Mercury and Milburn communities into Brown county, and from Brown into Coleman county, then back into the Stacy section of McCulloch county. Several complaints, it is stated, would be filed against them in Coleman county. The second swindling charge and the theft charge come from the Mercury and Milburn communities, where it is alleged they raised a check, and also carried off with them the lenses to a pair of glasses belonging to an old lady.

EASTER SERVICES BRADY COMMANDERY DRAW LARGE ATTENDANCE ON SUNDAY

The Easter services conducted at the Brady Presbyterian church last Sunday by Brady Commandery No. 68, Knights Templar, was a most interesting and impressive event, as well as one which drew a large attendance, every available seat in the spacious church house being occupied. The Rev. Thos. P. Grant, as prelate, was in charge of the services, and led in the opening services and the responsive scripture readings. The Rev. S. H. Jones preached a most inspiring and impressive sermon upon the "Risen Christ," and the choir and congregation joined in the singing of hymns especially appropriate to the greatest anniversary in the history of the Christian church.

Of especial note were the quartette by Messrs. W. J. Yantis, Elmer Baze, A. B. Reagan and Dr. J. W. Ragsdale, and the solo by Mrs. Duke Mann.

We will have a few more new Casady Sulkies with Nelson Attachments next week. O. D. MANN & SONS.

BRADY COMPRESS TO CLOSE PRESS NEXT SATURDAY

The Brady Compress will make its final run for the 1919-20 season on next Saturday, April 10th, according to Wilbur Lee, compress superintendent, and will then close the second best season's run in its history. Something like 30,000 bales will have been pressed this season, with some 8,000 or 10,000 bales still out in the Brady territory. While the press will not operate after this week, the warehouse and platforms will be kept open for concentration purposes and for the accommodation of cotton men and shippers.

The best year in the history of the local compress was 1914, when 50,000 bales were pressed. The press this year was continued in operation longer than any previous time in its history.

"BONEHEAD" BY DRILLER RESULTS IN BIGGEST WELL IN STEVENS COUNTY

Ranger, Texas, March 26.—A bonehead pulled by a rig builder is said to be responsible for one of the best producers in Stevens county, according to information obtained here this week.

The well located by the Texas Venture Oil Company, and sold to the Montreal Oil & Refining Company on the J. L. Harris tract, 12 miles southeast of Breckenridge, brought in nearly two months ago, and is said to be now producing better than 6,000 barrels daily.

When the rig builder started to construct the rig for this well he was so "turned around" that he built the rig 100 feet south of a certain rock pile, made by the geologist who made the location, when it should have been constructed 200 feet north. The discrepancy in the location, although it was on the same lease, was not discovered until after the well had spudded in and was not changed. The pay sand was found at 3,100 feet, the well coming in for 4000 barrels. It was shot and increased the flow to 9000 barrels for a short time.

Joe Schuler, field superintendent of the Montreal Oil & Refining Company, is still well pleased with the bonehead pulled by the rig builder.

CITY ELECTION BEING HELD TODAY—NO OPPOSITION TICKET OFFERED

The city election, being held today, promises to be almost as quiet an affair as was the school trustee election held last Saturday. The printed ballot gives no opposition names to any of the candidates for office, which practically assures election of those offering by unanimous vote. No names are offered for the offices of city secretary and city marshal, these offices having been virtually abolished. The ticket reads: For Mayor, J. E. Shropshire; For Alderman (three to elect), G. B. Awalt, Henry Miller, Roy Wilkerson; For Recorder, N. G. Lyle.

BLOCK REGULATION CEMENT WALKS TO BE LAID ON SOUTH SIDE SQUARE

CONTRACT FOR BUILDING LET TO C. R. HORN—ASSEMBLING OF MATERIAL ALREADY IN PROGRESS—CITY EXPECTED TO CONSTRUCT CROSSINGS.

The much-heralded and much-desired block of cement walks on the south side of the Brady public square is to become a reality all the property owners having come to an agreement as to the building and the contract having already been let to C. R. Horn. Sand and gravel is already being placed on the ground, and the work is to be begun without delay and completed at the earliest possible date.

