

"Southern Cinderella" Presented by 20th Century Club Tuesday

"Southern Cinderella" a three or four act play, sponsored by the 20th Century Club, and directed by Mrs. W. S. Campbell, was presented Tuesday night at the East Ward School auditorium to a crowded house and appreciative audience.

The characters of the play were represented by Mrs. J. H. Busby as Madame Charteris, Mrs. E. S. Lee as Enid Bellamy, Mrs. Lessie Roberts as Miss Rosie Winterberry, Mrs. W. O. McCrary as Miss Johnnie Bell Randolph, Mrs. E. J. Cowan as Katherine Hawk, Mrs. W. E. Lee as Caroline Hawks, and Mrs. P. C. Nichols as Mammy Judy Johnson.

Each character was well represented in "make-up and costume", and real talent was shown in presenting the play. While each character played their part perfectly, "Mammy Judy" possibly brought forth more laughter and amusement by her conception and portrayal of the true darky type.

Between acts the Ukelele Girls rendered selections of music, and Henry Hext sang several selections, these numbers being heartily enjoyed and encored by the entire audience.

The play was not only a pleasure but a success financially, there being more than a hundred dollars realized in the sale of tickets. This fund will be spent on a library for the East Ward School and other school purposes.

The 20th Century Club requests that their thanks be extended each one who helped to make the play a success. To the Campbell Furniture Co. in furnishing the stage setting, and also the Ukelele girls, Henry Hext and Mrs. Granberry for music furnished between acts.

J. M. Sizemore, of the Afton section of country, was in the city Saturday, paying the Texas Spur office a pleasant call. Mr. Sizemore reports the Afton section in good shape at this time.

Spur Bulldogs Go Down in Defeat to Slaton Bengals in 5th Game of Season Friday

The Bulldogs met defeat Friday for the first time this season, in their fifth game with the Slaton Bengals, on the Slaton field.

The mere fact that Slaton beat Spur at football, may be of little consequence in the general scheme of sports, but we all were greatly disappointed, even more so than members of the Bulldog team. We had counted big on the Bulldogs walking on into the championship undefeated—rooted and bet our money to that end.

However, Spur Bulldogs still have a chance to win the district championship, in that if Post defeats Slaton, and Spur then defeats Post in the game November 11th, the Bulldogs will have a fighting show to win the championship.

The fact that approximately 300 Spur people attended the game at Slaton Friday, is evidence that Spur was interested and bac kof the Bulldogs.

The score was 30 to 13.

MONDAY WILL BE TRADES DAY IN CITY IF SPUR

Next Monday, November the 4th, will be Trades Day in Spur. This Trades Day will differ somewhat from the usual program. Cash prizes to the amount of one hundred and twenty five dollars will be given by the Merchants Association, instead of the usual Jersey cow, sow and poultry. Then, too, an entertaining program will be arranged, and every business institution of the town will offer trade inducements for the day.

Everybody is expected to be in Spur Monday for Trades Day.

FOR RENT—A lovely and desirable apartment near in.—D. Y. Twadell. 1tp

Girl Scouts and Brownies Have Carnival on Halloween Night

The Girl Scouts and Brownies had a most successful carnival Thursday night. On the carnival grounds were about twenty shows, including dancers, fortune tellers and everything but snake-charmers. The carnival attracted large crowds and no doubts the receipts were very satisfactory.

In the contests little Jane Brannen daughter of Dr. and Mrs. M. H. Brannen, was voted the prettiest baby.

R. E. Dickson was declared the ugliest man in town—and everybody had to pay for voting.

Farmer Killed by Son-in-Law Monday Near Ralls

Sam M. Walker, 79, was killed Monday, his son-in-law, Joe Hawkins, being charged with the shooting. The shooting occurred on Walker's farm near Ralls. It is alleged that an argument started over a dog fight resulted in the shooting. Witnesses said the older man asked Hawkins to stop a dog fight and Hawkins refused, ordering his father-in-law off the place. Walker refusing to go.

Klassy Kleaners Add New Hoffman Press to the Equipments

Joe Watson and Wendell Hawk, proprietors of Klassy Kleaners, are this week installing a new and one of the latest model Hoffman presses. With this new equipment Klassy Kleaners will be in position to render better service to patrons, and can render the nationally advertised valet service in Spur.

Mrs. W. D. Wilson entertained a few friends Thursday evening with bridge at her home in the city.

Men Who Believe in Better Staple Cotton to Meet in Spur Sat.

