

## ONE AND THREE QUARTER MILLION DEPOSITS IN BRADY BANKS

### HAIL KILLS AND INJURES LIVE STOCK LAST WEEK

Reports reaching Brady tell of a destructive hail which visited portions of the eastern and southeastern part of the county last week, killing sheep, goats and live stock, breaking out window lights and, in some instances, causing considerable damage to houses in the path of the storm.

There appears to have been two storms, one on last Thursday evening, and the second on Friday. Edd Bryson and G. B. Awalt lost at least five sheep and lambs killed outright in the storm in the windmill pasture on their ranch about eight miles southeast of Brady, and this loss will probably be increased by others which have since died from injuries. But for the wisdom of an old Mexican sheep herder, Messrs. Bryson and Awalt would probably have lost the greater part of their flock of 2400 head. The Mexican saw the storm approaching and drove the flock up on a hill out of the storm's path. Those sheep which were killed had strayed off to a tank. Besides those killed, numbers had eyes knocked out, legs broken and skin knocked off. The carcass of one lamb, after being skinned, showed to have been beaten almost to a pulp.

The path of the storm appears to have lain between the Lewis Brooks and Chas. Bryson ranches, and both these ranches suffered in the storm. Several large hail stones beat through the roofs of Chas. Bryson's house, garage and barn, although they were more or less in the edge of the storm's path.

The tent of the Mexican herder on the Bryson & Awalt ranch was beaten into pieces, limbs were torn off and not a leaf was left on many live oak trees. The mud showed imprints of huge hail stones, with all the appearance of a man's fist having been driven into the soft earth. The ground was literally carpeted with the hail stones.

Aaron Awalt, who lives on the ranch, lost twelve window lights out of his residence, and three other houses on the ranch were badly damaged, the house of Mrs. Morris having had its roof torn off, and Sam Pirtle's house being badly damaged.

In the Katemey community, Logs, sheep and goats are reported as hav-

ing been killed. At Voca a hail stone said to weigh between a pound and a pound and a half, fell through the drug store roof. Stones as large as tomato cans are reported.

The path of the storm is said to have passed on both sides of Rochelle; however, damage in this section was comparatively light, while the full fury of the storm seems to have been vented in the Voca, Katemey and Long Valley communities. F. W. Otte of Camp San Saba reports 35 lights having been broken out of the house of his brother-in-law, Mr. Grosse, in the Fikes community, while crops were beat into the ground.

### BEN HICKEY NEW PROPRIETOR CALLEY'S CAFE, - CALLEY TO WALDRIP

Ben Hickey is now proprietor of Calley's Cafe on the east side of the square, having purchased the place from W. H. Calley on last Thursday, and taking immediate charge. For a number of years Mr. Hickey has farmed in the Waldrip community and is well known to a large percent of McCulloch county citizens. He announces that he will operate the cafe in strictly up-to-date style, giving the best of service at reasonable prices, and his motto will be a square deal to all. Mr. and Mrs. Hickey have moved to Brady, occupying the residence north of the E. J. Broad building, formerly occupied by Mr. Calley.

Mr. Calley and family expect to move at once to the Waldrip community, having acquired all Mr. Hickey's farming tools and equipment in the deal, and will this year operate the farm heretofore run by Mr. Hickey on the D. C. Randal place. Mr. Calley's retirement from the restaurant business follows a number of years of successful operation and is due to his desire to make a change of vocation.

### COLEMAN COUNTY WELL SPOUTING OIL OVER DERRICK AT INTERVALS AND MAY PROVE UP GUSHER FIELD

Coleman, Tex., May 8.—Spraying oil by heads through a ten-inch casing twenty feet over the derrick, the Gladys Belle well, three and a half miles southeast of Santa Anna and twelve miles southeast of Coleman came in today after picking up the oil sand at 1,570 feet. The flow is estimated at from 500 to 1,000 barrels. There is a big scramble for acreage.

The Gladys Belle company has three deep tests in this section, all down about 1,500 feet. Today's strike is the first show of big pay in the deep drilling tests. Shallow wells have been paying the Gladys Belle company for some time. They ship-

ped six cars of oil this week from shallow holdings. Hundreds of people are coming in to take advantage of the new discovery.