The new block of walks will be built in strict conformity with the city regulations, requiring walks in the downtown district to be of uniform 10-foot width, and the curb will be 18 inches above the level of the square. The stretch of walks will extend from the corner of J. F. Schaege's saddle shop to the corner of J. C. Wall's building, a distance of 201 ft. The city, it is understood, will furnish the connecting link between the string of new walks and the walks on the balance of the south side, and those on the west side, by building concrete crossings.

The list of property owners, and amount of walk each will build, is as follows:

- J. F. Schaege, 30 ft.
- W. P. Yeary, 10 ft.
- S. W. Hughes, 50 ft.
- Mrs. F. Brady, 20 ft.
- Dr. Mose Jones, 20 ft.
- R. Hutschenreuter, 20 ft.
- B. L. Hughes, 10 ft.
- J. C. Wall, 30 ft.

It is also reported on good authority that plans are now maturing for

SCHOOL TRUSTEES RETURNED TO OFFICE IN SATURDAY'S ELECTION

Election for school trustees held last Saturday proved to be a most quiet affair. But three names, those of the trustees whose term of office would expire, were on the printed ballot, although the names of several citizens, who had been mentioned as possible candidates, were written on the ticket.

According to the election judges, the following was the vote cast:

- J. W. Townsend 29
- E. E. Polk 28
- E. L. Jones 23
- A. J. Ricks 9
- Henry Miller 14
- J. E. Brown 9
- H. P. Jordan 4

C. H. ARNSPIGER OF SAN SABA LOCATES HERE IN SECOND-HAND BUSINESS

C. H. Arnsperger of San Saba is in the city completing arrangements for entering local business circles and expects to engage in the second-hand business. Mr. Arnsperger is a live wire, and has been one of San Saba's most influential and popular citizens and business men. Since the retirement of J. M. Page, a week ago, there has been a splendid opening here for the line of endeavor in which Mr. Arnsperger will devote his efforts, and Brady citizens are glad to welcome this new enterprise, as well as to number this San Saba man and his family as citizens.

Mrs. Arnsperger and son will probably join him in making their home here next week.

EASTER SPELL BRINGS FREEZING WEATHER

Easter Sunday brought one of the coldest and most disappointing spells of weather of the new year. Instead of the display of Easter finery, sure to be in evidence ordinarily, upon so momentous an occasion, last winter's furs were very much in evidence, and a warm fireside was much to be preferred to the customary Easter parade.

While the greater part of last week offered very pleasant weather, thereby stimulating trade and the purchase of much Spring merchandise, Saturday proved a most disagreeable day, a cold wind blowing from the west and bringing with it clouds of dust and sand. Towards evening the wind abated somewhat, and it appeared for a time that pretty weather was in store for the greatest day in church history. At seven o'clock, a fresh norther blew up increasing in intensity through the night, and causing the mercury to tumble, the thermometers registering below freezing.

The norther continued blowing until Sunday afternoon, the sun caused the weather to moderate considerably. Sunday night, however, the thermometer again registered below freezing, and, according to reports, it was three degrees colder than Saturday night, although the absence of the wind made it less apparent.

Much apprehension was occasioned by the late freeze on account of the fruit, which was well advanced and which, in the opinion of many citizens, has been killed. Others state that the fruit has not suffered material damage, even though ice was formed by the two successive freezes and much young vegetation was turned black by the cold.

B. A. HALLUN BUYS MELTON STRING OF RENT HOUSES

A real estate deal of considerable magnitude was closed Monday in the transfer to B. A. Hallum of the Melton string of rent houses located on Melton avenue, on the north side, and east of the Melton homestead. The purchase was made from H. R. Hannum of El Paso, who acquired the property from Mrs. W. T. Melton a few years ago, when Mrs. Melton purchased an irrigated farm and orchard near El Paso. Mr. Hannum was in the city Monday closing the deal.

The property includes five residences, all being well-built, one-story frame dwellings, ranging from four to six rooms. The terms of the deal were not announced. Mr. Hallum states that the purchase was made solely as an investment. The houses are all occupied, and their proximity to the business section makes the property of increasing value.