All farmers who are interested in taking up a movement for a better cotton market at Spur and in Dickens county, are asked to meet in Spur next Saturday at 2:00 o'clock in the afternoon, at the old Lyric Theatre building which is across the street from the postoffice.

The present basis of cotton is being taxed about twenty dollars per bale on account of short staple. Cotton buyers state that eighty per cent or more of all cotton received here is below seven-eighths inch, and therefore known as untenable cotton.

This meeting has been called by the County Agent at the request of all six gins of Spur and several of the leading farmers of the county.

When interviewed by a representative of this paper the County Agent had the following to say:

"I met with the six ginners and some of the leading farmers last week and at which time the local situation with respect to our cotton production was taken up. This was discussed thoroughly from the ginners and growers and buyers standpoints. The esum of the meeting was that the ginners want a cotton that will run from 15-16 to one inch staple, and with a hard fiber. It takes a hard fiber to clean out to a middling basis when it is snapped. Any cotton must stand snapping as that practice has come to stay. The buyer wants a cotton like the above, as that is what is in greatest demand with the spinners. What the grower wants is most money per acre. It was the unanimous opinion of those present that any good strain of Mebane cotton will satisfy all three parties if it is bought strictly on its value to the spinner—and that is what is to happen from here out. There are a dozen good strains of Mebane on the market under various names which are bought every year, and do well in this part of the state."

The editor of this paper urges that all its readers who are believers in building back our cotton basis to the good old days when it sold "on" the month instead of "off" 300 points, to be present at the meeting Saturday. We honestly believe that the day of "hog-round" buying is gone, and that the time is here to remedy the situation.

Oscar and J. M. Marrs, two leading citizens of the Elton community, were in Spur the past week, and while here were pleasant callers at the Texas Spur office, favoring us with the renewal of their subscription to the Texas Spur. They informed us that they just about had their cotton crop gathered and marketed, having sold cotton here that day at a price ranging around 15.50. The cotton, as well as cattle and other markets, has been somewhat dull throughout the season. The fact is that the market on all products and industries throughout the country now faces a serious and uncertain situation.

Four Year Contracts to be Let for Carrying Star Route Mail

The Post Office Department at Washington, will let contracts for carrying the mails on Star routes from July 1930 to July 1934, in the States of Texas, Arkansas, Louisiana, Oklahoma, Kansas, Nebraska, South Dakota, North Dakota, Montana, Wyoming, Colorado, New Mexico, Arizona, Utah, Idaho, Washington, Oregon, Nevada, California, and Hawaii, as specified in pamphlet advertisements of this date. Bids for mail routes will be received by the department up to 4:30 p. m., January 14, 1930. Detailed information, may be had at the local post office.

George Harris, of near McAdoo, came down Thursday, spending several hours here transacting business affairs and meeting with his friends. A good rain, we understand fell further up on the Plains Tuesday night, amounting to almost a cloud-burst in the Lubbock section, heavy rain extending on down to Crosbyton and near the Cap Rock.

She Lived on Strict Diet for Two Years

"I suffered so with stomach trouble that for two years I had to live almost entirely on a diet of butter milk. I lost weight and was terribly rundown. Then I started Sargon, gained nine pounds, and now I

MRS. LILLIE LIST

feel fine all the time.

"My liver seemed all out of order and I was badly constipated. My tongue was nearly always coated and the taste in my mouth was awful. I was so nervous that many a night I didn't sleep a wink. No medicines helped me for any length of time and I finally decided to try Sargon. I have finished my sixth bottle, eat anything I want, my indigestion is gone and I am strong and energetic! My nerves don't bother me now, I sleep fine and my friends all tell me how well I look. I was visiting my mother in Uvalde, Texas, and told her what Sargon had done for me. She said many people there were praising it too! Sargon Pills ended my constipation and biliousness. I will always praise this wonderful treatment."—Mrs. Lillie List, 1300 Caldwell St., San Antonio.

Red Front Drug Store, Agents.

W. A. Martin Died at Matador

W. A. Martin, an old time citizen of Matador, died recently, at the age of 69 years. Mr. Martin came to Motley county in 1891, living there continuously.

S. W. Stephenson, a good citizen of the Plains country near McAdoo, was in Spur the past week, dropping by and paying the Texas Spur office a pleasant call. Mr. Stephenson and family came here several years ago from Arkansas, and since coming has prospered with the country.

