BRADY CITY COUNCIL SETS MAR. 9-11TH ANN'L CLEAN-UP DAYS-PROCLAMATION

MAYOR J. E. SHROPSHIRE CALLS UPON EVERY CITIZEN TO PUT FORTH EVERY EFFORT TO MAKE BRADY "SPOTLESS" TOWN THE COMING WEEK.

Wednesday, Thursday and Friday of next week, March 9, 10 and 11th, have been officially designated as Clean-Up days in Brady. Mrs. J. S. Abernathy, as representative of the Ladies Tuesday club of Brady, who stand sponsor for the clean-up move, appeared before the Brady city council at its regular meeting Tuesday night, and asked that the city co-operate in, and lend official sanction to the clean-up move. This the aldermen readily agreed to do, and the sanitary force of the city, will devote the above days, and the remaining days of next week, if necessary, to making Brady a "Spotless" town.

Mayor J. E. Shropshire has issued a proclamation designating the above as official clean-up days, and calls attention to the fact that the Governor of Texas has proclaimed the Week beginning March 13th as Clean-Up Week. The Mayor calls upon every citizen of Brady to do his full share in giving Brady first rank among the clean towns of Texas.

McCULLOCH CO. SCHOOLS STATE AID IS RECEIVED

County Superintendent W. M. Deans is in receipt of the state aid as finally allotted to the various schools of McCulloch county, which applied for same, and which met the requirements of the State Department of Education. The total, as finally allotted, amounts to \$13,025, and is divided among twenty-one schools of the county as follows:

Dist. No.	School	Amt.
2	Camp San Saba	\$ 100.00
4	Lost Creek	910.00
5	Calf Creek	400.00
7	Rochelle	670.00
11	Mercury	1790.00
12	Ledbetter	655.00
13	Lohn	470.00
15	Waldrup	935.00
16	Stacy	400.00
17	Pear Valley	670.00
18	Melvin	1685.00
20	Harkrider	500.00
21	Hanson	410.00
29	Dodge	305.00
31	Corn Creek	380.00
35	East Gansel	155.00
36	Placid	805.00
37	Carroll Colony	375.00
41	Whiteland	135.00
44	Montgomery	410.00
45	Claxton	860.00
Total		\$13,025.00

CREAM WANTED!
We will be in the market for all your Sweet and Sour Cream by next Wednesday, March 9th. Don't forget the location—in Dutton Building, two blocks east of Queen hotel. SCHILL ICE CREAM COMPANY, O. A. Schill, Prop.

Poultry net wire keeps the chickens in and keeps them out of the garden. O. D. MANN & SONS.

LAST GIN RUN TO BE MADE IN BRADY NEXT WEEK—TOTAL RUN 10,953

The Brady ginning season is just about closed, with a total run for the 1920-21 season of close to 11,000 bales. In other words, it was a good season, so far as number of bales handled was concerned. The Embury gin made its final run last Saturday; the Planters' gin closed down for the season Wednesday night, and the Purdy gin, which will be in operation the remainder of this week and the last three days of next, will close down Saturday night of next week. Ginning report for Brady so far is as follows:

Embry Gin	3327
Planters Gin	3941
Purdy Gin	3685
Total	10,953

W.M. MURPHY TO OPEN FILLING AND SUPPLY STATION

W. M. Murphy has completed arrangements for the opening of a new filling vulcanizing and supply station in Brady, to be located in the E. B. Ramsey building on the southwest corner of the square. The building is now being rebuilt to serve Mr. Murphy's needs, and will be arranged in most attractive and convenient fashion, with a circular drive-in. The filling station will be an innovation in Brady, being a Victor Visible, 5-gallon station, which enables the purchaser to see just the exact amount of gasoline that is pumped into his tank. The filling station will be located in the front corner of the building, making it accessible both from the street and from the drive-in passage.

In connection with the filling station, Mr. Murphy will handle a line of accessories, and will also do vulcanizing, with an expert vulcanizer in charge of this department.

The new station will be ready for business on the 15th of this month.

Don't forget the name and the place when you want to buy or sell—C. H. Arnspiger's Second Hand Store.

CHRISTIAN CHURCH TO HAVE REGULAR SERVICES BY THE REV. RICHARD CAMPBELL

Members of the Christian church are greatly pleased with the coming here of the Rev. and Mrs. Richard Campbell, Rev. Campbell, who is district evangelist, having come here to assist in the work of up-building of the local congregation. Rev. Richards was formerly located at Sterling City, but comes to Brady from San Angelo. His first sermon was preached at the local church last Sunday morning, and services were again held Sunday night, with a good attendance.

Rev. and Mrs. Richards have taken apartments with Mrs. John Duke, and Brady citizens will be glad to welcome this estimable couple into their homes and into local social and religious circles.

BANK AWARDS ANNOUNCED—COMMERCIAL NAT'L GETS \$75,000.00 OF STATE FUNDS

Austin, Feb. 24.—Awards of state funds, for which the average rate of interest was 6.5 per cent with 10 per cent being the highest offered, were made to the following West Texas banks:

Name	Location	Amt. Bid
The Ozona National Bank	Ozona	\$100,000
First National Bank	San Angelo	100,000
Central Nat'l	San Angelo	600,000
First National	Eldorado	100,000
Commercial Nat'l	Brady	75,000
Central State	Coleman	75,000
Eden State Bank	Eden	50,000
Novice State Bank	Novice	20,000
First National Bank	San Angelo	450,000
First State Bank	Big Lake	25,000

CITY PLANS TO DRILL FOR WATER AT PLANT SOON

At the meeting of the Brady city council last Tuesday night, it was decided to drill a water well at the Brady water works plant at an early date, in an effort to secure a supply of water ample for present needs of the city of Brady, or at least a sufficient supply to supplement the water in the present reservoir and which is inadequate to meet the needs in times of prolonged droughts.

While the matter of drilling a water well has been under advisement for some time, sentiment in the matter was crystallized upon the presentation to the city council of a list circulated by Henry Miller the past week, and signed by several hundreds of citizens, who petitioned the city to undertake the drilling of a well for the purpose above stated. Mr. Miller stated that he met with but a dozen or so who were opposed to the idea, and something like a score who stated they were undecided as to the best method of procedure. The vast majority of the citizens appeared in favor of a well as a means of securing the water needed.

A committee composed of Aldermen G. B. Awalt, C. H. Vincent and B. Simpson has been named by Mayor Shropshire to take the matter of securing the drilling of the well in hand. Jeff Meers will also be a member of the committee in advisory capacity. The committee is now open to proposals from drillers for the sinking of the well. It is thought probable that a water supply can be secured at a depth of less than 2,000 ft.

FINAL GINNING DATES.

I will operate my gin for the last time this season on Thursday, Friday and Saturday of next week, being March 10, 11 and 12th, closing down on Saturday night.

J. H. PURDY, Ginner.

You can sell your cream to good advantage now, and there is no better way of marketing. Get a DeLaval Cream Separator—it will pay for itself many times over. O. D. MANN & SONS.

SENSATIONAL SHOOTING AFFRAY—NEGRO KILLS NEGRO WITH SHOTGUN

BRYAN WELLINGTON, PORTER AT JONES BARBER SHOP, HAS BRAINS BLOWN OUT BY ROY IKNER, PORTER AT POLKS BARBER SHOP THURSDAY MORNING.

