ANNUAL MEETING OF BRADY CHAMBER OF COMMERCE TO BE HELD TONIGHT

ENTIRE CITIZENSHIP INVITED TO JOIN IN BASKET PICNIC AT TOURIST PARK GROUND—MUSIC BY BRADY BAND AND INTERESTING PROGRAM TO BE HAD.

The annual meeting of the Brady Chamber of Commerce will be held tonight at the Brady tourist park, the occasion being planned as a basket picnic to which the entire citizenship is invited and urged to take part. Originally the meeting was set for Saturday night, but in order to enable a full attendance of the business men, as well as the citizens, the time of holding has been advanced to tonight. The basket picnic will serve as a great get-together meeting, the Brady band will be on hand to render a program of their ever-appreciated musical numbers, and a program of addresses has been arranged that is certain to interest and inspire every citizen. Election of officers for the coming year is on the program, and every citizen should be interested in seeing that those who head the Chamber of Commerce activities the coming year shall be truly representative of the citizenship, and shall direct the work of the organization so as to secure the greatest results for Brady and McCulloch county.

The Brady Chamber of Commerce is one of Brady and McCulloch county's most valuable institutions. Its work is not alone for Brady, but for every citizen of McCulloch county. Since the employment of a temporary secretary two months ago, it has been responsible for the putting over of a number of propositions of advantage to every citizen. It has been called upon to finance or assist in financing various meritorious public enterprises, such as the marking of the Southwest Trail, the furnishing of the rest room, the building of the camp house at the tourist park, the caring of the excess expenses of last year's reunion—these and many other things. With an active and enterprising secretary to direct the work, and with a board of directors alive and ready to take advantage of every opportunity for advancing our best interests, the Brady Chamber of Commerce faces a constructive period, in which it needs and should have the support and co-operation of every citizen. Following the basket supper, the

BOARD OF EQUALIZATION MEETS TO PASS UPON CITY OF BRADY TAX RENDITIONS

Members W. N. White, B. L. Hughes and A. J. Ricks Wednesday began sitting as a board of equalization to pass upon renditions of the citizens of Brady. The board states that it is not their purpose to raise renditions, but rather to adjust all renditions upon an equitable basis, some being raised slightly, while others are being lowered so as to give a fair valuation upon all property assessed.

The rainbow trout has been successfully introduced into the streams of Louisiana.

EARL FELTY APPOINTED CHIEF OF POLICE, VICE LEONARD WOOD, RESIGNED

Earl Felty who was deputized chief of police of Brady the past week, during the absence from the city of Leonard Wood, was last Tuesday officially appointed to the office by the city council. The action followed the acceptance of the resignation from the office of Mr. Wood, which resignation had been tendered the council two weeks ago.

Mr. Felty came here last November from Wolfe City, and during his residence in Brady has made many warm and close friends, all of whom believe the council has made a splendid selection in the new city officer.

BIG PROGRAM OF EVENTS FOR THREE DAYS' REUNION 3-WARS VETERANS

ADDRESSES BY SENATORIAL CANDIDATES ON EACH OF THREE DAYS—LEGION COMMANDER HERE FRIDAY—BALL GAMES, BATTLE ROYALS, FIRE WORKS.

Three days of unadulterated fun, frolic and amusement will mark the great celebration to be staged in Brady next week at the Three Wars Veterans' reunion. One of the most remarkable programs of entertainments ever presented will feature the big celebration, and it is safe to say that attendance figures will set a new record in Brady. Senatorial candidates, or their representatives, will address the citizens on each of the three days; base ball between Brady and Fredericksburg is scheduled for each afternoon; battle royals will be had each day; a big carnival company is another attraction, and a bronc show will also be had. Chief of interest will be the address by Wayne Davis of San Antonio, State Post Commander of the Legion. Another big feature will be the musical and entertainment program which will include two concerts each day and one concert each night by the Brady band of 35 pieces, and also a program of readings, violin solos and songs each night.

The program published at the head of this article is as yet incomplete, and is subject to slight change of order. Many additional numbers will be had, but a glance at the program will convince all that there will be plenty of entertainment and amusement throughout the entire event. All the various numbers on the program will be presented at the reunion grounds in the beautiful Dutton grove, with the exception of the base ball games, which will be played on the diamonds at Dutton City park, and the fire works displays, which will be set off on the field between the reunion grounds and the Dutton City park, in order to avoid any fire risk from rockets or sparks.

