JUDGE CUNNINGHAM ADDRESSES BRADY VOTERS

On last Saturday night a comparatively small but appreciative audience heard Judge W. J. Cunningham of Abilene present his candidacy for Congressman from the 17th District in the district court room.

Judge Cunningham was introduced by C. A. Trigg, in a most complimentary speech in which Mr. Trigg stated that Judge Cunningham had made his home in Abilene for twenty years past. In 1902 he was a member of the local option campaign committee that voted the saloons out of Taylor county. He was appointed District Attorney by the Governor, and was elected to this office in 1904, and has since been re-elected to the office, in 1906 and in 1918 and 1920, without opposition. In the meantime, Judge Cunningham has been a member of the State Senate and helped pass the Robinson Insurance law, and also voted for and assisted in the passing of the Full Rendition law, and other notable legislation.

Mr. Cunningham in addressing his audience, spoke in a quiet, earnest tone of voice, and his entire address was attentively heard and accorded evident approval by the audience.

The following is a condensed draft of Judge Cunningham's platform:

1. I am in favor of a strict preservation of the rights vouchsafed to the States under the Constitution, and will oppose any and all encroachments of the Federal government that further impairs the rights of the people of local self government.
2. I favor such further revision of the income tax laws as will as speedily as possible relieve the average individual from the the operation of the same.
3. I favor the absolute repeal of the Esch-Cummins Railway Transportation Act, which in my judgment strikes down the powers of the State Railway Commission and powers of the State to regulate intrastate railroad matters.
4. I am opposed to light wine and beer.
5. I favor an amendment to the Volsted Act making it a penalty of confinement in the Federal penitentiary for any person to possess a still or to manufacture spirituous liquors for unlawful purposes, such penalty to be inflicted for the first offense.
6. I am opposed to the Dyer Anti-lynching bill, or any other bill of like character which gives to the Federal government power to interfere in purely local administration of the laws of this or any other state.
7. I favor legislation that will offer relief to the agricultural and stock raising industry on such manner as not to cast a burden upon the general public. I believe in a system of intermediate credits of from one to three years.
8. I am opposed to any legislation which would relieve foreign nations from the payment of their just debts to this government.
9. I am opposed to waste and extravagance in the administration of the Federal Government, for whatever purpose it may be practiced or advocated, and believe that strict economy should be practiced in the expenditure of the public money, to the end that tax burdens may be reduced.
10. I favor legislation that will assist immediately disabled soldiers and sailors and the widows and orphans of those who gave their lives in the service, as well as adjusted compensation for ex-service men.
11. I favor the levying of revenue duties on practically all articles of imports, both raw material, and finished products.
12. I believe a direct tax should

BRADY HAS ANOTHER DRENCHING RAIN WEDNESDAY EVENING—NINE-TENTHS OF INCH

Brady appears to be getting a little more than her share of the second installment of the "Million of Dollars" rains, having had another drenching downpour Wednesday afternoon, beginning at 3:15 and lasting for about an hour, during which interval 9-10ths of an inch precipitation was had. The rain appears largely local in extent, although the rain clouds moved eastward and gave indications of drenching neighboring territory as well as Brady.

It appears that most all sections of the county have now been visited, although immediately north of Brady the country is still somewhat dry and could use a good shower. Tuesday afternoon a heavy rain fell in the south part of the county, extending from Albert Behrens' place, two miles this side of the river to the mouth of Lost Creek, the roads being made very muddy, and the river coming down on a rise.

PRIZE AWARDS IN CITY BEAUTIFUL MOVEMENT JUL. 14

As will be observed by announcement made in this issue, the Brady Civic League is offering a series of five prizes, ranging from \$10 to \$3, to contestants who enter the "Brady Beautiful" contest. Awards will be based upon the most beautiful front yards, the most beautiful back yard, the most beautiful flower boxes, the most beautiful vines and the most beautiful shrubs. Entrants are requested to send or phone their names without delay to The Brady Standard, so that inspection of their places may be made by the judges.

The contest will close on July 14th, at which time three judges from out of the city will inspect all premises entered in the contest, and make their decision. This assures the utmost fairness in the awarding of the prizes, as the judges will make their decision solely upon the appearance of the places entered in the contest. Brady has many beautiful homes and yards, and several hundred citizens should be enrolled in the contest, which has for its purpose the building of a spirit of greater civic pride among our citizens and home builders.

be levied in proportion to the benefits received from the Government, and the ability to pay the taxes.

Leaving Brady Sunday morning Judge Cunningham returned to his home in Abilene after speaking during the week at Llano, Lampasas, Lometa, San Saba and other points in this part of the district.

TRASH HAULING.

The trash wagons have now made the rounds of the city hauling away all accumulations of cans and trash. If any citizen has been overlooked by the wagons, he is requested to notify the undersigned at the City office at once. Phone 102. E. G. GILDER, City Sec.

THE CITY TRUCK GARDEN Has now all kinds of Fresh, home-grown Vegetables—31 different varieties to select from. So come and look for your self and pick just what you want. The prices are right.

Funeral Services for Clark Benham.

Funeral services for Clark Benham, who met a tragic fate at Henderson, Texas, on Wednesday, May 31st, when he was shot down by the sheriff at that place, were held from the residence of Mrs. J. T. Wood, grandmother of deceased, last Saturday morning at 10:00 o'clock, the Rev. S. H. Jones of the Presbyterian church conducting the services. The body was conveyed to Brady cemetery, where it was laid to rest beside that of his mother.

From New Benham, father of deceased, it was learned that the shooting was said by eye-witness to have been done in cold blood. At the time, Benham was engaged with others in playing dominoes in the hotel lobby. The sheriff is said to have walked up, asked if his name was Benham, and when he answered in the affirmative, was said to have shot him down without further ado. Benham had been sent from Pittsburg to Hender-

BIG TWO-DAY CELEBRATION TO BE STAGED AT FREDONIA JUNE 23-24TH

Chas. Longley, efficient and popular mail carrier on the Fredonia route, was in Brady the first of the week arranging for advertising of the big two-day celebration to be held at Fredonia June 23 and 24th. Fredonia has a reputation for hospitality that always insures a great gathering at her picnics, and this year will be no exception. The picnic will be staged in the beautiful pecan grove, one-half mile east of town, where ample shade and an abundance of cold spring water, make the scene most inviting. There will be all kinds of amusements for the entertainment of the crowds, including base ball and goat roping. The committee in charge of the picnic is composed of Messrs. T. P. Wood, T. C. Dendy, John L. Latham, T. Simon, R. N. Sanders, Jr., W. C. Ellison, R. M. Harmon and Chas. Longley.

son by the Petroleum Oil Co., by whom he was employed as district manager, to look after some matters in connection with the local agency of the company there. At the time of death, he was 29 years old.

Attending the funeral services in Brady were the widow and ten-year old son of the deceased, his father, Newt Benham and uncle, Henry Benham, of Breckenridge, a brother, Howt, a sister, Mrs. Lem Paschal, his grandparents, Mr. and Mrs. J. D. Benham, and Mr. and Mrs. Frank Hall and son, all of San Saba. Also the Rev. Gilmer Smith, uncle and foster father of Mrs. Clark Benham.