Bryan Wellington, negro, was instantly killed at about 8:30 yesterday morning by Roy Ikner, also colored, in a sensational shooting affair. Wellington had just finished breakfast in the Queen hotel kitchen, and as he started towards the door, Ikner is said to have fired point blank at him with a 12-gauge hammerless pump shot gun. The negro fell backwards into the kitchen, and Ikner then pumped four more shots into the prostrate body. After returning the gun, which he had borrowed the evening before from Joe McCall for the announced purpose of shooting some rabbits, Ikner walked towards the court house and surrendered to Sheriff Wall. Throughout he appeared cool and unconcerned.

When officers and parties in the vicinity, attracted by the shots, reached the scene, they found Wellington lying in a great pool of his life's blood. Five shots had been fired at him, everyone taking effect. There was a great gaping wound in the nape of the neck at the base of the skull; another in the back of his head, and still another had tore into his body at the shoulder. Any of the wounds would have been fatal. One of the shots had lifted the top of his skull off and literally blown his brains out. Officers searching the body found no arms on it.

PHIL-TEX OIL CO. TO CAPITALIZE AT 1/4 MILLION

K. G. Ridgley and W. S. Dougherty, who have been spending the past week here looking over the local oil situation as representatives of the Phil-Tex Oil Company of Philadelphia, left Monday night upon their return to the East. Upon their arrival there today, Mr. Ridgley stated, a meeting of the directors would be immediately called to take action upon the raising of the capitalization of the Phil-Tex company from \$50,000 to \$250,000. This action would be recommended by Mr. Dougherty, one of the directors of the company, as essential to the success of any operations to be undertaken in McCulloch county.

The investigation of Messrs. Ridgley and Dougherty have convinced them that in order to profitably develop a shallow field, the company must not only have sufficient working capital to enable the drilling of a series of wells, but must also be enabled to build a pipe line to assure a market for the product. Upon this premise, the representatives will base their recommendation for the increasing of the capital stock of the company.

SHIPMENT OF ELECTRIC SIREN HAS BEEN MADE. FIRE CHIEF HURD ADVISED

Shipment of the electric siren to be used as a fire alarm has been made, according to advice received from the American LaFrance Fire Fighting Apparatus Co. of Dallas. Shipment is from the factory at Denver, Colo., and it is anticipated that about ten days will be required for delivery. When it is installed, the Brady Fire department will be enabled to emit wild cat wails that should carry for several miles out into the country.

The new siren will replace the old fire bell in the cupola of the court house. The steam siren, formerly in use, was put out of commission when the city water works changed from steam engine to crude oil engines.

Jeff Meers, who is spending the week here from Paint Rock, states the Texas-Meers Oil Company expects to complete under-reaming and the setting of their pipe down this week when they will be ready to make a test of the sands. Mr. Meers is confident of a gas well, even if no oil is had.

Summer time is close at hand. Lighten the good wife's labors by getting her that needed oil stove, thermic fireless cooker, or that Hoosier kitchen cabinet she needs. O. D. MANN & SONS.

"Purina" Made the Difference!

EQUAL in laying ability. But the hen on the right was fed a common grain ration while the other was fed Purina Chicken Chowder and Purina Hen Chow. Grains have lots of material for yolks, but far too little for whites. As they can't lay yolks only, grain-fed hens lay fewer eggs.

Purina Poultry Chows

form a complete ration, containing material for an equal number of whites and yolks. They get the most out of your hens, and cut the feeding cost per dozen eggs.

More-Eggs Guarantee
You get your money back if Purina Chicken Chowder and Purina Hen Chow, fed as directed, don't produce more eggs than any other ration. Why should you put off a trial when we take the risk?

FIFE FINDINGS.

Nearly 1,000 Rabbits Killed in Drive - Rain Puts Out Stock Water.

Fife, Texas, March 1.

Editor Brady Standard:

The recent rains have put a fine season in the ground for planting, and the latest rain Monday night put out stock water to last some time. A good deal of corn is being planted here this year, and the acreage in cotton is being materially reduced.

Miss Bertha Miller, the efficient principal of our school visited home folks at Lamkin, Comanche county over Sunday.

On the rabbit drive Saturday some 35 men took part. The drive commenced at the S. H. Mayo place, went two miles east, then 3 miles south and 2 miles back to Fife. 947 rabbits were killed, besides many badly wounded and scared to death. This is at the rate of over 300 rabbits per hour, as the drive lasted from 2 o'clock till 5:00. Next Saturday we meet with the Ledbetter district folks at R. L. Long's, 3 1/2 miles east of Fife to drive towards the river. Trucks will be furnished to save all the walking possible. Everybody is invited to help us next Saturday.

Miss Fay Owens visited home folks at Brady over Sunday.

C. M. Coonrod was a business visitor at Brady Saturday.

E. U. Wade returned Friday from Brady where he served on the grand jury the past week.

He'll Put You On the Map

A few miles from a large and thriving city is a little town that can't even be reached by the steam railroads. Yet on a single day last summer enthusiastic buyers from almost every state in the Union sought it out and paid it a visit. What's more, on that single day they spent, in that little hamlet, one hundred and fifty thousand dollars!

What's the answer? Pure-breds. That town is famous as a pure-bred center—to cattle men it's one of the most important spots on the map,

Pure-breds can do as much for your community. They offer the easiest, quickest and most profitable program for building up a community—a program which has pulled whole counties out of the rut, put towns on the map and brought financial independence to thousands of farmers. It is becoming clearer every day that the future of cattle raising as a profitable industry depends upon an economical operation possible only with pure blood. The beef growers who survive in the face of high feed

costs, high freight rates, scarce labor and tight credit will be the pure-bred farmers. And the communities that are ready to supply the breeding stock are sure of a lasting prosperity. *Yours can be one.*

In this final advertisement of a series made possible by THE COUNTRY GENTLEMAN we wish to express our appreciation of its cooperation by again urging you to send in, today, \$1.00 for 52 big issues, every one of which you will enjoy and profit by. Send your order today.

LOST CREEK ECHOES.

Clean Up and Improvement Mt. Tabor Cemetery to be Made.

Voca, Texas, March 2.

Editor Brady Standard:

Since I last wrote to The Standard there has been quite a change. We had good rains and the ground is getting green with grass and weeds.

Up to last Sunday it was a little dry. A few had planted corn and some thought it was a little dry and feared they would not get a good stand. But last Sunday night we had a good rain—a slow, steady four or five hours' rain, and again a still better one Monday night. In all a little over one inch of rain fell. The way it fell and the length of time it was in falling gave us an excellent season.

A large varmint has been seen and heard in the mountains east of here, supposedly to be a panther. Several of the men were out last night and gave chase with dogs and again today, but so far have failed to capture it. It is said some of the dogs got badly torn up. I hope they are successful in capturing it before giving up.

Last Saturday a large crowd met at the Mt. Tabor cemetery and gave it a general good cleaning up and set the first Saturday in May for another working; and at that time arrangements will be made to remove the old fencing and replace it with a better and neater one and tear down the old building on the lot to replace in with a better one. All who are interested in the upkeep of the Mt. Tabor cemetery, wherever you may be, take notice of the date and if you can't be on hand, write someone whom you know lives here, who is willing to help in the much-needed improvement of the cemetery.

Someone said it rained everything Monday night but Farm Bureau speakers.

A big bunch of folks went to the river Tuesday and brought back all the fish they could carry.

Scrap Book for the Children.

