SPUR, DICKENS COUNTY, TEXAS, THURSDAY, AUGUST 10, 1933

NUMBER 43

Methodist Revival to Begin at Dickens Wed. Aug. 16th.

A Revival meeting will begin at Dickens Wednesday night, August 16 and lasting through the fourth Sunday, the Methodist Church of Dickens will conduct the revival. The pastor will do the preaching. He will be assisted by Mr. and Mrs. Hubert Bell of Rochester and Avoca who will be in charge of the music, singing and the Young People's work. The general public is invited to attend these services. All the Christian people in the town and community are invited to join with us in this for a great revival.

T. Marvin McBrayer, Pastor

Baptist Church

Due to severe illness Dr. Pierce was unable to come to us to do the preaching during the meeting. Rev. W. J. Ray, pastor of Lorkney Baptist Church was chosen and accepted the call to come arriving Sunday afternoon and preaching at night. Bro. Ray is a forceful speaker and one of God's great men. He loves the souls of men and hates sin in all of its forms, and his preaching will be a blessing to everyone who comes. He believes in the old fashion conviction of the Holy Spirit.

At the morning services Monday the subject was prayer, what it is and what the conditions are.

Subjects for all the evening services will not be announced in advance as the speaker desires the leadership of the Holy Spirit and therefore does not want to be bound to a certain subject. It is the earnest desire of the preacher that sin be exposed in its devilish form and that the Christians be tested to the truest point of loyalty to the Master. May the services be far reaching and uplifting and may God's power be revealed until the rankest sinner cannot doubt the reality of God. The subject for next Monday night will be "The Meanest Man in Spur". Friday night of this week the subject will be "Can a Church member play bridge and be a Christian?" Sunday mornings subject will be "When should one become a Christian." A series of sermons on the Holy Spirit will be delivered at the morning hour which will be climaxed with the message "The Baptism of the Holy Spirit."

The evening services are held on the church lawn. Everybody is invited and welcome. All those who sing in other choirs are invited to help with the music.—Reporter.

23 YEARS AGO

Taken from the files of The Texas Spur published this week, twenty-three years ago. Oran McClure editor and publisher.

S. A. McCombs was here Wednesday from Luzon looking after the telephone business.

Mr. Link, who has been out of the city several days on business returned Thursday of last week. He reports that the rain down the Stamford & Northwestern was lighter than in and around Spur.

Sheriff McCombs went over in the Croton country Thursday and arrested one, Will Warren, who is wanted at Sweetwater.—Kent Co. News.

Dr. Standifer and nurse, Miss Myra Wilson, Floyd Caylor and wife and Mrs. W. S. Taylor went to Dickens Sunday, the doctor and nurse to assist Drs. Hale & Loyd in a surgical operation.

C. D. Copeland and family of Mart, moved recently to Spur and will make their home in the future. Mr. Copeland has purchased property in the city and also farm near town. We wish Mr. Copeland and family a successful

Notable Film to be Shown Here

THREE BARRYMORES STARRED IN "RASPUTIN AND THE EMPRESS"

"Rasputin and the Empress," Metro-Goldwyn-Mayer's sensational drama of the fall of the Romanoffs, with John, Ethel and Lionel Barrymore together on the screen for the first time, is the attraction coming Sunday to the Palace Theatre.

Based on happenings within the memory of the present generation, the picture's episodes present a replica of the most colorful royal court in the world, thus including the spectacle of a "period" picture while still remaining strictly a modern story.

Ethel Barrymore plays the Empress, John is cast as Prince Chlodieff, and Lionel essays the role of the "Hol Devil" in the sensational picturization of the downfall of the Empire and the rise of the Bolshevike regime. In every case, perfect makeup makes the characters exact replicas of the originals.

Richard Boleslavsky, author of "The Way of a Lancer," and former director in the Moscow Art Theatre, directed the spectacle, from an original story by Charles MacArthur. Hundreds appear in the great throne room scene, the cathedral episode and other incidentals.