Deep drilling tests have been going on in this section for nearly ten years. Those who believe in the deep oil field have refused to be discouraged. Today's discovery has justified their hopes according to those who have seen the new well spout over the derrick.

**The Report from Brownwood.**  
Brownwood, Tex., May 8.—The Gladys Belle well, known as the deep test on the Pope farm, three and a half miles southeast of Santa Anna and sixteen miles west of Brownwood,

struck a good sand at 1,575 feet Friday evening and drilled five feet into the formation with a ten-inch hole. The oil rose seventy-five feet in the well within twenty minutes and shortly after work was stopped made a head that threw oil over the derrick. The intermittent flows continued throughout the night. The well is the twelfth test on the Pope farm, eleven other wells being on the pump at this time. The excitement occasioned by the unusual showing made by the well is intense in Santa Anna today and there is a strong demand for acreage in the vicinity of the Pope farm. The production of the well is problematical, but it is variously estimated at from one hundred to one thousand barrels.

### R. W. LEE RESIGNS AS SUPERINTENDENT BRADY COMPRESS TO BUY COTTON

R. W. Lee, for the past eight years manager of the Brady Compress company, has tendered his resignation, and will be associated the coming season with the A. H. Richardson Co., cotton factors. He expects to remove with his family sometime in July to Dallas or some point in North Texas, where he will represent the Richardson Company. Announcement of his intended removal will be learned with surprise and regret by many friends throughout this section. During the eight years service, he has made his home continuously in Brady with the exception of the year 1918, when he was temporarily located at Corsicana, the local plant not being in operation during the 1918-19 season. His return here the past year preceded one of the most prosperous seasons' runs in the history of the local compress, some 30,000 bales having been pressed here at the time the compress closed down several weeks ago. This record has been exceeded only one time by the plant—1914 holding first place with 50,000 bales pressed.

The best of wishes will accompany Mr. Lee and family wherever Fortune may lead them.

**"We Picked Up Seven Large Dead Rats First Morning Using Rat-Snap"**  
So writes Mr. B. F. Carpenter, Woodbridge, N. J. "We lost 18 small chicks one night, killed by rats. Bought some RAT-SNAP and picked up 7 large dead rats next morning and in 2 weeks didn't see a single rat. RAT-SNAP is good and sure." Comes in cake ready for use. Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by O. D. Mann & Sons and Trigg Drug Co.

### ARE WE HAPPY? WE ARE! LOOK AT OUR BANK TOTALS

There are no grouches in McCulloch land! Everybody is happy—because everybody is busy, and everybody has money and is making more. Look at Brady bank deposits—nearly one and three-quarter million dollars on deposit in the Brady banks. Everyone feels the effect of prosperity and abundance, and the results are to be found in building and improvement activity upon all hands. While Brady's building campaign has already run well over \$100,000, the splendid rain Sunday night, bringing with it the promise of another year of splendid crops, has added incentive to the work of improvement and up-building, and much that has heretofore been merely contemplated is now being contracted.

Exact figures of deposits in the local banks show a total of \$1,694,042.89. While these figures have been exceeded during the fall months, yet the total makes a remarkable showing for this time of the year. Further than that, they merely reflect the general prosperity that abounds throughout McCulloch county and the McCulloch section.

**HONEST INJUN.**

Owing to the H. C. L., The Standard has been compelled to raise the value of McCulloch county rains from one million to one billion dollars. Since the rain, we've felt the billionaire!

**EXPERIENCE.**

If you own any stock in the Little Motor Car Co. just keep it, and perhaps it will serve as a reminder to you when you have money to invest again—Bullinger Banner-Ledger.

