POULTRY EXPERT DEMONSTRATION LAST SATURDAY

A public demonstration of exceptional value and interest to McCulloch county citizens was given in Brady last Saturday by Miss Myrtle Murray, poultry specialist with the extension department of A. & M. college. Miss Murray's demonstration of methods of culling, using four hens all of the same breed, was one of the educational features of the school, and her many instructive pointers on the improvement of breeds, caused great interest. As illustrating the importance of culling, Miss Murray told of two hens of the same kind, looking exactly alike to the unobserving individual, and yet of the two, one had a record of 258 eggs laid in a year's time, while the other laid but 17 eggs.

Miss Murray also told of how the Fort Worth & Denver road had placed a demonstration car at the disposal of A. & M., and after it had been equipped with everything necessary for a complete poultry demonstration, had added a dining car, baggage car, sleeper and an engine, for the comfort and convenience of the demonstrators. This poultry demonstration train made visits to towns on the Ft. W. & D. road, and its operation cost the railroad some \$5,000 or \$6,000. The railroad, however, figured it was worth the price to interest the citizens along its route in the poultry industry. As a result of this demonstration train, 80,000 baby chicks were ordered in the Spur neighborhood alone, besides an inestimable number of eggs.

That the poultry industry is by no means "small" business was indicated by the value of the poultry crop in Texas last year, as compared with other crops. Here are the figures: Poultry Crop, \$38,000,000. Wool Crop, \$6,000,000. Mohair Crop, \$2,000,000. It must be remembered that in addition to the \$38,000,000 worth of poultry marketed, there was an enormous home consumption. Miss Murray declared that some of the best poultry is to be found in back-yard flocks.

SCHOOL SPIRIT IN McCULLOCH COUNTY STRONG FOR IMPROVEMENT AND SUPPORT

More and more are McCulloch county citizens realizing the tremendous value of good schools, first-class school equipment, and liberal maintenance of schools. To give the children of today the best education and school advantages possible is the high motive that prompts the various school districts of the county to call elections for voting bonds and increasing the tax limits.

Aside from the splendid examples set by Rochelle, Fairview and Pear Valley communities recently, in voting almost unanimously for increased tax limit and better schools, the following school district will also hold elections with the same purpose in view:

- Fife—\$4,000 bond issue to be voted on July 15th, for the purpose of remodeling present school building into a modern frame building with four class rooms and library.
- Placid—\$1.00 tax limit to be voted upon tomorrow, July 24th.
- Milburn—50c school tax to be voted upon tomorrow.
- Claxton—\$1.00 tax limit to be voted upon tomorrow.
- Mercury—\$1.00 tax limit to be voted upon tomorrow.
- Corn Creek—\$1.00 tax limit to be voted upon July 1st.
- Salt Gap school district on Saturday a week ago voted 13 to 2 for a 6c school tax.

REV. G. T. REAVES GIVES UP PASTORATE AT CHRISTIAN CHURCH TO GO TO OKLAHOMA

The Rev. G. T. Reaves, pastor of the Christian church, has tendered his resignation to the members, effective August 1st, and announces that he and his family expect to go to Holdenville, Okla., to make their home, and where he has accepted the pastorate of the Christian church at that place. News of his contemplated departure will be learned with regret, not only by members of the church, but by all citizens of Brady. Rev. Reaves has been one of the most popular of Brady ministers, and he and his estimable family have surrounded themselves with a large circle of friends and admirers, all of whom, however, will unite in wishing happiness and success to them in their new home. Rev. Reaves will continue to serve the local church during the coming month and until his resignation becomes effective.

BAND CONCERT FRIDAY NIGHT OF NEXT WEEK

Dr. J. W. Ragsdale, leader of the Brady band, announces that the boys plan to give their next band concert on Friday night of next week at the Methodist tabernacle. As has been the case heretofore, the concert will be entirely free and a cordial invitation is extended the public to attend.

The Brady band has proven, and is proving, itself a most valuable Brady institution. Its services are requested at various meetings of public interest, and the band boys hope to receive the support of the citizens to the extent of having the organization declared a municipal band, and supported as a municipal institution. This could be accomplished with only an 8c city tax. As it is, the band is being supported by a comparatively small number of Brady business men, and the withdrawal of this support at any time would virtually result in the loss of the instructor, whose services are secured only through this support, the band boys themselves paying for their instruments and music. Naturally, this would be very detrimental to the band.

Brady and the Brady citizenship as a whole, has received a great deal of profit and pleasure through the continued development and splendid programs of the band, and no better method of showing appreciation could be adopted than to make the Brady band a permanent Brady institution, independent of subscriptions and benefit performances.