Featuring as the opening event of the big reunion will be the parade, forming at the Brady Central school, and beginning to move promptly at 9:00 a. m. The line of parade will be east from the school house to Blackburn street, then down Blackburn to the public square and once around the square, then proceeding to the Reunion grounds.

Invitations have been sent to all state candidates, many of whom are still expected to respond. Three senatorial candidates, Clarence Ousley, Cullen F. Thomas and Earle B. Mayfield, have accepted the invita-

BRADY SCHOOL TAX DISTRICT GIVES TAX AND BOND ELECTIONS MAJORITY

ELECTION HELD MONDAY ON RAISING TAX LIMIT TO \$1.00 AND VOTING \$40,000 BONDS—BOTH PROPOSITIONS CARRIED BY NEARLY SIX TO ONE VOTE.

The tax payers of the Brady Independent School district last Monday voted to raise the school tax limit in the district from 50c per \$100 valuation to the constitutional limit of \$1.00 on the \$100 valuation. Incidentally they also voted in favor of a proposition of issuing \$40,000 for the purpose of building a new high school building. Both propositions were put over by one of the most decisive majorities ever recorded here, the vote on the \$1.00 tax being 302 in favor and 56 opposed, while the vote for the bond issue was 302 for with 53 opposed. A total vote of 366 was registered.

The election passed off quietly enough, although the ladies of the Parent-Teachers association, which sponsored the election, were active in urging the citizenship to go to the polls and thus give the propositions a full vote. The \$40,000 bond issue is to be used in construction of a new and modern high school building, and as well as to enable repairs and improvements upon the old buildings. The interest and sinking fund to take care of the bonds will be provided for out of the \$1.00 tax voted, inasmuch as the \$1.00 tax is the constitutional limit of school tax for both bonds and maintenance. The Brady school board will meet tonight to canvass the vote at the election and to officially record the vote. The board, which was unanimously in favor of both propositions is highly pleased with the verdict of the citizens, and the board sees busy times ahead in planning and constructing the new building. They contemplate visiting a number of new school buildings within the next few weeks and expect to incorporate in the new building all the most modern and practical ideas in school building. Through the courtesy of Judge J. E. Shropshire, the board will hold its meetings in the law offices of Mr. Shropshire, he having granted them free access to the offices at any time, day or night. Another matter which will come before the school board at its meeting tonight will be action upon the resignation of J. E. Brown as president of the board. Mr. Brown's resignation has been made necessary on account of business matters which will require his absence from the city the greater part of the next four or five months. The board will name some one tonight to a place on the board in Mr. Brown's stead.

The night programs on the grounds will be furnished by Miss Banister's Glee club, and will be one of the most enjoyable of all the features. In addition to the songs of the club, there will be violin solos, readings and other entertainment numbers.

One of the swellest dance platforms in West Texas is assured, W. H. Caldwell being in charge, and music will be furnished by Single Smith's famous orchestra. The dance platform will be opened Tuesday night, and will operate for four nights, including all three nights of the reunion.

There will be a Red Cross nurse on hand at all times, with the Red Cross tent and headquarters on the grounds.

Quite naturally the Brady band, augmented to 35 pieces will be one of the biggest and best features, and it will be on hand and ready to play upon all occasions. This is the first year Brady has had a band of her own for a big celebration, and the Brady band is one that stands comparison with the best in the state. You'll agree when you hear that melody they'll make all through the reunion.

The big barbecue on the last day will be a drawing card that will serve to attract people from far and near. No end of beeves and mutons and chevons will there be—and if you don't believe chevon is the best eating you ever put your tongue to, then come and try out what Brady's barbecue artists will have prepared for you—the more you'll eat, the more you'll want.

The climax of the three days' reunion will come at 10:30 Friday night in the wonderful display of fireworks—positively the most magnificent spectacle ever staged in this section of Texas. There will be 70 pieces of fireworks in all, including twelve great set pieces, one of which will be 30x50 ft. in dimension and will represent Niagara Falls. Another is called "Tree of the Orient," and is spectacularly beautiful. Flags, size 5x8 ft. will be sent up, bursting 100 feet in the air. The great display will be one long to be remembered, and no man, woman or child should leave the grounds without seeing it. Brady's free tourist park will provide accommodation for all who care to come here and camp out the three days. In addition there will be many delightful spots about Brady creek available for campers. Brady well water is piped all over the reunion grounds, and electric lights will make the entire grove light as day. Arrange to come—your friends will all be here, and we will all be looking for you.