The sucker list is long, for the lure of big profits and easy money is hard to resist. West Texas has been enjoying an unequalled era of prosperity and abundance—and the world in general was not slow in learning about it. Investment salesmen have flocked to West Texas like flies to honey. There have been opportunities to invest in oil stock, auto stock, refinery stock, auto tire stock, mining stock, tractor stock, gilt-edge stock, and gold bordered stock, paper stock and watered stock—but the fellow who invested in live stock proved himself the "liar" and sanest of all. The money that has been invested had enriched many a salesman and a mighty few investors. Not that none of the foregoing stock has panned out, nor do we mean to imply that some of it may not yet give returns, but the great majority of this stock is the poorest sort of an investment. With money plentiful, the lure of "easy money" proves too strong for many. The glib promises of salesmen, the "guaranteed" returns—they are temptations hard to resist.

But we live and we learn—and as long as we live many of us will remember and profit by the foolish investments made. A fair profit from honest labor is sure to go farther, bring more peace of mind and happiness in general than all the quick returns that Dame Chance may throw our way.

**POINTING THE WAY.**

Did you ever try to direct a stranger to a certain house in Brady?

If you have, probably the process ran something like this: "Why, you see that three story building over there Well, from there you go right on up the street until about half way up the hill; then turn to your left and keep going until you come to a house painted pink; then turn to your right again and cross the street diagonally and keep going until you see someone who can, perhaps, direct you further. I can't describe the place to you exactly; can't tell you the number of blocks it is from town, and am not fully familiar with its location—but I'm sure you will find it all right if you keep on asking."

Rather a time consuming, confusing and misleading method of telling the inquirer that his party lives on South Eight and Elm street, or on South Ninth and Church street. But that's the best you can do under present circumstances.

This suggests the advisability of numbering the houses and naming the streets in such fashion that he who runs may read. We call to mind the fact that some eight or nine years ago the Brady city council passed an ordinance requiring the labeling all streets of the city with their proper names, and the numbering of all residences and business houses. Just as this much-to-be-desired task was accomplished, we are unable to make a guess—but it is never too late to make amends.

was moved out of the class commonly designated as "where but one main

thoroughfare leads to all parts of the town. It is time for Brady to put on some clothes befitting her position. This shirttail fad may be all right for the little boys, but Brady is more than fourteen years old and needs to put on long pants.

**MENARD'S THERE.**

We would be glad to see the San Angelo Standard's famous red rooster or for Brady to have one of its million dollar rains—it might mean a light shower for us.—Menard Messenger.

Yes, we have noticed that Menard usually gets in on the tail end of Brady's million dollar rains, or else the San Angelo Standard's rooster.

**WELL SAID.**

A newspaper man can always think of lots of hateful things that he might say about the candidate that he opposes, but when he stops to think he remembers that many good men and lots of them are his personal friends are supporting that man with as much sincerity as he is his choice in the race, hence his thoughts are not always put in print. And another thing, just because we may not like a man and his policies is no certain reason that said man is not a good man his policies are not as nearly right as if we had something to do with framing of said policies.—Clifton Record.

Preaching the gospel of happiness and good cheer—that's the mission of The Standard. To serve, is our chief aim. To bring lasting improvements and betterments to community and citizens, that's our goal.

**PERSONAL MENTION**

Mrs. Grover Chambliss returned last week from a visit in Tyler and Dallas. Mr. and Mrs. O. S. Macy left Monday night for Brownwood, where Mrs. Macy will undergo treatment by a specialist for an affection of her eyes.

Mrs. J. H. Ogdin and son, John Francis, returned Saturday from Temple, where they have been the past four weeks while Mrs. Ogdin was under treatment at the sanitarium there.

T. J. King was over the latter part of last week for a brief visit with home folks and friends. Mr. King has been looking after his son's farm in San Saba county, while Tom was completing his school term, being superintendent of the school at Algerita.

Mesdames J. S. Moffatt and C. C. Johanson left last Thursday for Georgetown, where they will spend a week or ten days visiting relatives and friends.

Mr. and Mrs. Geo. Shore and little daughter, who have been located at New Orleans the past year or more, returned Saturday to Brady and will again make their home here.

Chas. Broad came down yesterday morning from Dallas to spend the day with relatives and friends here.

Following a trip to the Great Lakes and northern states, Chas. returned last October to Dallas, where he accepted a position with the Tension Saddlery Co., traveling in Northeast Texas. His many friends here will be glad to learn that he has met with gratifying success, and is well pleased with his work.