JUNETEENTH MADE OCCASION OF BIG CELEBRATION BY LOCAL COLORED POPULATION

Monday, June 19th, was Emancipation Day for the colored folks, or, as it is more popularly known, "Juneteenth," and the day was celebrated in gala style by the local negroes and their friends from surrounding towns.

Speaking, ball games, rodeo features, a dance and other entertainment was staged, and not the least of the big affair was the barbecue dinner served, and to which the white folks were very cordially and hospitably invited.

The Coleman colored team was twice defeated, once on Sunday, and again on Monday afternoon, the latter game ending 10 to 4. Monday morning a tie game was played, the game being called in the 10th inning, so that players and attendants would not miss the barbecue dinner.

CITY COUNCIL PASSES ORDINANCE CALLING FOR ELECTION SEPT. 5TH

CITIZENS WILL VOTE ON QUESTION OF EMPOWERING COUNCIL TO DO STREET PAVING AND IMPROVING, CONSTRUCTING OF SEWERS AND DRAINS, ETC.

One of the most important actions of the new Brady City council was had at its last meeting, when the members of the council voted unanimously to pass an ordinance calling for a special election to be held for the purpose of determining whether or not the city shall adopt or reject the benefits of the provisions of Chapter 11, Title 22, Revised Civil Statutes of Texas, and which, in common parlance, is known as the street paving and improvement ordinance. The date of the holding of the election was set for Tuesday, September 5th.

The statute referred to provides "That cities accepting its benefits shall have power to improve any street, avenue, alley, highway, public place or square, or any portion thereof, within the city limits, by filling, grading, raising, paving or repaving the same in a permanent manner, or by the construction or reconstruction of sidewalks, curbs and gutters, or by widening, narrowing or straightening the same, and to construct necessary appurtenances thereto, including sewers and drains."

The holding of the election is necessary to empower the city council with authority to act in all these matters, and, if it carries, will have legal formalities complied with, so that, if desired, paving bonds may be voted upon by the citizenship. The action of the council in calling for the election is the first step towards starting a paving and improvement campaign so sorely needed and so greatly desired by the citizens of Brady.

The council named E. E. Polk as presiding judge of the election; A. B. Carrithers, judge; and J. B. Whiteman and W. H. Ballou, clerks for the election.

Another action taken by the council, and one which should have the commendation and support of all citizens of Brady, was the decision to take over the caring of the Brady cemetery, the operation of a street sprinkler, and the employment of a nightwatchman for the city, as municipal undertakings. Heretofore, all three have been supported by popular subscription and, in the main, the burden of support has fallen upon the shoulders of some thirty or forty business men, the while the entire city and citizenship derive direct or indirect benefit therefrom. The financing of these three projects by the city will equitably distribute the burden and work a hardship upon no one. This action of the council will not become effective, however, until the coming year.

FOR GOODNESS SAKE DON'T LET YOUR WIFE SEE THIS —SHE IMAGINES IT ANYWAY

An employee of the Marathon Paper Mills company, tired of hearing men boast of their importance, dug up the fact that, according to scientific investigation, the ingredients of a man, plus water, are as follows:

- Fat enough for seven bars of soap.
 - Iron enough for a medium-sized nail.
 - Sugar enough to fill a shaker.
 - Lime enough to whitewash a chicken coop.
 - Phosphorus enough to make 2200 match tips.
 - Magnesium enough for a dose of magnesia.
 - Potassium enough to explode a toy cannon.
 - Sulphur enough to rid a dog of fleas.
- This whole collection is worth 98 cents, and that in a day when things are three times as high as they used to be.—Collier's.

BRADY CHAPTER 264, R. A. M. ELECTS OFFICERS FOR COMING YEAR AT LAST MEETING

Officers for the ensuing year elected at the regular meeting of Brady Chapter No. 264, R. A. M., Thursday night of last week were as follows: M. S. Sellers, H. P. C. A. Trigg, King Claud Wood, Scribe W. J. Yantis, Secretary E. L. Ogden, Treasurer. Appointive officers will be named by the High Priest at the next regular meeting the third Thursday in July.

JOHN CAMPBELL SUSTAINED INJURIES THURSDAY MORNING ON CONCRETE MIXER

John Campbell, son of Mr. and Mrs. F. M. Campbell, was painfully, although not seriously injured, yesterday morning at about 8:00 o'clock while at work on the concrete mixer employed in the county court yard improvements. Young Campbell caught the tongue of the mixing machine by one hand, and while attempting to shift it about, braced himself by placing his other hand on the framework. As he did so, one of the studded bolts on the revolving mixer caught his hand against the frame, cutting and stripping off his glove and terribly bruising and lacerating the hand. A small bone in the hand was broken, some muscles were torn, and long gashes and terrible bruises were inflicted upon fingers and hand. The injury will lay the unfortunate man up for several weeks.

