

TO TAKE OVER STATE DESIGNATED HIGHWAYS

The following letter from J. D. Fauntleroy, state highway engineer, has been received by County Judge Evans J. Adkins and members of the commissioners court of McCulloch county along with other county judges, commissioners and highway engineers throughout the state.

To all county judges, county commissioners and county engineers. In accord with the provisions of H. B. 361 of the regular session of the thirty-eighth legislature, the State Highway Commission expects on January 1, 1924, to take over the maintenance of all the designated state highways.

For further information we wish to advise that the State Highway Commission considers maintenance to mean keeping a road in as good condition as it may be at the time that it is taken over. No extensive improvements, either in quality or type, will be made upon any road by the maintenance organization, for the reason that the funds provided are insufficient to make such improvements a part of maintenance, and still have sufficient funds to continue assisting those progressive counties that have voted bond issues, in building their roads.

There is reason to believe that in a number of counties, the commissioners' courts are not expending their respective portions of the motor vehicle fees in maintaining the designated state highways, but are neglecting the maintenance of such highways in anticipation that the State Highway Commission will, on January 1, do the necessary maintenance work which the commissioners' courts failed so far to do.

If, in these counties, roads are allowed to get in bad condition for lack of maintenance, the Highway Commission, as stated before, will only maintain these roads in as good condition as they may be in when taken over January 1, 1924, and the citizens of these counties will have only their respective commissioners' courts to blame for this condition. If funds were available, the Highway Commission would gladly improve and maintain all the roads on the system for the benefit of the state as a whole, but as a matter of fairness and justice to the counties who have bonded themselves for the purpose of building good roads, the commission must keep in a position to assist them. The law directs the counties to use their registration fees until January 1, 1924, in maintaining the designated state highways. Many of the counties of the state are doing this and it would be an injustice to these counties for the highway department to improve the roads of other counties that have failed to do their duty under the law.

It is therefore hoped that the commissioners' courts of the different

CONTRACT IS LET FOR NEW BUILDINGS EAST SIDE

The contract has been let by Dr. B. L. Craddock to C. R. Horn for two new and thoroughly modern business buildings on the east side of the square and which will replace the burnt structures, which, up to the time of the fire several months back, were the sole reminders of pioneer business days in Brady, so far as the public square is concerned.

The contract price of the new store buildings is \$6,000. Each store room will have a frontage of 30 ft. with depth of 90ft., and will be modern and attractive design. The contract calls for a separate wall on the south, long side the Gibbons building, and a party wall on the north side, which has been contracted jointly by Dr. Craddock and W. S. Shropshire, who owns the adjoining lot on the north. The buildings will have a reinforced concrete frame, filled in with hollow tile, back of brick, and front of face brick and plate glass, with modern drop awning. The face brick will be a mingled shade, the same as that used on the new Brady hotel.

Crushed rock and other building materials was being placed on the ground yesterday by contractor Horn, and actual building operations will be begun as soon as Mr. Shropshire, who has the contract for clearing away the debris and rubbish, can clear the lots.

Simultaneously with the starting of work on the new Craddock buildings, Mr. Shropshire plans to demolish the remains of his drug store building, and start the erection of a building on his lot, the building to conform in general design with the Craddock buildings, and construction work will keep pace with that of the latter. Mr. Shropshire will superintend the operations on his building personally.

With the completion of these three new buildings, the entire east side will be adorned with modern and attractive buildings, and will convert what formerly was largely a "shack" section into one of the most up-to-date business blocks in the city.

counties will make every effort to keep the designated highways not only in the best condition possible but to improve them as far as their funds will permit in order that they can be turned over to the highway department in good condition and be kept this way by our maintenance organization. We know that many counties are loyally trying to do this and we hope that all of them will realize the importance of such action.

INTER-DENOMINATIONAL BIBLE-STUDY CLASS ORGANIZED AT M.E. CHURCH

Quite a number of Brady ladies met at the M. E. church recently and organized an Inter-Denominational Bible-Study class, the purpose of which will be to unite the ladies of the town in thorough study of the Bible. An invitation is extended the ladies of all denominations to attend and take part. Meetings will be held twice a month, on the first and third Friday evenings at 8:30, the meeting place for the present being at the Methodist church.