SHROPSHIRE LAKE CLUB DAM ONCE MORE REBUILT—DAM LEVEL IS RAISED

Carroll Gray, contractor in charge of the rebuilding of the Shropshire Lake club dam, washed out during the torrential rains of last month, Tuesday closed the gap in the dam, thereby restoring the dam to its original state. The dam is to be raised two feet now, to afford greater protection and to give greater strength, and incidentally the spillways on either side are to be deepened and enlarged. The committee in charge of rebuilding is confident that by this means a recurrence of the recent disaster will be avoided.

A shipment of trout from the government hatchery at San Marcos was recently received, and was placed in the lake remaining after the main body of water escaped through the gap in the broken dam. The shipment originally contained 1,000 fish, but about 250 died enroute, leaving 750, which will form the nucleus for the restocking of the club lake.

About two feet of water was put in the lake since the closing of the dam.

BAPTIST CHURCH EXTENDS CALL TO REV. B. SPARKS

The closing of the revival meeting conducted at the Brady Baptist church the past two weeks by the Rev. Buren Sparks, evangelist of Santa Fe, N. M., assisted by Paul E. Harper, gospel song leader of Fort Worth, was marked Sunday night by an attendance that filled the church house to overflowing. Rev. Sparks proved a most inspirational revivalist, and the church membership has been greatly revived and upbuilt as a result of the services conducted by him. Some ten or twelve accessions to the church marked the revival services.

So well pleased was the membership with the able and aggressive manner in which Rev. Sparks preached the gospel that it extended him a call to the pastorate of the local church to fill the vacancy existing since the first of the month, at which time the resignation of the Rev. J. H. Taylor, former pastor, became effective.

Rev. Sparks has the call under consideration, and will, in all probability, make his decision known to the membership within the next few days.

Rev. Sparks has been chaplain of the State Senate of New Mexico, of which he is a member, and has also been moderator of the State convention. In fact, he is one of the leading divines of our neighbor state. He left Monday for Vernon, Texas, where he expected to preach a sermon before returning to Santa Fe, and to which church he also has a call.

OSCAR CALLOWAY SPOKE SATURDAY ON CANDIDACY

Hon Oscar Calloway, candidate for Congress from 17th district, addressed the voters in the district court room last Saturday afternoon, upon his candidacy. Mr. Calloway was introduced to the audience by Wm. D. Cargill.

Preceding Mr. Calloway, Britton Tidmore, 11-year old lad, and the youngest political speaker in Texas, delivered a most remarkable address. Master Tidmore had committed to memory a ten minute speech on government waste and extravagance, and extolling Mr. Calloway for his good work in Congress and his foresight, which the lad delivered with force and eloquence that kept the attention of the audience. He was given an enthusiastic ovation upon closing.

Mr. Calloway followed, and immediately plunged into a discussion of the issues of the campaign. He dwelt at length upon Democratic harmony, and a denunciation of the Republican party. He called especial attention the fact that both Wilson and anti-Wilson factions of the Democratic party must come together for a common cause—the perpetuation of the Democratic principles as laid down by Thomas Jefferson. Following Mr. Calloway's appeal for party unity, he at once launched into a discussion of the new constitutional amendments, namely, suffrage and prohibition; the child labor law; the Sheppard-Towner maternity bill; the soldiers bonus bill; the federal reserve banking system and the Ku Klux Klan—all of which he denounced in most scathing terms, except the 18th and 19th amendments—prohibition and woman suffrage, which he said he bitterly opposed but now that they are a part of the constitution he believed that they should be enforced. He denounced in the strongest terms the encroachments of the federal government upon the power of the states. He dwelt at length upon the evil effects of the federal reserve banking act, and the money powers of Wall street—J. P. Morgan & Co. He made many passionate appeals to the farmers and laboring classes, who are now burdened by the excessive taxes levied at the hands of the federal government and warned them against the approaching danger of another war, unless something is done. He did not enter into a personal discussion of the other candidates for congress, and closed with an appeal for all the factions to come together and elect a man, who would fearlessly oppose the propositions he had under discussion. He stated further that it would take two years before a new holder of the office could familiarize himself sufficiently with the working of congress to really represent his constituents.

Following his address here, Mr. Calloway left for Rochelle, where he was scheduled for an address that night.

If you are a sufferer with lame back, backache, dizziness, nervousness and kidney disorders, why don't you try the remedy that your own neighbors recommend? Ask your neighbor!

Mrs. J. U. Silvers, Brady, says: "Since I had the flu it left my back in a weak state. I could hardly get around as the pains in the small of my back were so severe. I was so nervous the least noise irritated me. I had bad spells of dizziness and everything turned black before me. Nights I couldn't get any rest and I was annoyed by the irregular action of my kidneys. I heard of Doan's Kidney Pills so I bought some and I can't praise them highly enough for what they did for me. I was relieved of the backache and my kidneys were regulated."

\$365 IN PRIZES FOR BEST RHYMES

A new contest is just being started which will interest everyone who reads this paper. Anyone can enter this Contest—anyone can win! All it is necessary to do is to write a 4-line rhyme on Dr. Price's Phosphate Baking Powder, using only the words which appear on the label of the Dr. Price can (front and back).

Isn't that easy? Everyone likes to make rhymes and here is a chance to spend a fascinating hour or two writing rhymes on this popular Baking Powder and perhaps winning a substantial prize for your efforts.

27 CASH PRIZES

For the rhyme selected as best a prize of \$100 will be given for the second, third and fourth best rhymes prizes of \$75, \$50, and \$25, respectively will be given. And besides these prizes there will be 23 prizes of \$5 each for the next 23 best rhymes. With such a long list of prizes as these, it would be a pity not to try your hand. Here's a 4-line rhyme as an example:

Biscuits, muffins, pie or cake,
With Dr. Price's Powder bake,
The Price's Co., guarantees
No alum in the cans to be.

As Dr. Price's Phosphate Baking Powder sells for only 25 cents a 12 oz. can, some rhymes could play up the great economy of this pure and wholesome baking powder.

All rhymes must be received by July 1, 1922. Only words appearing on the label of the Dr. Price can (front and back) may be used. These words may be used as often as desired, but no other words will be allowed. If you haven't a can of Dr. Price's, you can see one free at almost any grocer's. It is not a requirement that you purchase a can in order to be eligible in this Contest.

Anyone may enter the Contest, but only one rhyme from each person will be considered. In case of ties, the full amount of the prize will be given to each tying contestant. Write plainly on only one side of a sheet of paper and be sure to give your name and address. Send your rhyme before July 1st to Price Baking Powder Factory, 1005 Independence Blvd., Chicago, Ill.

Million Dollar Rain Saturday Morning—Hit the Nail on Head.
Voca, Texas, June 4.

Editor Brady Standard:
Well, Mr. Editor, we got that million dollar rain Saturday morning, just like you requested of old Jupiter Pluvius. Funny the Old Boy would be so obedient and send one just right, but it hit the nail square on the flat end and drove it plumb up. This rain will put bushels and bushels of corn and maize and feterita in the cribs and all kinds of grasses and cane in the bales and beans and watermelons and canteloupes and will be a great help to peaches, plums and apples and make the good grass better and the fat stock fatter. Well, it might, if we keep on summing up be more than a million dollars, so we had better it it alone at this.