CHAMBER OF COMMERCE ANNUAL MEETING JULY 8

The annual meeting date of the Brady Chamber of Commerce has been set for Saturday, July 8th, at which time a big basket picnic is planned at the Brady tourist camp ground. Reports upon the activities of the C. of C. are to be had at this time, followed by election of officer for the coming year. A program of future endeavors will also be mapped out and the development of town and country in general will be brought up.

The basket picnic should serve to attract the attendance of every citizen in the upbuilding of this section, and a rousing big time is promised. The Brady Chamber of Commerce is one of the liveliest institutions Brady has ever had; it is doing a wonderful work for town and country, and with the united support and interest of the citizenship, a great future is before it.

Don't forget the date, but prepare to pack your basket with good things and join in the Chamber of Commerce Annual Meeting and Picnic July 8th.

BROWNWOOD LEGION AND MODERN WOODMEN PLAN GREAT 4TH CELEBRATION

July the 4th, the National holiday, will be observed with a great celebration in Brownwood under auspices of the American Legion and the Modern Woodmen, according to advertisements being sent out. Invitations are being extended all neighboring towns to come to Brownwood and join in the big celebration, and an especial invitation is given all ex-service men to meet in reunion there.

Brownwood's famous hot wells will be the scene of a Bathing Girls' Revue, there will be swimming contests, athletic contests, speaking and many other attractions, including a gigantic display of fireworks. Every effort will be made to show the visitors a great and glorious time. Visitors are invited to bring their diners and stay all day on the grounds. For those who do not wish to bring lunch, the Legion boys will serve a barbecue lunch at a very modest price.

AUTO BUS LINE IS OPERATING THRU TO SAN ANGELO

The long-anticipated through auto bus service San Antonio to San Angelo is now a reality, and daily schedule is now in effect, with Brady as the terminal. Bud Kiser of Mason the first of last week moved his family and household effects to San Angelo and on Tuesday of last week began operating the passenger service on the north end of the line, operating round trips daily between San Angelo and Brady, and connecting here with the San Antonio-Brady line. Mr. Kiser leaves San Angelo at 6:00 a. m., arriving in Brady about 10:30 a. m. Returning, he leaves Brady at 3:30 p. m., arriving in San Angelo at about 8:00 p. m.

The south end of the line is being operated by Jap Embry and one of the Walker boys, each of whom makes a one-way trip daily between San Antonio and Brady. The Brady-Mason mail-carrying contract, heretofore operated by Mr. Embry, has been taken over by the line, and will be carried until the contract expires July 1st, when the mail-carrying will be discontinued by the line. This action, it is said, will enable the shortening of the operating schedule by one hour, as numerous stops are now required to deliver mail to boxes along the route. By use of the phone at Melvin and Katey, the drivers of the north and south ends of the line post one another concerning passengers going through, and thereby enable an hour's earlier departure from Brady on days when no through passengers are carried.

The line is being operated by Joe Amberson and associates, and is affiliated with the Union Bus line of San Antonio. Since being opened up, it has proven very popular with traveling salesmen making this territory, and has been a demonstrated success. Four Stephens cars are being used on the line. As soon as practical, express service, operating on alternate days, will be inaugurated. The passenger busses operate on a seven-day basis.

Good Rain Fell Saturday Afternoon - Mrs. Briscoe Spider Bit. Brady, Texas, June 20. Editor Brady Standard:

The farmers were blessed with a good rain that fell last Saturday afternoon. Guy Walker and Nelson Ryan motored to Brownwood last Saturday and took dinner with the girls there attending school. They report Mrs. Mary Briscoe was bitten by a spider last week and caused her a bad foot.

Mr. and Mrs. Henry Bradley of the Fife community were visitors at W. D. Walker's last Sunday afternoon.

Maud Ryan visited her sister, Mrs. Willie McLuften last Monday.

Eula Mae and Lola Butler spent the day with Opal Duke last Sunday.

Miss Katy Woodward was a visitor at the J. R. Butler home last Wednesday afternoon.

Guy Walker was in Brady on business Tuesday.

Opal Duke visited Mrs. F. G. Ramsey last Thursday.

Mr. and Mrs. Reinhart Richter spent last Sunday with Mr. and Mrs. Johnny Knight.

Edward Walker and Horace Winstead went fishing Monday night, but returned Tuesday and reported the river up, and without fish. Poor excuse beats none.

Mesdames W. D. Walker and Ida Rice were visitors at the John Winstead home last Friday afternoon.

CALLAN COMMENT.

Mrs. Russell Callan Entertains—Railroad Men Are Courteous. Callan, Texas, June 20.