Mrs. J. A. Snider has been elected teacher for the year, and the Rev. I. T. Morris, assistant teacher. Following a course of Bible study, social hour will be enjoyed in order to enable the ladies of Brady to get together and work together in all things pertaining to the welfare of Brady in most harmonious fashion. Refreshments will be served occasionally.

The Bible-Study class expects to take up as its first study the "Twelve Hundred Questions of the Bible."

INTERIOR OF COURT HOUSE PAINTING AND VARNISHING IS BEING TRANSFORMED BY

Visitors at the McCulloch county court house cannot help but be struck with the attractive and spotless appearance of the entire interior. From main floor to the third floor, the interior is being refinished in most attractive color combination, and which proves at once restful to the eye, and attractive by reason of the sanitary appearance. The metal ceilings are being coated with a rich cream, while the walls are a light blue and the woodwork dark mahogany. All office furniture is being re-varnished, so that everything has a spic and span appearance.

M. S. Middlemiss has the contract for the interior decorations, and is being assisted in his artistic work by Alec Tupman and E. O. Essary.

LOCAL BRIEFS.

Eddie Olian, who has been at Winters the past month or so in charge of a branch store established there by H. W. Zweig, returned Sunday and is again greeting his many friends at the Fair store. Mr. Zweig will divide his time between his Brady and Winters' stores, and also in superintending his Hupmobile agencies at Brady, Coleman and Abilene.

Ed. Walker, who has been out in California the past several months in company with his brother, Lit, and Percy Paschal and other Bradyites, returned last Friday, and confesses that old McCulloch county looks good to him. He reports a very pleasant stay in the "golden west," and says he has no regrets over the trip, especially since he got to see a great part of what is accounted the most beautiful part of the United States.

Jim Mayse had a fortunate escape from a serious injury early this morning. While employed on the new Hotel Brady, another workman dropped a scantling from an upper story the piece of timber striking Mayse on the head and inflicting a gash that required medical attention. Fortunately, the blow was only a glancing one, and Jim was able to return to work after having the wound dressed.

J. H. Newlin and W. M. Weeks, who were members of a party of nine folks returning from a trip out on the plains, are now accused by other members of the party, and neighbors as well, as having gone out to look out a good trapping lay-out for the winter. It is also reported that Newlin found some big trees

GINNINGS IN COUNTY ON SEPTEMBER 1ST OVER 150 BALES SHORT LAST YEAR

According to information gathered by Arthur Wood, U. S. government ginning census reporter for McCulloch county, there has been ginned in the county 394 bales of cotton up to September 1st of this year, as compared with 558 bales up to September 1st of last year.

growing out on the plains, but the shifting real estate had kept them covered up until they were only a foot or two above ground and were locally known as sage brush. Newlin and Weeks have not yet reported on the other members of the party.

Mrs. John R. Winstead, Jr., who underwent quite a serious operation some three weeks ago, was able to return home the past week, and is reported as making a gratifying recovery, which good news will be learned with pleasure by the many friends of the family.

M. P. "Bully" Wenger, who with Mrs. Wenger left the early part of last month on a tour of the Pacific coast and northwestern Canada, is back in Texas, and at Temple, according to postal information received from him under date of September "31." "Bully" say they had a swell trip and lots of fun. When they got to California, however, they apparently were so lonesome they wired back to Brady for all back copies of The Standard published since they started on their trip. Now they on the plains, are now accused by other members of the party, and neighbors as well, as having gone out to look out a good trapping lay-out for the winter. It is also reported that Newlin found some big trees

BRADY TO PLAY POLO AT BROWNWOOD OCT. 9-11

Brady will play polo at Brownwood during the Brownwood Fair, according to information just given out by the Brady team. Three games have been scheduled with the Brownwood polo aggregation to be played on October 9, 10, and 11. In accepting the Brownwood dates, the Brady team was obliged to turn down an offer to play at San Angelo during the San Angelo Fair.