Citizens Appreciate Splendid Music
Furnished by Brady Band.
Voca, Texas, July 26.

Editor Brady Standard:
A most timely rain fell here Sunday night and was much appreciated by everyone, as we had just begun to need rain on the corn and other feed crops, while most of the folks say they had to have rain to make their corn. This writer was "sitting pretty" with a good corn crop all ready made, but I am glad we got the rain anyway, so we will all have good corn.

The cotton is just as good as it can be and no sign of any weevils as yet, as I have heard of, and I have not seen any myself.

Last Friday, just as we had planned it, one of the best barbecues was had at Voca, it was ever my good pleasure to attend. Lots of beef and mutton, bread, pickles and cake to feed the large crowd who attended was had. There were some twelve or fifteen hundred people on the ground and all seemed to enjoy themselves to the fullest extent, and the community wishes hereby to congratulate and to thank the Brady band boys for the excellent music furnished, which was highly appreciated by all. We thank them, and thank them again.

They will, at the present, make their home in Lightner.

FIFE FINDINGS.

Lad Installs Radio Receiving Set—Masonic Lodge Installation.
Fife, Texas, June 26.

Editor Brady Standard:
All crops are looking fine in this immediate neighborhood, although corn and feed would be benefited by a rain. No boll weevil reports so far have been had.

Mr. and Mrs. Harry Irwin and Mrs. Irwin's mother, Mrs. Flannery, were pleasant visitors here from Brady Sunday.

Jno. R. Winstead, the old reliable of Waldrip, now a candidate for commission for this precinct, was here Friday of last week in the interest of his candidacy.

Cyril A. Farmer has installed a radio receiving set at the home of his father, L. M. Farmer, and now gets the base ball scores, lectures, etc., sent out by Dallas and Fort Worth. Most of Cyril's set is homemade and he is to be congratulated upon his ingenuity in perfecting this wonderful instrument.

Saturday night at the tabernacle, the Masonic lodge held their first public installation of officers. On account of it being a busy day for the Brady brethren, they could not attend, but a nice program was rendered. Talks by Bro. J. P. Barton, and H. D. Sad Death of Little Boy—Splendid Rain and Meeting Report.

Rochelle, Texas, June 3.
Editor Brady Standard:
Am surely glad to be able this morning to report a good rain. Something over two inches fell Saturday night and Sunday night, after a drouth through the entire month of June, with the exception of one light shower that was not sufficient to be of benefit to anything. Saturday night's rain was accompanied with considerable wind which blew down the corn to some extent, but not so much but that a few days sunshine will straighten it up and this timely rain has saved it, and not only the corn but maize and cane. The garden and sweet potato patches also will be benefited. In fact, mighty fine for everything. I believe it will put the farmers to work again, digging after the goose grass that never fails to put in its appearance after each rain. The oats have been mowed and are being baled just as fast as the balers can put them up.
A little boy of 11 or 12 years of age, son of Mr. and Mrs. Robert Vir-dell, was taken ill the first of last week with acute appendicitis and was taken to the local sanitarium, but on his arrival there an examination disclosed the fact that the appendix had bursted and peritonitis had set up to such an extent that the doctors could do nothing for him. He was a bright child and loved his school and books and it seems so hard to see him taken away so young and his death casts a gloom over the entire community in which he lived; our loss is his gain, for he is now out of all pain and sweetly resting in the arms of Jesus, our Great Wayshower.
We had two revival meetings during the month of June, the Methodist people had their meeting first of the month, with very good results. Bro. Penebacker, the San Saba pastor did the preaching. This meeting was followed by the Christian people who had Bro. Landis, an evangelist of this denomination, who showed stereopticon views each night, each view being Bible pictures and very interesting, and did not fail in its intention, to attract a large crowd each night, with about 21 accessions to the church.
It is reported that Robert Selman