In last week's issue of the Texas Spur, an advertisement for the Coffee Shop appeared, bearing the names of Bumpus & Wilson as proprietors. The fact is that Wilson is not a partner in the business, W. M. Bumpus being sole owner, manager and proprietor. Under the ownership and management of Mr. Bumpus the Coffee Shop renders excellent service to the trade.

J. M. Hahn came in Tuesday, spending a short time in town on business and conversing with his acquaintances and friends. Jim Hahn has been making such a fine record in the poultry business that others of his friends here are considering going in for poultry—and no doubt would if their wives had more time and would agree to look after the flocks.

L. V. Goodrich, a leading citizen, and stockfarmer of Stonewall county, was in Spur the past week, transacting business and meeting with friends and acquaintances of this section. Mr. Goodrich states that grass will be short this year in Stonewall as well as elsewhere in this section.

Spencer Sullivan is here this week end, greeting his many acquaintances and friends. Spencer is now employed with the Ford Agency at Roscoe, where he states many sales of cars are being made. Spencer stated that Ira Sullivan is engaged in the hat business, being located at Corpus Christi. The Sullivan boys are fine young business men, and we join in with their friends in wishing them much success and prosperity.

LOST—3 registered Jersey cows, 1 registered grade heifer and 1 one month old bull calf. These cattle got through a break in the fair grounds fence. Finder please notify W. S. Patrick at C. of C. office.

GIRARD NEWS.

A good rainfall was had over this community Saturday night and Sunday. This will greatly benefit the wheat crops sown.

Harris Harwell and family have moved to another home.

Ben Bourland and Lena Simpson have returned from the Plains where they have been working.

Glenn Huls' mother and sister visited with him last week.

Mrs. J. W. Langford was a guest Sunday of Mrs. Harris Harwell.

Mrs. Edwards spent Sunday and Sunday night here with her daughter, Mrs. Ben Spradling.

Mr. and Mrs. Raymond Turner and Mr. and Mrs. Billy Vincel went to Cisco for the week end.

Mr. and Mrs. C. N. Kennon spent Sunday here with Mr. and Mrs. Frank Stephens.

Friday afternoon a group of high school girls went on a hike, sponsored by Misses McGlochin and Blain. Af-

ter hiking a mile from town, supper was cooked. Those going were Elsie Clark, Alphaeta Kennon, Ione and Arretta Beaver, Winona Stephens, Lois and Grace Langford, Irene Boland, Bonnie Spradling and Zadia Bell Waggoner.

Mr. Kennon and Miss McGlothen, after hard work the past week, now have the school library in good shape. Zadia Bell Waggoner and Arretta Beaver are responsible for books issued this week.

M. E. Beaver and family have been to Petersburg visiting relatives. Miss Viola Darden has been temporary telephone operator. She likes the job and was efficient in the work.

Clay Beaver was in Girard Sunday. We are always glad to see him.

Hugh Turner, Fred Harwell and Rayford Thompson, of Flomot, were in Girard Saturday and Sunday.

G. C. Dial, Aral Kerley and Red Long were back in Girard Monday, but returned to Flomot to pull bollies.

Mr. and Mrs. Clifford Long are proud parents of a baby boy.

The teachers of Girard are going to Stamford Thursday to attend the institute.

Green Waldon and family returned to Girard this week.

Mr. and Mrs. Simpson returned to Girard this week.

Our English club has a name at last, "Mary Arden." The club is a big success. The following program will be given next Thursday: Piano solo, Bonnie Spradling; Reading, Winona Stephens; Story, Clayton Simmons; Duet, Ralph and Frankie Stephens; Discussion of a poem, Arvis Williams; Class prophecy by 3 seniors; Conversation on marriage, Gladys Mayfield and Edd Ross; My opinion of girls by R. T. Barton; How my English courses help me, Lila McDaniel; Song by entire club.

The Senior Class attended a party Wednesday evening at the home of Miss Bonnie Spradling. Music was

the entertaining feature. Refreshments were served to Edith Harwell, Clayton Simmons, Elmer Hagins, Ed Ross, Zaida Bell Waggoner, Warren Fincher, Lois and Grace Langford, Elsie Clark. All enjoyed the occasion.

The Seventh Grade of Girard Schools held a class meeting and elected Evelyn Fincher president, Polly Langford vice-president, Lula Waggoner secretary. American Beauty and gold were selected as class colors.

A special song in chapel Monday was given by little Misses Wardna Lee Beaver and Melvina Boland.

Tom Love, of west of Spur, was among the business visitors to the city the first of the week.