Intense dramatic material is contained in the hypnotizing of the little prince by Rasputin, in his intrigues and orgies and in the vengeance of the nobles after his tampering has sent the empire on its way to ruin. Another spectacular detail is a great review of Russian troops.

The cast in support of the Barrymores include Ralph Morgan, Diana Wynard and Tad Alexander.

JOHN AND LIONEL BARRYMORE IN "RASPUTIN AND THE EMPRESS"

and pleasant home in the Spur country.

Crawford Cobb was over Saturday from Dickens and reports everything quite since the election.

Cephus Hogan was over Saturday from Dickens and spent several hours in the city. Cephus says that he may probably become a citizen of Spur this fall. We extend a cordial welcome to Mr. Hogan and will be glad to have him with us.

Miss Cowan, of Mart, is here visiting her brother, E. J. Cowan and other friends in the city.

Revival Meeting in Progress at Girard

Large crowds have been in attendance at the revival meeting being conducted this week at the tabernacle in Girard under the auspices of the Church of God.

Rev. Elmer Kardatzke and Rev. Aubrey Forrest, Texas "Boy Evangelists" are in charge.

Saturday and Sunday, August 12 and 13 all day services will be held with an old fashioned basket lunch on Sunday.

All are urged to come and bring a well filled basket and plan to stay all day.—Rep

District P. T. A. President Coming to Spur Fri.

Our district P. T. A. president, Mrs. Empress Day and the district recording secretary will be at the Spur Methodist Church Friday afternoon, August 11th at 2 p. m. They are well qualified to help us get ready for a red-letter year in P. T. A. work in Dickens County. They will spend the afternoon or a part of it giving us suggestions, inspiring us and laying out work for the year, etc. We are very fortunate in getting this help at this time.

We are going to be greatly disappointed if all of the communities do not have representatives present at this meeting. We all recognize the fact that the P. T. A. is the biggest auxiliary of the school. If we can get more activity into this work the schools will take on a corresponding increase in efficiency and service.

Please fill your car up with neighbors and come to the meeting.

MADGE D. TWADDELL

County Council Makes Plans for Fall Exhibits

(By CLARA PRATT)

Because of the poor spring and summer gardens in the county and the bright prospects for fall gardens the county home demonstration council in meeting Saturday decided to postpone the date for the fall club exhibit until November 17 and 18. However an exhibit will be sent to the State Fair at Dallas in October.

In the local county exhibit each club woman is expected to have an exhibit of the following: 4 qts. vegetables (except corn which is not canned in quart jars), 1 qt. cured cucumber pickles, 1 qt. watermelon sweet pickles, 1 qt. watermelon rind preserves, 1 qt. canned tomatoes or tomato juice, 1 pt. tomato mince meat and 1 pt. chili sauce. Then she may make as many entries in the following list, which is the State Fair list, as she wishes: 1 qt. each snap beans or field peas, canned tomatoes, canned carrots, peaches, beets, pears, plums or berries, black berries or dewberries, sweet pickled peaches or pears, sweet pickled watermelon rind, pickled beets, cucumber pickles; 1 pt. each pickled onions, green tomato pickle, red pepper relish, peach or pear preserves, plum or cherry preserves, fig preserves, watermelon rind preserves, strawberry preserves; 1 glass each grape, plum, blackberry or dewberry, apple jelly, in standard jelly glass; 1 3 lb. American cheese; hooked rug, woolen, hooked rug, cotton; braided table or chair mat; hooked table or chair mat, towel, dresser scarf, pillow slip with plain finish; pieced cotton quilt size 72 x 90 or 90 x 108; boy's cotton suit for ages 2-5; child's cotton dress for age under 10; woman's wash dress, of print, gingham, linen or other material; woman's summer dress of sheer cotton material as voile, dimity, swiss.

In the exhibit to be sent from this county to the State Fair any club woman may make as many entries as she can. The prizes on the canned foods are \$2.00, \$1.50, and \$1.00 respectively. The products must be in square glass top jars. The prizes for cheese are \$3.00, \$2.00, and \$1.00; for the hooked rug of wool are \$5.00, \$3.00 and 2.00. Products for this exhibit must be in the home agent's office not later than September 23rd.