had the misfortune to lose all his turkeys—little, big, old and young a couple weeks since. He had four old ones and eight young ones. Now the query with himself and neighbors is what became of those turkeys. We can hardly think it possible that anyone could be so depraved in mind as to wilfully and deliberately come and drive them off, or in real, plain language, to steal them, for shame on anyone who would even entertain a thought of such a thing, much less stoop to do it. And we feel a deeper sympathy for the one who would commit such a crime, than for the loser, for the latter is out only dollars and cents, while the former, if they persist in this evil, will lose his soul. O, how sad!
Mrs. C. W. Carr and niece, Mrs. Robert Selman, made a flying trip to Coleman county last week, to visit relatives and friends.
Mrs. Bessie Baze and little daughter, Carmolita, former residents of this place and also Brady, are visiting in this community at present. Mrs. Baze taught last season in Littlefield, Lamb county, and will teach again this winter in same place. Her little son, J. K. is not with her here, he having stopped in Mason with his uncle, Perry Baze, he being one of the leading physicians, and also runs a sanitarium there.
Mr. and Mrs. James Boyd ran over from Menard yesterday (Sunday) to spend the day with his parents, Mr. and Mrs. C. H. Boyd, of this place. They were accompanied by her little sister, Cathrine Smith, who will spend the week here with friends.
Mrs. May Tyson and little daughter, came over from Mullen to spend last week with her mother, Mrs. Nannie Sellman of this place.
Vanoy Waddell, who has been in training with the Western Union Telegraph for quite a while was at last put on a position at Albany, Shackelford county, and at last report was getting along with his work real well.
Mr. Lige Sewell of Johnson City, Texas, was passing through the county and stopped over night with his old friends, Mr. and Mrs. J. P. Waddell, but neither of them recognized him as old Father Time had got in his work with him, as well as they, it being something like thirty-five years since they had met and am sure the meeting was really enjoyed by each of them.

Mr. and Mrs. Willie Selman are on a visit to the ladies' mother and sister, Mrs. Conley and Miss Mollie, in Brownwood, for a few days.
The candidates are getting to be right numerous last few weeks. Time is growing short and each, of course, getting to be more nervous and anxious. One of them stopped in a home one day last week with the perspiration flowing from his brow, because

of the hard work of a candidate hunting the dear man up, perhaps a quarter a mile across the plowed ground, right in heat of the day. Now we know that must be terribly hard on them and truly they have our sympathy.
The Baptist revival meeting will begin here next Friday night, July 7. A general invitation is extended to all to be with them.

For the want of other news I'll close and leave the space for a better writer.

HONEST INJUN.

On account of find Coleman's chevron very tough, Brady returned it to Coleman the first of the week, with thanks

A LAST MINUTE APPEAL

Next Wednesday Brady's big three-days' reunion opens up. Thousands of visitors will be here. Let's present Brady in its most attractive form.

LET'S CUT THE WEEDS!

Look about you, Fellow Citizens, there are innumerable unsightly weed patches right here in the heart of the city. What an eye-sore; what a distraction. Everybody together now; let's make next Monday clean-up day in Brady. Let's cut the weeds. If we can't get them cut in the resident district, then, at least, let us cut them in the down-town district.

BAND CONCERT LAST FRIDAY NIGHT PROVES ANOTHER DELIGHTFUL OCCASION

The Brady band concert last Friday night at the Methodist tabernacle was another one of those delightful occasions, for which the local band has become famous. Everyone just naturally expects the band boys to provide a program that will please young and old, great and small, and the band boys just naturally do that very thing.

A special feature of the program was the clarinet solo by Dr. Jack Ragsdale, with piano accompaniment by Mrs. Ragsdale, which was enthusiastically received.

The proposition of making the Brady band a municipal institution, supported by local taxation was presented to the audience during an intermission by Wilson D. Jordan, who explained that such tax would not exceed 8c on the \$100 valuation, and would assure Brady a permanent band, with competent instructor in charge, and the development of a Junior band, as well. Petitions were passed through the audience and every citizen was asked to sign his name and indicate whether or not he viewed this proposition with favor. The favorable response was practically unanimous. The same proposition was placed before attendants at the picture show, and the citizens at large were given opportunity to indicate their pleasure in the matter this week, with such uniform and practically unanimous endorsement that favorable action on the petitions is practically assured at the next meeting of the city council.

COUNTY REST ROOM OPEN-ED TO PUBLIC WITH INFORMAL RECEPTION SATURDAY

The formal opening of the new county rest room last Saturday was the occasion of a delightfully informal reception. The ladies of the Civic League were on hand to greet and entertain the visiting ladies, and unanimous approval was voiced by all of the rest room and the effort to provide out-of-town visitors with so attractive a place. The waiting room, which had been nicely furnished, was rendered still more attractive with decorations of cut flowers and ferns, and the serving of lemonade was an added pleasure.