W. L. Hudson, of southwest of Spur several miles, was among the many business visitors here the past week.

F. F. Collins, of McAadoo, on the Plains, called in Wednesday and paid up his subscription to the Texas Spur. Mr. Collins informed us that he was leaving soon for New Mexico where he intends to establish his permanent home. Mr. Collins is a good citizen and we regret to see him take up his residence elsewhere, but wish him all kinds of success and prosperity in his New Mexico home.

C. Earyl Senning, of Oklahoma, was in Spur the past week, visiting with his mother, Mrs. Kate Senning and family. Earyl is now engaged in the automobile business in Oklahoma, having the agency Marmon cars.

Mrs. D. A. Wilson, of the city, returned this week from Clarendon where she spent several days visiting with relatives and friends of that city and section.

We this week received a letter from J. P. Wilkes at Kerville, stating that he and family contemplate moving back to Spur when he regains his health which he states is now improving. We will be glad to have them back with us. J. P. Wilkes was in Spur in the early days, remaining here until last year when he closed out his business, placing a sign on the door "busted and nobody knows it better than I do," leaving soon thereafter with his family. He still owns property here and calls Spur 'home.'

J. I. Greer was in the city Monday from his Lone Oak farm and ranch to the west of Spur. He reported everything all o. k. at this time.

T. E. Gregory, of Duck Creek, was trading in the city, and greeting his friends on the streets the past week end.

Wants to Shake Hands With the Man Who Made Orgatone

Before Taking it Wichita Falls Farmer Was Losing Weight—
Now Well and Happy.

"I would like to shake hands with the man that makes Orgatone," said C. H. Perry, a well known farmer who lives on Rural Route 1.

"My stomach went back on me several years ago," continued Mr. Perry, "and every since that time I have been gradually going down hill. Just before I began taking Orgatone I was so weak and run-down that it was hard for me to get about to do my work without stopping to rest. What little I forced myself to eat would sour on my stomach, and I would always be miserable for hours on account of the gas that formed from this undigested food. Very often the gas would press up against my heart and make it palpitate so bad that I was actually afraid that I might have heart trouble. I was badly constipated all the time, and occasionally suffered from bad headaches.

"I had been keeping up with the public statements of Orgatone and decided it was doing others so much good that I would give it a trial, and I am certainly glad that I finally decided to do so. Sir, I am actually surprised at the results I got from Orgatone. In just a little while my appetite came back and the more Orgatone I took the more I wanted to eat, and the best part of it is, I can eat anything I want to and never suffer from it afterward. It has certainly put my stomach in such fine condition that I can eat meats, vegetables, pastries and in fact anything that anybody else can, and it all agrees with me perfectly. I am feeling so well and strong that I can get out and go through my day's work and never stop once to rest. My nerves seem to be in normal condition and I am free from constipation and never have those awful headaches any more. I am gaining in weight and feel full of strength and energy, and am more than glad to recommend Orgatone to others." Genuine Orgatone may be bought in Spur at the Spur Drug Co.

Mrs. Foley and daughter, Miss Sue, returned this week to their home at Valentine, after spending some time in Spur looking after the Foley Motor Company business interests. Mr. and Mrs. Foley own and operate a considerable ranch property near Valentine, where conditions at this time are reported very good.

W. J. Hickman, of south of the city, was on the streets Monday, conversing with friends—but we are afraid to talk after him.

Ed Lisenby was on the streets Saturday. He states that his cotton crop of approximately fifteen hundred acres is turning out fairly good in comparison with the general crops of the country.

Mrs. D. G. Hisey, of the city, was a very pleasant caller last Friday at the Texas Spur office, having the paper sent to her son. Mrs. Hisey has always been an appreciated friend of the Texas Spur.

Newt Cravey and little daughter and son, of Red Mud, were very pleasant callers Friday of last week at the Texas Spur office. The young Craveys came in to inspect the print shop, see the automatic press and linotype in operation. Newt also brought us in a bucket of fine apples grown this year in his orchard. He has twenty odd apple trees in his orchard, adding that the trees were loaded to the limit with fruit. The orchard is of several acres, including a variety of fruit, all of which this year produced abundantly. Newt's orchard is one of the oldest in the entire country, and in days past was the largest and most productive of fruit.

District Manager Owsley, of the West Texas Utilities Company, was in Spur this week from his headquarters in Stamford. While here Mr. Owsley was a very pleasant caller at the Texas Spur office, telling us of the contemplated extensions, expansions and improvements of the company, together with the probable price reductions and business changes with in the district, as a result. Mr. Owsley may have been "merely a cow-puncher" in earlier days, but he is an able business man today and knows the electric business and how to most efficiently promote electric interests in serving the people of this section of the Western Empire.