Ernest Henderson, who has been confined to his bed for the last three or four weeks is now up most of the time and will soon be well again.

All farmers are well up with their work and the crops are looking fine.

In reply to my old friend, Roberson, of Wonder, Oregon, you got your wires crossed again. He says "A Citizen" made a point in his favor when he asked the question, if he might not be able to secure a superior kind of cane by mixing the kinds. If I mistake not, the question I asked was this: I said, could not Mr. Williams' brother have mixed his pure strain with some other variety? The answer was, yes. But if he had, where would have been the pure strain? Yes, Mart L. Williams is still a progressive farmer and the years that he has already lived has taught him, as well as myself, that the thoroughbred is superior to cross breeds because when you produce a thoroughbred it is the best in the world and can not be made any better. Right here I wish to insert a clipping from the Brown and News, printed in the Brady Sentinel, if the editor will give space: "The twelve or fifteen livestock men of Brown county who met in Brownwood last week and organized the Brown County Pure Bred Livestock Association, are uniting their efforts to lift up and improve the livestock industry in this county. Some of the aims of the association are presented in a statement given out by Mr. E. H. Caldwell, secretary of the association, which states: To make the livestock business of Brown County more profitable.—We believe that purebred livestock are more profitable than scrubs. That they will bring better returns for the feed they consume. That the finished purebred beef, porker or mutton will find a better market than finish scrubs, and that purebred dairy cattle are better and more economical producers than are scrubs. We think that the entire livestock industry of Brown county would be improved and made more profitable if purebred sires were used to the exclusion of scrub sires. Therefore, we shall direct our efforts towards the demonstration of the superiority of purebreds and a campaign for the exclusive use of purebred sires. To this end we shall encourage purebred dairy calf clubs, pig clubs, and baby beef clubs. We shall conduct exhibits of purebred animals and encourage co-operative sale and shipping of all livestock."

Why should these live stockmen of Brown county go to so much trouble and expense if crossbreeds are better, and too, did you not know that a bunch of red bald faced cattle, every one, just alike, or a bunch of black bald faced hogs, every one just alike (which can not be produced without being thoroughbreds) will bring higher prices on the market than will off colors although the off-colors may be larger or in better flesh.
But as a little Jew I once knew said after he had bought his first car, he was driving along slow, but disregarded some city rules or laws and was fined and later he was driving too fast and was again fined. He said, wot de use—when I drive slow da fine me and wen I drive fast da fine me. So I say, what's the use? If a man doesn't like pure-breeds and won't have them, what's the use in trying to convince him of the better qualities of the pure-breeds? So I think with this I will close my part of the little controversy over the pure-breeds and the cross-breeds.

GOVERNMENT TRAPPER GETS 325 WOLVES—MORE THAN THOUGHT IN TEXAS

Lewis Farris, government trapper who has been trapping in the south-eastern corner of Sterling county for the last two and a half years was in San Angelo Wednesday relating the story of his remarkable catch of 325 wolves in that one portion of the county in the time since he has been there. He formerly trapped in Tom Green county.

Mr. Farris, in connection with the telling of his catching the large number of animals, also told of reading some time ago about a certain Congressman in Washington who was fighting the bill to pay bounty on the wolves. This congressman said that he really did not believe that there were as many as 300 wolves in the State of Texas—but my catch in just one section of one of the great number of counties in the state shows where he was mistaken. Mr. Farris stated Wednesday with a laugh. In showing how this number would have been increased in the two years he has been there, Mr. Farris stated that just to consider that one-half of the number were mother wolves and, estimating that each wolf would save six pups each time in the two years, with the addition of this 325 he has caught the number would have been something over 2,250. Of the number Mr. Farris caught 35 were three-legged, showing that they had been caught before, but had gotten away.

Mr. Farris has had much experience in trapping, being government trapper for Tom Green county before going to Sterling county and for a time a trapper in Pecos county. His salary is paid by the federal government. He uses traps and dogs in making his catches. The co-operation of the stockmen is essential in ridding the country of these animals, he said.—San Angelo Standard.

PAUL WILLOUGHBY REPORTS RANGE CONDITIONS IN THE PLAINS-PANHANDLE GOOD

With range conditions through the Plains and the Panhandle the best in several years and all live stock fat, cattle on pasturage are finding a ready market at high prices, reports Paul Willoughby of Christoval, who returned early in the week from Dalhart. He has 2,000 two-year-old steers on feed there.

"I heard of two-year-olds bringing \$52.20 and yearlings from \$35 to \$40," said Mr. Willoughby. Two-year-olds in this section have been selling at around \$35 to \$40 and yearlings at \$27.50 and \$28.50.

"They have three kinds of pasturage around Dalhart: tall, coarse grass on the sandy land, some of which is now waist high, what is considered the best grass on the half-breed land or a mixture of sand and black soil and then grass on hard, black land which grows only a few inches high, but is very thick. The country is pretty well stocked and buyers from Colorado and Middle Western and Northwestern states have been numerous. Rains during the last two months have been general all the way to the state line."—San Angelo Standard.

BRADY'S "BLACK GIANTS" ROMP ON VISITING BASE BALL TEAM OF BALLINGER

The Brady Black Giants is pretty well living up to its claim as the best colored ball team in this section. Sunday and Monday afternoons they lifted the kinky locks off the Ballinger Browns, winning the first by the one-sided score of 15 to 1, and the second by a score of 7 to 2.

The Sunday game started out like a real ball game, and was well played for about the first six innings, even though the locals had the best of it all along. Jess Wallace pitched a good, steady game for the locals, and Reuben Peterson received. In the 7th, the visiting pitcher blew up, letting the locals slug the ball almost at will, and his teammates added to the merriment by fumbling, mugging and booting the ball and playing like their domes were of real ivory.

The second game was a somewhat better exhibition although it was apparent the visitors stood no chance all the way through. Dugan pitched the game and Minor caught.

JOE RUSSELL OF PEAR VALLEY LOSES HOUSE AND CONTENTS BY FIRE MAY 25TH

Joe Russell, well-known citizen of the Pear Valley community, lost his home and contents by fire on May 25th, while the family were away from home. The origin of the fire is unknown. Besides the house and all furniture, the fire destroyed some sheds and a farm wagon sheltered therein. Mr. Russell and family, who were visiting at a neighbor's, saw the flames and smoke and hurried to the scene, but the house was a complete loss before they reached the place. No insurance was carried. With their customary generous spirit, Pear Valley citizens made up a nice purse as an expression of their sympathy with Mr. Russell in his loss.

Colored Church Conference.

The Third Quarterly Conference of the Bethel A. M. E. church of the El Paso district, had its third quarterly meeting in this city, with Rev. K. N. Hardeman presiding. We had services all day, which were good. The spirit ran high, and everybody seemed to enjoy the meeting. Dr. K. N. Hardeman, presiding elder, was at himself, and preached as never before.

Spiritually, the church is alive and moving along nicely, and is doing a great work to maintain the Protestant faith among our people. During the quarter, reports show, \$68.25 was raised.

We are struggling to do a great work.