Man Who Created "Diamond Dick" Died Wednesday

WILLIAM WALLACE COOK, WRITER 42 YEARS, DIES

William Wallace Cook, 66, who created the famous "Diamond Dick" of fiction and who was called the "iron man" because he wrote so many books, died Wednesday of

Short Course Visitors Make report to Council

(By CLARA PRATT)

"The more you help others the more you help yourself," said Mrs. J. L. Hagins, Duck Creek, in making a report of the short course in the county council meeting Saturday. "Take for example, Mrs. J. G. Heald, Jones County, who won first place in the state wardrobe contest class I. She fitted 172 foundation patterns in her work as demonstrator and that helped her to win first place and that Singer sewing machine. There were 1,101 wardrobe demonstrators and 14,877 cooperators in the 65 counties doing wardrobe work this year. There were 55 demonstrators class I, and 31 class II, who attended the short course."

Mrs. Rex Carlisle, Steel Hill, told of the girls who have received the home demonstration club women's scholarships through the years. Each club woman in the state is asked to give five cents to the scholarship fund for the scholarships that are given the 4-H club girls making the best record in the scholarship contest. Mrs. Carlisle also gave a report on the lecture, "As Parents Learn," given by Miss Bess Heflin, of the home economics department of the State University, closing with this quotation: "Your children are not your children; they are the sons and daughters of life longing for itself; they come through you but not from you. They are with you but yet they belong not to you. You may give them your love but not your thoughts for they have their own thoughts. You may have their bodies but not their souls for their souls dwell in houses of tomorrow which you cannot visit not even in your dreams. You may strive to be like them but seek not to make them like you for life goes not backward nor tarries with yesterday. You are the bow from which your children as loving arrows are sent forth; the Archer sees the mark upon the path of the infinite and He bends you with His might that his arrow may go swift and far; let your bending in the archer be for gladness for even as He loves the arrow that flies so He loves the bow that is stable."

A report of the bedroom improvement work over the state was given by Mrs. Paul Braddock when she told of the various demonstrations telling of one thing of interest concerning their demonstration.

Mrs. L. B. McMeans told of the present style trends as given in Miss Laura Breihan's talk on fashion sources and trends. "Copper brown is to be one of the best colors for fall. The fashions will continue the broad shoulder and high neck styles. The new materials are smooth; satin will be the best material for fall and winter."

Mrs. J. W. Carlisle, Mrs. Abernathy, Mrs. Elliott, and Mrs. Annie Johnson will give their reports at the next council meeting which will be August 26th.

The county council set the date for the club exhibit as Nov. 17 and 18 when each club member is expected to make at least three entries.

Six clubs were represented in the meeting Saturday.

Heart disease at his palatial home in Marshall.

He had been ill for several months.

Cook was the author of a thousand books, short stories and scenarios, published over 42 years and many of which were accredited with inspiring the imaginations of countless youths. It was Cook's boast, however, that he never wrote a line that he would not want his own son to read.

Returns from his writings were estimated at \$300,000.

Cook was born in Marshall and went with his parents when he was a child to Ottawa, Kans. When grown he went to Chicago and became a newspaper reporter. He returned to Marshall 24 years ago and became prominent there in civic enterprises.—Southwest Plains

Dickens Boys Win Honors at Ft. Sill

Don Coombs and Woodrow Cobb, who have been attending C.M.T.C. at Ft. Sill, Oklahoma, won honors for Dickens County at the close of training. Coombs was judged first as "Superior" in appearances at parade. He was in the battery and was rated the best trained man also in camp.

Cobb won second in pole vault in the track meet. Both are graduates of Dickens High School.

"Race Night" Film Screens at the Palace Soon

"Race Night," the only new screen development since the institution of sound, will have its opening performance soon. Mr. Everts, manager of the showhouse, refuses to give out any details regarding the special attraction.

It is understood however, that "Race Night" is a fast-moving, thrill filled single reel subject of a race in which, for the first time in moving picture history, the audience takes an active part.