Bill McArthur, of west of the city, was greeting friends on the streets Tuesday.

SPUR DELPHIAN SOCIETY

The last meeting of the Spur Delphian Society was held at the home of Mrs. R. R. Wooten. A very beneficial lesson was had by following members: Mesdames Geo. M. Williams, E. L. Tanner, M. H. Brannen, W. T. Andrews, Oran McClure, Sol Davis, M. L. Jones, R. R. Wooten.

The next meeting will be held at the home of Mrs. E. L. Tanner, Nov. 5, at 1:30 p. m.

Program—Leader, Mrs. Sol Davis. 1. Paraphrase of reproduce the estimate of Spencer in the topical outlines, Mrs. M. L. Jones. 2. Alcyon's Lament for Daphne, Mrs. R. R. Wooten; 3. The Epithalamium, Mrs. R. C. Forbis; 4. Ferie Queine, Mrs. W. T. Andrews. Reading from Spencer, Mrs. Bill McAlpine. All members are asked to answer roll call by quotations from Spencer.

Edgar Fisher, of west of the city, came in Tuesday after binder twine, stating that he is endeavoring to save every stalk of feed produced on the farm this year. Binder twine has been in demand from every section of the country, denoting that the feed conservation movement is being generally practiced. We have often heard it said that West Texas wastes more than many countries produce, and it is very probably a fact—and had a feed shortage not been in evidence this year, little attention would have been paid to the crop of feed now in evidence—the stock would just have been turned in on it.

C. E. Harrison, a good citizen and farmer of near Girard, was in Spur Tuesday, and while here dropped by and paid us a year's subscription, stating that he couldn't do without the Texas Spur in his home. He incidentally reported a fairly good shower of rain last Saturday night. In fact, the rain covered the country pretty well, and is not only helpful to the growing crops of small grain, but encouraging for the approaching crop year.

County Commissioner Austin Rose, of near McAdoo, was in Spur Monday. He reports a fairly good rain in that section last Saturday night, stating that wheat crops are growing nicely.

Walter Wilson, of Clarendon, was in Spur last week, visiting with his brother and wife, D. A. Wilson, of the Spur Laundry. Wilson Brothers are operating a big laundry business both in Spur and Clarendon. They have been in the laundry business some eight or ten years, know the business, are well equipped and are experts in that line.

Rush McLaughlin, of near McAdoo, on the Plains, was among the business visitors in Spur Saturday. He stated that everything on the Plains now looks good—with the exception of short cotton crops. A nice rain fell over that section Saturday night, benefitting the small grain crops to a great extent. It now appears that W. E. Lee and others, recommending the sowing of small grain, at least for pasturage, were "long-headed," and it now looks like fine crops may be matured from these grazing fields during the short feed period.

W. A. Stevens, of west of Spur, was on the streets with the crowds Saturday. Mr. Stevens has not been enjoying good health in the past, and we are glad to note that he now apparently is regaining good health.

We this week received a letter from Will Walker who is now trucking in the Pampa oil fields, stating that he wanted the Texas Spur, appreciated it and couldn't afford to do without it. Will and Jim Walker both quit their homes here to "bet on the oil fields." They are operating the biggest trucking and hauling business within the West Texas oil fields, and have amassed a comfortable fortune. We are glad to mail them the Texas Spur while temporarily in the oil fields—and when their work is completed, we will be among their friends to extend them a welcome back home.

County Commissioner M. F. Hagar, of Kent county, was in Spur Monday transacting official business and also meeting with his friends and acquaintances of Spur and surrounding territory. He reports everything moving along pleasantly if not satisfactorily over in Kent.

C. E. Austin was greeting his friends in Spur Tuesday of this week. Charley has been engaged in tanking for the ranches the past year or two, and during the time has built many tanks to conserve the water resources.

A Chain of Highway Hotels

Pennant Hotels and Terminals are a project of the Pierce Petroleum Corporation, famed for Pennant petroleum products, with headquarters in St. Louis. The undertaking has attracted hotel operators throughout the Southwest. The Pierce company has for its president E. D. Levy, able executive and transportation authority and one time general manager of the Frisco railroad. The Pennant Terminal System contemplates the building of tourist accommodations approximately one hundred and twenty five miles apart along U. S. Highways 66 and 40 from Los Angeles to New York.

