

## 7,000 Here For All Day Celebration Of Armistice

The all day Armistice Day celebration staged here last Wednesday by the ex-service men of Motley, Cottle, King, Kent and Dickens Counties drew an estimated crowd of between 7,000 and 8,000 people. The parade started at ten o'clock in threatening weather but before the program was finished at the stadium the sun came out to make the day very pleasant.

The merchants floats in the parade drew wide comment from the thousands of visitors. The American Legion Auxiliary float was awarded the first prize of \$15.00. Speer's Variety store was awarded second prize of \$10.00 and the Palace Theatre float was third winner of a \$5.00 prize. The parade led from the Wichita Valley depot to the stadium.

Promptly at 11:00 Tans were blown while the huge audience in the stadium stood facing the west. Following brief remarks by E. M. Hale, Commander of Boyd M. Williams Post, the Chaplin, R. C. Brown pronounced the invocation. The audience stood to sing "America," led by Mrs. G. B. Wadzeck and the Spur High Band.

Supt. O. C. Thomas introduced Carl Arthur, who gave a very touching declamation on "Armistice Day." Led by Mrs. Wadzeck the students of Matador, Paducah and Spur schools sang "Hinky Dinky Parlez Vous."

One of the most remembered events on the program and one that touched the hearts of every one was the pantomime, "Mothers Dream," presented by Spur Schools. The children sang "Over There" before E. S. Crider, former Post Commander at Spur introduced Congressman George Mahon.

Mr. Mahon began his address by saying that the American Legion was leading today as they led years ago and it was fitting that they should as they were trained for this leadership.

Quoting President Roosevelt's statement, "I hate war" the Congressman stated for the ex-service man, "I who have been there and have had that experience continue to hate war." This should be the sentiment and appears to be the sentiment of a majority of the people of the United States Mr. Mahon stated. And it would be a tragedy if the Legion with its experiences and horrors of war failed to continuing to lead in peace.

Mr. Mahon then discussed the present policy of the Federal Government in its efforts to keep the United States out of war. The policy of being prepared for war has been adopted. New Laws that prohibit the sale of arms and goods to belligerent nations have been passed. "Safety above money" is the slogan now in use.

As a part of the policy of the Monroe doctrine the United States has carried and is carrying a message of gospel and peace to the South American nations. "It will not be necessary for the sons of mothers of this day to protect capital in the Far East," the Congressman stated in discussing the policy of the United States toward the Phillipine Islands.

Mr. Mahon closed his talk with an urgent request to everyone to work for peace, the most vital point in the American Legion program.

At noon in the Swenson Park the crowd was served a free barbecue of eleven beaves prepared for the occasion. At 2:00 the stadium was again filled to watch the Spur Bull Dogs and the Paducah Dragons play a district 4B football game. Paducah won the evenly matched contest 6 to 0.

In the afternoon and that night the Palace Theatre showed a Legion sponsored picture, "The General Died at Dawn." A dance at the Spur Inn in the evening concluded the program.

The day was marked for its orderly crowds and absence of traffic accidents. The heavy traffic was handled by the Sheriff's Department, City officers and State High-

## Annual Red Cross Roll Starts Today

The annual Red Cross Roll Call starts Thursday of this week in Dickens County. Chairman Dewey L. Granberry, who is moving to Victoria, will start the roll call off Thursday noon at the Rotary Club. The direction of the work after that will be by Mrs. E. W. Mars who has appointed committees for every community in the county.

The committees will work Friday and Saturday on the streets of Spur and the other towns of the county in an effort to reach the quota of 400 members. The membership fee is \$1.00 per year and half of this amount is retained in the county for local use. The county part is not all spent in one particular community but kept separate and every community is benefitted according to the amount contributed.

The Red Cross has not been in the lime light locally but has carried on its work throughout the year on limited funds.

The chairman has aided many who were in a very distressing condition by providing much needed food and medicine. This work must be carried on and the Red Cross is glad to do it whenever the funds are available.

Every effort has been made to keep beggars and near beggars off the streets and aid has been given when the individual proved there was no other way to obtain it. Your membership fee will help take care of local charity cases as well as help this great help giving, life saving organization carry on its work throughout the world.

## Rotary Club Has Citizen of Turkey As Guest Speaker

The Spur Rotary Club was honored at its weekly luncheon last Thursday by having Mr. Shurkru of Instubal, Turkey, as a guest speaker. Mr. Shurkru has been in this country 19 months and is a student at Texas Technological College. He came to Spur on the invitation of Clifford B. Jones, accompanied by Dr. W. A. Jackson, Professor of Government at Tech and Jimmie Kilpatrick, Chairman of the Committee on International Relations of the Lubbock Rotary Club.

Mr. Shurkru discussed the formation of the present government in Turkey, the language and some of the customs of the people. Quite a bit of time was given to a discussion of the changes in religion and industrial conditions in his country the past ten years. He answered many questions following his talk.

## LATE ADDITION TO SPUR LIBRARY

The Atlantic \$10,000 prize novel of 1936 is the latest addition to the City Library, "I Am the Fox" by Winifred Van Etten.