Mr. Hannum left this noon over the Santa Fe upon his return to El Paso. Another deal of interest to Brady citizens was the purchase by Otto Fahrenthold from S. W. Hughes of the Tidale homestead in the south part of town. The residence is a well-built 7-room structure, occupying a quarter block of land, well improved. The lot is well-located in a very desirable section of the city, and is a most valuable piece of property. The consideration is given as \$1,000.

A deal recently consummated, was the sale by S. W. Hughes to F. C. Foster, driller at the Thomas White-land well, of the Tidale house, located west of the Baptist church. The property consists of a lot 100x100 ft., and a three-room house with two galleries. The sale price was \$925.

ARREST MILBURN GREEN HERE FOR THEFT OF SEED COTTON IN ERATH COUNTY

Milburn Green was taken in charge here Saturday by Sheriff Wall on a charge of having stolen seed cotton near Stephenville in Erath county. The sheriff of Erath county arrived here Sunday morning, and took young Green back to that county with him for trial.

Green was here in company with Abe Oxford, who was recently found guilty of the offense at Stephenville, the jury assessing a fine and a jail sentence. Oxford has appealed his case. Green stated to both Sheriff Wall and the sheriff of Erath county, that he expected to enter a plea of guilty. Green's father lives in the Rochelle community, and the boy is quite well known here.

WHAT THE CENSUS SHOWS.

The 1920 census reveals the fact that the center of population has moved towards the east. For years there has been a steady movement in a westerly direction, but that is now changing and a reverse trend is noticeable. This population drift is indicative of some economic facts, and reasons on these facts. It shows that there has been a movement from the farm to the city; and this, owing to some special attraction which the city periodically has over the country. When wages are high in the industrial centers, labor leaves the more uncertain gain of the country and seeks the steady remuneration of the city. The past six years have been years of unexampled industrial prosperity; the calls have gone out for labor, and the answer is a drift of people to the east. Also many people have kept up the cultivation of farms while they themselves have moved to the city. This has been more practical in recent years because of automobile transportation. As distance is overcome by rapid transit, more people will seek the easy life of town, while drawing their revenues from agriculture.

Perhaps the most important factor in this eastward drift was the industrial boom developed by the war. The very high wages which the war brought about struck the cities first, and even when the increase did reach the country, wages were not so high there; this made young men, especially, leave the farms and seek the larger money. This is no freak or unaccounting thing. It rests on unalterable laws and on traits of human nature. Long ago the Old Book said: "Where the carcass is there shall the eagles be gathered together." The circling flocks in the air are no surer sign of booty than the crowded trains. All seek the spoil to divide it.

It may be said, however, that the eastward drift is only temporary. Much that has moved east belongs west, and many who belong east will move west. Whenever hard times and industrial depression strike the country the city is the first place to feel it. Hard times strike the wage-earner first, and he moves in the path of least resistance. The course of empire is westward. There may be delays and eddies, but the stream flows in one direction. Until the human tide has found an economic level, this flow will continue. After that the movements will be more in the nature of oscillations; these oscillations becoming narrower as the world grows older. At last, there will be fixity and the end.—San Antonio Express.

SEVEN ARE BORN AT ONCE —DAD GIVEN LEAVE TO PAINT THE TOWN RED

Montezuma, Mex., March 23. —Septlets were born yesterday to the wife of Jesus Lopez, a private in the Mexican army.

The arrivals are three girls and four boys, weighing two pounds each, and all fully developed in every respect. It is believed here that this blow at race suicide is unprecedented in any country.

After he became a seven-fold papa, Jesus was given the privilege by the military commander to "paint the town red, and go as far as he liked." He is doing so at present and with a vengeance.

The mother and her seven children are reported to be doing well.

How Hindus Say Women are Made.

According to a Hindu legend, Twashtri, the God Vulcan of the Hindu mythology, created the world. But on his commencing to create woman he discovered that with man he had exhausted all his creative material and that no one solid element had been left. This, of course, greatly perplexed Twashtri, and caused him to fall at once into a profound meditation.