D. J. WOOD RETURNS TO BRADY AS SUPERINTENDENT OF THE BRADY COMPRESS

Dimmitt Wood has been named superintendent of the Brady Compress, and will in future be in active charge of the plant, while N. T. Cook, who has been looking after the company's business here since the destruction of the old compress, will continue with the compress as engineer, a position which he has held for the past eight or ten years.

Mr. Wood states that the rebuilding of the compress will be completed in time for the opening of the cotton season this fall. The wharves will not be built of concrete, as had been planned, on account of the railroad grade, but a lumber wharf will be placed instead.

Mr. Wood's family will remain at Cherokee for the present, but will join him here this fall. All the many Brady friends of the family will be glad to welcome these estimable folks back to citizenship.

L. W. ST. CLAIR RETURNS FROM SAN ANTONIO—AGAIN IN CHARGE OF PHOTO STUDIO

L. W. St. Clair is again numbered a Brady citizen, having returned some weeks ago from San Antonio, and while here he completed arrangements for again assuming charge of the St. Clair studio, which he leased to Messrs Davis & Gartman at the time of his removal to San Antonio early in the year. The firm of Davis & Gartman will continue to occupy the studio building jointly with Mr. St. Clair, but will henceforth give their entire time and attention to the music line, while Mr. St. Clair will look after all photo work.

Mrs. St. Clair and children will remain for the present in San Antonio, where the children are in school but will return here as soon as their schooling has been completed. His many friends will be glad to know that Mr. St. Clair is back among us again, and he already looks like "home folks."

NOTICE TO CONTRACTORS.

Sealed bids will be received at the office of L. G. Mathews, County Judge, Coleman County, Texas, until 2 p. m. July 11, 1922 and then publicly opened and read for the following described work:

Job No. 1—Building reinforced concrete abutments for the present Colorado River Bridge near Waldrip; raising and resetting of this bridge on the abutments; tightening up the entire bridge; providing and placing certain flooring and the painting of the entire bridge.

Job No. 2—Building one reinforced concrete abutment for the present steel bridge over Pull Creek on the Coleman and Brady Road, and the raising and resetting of this bridge.

Bids must be made separately on jobs one and two. A certified or cashier's check made payable without recourse to L. G. Mathews, County Judge, in the amount of five per cent of the bid must accompany each bid.

Bond in the amount of 100 per cent of the bid will be required of the successful bidder. The right is reserved to reject any or all bids, to waive technicalities and to award contracts to the best interests of the counties concerned.

Detailed plans and specifications may be seen for examination and information obtained at the office of W. E. Dickerson, County Engineer, Coleman, Texas.

E. J. ADKINS,
County Judge McCulloch County,
L. G. MATHEWS,

THOMAS L. BLANTON WILL ADDRESS VOTERS ON CONGRESSIONAL RACE JULY 11

Announcement has been received from Congressman Thomas L. Blanton that he will include Brady in his speaking itinerary over the district, addressing the voters of McCulloch county at Brady on Tuesday night, July 11th, at 8:30 o'clock. Mr. Blanton will speak in defense of his record in Congress, and will outline the big problems to be met and dealt with in the future. The speaking will be held in the district court room, and every voter is invited to hear Mr. Blanton.

Hook Files, Stand Files, Check Files at The Brady Standard.

To the Voters of McCulloch County: I am in the race for the legislature of this District, composed of McCulloch, San Saba and Lampasas Counties.

McCulloch County has had the place for three terms and we think San Saba County should put the next man up.

Education is our greatest asset and I am in favor of liberal appropriations for educational purposes, and for going to the limit for State Aid for our public schools so that they may run for nine months in the year, if possible.

I am for strict law enforcement and am in favor of raising the penalty on "BOOTLEGGING" from five to twenty-five years in the penitentiary for manufacturing or selling intoxicating liquors in Texas.

I am opposed to the making of the payment of a POLL TAX a prerequisite to voting and will favor the amendment of our present law to that effect.

I am for amending our tax laws so that a man owning land shall only be required to pay taxes on his equity in the land, the man who holds the Vendor Lien notes on the land to pay taxes on them, thus avoiding a double rendition of the land.

I am for a low rate of taxation on all homesteads and believe that all large bodies of agricultural land in Texas should be classified and made to bear their just part of the burden of taxation, and I am opposed to changing the homestead law in any way.