Publisher's note: This is the story of Selma Temple, twenty six years old, red haired and amber eyed, whose childhood and youth in Iowa left such impressions upon her mind that she was secretly afraid of life. When the novel opens, Selma is employed in New York as secretary to Gardner Heath, who loves her and wishes to marry her. Her heart tells her that marriage with him means security, but her mind sees him as the huntsman and herself as the fox. By a skillful transition the reader is taken back to the scenes of Selma's past and encounters one by one the episodes that, lacking sane and kindly interpretation, have left such scars on her mind.

If you are not reading from the City Library, you are missing a great treat. Here are assembled over 700 books, books to meet the demands and appreciation of every one. You can have the privilege of reading from this splendid library for the very small sum of 25 cents for two months. Join now and get the most out of the coming long winter evenings around the fire.

The library is located in the City Water Office.

## D. L. Granberry Moving To Victoria In Next Few Days

Mr. and Mrs. D. L. Granberry and children plant to leave this week for Victoria, Texas, where Mr. Granberry has accepted the position of Secretary of the Chamber of Commerce. Mr. Granberry returned Saturday night from Victoria after spending a week there and announced the move.

For the past seven years Mr. Granberry has been Secretary of the Spur Chamber of Commerce, promoting many worth while projects for the town. He served through the depression keeping the organization going and constantly advertised Spur and its territory far and wide. This last spring, while doing special work for the West Texas Chamber Mr. Granberry received wide publicity on an unique folder he distributed advertising Spur.

He has been closely identified with every civic improvement. His faithful work with the City of Spur had a great deal to do with acquiring the beautiful Swenson Park and the improvements thereon.

Mr. Granberry has served several years as Chairman of the Dickens County Red Cross Chapter. This non-paying office with its tales of woe and heart aches could not have been better filled than it has the past few years when there have been so many seeking assistance.

Mrs. Granberry, who was a teacher of music before her marriage, will be greatly missed because of her musical talent and willingness to assist at all times. Spur is losing a worthwhile citizen who will always have many friends here.

## NOVEMBER 1 GIN REPORT FOR DICKENS COUNTY

## Cowhands Play Here Friday P. M.

The Spur High Bull Dogs will play the Lubbock High Cowhands at the stadium Friday afternoon at 3:00.

Work outs have been light for the local team this week giving the boys a chance to get over injuries received in the Armistice Day game. Coach Wadzeck will probably start some of the subs Friday holding his regulars back for the Thanksgiving tussle. There is very little difference between the playing of the subs and the regular starting backs on this year's team.

The Cowhands have had their ups and downs this season losing a close early season game to Floydada.

The game is called for 3:00 and another good crowd is expected.

## Poppy Sales Last Week Total \$78.00

Mrs. D. A. Wilson, chairman of the poppy day committee of the American Legion Auxiliary, reports \$78.00 received for poppies sold last week. Out of this the Auxiliary gave the band \$7.20 for assisting in the sale.

The local part of these funds will go into the child welfare fund of the auxiliary. The Auxiliary also received \$15.00 as first place winner on their float in the parade, this also going into a welfare fund of the Legion and Auxiliary.

Mrs. Wilson on behalf of the Auxiliary and the local Post of American Legion wishes to thank every one for their cooperation in the poppy sale and for their kindness to those doing the selling.

## Much Interest Shown In Applied Curriculum

The extension class in the applied curriculum course is well underway now. It has about eighty members. The class is being taught by specialists, Miss Bonnie K. Dycert in the primary and intermediate field and Dr. Jackson in the High School. It meets each Tuesday night at Dickens. Mr. J. J. McDonald, Director of Extension Division at Texas Technological College, writes "The college is sending two of the best teachers on the faculty. If the class gives its best, the results will be highly successful and beneficial to all."

Mr. W. A. Stigler, Co-director of Curriculum in State Department of Education, writes that he is quite glad to know of the interest Dickens County is taking in the Curriculum.

This is one of the most progressive steps Dickens County has ever taken. As a result of it, there will be better teaching done in this county than has been done before. Each Tuesday the actual every-day problems of the schools will be gone into and assistance given by fellow class mates and by these teachers.

## Local Insurance Company Celebrate First Birthday

Sunday marked the first birthday of the Cap Rock Life Insurance Company, a locally owned and operated concern. Leading all other insurance companies represented here, the Cap Rock organization is proud of the fact "that they wrote more insurance the past twelve months than all the others combined."

The huge sum of \$600,000.00 in insurance was written this first year of operation.

Starting with a \$250.00 and a \$500.00 policy the Cap Rock Life has offered a policy within the reach of the big and the little man in such a manner that the premiums could be paid. The Company sells their policies where the premiums can be paid monthly, quarterly, semi-annually or, annually.

Two claims have been filed and were paid promptly by the organization. (Claim No. 2 was filed by beneficiaries of Edgar E. Latham, Crosbyton, Texas, who died on November 16th. The claim was fully paid on the same day.) This promptness and ability to pay claims is one of the reasons for the sound basis upon which the company is operating.

