

Walter V. Keith Died Friday at His Home in Stamford

Walter V. Keith, for twenty years conductor on the passenger train from Stamford to Spur, died last Friday at his home in Stamford. For several years Mr. Keith had not been in good health, but his death at this time will be a shock to his many friends and acquaintances throughout the country.

Walter Keith worked with railway companies the greater part of his life. He was a good man, and we mourn with his family and his friends in his passing from this life.

Incompetent Drivers Cause Accidents

Today, if this is an average twenty-four hours, several score people will be killed and thousands injured in automobile accidents. It happened yesterday, and will happen again tomorrow.

Somebody turned without giving a signal; somebody was driving too fast; somebody didn't stop at a school district or a through boulevard; somebody insisted too much on right of way or what he conceived to be his privilege; somebody lost his head in a crisis. The result: casualties and waste, in lives and property, that knowledge, caution and fairness toward others would have prevented.

It should be a reasonably simple thing to observe traffic laws, to keep a machine under control, to learn the written and unwritten rules of the road, and to keep one's eyes open for the mistakes of others as well as one's own. Yet millions of motorists fail to do so.

It should be remembered that every accident is caused because someone was reckless, incompetent, careless or ignorant. Unpreventable accidents are rare. And in this day of fast cars and congested traffic, the poor driver is a menace to the life and property of every citizen.

Bryant-Link Company Wholesale Grocery Sold to Wooten Grocery Company

Last week a sale was consummated whereby the Bryant-Link Wholesale Grocery Company business in Spur was sold to the Wooten Wholesale Grocery Company. The stock of goods is now being invoiced, and upon the completion of this work, we understand the Wooten Grocery Company will take over and operate the wholesale grocery business in Spur.

A Cotton Seed Farm To be Established In Spur Country

D. W. Wilson, of Duluth, Georgia, will be in Spur next week for the purpose of establishing here a seed farm for the West Texas production of "Better Staple" cotton seed for planting purposes. Mr. Wilson was the originator of the Better Staple cotton seed in Georgia, and which seed is now being introduced in Texas. A seed farm here will produce acclimated seed of the Better Staple variety. The entire Western country is now becoming interested and concerned about producing a better grade and staple cotton, since the country is now being pealized because of the production of short staple cotton the past few years.

Methodist Annual Conference Meets Next Week

The North West Texas Annual Conference will meet next Wednesday in Pampa, Texas. The pastor of the church here and Geo. S. Link, a delegate from the Stamford district, will leave Tuesday morning for the Conference.

Next Sunday morning will be the last preaching service for this Conference year. The pastor is especially interested in having a good attendance at Sunday school and preaching. The theme for the sermon will be "Doing Our Best."

All the members of the church are urged to be present. A report of the year's work will be given. The three Leagues will meet at 6:30 P. M. There will be no evening service on account of the union service at the Palace Theatre.

DIED

Friday, October 25 at 9 o'clock, Grandpa Ed Jackson, of Dickens, departed this life to the great beyond. He was a true Christian, having been for 47 years a member of the Church of Christ. On Sunday morning always found him in the Lord's House.

He was born in Georgia in 1859, and at the time of death was 69 years 11 months and 27 days old. If he had lived until January 11th, he and grandmother Jackson would have celebrated their 50th wedding anniversary, and plans were being made for this occasion.

He leaves to mourn his death, his wife, 34 grand children, 18 great grandchildren and 11 children who are Fred Jackson, Mabetia, Edgar Jackson, Glaziner, Alfred Jackson of Lubbock, Ross and Spurgeon Jackson of Sudan, Francis and Eva Jackson of Dickens, Mrs. Aaron Bowerman, Brownfield, Mrs. W. H. Wallace of Lorenzo; Mrs. Bryant of Lubbock and Mrs. W. H. Nichols of Dickens.

Funeral services were conducted by Bro. Kerchville of Tahoka, at the Church of Christ at 4 o'clock Saturday evening and interment in the Dickens cemetery. The floral offering was very beautiful.—A Friend.

A seven pound girl was born Sunday, November 3rd, to Dr. and Mrs. E. A. Dann. Mrs. Dann and baby are in Crowell with her sister.

The Foley Motor Company offices have been remodeled for the more convenient entertainment of guests and patrons.