Editor Brady Standard: We had a light shower here Saturday.

We see Mr. Cain will have a big barbecue July 29th; now we are surely going for we know it is to be a good one.

Some give flowers to the dead, but let us hand the Menard business men and the Frisco rail road men a nice bouquet, for they are thorough American and measure up to the standard in their courtesy. For there is no more courteous and accommodating men anywhere than in Menard and on the Frisco, and it takes these things to make business a success whether it be for yourself or your employer. Although there is a story of old where there was a man and his friend who went to town to purchase wares; while there he became "peevish" at his friend and when his friend started home there sat his wares and the car gone. And in his mind, gone the principle of American manhood; his friend boarded the train and arrived home o. k. Such trifles are not done in these days, for American man cares not to lower his standard.

C. R. Lockhart, T. K. Cloud and

families of Menard have moved in the Rasmussen hotel.

The beautiful Misses Katherine and Leila Cochran of Dallas are the guests of Mrs. Julius Rasmussen this week.

Miss Myrtle Ridgeway of the Wilhelm ranch is visiting in Dallas this week.

Guest prize, Mrs. Zilman; high score, Mrs. Will Callan; consolation, Mrs. Horace Thornton of Menard. After the very interesting games, a delightful course of barbecue, salad, ice cream and cake was served. The guests departed at a late hour, declaring Mrs. Callan a delightful hostess.

Ray Jones left for Austin Monday, where he will take in the sights.

THE DEVONSHIRE DIAMONDS

HAD Lady Alberta Devon not yielded to temptation at the last moment and stepped out of her boudoir to secure her sister's opinion upon the effect of her latest Parisian creation it is quite possible that Inspector John Sweeney of Scotland Yard would not have had the opportunity of proving his detective genius in a peculiarly striking manner.

Lady Alberta was absent from her room for less than ten minutes; but during that time occurred an event which, for several hours, threatened to disrupt several of the highest social circles in England.

It was the night of the Devon ball, held in the big old-fashioned house in the center of the Devon estate. As was only to be expected, the list of guests read like a section from Burke's Peerage—a fact which made Inspector Sweeney's work distinctly more difficult when the loss of the famous necklace of Devonshire was reported to Scotland Yard.

Early in the evening Lady Alberta had dismissed her maid with the statement that she would complete her toilette herself, but just as she was about to put on her necklace—an heirloom which had greatly increased in value because of its historic connections—she thought it would be well to secure an unbiased opinion as to the effect of her gown, which had just arrived from Paris. When she returned from her sister's room a few minutes later she reached for the necklace, only to discover that it had vanished!

Positive that she had had it in her hands less than ten minutes before, she searched the room and then summoned her husband, whom she told of the mysterious loss.

"There is only one thing to do," declared his lordship, after verifying his wife's statement that the jewels were missing, "and that is to notify the police."

Inspector Sweeney reached the Devon house shortly after midnight, while the ball was still in progress, and secured the meager details of the case directly from her ladyship.

"Did you notice any one in the hall as you passed through on the way to your sister's room?" Sweeney asked.

"No one at all."
"How long has your maid been with you?"

"Less than two months—but she came well recommended."

Finally, in spite of protests, the operative from Scotland Yard gave orders that no one was to leave the grounds of the Devon estate without his permission, and, as the ball formed part of a week's festivities, it was possible to arrange this without mentioning the reason for the request to the guests. Armed with a list of those present, with their servants, Sweeney then repaired to Lady Devon's boudoir to commence active investigations.

His knowledge of London society was sufficient to inform him that at least three of the guests, despite their titles, might easily have been guilty of lifting the necklace if the opportunity had presented itself.

"The question is," mused Sweeney, "who could have known that Lady Devon would have been out of the room for just those few moments? She wasn't summoned by any message and it would therefore appear that some one was hiding in the hope that an opportunity would present itself. That would seem to eliminate the guests—but not the servants."

Working along this line, Sweeney made a careful examination of the toilet articles on the dressing table where the diamonds had been placed. After a thorough scrutiny of the perfume bottles, pieces of silver and other articles which were highly polished, the detective made his way downstairs and sent word to Lady Devon that he would like to speak to her for a moment.

To the Voters of McCulloch County. As I have announced as a candidate for county judge of your county, and as the methods of my campaign for the office will be different from the methods of other candidates for office, I feel called upon to explain to the people why I am not pursuing the same methods of campaign that other candidates pursue.

I don't want you to think that I am egotistic, for I am not. I realize that I am just an ordinary man, of average intelligence and I do not claim any superiority over other people. But I am going to vary my methods of campaign from others, not in criticism of them, for they are pursuing the usual and customary method; but because I believe that the following method will be a little fairer to the people, and a nicer method to pursue.