Hotel units will be built at all Terminal points, but during 1929 they will be available only at the Rolla, Mo., Terminal and the Columbia, Mo., Terminal.

These Hotel Units of forty modern rooms will be equipped with the very finest appointments money can buy, and every comfort for the traveler has been given the utmost consideration. At Rolla and Springfield, Mo., the Pierce Petroleum Corporation last year erected and had in operation during the greater part of the touring year the fore-runners of the present

Terminal. With plans to open soon and construction already under way a new Pennant Hotel will serve the motoring public at Columbia, Mo. on U. S. Highway 40. The chain will be extended farther into the Southwest on U. S. Highway 66, with units being established and recently opened, at Miami and Tulsa, Okla., Rolla, Mo., is being improved and enlarged to meet the increased demands of 1929. The hotel units being built by the corporation will be far ahead of anything ever constructed for tourist use and will be equal to or better than the modern hotels in the larger cities. The building is fire-proof throughout. The entire first floor is a garage, there being garage space for each of the 40 guest rooms. On each of the first and second floors are 16 guest rooms and on the 3rd floor eight guest rooms, a total of 40 guest rooms. On the top floor are five rooms without bath for chauffeurs and these rooms can only be occupied by bona fide chauffeurs actually driving tourists. Each one of the guest rooms is an outside room and has an outside private bath. In addition to each room having two full sized beds, when there is an infant

in the family, a modern steel trundle bed will be placed in the room without any charge. The Pierce Corporation invites guests to such washing as they care to do in their rooms, and has provided the proper facilities for them. In the clothes closet of each room has been placed an electric drier, a folding ironing board and an electric iron. In the basement of each terminal building is a modern steam laundry for laundering the linen of the terminal and hotel buildings. This laundry will work nights and tourists delivering their laundry to hotel employees before 9 p. m. can have it returned any time they desire after 4 a. m. the next morning.

Each of the 40 guest rooms is identical and the rates will be \$4.00 for a single room, \$6.00 for two, \$8.00 for three, and \$10.00 for four in each room. There will be no charge for the automobile in the garage. During the night each machine will be vacuumed out, all the glass washed and polished and the car given water and air without any charge. The charge for a chauffeur's room without bath will be \$1.00 per person.

LOST—Three Army Blankets between Spur and the Cap Rock. Finder please return to Texas Spur office or to Austin Rose. Itp

Houston Scarborough returned this week from Corpus Christi, and will be in Spur to buy cotton the balance of the fall. Itp

THE FIRST MOTOR CAR EVER DESIGNED TO PRESENT A UNIT OF

Harmonized Beauty

100 horsepower and 80 miles per hour sheathed in the smartness of an original decorative idea

Revolutionary in its lower price, its extreme comfort and spaciousness, its velvet-smooth performance . . . Yes . . . And revolutionary in body design as well.

For in this new and original motor car, a single modern style motif is used throughout the car.

Never before has one decorative design been used to create a perfect and harmonious ensemble, inside and out . . . For the first time, lamps match instrument board. Radiator cap matches door-handles. The triangular peak in the visor is repeated in the top and back of the body. And again and again in the bumper plates, the emblem, the tops of the lamps, and horn button.

Even the little robe-carrier attachments, the ends of the foot rests, and the face of the rear light carry the same motif. The inside lights chime with the cap to the gasoline tank. And the decoration on the window sills combines flawlessly with the vanity case! . . . Not a discordant note is struck. Not a single fitment is out of key. From radiator to gas tank, from top deck to tires . . . this new Hupmobile is planned to harmonize in a single chord of beauty . . . For power and speed that give an unparalleled performance, for notably luxurious riding, and for an ideal of harmonized beauty never seen before in any motor car . . . visit your Hupmobile dealer today.

BODY TYPES . . . 5 Passenger, 4-door Sedan \$1595 . . . 4-door Town Sedan \$1670 . . . Coupe \$1595 . . . Convertible Cabriolet \$1670 . . . 7 Passenger Sport Phaeton \$1695. Custom equipment for all models at slight extra cost. All prices f.o.b. factory. C-1710-C

Try Our Regular Fall Dinners

THEY ARE BETTER!

We this week received a letter from A. L. Foster of Cambridge, Idaho, stating that he wanted the Texas Spur mailed to his address, adding that he contemplated moving to the Spur country and desired to get information of the country. While much could be said of the Spur country, it will be much better appreciated to be seen.

