Relief Allotments to Be Reduced in June

Budgets, therefore, were made up on the basis of a state caseload of 210,000.

FOUR GIRL GRADUATES ARE HONORED AT SHOWER TUES.

Mrs. Will Smith, of Highway, entertained in her home last Tuesday afternoon honoring four girl high school graduates with a handkerchief shower. Honorees of the occasion were Misses Idell James, Lavada Hahn, Frances Walker and Hazel Williams.

After the arrival of the guests each one was requested to write a wish in each book for the future of the girls. Each book contained a prophecy of the future which was read by Mrs. Smith before presenting them.

Games were played which created much merriment, after which the girls were requested to go on a hunt, finding cards which told them what they must do before they could receive the treasure box. Each one had to perform several "stunts" and next in order was the opening of the treasure box which contained eighteen nice handkerchiefs for each of the graduates.

Mrs. H. G. Draper gave a toast to the mother. Mrs. Orville George gave a toast to the graduates. Chocolate and cake was served to twenty-five guests by the hostess, assisted by Mary Rucker.

Mahon Asks For 30-Day Extension Low Freight Rate

Congressman George Mahon has conferred with Government officials in Washington in an effort to secure an extension of the aid that has been rendered farmers of the drought area. He has been working with the Commodities Purchase Section of the Agricultural Adjustment Administration and the Interstate Commerce Commission regarding a 30 day extension of the reduced freight rates on hay and feed being shipped into the countries that have suffered most from the drought. The agreement which made possible the reduced rates during the last few months expired May 31. The Commodities Purchase Section has included 131 Mid-western counties in the proposed area to be benefited, 60 of which are in West Texas.

He has also made an effort through the Farm Credit Administration and the Texas Relief Commission to secure an increase in the amount of loan allowed farmers for feed for livestock.

Mr. Mahon said: "Now that rains have come over West Texas, our farmers have an opportunity to bring themselves back to a basis of prosperity if they can only be carried over a few more months until a new crop can be raised. I believe that those steps which the government has taken to help the farmers in the drought area should not be withdrawn at this crucial time, but should be continued until returns from a new crop can be realized."

BILLIE BURK HISEY HOSTESS
AFTERNOON BRIDGE PARTY

Miss Billie Burk Hisey was a
charming hostess to a few friends
Monday afternoon at 3 o'clock, entertain-
ing with bridge at the home
of her parents, Mr. and Mrs. Fred
Hisey.

Several games of bridge were en-
joyed after which the hostess served
refreshments to Misses Mary Louise
Lisenby, Frances Morris, Helen Hale
Nell Arthur, Isabelle Campbell,
Marjorie Burrow, Mae Barnett
Johnson, Ernestine Hale, Dorothy
and Roberta Hisey and Ann Dennis,
of Troy, Texas.

"To be a successful and happy
man," said Dr. Foo Hee Seng before
the Malaccas Rotary Club, "you
should remember that life consists
of days—not years. Days are all
we are sure of. Too many of us
drift along and forget the approach
of that final event called Death.
Time is everlasting, but you and I
have only a wee bit of it."

"There is nothing in the world
so precious as Time and so scarce.
It is more important than money and
is above gold and power. It is the
one priceless possession that every-
one owns and yet nearly everyone
wastes—throws it about nad never
gives a thought until it is all gone.
We have no days to waste. We need
every one of them in order to build
a rich, colorful life."

"We should not defer happiness,
as misers do. We should first make
a home the best we can afford, then
bring the fullness of life into that
home. Appreciate what you already
have and then you are fit to have
more. Never postpone a job be-
cause it is hard. Don't depend too
much on hope. Remember that an
ounce of happiness is worth a ton
of hope."

Guests included Miss Peggy El-
liott, Mesdames M. L. Jones, C. B.
Jones, and R. E. Dickson, Spur;
Mesdames Mark Cave, Allen and
Philips, Rotan; Mesdames Lane,
Jones, Johnson, McLaurie and Huls,
Dayton; and Mrs. Allen and Miss
Margaret Cathey of Clairemont.