A most attractive children's scrap book can be made of colored cotton cambric, and pictures cut from magazines and advertisements. We made one for our little boy he loves dearly, and he will sit quietly and look at it an hour at a time. I cut the cambric into strips twenty-four inches long, and twelve inches deep. I put these strips one on top of the other, and stitched them down the middle, on the machine, so that it made a book with twelve pages, each page twelve inches square. I bound these in a thirteen by twenty-six inch oil-cloth cover.

I cut out colored and black and white pictures from a year's collection of magazines and pasted these firmly into the book. Some of the pages were really beautiful. Also, and incidentally, I almost had a quarrel with my husband, because I cut the chickens off the cover of February Farm Life, to put on the cover of the book. My baby just loved those chickens. I let son help me in the manufacture of the book, so he takes much pride in it. He has himself named all the pictures, and made up stories about them. It is quite instructive for him, and makes him very happy.—Subscriber.

Little Wagons for Little Folks—a good combination to have. O. D. MANN & SONS.

CALF CREEK NEWS.

Invitation to Sunday School—Agricultural Club to Have Program.

Brady, Texas, March 1. Editor Brady Standard: The farmers are all smiles since the good rains we had on Sunday night and on Monday night.

In the basket ball game last Friday the boys from Hext school came over and played our boys basket ball team. The game was 16 to 23 in favor of Calf Creek.

Misses Ople Mae Turner and Leah Blasdel, who have been on the sick list are back in school again.

Mr. Walter Hanson who has been quite sick at the home of his sister, Mrs. Herbert Harkrider, has returned to his home at East Sweden.

Irving Massey who was carried to the Brady sanitarium Monday is reported doing nicely.

Bro. Cobern filled his regular appointment here Sunday afternoon and Sunday night.

Our teachers visited in Brady Saturday and Sunday.

Everybody is invited to attend Sunday school Sunday. Come and enjoy yourself for one hour.

School is doing nicely. The pupils are doing good work and everyone is interested.

The Agricultural club is preparing a program for their club meeting at an early date.

Mrs. Awalt and son, Bill Awalt, and wife, and little daughter, are visiting her sister, Mrs. Smith at Rockdale.

Mr. Jack Wood from Nine bought some sheep from Mr. Calvin Kolb this week.

The young folks all enjoyed a party at Mr. E. B. Smith's Friday night. Mr. and Mrs. Duncan visited their son, Bill Duncan, at Nine Sunday.

Frances Kolb visited Eula Barnett Saturday night and Sunday.

E. L. Bridge is on the sick list this week.

Little Herbert Perry picked up a can of lye and got some in his mouth and eyes, but he is doing lots better now than was expected for him to be doing under the circumstances.

Hoping everybody got a good rain, and I will give space for a better writer.

"DAISY."

Plenty of Texas Red Rust Proof Seed Oats and Winter Barley at Macy Grain Co. Phone 295.

RABBIT DRIVES NET BIG RETURNS IN CARROLL COLONY AND FIFE COMMUNITIES

The Carroll Colony community was the scene of a big clean-up on rabbits Tuesday, something like 37 men taking part in a drive that netted a slaughter of between 800 and 1000 of the pests. The drivers started at the junction of the Eden and Coleman roads, and drove south one mile, and then turned west, making frequent round-ups, and continuing the work until 6:00 p. m. One of the prettiest of the roundups was in the G. J. Burger oat field, where something like 150 rabbits were slaughtered. Despite the numbers of the pests, the oats was a couple inches tall. The entire field is as level as a table. Other round-ups were made on the Perry and other places. This is the fourth drive made by the citizens of this section. The first one, some four weeks ago, set a high record in killings, a total of 1500 having been bagged. This first drive started at Burger's west line, and went to the Santa Anna road, then, taking the next section, went back to the starting point, something like six sections having been covered.

From out Fife way, Jas. Finlay reports 947 rabbits killed in the drive there Saturday evening. Fife and Ledbetter communities taking part, and 35 men being in the drive. The next drive will be on Saturday, and will go from Bob Long's to the river.

Full line of Base Balls, Bats, Gloves and all kinds of Sporting Goods. O. D. MANN & SONS.

Absolutely!

"Hereafter there will be absolutely no smoking in barracks at any time," bellowed a captain in Raritan Arsenal, New Jersey, after a fire caused by a forgotten butt had been quelled. "Absolutely! Not at any time!"

Then he paused and added as an afterthought in a louder bellow even than before: "Especially at night!"—American Legion Weekly.

"It Pays to Have Your Shoes Repaired," is the password at EVERS' SHOE & SADDLE SHOP.

BRADY, TEXAS, Mar. 4, 1921.

HONEST INJUN.

Somebody tell us, why does Spring Fever take the spring out of Spring.

A SQUARE DEAL.

When you buy from a big city store and you don't happen to get what you feel is a square deal and you withdraw your trade, you find later that it isn't a drop in the bucket. Thousands of others who know nothing about your experience go right on trading there, and others come into the city and give that store their business.

But it is different with merchants in towns like Lott. They can't afford to have dissatisfied customers. Their territory is limited, and if they lose very many customers they are paying the way to a financial failure. This is why you are sure of a square deal when you trade with your home merchant. He knows he has to depend upon your trade, along with the trade of people you know personally, so he doesn't pass up any seeming complaint you may have with a snap of the fingers. He knows he must have the patronage and good will of the people right around him or he is gone. He knows new customers are not pouring into the store every day. It is the old ones upon whom he must lean for his support. There are a thousand and one other reasons why you are safer when you trade at home, but can you think of

a better one than this—the assurance that you are going to get a square deal? Talk about the big city merchants doesn't hurt him, for your talk doesn't get very far. But the home merchant knows he must have your good will, and he takes few, if any, chances on losing it. As a result he plays safe, you are sure of a square deal, and it means something to both of you.—Lott Post.

ADVERTISING IN THE COUNTRY WEEKLY.

Advertising in the country weekly is the most valuable advertising in the world. Expert advertisers say it is not only the most valuable but the most scientific advertising in the world. Advertising in the magazines has to be general, for the reason that the average magazine that you receive today was set in type several weeks before that. This means that advertisers in the magazines have to anticipate conditions several weeks in advance of the time the copy is prepared. This is not so with advertising in the country weekly, for the country weekly has the advantage over the magazine in that the weekly circulates in a comparatively small territory and the name of the merchant or the business man who is selling the goods can be placed in the advertisement. This is impossible in magazine advertising, which sometimes covers the whole nation.

The weekly newspaper is also considered the best advertising medium in the world by expert advertisers for the reason that it has a more intimate association with the family than the magazine or a daily paper. No local merchant can afford not to advertise in weekly newspapers of better class. It is a sad commentary upon small town business men that they do not see the advantages to them of carrying an advertisement in the small town paper every single week. Such an advertisement is the cheapest salesman that the merchant can employ. The money spent in advertising in the better class of weekly newspapers is an investment and not an expense; and it is the best paying investment that a merchant can make; but not one in a thousand publishers of the weekly papers is compensated anywhere near what he is worth to the merchants and to the community in which he lives, and to whose interests he dedicates his life. Every editor of a weekly newspaper is constantly working in behalf of every merchant in his community, whether that merchant patronizes the local paper or not; but every merchant of every community, unfortunately, does not have the business common sense and the business foresight to see that it is to his own personal advantage to help support the country editor by advertising—telling the people in the newspaper what he has, how it can be used and what it costs.—McAllen Monitor.

Read it in The Standard.

FARM LOAN ACT CONSTITUTIONAL COURT ASSERTS

Washington, Feb. 28.—The Federal Farm Loan act was held constitutional today by the Supreme Court. The act had been attacked on the ground that Congress was without constitutional authority to establish a farm loan bank and exempt its bonds from taxation.