Brady will send to Brownwood her all-star aggregation, headed by Lee Downs as captain, and J. E. White, W. C. Wegner and Ben Strickland, all veteran players, as members of the team. This team has a record of meeting and defeating the best of 'em, having won two out of three at the San Angelo fair last year, from the widely heralded team headed by Dick Waring. The local players not only play the game with mastery skill, but have trained up a bunch of polo ponies the best ever seen in West Texas. It goes without saying that the polo games between Brady and Brownwood are certain to prove among the best attractions offered at the Brownwood Fair this year.

FURTHER REDUCTION ON FORD CARS ANNOUNCED IN TELEGRAM RECEIVED TODAY

Curtis Norman Co. this morning was in receipt of a telegram from the Ford Motor Co. announcing further reductions in various models of Ford Cars, effective today, October 2nd. The new price quotations, as contained in the display ad in another column of this issue, are the lowest in the history of the Ford Motor Co., and incidentally the cars offered have higher value than ever.

The local agency today is unloading a carload of Fords, all of which are to be delivered promptly to a waiting list of purchasers, and two more carloads of Fords and one carload of trucks is expected in within the next few days.

COMPLIMENTS FROM THE PARSON

The Rev. John Power, in "The Parson's Column" published in The Brownwood Bulletin, has the following complimentary things to say about Brady and McCulloch county folks in connection with the recent trip made by the Brownwood boosters through this section:
The whole expedition was pleasant enough. We were welcomed and hospitably entertained. Everybody seemed glad to see us and gave us the best they had. The Brady people distinguished themselves by giving us the best barbecue the Parson ever tasted and other things to match. When we arrived at Lohn, in the midst of the devastated region, we found bountiful preparations made for us. The Parson offered to pay for his lunch, but by no manner of subterfuge could he manage to get rid of his money. "There is no charge," was the universal answer. Those good people who had lost their crop completely were not dismayed or soured; but fed us well and gave us a glad welcome and cheery farewell. The Parson has made a note of Lohn.

WAIT 15 SECONDS—OR IT MAY COST YOUR LIFE

A locomotive engineer in talking about accidents at grade crossings says: I run one of the company's fast trains. I am sure I am never longer than fifteen seconds passing over any crossing and yet every trip I make there are people in such a big hurry they can't wait these fifteen seconds. Sometimes, in fact, in most cases they get by, but yet some fellows fall somewhere in the country every day to make it. There is no excuse for the careless motorist. When he sees me coming he knows exactly what I am going to do. My train is going to shoot across the road on twin bands of steel, at from 40 to 60 miles an hour. I can't dodge one inch to right or left. But I never know what to expect of a driver of an automobile. He keeps me in terror from one end of my trip to the other.—Tyler Courier Times.

THE ORACLE

By CLARA L. ALLEN

If you were inclined to be credulous and dropped into Pitt's general store some evening when the self-constituted oracle of Hardport was holding forth upon his favorite topic, you would wonder if all worthy citizens—save one—were reposing in the village cemetery on the pine-dotted plain across the bridge spanning Echo river.

Jotham Peabody's discourse, broken only when Eph Pitt placed his brown-stained gray beard in dangerous proximity to smelly kerosene lamps and extinguished them with loud puffs of an odoriferous breath, would have invited certain conclusions.

It was useless to dispute with Jotham. Several had tried to and had retired to side-lines of boxes and broken chairs to sit in silence and listen rebelliously to the overbearing orator.

For Jotham was wealthy and aided distressed fellow-citizens—when security was good—at usurious rates of interest. Some of the discreet were influenced by notes bearing their names, and others feared their time might come. For Jotham was accommodating—if collateral was ample and rate of interest satisfactory to him.

In all Hardport there was but one who dared contradict the doctrine expounded by Jotham, and even he admitted the task to be hopeless, after a prolonged series of heated debates.

This subdued champion was Solon Amazeen. He was a thin, mild-mannered person, lacking nothing in courage, but was modest spoken in circumstances; hence a prospective victim for his enemy, who was big and paunchy, loud-mouthed and overbearing. In fact, each was the physical, mental and moral antithesis of the other. Their only qualities in common were that both were widowers and nearing the threescore mark.