He arose from it and proceeded as follows: He took the roundness of the moon, the undulating curves of the serpent, the graceful twist of the creeping plant, the light shivering of the grass blade and the slenderness of the willow, the velvety softness of the flowers, the lightness of the feather, the gentle gaze of the doe and frolicsomeness of the dancing sunbeam, the tears of the cloud, the inconstancy of the wind, the timeliness of the hare, the vanity of the peacock, the hardness of the diamond, the sweetness of the honey, the cruelty of the tiger, the heart of the fire, the chill of the snow, the cackling of the parrot and the cooing of the turtle dove.

All of these he mixed together and formed woman. Then he presented her to the man.—Holland's Magazine.

Women Don't Understand.

Lady Astor, the American M. P., told in London a story about an anti-suffragist.

"Anti-suffragists are alike," she said. "Once I was canvassing for signatures to a petition about Lord Milner, the Viceroy to India at that time. When I called on Mr. Boggs, the grocer, he read the petition carefully and then said:

"Who is this here Milner, ma'am?"
"Our Indian Viceroy," said I.
"Wot's a Viceroy?" said Mr. Boggs.

"A Pro-Consul, you know," and I explained Lord Milner's position in detail.

"Mr. Boggs, satisfied, dipped his pen in the ink; then he looked up anxiously.

"You're not lettin' the women sign this, are you?" he said.

"Oh, no, indeed!" said I.
"That's right," said Mr. Boggs, as he slowly traced his signature. That's right, ma'am. Women don't know nothin' about these things."

TERRIBLY SWOLLEN

Suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of his place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Theford's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theford's Black-Draught."

It happened in a crowded street car one evening recently. A gallant passenger shifted his bundle, arose, pretended to take off his hat, and said to an equally if not more burdened female stranger:

BAPTIST CHURCH STATES POSITION WITH REFERENCE INTER-CHURCH MOVEMENT

Whereas, the Inter-Church world movement, with self authorized and self appointed power and authority that is amazing in contrast with the teaching of Christ, whose authority alone we recognize in matters of religion and with operating expenses that are staggering is to enter Texas in an effort to raise funds from the different denominations of Christians to aid in financing their movement; and

Whereas, such movement was given a patient hearing by the Southern Baptist convention at Atlanta, Ga., May, 1919, which then respectfully declined to participate in it and that the General Baptist convention of Texas, is a part of said convention; and

Whereas, said Inter-Church movement is now seeking to organize Texas by county conferences to secure funds in their drive for three billions of dollars to carry out their plans; and

Whereas, our Baptist people are seeking to finish up 100 million dollars so successfully and gloriously begun last fall and carried far beyond the 75 million dollar objective;

Therefore, Resolved: First. That we, the pastors and workers conference of Brady Baptist association respectfully decline to participate or cooperate in this new undoing amalgamation of discordant religious forces; Second. We urge all our Baptist people to give their best efforts to the glorious object of rounding out the 100 million dollar drive by April 30, 1920, and send full quotas of messengers to our Victory convention at Washington, D. C. in May, 1920. Third. That a copy of these resolutions be furnished The Baptist Standard, the Central Messenger and our local papers for publication.
Signed by order of the Conference,

April 5, 1920.

PERSONAL MENTION

J. M. Coalson spent Saturday in Brownwood on business.

Miss Gladys Lindsey of Marfa, is making her home with Mrs. J. M. Coalson.

H. R. Hannum, prominent real estate dealer of the El Paso section, was a business visitor in Brady Monday.

Mrs. G. W. Henderson is a guest of relatives and friends in Miles, Texas, where she will spend several weeks.

Misses Margaret Russell and Virginia Carroll of Fort Worth were guests of Miss Edith Brook the past week, having come down for the dance.

D. C. Middleton was here from Stacy today on one of his infrequent visits to Brady. Mr. Middleton always has a cheerful smile and a good word to pass.

Mrs. N. M. Henderson, who has been a guest the past three months of her son, G. W. Henderson, and wife, left Sunday night upon her return to her home at Cayuga, Ind. Mrs. G. W. Henderson accompanied her to Fort Worth.

Mr. and Mrs. S. W. Espy accompanied Virgil Lee Sessions Saturday evening to Eldorado, where the latter went to visit his children. Returning home they were accompanied by Mr. Espy's brother, H. S. Espy, and nephew, Thomas Espy, and wife, who are spending a few days in Brady.