CALLS ON RED CROSS INCREASE; RESPONSE TO ROLL CALL URGED

Society's Activities Reach Millions Each Year—Chairman Payne Asks Generous Support in Membership.

Disaster relief work, service to disabled veterans and their families, public health work and its many other activities caused expenditures of \$11,064,000 by the American Red Cross for the year ended June 30, 1929, according to the annual report of the organization.

This work by the Red Cross is supported by the annual Roll Call for members, which is held from Armistice Day to Thanksgiving Day, November 11 to 28.

Directing attention to the heavy expenditures by the Red Cross during the past year, and to the fact that the organization was called upon for assistance in 120 disasters in the United States and its insular possessions, Judge John Barton Payne, the chairman, said:

"The Red Cross is a volunteer society, supported by its membership, and belongs to all of the citizens. While it is a semi-governmental agency in that the President of the United States is its president, and one-third of its governing board are representatives of Government departments, yet it receives no financial support from the Government.

"Funds for our work for war veterans and their families, for carrying on disaster relief, for our varied health activities, the life saving and first aid work and our many other activities, all are derived from the membership fee. The public is asked only once each year—at the Annual Roll Call—to join in this support of the Red Cross."

The Red Cross expended an average of \$936,000 per year in the past seven years, in disaster relief work, from its own treasury, statements show. The work for world war veterans also has caused heavy expenditures.

C. W. Parmenter Awarded Jersey Cow By De Luxe Tire Co.

Rev. C. W. Parmenter, of Espuela, was awarded the Jersey cow given away Saturday, November 2nd, by the De Luxe Tire Company. The cow was given away on a Goodrich tire brought in with the most mileage. Rev. Parmenter having a four-ply Goodrich tire which had run 25,000 miles on an Oldsmobile.

James E. Johnson Died Nov. 4th at His Home in Spur

James E. Johnson, one of the oldest citizens of Dickens county, died Monday, November 4th, at his home in Spur. Funeral services were held at the Church of Christ in Spur; and interment was made in the Red Top Cemetery Tuesday afternoon.

James E. Johnson was born in Copiah county, Mississippi, September 17, 1849. He came to Texas in 1879 or 1880, and was united in marriage to Miss Mary Martin in Kaufman county in 1881. Four children were born to this union, three of whom survive, Mesdames R. F. Self of Lamesa, Paul Douglas of Medicine Park, and Mrs. Will Walker of Pampa. Mrs. Bill McArthur, another daughter, died in 1918.

Mr. Johnson and family came to West Texas and located in Dickens county before the organization of the county in 1891, having continuously resided here since that time. During the past six or eight months feeble health confined Mr. Johnson to his room and bed, but on the night of his death he was able to sit by the family fireside and smoke his pipe.

Truly another of the old timers and one of our best citizens has gone to his reward.

Girard News

Mr. and Mrs. Frank Stephens visited Mr. and Mrs. Kennon Sunday.

Mr. J. W. Langford returned on Thursday to his home for a few days visit with his family. He is staying near Seminole wintering his cattle.

Mrs. Web Clark has been ill this past week. We hope she has recovered.

Lois Langford spent Saturday night with Irene Boland.

Ben Boland and Leva Simpson left today for Idalou to work.

The Langford home was the scene of a simple but we hope an enjoyable party Thursday night of last week. After several games were played and the judges had decided who won the costume prize, the entire group went on a "spook" hunt and marshmallow roast. After the marshmallows were roasted, ghost stories were told by some members of the group. Everyone seemed to enjoy themselves very much.

Mrs. Langford and Mrs. Koonce went to Spur shopping Tuesday.

Mrs. Bernard of Mexico and Leo Leo came to Girard Saturday. Leo has started to school here. He knows a good school when he sees one.

Miss Dottie Simmons spent Saturday night with the Beavers girls. Mrs. Waggoner and girls were shopping in Spur Saturday.

The teachers of Girard returned from Stamford reporting a fine time.

The Senior Girls basketball team of Girard are now ready for play. The players are Lois Langford, captain, Inez Vence, Grace Langford, Gladys Mayfield, Elsie Clark, Irene Boland, Bonnie Spradling, Edith Harwell, and Zadie Bee Laird. The team has not played a game this year but hope to soon. Watch them go!