Mayor E. J. Cowan is in Receipt of the Following Bulletin

A telegram to the League from our Washington representative, states that "the National Industrial Recovery Act campaign is not intended to include either city or state employees." This ruling was given officially upon a request from the state leagues of municipalities to Washington governmental authorities.

Clifford B. Jones of Spur, Texas has been appointed regional advisor to the national public works administration for region seven, which includes Texas, Louisiana and New Mexico. As such advisor Mr. Jones will serve as the direct representative of the administration. Mr. Jones is manager for a large estate in northwest Texas. He was president of the West Texas Chamber of Commerce in 1921, and at present is chairman of the board of The Texas Technological College at Lubbock. Headquarters for region seven of the public works administration are to be immediately opened at Fort Worth.

Four members of a state advisory board for Texas also have been named. No other state has more than three advisory board members. The following were appointed on the Texas board: Colonel Ike Ashburn, Houston; S. A. Goeth, San Antonio; John Shary, Mission; R. M. Kelly, Longview.

All five of the men appointed to pass on public works loans for Texas are outstanding citizens, and all municipalities will receive impartial, attentive hearings on their loans, in the opinion of the executive committee of the League. Mr. Kelly of Longview has held a post on the city commission in past years, and is thoroughly familiar with city problems. Colonel Ashburn is an outstanding executive, and knows municipal conditions in Texas today. Mr. Shary is one of the best known citizens in the lower Rio Grande Valley, has had much to do with the developing of several Valley municipalities, and knows thoroughly the needs of Texas city executives. Though Mr. Goeth's background is not quite so municipal, it is known that he is keenly aware of the needs of Texas towns and cities during the present reconstruction period.

When further available information justifies, you will receive other bulletin on the public administration.

EXECUTIVE COMMITTEE OF TEXAS MUNICIPALITIES

For the Committee: Harvey W. Draper Executive Secretary

Club Women Enjoy Encampment

(By CLARA PRATT)

A small group of club women enjoyed the encampment at Cliff Bird's ranch west of Spur Thursday night and Friday. The time was spent in various ways including piecing quilts, making hooked mats, leafing through and reading magazines, talking, and perhaps the most enjoyable of all, eating. Friday morning different groups entertained with stunts or charades. Mrs. F. B. Crockett, of Espuela, had worked out a cross-word puzzle using the names of the council members. It was quite clever and everyone enjoyed solving it.

The camp site was good in that it furnished an abundance of shade, wood and cold water, with a good swimming hole near by. Those enjoying the camp were Mrs. Doc Ellis, Mrs. Cal Martin, Mrs. Lee Snodgrass, Mrs. Jim McDaniel, Mrs. Leonard Joplin, Mrs. Biggs, Spur; Mrs. Poley Williams, Mrs. Waters, Mrs. Wells; Mrs. F. B. Crockett, Mrs. W. F. Foreman, Mrs. R. C. Mrs. Spivey, Mrs. Ralph Spuela; Mrs. Matt Howell, Mrs. Fuqua, Mrs. Cross, Red Thurmond Moore and Mrs. Cliff Bird, Peaceful Mrs. E. Gilpin and daughter Marshall, and the home agent.

Tin Can Currency

Do you remember way way back in the winter of 1923 when there was a depression—and in early March following the depression when the banks took a holiday? Do you remember the barter system and the unusual things people used for money?

Canned Food Demand

The fact that canned foods were used in some places, instead of currency was not so strange. The idea originated long before when certain movie theaters in various parts of the country accepted canned foods for admission, afterwards donating them to needy families.

The reason that canned foods made a good currency was because

through their universal use, they have come to have a standard value and they are always in demand. Gold or no gold, a can of beans, which always sells around ten cents a can, has a certain very definite value in the mind of every one. Thus it was not unusual for a housewife to pay her housecleaner for a day's work with canned foods—if the bill was two dollars, the cleaner willingly accepted its equivalent—say, five cans of beans, five cans of soup, three cans of evaporated milk, and three large cans of salmon. In sections where the barter system prevailed canned foods changed hands with much the regularity that currency does, for on the housewife's shelf these foods were certain to be as safe as money in a sound bank.

value to him.