It is not my purpose to personally solicit the several votes and influences of the people. I do not intend to button-hole you off and ask you to vote for me, or to hand you my card, soliciting your vote. I have always found it embarrassing to both myself and the candidate, for a friend to approach me and solicit my vote for an office. On such occasions, we both realized that I had probably decided how, and for whom I wished to vote, and of course, I did not want to be discourteous, and if I did not intend to vote for the candidate, tell him so. On the other hand, if I intended to vote for the candidate, I did not feel like closing the matter by a promise on my part. A great many of the people in the county know me, as I have lived here for 29 years, and those who do not know me can easily ascertain what they may want to know about my personal character and qualifications for the office.

I would not, if I could, persuade any one to vote for me, if the voter thought best for the community to vote for another. Voting is a serious matter, of grave responsibility, and I can only suggest that you vote for YOUR COUNTRY, and not for the office seeker. Therefore, it is my purpose to refrain from urging you to vote for me because I feel like you should consider only the public good, and not my petty ambitions, when you go to the polls. I love my friends, and appreciate their expressed confidence as much as any man. Their confidence goes very far towards making life worth while to me. There are grave responsibilities confronting the next local administration of our county government. And if I should be elected, I shall try very hard to

prove worthy of your confidence, as expressed by your ballots. In this I may fail, but I have consented to try, and if elected, I shall approach the task feeling the full weight and gravity of the situation. Let's make honesty, competency, industry, frugality and economy our watch words; and I would be glad if you would make them the pass words into office for every candidate, even though you should exclude me.

Now finally, let me assure you that I shall not bore you about my candidacy. I shall not ask you how you are going to vote before the primary, or how you have voted after the primary. I enjoy your friendship and association, and want our relations to continue just as before. If you want to express yourself to me, all right, and if not, all right. I will try to remain just the same "Old Shrop."

No Worms in a Healthy Child
All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILI TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 40c per bottle.

Wednesday Club.

The Wednesday club held a very enjoyable social meeting this week with Mrs. Evans J. Adkins, the following members being in attendance: Mesdames J. B. Granville, N. A. Collier, Henry Tipton, Wilson D. Jordan, B. L. Hughes; Miss Mozelle Glenn. Guests were Mrs. L. Y. Callihan; Miss Mary Josephine Adkins.

Following the usual series of "42," the hostess served a delightful ice course.

The next meeting of the club will be with Mrs. Mayhew on Thursday night of next week, the gentlemen being guests of honor upon the occasion.

Junior Bridge Club.

The Junior Bridge club held a most delightful meeting Tuesday afternoon, Mrs. J. W. Ragsdale entertaining in compliment to her guests, the Misses Coleta Lee and Pauline Ragsdale of Brownwood. Club members present were Misses Lucille Benham, Lessie and Norma Samuel, Erin Yantis; Mrs. P. B. Melton. Guests were Misses Willie Florence Yantis, M. C. Wolfe and the Misses Lee and Ragsdale.

"Bridge" was played at two tables. Miss Benham winning high score and club prize. Guest prizes were awarded the honor guests.

The hostess served a salad course.

Miss Calvert Married.

Brady friends will be interested in learning of the marriage of Miss Ruth Calvert of Brownwood. Miss Calvert is a sister of Paul Calvert of this city and has visited here upon numbers of occasions, endearing herself to all by her winsome manner and charming disposition. For the past three years she has taught in the Dallas schools, and it was during this period that she and her husband first met. The Brownwood Bulletin gives the following notice of the mar-

riage:

Mr. and Mrs. C. H. Calvert announce the marriage of their daughter Ruth

to

Dr. Robert Wheelless on Saturday the third day of June Nineteen hundred and twenty-two Dallas, Texas.

At Home, Dallas, Texas.

The bride is one of Brownwood's most attractive and most accomplished young women and a member of one of Brownwood's most estimable families. For the past two years she has held a position in the Dallas public schools. The groom is a prominent dentist of Dallas.

Silver Tea Benefit.

One of the week's delightful events was the Silver Tea given from 4:00 o'clock until 9:00 Wednesday evening at the home of Mrs. Herbert L. Wood. The tea was given for the purpose of raising funds for the Civic League's "Brady Beautiful" contest. Quite a large attendance was had, and the tea was an unqualified success, both in a social way and from a financial standpoint.

The beautiful Wood home was rendered even more attractive by the use of sweet peas as decorations in the rooms, while nasturtiums, added adornment to the dining room, where delicious punch and cakes were served. A sale of home-made candies and also of embroideries and hand-painted cards made by children in a mission school in China, added materially to the sum realized through the free-will offering of the guests. During the afternoon Miss Lucille Benham favored the guests with vocal numbers, and Miss Jennie Banister gave several piano selections, all of which were highly appreciated.