The Choral Club is going to give the program in Friday morning chapel.

The Senior Class is now hard at work on their play, "The Absent-minded Bridegroom," to be given the 22nd of November.

J. C. Collett Celebrates Birthday November 2

J. C. Collett, one of the oldest residents of the entire country, celebrated his sixty-eighth birthday on November 2nd, at his home near Roaring Springs. At the celebration some sixty-five or seventy friends gathered at the home.

J. C. Collett came to this section of the country in 1895, having lived here thirty years.

Among the guests on this birthday anniversary were Mrs. John Smith, Messrs. and Mesdames J. C. Mitchell, M. E. Keahey, J. Thompson, B. H. Ferguson and family, W. M. Nichols and family, Mrs. Jane Davis, Miss Perry, Merle Squires and family, Laura Standifer and W. L. Shultz of Fort Worth, R. H. Clifton and family, Comadore Thomas and family,

A GENERATION OF YOUNG BANDITS

Are we raising a generation of young bandits? One would think so from the remarks made by Judge Grover Adams in his charge to a newly-impaneled jury for Dallas Co., Texas. Judge Adams said:

It is deplorable, yet true, that it is the youth of our land that is responsible for a major part of present-day crime. Records will bear me out when I tell you that the average defendant arraigned before myself and Judge Pippen on felony charges is between eighteen and twenty-three years old. For that reason you gentlemen must not be too lenient in cases you investigate where the accused may arouse your sympathy on account of his youth.

Every generation in its turn has expressed much concern regarding the future of the country when it passed into the hands of the bold and daring young people of their day but it seems that enough of these young men and young women have grown up into patriots and stalwart citizens to guide the Nation through troublesome waters and to solve the many problems of a complex civilization. They, also, have become the parents of children who surprise and startle them by their utter disregard of oldtime conventions.

The progress of science and invention naturally changes the methods of living as well as the viewpoint of each succeeding generation. One must not expect the young people of today to be like, or to live like, or to act like, their parents did in their youth. But no matter how far afield we go in search for excuses and reasons for this mania for speed and thrill, no sane citizen can read the records in our criminal courts without a shudder. The development of criminal tendencies in the youth of our land is of serious import. These young bandits commit their crimes in a most savage manner. They kill for a few dollars, slug and beat up their victims, and not infrequently assault any girl or woman who happened to be present. Others are given long terms in the penitentiary, but this only serves to bring about a temporary lull in the epidemics of crime which sweep our cities. We must look for the cause.

It has been suggested, and not without reason, that the abandonment of the old-fashioned fireside and family circle has had much to do with the present tendency for a wild and free life. In many of our cities a home is a place to go after all other sources of pleasure have been exhausted. Fathers, mothers, and grandmothers make a pretense of enjoying jazz and night clubs, and of course the young folks follow suit, "Keeping up with the Joneses" is a trying and expensive game in which all indulge, but it is even more trying to the young man with a limited earning capacity. Automobiles, theaters, night clubs, and dinners cost far more than he can make, and unless he is a young man of character and strength, he will keep up the pace even though he has to enter the list of criminals in order to provide the money to pay for his indulgences.

Living beyond one's means has ever been a fruitful source of all crime. It is more so for the young man who has been brought up with the notion that he must hold his own with the gang of fast ones with which he has associated himself. Easy money, although obtained at the risk of life or liberty, has a greater appeal to the young man or woman of uncertain strength of character than the hard-earned dollar judiciously spent.—Farm and Ranch.

Mr. and Mrs. A. Biggs left Tuesday for Dallas with their daughter, Miss Allie, who will undergo a thorough diagnosis and possibly special treatment before returning home.

Hamp Collett and family, J. H. Car-gils, E. T. Bourland of Shallowater, Collett and family, C. L. Martin and family.

J. C. Collett is one of the old settlers of the country, and one of the most widely known and highly respected citizens. He has friends and acquaintances throughout the country, who will join with us in best wishes and the hope that Mr. Collett will enjoy many more birthday celebrations.

Cash Prizes Awarded Trades Day in Spur

\$135.00 in cash prizes were awarded by the Retail Merchants Association in Spur Monday, on the occasion of the regular first Monday Trades Day.