Justice Day, who rendered the opinion, said the power of Congress to establish banks had in a broad sense been upheld by the Supreme Court in the days of Chief Justice Marshall. Millions of dollars of loans to farmers had been held up pending a decision of the case, which was brought by Charles W. Smith, a stockholder of the Kansas City Title and Trust Company, who sought an injunction to restrain the institution from investing its funds in bonds issued by the farm loan banks.

MILLION IN LOANS TO TEXAS FARMERS TO BE READY SOON

Washington, March 1.—Approximately \$1,000,000 will be turned loose in Texas within a few days as a result of the decision of the supreme court upholding the constitutionality of the farm loan act.

Hundreds of loans have been approved at the Houston land bank and were awaiting only the court decision to be paid.

LITTLE BROWNWOOD GIRL IS KILLED BY GUN IN HANDS 6-YEAR-OLD BOY

The discharge from a small calibre shot gun in the hands of six-year old Fred Baker, youngest son of Mr. and Mrs. Sol Baker, caused the almost instant death Sunday afternoon of Hazel Black, eight year old daughter of Mrs. M. Black, while the children were at play in the Baker home on Willis Creek two miles south of Brownwood. The charge of shot struck the little girl in the right side of the abdomen, and she lived less than an hour.—Brownwood Bulletin.

New Blades make your Boston Pencil Pointer work like new. The Brady Standard.

Garden hoes and garden hose. O. D. MANN & SONS.

LOCAL BRIEFS

A. B. Stobaugh is making for additional comfort in his home by the addition of a sun room, kitchen and bath room, work upon the same having begun this week.

Mr. and Mrs. S. H. Mayo and little son have moved to Fife, where they have taken up their residence on their farm. Mr. and Mrs. C. A. Coleman have occupied the Mayo residence in South Brady.

Have you heard the good news? Let County Judge Evans Adkins tell it—it's a fine boy who arrived at his home Tuesday night, bringing a world of happiness to the adoring parents. Mother and babe reported doing splendidly.

Emercy Wood was here from Pasche this week, and reported a good rain out in his section, which was the cause of much rejoicing. The Embury-Wood gin at Pasche was closed down about two weeks ago, having enjoyed a very good season, and having a record of 2,612 bales ginned.

Ab Salter was in Brady Wednesday rejoicing over the splendid rain. "This March 1st rain is going to cut out lots of cotton planting with corn planting as a substitute," says Ab. And the present low price of cotton is not going to act as a stimulant for cotton planting either, is our opinion.

The repairs and remodeling of the former S. J. Howard home in South Brady, recently purchased by A. H. Broad, are nearing completion. The house, when completed, will be occupied by E. T. Stobaugh and family who will move here from San Saba. Mr. Stobaugh is a brother of A. B. Stobaugh of this city.

J. A. Gahagan, recently appointed local agent for the Texas Company, has occupied his new home on Melton avenue, with his family. Mr. Gahagan has just had the place thoroughly renovated and improved with interior painting and paper-hanging, and has a most neat and attractive home.

T. E. Schafer, former McCulloch county boy, but who has been making his home at Eden for a number of years, was a business visitor in Brady last Saturday. Mr. Schafer re-

ports having all his land bedded up and ready for a good rain. He reports a very fair season in the ground. The rabbits are bad out his way and Eden citizens are planning for a big drive soon.

Observe the beaming smile that decorates the countenance of Matthew Moore, and you will be assured that there can be no other cause for such gladness than that Mat is henceforth to be known as "Papa" Moore. The cause of all this happiness is a fine 9-pound boy who announced his arrival on Monday, February 28th.

Mother and babe reported doing splendidly.

We have the celebrated Avery line of implements—the standard the world over. "Mr. Bill" planters and "Joy Rider" Cultivators do the work that assures biggest crops. O. D. Mann & Sons.

Rubber Bands. Brady Standard.

The Quinine That Does Not Affect the Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE.

IRWIN'S SPECIAL

Have you tried one of our good, old-fashioned, before-the-war dinners at the good, old-fashioned, before-the-war price?

Come in and ask for one, you'll be more than pleased.

And don't forget our short-order counter is always at your service, with "IRWIN QUALITY" always to be found in the dishes served.

Cleanliness Quality

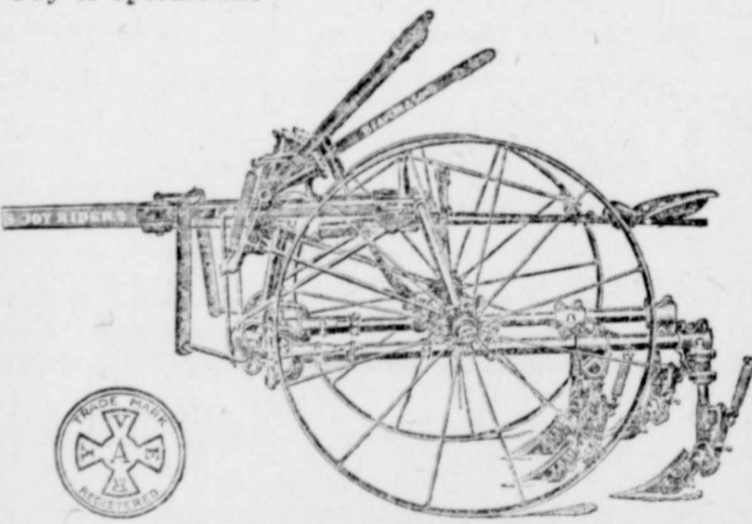

Service Satisfaction

IRWIN'S

Syndicate Building

Riding a Cultivator Under a Sizzling Sun

is no soft job. You can make the day's work easier by using the cultivator shown here because just an easy, swaying motion of the body swings the seat to either side and guides the gang. It is easy for a boy to operate the

Avery "Joy Rider"

Side levers after being set to give the desired depth of cultivation need not be touched, making it easy when turning.

Standards can be tilted so sweeps clean the bed. The distance between gangs is

changed without stopping the team, and wheels can be set as close together as 40 inches or as far apart as 48 inches.

Come in and let us show you this cultivator and tell you the rest of the story.

A visit at anytime will be appreciated. Our services are at your command.

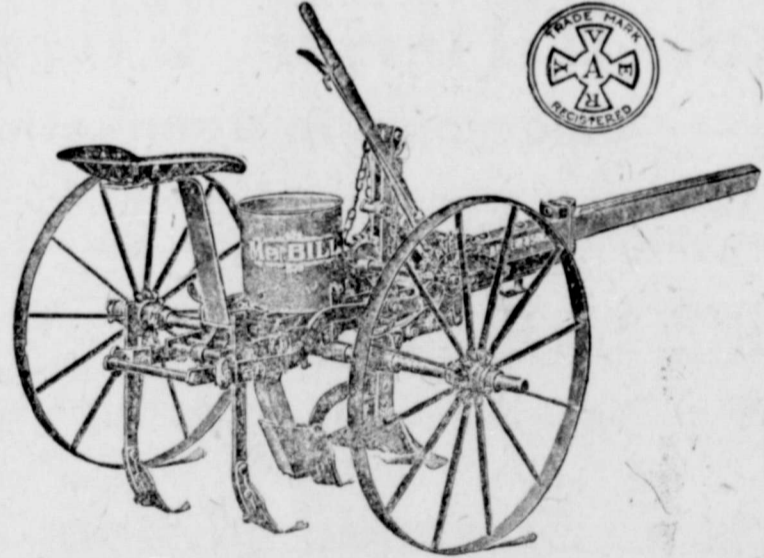

AVERY

"Mr. Bill" Planters and Joy Rider Cultivators

Are two modern necessities on every farm, because they are the farmer's best friends. Into each one is built every essential to assure maximum production of crop. Even planting at any desired depth, and for any kind of seed is one strong feature of the "Mr. Bill" planter while the "Joy Rider" cultivator is so simple in construction that a boy can operate it successfully.