LOCAL BRIEFS

Messrs. John Moffatt, B. L. Malone and Oscar Westbrook leave Thursday for Waco where they will take the Shrine. Clarence Snider, who will also walk the burning sands, leaves today for Waco as representative of the local Commandery to the Grand Commandery, which meets in that city on Wednesday and Thursday of this week.

C. C. Balch of Palestine, an expert shoemaker, has accepted employment at the Evers-Knox Shoe Repair shop, and is proving of great aid in helping that firm over a rush of business. Since shoe leather has gone so high, the shoe repair business has become a most flourishing industry, and Mr. Balch, as well as S. C. Scott and his assistant, Maurice Jones, have to keep things moving in order to keep up with the work.

C. P. Swim arrived in Brady last Friday morning from Cisco, as manager of the J. M. Radford Grocery Co.'s local establishment, succeeding H. L. Williford, who has resigned. Mr. and Mrs. Williford left the past week for Greenville, where Mr. Williford has accepted a position as city salesman for the Boren-Stewart Co. Mr. Swim will be joined here later by his wife and child, and Brady citizens will be glad to welcome them to citizenship.

Tom Bradley, E. B. Baldrige and R. K. Finlay, Jr., were numbered among the Fife visitors in Brady today, and all behaved with becoming dignity, except E. B., who got to cutting up to the extent of authorizing The Standard editor to report a rain—a big rain—in the Fife community last Saturday. Knowing that Texas had gone dry most a year ago now, and that the Fife folks had no reason to be more favored than Brady folks, we were careful to inquire as to whether or no the rain was a "wet" rain. Friend Baldrige had to admit that the supply of wet goods was so darned limited to his way that when it rained, it rained dry.

H. J. Behrens, Jr., accompanied by his little daughter, was a visitor from the Voca community today. Mr. Behrens reports all the fruit in his orchard as having been killed by the two freezes, and says that the tiny peaches, and other fruit as well, is beginning to drop off the trees. Mr. Behrens had a splendid orchard of about 100 trees, but the droughts of recent years, cut the number down to about 50. However, he made a splendid fruit crop last year, as well as an abundance of corn, oats and other crops, and says another prosperous year like the past one, would just about even up for all the damage and loss he sustained during the past number of bad years.

Matthew Moore, the affable and energetic foreman of The Brady Sentinel's job department, is now numbered among the benedicts, his marriage to Miss Julia Gunter, one of San Saba's fair and charming young ladies, having taken place last Saturday. The wedding ceremony was performed at 11:00 o'clock Saturday morning at the home of the bride's brother, Mr. J. A. Gunter, in the presence of members of the immediate family.

Mr. Moore is a son of Mr. and Mrs. G. P. Moore of this city, and is a Brady product. For the past number of years he has devoted himself to the "art preservative of arts," and is a most valuable employe in the office of The Sentinel. His bride is the daughter of one of San Saba's prominent and most highly esteemed families, and is a young lady of charm and attainments, and Mr. Moore is to be congratulated upon having won so worthy a prize.

Mr. and Mrs. Moore arrived in Brady Saturday afternoon, and are now at home to friends in the Lang cottage on the southern extension of Blackburn street.

COULD NOT WALK UP THE STAIRS

Los Angeles Woman Suffered Six Years from Rheumatism—Soon Relieved by Tanlac.

"I had rheumatism so bad that life was simply miserable for me, but Tanlac has entirely overcome my trouble," said Mrs. Martha Asbach, of 2226 1/2 Duane St., Los Angeles, Calif.

"For the past six years I was in such a wretched condition I can hardly understand how I held out as long as I did," she continued. "I had rheumatic pains in my knees so bad that it was impossible for me to step up or down the stairs, and my hands were so swollen and stiff it was all I could do to hold the broom or dishes. At night I simply ached all over so bad I could not sleep, and, in fact, I suffered all the time, night and day. I became very nervous and worried so much over my condition that I became very despondent.