The first prize of one hundred dollars in cash was given to Mrs. S. G. Scoggins, of Dumont.

The second prize of twenty-five dollars in cash was awarded to John Wright, of Afton, and the third prize of ten dollars in cash was given to Mrs. Wilton Copeland of east of Spur.

The usual large trades day crowd was in Spur Monday, and the merchants and business interests enjoyed a liberal volume of business.

Trades Day in Spur, the first Monday in each month, has become thoroughly established, and thousands of people from every community take advantage of the liberal trade inducements throughout the month offered by Spur merchants as well as the entertaining and gift programs for the day.

Joe Shelby Clay Suffers Mangled Hand In Dobbs Gin Wed.

Joe Shelby Clay had the misfortune to get his hand mangled in the gin saws Wednesday at Dobbs, just north of Afton in the north part of Dickens county. Immediately after the accident, we understand, Joe Shelby was brought to the Nichols Sanitarium where his wounds were dressed and everything possible is being done to save the hand.

We are informed that his hand is so badly cut and mangled that it is doubtful if it can be saved, but everything possible a surgery and medical skill is being done to save the hand. It is reported that the hand was almost completely severed from the arm, but replaced in the hope of saving it.

Red Cross Drive for Funds Will Begin in Spur November 11

The usual drive for funds by the Red Cross will begin in Spur November 11th, and will be pushed by the local heads of the organization in this section. The usual membership fee is one dollar, and every woman and child of the county can consistently become a member. The American Red Cross is one of the greatest organizations for mercy and helpfulness to those in distress, and the one dollar membership fee will be all asked for to carry on the work.

E. D. Jackson Died October 25 at Home Near Dickens

E. D. Jackson, another of the old timers and one of the very best citizens of the country, died October 25th at his farm home near Dickens.

Ed Jackson had been here since the early days of the settlement of the country. Some time ago he suffered a stroke of paralysis, from which he never recovered. He was about seventy years of age. He was a citizen of the true Western type, a good Christian gentleman and had many friends who join in extending sympathy to the family in their bereavement.

FARM NOTES

(By E. L. TANNER, Co. Agt.)
THE LOCAL COTTON MARKET
The price of cotton at Spur and for that matter all over the country is far below the basis price of the current month. They tell me that this is due to the great preponderance and half-and-half cotton that is on the market here. And they tell me that from here out cotton will be bought strictly on a staple basis. Last summer at the world cotton meeting of mill men and cotton buyers, held down at Austin it is reported that those fellows made promises to each other that were almost equivalent to a bible oath that cotton from here out is to be bought on staple and that half and half will be duly penalized at every inland point where it is offered. Something has happened here anyway and lets hope that it is just that.

And here is the proposition as I see it. If the above hoped for facts be true why not every man who is so inclined and who still clings to the thread of hope, buy one or two sacks of real seed for the coming year and plant them. Next season if the difference is made as per promise or threat that man then is in position to plant his whole crop to one good variety of seed. It will take two or three years of slow work to get Spur back to its old place where it was pointed to from all over Texas as a real staple cotton country.

Here is what happened last Saturday here at Spur at the meeting for a better staple as carried in the papers last week: Some sixty men got together. Not a big crowd at all, but to one like myself who is used to meetings it was a fair crowd. There are always ten men on the outside to one on the inside who are with you but somehow they do not

get there. Some good strain of Mebane to be bought from a reliable dealer is what they decided on. Order cards have been printed and placed at the six gins at Spur. If you want two or three sacks of good seed of Mebane strain, you can sign up on one of these cards. State your preference as to the kind you want but agree to abide by the decision of the majority of votes when the car is filled. If we are to do anything about the basis here at Spur, now is the time to start because it can not be done all at once.

I have been told that the directors of the cooperative gin at McAdoo are going to call a meeting of their members and see what they think about getting some good seed there. If they were to go to one variety and keep the seed up by buying two or three sacks per man per year that cotton would be selling on the month every day of the cotton season.

number one turkeys, both toms and hens. A number one they say is one in good flesh without any signs of disease; without crooked breast bone; and toms must weigh not under 14 pounds and hens not under 9 pounds. Number two turkeys will be half price. They tell me that the time to get the hens off is the Thanksgiving market as the demand then is for a smaller turkey or the demand at Christmas is for a larger turkey and that toms are more in demand at that time.