Several numbers by the orchestra composed of Mr. and Mrs. S. J. Striegler, Cecil Striegler, Hugo Lehmann, Jack Deaton and Francis Keller afforded delightful entertainment. During the evening the Brady band gave a program of concert numbers, which were enthusiastically received.

Fifth Birthday Anniversary.

Little Miss Louie Marie Schwenker celebrated the passing of her fifth birthday anniversary with a party given for her by her mother, Mrs. Harry F. Schwenker, on last Saturday afternoon from 5:00 o'clock until 7:00. A number of little friends were invited to come and join her in the celebration, and the little folks spent the hours very happily in games of various kinds. A decorative motif of pink and white was used, and the color scheme was carried out in the refreshments of ice cream and cake and mints. The white birthday cake, was adorned with five pink candles in token of the five milestones the little hostess had passed. Pink and white crepe paper hats were used as favors.

Numbered among the guests were Little Misses Louise Walker, Phoebe Graham, Frances Charlotte Strickland, June Jordan, Christine Jones, Bettie Lou Wiley, Alice Lindley, Drucilla Davidson; Masters Paul and Gerald Mann, Ed Campbell, Hugh White Calvert, Yantis and Sam, Jr., McCollum.

Assisting Mrs. Schwenker in caring for and entertaining the little folks were Mesdames H. W. Lindley, Wilson D. Jordan, Wiley W. Walker, Burl T. Wiley, Sam McCollum, Otis Turney.

Many pretty gifts were left by the guests together with good wishes to their hostess for many happy returns of the occasion.

PERSONAL MENTION

Sabin Marshall is home from the University at Austin, for the summer.

Miss Lula Stokes of Wolfe City is a guest of her sister, Mrs. H. T. Huggins, and family.

Mr. and Mrs. A. B. Cox and children are home from a visit with relatives and friends at Hico.

Robert and Miss Claudie Sheppard of Christoval are guests of Mr. and Mrs. A. D. Wright this week.

Mrs. Joe Souther left last Thursday for San Angelo, where she is a guest of her brother, Sheriff John Duckworth, and family.

Misses Colita Lee and Pauline Ragsdale arrived Sunday morning from Brownwood and are guests of Dr. and Mrs. J. W. Ragsdale.

Mr. and Mrs. B. L. Malone are enjoying a visit from Mr. and Mrs. G. E. Mansell and brother, Neal Mansell, of Dallas, the gentlemen being cousins of Mr. Malone.

Mr. and Mrs. J. W. Townsend and son, Aubrey, left Thursday morning for a visit of two weeks' or more with Mr. and Mrs. L. A. Williams, in El Paso. The trip was made overland in their car.

Leslie Townsend returned last Wednesday from State university at Austin, where he has spent the past term. Leslie is in charge of the Townsend Variety store during his father's absence from the city.

Mrs. H. C. Samuel left Sunday for Capitan, N. M., where she will spend the summer months. Her daughters, Misses Alice and Francis, accompanied her and will visit there for about a month, returning by way of El Paso, where they will be guests of relatives.

Miss Johnnie Thompson is home from State University at Austin, where she has just completed a four-year course, with an A. B. degree. Miss Thompson is one of Brady's most popular young ladies, and her many friends join in congratulating her upon the heights she has attained.

Mr. and Mrs. Howard Broad and two sons, Gardner and Albert, returned Monday from a couple weeks' visit with his sister, Mrs. Ed Jackson, and family at Houston, and report a most delightful visit. Incidentally they spent some time in Galveston enjoying sights and pleasures on the beach, and in attending a meeting of Winchester dealers of the state.

Grafting a big toe to the stump of a thumb has been successfully performed by two French surgeons. A 15-year-old boy lost his thumb in a piece of gearing. His big toe was grafted in place of the thumb, and he is now able to grasp and hold, palm downward, a weight of more than two pounds. The new member is normal as far as muscular power is concerned. It also has the sense of touch and is sensitive to pain and cold, but is nonsensitive to heat.