W. A. Kimmell, of west of the city two miles, was greeting his friends here Monday. He says his crop is about gathered.

Mrs. C. H. Floyd and daughter, Miss Bird Oliver, of San Antonio, were here during the week, visiting with Mr. Geo. W. Kemp and son, Haskell, and also looking after farm and real estate properties in the Afton section and near Jayton.

J. H. Jones, of southwest of the city, was here during the week, trading and on business matters.

J. H. Hooper, of Twin Wells, says things are livable if not good as usual.

R. J. Hairgrove was on the street one day this week, and in meeting with him he informed us that he already had out one bale of cotton and would get another one from his one hundred acre crop. However, his crop suffered the effects of two severe hail storms, together with unfavorable conditions during the growing season.

J. B. Morrison was meeting with friends on the streets during the week.

Like extra pants with a new suit

The two extra plies are what give you greater mileage and greater comfort and finer appearance when you ride on

6-PLY HEAVY DUTY

Just as a suit wears much longer when extra trousers are ordered, so do Pennsylvania Balloons give extra service with their 6-ply heavy duty construction

Let us show you

KING, SAMPLE & PUTMAN

Mesdames E. C. Edmonds, W. D. Wilson, Sol Davis, Oran McClure, Mr. and Mrs. R. E. Dickson, Prof. Thomas, Jim Sample, Miss Arline Scudder, Miss Jane Wilson, Eroke Puckett, R. N. Cluck, and Mr. and Mrs. E. L. Tanner, and Louis Green Davis and Stafford Forbis, were among those of Spur to attend the football game Saturday at Lubbock, between the T. C. U. Frogs and the Texas Tech's Matadors. The T. C. U. Frogs carried off the score honors. This was a real college game and contest—and they say that it differed somewhat from the high school contests.

Mr. and Mrs. Dawson, pastor of the Church of the Nazarene, and Mr. and Mrs. Pete Perry, returned Monday from Abilene where they attended a convention of the church. They report having failed toland the next annual convention for Spur by only thirty votes, the convention going to Wellington, that city sending a number of encouraging telegrams which were read on the convention rostrum, swaying the delegate votes to the favor of Wellington. However, Spur will be favored with a ten day encampment later on.

E. B. Shaw, of Croton, was among the many in Spur Saturday, transacting business affairs and trading with the live-wire merchants. While here Uncle Eb dropped around at the Texas Spur office and left the cash with which to renew his subscription to the Texas Spur. Uncle Eb Shaw is one of the old timers here, having been a resident before the organization of the county, experienced the ups and downs, the fights and fair weather—and is today one of the best citizenship. It is interesting to hear Eb Shaw talk. He, like Ben Worswick, knows the history of the county from the beginning, and can relate interesting historical events of the progress of the country and the people.

G. W. Day, a good citizen and farmer of the Elton community, was in Spur the first of the week. In conversation with him, we learned that he desired to return to the Spur section and make his home another year. Mr. Day is a good citizen and farmer, and we will be glad for him to secure a suitable farm home in this section.

WHEN CHILDREN Need a Laxative "We have used Theford's Black-Draught in our family for nineteen years. I have found it of great help in raising my family. I have given it to all six of my children. Whenever they complain of upset stomach, or begin to look pale and sickly, I make a tea of Black-Draught and begin giving it to them. In a day or two they are all right. I give it to them for constipation, and my husband and I both take it. I always give it for colds in winter, for I believe a way to prevent them is to keep the system clean." —Mrs. Doshie Terry, 1205 Fourth Avenue, Decatur, Ala.

THEFORD'S Black-Draught for CONSTIPATION, INDIGESTION, BILIOUSNESS WOMEN who need a tonic should take CARDUI in case over 50 years.

How to Raise Poultry By Dr. L. D. LeGear, V.S., St. Louis, Mo. Dr. LeGear is a graduate of the Ontario Veterinary College, 1872. Thirty-six years of veterinary practice on diseases of live stock and poultry. Eminent authority on poultry and stock raising. Nationally known poultry breeder. Noted author and lecturer.

How About Unions For Egg Producers

Co-operative Marketing Which Has Proven Very Successful in Many Other Businesses Has Many Advantages to Offer Poultrymen.

Mark Twain once said of the weather, that everybody talks about it but nobody does anything about it. Much the same thing might be said about cooperative marketing among poultry raisers. To be sure, there are some cooperative organizations now working successfully in several sections of the country, notably in California and some of the Central Western States. The "Co-ops" of Canada, too, offer a notable example of what can be accomplished. Taking the whole situation by and large, however, it is almost literally true that much has been said about cooperative marketing, but little done about it.