Miss Ida Taylor arrived Monday from Los Angeles, Calif., where she has been spending the past four months taking a special course in missionary work, and will spend three weeks here as a guest of her parents, the Rev. and Mrs. J. H. Taylor, following which she will visit her brothers in various parts of the country. Miss Taylor expects to spend the greater part of the summer in Brady, and may return to her missionary work in China in the late summer or fall.

The Jennings tent theatre, which was advertised to show here this week, has postponed its engagement, having decided to remain over in San Saba. The show has been enjoying a splendid business in that city, and reports playing to packed houses. Popular appeal from the citizens decided them to give the San Saba folks another week's entertainment.

**SWINE BREEDERS MEETING TO BE HELD SATURDAY AT THE COURT HOUSE**

A very important meeting of the swine breeders will be held in the county court house Saturday, May 15, at 2:00 p. m. Every man and boy in the county who owns registered hogs is requested to be present and take part in the discussions. The Constitution and By-Laws will be passed upon and a plan of selling and managing our hogs to the best advantage will be decided upon. Shall we succeed or not? That is the question. It is up to you. If the association succeeds your fine hog business will be profitable to you. If the association fails your hog business will fail to make you money as it should make.

There has been a little misunderstanding about the age pigs are to be sold. Let's get that straight.

**COULD NOT STOOP TO TIE HIS SHOES**  
Gets Rid Of Rheumatism and Gains Twenty-Four Pounds by Taking Tanlac

"Tanlac not only added twenty-four pounds to my weight but put me in as good health as I ever was in my life," said Augustus Heihls, a well-known farmer of Morton, Ill.

"For four years I was troubled with rheumatism and indigestion," he continued, "and many a day I gave clean out while working in the field and had to lie down until I got strength enough to get back to the house. My rheumatism was so bad that every morning I had to rub my legs before I could stand up and my back was so stiff and painful that it nearly killed me to stoop over. My joints, too, were so stiff and sore that I could not bend over to tie my shoes. My appetite was very poor and when I did eat anything I was in misery for hours afterwards. I was hardly ever able to get a good night's rest because my kidneys were so badly out of order, and last spring my condition got so bad I wasn't able to work and for several weeks I could hardly get out of the house.

"The man I hired to take my place recommended Tanlac so highly that I began taking it, and to make a long story short, I haven't a pain in my body now and can do as hard a day's work as any man. I eat three square meals a day, digest them perfectly and sleep like a top every night. In fact, I couldn't ask to be in better health, and all the credit is due to Tanlac."

Tanlac is sold in Brady by Trigg Drug Co., in Mercury by J. T. Matlock and in Rochelle by C. W. Carr.

**McCULLOCH'S BILLION DOLLAR RAIN AT LAST BRINGS MILES OF SMILES**

MAGNIFICENT SLOW RAIN DRENCHES ALL THIS SECTION OF TEXAS SUNDAY NIGHT—MOISTURE MEETS AND FARMERS REJOICE OVER FINE PLANTING SEASON.

The blue-bird of happiness, making its way on the wings of a wonderful general rain, came to McCulloch county Sunday night, bringing with it good fortune and good cheer, to abide with us throughout the year. Was it welcome? You tell 'em; I'll say it was! The McCulloch country is drenched; the farmers have the finest planting season that could be wished; everything is just as the doctor ordered. Needless to say, everyone is happy—and busy. McCulloch's cotton acreage will be greater than ever before, and every prospect points to a bumper crop. The rain which covered the county was amply sufficient to make the moisture meet, and with the splendid bottom season already had, there appears small question but what a crop is due to be made.