THE WAY TO SERVE DINNERS

"Serve your Sunday dinners so the hostess may sit at the table and enjoy her dinner with the guests," said Miss Pratt at a meeting of the Espuela home demonstration club meeting at the home of Mrs. Wylie Ball, in a demonstration on table service.

The meat and vegetables were served from a large platter by the host while the hostess served the salad when the plates were passed. With a little planning the meal may be simply and attractively served so that the hostess does not spend all her time in the kitchen.

Those present were Mrs. Roy Johnson, Mrs. E. L. Spivey, Mrs. R. C. McMahan, Mrs. John Sharp, Mrs. R. S. Mosley, Mrs. Robert Bales, Mrs. Willie Ball, Mrs. Charlie Holloway, Mrs. Roy Kimmell, Mrs. Henry Dutton, Mrs. F. B. Crockett, Mrs. W. A. Harris, Mrs. Wylie Ball, Miss Clara Pratt and Miss Lucille Harris. Visitors were Misses Wilma and Ruby Nell Morgan and Hazel McMahen.—Lucille Harris, reporter.

FACIAL DEMONSTRATION

"Always give an upward and outward stroke when giving facials," was stressed by Miss Nell Formby while giving a demonstration to the Soldier Mound home demonstration club women Thursday at the home of Mrs. I. E. Abernathy. "In filing nails always file toward the point of the nail in order to assure a smoother finish," continued Miss Formby.

Mrs. Abernathy gave a demonstration on shampooing and the care of the hair.

Present were Mesdames Ollie Hindman, Ernest Wells, Elmer Billberry, I. E. Abernathy, John Bachman, Miss Nell Formby, Miss Sylvia Denison, one new member, Mrs. Hayden Condron, and Misses Ottie Mae Denison and Frances Gibson as visitors.—Reporter.

Macaroon Cherry Marlow

15 marshmallows; 8 macaroons; 1 cup milk; 1 cup whipping cream; 1/4 cup chopped maraschino cherries.

Steam marshmallows in milk over boiling water. Crush macaroons, add to marshmallow mixture and chill. When slightly thickened add stiffly beaten cream and cherries and pour into tray of refrigerator and freeze 6 to 8 hours.

GLOVE MAKING

"Cut the glove on a true bias of the material to insure a smooth fitting glove," Mrs. W. A. Harris, Espuela club member said, in giving a demonstration to the county home demonstration Council members on Saturday afternoon after Council meeting. Mrs. Harris attended the glove making section at the A & M Short Course last summer and exhibited the gloves she made there.

"When the gloves have been cut, first stitch the lines on the back of the hand then sew in the thumb and the inside finger pieces to the back

and front before sewing the side seam. The cuffs may be gauntlet, or closed or any preferred style," she said.

Ten clubs were represented in those seeing the demonstration.

IS PROUD OF CLOSET

"I would not take anything for my new clothes closet; I don't see how I have gotten along without one all these years. If I had received no other benefit from my club work this year I would be well paid for my work. If I had not enrolled as wardrobe demonstrator I probably would not have built the closet," Mrs. O. S. Harvey told her McAdoo club members Tuesday.

"We bought lumber for framework, door and shelves and made the walls of beaverboard. The total cost was \$3.20. The hanging rod is an old curtain rod reinforced with a steel rod," she said.

A check of the sixteen active members in the club shows that 3 cooperators have built closets this year and one other has added a hanging rod. Now 12 of the 16 members have good clothes closets.

SCHOOL DRESS EXHIBIT

Eight school dresses were exhibited at the achievement program in the Patton Springs 4-H club Friday morning. Nine slips and nine collars had been approved for the fifteen members. The clothing demonstrator, Lizzie Lou Baxter gave a report of her work and her total expenditure.

Club members present were Lizzie Lou Baxter, Edith Baxter, Evelyn Hamm, Lillian Belle Hamm, Clarence Hughes, Berenice Mayo, Iva Lee Robertson, Opal Sharp, Lois Wilson, and Juanita Thannisch.—Evelyn Hamm, reporter.

CARE OF FACE AND HAIR

"Use just enough powder to give a velvety, transparent appearance to the skin," said Mrs. Jim Eldredge when giving a facial to Juanita Rose in demonstrating the care of the face and hair to the McAdoo club girls Tuesday morning. She also gave a shampoo and told the girls to brush their hair every day.