In spite of the present shortage of maize, turkeys should be fed for three weeks on corn or maize in order to get them into shape. Remember the weights on number twos and that the price is just about half. By getting as many as possible up to number ones the difference in price should easily pay a good profit.

A good idea would be to visit your local dealer where he happens to be located and verify these points for yourself.

the midnight Misadventure of Gregory Jones

A crash brought Mrs. Gregory Jones bolt upright in bed, her heart pounding.

"Why!" demanded her husband savagely, nursing a bruised shin and groping for the light switch. "Why did you have to leave that chair there?"

In the front hall the telephone rang again, insistently. Jones shivered in the draft from the open window, and without waiting for a reply, disappeared through the doorway. Petulantly, his voice drifted back to her.

"No, Eleanor is not here... Yes, we're expecting her tomorrow... Tell her what! I'll tell you, young man, that it's an imposition to wake folks at this time of night! And I'll deliver no messages!"

The receiver banged on the hook. Jones, muttering to himself, stumbled back down the hall.

"That settles it!" he exclaimed, still shivering. "Tomorrow, I'll have a telephone put in this bedroom."

Mrs. Jones smiled drowsily, snuggled deep into her pillow.

"Where have I heard that before," she murmured. "Tomorrow, I'll order one, myself."

Wichita Farmer Suffered Since He Was a Child

Spent Hundreds of Dollars for Treatment—Finds Relief Since Taking Orgatone and Troubles Are Overcome.

"No one can hardly imagine the joy I felt when after taking Orgatone a few weeks for my constant misery, that I have endured nearly all my life, was gone and I found I had actually gained in strength and weight besides." This statement was made by L. I. Dawson, living on rural route 3, Wichita Falls.

"I paid out hundreds of dollars," continued Mr. Dawson, "and took all kinds of treatments and medicines trying to get the relief a few weeks' use of Orgatone has brought me. My stomach was in such a bad condition that the little I would eat seemed to harm me in place of doing me good. Gas would form on my stomach and bloat me up and keep me in misery after every meal. It got to where I was almost afraid to eat, for my food would sour and I would have nervous, bilious spells. I had spells of heartburn and at times my heart would palpitate so fast I was beginning to think I had heart trouble. I had continual pain and distress in the pit of my stomach and severe cramping spells. Frequently I had headaches so bad, I could hardly stand on my feet. I had gall duct and bladder trouble and suffered something terrible, and I had little encouragement to think I would ever find anything to get me out of my trouble.

"Orgatone was advertised so highly I began taking it. It couldn't have done more if it had been made especially for my case. I haven't had one of those awful attacks of acute indigestion since I began taking Orgatone and all the gas and bloating have disappeared from my stomach entirely. My appetite was never better and I eat anything I want and all I want without it hurting me. My nerves are calm and steady and I sleep fine every night. I certainly owe a lot to Orgatone and the best way I think I can show my appreciation for the wonderful benefits I have received is to tell others about it."

Genuine Orgatone may be bought in Spur at the Spur Drug Co.

Edwin Morris returned last week from a trip to "Cool Colorado," where he spent some time in the mines of that state and looking after business property interests. Mr. Morris stated that Colorado had been frozen up for two months. In speaking of the game he stated that in that state there were lots of deer, elk, bear and grouse.

J. P. Goen was among the crowd in Spur Monday, coming in from his ranch home to the northwest of Dickens.

INSURANCE LOANS BONDS

Dallas shows 28% increase in EIGHTS!

Facts just obtained from 28 representative American cities indicate conclusively that the motoring public prefers the Eight to all other engine types. Take Dallas as an example: for the first 8 months of 1929, new cars with list prices above \$1000 showed a 28 per cent increase in Eights and a 10 per cent decrease in Sixes!

At the famous Paris Salon this fall, 44 makes of eight cylinder cars were exhibited, compared with 27 last year.

Studebaker, world's largest producer of Eights, two years ago

initiated this era of the inexpensive Eight with the champion Studebaker President which traveled 30,000 miles in 26,326 consecutive minutes.