During the past week, several rains have fallen in various parts of the county, but Sunday night's rain gave the final touch. Brady probably received the lightest rains of all, having had two-tenths of an inch rain on both the 3rd and the 7th, while a fraction less than an inch of precipitation was recorded Sunday night. Telephone reports indicate as good, or better, rains throughout this section, the rain having extended south into Mason and Kimble counties, east

**BRADY GIANTS ADD TWO SCALPS TO LIST OF VICTIMS THE PAST WEEK**

Brady Giants added two more victories to their score last week, taking both Richland Springs and Eden into camp, the former on the local diamonds and the latter on their own grounds at Eden. The first game, played with Richland Springs last Friday, was all but postponed on account of rain, but the players and spectators returned to the ball grounds following the shower, and witnessed the downfall of Richland Springs by a score of 7 to 2. Jack Wigginton pitched for the locals, and Clayton Murchison played catchup. At Eden an old-fashioned hit and run game was pulled off Saturday afternoon, and when the dust of battle cleared away, Brady's adiding machine had run up a total of 18 scores, while the Eden calculator ran out of chalk after making 11 tallies. El Harkrider pitched for Brady, and Murchison caught the game.

**WEDDING BELLS**

Porter-Fuller.  
Friends of Mr. Will S. Porter and Miss Jonnie Lee Fuller were taken completely by surprise at announcement of their marriage which occurred Saturday night at 8:00 o'clock, the Rev. J. W. Cowan performing the ceremony at the Methodist parsonage. Accompanying the bridal couple were Mr. R. H. Thiell and Miss Agnes Baird.

Mr. Porter is a splendid gentleman, and since coming here from Bastrop the past year, has made many friends by his quiet, yet altogether likable disposition and habits. He is employed with H. P. C. Evers as harness-maker and is an expert in his profession, his services being highly esteemed by Mr. Evers. His bride is a most charming young lady of agreeable disposition and engaging manner. She is a niece of J. M. Fuller of this city. Prior to coming to Brady about a year ago, she made her home in Paint Rock. She has been an employe of the Hub Dry Goods store, where her cheerful manner and her uniform courtesy has made her esteemed by employes and patrons alike.

Mr. and Mrs. Porter are at home to their friends at Mrs. Sparks' residence in the east part of the city.

Kruse-Nickels.  
Friends of Elbert Kruse will be interested and pleased to learn of his marriage on Saturday, May 1st, to Miss Helen Nickels, the ceremony having been performed at Fort Lauderdale, Fla., where Mr. Kruse is at present located.

Mr. Kruse is a son of Mr. and Mrs. F. H. Kruse of this city and is a brilliant young man, as well as of most affable and agreeable disposition. Prior to his army service he was engaged in the practice of law at El Paso. Since receiving his discharge from service, Mr. Kruse visited here for several months, and then, in company with his sister, Miss Bernice, visited for a time in Illinois. Upon the advice of the doctors, however, he located in Florida, where the climate and baths have proven of great benefit to his health, and he is now reported gradually recovering from an attack of uric acid poisoning, contracted while in army service, and which all but cost him his life.

His acquaintance with Miss Nickels dates back some ten years, the romance which had such a happy culmination, having its inception while he was attending state university at Austin. The bride is a talented, refined young lady, and her sympathy and devotion to Mr. Kruse during his sore affliction have proven her a most worthy and ideal life companion. Her father is a prominent oil operator of Oklahoma.

Mr. and Mrs. Kruse will remain in Florida during the summer to give him the benefit of the baths, but are planning on a visit to Brady about next October. Mr. Kruse's sister, Miss Bernice, who is attending business college at Miami, Fla., and who has been his constant companion since he left Brady, was in attendance upon the wedding ceremony.

### Kindergarten Helps for Parents

This is No. 36 of a series of articles issued by the National Kindergarten Association. They will appear weekly in these columns.

By MRS. EDA W. SEMKEN.

I have thought a great deal about what I might say if I could talk with mothers who live far away from any center of population, and this fact stands out most clearly in my mind: The remarkable opportunities a mother in the country has to teach her children at first hand what the seasons bring.

Let them have a garden of their own, in which to grow very simple flowers and vegetables that are hardy and easily grown.

Let them have pets to take care of. This will teach them kindness and service for those dependent upon them.

Every child should have daily duties, and if you begin early and make play of these tasks, most children will love to do them, and feel the importance of being a real help in the home. It seems to me that the three largest factors all through life are self-control, independence and obedience, and we cannot begin too early in any child's life to teach these virtues.