Our automobile tax should all go to the public roads of the counties where the tax is paid and I am for amending this law to that effect.

I have been practicing law in San Saba for 28 years, eighteen years of which I was County Attorney, and I believe I can be of service to the people of this district in the Legislature and will appreciate your support.

Respectfully,
A. B. WILSON.

The officers holding such election shall make returns thereof in the manner prescribed by law.

The fact that certain streets within the limits of the above mentioned city are in a deplorable condition, and the laws of said city are at this time inadequate, creates an emergency and imperative public necessity that the rule requiring ordinances to be read at more than one meeting be suspended and that this ordinance takes effect from and after its passage, and it is so ordained.

BRADY DROPS THREE GAMES AT COLEMAN FIRST OF WEEK —COLEMAN GETS REVENGE

The Coleman ball team got sweet revenge on Brady for the three straight games lost here last week, by taking three straight from Brady on Tuesday and Wednesday of this week. A big bunch of Brady boosters went over to Coleman on the 4th and saw Brady lose both games in the double-header. At that, the games were most interesting, and were played in record time, both games being completed in less than three hours.

With the first game safe in hand by a 3 to 1 score, Brady lost it to Coleman through errors. The sloping outfield on the Coleman grounds caused the locals to mis-judge long flies, with fatal results. Robertson pitched for Brady. Each of the teams scored in the 1st, neither in the 2nd, and Brady got two in the 3rd. In the 4th neither scored, but in the 5th, with two out, Bailey Jones let a long, high one get by him, landing the batter on second. Then Jess Woosley let another long, high one go past, giving the batter a home run, and tying the score. Two hits for three bags each netted Coleman her winning run. Score, 4 to 3.

Beasley pitched the second game for Brady, and both sides blanked all through the game except in the 4th, when Coleman scored twice. Score 2 to 0. Steadman pitched both games for Coleman.

In Wednesday's game, Gill of Brownwood started the pitching, and was relieved about the 5th inning by Beasley. Day pitched for Coleman. The score ended 9 to 2 in Coleman's favor.

PICNICS AND CELEBRATIONS GALORE—PAST, PRESENT AND FUTURE

There have been no end of picnics and celebrations in and around McCulloch county the past week—and every one of the affairs was carried off in a fashion to be highly commended.

Last Friday at Voca was staged a most delightful and enjoyable barbecue and basket picnic at the Deans grove, with over 1500 people in attendance, coming from far and from near. Although the affair had been changed from a basket picnic to a barbecue almost at the last minute, the good people of Voca lacked nothing in their preparations for entertaining their guests, and there was an abundance of everything good to eat on hand. The morning was given over to the candidates, with W. W. Henderson acting as master of ceremonies, and introducing each speaker in happy fashion. Following the splendid dinner, goat roping, bronco riding and a ball game claimed attention. The Brady band voluntarily furnished a splendid program of musical numbers for the occasion, and their courtesy not only won them much applause and favor with the crowds, but the Voca entertainment committee expressed themselves as under great obligation to the boys for their kindness.

Tuesday was the glorious 4th, and there were attractions a-plenty. Brownwood, Eden, Fredericksburg, Junction, all had celebrations. A big bunch of Bradyites went to Coleman for the ball games, but the biggest part of the citizenship attended the

barbecue at Katemcy, where more than 2500 people were gathered for a most delightful time. F. D. Jordan was in charge of the ceremonies, and saw that there was no lack of entertainment or good eats. At night, the Striegler orchestra furnished music for a delightful program of entertainment. Katemcy treated all her visitors royally, and all are loud in her praise.

At Fairview was staged a most delightful community basket dinner. The celebration was decided upon only Sunday night, but Fairview folks always do the thing up right, and there was a super-abundance of good things for not only the people of the community, but for numbers of Brady folks who had been invited, and among whom The Standard editor and family were happy to be numbered. The picnic was held in the beautiful grove on the H. J. Huffman place, and while there was no set gram, everyone enjoyed themselves getting better acquainted with one another, and having a good time in general.

Yesterday Calf Creek staged her barbecue, and from all accounts it was another big success. Calf Creek folks never do things by halves; so there was everything good to eat; plenty of speaking by the candidates, a big crowd to hear them, and a royal time in general. Dancing was enjoyed both Wednesday nights and Thursday nights.