E. B. SCARBOROUGH OPENS MEAT MARKET AND LUNCH STAND RAMSAY BLDG. MON.

E. B. Scarborough has purchased the lease on the Ramsay building, formerly occupied by the City Grocery, and also the store fixtures, and will next Monday open up for business with a meat market, and sundry other lines of business. In engaging in the meat business, Mr. Scarborough expects to kill only select beef raised by himself, and will thereby be enabled to assure his trade of the very choicest in meats. Incidentally, fresh barbecued meats will be made a specialty. A line of sugar, flour, meal and other necessary food supplies will be carried, and in conjunction with these lines, Mr. Scarborough will operate a lunch counter, serving barbecue, lunches and cold drinks of all kinds.

Mr. Scarborough believes he has secured an especially advantageous location, and expects to give his patrons the sort of service that will bring them back again.

EVERYBODY CAN PLAY
This is a Puzzle Game in which the whole family can participate. Father, Mother, Sister and Brother—all of you can get equal enjoyment while finding "S" words. It is simply a test of skill—your ability to find objects starting with the letter "S" determines the prize you win. Gather all the members of your family together this evening, give each of them a pencil and sheet of paper and see who can find the most.

THE PRIZES
Winning answers will receive prizes as follows:

	If No. Is Sent	If One Sub. Is Sent	If Two Sub. Are Sent
First Prize	\$25.00	\$50.00	\$100.00
Second Prize	25.00	50.00	100.00
Third Prize	20.00	40.00	80.00
Fourth Prize	15.00	30.00	60.00

FOLLOW THESE RULES
1. This Puzzle Game is open to any man, woman, boy or girl who is not an employe of The Fort Worth Record or a member of an employe's family. It costs you nothing to take part in the game.
2. Answers must be written on one side of the paper only and words numbered consecutively, 1, 2, 3, etc. Put your name and address in the upper right hand corner of each sheet.
3. All answers must be mailed before midnight, Monday, June 26, and addressed to C. Quilliam, Puzzle Manager, The Fort Worth Record.
4. Only words which are found in the English dictionary will be counted. Do not use compound, hyphenated or obsolete words. Either the singular or plural can be used, but not both.
5. Words of the same spelling can be used only once, even though used to designate different objects. The same object can be named only once, although there is more than one word equally applicable to an object, any one of them will count.
6. The person sending in the largest and nearest correct list of words beginning with the letter "S" will win First Prize; second nearest, Second Prize, etc. One point will be given for each correct word sent in and one point will be taken off for each incorrect word or omission. Neatness, style or handwriting will have no bearing upon deciding the winners.
7. All answers will receive the same attention regardless of whether or not a subscription is sent in.
8. Candidates may work together in answering the puzzle, but only one prize will be given to any one household. Nor will more than one prize be awarded to any group outside of the family where two or more have been working together.
9. In the event of a tie for any prize offered the full amount of the prize will be paid to each person tied.

testants agree to accept their decision as final and conclusive.
11. These judges will meet directly following the close of the contest and the names of the prize winners and the winning list of words will be published in The Record just as quickly thereafter as the judges can complete the checking.

HOW TO WIN \$1,000
It costs you nothing to take part and you don't have to send in a single subscription to win a prize. If your list of "S" words is awarded first prize you will receive \$25.00. But, if you would like to win more than \$25.00, you can do so by sending one or two six-months subscriptions, with remittance to cover, to The Fort Worth Record.
HOW: If your answer is awarded First Prize and you have sent one six months' subscription to The Record (either new or renewal) you will receive \$25.00 in place of only \$35.00. (See second column of figures in prize list).
BETTER STILL: If you are awarded First Prize and have sent two six months' subscriptions to The Record (one of which must be new) or one new subscription for a full year, you will win \$1,000.00 in place of only \$25.00. (See third column of figures in prize list).
It takes but two subscriptions to qualify for the Big Cash Prizes. Absolutely TWO subscriptions are all you need, one of which must be a new six months' subscription. Your own renewal subscription will count as one and we can take subscriptions to start at any future date. In sending in your subscriptions give full instructions on a separate sheet from that on which you send in your answer, and don't fail to mark whether new or renewal.

HONEST INJUN.

Say, Friend, while absorbing red lemonade and ice cream cones at these various picnics, don't forget that the main show is going to be pulled off in Brady by the veterans on July 12, 13 and 14th.

SWAT THE FLY.

Will Isaacs who attended church at the Adams school house Sunday, reports that J. R. Alexander has a lot of fly traps out on his range and screen doors to his pasture. Will says if Mr. Alexander is successful in exterminating the fly he will fix up his ranch in the near future.—Eldorado Success.

Brady has a merchant who is advertising fly traps for ranches, but no local merchant has so far had the hardihood to tell the readers he has screen doors for the pasture gates. Look alive! There are wonders happening these prohibition days.

THE MAN WHO COULD NOT HATE.

The tributes paid to Lincoln upon Memorial Day by former President Taft and by President Harding illustrate the growing place which the Civil War executive occupies in the esteem of America. If the claim to greatness is secure to any man who lived and wrought and died in this country surely it is to Abraham Lincoln. And in this day of suspicion and strife and hatreds, little and big, one great characteristic of Lincoln's should be thought upon seriously and often. Perhaps it was his greatest trait: Lincoln was a man who could not hate.

"You have more of that feeling of personal resentment than I have," Lincoln told his own supporters on the night of his second election to the presidency. "Perhaps I have too little of it; but I never thought it paid. A man has not the time to spend half his life in quarrels. If any man comes to attack me, I never remember the past against him." It was once said of him that he remarked whimsically that he believed he could scare up a little sympathy for the devil himself. The story of his life is the story of a conscience unafraid and a heart unchilled by arrogance and unscarred by vengefulness. He dared to love, even in the midst of bitterness all about him.

It is not to be wondered, then, that the greatness of him appealed to all the world. Would that it could appeal to us individually and personally also. Perhaps that is what Mr. Chief Justice Taft had in mind when he said on Memorial Day, in the shadow of the great architectural token of America's regard for Lincoln, "The influence he still wields, one may say with all reverence, has a Christ-like character." — Dallas News.

Judge W. J. Cunningham for Congress. Judge W. J. Cunningham has authorized The Standard to announce his candidacy for Congress from the 17th district. Possibly no better introduction of Judge Cunningham could be given the voters than is contained in the following article reprinted from his home paper, The Abilene Reporter:

The Reporter carries the announcement of Honorable W. J. Cunningham as a candidate for the Democratic nomination for Congressman from this district at the coming primary. Mr. Cunningham has resided in Abilene for over 20 years and he needs no introduction to the people of this city or county or immediate vicinity. He has been a prominent figure in all local movements of a public nature for the past twenty years.

His first public service was as a member of the Local Option Campaign committee in which the saloons were voted out of Taylor county in 1902.

Shortly thereafter he was appointed by the Governor to the office of District Attorney in this judicial district. He was elected to the office in 1904 and re-elected in 1906 without opposition. He was then elected again to this office in 1918 and re-elected in 1920 without opposition.

During his tenure of the District Attorney's office he has been a terror to the violators of the law in his district. There is not a more able or fearless prosecutor in the State of Texas. He has measured words with the very best lawyers of this state who will testify to his ability.

He was also a member of the State Senate during the 30th Legislature and while in the Senate he introduced and assisted in passing the bill giving Local Option contest cases precedence over other cases in the Court of Appeals. He also voted for and assisted in passing the Full Rendition Law, the Robinson Insurance Law, the Anti-Bucket Shop law, which made it a felony to run a gambling house or to permit gambling on the property of the owner or the lessee thereof.