Another thing the far-away mother may obtain for her child is books. Develop early a fondness for books in your children, and a great battle is won. All children love fairy tales, Nature stories and poetry such as Grimm's and Anderson's Fairy Tales. Wise selections of the best of these "time-tested stories" are now published by many publishing houses.

Some of the Grimm stories are too gruesome to tell to children. Kipling's "Just So Stories," and poems by Robert Louis Stevenson, Eugene Field, James Whitcomb, Riley and Jessie Wilcox Smith are all excellent for children to know.

Six years of age is not too early to begin to build a library for a child and the books should be in his own room, where they can be easily reached and become constant companions. The books my daughter enjoyed most at the age of 7 were:

- In Story Land, Elizabeth Harrison.
- Kindergarten Story Book, Jane Hoxie.
- Pinochio, C. Colodi.
- Tale of Peter Rabbit, Beatrix Potter.
- Tale of Tom Kitten, Beatrix Potter.
- Seems-So's, L. J. Bridgman.
- Story of Noah's Ark, E. B. Smith.
- Pied Piper of Hamelin, Robert Browning.
- Little Lame Prince, Dinah M. Muellock.

Among the Farm-Yard People, Clara D. Pierson.

Among the Night People, Clara D. Pierson.

Among the Meadow People, Clara D. Pierson.

Among the Pond People, Clara D. Pierson.

Among the Forest People, Clara D. Pierson.

Poems of Stevenson.

Poems of Field.

Poems of Riley.

Poems of Bessie Wilcox Smith.

The Hollow Tree and Deep Woods Book, Albert Biglow Paine.

The Hollow Tree Snowed In Book, Albert Biglow Paine.

The Book of Clever Beasts, M. Reed.

Two other subjects loom up in my mind, for the far-away mother, and they are music and pictures.

The phonograph as an educational factor has tremendous value. Thru this means the children can become familiar with all that is best in music either vocal or instrumental; they can learn not only the music but about the composers, and the great men and women who sing and play various instruments.

A child's taste in pictures can be cultivated by having in his room pictures which are good both as to color and subject. Pictures dealing with Nature in any form are always attractive to a child and if they are hung in the room so that the child can easily study them and even handle them if he wants to, this adds much to his enjoyment.

There are many book and picture firms that are only too glad to send catalogues upon request. The far-away mother can obtain anything of this kind she may want by mail, and if, besides a garden and pets, a child can have books, music and pictures, it seems there is real education of the right kind going on.

### LOCAL BRIEFS.

L. A. Townsend, district manager of the Singer Sewing Machine Co., was here from Brownwood the past week, a guest of his son, Fred, and family, and was incidentally visiting with John B. Westbrook, local Singer representative. Mr. Westbrook has come in for much commendation from Mr. Townsend, as well as from Singer headquarters, since his reports place him in the lead of all Singer representatives in this district.

R. A. Ramage returned Saturday from Dallas, where he had been the past ten days attending Mrs. Ramage, who underwent a serious operation two weeks ago at the sanitarium. He reports Mrs. Ramage as having stood the operation wonderfully well, and he left her making a rapid and altogether gratifying recovery. She hopes to be able to return to Brady within about five weeks. This will be good news to all the many friends of Mr. and Mrs. Ramage here.

F. W. Otte was here from the Camp San Saba community Monday and reported a fine rain in his section Sunday night. If anything, Mr. Otte stated, the rain at his place was heavier than along the route to Brady. The rain was amply sufficient to bring up crops. Mr. Otte fortunately escaped the severe hail storm of last week which passed through the Fatemey, Voca and Long Valley sections.

Mr. and Mrs. T. J. Wood of Pasche and Edd Broad of this city returned Friday from a trip and visit to the Tom Baker ranch at Girvin, Texas, and other points in that section, including the Pecos country and out as far as the Davis mountains. They report the most enjoyable of times. Mr. Broad states that at the Pecos they have a wonderful body of water, the lake covering about three sections of land. All through that section they are drilling for artesian water, which is used for irrigation, and which is converting that country into one of the garden spots of the universe.