BRADY BALL TEAM WINS TWO GAMES OUT OF THE THREE PLAYED THIS WEEK

Although the Brady ball team has been somewhat disorganized by a number of the regulars being out of the line-up, she nevertheless copped two out of three games played since last report. The first was an easy victory over Henson's All Stars, played on the local diamonds last Saturday afternoon. The visiting team was composed of the pick of various teams in the McCulloch county neighborhood, including Cox and Beasley, Mercury's crack battery, Vogel, Jeter and Barton from Lohn, two Taylor brothers from Richland Springs, and others. While good individual players, the team lacked much of being an all-star aggregation as a team. Robertson caught the game for Brady, and Jack Hampton pitched to an easy victory, the score ending 9 to 2. Hampton had five strike-outs to his credit, walked only one man, and allowed 9 hits. Beasley was not as effective as usual, allowing 13 hits, walking 3 men, but had 8 strike-outs to his credit. The star of the game was Robertson, who hit safely three out of four times at the bat. One of the hits was a short fly into right field, with the bases full, and Robertson made a home run out of it, scoring four runs, while the fielder tried to find which weed the ball was hiding under. Robertson tried mightily hard for a safety on his fourth trip to the bat, but was out at first by a scratch.

Brady 18, Santa Anna 5.
The game with Santa Anna Tuesday afternoon here was a great all-around disappointment. Santa Anna has the strongest team Brady has played this year, and the fans were keyed up to a strenuous contest. But the visitors were, to a man, off their feed. J. Newman, the visitors' big pitcher, lost the game several times over, and although plainly ineffective and worn out, he was allowed to stay in the game until the fifth inning, when he was pulled in favor of Stewart, who also was easily found by the Brady bunch. The entire Santa Anna team, however, by errors, wild throws and general bone-headedness, aided in permitting Brady to pile up eighteen runs to the visitors five, and the last several innings were turned into a farce. Bunker of Eden pitched a splendid game for Brady, with Cox of Mercury receiving.

Second Santa Anna Game.
Santa Anna came back strong Wednesday, and won her game in the first frame when she scored four times on the locals. The Brady boys staged a rally in the 7th inning, and aided by errors, got three scores across home plate, but were never able to overcome their opponent's big lead. This was a good exhibition of base ball, and the fans were satisfied, even though disappointed at the outcome.

Cox was out of the game in the 4th on account of catching a hot one on his finger tip, and Fuller, although his hand still is in bad shape, finished the game behind the bat. Robertson had 10 strike-outs to his credit, allowed 11 hits; walked 2 men. Harris, the visitors' lean and lanky pitcher was particularly effective, the home boys finding him for only 3 hits. Harris had 3 strikeouts to his credit and walked 3 men. He fielded 100%, spearing the high ones, and reaching out and grabbing off any hot ones between pitcher's box and first base, without effort.

3-TON LIBERTY TRUCK IS SECURED FROM STATE FOR USE BY McCULLOCH CO.

McCulloch county's road building machinery and equipment was this week increased by the addition of a big 3-ton Liberty truck, of the type used in army service during the war, and which was secured by the county commissioners from the state. County Judge Evans J. Adkins and Commissioner J. F. Priest returned Saturday from Austin, driving the truck up here. The new equipment will be used on road work in Mr. Priest's precinct.

LOCAL BRIEFS.

A. H. McLerran was here from Voca last Saturday, and was feeling mighty good over the success he was having in irrigating an 8-acre truck patch with the new artesian well brought in several months ago on his place. Mr. McLerran says the flow has been estimated as 7,000 gallons per hour, and the well is conceded as good as any in the Voca section. His tomato vines are flourishing, and he expects to have something in garden truck worth showing to Brady folks in the next few weeks.

Ed Haile and W. S. Lee were here Monday from Mercury community as delegates to the County Democratic Executive committee meeting. They report the citizens of their community greatly interested in the proposed rural mail route which has been planned from Mercury to Placid, thence to Cow Boy, thence to Milburn and back up the river to Mercury. The proposed route was inspected several weeks ago, and the citizens are hoping for favorable report on the proposition at any time now.

The Standard editor enjoyed a visit last week from Rufus Higgs, editor and joint owner of the Stephenville Tribune, who, with Dr. W. L. Edelen of Stephenville and Messrs. Rufus is a sort of a protege of ours; we picked him up out of grade school at Tolar, and helped him develop into not only a first-class printer, but with his splendid start, he has continued to climb until now he is both a most successful publisher and a most popular newspaper man.

E. B. Baldrige of Fife reports the plant lice as having been very active in the north end of the county, but says they appear to be letting up in their work, even before the rain of last Saturday. The lice infest the under side of the leaves on cotton plants, causing them to curl up and die and eventually denuding the stalk. J. H. Snodgrass of Stacy also reports the plant lice bad in his section. Over in Coleman county in the Valera and Voss sections, the Jumbo grasshoppers have been destroying crops. The farmers have been fighting the pest, and have just about gotten it under control.