"I tried all the medicines I could hear of but none of them did me any good until I got Tanlac. I was overjoyed to find that it more than met my expectations. All signs of the rheumatism has left me and I am back doing my housework for the first time in several years. My nerves are as steady as they can be and I sleep all night long and never wake up till morning. I haven't felt so fine in years and it certainly is a pleasure for me to tell everybody about Tanlac."

Tanlac is sold in Brady by Trigg Drug Co., in Mercury by J. T. Matlock, and in Rochelle by C. W. Carr.

BREEDERS OF REGISTERED HOGS TO ORGANIZE ASSOCIATION SATURDAY, 10TH

All breeders of registered hogs in McCulloch county are urged to meet at the court house Saturday, April 10 at 2:30 p. m. for the purpose of organizing a Swine Breeders Association. You cannot afford to miss this meeting if you are raising registered hogs. Mr. A. L. Ward, Swine Husbandman, A. & M. college, will be here and help us get started. He is a practical hog man and will be of great benefit to us all. Saturday, April 10, at 2:30 o'clock. B. D. BLACK, County Agt.

AGRICULTURAL CLUB BOYS TO MEET IN BRADY, SATURDAY, APRIL 10TH, 9:00 P. M.

The first lesson in livestock judging will be given the members of the Boys' Agricultural clubs on Saturday, April 10, beginning at 9:00 p. m. and continuing through the noon hour. The boys will assemble in the county agent's office at 9 o'clock and get organized and ready for work by 9:30. This first part of the program is very important and it is my hope that every member will be on hand exactly at 9 o'clock. After the lesson all will get in cars and visit a number of fine hogs and study the good and bad points of each. This will be a splendid opportunity to see a large number of the best hogs in the county. A few pigs will be ready for sale at that time.

Every club member is expected to bring his lunch and we will all spread together in the park and have a general good time together. You can not afford to be absent from this meeting. Someone from the A. & M. college will be with us.

G. A. KRUEGER OPENS A VARIETY STORE AND COLD DRINK EMPORIUM

G. A. Krueger has again engaged in business for himself, having last week opened up a variety store and cold drink emporium in the building on the southwest corner of the square, formerly occupied by Mrs. M. J. Moore's millinery store. Mr. Krueger is gradually getting his lines of goods in, and in addition to carrying a line of racket goods, will stock light shelf hardware, millinery, and a variety of other merchandise. Incidentally, Mr. Krueger will also install an up-to-date cold drink fountain, and cater to the public with all manner of soft drinks, at popular prices.

Mr. Krueger was, for a number of years, engaged in the variety business on the east side, his retirement about a year ago resulting from a protracted spell of illness. In getting back into business for himself, Mr. Krueger says he once more feels natural.

BLAIR WELL AT MAY FLOWS AGAIN; TANKAGE IS HASTILY ERECTED

The Blair well two miles north of May revived the excitement in that part of the county last night by again bubbling over and spilling a few barrels of high grade oil over the derrick and surroundings. A big tank to take care of production is being hastily installed today and another large tank was unloaded at May this morning. A force of workmen from Desdemona were rushed to the well yesterday and are busily engaged in erecting the tankage. It is thought that as soon as tanks are ready the sand in the well will be drilled more extensively and citizens of May are then expecting big production to be developed.

The Ford well, in the town of May, is underreaming today, and will probably continue drilling. It was reported a few days ago that the owners of the well had decided to abandon the test, but that report was apparently, false.—Brownwood Bulletin.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 6c. per bottle.

Satisfaction guaranteed when you buy Hart Schaffner & Marx clothes. You are entitled to complete satisfaction. We guarantee you'll get it. You're the judge of whether or not you're satisfied; money back if you say so. We have these suits in stock or can make to measure in 7 to 10 work days. C. H. VINCENT, South Side.

"And There Wasn't the Slightest Smell From Dead Rats."

Writes John Simpkins, farmer of Annandale, N. J. "Rats were costing me hundreds yearly; tried dogs, ferrets, poison, could not get rid of them. Bought \$1.00 pkg. of RAT-SNAP (5 cakes). Used half, not a live rat since. Dead ones aplenty. I like RAT-SNAP because after killing rats it dries them up—leaves no smell." Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by O. D.