But if Solon was subdued he was not wholly silenced. While his antagonist could smother him with a verbal broadside, he possessed a reserve battery with which he threw an occasional missile of caustic wit that caused Jotham to squirm in impotent rage. As a handkerchief maddens the baited bull, so Jotham was angered by the snickers that followed each successful sally.

Anticipated revenge was sweet to Jotham; but realization would be far better. He could squish Solon with oral broadsides, but his armor of pride had been dented and battered by the sarcastic sharpshooter.

For a long time he had awaited a chance to humble his enemy and hold him up to ridicule, but not until Fate came to his aid by placing in his hand a sample copy of the Matrimonial Gazette did man and opportunity meet.

Among Jotham's fixed ideas was the belief that Solon was not averse to a second voyage on the matrimonial sea, and the conviction that all women, like the vast majority of men, were designing creatures with ulterior motives, usually selfish. With his superior mentality this occasioned him no alarm. He could guard against the wiles of both sexes, but the inferior and susceptible Solon might easily fall into the snare of the fowler.

With this in mind he wrote a letter picturing Solon in roseate hues, adding a vivid but remarkably truthful inventory of what he could offer a blushing bride. With scrawled signature and a picture surreptitiously obtained, the message was sent in answer to one he selected from the Gazette.

A period of watchful waiting ensued. Guarded inquiries elicited the information from Pitt that an answer had been received. Nothing happened for a fortnight, however, that Jotham could see.

Then Solon, arrayed in "Sunday best," took the train to Tamwood. He came back that evening and was at the store, serene and sarcastic as ever.

Another period of suspense, another two weeks, and Solon was off again to Tamwood. This time Jotham felt a vague premonition that something was wrong with his scheme. He was sure of it when Solon returned a few days later with a burlesque woman whom he proudly introduced as his wife.

But the greatest contradiction to Jotham's theory and his greatest shock came when he learned Solon's wife was really well-to-do.

Things hadn't turned out as he had hoped. Raging inwardly and smiling outwardly, he made his way to the cottage to pay his respects to the happy couple when they held their "reception" the following week.

Solon's welcome was cordial enough and his wife was smiling and happy. All was as it should be, but again Jotham experienced the vague foreboding. He didn't understand why, just then, but it was remarkably clear a little later.

Solon stood up to thank the people for their good wishes. He fixed his eyes on Jotham.

"Thank ye all," he said. "Mary an' I are glad to see ye all an' we're specially glad to see the feller that fixed things up so's we met. I ain't goin' to tell 'bout it, 'cause he's dyin' for a chance. Brother Peabody'll—"

There was a commotion in the hall. For once Jotham had no words. He seized his hat and fled.

"AND IT IS A COUNTRY WORTH LIVING FOR FIGHTING AND DYING FOR"

By COL. P. E. HOLP, Chicago Lecturer

Eight times America has gone to war under the Star-Spangled Banner, and not once have we result of winning—that is the "American Way." At the end of the world war nearly all the nations of Europe had to make new maps of their countries to take in the new territory they had acquired. After winning the war this country did not add a single acre to its area.

When we wanted territory we purchased it. We didn't declare war on the country owning the property and take it as spoils of conquest. Alaska, Florida, California, the Virgin Islands, the entire Middle West, were all purchased and paid for by the United States. In Cuba's hour of need we sent troops and our navy to her assistance, and then withdrew and let Cuba remain an independent republic. In spite of all this, however, the foreign nations look upon us as an imperialistic nation, and we have been called the "Shylock of nations" by those who can not understand our principles, our "American way." This country is not perfect, but it is the nearest perfect of all the nations on the face of the earth, and it is a country worth living for, fighting for, dying for.

Ice Uses You May Not Know

Do YOU know that medical authorities recommend the ice bag to "relieve pain, quiet the action of the heart and reduce fever"?
The ice bag is sure relief for tonsillitis and sore throat—in scarlet fever it has saved many a life. Ice is frequently prescribed for local application in cases of acute rheumatism—and the Reference Handbook of Medical Science states that pneumonia fatalities are reduced from 10% to 5% when ice is applied to chest and head.
Your family physician knows the curative values of ice. Ask him, too, about the risks run when foodstuffs are not properly protected in a well iced refrigerator.