And today, at customary six-cylinder prices, you can choose from three great lines of Studebaker Eights—holders of eleven world records for speed and endurance and more American stock car records than all other makes combined.

Get a smart, new, thrifty Studebaker Eight—backed by 77 years of manufacturing integrity—and your car will be worth more in the trade-in markets of the future.

Gambling Hurts Industry

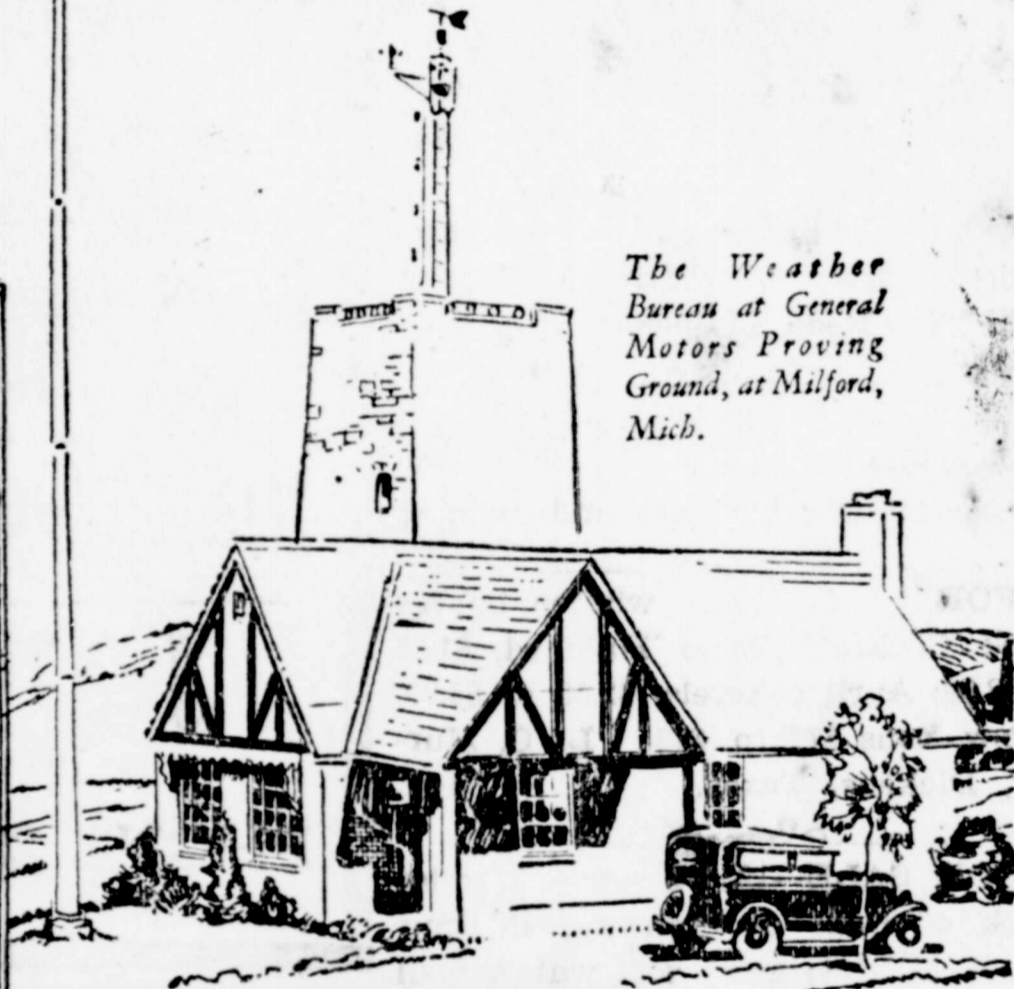

Stock market gambling and the demand for money to carry on operations has increased interest to such an extent that the development of the country is seriously handicapped. Many proposed programs for building and for industrial expansion are being delayed because the money of the country has gone to the great gambling centers to finance speculations in stocks. Several of the large cities of the country with improvement programs are unable to even get bids on bonds, although, under normal conditions, these securities would sell above par.

The gambling spirit is rampant throughout the Nation. The small town man grabs his newspaper to stu-

"What! A weather bureau?"

Testing a car's performance in heavy rain. From actual photograph.