The "Daddy" Of All Riding Planters

is shown here. It was the first one offered Southern farmers, and is still their favorite. More than 100,000 are in use. The

Avery "Mr. Bill"

plants on a level, on beds, or in furrows. It has ample strength to carry a wide sweep or a standard middle burster bottom.

Raising and lowering is done without rollers, belts or links; hence, there is no lost motion to cause trouble after planter has been used a few years. Seed plates are driven by one pair of

beveled gears and action is positive at all times.

This planter can be fitted with regular cotton hopper or the famous Avery Single Seed Hopper. In changing hoppers you use only your bare hands.

Let us show you other points that make the Mr. Bill your best buy in planters.

"WE APPRECIATE YOUR GOOD WILL AS WELL AS YOUR TRADE"

SOCIETY

The Editor Will Appreciate Items for this Column. Phone 163.

Tuesday Club.

The Tuesday club met with Mrs. Chas. Gray Tuesday afternoon. The lesson subject, "The Whirlpool of the Balkans," was led by Mrs. A. B. Carrithers. The meeting of the club on next Tuesday afternoon at 3:00 o'clock will be held with Mrs. George Henderson, Mrs. Chas. Gray leading the lesson upon "Orkneys and Shetlands."

"W" Girls.

The "W" Girls were delightfully entertained at the home of Miss Mar-

garet McClure last Saturday afternoon. Table games, piano music and readings by Misses Edith McShan and Beth Gray of Cherokee, furnished enjoyment for the afternoon, after which refreshments were served the following members: Misses Arvie Wegner, Florence Smith, Marjorie McCall, Eulalia Gavit, Zenda Aschbacher, Mable Strickland, Edith McShan, Edith Reed, Cleone Deavers, Gertrude Trigg, and the hostess. Guests were Misses Dorothy Wood and Beth Gray of Cherokee, and Miss Maxine Williams.

WITH THE CHURCHES

Catholic Church.

Mass will be said on the third Sunday of each month at 10:00 a. m. by the Rev. Francis Hudon.

Presbyterian Church.

The usual Sunday services will be held on next Sunday, March 6th, with Sunday school beginning at 10:00 a. m.

S. H. JONES, Pastor.

"The Long Lost, But Now Found Bible."

The above caption will be the subject of the preacher at the Methodist church next Sunday morning at 11 o'clock. I take this means of appointing everyone who reads these lines to bring one besides yourself to church next Sunday morning to worship with us and to study with us one of the most wonderful and interesting events of Ancient history. Will you not do your best to bring your friend, your neighbor, your company. Do you know how the Bible was lost? Do you know when and how it was found? Do you know who found it? All these facts will be brought out clearly and very plainly, and can you afford to miss it? Then if you think it will be of benefit to you bring some one else. The subject for the evening hour, 7:30 will be, "Orders From Heaven and Double-Quick Action." Sunday school at 9:45; help us swell the number. One of the finest outlooks for an Epworth League that I have ever seen was demonstrated at the church last Sunday at 6:00 p. m. Meet with us at this time next Sunday evening! Come with us

and we will do you good and help you every way we can.

S. C. DUNN, Pastor.

Epworth League Organized.

A Senior Epworth League was organized Wednesday night, February 23rd, at the Methodist church. Sixty-eight were enrolled and the following officers elected. President, Miss Florence Smith; vice-president, Irvin Marshall; secretary, Arthur A-walt; treasurer, Ace McShan.

After the business meeting the evening was spent with enjoyment. An interesting program was given and refreshments served.

Additional members were received and minor officers elected Sunday evening at 6 o'clock, which is the set time for the league.

The program for next Sunday, March 6th, is as follows:

Subject: "How To Put the Bible Into Our Life."

Opening song—"Sweetest As the Years Go By"—52.

Scripture lesson—Psa. 119:105-112.

Song, "In the Garden"—9.

Prayer—concluded with "Lord's Prayer."

"What the Bible Should Mean to Us As Christians"—J. A. Holton.

"In What Ways May We Put the Bible Into Our Lives"—Blanche A-walt.

Duet—Mable Strickland and No-reen Dunn.

"The Power of the Bible in the Home"—Stanley Burney.

Song, "Beulah Land"—40.

Names received to be considered for membership.

Benediction.

Leader: Mary Morris.

—Press Reporter.

DIDN'T THINK HE COULD PLANT CROP

After Taking Tanlac Sampson Says He Can Do As Big Day's Work As Ever.

"My health was so poor it looked like I wouldn't be able to plant a crop, but since taking Tanlac I can do as big a day's work as I ever could," said A. D. Sampson, a well-known farmer of Moray, Kans.

"I was just about laid out altogether, and I had tried all sorts of medicine but nothing helped me. My stomach was in an awful fix. I never wanted to eat much of anything and what I did force down seemed to do me more harm than good. Malaria, was all through my system and at times I had pains all over my body. I was badly constipated, felt bilious and had a mean taste in my mouth nearly all the time. I was subject to terrible headaches and at times was so dizzy I would almost fall right in my tracks. I was too nervous to sleep well and felt so weak and listless all day long that I was just able to get around the house.

"A little more than two months ago I started taking Tanlac and it has put me back in fine shape feeling like my old self again. I have a corking appetite and can eat anything I ever could without a sign of indigestion. I am not constipated now, and am never troubled with headaches or dizzy spells. The malaria has all been driven out of my system and I never feel bilious or have that mean taste in my mouth now. I feel well, strong and healthy like a man ought to feel. This is what Tanlac has done for me and I don't mind telling people about it."

Tanlac is sold in Brady by Trigg Drug Co., in Mercury by J. T. Matlock, in Rochelle by C. W. Carr, and by all leading druggists.

TO TRACTOR OWNERS

Fort Worth, Nov. 10, 1920.

Have you seriously considered the advantage our company has placed in your hands by marketing only Eupion the highest grade kerosene oil? It should be a matter of pride with each of us that we are handling a product that reflects all the skill and experience in manufacturing kerosene.

EUPION has well merited its well-known name—"The family safety oil." Special care and expense in the manufacture of Eupion has produced an oil that can be introduced into the home with absolute safety.

Another great field for the sale of Eupion lies with the tractor trade. Many dealers selling tractors use as a sales argument the fact that their tractors can be operated on low-grade distillate and off quality kerosene. While this may be true, the fact remains, that low grade fuel will result in inefficient operation of the tractor. It pays to get the best—USE EUPION.

When gasoline vapor is ignited in a cylinder the explosion is sudden and violent, comparable to a sharp, quick blow on the piston. When Eupion is used as a fuel in a tractor, the explosion is slower, following up the piston with great driving force. The above explains why Eupion develops such great power when used in tractors.

Low grade distillates and off color kerosene contain certain unsaturated sulphur compounds, which are oxidized into sulphuric acid when exploded in an engine. The accumulation of this acid will cause disastrous results in the engine cylinders. Eupion is treated in the Refinery to remove all sulphur compounds. All manufacturers of internal combustion engines warn purchasers of their engines to use only a fuel as near free from sulphur compounds as possible. Eupion fulfills this requirement.