Eugene Townsend and Bill Steelhammer drove to Eastland last Friday, having been advised that their father and father-in-law, E. A. Townsend, former Brady citizen, had been quite severely burned in a fire which destroyed the house in which he had been living. Mr. Townsend has been employed in the old fields there, and had just come in from off the line and was preparing to take a bath. He had removed his shoes and was in his bare feet, when something called him away from the house for a few minutes. When he returned, he found the house in flames, presumably having caught from a gas jet. In attempting to save his clothing and some of the contents, Mr. Townsend was quite badly burned about the hands, and his feet were also burned by coming in contact with blazing tar roofing. He was brought to Brady Saturday, and is resting comfortably here while recuperating from the burns.

MRS. PINK PIG

"Yes, Miss Ham, I'm feeling well," said Mrs. Pink Pig.
"That wasn't what I was going to ask you," said Mrs. Ham.
"Well then I'm telling you that I'm feeling well anyhow. I am sure you must be glad to know it."
"I don't care about knowing it in the least," said Mrs. Ham.
"Then I'm telling you something which you haven't even had to bother to wish for," said Mrs. Pink Pig.
"What I was going to ask you," squealed Miss Ham, "was where you found those nice vegetables you have been eating?"
"What vegetables?" asked Mrs. Pink Pig.
"Now you know perfectly well," said Miss Ham.
How did you know I had vegetables?" asked Mrs. Pink Pig. And then she added,
"You don't know at all, and you're only guessing for you don't know whether I had or had not any vegetables."
"Oh yes, I know," said Miss Ham, "for I saw a bit of green sticking out of your mouth. Your table manners aren't of the best, Mrs. Pink Pig."
"Not of the best, it is true," said Mrs. Pink Pig, "but quite as fine as yours. Pigs don't bother much about table manners. That is because they are pigs of course. Or rather that is one of the reasons why they remain pigs!"
"I've never heard any one say," "Let's call pigs by some other name as they don't really deserve the name of pig."
"I've never heard any one say that and it is true that I don't believe they ever will."
"Well, it doesn't matter," said Miss Ham. "What would the world be like without us? We're interesting looking creatures. We are very apt to make people smile and they should be pleased about that and many of our relatives have deserved the food they have had for they have given the people themselves in return. That was good of them indeed."
"Good of them," said Brother Bacon. "Good of them indeed, grunt, grunt."
"Good of them," said Pinky Pig. "Good of them indeed, grunt, grunt."
"Good of them, good of them indeed, grunt, grunt," said Master Pink Pig.
"Good of them," said Pinky's mother. "good of them indeed, grunt, grunt."
"Of course," said Mrs. Pink Pig. "they didn't actually give themselves in return, but they were taken for food."
"Of course that is true too," said Brother Bacon. "Grunt, grunt, that is true too."
"That is true too," said Master Pink Pig. "grunt, grunt, that is true too."
"That is true too," said Pinky's mother. "grunt, grunt, that is true too."
"That is true too," said Pinky Pig. "grunt, grunt, that is true too."
"That is true too," said Miss Ham. "sneal, sneal, that is true too."
"Well, I must be off," said Mrs. Pink Pig. "I have several things to do."
"What have you to do?" asked Miss Ham.
"Oh," said Mrs. Pink Pig. "I have a little digging to do, some very fine snout digging as some ladies do embroidery."
"And what else, pray tell?" asked Miss Ham.
"Ah," said Mrs. Pink Pig. "you want to know about the vegetables. You think I'm going to get more. Well, I'm hoping of course, always hoping, but I'm not sure, not sure at all."
And off went Mrs. Pink Pig, followed by Miss Ham who wanted to see if Mrs. Pink Pig had a new place she had found where there was some food, and Brother Bacon followed. So did Pinky Pig, and Pinky's mother and Master Pink Pig too.
But they all had a fine meal for the farmer came along in a very few minutes and gave them their supper.

"You Know Perfectly."

Composition of Paint.
Fundamentally, all paint is alike. In compounding paint the manufacturer draws from the three kingdoms into which all that exists on the earth is divided. From the mineral kingdom he gets the pigment that gives color. From the vegetable kingdom he obtains the vehicle in which the pigment swims, the linseed oil and the thinner, turpentine, which makes the paint flow smoothly from the brush. From the animal kingdom he has recently been obtaining menhaden oil, train oil, etc. which are added to paint compositions to confer on them certain specific properties.

Maybe So.

The team that brings more milk

Purina Cow Chow and Purina Calf Chow fit right in with your home-grown feeds and make them a complete feeding system.

PURINA COW CHOW— supplies calcium, phosphates and protein that are needed in milk and are usually deficient in the average dairy ration. Purina-fed cows give every pint of milk they are capable of giving, because Cow Chow contains all the needed nutrients.

PURINA CALF CHOW— supplies the elements needed for growth, in a cheaper form than whole milk. You can raise the best of calves and save most of your milk.

We are putting the proof in your neighbors' milk pails. Why not yours?