The Weather Bureau at General Motors Proving Ground, at Milford, Mich.

Drawn from a photograph of a car being tested on snowy roads.

VISITORS to General Motors' 1268-acre Proving Ground marvel at the sight of a complete weather bureau and ask what it is for.

The answer is that in the testing of cars every possible factor that might affect a car's performance is considered by General Motors' engineers.

So precise are some of the tests that even the difference between a sunny day and a partly cloudy day—or between a north breeze and a south breeze—is considered.

With each day's record of the mechanical tests applied to a car on the roads and hills of the Proving Ground is included a report of the exact weather conditions prevailing. The engineers then can know how weather affects performance, and can have a comparable record so that every car tested is given an equal opportunity to prove itself under exactly the same conditions.

Advance models of all the cars listed below were proved at the Proving Ground before they were introduced to the public. Read about them; then clip and send the coupon.

dy the stock market with the same interest as does the habitual gambler in larger cities. Tickers are appearing in places of business where they were never before heard of. Market reports over the radio have become of greater interest to a large class of citizens than the musical programs. It seems that the chances for getting "easy money," although about one to ten, has driven out all thought of slower but safer methods of accumulation from the minds of the people.

As stocks are based on industry, it looks from this distance as though these gamblers were digging out the foundation from under themselves. If industry cannot finance itself at a reasonable rate of interest, the stock certificates representing the industry must certainly be shorn of much of their value in the natural course of events. In the meantime our officers will keep on raiding "nigger" crap games, and our Post Office Department will continue to bar from the mails newspapers which happen to contain brief accounts of raffles for cakes and similar articles for charity purposes. But the newspapers containing pages of stock market accounts and brokers' "come-on" circulars to suckers will go through in regular order. "Consistency, thou art a jewel!"—Farm and Ranch.

**MRS. SMITH ENTERTAINS
WITH BRIDGE AND
FORTY-TWO**

Mrs. J. O. Smith was a most charming hostess to her many friends at a series of parties Thursday of this week. In the morning at 9:30 members of the 1925 Bridge Club and other guests assembled for a delightful hour at bridge. Mrs. McClure made high score and received a beautiful set of Madeira napkins. Mrs. Shirley Robbins received as consolation a lovely cross stitch picture. The rooms were beautifully decorated in a Thanksgiving motif. A delicious salad course was served, the guest list including Mesdames F. W. Jennings, M. C. Gilding, Nellie Davis, Hardin, Mack Wilson, Elzie Watson, Mack Watson, Joe Stotts, Taylor, H. O. Everts, Miss Nellie B. Albin.

In the afternoon Joi de Voi Club members were entertained by Mrs. Smith, bridge being the diversion. Mrs. F. E. Rigley won high club, being presented with a green glass luncheon set. Mrs. Cluck was presented a lovely string of beads as high guest prize, and Mrs. Everts a string of beads as low guest prize.

Among those enjoying the afternoon were Mesdames H. O. Everts, A. C. Hull, F. E. Rigley, Houston Scarbrough, Burns, Zachry, Fox, C. E. Jones, William Manning, Jack Rector, Willis King, Bob Cluck, W. M. Flint, Brannen, Van Dyke, and Miss Barrett.

At eight o'clock in the evening other guests assembled in the home and enjoyed a social hour of forty-two, the guest list including Mesdames Roy Stovall, E. A. Russell, Janie King, Newman, Bill Putman, Remington, Carson, Busby, Everts, Hull and Misses Barrett and Hickman. Lovely favors of Dresden jossware, elephants, ducks and birds were presented, and the Thanksgiving motif was carried out in house decorations.

1925 Bridge Club

Mrs. H. H. Hardin delightfully entertained the 1925 Bridge Club with a Thanksgiving Party Thursday afternoon. The prizes, sterling silver salt and peppers went to Mrs. F. W. Jennings high, and Mrs. C. L. Love, low.

An unusually attractive salad plate was served to the following:

Mesdames R. R. Wooten, Nellie Davis, E. L. Tanner, E. F. Laverty, C. L. Love, Hill Perry, Sanders, Shirley Robbins, M. C. Gilding, F. W. Jennings, Wallace of Jayton and Mrs. Price.