He has also been active in matters political. He was a member of Poindexter's State Executive Committee and campaigned for Poindexter when he was a candidate for governor. He also campaigned for Ramsay and Ball when they were candidates for governor. He also made prohibition speeches over the state in 1911 in connection with the Statewide Prohibition movement.

He has always been a clean, forward looking, progressive citizen.

He is always keenly interested in the welfare of our schools and in the civic development and improvement of our city and county. For eight years he was a member of the Abilene City School Board, being the chairman of the board the last four years. He has been a member of the First Baptist church of this city for many years. On all public questions where a moral issue is raised he has been found upon the side of morality. He is a good man, a good neighbor, a good friend, a good fighter and if he is elevated to Congress he will be fearless and courageous and vigorous in discharging the duties of this office. If you are not acquainted with Judge Cunningham we trust that the voters of his district will give his claims due consideration.

ELIJAH F. ALLIN POST, AMERICAN LEGION.

TO OUR ICE CUSTOMERS AND THE PUBLIC IN GENERAL:

We realize that we are operating a public service business, and we want the people to know we are doing it along honest and legitimate lines; if we are not we are willing for reasonable men to correct us. We want the ice plant to be a credit, not only to Brady, but to us as operators. (And right here we want to say few towns the size of Brady have better plants,) and we feel that the people of Brady should be able to point to their ice plant with pride. We know you realize it is a reasonable business, and at the most cannot make a profit for more than four months out of the year. We have a capacity of over six thousand tons per year if we could operate continually, while the largest years business we have ever had was less than two thousand tons. We hope, however, to be able to increase the consumption by getting ice to the country people at a cheaper price; in most places in the country they are being charged \$1.50 to \$2.00 per cwt., when we only get 40c to 50c for the same ice. This is not only detrimental to us, but prohibits the people from using it, when they actually need it and want it, except as a luxury, which is an injustice to them.

We are charging 60c per cwt. to the retail trade at the platform for from 25 to 100 lbs., which is the same price being charged at Brownwood, a town four times the size of Brady, and with a plant more than four times the capacity, and we have arranged by the use of coupons to deliver this ice anywhere in the city limits in 50 lb. deliveries for 65c per cwt. or 2 1/2c for each delivery by purchasing 3,000 lbs.; at 66 2-3c per cwt. or 3 1-3c for each delivery by purchasing 1,500 lbs.; 70c per cwt or 5c for each delivery by purchasing 500 lbs. In 25 lb. deliveries 66 2-3c per cwt. or 1 2-3c for each delivery by purchasing 1,500 lbs.; 70c per cwt or 2-12c for each delivery by purchasing 750 lbs., 74c per cwt. or 3 1-2c for each delivery by purchasing 250 lbs. In 12 1-2 lb. deliveries 70c per cwt. or 1 1-4c for each delivery by purchasing 750 lbs.; 72c per cwt. or 1 1-4c for each delivery by purchasing 375 lbs. This makes it possible for anybody to buy coupons and avoid paying a higher price off of wagons. We have installed the Protective Coupon System, which absolutely protects, and unless you will cooperate with us in the use of these coupons we see no way of maintaining an efficient delivery system at these small charges.

We do not want to sell ice at 80c per cwt.; we do not want that much money for it, but if we delivered from wagons as cheap for cash as for coupons, or at the platform, we could not hope for cooperation nor a cheap delivery price.

What would your coal dealer think if you asked him to deliver your coal one scuttle at a time, and pay for it as he delivered it? You can readily see how ridiculous it would be, yet that is exactly what we are expected to do in some instances in the ice business. Most people will buy from one to five tons of coal in the hot summer time, pay the cash for it, get it all delivered at one time, and put it out in rain and sun to air, slack and depreciate, as well as let the cows pack it off, in order to save on the price; you know, or your dealer can tell you, how much more it would cost you to make deliveries to you in this way and yet we know ice deliveries must, of necessity, be made every day or two.

Brady is a hard town in which to maintain a delivery service, anybody operating one will verify this statement. On account of the town being so scattered and rough it is very expensive; last year our delivery cost was almost 20c per cwt. It is our purpose to reduce this expense and give our customers the benefit of it in the price, but the only way it can be done is by delivering more ice with the same men and this can never be done as long as they have to be detained on the route to make change, or charges, or sent down town to your place of business to get the money. You know this makes extra expense and trouble; not only to the delivery man, but to

you as well. Your time is evidently worth something, besides having to be bothered with this every day occurrence.

As stated: We are selling ice at the plant for 60c per cwt., which is the same price charged before we went into the war, and you know there are very few things as near the old price, especially when operating costs are practically double. We used to hire an engineer for \$75.00 per month, now we pay \$150.00; delivery men for \$50.00, now we pay \$100.00, and other labor in proportion. Ammonia used to cost us 20c per lb., now it is 37c; fuel oil 80c per barrel, now it is around \$2.00 per barrel on an average, and has been double that amount. We never did go above 80c per cwt. on our ice while towns like Dallas and Fort Worth charged that amount, and small towns, especially in West and Southwest Texas charged \$1.00 per cwt. Almost all other commodities you can think of advanced from two to four times the former price, why single out the ice industry alone, all over the country, and try to make it stand all the loss? By every reason in the world, to a fair minded person, it is impossible for prices to be as low as before the war with freight rates and other things as they are. If you are going to try to force these conditions, why not do so all down the line. You know living expenses are almost double, building material as well; doctors, druggists, lawyers and even our own home town papers, as well as preachers and teachers have to have more for their services. You might single out some of these that seem high, but upon thorough investigation you might decide differently.

Don't you think you would rather see our public utilities operated by home people, or the city, so the surplus if any, will stay at home, than to see them in the hands of large public Corporations who live in New York or some other city, and who have very little feeling for us, besides taking all their surplus away, and when they get in they can do as they please about prices and service, and everything else. We have an immediate instance at Ballinger, they put ice at \$1.00 per cwt. and light in proportion. The city became indignant, voted a large amount of bonds and put in a complete plant, with a result that the Company cut the price to 25c per cwt. at the platform, which was ruinous, and the city now has used up its money, and will have to quit or vote more bonds to pay operating expenses, unless the people are willing to pay a reasonable price for the service which is hard to get them to do when they can get it for nothing. The Company can run at a loss because they have plants all over the country at which they are making a profit, but this cannot and will not continue, because eventually it will have to be put on a reasonable basis. We do not believe any reasonable person would want to see such conditions in Brady. Some few might profit while it was going on, but it would be different after it was over with.

During the time there was so much agitation in Ft. Worth and Dallas about ice prices, we had an example of how unreasonable people can be and how absolutely indifferent and uncharitable to the needs of others. It was absolutely established that the Women's Clubs who were the most active and the hardest persecutors, enrolled numerous members who thought nothing of paying \$25.00 for a pair of shoes, \$50.00 for a hat, or \$200.00 for a dress, seemingly never conscious of their inconsistency. It simply goes to show to what extremes people will go.

We want to render an efficient service and only ask for a fair and reasonable return, and we earnestly crave your co-operation and support in making our service better, as well as more efficient, to the end, that prices may be kept as low as good business methods will justify, and with a further object of working together for a bigger and better Brady, who's interest will be more closely allied and better cemented in the spirit of mutual good. Yours to serve.