Eupion will vaporize readily when used in an internal combustion engine and when the explosion occurs it is with a correctly distributed driving force so powerful as not to expend itself until the piston has traveled the length of the cylinder.

Push this ideal fuel oil for internal combustion engines—when an engineer buys Eupion he is buying engine insurance. He is insuring himself against shutdowns, unnecessary repairs and abnormal wear and tear on his engine. IT PAYS TO BUY THE BEST.

Yours very truly,
D. W. BEARD, Mgr.

LOCAL BRIEFS.

J. A. Buttler bought the 640 acre stock farm and ranch from B. R. Murphy, which is situated ten miles northeast of Eldorado for \$13.00 per acre. Mr. Buttler and family are from McCulloch county and will move here at once. They have leased the A. J. Spear place from J. A. Whitten for this year, as he does not yet possess of the place he bought until the first of next year.—Eldorado Success.

The 13-year old son of Carl Hurd, living in the Rochelle community, Sunday afternoon happened to a peculiar accident. Starting out to kill a chicken, he kicked a target rifle laying on the ground in such a manner as to discharge it, with the result that the bullet struck him on top the foot, ranging downward towards the toes. The injured lad was brought to Brady, where a local physician removed the bullet and dressed the wound.

The following items concerning the Rev. J. M. Reynolds, former pastor of the Brady Baptist church, will be read with interest by the many friends of the family here. They are reprinted from the Santa Anna News, Rev. Reynolds and family now making their home in that city. "Mrs. J. M. Reynolds left the first of the week for Denton, where she will spend a month with her son who is cashier of a bank there. The morning following her departure, the Rev. Reynolds, her husband, was down town and found a metallic article which resembled a Chinese coin with a square hole in it, but it read, 'Good for 5c in trade.' The lonely man said he wondered if the 'check' was good for a rickel at Dinty Moore's." "Rev. J. M. Reynolds dropped into The News office Wednesday morning saying he felt just a little bit older than usual, pulling out a telegram meantime advising of the arrival of Jas. Whitmore, to Mr. and Mrs. H. Virgil Reynolds at Denton Tuesday night. The grandmother to the young arrival reached Denton Monday night."

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is cataract. Cataract being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Cataract Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Cataract Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

New and used furniture at bargain prices at C. H. Arnsperger's Second Hand Store.

In Loving Memory of Little Lodeska Horne.

Lodeska, the little daughter of Mr. and Mrs. C. C. Horne of Lohn, departed this life February 28, 1921, after only a few days illness, leaving father, mother, brothers, sisters, grand parents, other relatives and a host of friends to mourn her loss.

She was a primary pupil in the Lohn school and had become a general favorite of teachers and pupils. Lodeska was the most affectionate child I ever knew and will be missed oh, so much in the home, in school and by all who knew her.

Loved ones, it is hard to give her up; but try to think of her not as dead, but as the sweetest flower that ever bloomed on the earth, now transplanted to the great bouquet of God, where she is ever sending out fragrant messages of love and asking you to so live that you may one day meet your precious loved one in a Great Beyond, where there will be no tears, no pain and no parting; but eternal peace and happiness with your sweet Lodeska.
—HER TEACHER.

ALL TIRED OUT.

Hundreds More in Brady in the Same Plight.

Tired all the time; Weary and worn out night and day; Back aches; head aches, Your kidneys are probably weakened.

You should help them at their work. Let one who knows tell you how. Ask your neighbor.

Mrs. J. M. Anderson Brady, suffers from backache a good deal and my back was sore and lame. I had had spells of nervousness and the action of my kidneys was irregular. Mornings I felt tired and lame. I heard about Doan's Kidney Pills and I am glad to say their use brought me great relief. Occasionally now, I take a few doses of Doan's to keep my kidneys in order and I find they do good work."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Anderson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Consider the Telephone Cord

Satisfactory telephone communication depends to a considerable extent upon the proper functioning of a number of "cords" in the transmission line between the two telephones.

There are, for instance, the "transmitter cords" and "receiver cord" on the telephones themselves; the long cord on the desk telephone; the "switchboard cords" in the central exchange—

These "cords" are composed of many tiny wires bound together and wrapped with silk, cotton or other protective material. "Kinks" or rough handling will break the little wires; dampness will penetrate the covering and destroy the insulation—then the cord is "gone."

Switchboard cords are constantly inspected. Cords on telephones are less accessible to the repairman; for "the good of the service" they should be protected against liquids, kinks, sudden jerks or other damage that will impair their usefulness.

"At Your Service"

WEST TEXAS TELEPHONE COMPANY

PERSONAL MENTION

Joe Myers left Saturday night for Dallas upon a marketing trip.

Howard Broad spent Monday in Menard looking after the branch store of the local Broad Mercantile Co.

Mr. and Mrs. Edwin Broad and little daughter are spending the week here from Menard, while Mr. Broad assists in the local Broad store.

Mrs. W. J. Blair left yesterday morning on the Santa Fa for Navasota, where she was called to the bedside of her daughter, Mrs. W. E. Beach, who is very ill.

NEW LOCATION.
Don't forget we are now located in our new office with W. W. Jordan & Co., one door north of the Commercial National bank, where we would be pleased to have you call on us when wanting Texas Company oil, gas or lub. Phone 265.
THE TEXAS COMPANY,
J. C. Gahagan, Agent.
Legal Blanks, The Brady Standard.

STATEMENT

BRADY WATER & LIGHT WORKS

To Water and Light Consumers:
I beg leave to submit the following as my report for the Brady Water & Light Works, month of February, 1921:

RECEIPTS	EXPENSES
Revenue on water..\$1856.25	Salaries\$ 690.00
Revenue on light and power 1745.35	Fuel 227.00
Time and material.. 705.40	Maintenance-repair . 150.00
	Office expenses . . . 35.00
	Car expense 30.00
	Stable expense 18.00
	Lub oil 42.00
Total revenue 4307.00	Total expense 1192.00
Net profit	\$3115.00

W. O. KIRCHNER,
Superintendent.

Beautiful Spring Styles

FROM THE FOREMOST AMERICAN AND PARISIAN DESIGNERS, NOW READY FOR YOUR INSPECTION AT BENHAM'S QUALITY STORE

With Spring already here, and with Easter so near at hand, every lady is anxious to secure a hat that will becomingly complete her costume. Benham's millinery department never was more radiant with beautiful Spring hats than now. All the new colors—China Blue, Tangerine, Tiffany Gray, Copper—new harmonies of vivid embroidery—artistic shades, gleaming

stitchery—gaily-hued wreaths—quaint pins and ornaments that add dash and charm. Our showing is so complete that no matter what colors your Spring costume may have, we have a hat to harmonize.

DAINTY LINGERIE

SILK UNDERWEAR CAN BE DURABLE IN SPITE OF ITS SILKEN LOVELINESS.

Soft and dainty and gossamer as Van Raalte Silk Underwear is, it will give you unparalleled service if you launder it carefully. Every time you launder it, each garment will emerge as fresh and sweet and silky-looking as the day you bought it. Have as much of it as you like; wear it every day with the delightful consciousness that proper care will keep it dainty and colorful.