Coming events are the big barbecue tomorrow (Saturday) at Waldrip, which will be held in a splendid shady grove on the Hayes place. John R. Winstead, Marshall Bratton and other Waldrip citizens have been

extending invitations broadcast, and a big crowd and a big time is assured.

The Legion reunion in Brady next week, and the "Last Chance" Barbecue and Picnic at Melvin on Thursday, July 20th, are two future events, to which everyone may look forward with much anticipation and pleasure.

Card of Thanks.

We take this means of expressing our deep gratitude to all for the courtesies shown and the many kindnesses and attention bestowed upon our brother, A. C. Need Rain to Keep Bathing Pool Intact.

(Overlooked Last Week)

Whiteland, Texas, June 26.

Editor, Brady Standard:

Crops are doing well but need a little rain.

C. D. Zimmerman transferred from Callan to Lightner Thursday.

A. and John Turk and families spent Sunday with McCloud on Noyes ranch.

Joe Dewitt and wife have just moved here from Winchell. We are glad to have them with us.

Marvin and Nolan McDonald and families, of Melvin, were the guests of C. D. Zimmerman Sunday.

Ray Gormes returned from a visit to Brownwood Saturday.

Roy Buyers spent a few days in Melvin this week.

Mrs. Best F. Jones and daughter, Esther, of Melvin, are the guests of her daughter, Mrs. Zimmerman, this week.

Criss Manly and wife visited relatives in Melvin last of the week.

Mr. and Mrs. Clark are preparing to move away. We regret very much in losing these people but wish them success wherever they may go.

If you heard shrieks of laughter and various cries from the creek near the highway, do not become excited for it is only the bathers, for the women and children have their bathing pool and we have some joy, if we are away out here. But we are uneasy and hope it will rain, for our fun will be spoiled if it stays dry.

John Turk was in Melvin Saturday on business.

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 80c per bottle.

Tanlac overcomes rheumatism by toning up and invigorating the vital organs, thereby enabling them to eliminate poisons from the system. Trigg Drug Co.

General Rain Needed, Although Shower Helped—H. D. Martin Shipping.

Fife, Texas, July 3.

Editor Brady Standard:

Local showers here Sunday have cooled off the atmosphere and in places rain enough fell to help crops for a few days, but we need a general rain to insure a feed crop.

Several of our people attended the barbecue at Voca last Friday. All report a pleasant time and plenty to eat.

Mr. and Mrs. H. D. Bradley and family and Mrs. A. M. Long visited at the home of W. D. Walker Sunday.

W. W. Cooper was a visitor at Rockwood Saturday on business.

Chas. Mitchell is here from Pioneer on a visit to home folks.

Mr. and Mrs. Amos Campbell and Miss Cora Pennington of Fairview visited with Mrs. Campbell's brother, B. J. Lively here Sunday.

FORD MAKES \$50.00 IMPROVEMENT INSTEAD OF REDUCTION

Body and Mechanical Improvements Meet Public Approval

The Ford Motor Company, Detroit, has just made public a list of recent improvements in the mechanical features of Ford cars.

Asserting that Ford cars are better today than they ever have been before, the statement adds that fuel consumption is lower; the engine is even more efficient than formerly; improvements in the springs and steering apparatus insure easier riding and driving qualities; a new headlamp lens, which complies with all state laws, improves the road light; and that many other minor betterments have been made.

Ford pistons and connecting rods have been re-designed and are matched for weight before assembling into motors. This reduces vibration and gives the motor a quicker pick-up. A highly polished crank shaft bearing surface also reduces wear and, added to the piston and connecting rod improvements, insures a smoother-running and better balanced motor. The material used in the Ford crank shaft and the care and precision in its manufacture make it second to none.

The new Ford carburetor gives increased acceleration. Though not radically different from the carburetor previously used, the new construction improves the all-round performance of the motor, giving it a quicker pick-up and a greater flexibility of action.

The wiring system has been completely re-designed, and while it costs more to install than the old system, is most efficient, proof of which is evidenced by the fact that it affords a fire insurance rate as low as the higher priced cars on the market.

Many other changes have been made: A 16" steering wheel is now standard equipment; Timken roller bearings are used in the front wheels; one-piece pressed steel running-board brackets insure body rigidity and eliminate vibration and body noises; a dash weather-trough prevents rain from reaching coil terminals or dash wiring; the steering mechanism has also been improved; and the tools supplied to purchasers of Ford cars have also been improved in quality. Another important improvement in the truck chassis is the adoption of cord tires as standard equipment on the rear wheels.