Senior Bridge Club.

The Senior Bridge club met on Tuesday of last week, and were delightfully entertained by Mrs. Ed Campbell, the following club members attending: Mesdames W. D. Crothers, Herbert L. Wood, Bailey Jones, G. V. Gansel, W. R. Davidson, H. B. Ogden, Sam McCollum. Mrs. M. C. Wolfe was a guest.

Club prize for high score in the series of "Bridge" was received by Mrs. Ogden.

The hostess served a salad course. Mrs. Davidson entertains for the club next Tuesday.

Junior Bridge Club.

Mrs. Chas. Williams was hostess on Thursday morning at 10:00 o'clock to the Junior Bridge club, with club members and guests attending as follows: Misses Erin Yantis, Lucille Benham, Norma Samuel, Lessie Samuel, Jennie Banister, Leona Banister; Mesdames P. B. Melton, O. Z. Herzog of Houston.

Mrs. Melton received club prize for high score, and Mrs. Herzog, guest prize. The hostess served a salad course.

The club meets next Thursday with Mrs. J. W. Ragsdale.

Wednesday club.

Mrs. Wilson D. Jordan entertained pleasantly on Wednesday afternoon for members of the Wednesday club. Roses and nasturtiums furnished fragrant decorations. The usual series of games was enjoyed at three tables, with club members present as follows: Mesdames C. Crawford, Edwin Broad, B. L. Hughes, T. Gray, J. B. Granville; Miss Mozelle Glenn; and guests: Mesdames A. B. Cox, R. F. Culbreath of Stamford, G. C. Kirk; Misses Jennie and Leona Banister.

Following the games, the hostess served an ice course.

Mrs. H. N. Tipton entertains for the club next week.

Friday Forty-Two Club.

Mrs. A. B. Cox entertained on last Friday afternoon for the Forty-Two club in compliment to her sister-in-law, Mrs. R. F. Culbreath, of Stamford, who is her guest, and the occasion proved a most delightful one. The Cox home was prettily decorated with masses of wild flowers, and the following club members were in attendance: Mesdames H. R. Hodges, J. E. Shropshire, N. A. Collier, Roy Wilkerson, F. M. Richards, N. G. Lyle, Jr., J. F. Davis. Guests were Mesdames Sam McCollum, B. L. Hughes, Ida Mathew, W. D. Jordan, C. Crawford, A. B. Stobaugh, V. R. Jones, Paul Calvert, John Crawford, W. R. Davidson, A. D. Wright, W. H. Ballou, J. B. Whiteman, Duke Mann, and the honor guest, Mrs. Culbreath; Misses Norma and Lessie Samuel.

Following an interesting series of "42," the hostess served refreshments of cream and cake.

Mrs. W. J. Day entertains for the club this afternoon.

CO-OPERATIVE REVIVAL TO START SUNDAY MORNING AT METHODIST TABERNACLE

We are glad to present to the readers of The Standard, the likeness of both the Evangelist and the song leader for the co-operative revival for the people of Brady, and McCulloch county, who will arrive next Tuesday and will hold their first service under the tabernacle at 8:15 the same evening. However, the meeting will begin at 11 a. m. next Sunday, and everybody is urged to get in the big choir as quickly as possible.

Services Sunday night at 8:15, also Monday night at the same hour.

You will notice that the singer that was previously announced, will not be with us, but that his place will be filled by Mr. Geo. P. Bledsoe, who has a very wide reputation all through the south as being very proficient in his line. Let's hear him sing and Dr. Copeland preach the very first service, and be a stayer to the end.

A Better Plan.

"I've just heard a new charm to tell whether any one loves you; and, if so, who it is," whispered Elsie.

"What is it?" queried Sophie, absently fingering a new diamond ring.

"Well, you take four or five chestnuts name them each after some man you know, and then put them on the stove, and the first one that pops is the one that loves you."

"H'm!" said Sophie. "I know a better way than that."

"Yes, indeed. By my plan you take one particular man, place him on the sofa in the parlor, sit close to him with the light a little low and look into his eyes. And then, if he doesn't pop, you'll know it's time to change the man on the sofa."

2-DAY POULTRY SCHOOL FOR McCULLOCH COUNTY

We have been very fortunate in securing the services of Miss Myrtle Murray, poultry specialist of the Extension Service, Home Demonstration Department, for a two-day poultry school in this county. Miss Murray is a poultry specialist of wide repute and I feel sure the poultry raisers of this section will have an opportunity, if taken advantage of, to learn a great many things about the profitable production of poultry on their farms. Miss Murray will give a lecture at the court house, Saturday afternoon, June 17th at 2:00 o'clock on Poultry Culture and the Poultry Industry, and will also give demonstrations in culling for egg production and show ring judging according to the standard of perfection. This will be a very instructive program and we are anxious to see every poultry raiser in the county present if possible. This meeting should be of special interest to the ladies and a special invitation is extended to them and the club boys and girls.

The dates for the afternoon and evening of Friday, June 16th, have been left open purposely and will be awarded to the two communities in the county which are desirous of having Miss Murray hold a similar school in their community and are willing to guarantee that a representative crowd will be present. This is an opportunity which our poultry raisers do not have every day and I think should be taken advantage of. I am ready to entertain requests from each of two communities which are desirous of having either the afternoon or evening meeting Friday, June 16th. I will have to base my selections on the most apparent interest and when the meeting is granted a community, will expect that it be given sufficient publicity to insure the presence of a good representation of the community.

There is a great undercurrent sweeping through this section of the state relative to the poultry industry and our farmers are awakening to the opportunities offered for diversification by poultry and live-stock farming. Every day the farmer is realizing more and more that in order to prosper he must make his living at home and let cotton be his cash crop, not upon which to base his absolute dependence for a living but with which to make improvements and to buy those things which go to make life worth living. It is true that a great deal has to be learned before the average farmer can make a success of these undertakings and a school such as we propose to have, with Miss Murray, is the place to learn not mere theories but facts which have been proven through actual practice. A few years ago our farmers knew very little if anything about the value of their egg crop as infertile eggs or those produced after the hatching season and when the roosters were removed from the flock, but today we find numbers of farmers who have disposed of their roosters and are reaping the benefit of an advanced price for a superior quality of eggs. Twenty cents as compared to twelve and a half cents per dozen for eggs may seem a trifle at first thought, but when we reduce it to figures we find quite the contrary to be true. Figuring this difference in price between fertile and infertile eggs we see that a man who sells as many as ten dozen eggs per week has a weekly saving of seventy five cents which in a month of four weeks amounts to three dollars. A flock producing this number of eggs at this season of the year is usually headed by about two roosters and there are few farmers of my acquaintance who can afford to pay a rooster a dollar and a half per month for strutting about the premises and crowing for day.