Members present were Clara Rich, Juanita Rose, Wanda McLaughlin, Louise Dozier, Marcelle Miller, Valnal Medford, Ruth Ward, Lucille Ward, and LaRue Holmes.—LaRue Holmes, reporter.

BRUSH THE HAIR DAILY

"To have bright, growing hair, it needs to be brushed every day," Miss Dale Brewster, sponsor, told members of the Dumont Junior girls home demonstration club in a call meeting recently at her home. Miss Brewster gave a facial and shampoo two of the girls in demonstrating the care of the hair and face.

Members present were Capitola Bohner, Ila Mae and Leoma Hodges, Eloise Jones, Theatus Rogers, Bame Nell and Geneva Smith, Edna Earl Thomas, Agnes Pense, and Alma Cunningham.—Eloise Jones, reporter.

CLEAN YOUR FACE AT NIGHT
"No matter how late you get in or how tired you are you should clean your face at night. You owe it to your complexion and to yourself," Miss Bertha Cooper, wardrobe demonstrator, class II., told the cooperators and visitors in a meeting of the Chandler home demonstration club recently at the home of Mrs. Floyd LeFevre, when she gave a facial in demonstrating the care of the face.

Mrs. LeFevre, wardrobe demonstrator, class I., gave a shampoo demonstration and told the members that expensive clothes do not make one well-dressed unless the hair is well cared for and neatly arranged. She used a castile soap shampoo made by pouring boiling water over castile soap that had

France Leads Race To Rule Atlantic

Normandie's Maiden Voyage Marks New Chapter in Ocean Rivalry

In 1840, Samuel Cunard, founder of the British shipping-line, began regular ocean-sailings with the building of the first group of sister ships, Britannia, Acadia, Columbia and Caledonia. The latest ocean greyhound, the French Line's Normandie, has just docked at the new Hudson River pier after her maiden voyage.

The Queen Mary, the British bid for Atlantic supremacy, will come a year later. The Literary Digest reports that enormous first-class dining-salon of either of these superliners easily could hold the Britannia, which made a record ocean-crossing in 1840 from Liverpool to New York of fourteen days and eight hours.

Financed, in part, by government banks, work was begun on the French Normandie and the British Queen Mary to win for one or the other the tourist and luxury passenger to Europe.

Simple in line, an honest, sturdy sea-worthy ship, the 1,018-foot Queen Mary, now a mere hull, will dock in the Hudson River some time in 1936. But the sleek, pert smart Normandie, with all the chic of the latest creation by a Paris dressmaker, has taken the lead. Her predecessor in the French Line docked in New York from Havre in 1864, a mere 340 feet long, and 3,400 tons.

Approximately 1,028 feet long, of 79,280 gross tons, eleven stories high, 125 feet from keel to top of chart-room, the Normandie is equipped to carry 2,000 passengers and a crew of 1,339.

Her beam of 119 feet and six inches will not permit her to pass through the Panama Canal.

Needed New Docks

To dock such an immense floating mass, New York City, through a PWA grant of \$1,193,000, has erected a three-story steel and concrete shed at Dock No. 88 in the Hudson at a total cost of \$4,275,500.

Dredging operations to assure a depth of forty feet—the Normandie draws thirty-eight feet—and supplanting the present twenty-three piers by thirteen larger of steel and concrete will cost \$19,200,000.

Pike Nichols, of Austin, was here Sunday for a short visit to his parents, Dr. and Mrs. P. C. Nichols, Johnny Nichols, who has been attending school in Austin, accompanied him and will spend the vacation months here.

Mrs. Cline Edmonds and son, Miss Dorothy Love, and Miss Frances Lascah, returned to Borger Saturday following a visit here to Mr. and Mrs. C. L. Love and other relatives and friends of the city.

Mr. and Mrs. A. R. Howe and family left Tuesday of this week for New Mexico where they will make their home in the future. Mr. Howe had been engaged in the garage business in Spur for a number of years.

W. S. Campbell returned from Pique, Ohio, Tuesday, bringing with him a new Meteor hearse and ambulance for use by the Campbell mortuary.