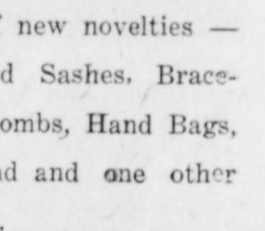

VAN RAALTE GLOVE SILK UNDERWEAR

NEW FROCKS

Whatever milady's fancy for Spring there are frocks to suit the demand. Directoire, Russian, Princess, Oriental and Spanish are the influences most evident in the new frocks. Slim, straight lines predominate in street models, while more full styles are found in others. Embroidery, eyelet work with underlays of bright silk or suede, braid and beading vie with handsome fabrics in making the new frocks. These dainty dresses are certain to please even the most critical.

NOVELTIES

—A world of new novelties —
Beads, Beaded Sashes, Bracelets, Fancy Combs, Hand Bags, and a thousand and one other dainty articles.

NEW SPRING FABRICS AND TRIMMINGS

—This store, each season, assembles fabrics, trimmings, and every other essential to Spring sewing along with timely style suggestions for creating all sorts of lovely things right in the home. The season of washables is practically here. Blouses, lingerie, children's school wear, new frocks will soon be needed. With our attractive stocks of dependable materials—moderately priced—you can make selection to fill your every need.

NEW BLOUSES

New Spring models in Blouses display a colorfulness and gaiety that attract. Canton Crepe and Crepe de Chine are the prime favorites. Whether one chooses a model made of entirely one fabric or in the contrasting tones of two, it is certain to bear gay embroidery which enriches its appearance. Every Spring Suit craves such Blouses as are above described and which are represented in our complete stocks. We want you to come in and see them.

DOVE Under-garments

CREPE GARMENTS NEED NO IRONING!

Convenience and economy are two good reasons for the popularity of these pretty "Dove" Undergarments of crinkled crepe. Just wash them out, hang them up so they'll dry straight, and there they are—ready to wear without starching or ironing.

NECKWEAR

—Clever beyond words are the new novelties in Spring Neckwear. A most interesting display of high collars, low collars, Peter Pan collars, and exquisite lace collars, as well as eyelet vestees. Each designed to add a most effective touch to the Spring costume.

NEW SUITS

Tassled sashes gaily swinging are but one bit of evidence of the attractiveness of the new Spring Suits. Box coats, semi-tailored and Directoire styles, Russian Blouse with cavalierish capes, and mandarin coats are a few of the most prominent features of the new modes. Pique Twill, Twill Cord and Tricotine, in colors of beige, navy, and gray, are the favorites. No matter just what your tastes may be, our large stock and varied styles are sure to give you just the Suit you most desire.

HOSIERY

—With skirts so brief and slippers so fascinating no woman is neglecting to supply herself with plenty of the new Hosiery. Lace clocks, embroidery and lace effects reign on, while very sheer plain hose occupy enviable popularity. We are showing a thoroughly complete stock of the newest, and they are most reasonably priced.

BENHAM'S Quality Store of BRADY

MINE CLAIM NOW WORTH MILLIONS WAS BOUGHT FOR FIFTY CENTS—TAX SALE NETS BUYER A BONANZA

Idaho Springs, Colo., Feb. 25. — The story of how a mining claim, originally purchased for fifty cents at a tax sale, was later sold for \$200,000 and has already yielded several million dollars' worth of ore, was told here by Nathan S. Hurd, pioneer mining man.

Hurd, who is eighty-six years old, made and lost several fortunes in the Colorado mining industry. He is now retired and lives in Denver.

The story is of the "Old Whale" mine, located just outside of Idaho Springs, and the first chapter was written back in the early 60's when adventurous young men, under the urge of prospective fortunes to be wrested from the veins of the Rockies crossed the plains in ox teams, on horseback and even afoot.

"In 1860 I left Denver in the rush of the newly discovered gold fields at Spanish Bar, about two miles from

where Idaho Springs is now situated" Hurd said. "There I met Colonel Jno. H. Dumont, later a prominent mining man of this state.

"It was customary in those days, when we made our own laws, to form mining districts whenever a rush occurred. The first persons reaching the camp after the original discovery could stake off 200-foot claims adjoining the original claim. The next could procure adjacent claims, and so on.

"Then, as the camp grew and it was necessary to support some sort of government these claims were taxed. Of course, many of them would prove to be valueless and their original claimants would abandon them to be sold for taxes.

Sold for Taxes.

"It was at such a sale held in the rear of an old shack that I bought the claim that later became a part of

the 'Old Whale' mine. The owner had abandoned it, believing it was too far from the original strike to contain pay ore. Nobody would bid on it, so I finally offered a half dollar. The bid wasn't raised, so the claim was knocked down to me for fifty cents.

"A few months later I did some work on the claim during my spare time and uncovered what seemed to be paying traces of ore. Colonel Dumont looked the claim over and offered me \$1,200 for it, which I was glad to accept.

"Colonel Dumont developed the claim, found rich ore, bought some adjoining ground and a few years later sold the whole business for \$200,000."

"Think of it!" Hurd exclaimed, "two hundred thousand dollars for a claim that I paid fifty cents for."

"But that's not all," he concluded, "since that time \$2,000,000 worth of ore has been taken from the Old Whale mine and offers of several million dollars for it have been refused."

Hurd declared that similar sales and discoveries were not uncommon in the early days of mining in the state.

WONDER WORDS.

Speaking of Raining and Reigning—Here's How!
Wonder, Or., Feb. 20.
Editor Brady Standard.

I presume that The Standard readers are getting tired of me telling about so much rain. I am tired of it myself! But there is more of it to tell about than anything else. You remember that I told you from September to January it had rained more than four feet of water. Well, it has rained almost steadily ever since. Only stopping two days at a time for three different times. The people here get used to it and go paddling about in it like ducks. Cattle, horses, hogs and all kinds of livestock do the same. Children go to school through the rain and mud and come back through it. There is no use trying to keep out of it. They put on rubbers or water-proof boots or high top shoes and just wade and splash right through it. I wish I had an up-to-date report of the amount of rainfall. I have an idea that it is as much as six feet of water. Just imagine a solid sheet of water all

over the ground that would be over your head if it was all there at once. About a month ago it was reported that the snow at Crater Lake was 11 feet deep. It may be twenty feet by this time, if we only knew.

Well, since my article on prevention of war, I have received an anonymous letter from Brady setting forth another plan and some excellent ideas. I may give you a few of them later on. It is evident that there are thousands of people who are capable of preventing war if they had the reins of government in their own hands. Though it does seem as if the majority of the American people are in favor of war pillage and plunder; and with the present prevailing sentiment if an individual thinks for himself and suggests some idea of government reformation which is out of the ordinary regime, he is apt to be branded as a socialist or what is considered worse yet, a "Red." I expressed my sentiments when Germany began the war. I said I had no way of knowing whether she was justifiable or not. But whether she was justifiable or not, I hoped she would get so badly defeated that no

other nation would ever want to emulate her example of military preparedness. Altho I was afraid that our own beloved government would not profit by her experience, and instead of making arrangements to settle her grievances by arbitration, would rather be inclined to increase her armament and military training; which, if she does, will ultimately result in her downfall and humiliation as it did in the case of Germany. It is folly and absurd nonsense for any nation of people to get it into their head that it can lick the world.

It is very convenient, however, for an Oregonian to have a tub or water barrel standing by the side of the door so whenever you need a bucket of water all you have to do is to dip it out and let some more rain in as fast as you need it.

"O. I. C. U. R. RIGHT."

Physician Says Cancer is Curable

Dr. J. M. Gilbert of Randolph Declares Dr. O. A. Johnson Has Proved His Mastery of Dread Disease.