Further interest in the poultry development in this section is evidenced by the fact that during the past three weeks a number of carloads of poultry advocates have made the trip to San Angelo to see the wonderful Brezeland Poultry Plant, which two young lady school teachers have built up out there. It is a hard, trying drive, all right but to the poultry enthusiast it is well worth the trouble incident to going over there and seeing the plant. It was an uphill pull also for the two young ladies who established the plant but they had faith in the undertaking and after six years of hard work and study they are expert poultry women and are proud of the great business which they have built up. Mr. and Mrs. H. J. Huffman, Mr. and Mrs. Chas. Lattimer and family and Miss Boyles

made the trip Sunday before last at the time that Mr. Keller, Mr. Miller and I drove over and while it was a hard trip on the elder people and those with children, they saw and learned even more than they had expected and were well pleased with their outing.

It is with those things, of which we do not have the correct understanding or knowledge, that we make our failures, but we are all more or less capable of learning, if we apply ourselves to the task and unless we are willing to do so we had best let these things alone. If the farmer who has raised chickens around his barn yards under the old hit or miss, or survival of the fittest method, feels that he knows all there is to be learned about the poultry business, he had best stay with his little flock of barnyard mongrels and let the other fellow go into the chicken business.

I would like to know as soon as possible which communities would like to have Miss Murray with them on Friday. If some leaders in the community will be benefited by such a meeting and will get in touch with me either by phone or letter I will be glad to co-operate with them.

FORT MASON POST AMERICAN LEGION PLAN 2 DAYS REUNION AT MASON REUNION GROUND

It is announced that the members of the Fort Mason Post of American Legion are arranging for the holding of a two-days' picnic and barbecue event at the reunion grounds near Mason, on July 19th and 20th.

This Legion post held a similar celebration here last year and the occasion proved quite a success and announcements are that no efforts will be spared in making the coming event one that will surpass the one of last year in the way of amusements and attractions.

The News will make further mention of this event as details pertaining to the program are given out.—Mason News.

Hitt The Boll Weevil Before He Hits You!

The Machine With the Pans and Brushes. DON'T BUY A SUBSTITUTE

Which To Invest \$15 NOW in a Hitt Boll Weevil Catcher—Or to Run is Best? the Risk of Pasturing Weevils on High Priced 1922 Cotton?

We make the Hitt Boll Weevil Catcher and over 5,000 in successful use in Texas alone proves that this machine with the pans and brushes—EASILY ATTACHED TO ANY CULTIVATOR—will stop the boll weevil.

Why? Because as you work your crop it brushes the boll weevil off into the pans, where coal oil and water finishes him in short order. It takes off the punctured squares without damage to the plant or sound squares and stimulates the cotton to BETTER GROWTH by brushing through it. Therefore we say to every REAL cotton farmer of Texas that we KNOW it is better to buy a Hitt Boll Weevil Catcher for

every cultivator RIGHT NOW, and INSURE against the boll weevil rather than HOPE he won't show up. Start using the machine as soon as the cotton begins to square. Then you'll KEEP IT CLEAN until laid by—and all without any extra labor cost.

We believe in economy. But do not take unnecessary chances with your whole crop investment to save a few dollars—so we say, Mr. Farmer, don't gamble with the boll weevil. Use our machine and be safe instead of sorry.

Price \$15.00 **HITT BOLL WEEVIL MACHINE CO., 802 Cadiz St., Dallas, Texas**

GOT TWELVE MORE BALES
I wish to advise you that I have used three of your Boll Weevil Catchers and have found them satisfactory, in the way I used them, and they can be used profitably by any man that will constantly use them. I made, on the average land, 12 bales more cotton as a result of the use of these machines. In my opinion, a man can make more cotton by using these machines in any year than he can without, for they stimulate the growth of the cotton.—(Signed) FRANK DOHERTY, Austin, Texas, Feb. 25, 1922.

New Superior Model Breaking All Sales Records of Standard Fully Equipped Cars

This leadership has come only from sheer superiority in value per dollar of price. Price, operation and maintenance considered, your dollar buys the most transportation in a Chevrolet. Equipment and accessories considered, Chevrolet is the lowest priced car made.

You buy it all at one time, because Chevrolet is ALL THERE as sold—nothing more to buy but the license, gasoline and oil.

Chevrolet Invites Comparison Because Comparisons Sell Chevrolet

Consider What Chevrolet Equipment Means:

Standard Rear Axle Construction. The new Superior Chevrolet has the strong, quiet Spiral Bevel Gear Axle that "stands the gaif" without beaking.

Standard Transmission—three speeds forward and one reverse.

Standard Braking System—foot service brake, hand emergency brake.

Standard Electrical System: Starter, storage battery, Remy ignition, electric lights front and rear, on battery circuit.

Standard Cooling System—pump circulation, large honey-comb radiator and fan. This means a cool, efficient engine, saving gasoline and oil and insuring driving comfort.

Standard Doors—two on roadster and coupe, and light delivery, four on touring and sedan.

Powerful, Valve-In-Head Motor. The same type as used in successful cars selling at much higher prices.

Standard Instrument Board, containing speedometer, ammeter, oil pressure gauge, lighting and starting switch, and choke pull.

Standard Type of Carburetor, with exhaust heater—one reason why you get most miles per gallon of gasoline with a Chevrolet.

Demountable Rims—extra rim on rear. No trouble to change tires on a Chevrolet.

Many Other Advantages which will be noticed on inspection, comparison and demonstration.

No matter what car you own or think of buying, see the New Superior Model Chevrolet.

NEWSPAPERS DID IT!—AD RESULTS DELIGHT FORT WORTH "HUP" DISTRIBUTOR

"A Hupmobile a Day" is the way J. R. Overstreet, West Texas Distributor of Hupmobile cars with headquarters at Fort Worth describes the way the famous "Hup" has been selling during the past month in his territory.

"Yes, better than a car a day," declared Overstreet, "for our actual sales in this territory have totaled just 33 Hupmobiles in just 30 days and in addition to this splendid record of retail sales, we have added nine new, live-wire dealers to our list of Hupmobile sellers in the same period of time.

"I ascribe the astonishing record of the last 30 days almost directly and exclusively to the use of printer's ink," he continued, "for we have sold these cars and secured these new dealers in territories covered by the advertisements we are now running in the local papers and in practically every instance the sale or contract was traceable directly to the local paper."

FORT WORTH RECORD ANNOUNCES PICTURE PUZZLE GAME WITH BIG PRIZE LIST

In this issue of The Brady Standard appears an advertisement of the Fort Worth Record "S Word" Picture Puzzle Game. Fifteen big cash prizes are offered for the fifteen best lists of answers to the "S Word" picture puzzle; prizes ranging all the way from \$2.00 to \$1000.

It's the new "fun game" for all no one is barred young or old, married or single, can find "S Words," and it makes no difference where you live.

It is not necessary to send in any subscription to take part in the "S Word" Picture Game; make up your list and send it in and if in the opinion of the judges it is the largest and nearest correct list you will receive \$35.00 in cash and it will only take you a little while to get up your "S Word" list. Of course, if you would like to receive more money you can win up to \$1,000 in cash by qualifying your "S Word" list with two six months subscriptions to the Fort Worth Record at the reduced rate of \$3.50, daily and Sunday, (one of which must be new) or one new subscription for one year at the reduced rate of \$7.00 both daily and Sunday.

\$1,862 is the total prize list. That is the sum the Fort Worth Record will pay to winners of the "S Word" Picture Game. The best prize, of course is \$1,000 in cash; the second best list \$300 and so on. So you see one can win some really big money by taking a little time and thought and working out a good list of "S Words" and qualifying it with one or two subscriptions. At any rate, you can't lose and it's lots of fun; why not try? You can win the \$1000 as well as any one else.