We will be glad to advise and counsel with any young man or young woman as to the course best suited to them.

Just fill in the coupon below and our interesting catalog will be mailed to you promptly.

A WONDERFUL VIEW AHEAD

One of the big business men made this remark a few days ago "I wish my eighteen year old boy had the vision that I have of the wonderful era of business into which we are moving."

Of course, an eighteen-year-old boy cannot be expected to have the judgement of a fifty-year-old man; but here are some facts so fundamental in the present situation that one does not need to be fifty years old to understand them.

For three years, business has been stagnant—the flow of trade through the usual channels of exchange and interchange has been sluggish and, as a result, we have

come to a place at which not only the nation, but the world, is making a united effort to swing back to normalcy.

Customers have deprived themselves of many things that they wanted and needed because they have been afraid to buy. Today there is confidence in the future. Money is beginning once more to flow more freely and will continue until it gets back to normal rates.

When business moves at high speed, it moves effectively and it demands efficiency in all its departments. Efficiency is always the result of trained ability. If efficient service is the result of technical education—and it is—how easy it should be for any eighteen year old boy to select the type of education that will be of greatest

SINCLAIR PRODUCTS — AGED A MILLION YEARS

TRY THE NEW "70" GRAVITY GASOLINE—IT COSTS NO MORE!

Henry Ford Dearborn, Mich.

UNTIL WE LEARNED BETTER

Until we learned better, we used to mix wood and steel in our car bodies and wheels.

It was the best way to make bodies—then. But the state of the art has advanced.

Of course, it is more expensive to make an all-steel body than to make a wooden frame and nail steel panels on to it. The better way involves an initial expenditure of several millions of dollars for new dies, which renders a change very costly. Cars, especially large expensive cars which are produced in small volume, cannot afford this, because the dies cost as much for one car as for a million. That alone explains why all-steel bodies are not used in all cars.

But our basic policy from the beginning is to make a good car better, regardless of cost.

For example, when we discarded wood-steel body construction, it was not because we lacked wood. We still have some thousands of acres of the best hard wood in America. Economy would urge us to use up the wood first, and then adopt the better all-steel body. But we decided that quality was more important than expense.

We weighed the reasons, for and against, before we made the change. We could see only one reason for retaining a mixed wood-and-steel body—nailing the metal on, instead of welding an all-steel body into a strong one-piece whole. That reason was, it would be cheaper—for us.

Our reasons for adopting an all-steel body were these: A wood-steel body is not much stronger structurally than its wooden frame. In all American climates, wood construction weakens with age. Every used car lot gives evidence of this. Rain seeps in between joints and the wood decays. A car may have a metal surface, and yet not be of steel construction. Under extreme shock or stress the steel body remains intact—dented perhaps, but not crushed.

Steel does not need wood for strength or protection. Wood is fine for furniture, but not for the high speed vehicles of 1933.

In the Ford body there are no joints to squeak, no seams to crack or leak.

The all-steel body is more expensive—to us, but not to you. By all odds, then, steel bodies seem preferable.

Wheels also have become all-steel. No one argues that an electrically welded one-piece steel wheel, such as the Ford wheel, needs to be "strengthened" by adding wood to it.

The one-piece all-steel body is the strongest, safest, quietest, most durable body made. That is our only reason for making them.

 THE Thrill GAME OF THE SCREEN
RACE NIGHT

My Visit to the Short Course

(By Irene Blessingame)
 After much persuasion from my fellow club members I decided to enter the bedroom improvement contest. With much work and economic figuring I finished my room at a cost of \$5.69 and won second place in the county contest with a

double reward; first, I had a comfortable bedroom all to myself and, second, a trip to the Short Course to which I looked forward to with much enthusiasm.

Miss Pratt, Pauline Hutto, three club women and I left Spur at four o'clock Friday July 21. We drove all night and arrived at A and M. at 10:30 Saturday morning. We went to a tourist camp and remained there until Sunday afternoon. We went into Bryan Saturday night and saw an interesting show. Sunday afternoon we went to our dormitory at the college.