S. M. Richardson was a guest of friends in the city from Thursday until Sunday night. Mac is now a full-fledged traveling man, representing E. C. Palmer & Co. of Dallas, one of the leading wholesale paper houses of the South. Mr. Richardson retired from the newspaper business about two months ago, following the sale of his interest in the Sweetwater Daily Reporter, after operating that plant during the past year, and he and his family are now making their home at Denton. The many friends of the family will be pleased to know that he is well pleased with his new vocation, and that, while the family has decided to locate permanently in Denton, they nevertheless cherish the kindest of thoughts and feeling for their friends here, and are always looking forward to the time when they can visit and spend enjoyable days with us again. Mr. Richardson promises upon his next visit here to have Mrs. Richardson and daughter, Louise, accompany him.

**No Worms in a Healthy Child**  
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILI TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

### CITATION.

THE STATE OF TEXAS, To the Sheriff or any Constable of McCulloch County, Greeting:

You are hereby commanded to summon Albert Morris, and the heirs and unknown heirs of Albert Morris, by making publication of this citation in some newspaper published in McCulloch County, Texas, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, once in each week for four consecutive weeks previous to the return day of this citation, to be and appear before the District Court of McCulloch County, Texas, at the next regular term thereof, to be held at the Court House, in Brady, Texas, on the second Monday after the first Monday in September 1920, the same being the 20th day of September, A. D. 1920, then and there to answer the plaintiff's petition filed in a suit in said Court on the 8th day of May, A. D. 1920, wherein B. L. Hughes and S. W. Hughes are Plaintiffs and Albert Morris and the heirs and unknown heirs of Albert Morris are defendants, the file No. of said suit being No. 1920. The nature of plaintiff's demand and their cause of action is an action of trespass to try title for the tracts of land situate in McCulloch County, Texas, and being all of Lot No. 2 in Block No. 12 in the original town of Brady, Texas, commonly known as Fulcher donation to said town of Brady and being the same land conveyed to B. L. Hughes and S. W. Hughes by Emma O. Dawson et al by deed dated November 10, 1919 and plaintiffs plead statutes of limitation of three, five and ten years and pleads claim of title from patentee to themselves.

Herein Fail Not, but have you before said Court, on the said first day of the next term thereof, this Writ, with your return thereon showing how you have executed the same. Given under my hand and seal of said Court, at office in Brady, Texas, this 10th day of May, A. D. 1920. P. A. CAMPBELL, Clerk of the District Court, McCulloch County, Texas.

Don't Always Blame Hens When Eggs Let Mrs. Mary Graves Tell You Her Poultry Raising Experience. "Three years ago I bought an incubator, this year I've made money. Rats stole my baby chicks. I didn't know until a friend gave me a cake of RAT-SNAP. Next morning found two dead rats in hennery. Kept finding them. Suddenly they disappeared altogether. It's the only sure rat killer." Take Mrs. Graves' advice. Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by O. D. Mann & Sons and Trigg Drug Co.

How about your watch? Is it keeping correct time? If not, let us remedy the trouble for you. Satisfaction guaranteed. A. F. Grant, jeweler, east side square.

### MILLIONS IN FARM LOANS HELD UP BY LITIGATION OVER ACT

Washington, May 4.—Farm loans aggregating over fifty million dollars have been held up by litigation over the validity of the farm loan act, it developed today at a conference of farm loan officials here.

Commissioner Lobdell of the farm loan board said that a majority of the applications had reached a stage where only the final approval was needed to complete the loans when it became necessary for the farm loan banks to suspend their loaning operations.

### FREEMAN & DAVIS SECURE LEASE ON QUARTERS FOR MUSIC STORE

Freeman & Davis have secured a lease on their present quarters in the old Conley building on east Commerce street, and thereby announce themselves as permanent fixture in Brady. The firm has been enjoying a splendid business, and while already carrying a large stock of pianos, player pianos, phonographs and musical instruments, now that they have secured permanent quarters, they expect to greatly increase their stock.