FORD TURNS OUT 6,000,000TH MOTOR

Next One Comes Through 5-1-3 Seconds Later

Ford Motor Number 6,000,000 was lifted from the assembly line in the Highland Park Ford Plant at 9:14 a. m. May 18th. Just 5 1-3 seconds later Number 6,000,001 was finished.

The unusually heavy demand for Ford cars and trucks at the present time has necessitated the building of 5400 motors daily. These are shipped in carload lots to the various Ford assembling plants throughout the United States.

The first Model "T" Ford motor was completed on October 1, 1908; number 1,000,000 left the assembly line December 10, 1915; and number 5,000,000 came through May 28, 1921.

Although the Ford Motor Company turned out a number of different models prior to 1908, the present numbering system began with the first Model "T."

LOCAL BRIEFS.

Mrs. G. A. Krueger underwent a successful operation for tonsillitis at Brady sanitarium Wednesday morning. Friends will be pleased to learn that she is making a splendid recovery from the ordeal.

Congratulations are being extended Mr. and Mrs. Otto Kinman upon the arrival of a dainty little 8-pound Miss at their home on Wednesday night, June 7th. Mother and babe reported doing nicely, and Otto says he and his little son are delighted with their new playmate.

Dan Zimmerman was in Brady Wednesday wearing his broadest and happiest smile and proudly announcing the arrival of a fine grandson, who made his appearance Tuesday night, June 6th, at the home of Mr. and Mrs. Walter Garey. Congratulations are extended the proud parents and grandparents.

Miss Pearl Walter, who has been conducting the City Grocery since last fall, has closed out her stock, having sold the lease and fixtures to E. B. Scarborough, who intends to engage in business in the stand, opening next Monday. Miss Walter has accepted a position as stenographer with the Walker-Smith Company.

The Standard this week has on exhibition the original "Golden Egg," presented us by W. B. Taylor of Brady. The egg is of nearly normal size and shape but overlaying the original shell is a coat of deep golden yellow and over this is another rough coat much as if the egg had been given a rough coat of plaster. See the curiosity in our show window.

Mr. and Mrs. Marshall Duke and two children arrived last Thursday, and are guests of his mother, Mrs. J. M. Duke. Marshall has been engaged in the grocery business at Burk Burnett the past eight months, having just recently sold out, and is now looking for a new location. Nothing would please his many friends more than to see him and his estimable family located permanently in Brady.

Dr. E. M. Wood and family, who have been spending the past couple weeks here as guests of his father, Thos. S. Wood, and other relatives, returned yesterday to their home at Hutto Texas. Lyle Baze, who had been employed in the Hutto Drug Co., operated by Wood Bros., accompanied them on their trip to Brady and will remain here, having accepted a position with the Waples-Platter Grocer Co.

Doc Morrow set a record a couple weeks ago when he caught a 15-pound cat on a hand line at the little dam, only to have his record catch broken by C. M. Owens, popular employe at the Brady Auto Co., who Tuesday night hung and landed a 17-pound yellow cat at the little dam, making the catch with a cane pole and line. We suppose Doc will now claim that his cat would have weighed more than 17 pounds by now, if he had left it in the water a couple weeks longer.

Most every day being the editor's busy day, he was forced to forego the pleasure of joining Will and John Fullager and Jess Shaver of Lohn on their California trip Wednesday. The party had originally intended making the trip by auto, had bought their camping outfit and had everything in readiness for the start, when they thought better of the matter, and decided to go by rail instead. They intend spending about a month, and among other places will visit Los Angeles and San Francisco.

The many friends of Maurice Cohen will regret to learn of his departure from Brady, he having decided Wednesday to make a trip to Los Angeles, Calif., where his folks reside, and where he will, in all likelihood, remain, unless Texas proves too great an attraction to resist. Mr. Cohen's sudden decision was reached when a party composed of Mrs. J. Zidell, son, Teddy, and daughter, Sarah, accompanied by a Mr. Jones, passed thru here enroute from Honey Grove on an auto trip to California. The temptation to join the party was too great for Maurice to resist. Mr. Cohen is a violinist of remarkable ability, and has delighted audiences in Brady upon numerous occasions by his violin renditions. All his friends join in wishing him a safe and pleasant trip, and trust he may return again among us some time in the no-distant future.

BRADY NABS COLEMAN' NANNY IN THE SERIES FIRST GAME

The best game ever played on the local diamond, is the universal verdict on the opening game of the Brady-Coleman series, played yesterday afternoon at Dutton City park. The teams were splendidly matched, and it was a fight to the finish up to the last inning, with Brady having a shade the best of it only because she was fortunate enough to have scored two men in the third inning.

Blevins of Santa Anna was on the mound for Brady, and started out by walking the first man up, and in the 8th hit a batter with a pitched ball. But these were the only marks against him, for he finished out the game like a professional. Blevins yielded seven hits to the visitors, and Stedman, Coleman's mound artist, gave up six, one of which, however, was a three-bagger for which Gib Roberts gets credit.

While the game was almost free of errors, those chalked up against D. Akin, visiting shortstop, in the third inning, helped Brady get her two scores. In this inning, Hampton, first up, landed safe on first sack through Akin's error, was advanced to second on Settle's hit; both runners advanced on Starkey's sacrifice; Fuller landed safe on first sack, while Hampton was out at home plate. Settle and Fuller scored when Adkins made first on another error by Akin.

The total absence of stolen bases on either side shows how jam up the game was played.

The line-up:

Coleman—	Brady—
D. Akin, ss	Settle, cf
Dodd, 2b	Starkey, ss
Gideon, lf	Fuller, c
Amos, c	Adkins, 3b
Graham, 1b	Blevins, p
T. Akin, 3b	B. Jones, rf
Prince, rf	H. Jones, lf
Collins, cf-1b	Roberts, 2b
Stedman, p	Hampton, lf
*Idol, rf	

*Idol in the 6th replaced Collins in center, Collins replacing Graham at first sack.

According to the Coleman Democrat-Voice, the slogan of the Coleman fans is "To hell with Brady." It would appear that Brady will have to match some games at Coleman before the Brady team will ever be able to get there. But when Brady does go to Coleman—give 'em hell, boys!

The second game of the Coleman series will be played this afternoon, starting promptly at 4:00 o'clock.

Santa Anna Wins, 10 to 9.
Santa Anna took the second game between that team and Brady on the Santa Anna lot last Tuesday. The Santa Anna diamonds are reported very rough, and make good playing difficult. At that, the game was horse and horse all the way through, with luck breaking against the Brady team. Here is the score by innings:
Brady200 006 010— 9
Santa Anna103 202 02x—10
Brady's big chance to win the game was in the 6th, when with three scores already tallied up, and the bases full, Settle hit for three bags, scoring three ahead of him, but being put out at home plate when he tried to stretch the hit into a home run. In the eighth, a batter hit four fouls in succession, and the last foul Fuller just got his finger tips on, but

was unable to hold. Had he caught the foul, Santa Anna would have been retired scoreless, thus continuing Brady in the lead.
The Brady boys were royally treated by Santa Anna, supper being given not only the players, but visitors as well.