To be sure, it is no simple problem to get a thing of this kind started. That very fact, however, is a most excellent reason why something should be started at once. Today, egg producers are in much the same position as were the workers of a few generations back. Without organization of any kind, they are at the mercy of those to whom they must sell. John Jones with ten or twelve dozen eggs to sell each week must take them to the nearest market and accept the price offered or tote them home again. A well organized association shipping carloads of eggs each week suffers no such disadvantages.

With sufficiently large quantities to really mean something, the association is in a position to seek out the most favorable markets, and can regulate shipments into those markets in such a way that a higher average level of prices can be maintained than would otherwise be possible. Collective bargaining, the factor that has made possible the present high wage levels for workers, is also brought to the poultryman through cooperative marketing. Other advantages no less important, though not so often considered, are the possibilities of standardizing and improving production methods, standardizing and improving the grade of the product and stabilizing production. It is a well established fact that in some sections of the country only white eggs find a ready sale at top prices, while in other sections brown eggs are the favorites. Let us suppose that a number of poultrymen who natural market is a brown egg territory are producing only white eggs. They know they are not getting as good prices as they should, but they do not know why and have no way of finding out as they operate independently. As members of an effective association, they would be given the necessary information, or if their total volume was large enough, their separate lots could be pooled into larger units and shipped economically into some territory where they would find ready sale.

I cannot too strongly emphasize, however, the need for organization in the poultry business. Labor is organized and look where wages are

How to Play BRIDGE Series 1929-30 by Wynne Ferguson Author of "PRACTICAL AUCTION BRIDGE"

ARTICLE No. 5

In one of our preceding articles, a very interesting hand was given that was played at an Auction Bridge Tournament at Chicago and the statement was made that none of the experts made game on this hand. In the analysis given, a number of ways of playing the hand were considered, some of which scored game and some which did not.

It has remained for one of our correspondents in San Francisco to figure out a solution that seems to have no defense. This solution is so ingenious and interesting that the hand is reprinted, together with the solution. It is now up to the readers to analyze this solution and see if there is any defense:

Hearts—J, 10, 9, 2 Clubs—J, 9 Diamonds—10, 7, 6, 4 Spades—A, Q, 10

today. The fruit growers of California organized and boosted their profits millions of dollars annually. The walnut growers got together and sell carloads where they once sold bushels, and at higher profit, too. The poultrymen of Canada formed an association and realized twelve cents a dozen more for their eggs than they had ever been able to get before. Here are just a few examples of what cooperative marketing has done and is doing for those engaged in it. The poultrymen of this country must come to it also, sooner or later, if they are ever to realize the full profit that is rightfully theirs. This is an age of big business done in a big way and we who live in this age must fall in line or watch the procession go marching on to a success in which we cannot share. If you are not big enough to get into the procession single-handed, you can combine your resources with others like yourself and all march together for the common good. I do not mean to imply that cooperative marketing is a King-Cure-All for every ill the poultry business is afflicted with; neither do I wish to give the impression that a simple club of poultrymen is enough. A cooperative association must be a well managed, commercial institution. It must be big enough to be truly representative of the territory in which it operates. It must be operated on the principle laid down by the Three Musketeers of Dumas' famous story, "All for one and one for all." The poultrymen must understand the management's problems and the management must understand those of the poultryman. There must be harmony and concerted action in every part, or the whole thing will collapse of its own weight. The thing to do is to study such organizations as are already successfully operating and adapt to your own local needs the principles and practices they have found successful. Shape a course that you know you can depend on to get you some place and then stick to it, but make your plans flexible enough to allow for really necessary changes in the future. (Copyright, 1929 By Dr. L. D. LeGear, V. S.) G. H. Slaton, of northeast of Spur four or five miles, was in the city Monday. He recently sold his farm to R. E. Dickson, and is now without house or home. However, he will eventually secure another within the great Spur country. W. D. Blair, of just east of the city, was on the streets Tuesday, transacting business and greeting his friends. He reports everything all o. k. out his way.

SPUR FARM LANDS AGAIN OFFERED FOR SALE We are glad to announce that we are again offering for sale (at no increase in price) farm and small ranch tracts in Dickens, Kent, Crosby and Garza Counties. Terms: One-fifth cash. Balance on easy terms. S. M. SWENSON & SONS CLIFFORD B. JONES, Manager