The club girls and boys met in Guion Hall each morning for the general assembly and were entertained with singing and inspirational talks for an hour before going to the various classes or courses. We listened to a lecture from the man who organized the 4-H clubs; also to three lectures on the Centenary of Progress. Besides these

lectures we heard many other very interesting talks in our classes.

Monday night we visited the various buildings on the campus and then went to the stadium for a program. One evening we visited the museum and there we saw many odd but interesting things.

Last but not least and the most interesting of all to me was the visit to the Key Cottage. The furniture was all so beautiful that I can not begin to describe the beauty and simplicity of the cottage.

Friday night after the presentation of the rewards in the various contests we bid all good-by and turned our faces toward Spur at 10:00 Friday night and arrived in Spur at 12:00 noon Saturday feeling very happy, honored and tired all at the same time.

I wish to thank all those who made it possible for me to make the trip and attend the short course. It was a wonderful trip and I shall never forget it.

Leiu. Gov. Witt Favors Const. Amendment to Issue Relief Bonds

Austin, Texas, August 9, 1933.
 Lieutenant Governor Edgar Witt of Waco, an original opponent of the proposed constitutional amendment permitting the legislature to issue relief bonds, today announced that after acquainting himself with the relief situation he believes it would be a tragedy not to adopt the proposal.

"When the legislature submitted the proposed amendment last spring," said the lieutenant governor, "I was hopeful that we would not need Federal aid in Texas. But there have been developments since then, and I have learned the true and dark picture of suffering in Texas and I now believe it would be sheer tragedy to defeat the relief bonds."

"In the first place the drought and crop failures in certain sections change the picture from what it was three months ago. I am told authoritatively that before the end of this winter there may be as high as 80 per cent of all the inhabitants of some Panhandle counties who will have to be publicly fed, so much Texas cotton has been powdered up and crops are so short that the unusually dependable labor of cotton picking will be reduced by more than half of normal."

"Twenty per cent of our population is now on relief rolls, but that is only a part of the picture. More than that proportion are unemployed, using the last of their reserves or savings but not yet on relief rolls. This class will be the first absorbed in the re-employment provided by the National Recovery Act, leaving those on the rolls still to be publicly maintained."

"Some people don't like what they term setting a precedent in voting bonds. I don't like it either, but we are confronted with a condition and not a theory. Two years ago

the people, by a direct vote, authorized the legislature to spend money on a Centennial celebration but it has taken recognition of the depression and has not appropriated any money for that purpose. I am certain that if the people vote to trust the issue of relief bonds to the legislature, not one dollar more than needed will be issued and the whole issue will be thoroughly safeguarded against waste, extravagance and corruption.

DRY LAKE

Honoring their son, Jimmy George, on his sixth birthday, Mr. and Mrs. Ellis Draper entertained in their home Sunday with a dinner.

After dinner games were played until 3:30 o'clock, and then refreshments of ice cream and cake were served to: Iva and Lewis Ray Smith, Kenneth Dopson, Virgil Rogers, Collete Davis, Bettye Jo Miller, Joyie Adams, Mary Helen and Jimmie George Draper.

Ava Nell Swanner spent Monday with Nona Carrol Smith at way.

Brother very good invited to

Mrs. D. E. ton spent Monday Mrs. Turner Harris Oleta Adams spent Cleo Smith.

Mr. J. L. Hutto has sick list.

Mr. and Mrs. Bob Cross at Robert, of Espuela, took Sunday ner with Mr. and Mrs. Jim Smith.

Mr. and Mrs. Elmer James, Girard, spent Sunday with Mr. Mrs. W. T. Harris.

Marion Hutto, of Post, spent the weekend with Darlain Hutto.

Mr. and Mrs. Carl Penninger have been visiting in San Saba and other points in central Texas the past several days.