Brady High lost the opening game of the football season to Santa Anna on the latter's home ground last Saturday. The score resulted 6 to 0. However, the local eleven is not in the least down-hearted. The team has good stuff in it, and the boys are not only good losers, but are going to prove themselves better winners. The next game is scheduled with Brownwood on next Saturday, and will be played on Brownwood's grounds.

LEGISLATORS IGNORE STATEWIDE INTERESTS SAYS REPRESENTATIVE

(James Finlay, in Farm and Ranch.)

As a subscriber to your valuable paper, I read your article in regard to the Legislature in this week's issue and want to say that you hit one of the nails on the head when you say there is too much swapping of votes down there. I wish to call your attention to several other faults I found while serving in the Thirty-eighth as a new man in the Legislature and politics. In the making up of the Committee, care was taken to place members who have State institutions in their districts on this committee. There are twenty-one members of this committee and there is a State institution in each of these districts. They prepare the bill for the House to work on, they hear all the arguments and place the bill before us at the last minute before the session adjourns. There is no time to go into the bill; 139 of the members do not know whether it is too large or too small, and by swapping in the committee the members of the committee, it seems to me, take advantage of the House. We must either pass the bill or else be the cause of another special session. The cure for this would be to pass the appropriations bill at the regular session, when we would have time to consider it, appoint part of the members of the committee from those who have no "pork" in their districts and who would be disinterested except to save money. Another trouble is that about one-fourth of the members are smooth faced boys; they pay no taxes, are mostly graduates in law, and usually from the University. Their names cannot be placed on the tax rolls at Austin; yet they are sent there to expend \$40,000,000 of the people's money. Another bunch are broken down poli-

ticians too old for anything else are given this \$5 per day job without thought as to their qualifications. The people of Texas must wake up and send men to our Senate and Legislature who make a success of their own business at home, who pay taxes and who are State representatives and not district representatives. Until you newspaper men hammer this into them we are going from bad to worse.

I hope you can hit them a few more licks in your valuable paper and try to get the people to thinking.

ROBS CALOMEL OF NAUSEA & DANGER

Medicinal Virtues Retained and Improved — Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity,—purified and refined from those objectionable qualities which have heretofore limited its use. In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water,—that's all. No taste, no gripping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original sealed packages, price thirty-five cents for the large, family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—(Adv.)

BIG NIGHT SHOWS AT SAN ANGELO FAIR FEATURE THIS YEAR

For the first time in the history of the San Angelo Fair there will be a show every night at the fair grounds. Instead of turning the visitors "loose" on the streets this year—six big special attractions have been planned for the night entertainment of our 1923 fair guests. The program in detail follows:

Monday Night.—A real wedding will be staged in front of the grand stand, where a West Texas couple will be united in matrimony with all West Texas as their wedding guests and everyone wishing them well. Everything the bride and groom wear—everything necessary for the wedding from the license to the services of the minister, will be furnished this lucky couple. It will be the biggest wedding in West Texas this year—be there and get the surprise of your life.

Tuesday Night.—West Texas, the home of the polo pony and the quarter horse, will have its first horse show in a number of years. It will be a big feature event—one that everyone interested in horse flesh will be anxious to witness.

Wednesday Night.—"Fite Nite." A wrestling match, four free boxing bouts, and a battle royal will be the treat in store for fight fans. In a ring directly in front of the grand stand and under the glare of powerful spotlights the fastest array of fistic talent in West Texas will perform. Those who want to sit at the ringside may secure ringside seats down on the track where they will be in the big middle of things. Company E of the 141st Infantry, San Angelo's National Guard unit, is sponsoring this performance.

Thursday Night.—San Angelo merchants have been sending their buyers to New York every season for

Saturday Night.—Tut! tut! What do you know about the tomb of the good King Tutankhaman? Not much we'll bet, but if you will get a good grand stand seat Saturday night, the whole history of this ancient Pharaoh will be made as simple as the first-grade primer. It'll be a big night—bring the ladies!