Physicians know that cancer will not yield to ordinary treatment. Therefore when a bad cancer appeared on his face, Dr. J. M. Gilbert of Randolph, Tex., lost no time in consulting Dr. O. A. Johnson, eminent cancer specialist, of Kansas City, Mo. Declaring he is entirely cured, Dr. Gilbert writes:

"I recommend that every cancer sufferer consult immediately with the man, that I, as a doctor, regard foremost in his line. Dr. Johnson has proved to the world that cancer can be cured."

Dr. Johnson has published a remarkable book called "Cancer Truths" a statement of his theories and experiences in treating cancer without the use of the knife. Purely medicinal measures only are employed; that is, external applications to destroy the cancer and internal medication to purify the blood. This book will be sent free to any cancer sufferer. Or, if you have a friend suffering from cancer, write to Dr. O. A. Johnson, Suite 560, 1324 Main Street, Kansas City, Mo.

The "Good Work" is still going on, and even picking up at EVERS' SHOE SHOP.

Queer Habits of the Great:

Socrates seldom dictated his philosophic utterances into a phonograph. Julius Caesar never made a practice of using a safety razor. Cleopatra never allowed herself to be photographed for the movied.

Napoleon Bonaparte never telephoned Josephine when he was away to see whether she was at home. He apparently trusted her implicitly.

Confucius never ate in a Chinese restaurant where a jazz band was maintained.

Henry VIII. never allowed the newspaper camera man to get pictures of any of his weddings.

Attila the Hun never wore pink silk pajamas.

Christopher Columbus never used the wireless once during his long trips across the Atlantic.

William Shakespeare, one of the greatest writers of all time, never used a typewriter, but ground all his stuff out by longhand.

Must Have the Latest.

"Pa, I have just been reading about a dinosaur."

"Well, don't say nothin' to your ma about it; she'll be wantin' one for the dinin' room."

Wedding Invitations and Announcements—paneled stock and plain. The Brady Standard.

LOST EL DORADO IS SOUGHT IN THE WILD CANONS OF COLORADO

Craig, Colorado, February 26.—Is there another Eldorado in one of the numerous but almost inaccessible canons of western Moffat county, close to Utah border line?

This is the burning question that is on the lips of scores of Craig residents, following vague intimations that the discovery of a rich deposit of placer gold in one of these deep canons has already resulted in the death of at least two persons.

The countryside around Ouchesne, Utah, is also aroused over the story revealed here and may old-time prospectors are expected to trek the treacherous territory surrounding "Dead Man's Ledge," below the junction of the Yampa and Greene Rivers this summer in search of the reported gold ledge.

A little heap of bones and fragmentary snatches of an old Indian's tale, are the only known facts of the story of the reputed strike of rich gold ore and a death fight with desperadoes—a story that reads like a chapter of fiction of the early west.

While exploring a steep cliff in Pool Yampa and Green Rivers, Harry Chew discovered a human skull exposed to view by the erosion of rocks that covered it. He dug into a large pile of loose rock and debris and brought to light sufficient human bones to construct two complete skeletons.

Later, Pete Madison, a prospector, came to the Chew ranch from Duchesne, Utah. Madison was looking for a rich deposit of placer gold, the approximate location of which had been told him by an aged Uintah Indian. Madison tramped the canons of the Green and Yampa streams, but was never able to find the gold. He declares he will make further efforts this summer to locate the "lost El Dorado."

Madison had been able to get only a disconnected story from the old Uintah Indian, who said that two white miners, with an escort of Indians, spent an entire winter in the Rat Hole section of Moffat county. The Indian who told the tale said he was one of the escort. All winter the miners worked at crude sluices, washing gold from the rich sands. By spring they had secured a large quantity of the precious yellow metal, estimated by the Indian to be about twenty-five pounds.

Taking their winter's cleaning, the party started west for a small Mormon settlement to replenish their supplies. They had gone but a short distance when they were set upon by a band of desperadoes and outlaws. The two miners back in a ledge gave fight, while the four Indians fled. Both the miners were killed by the outlaws, the Indian told Madison, and the bodies partially covered by prying off part of the ledge.

South Side Brady, Texas

MOOREBROS. GET 2 YEARS EACH—HARKEY, 6 YRS.

In district court this week, George and Charlie Moore entered pleas of guilty to a charge of burglary, and their punishment was assessed at two years each in the penitentiary. The brothers were charged with having broken into the tailor shop of W. D. Price at Rochelle last winter, stealing men's furnishing and ladies dresses to the value of about \$800. They were captured at Lometa after a search extending over a large part of West Texas.

The jury in the A. M. Harkey case Wednesday afternoon brought in a verdict of guilty, and assessed punishment at six years in the penitentiary. The prosecution finished with the presentation of its case Tuesday afternoon, among other witnesses being Dr. F. C. Rose of Galveston, and who made the chemical analysis of the coffee grounds. Dr. Rose testified that the part of the grounds examined by him contained about 16 grains of strychnine. The sample sent Dr. Rose was about half of the contents of the coffee pot. Physicians testified that one grain or one and one-half grains of strychnine was sufficient to kill a man.

When Harkey was placed upon the stand, he admitted that he had made a confession to his then father-in-law, J. N. Coalson, the prosecuting witness, but averred that the confession was untrue and had been made by him solely in the hopes of ac-

complishing several good objects, chief among which was the effecting a reconciliation with his wife, Coalson's daughter, and who had been estranged from him for some time. Also he pleaded that he thought the "confession" would help Mr. Coalson, who was then in poor health. Harkey's parents testified that their son had never before been convicted of a felony. Attorney for the defense made a plea for suspended sentence.

Judge Woodward in his charge to the jury advised that conviction would enable the assessment of punishment at two to five years, with sentence suspended, or two to ten years in the penitentiary.

The case throughout has attracted much interest, and was attended by a large number of spectators, chiefly neighbors and friends of the principals in the case.

Motion for new trial was at once made by attorneys for the defense, which was over-ruled by Judge Woodward. Sixty days was allowed in which to make appeal, and Harkey was granted bond in the sum of \$4000. Harkey made the bond yesterday morning and was released from custody.

Other cases upon the criminal docket of district court were disposed of as follows:

State vs. Dick Gober and Will Ford, Burglary; dismissed upon motion of district attorney.

State vs. Clint Bell, rape; dismissed upon motion of district attorney.

Three other cases, two charging abusive language, and one charging theft, a misdemeanor, were transferred to county court. These three were misdemeanors, indictments for which were returned by the last grand jury.

The parties charged have not yet been arrested.

The following case on the civil docket was also disposed of:

Walter Pitts vs. H. P. Roddie, suit for debt; dismissed at plaintiff's cost.

The Drinkard will case, which has been before the court for some time, was settled by compromise this week. By the terms of the compromise, Mrs. Drinkard was awarded \$1915.

Enroll Now!

Young women are now filing their applications with The Temple Sanitarium Training School for Nurses for entrance in the June class.

If you are a young woman of average intelligence, physically strong, and of good moral character, we are interested in you. If you wish to earn your own livelihood; if you care to receive a training that leads to a profession much in demand, we wish to advise you to become a nurse. The nursing field is broad, and the demand is far greater than the supply.

When you are a graduate of The Temple Sanitarium Training School you are assured of a place in the nursing profession. Board and tuition free with a monthly allowance while you are receiving your training.

Write today for illustrated booklet. Address:

Miss Wilma Carlton, R. N.,
Supt. of The Temple Sanitarium Training School for Nurses, Temple, Texas.