The change made some time ago in the seating arrangement of the Touring car has met with widespread approval. By lowering the seats and altering the seat backs, greater comfort was added.

It is pointed out that retail sales of a million cars and trucks yearly, and the consumption of raw and finished products at a cost of approximately one million dollars a day makes it possible to sell Fords at their present low prices and at the same time to produce a car of exceptionally high quality.

LOCAL BRIEFS.

Mr. and Mrs. S. J. Striegler and son, Cecil, accompanied by Mrs. Karl Steffins, went to Fredericksburg last Sunday, having been called there by news of the death of their niece, the daughter of Mr. and Mrs. W. F. Striegler of Fredericksburg. The sympathy of all is extended to the bereaved family.

J. L. Smith was here from the Lohn community Wednesday, smiling happily over the timely rain had out his way. Mr. Smith said his feed was made, and the crop turned out splendidly. The rain was fine for cotton, which is in excellent shape, and which is making wonderful growth and advancement.

Tom Stobaugh and family are moving back to Brady and will again make their home here, Mr. Stobaugh having recently sold his mercantile business at Rockwood, where the family has been located the past year. Friends of the family will be pleased to again have them as neighbors and fellow-citizens of Brady.

One of the most appreciated of recent innovations is the re-establishment of street sprinkler service, which was again put in operation Monday after a lapse of many months. The down-town district is being thoroughly covered by the sprinkler, affording great relief from the dust, which had become a great menace to health, convenience and comfort.

Jim Matthews is negotiating the streets of Brady this week with difficulty and a cane. Jim decided late one night that it would be best to have the gates on his river dam at Peg Leg closed, lest a sudden rise come along and tear things up, so he climbed down in the turbine pit to close them. As he did so, he stumbled and fell over one of the gates bruising his leg quite badly. Jim says hereafter he will do all such work by daylight.

Paul Calvert returned Wednesday morning from Brownwood, where he had been called last Friday afternoon by news that his father, C. H. Calvert, had suffered a stroke of partial paralysis. He reports his father as having had several strokes, one of which was quite severe, but the first of this week he was greatly improved, and apparently rapidly recovering. Mr. Calvert's splendid physical health was an important factor in his early recovery from the attacks, which were brought on presumably by over-exertion. All members of the family were present and attended him during his illness. Mr. Calvert is well known to Brady and McCulloch county, having for several years been bookkeeper at the Brady lumber company, and all his many friends join in the hope that his recovery may be complete and most satisfactory.

BRADY B.&L. ASS'N WILL MAKE FIRST LOAN SATURDAY

The Brady Building & Loan association is now a reality, the total shares of stock sold to date being over 1750, representing more than \$175,000 worth of stock already placed. Charter for the association was received a week or two ago, and the articles of incorporation and plan of operation has received full approval of the State Commission of Banking & Insurance. To Dr. J. W. Ragsdale goes the honor of having negotiated the first loan to be made by the association, Dr. Ragsdale having been one of the first to place his name on the subscription list, and also the first to make application for and properly qualify to receive the loan. Dr. Ragsdale has already completed his building plans, and will shortly begin the erection of a handsome and thoroughly modern bungalow home. The new residence will be located on what is known as the T. J. Bradley lot, one block north of the G. R. White residence, and which was purchased something like a year ago by Mr. Ragsdale.

The Brady Building & Loan association is one of the moves sponsored by the local Rotary club, and the Rotarians have been active in boosting the organization and in selling shares. The Rotarians will continue the good work, each individual undertaking to sell at least five shares of stock per week until the total number of shares, 50,000, have been sold. The association has been incorporated with an authorized capital stock of \$5,000,000.

As illustrating the general interest and approval of the organization manifested by the Brady citizenship it might be stated that generous offers have been made by individual citizens looking to the furtherance of the "Build a Home in Brady" move. One of these has come from G. R. White, who offers two building lots in Crothers & White addition

to the first member of the Brady Building & Loan association who will build a home thereon, it being stipulated that such home cost not less than \$3,000.00. The Building & Loan association offers a splendid opportunity for saving investment. Aside from this, it promises to be a wonderfully important factor in giving Brady more new homes and in building a more permanent citizenship for Brady.