Better Breakfasts

WHAT are you going to do Saturday? Make a date with yourself to plan seven "better breakfast" menus and see if you don't have a better week. Then when the clock is ticking around, all you have to do is glance at your menu card and "get going." Here is a suggestion for your Sunday breakfast. Change the whole wheat toast to a breakfast sweet, to linger over, if you like.

- Apple Sections Stewed in Syrup
- Cereal
- Hot Breakfast Sandwich
- Whole Wheat Toast
- Coffee

Hot Breakfast Sandwich: Dust four thick slices of tomato with salt and pepper, and dot with butter. Place under the broiler and cook until tender. Remove to rounds of hot buttered toast, on hot breakfast plates. Poach four eggs and lay one on top of each tomato slice. Dust with salt and pepper. Have a cheese sauce made of two tablespoons butter, two tablespoons flour, the contents of one 6-ounce can of evaporated milk, two-thirds cup water, two-thirds cup grated cheese and salt and pepper to taste. Pour over the sauce and serve at once. This serves four persons.*

KALGARY

Mr. and Mrs. Chet Seward visited Mr. and Mrs. Wilson Springer, Saturday night and Sunday.

Mr. Gim Gilmore from near Spur visited, Mr. Gilbert Pope Sunday afternoon.

Mrs. S. E. Scott Sr. and children were shoppers in Spur Monday.

Mr. and Mrs. Elisha English were shoppers in Spur Saturday.

Messers Ernest Maze, Dean Phillips and W. R. Dunlap were shoppers in Crosbyton Saturday.

Wright Jr. and Docky Hinson accompanied Miss Fern Derrick to her home near Acuff, Wright's sister, Mollie Lou, returned to their home with them.

Velma and Ophelia Cozby, Ross Cannon and Orie Smith were visitors at Kalgary Sunday night.

Rev. Frank Smith preached here Saturday night and Sunday.

Mr. and Mrs. W. R. Dunlap visited relatives in Ralls Sunday.

Miss Novelle Witt spent Sunday afternoon with Miss Rosa Nell Gilmore.—Reporter.

Electric Cookery Gives You Freedom from Tiresome Kitchen Duties

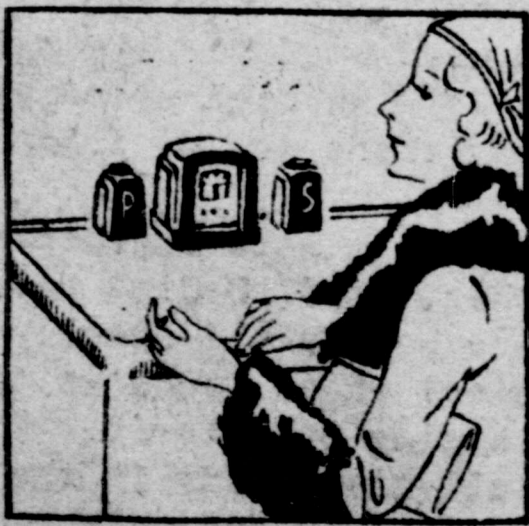

Are you tired of being tied to your kitchen stove? Do you long for enjoyable hours of freedom from the drudgery of kitchen duties? Does the thought of spending more futile hours in "peking and testing" cooking foods weaken you? Wouldn't you like to delegate the routine part of your kitchen obligations to some one else?

If—like thousands of progressive West Texas home-managers—your answer to these questions is an emphatic "Yes!"—then you NEED a modern Electric Range.

Ask one of our Trained Representatives to tell you the interesting story of modern Electric Cookery. He will explain in detail how this modern "Electrical Servant" gives you a clean, cool kitchen . . . better and more healthful meals . . . substantial savings in food and fuel . . . surprising economy of operation. Then he'll tell you about new LOW PRICES . . . and the

Convenient Terms that make the purchase of this modern, automatic "Electrical Cook" fit into your household budget right now. Don't wait . . . ask for a complete demonstration . . . TODAY!

Call us for an individual investigation of your use of electric service, to determine the cost of cooking by electricity in your home. You may be surprised to know that there are many cases where electric cookery actually decreases the total of electric and gas bills.