Ned Hogan is President of the Cap Rock Company. L. E. Lee is Vice President, R. C. Brown is Secretary-Treasurer, Sam Clemmons is a Director and Dr. Bob Alexander is Medical Advisor. These are all local people, interested in the growth and development of Spur and Spur territory.

## Palace Theatre Installs Gas Heating System

Installation of a gas heating system is being completed at the Palace Theatre this week by the Farm Gas Plant Company of Floydada. Johnnie Cordova is looking after the installation work.

Charlie Hardwick, manager of the theatre stated that they were doing the opposite to the oft quoted remark "that everybody talks about the weather but no one does anything about it," by going to considerable expense in installing a heating system that would make the theatre comfortable no matter how cold the weather. The Palace has a modern cooling system that makes their theatre comfortable in the summer and now they are installing a heating system that will insure a comfortable temperature in all kinds of weather.

This program is in line with the policies set by the present management since they bought the theatres here last winter. They came here to stay, made a large investment which they have added to, and are continuing to make improvements that gives Spur the finest theatre between Fort Worth and Lubbock. As proof that the public agrees with this statement the Palace has shown a steady increase in patronage and the management's claim that they are bringing customers to Spur is being proved.

## REFINED COTTON SEED OIL PRESERVES HAM AND BACON

Guthrie—A year ago Mr. V. V. Parr, manager of the Pitchfork Ranch in King county, had three barrels of ham and bacon sides covered with refined cotton-seed oil, and recently he reported to R. I. White, agricultural agent of King county that the meat so stored had been consumed and that it had remained soft, sweet, and deliciously flavored down to the last piece in the last barrel. Parr plans to use the oil again this year.

Dr. and Mrs. L. B. Hodges left Wednesday of last week for Seagraves where they planned to spend a few days before locating in a new place, probably Lamesa.

E. M. Wilson, W. P. Simpson, Charlie Fox and Bill Kinney left Saturday on a deer hunt in the Davis Mountains near Kent.

Department of Agriculture assisted County Agent Lane in a one-variety cotton demonstration meeting held at McAdoo Tuesday the 17th. Some 25 farmers and gin men attended the meeting.

Mr. Miller discussed phases relating to the position that Texas Cotton has to that of other states, and pointed out the fact that we were at the bottom of the list in quality production.

Mr. Saunders discussed ways and means of setting up an organization for handling the one-variety cotton demonstration, pointing out the fact that Gonzales County was a one-variety county and started with the organization of a community in that county.

Mr. Lichte discussed harvesting and ginning of cotton and the effect that ginning one cotton has on staple and grade.

A committee was appointed by the McAdoo Community Chairman, Henry Elder, to obtain information and to proceed with organization.

The new 60-horsepower V-type 8-cylinder engine delivers V-8 smoothness and quietness—even at speeds up to 70 miles an hour—with gasoline mileage so high that it creates an entirely new standard of economy in modern motor car operation.

# SHIRLEY SCORES TRIUMPH IN HER GREATEST FILM

Shirley Temple comes to the Palace Theatre, Prevue Saturday Nite, Sunday and Monday, November 22-23, in all her glory in a song-filled, laugh-laden story that is one of the crowning cinema achievements of this or any other year.

"The Poor Little Rich Girl"—Shirley herself—opens in the palatial mansion of Michael Whalen, father of the little miss. Shirley has no mother but her father has provided a veritable regiment of aides-de-camp whose sole duties are to look after her.

If Shirley dares to sneeze—off she must go to bed while a doctor is called to prescribe for her "alarming cold." Shirley, as you can imagine, is none too pleased with this state of affairs and persuades her father to send her to boarding school.

While waiting for the train, Shirley slips away from her nurse, Sara Haden, and wanders along the street playing a game of make-believe. Miss Haden, in the meantime, is the victim of an accident, and during the following days in which Shirley seeks adventure, the little girl is not missed by her father.

A touching series of events finally culminates in Shirley being adopted by a pair of aspiring radio entertainers, Alice Faye and Jack Haley. Miss Faye realizes that Shirley is no "orphan" as she has told them, but Haley recognizes Shirley's talents as just what the act needs.

The team is a knock-out in its audition and is hired by Claude Gillingwater—the strongest business rival of Shirley's father!

How Shirley brings success to Haley and Miss Faye, romance to her daddy and Gloria Stuart and happiness to crabby Claude Gillingwater makes her most human and heart-warming story.

Five melodious new song hits—and really hits!—are featured in the production. The numbers, all authored by those famous Hollywood songwriters, Mack Gordon and Harry Revel, are "When I'm With You," "But Definitely," "You've Gotta Eat Your Spinach, Baby," "Oh, My Goodness" and "Military Man."

Darryl F. Zanuck appointed Irving Cummings to direct the film and B. G. DeSylva associate producer.

## California Under Three Flags Shown In 'Sutter's Gold'

California's development under many different flags is pictured in "Sutter's Gold," the Universal drama of gold rush days at the Palace Theatre, with Edward Arnold in the starring role of General John Sutter Tuesday and Wednesday, November 24-25.

Until 1846 Fort Sutter flew the Mexican flag. In that year the Californians declared their independence and fashioned the Bear flag, a banner bearing the words "California Republic," with a single large star and bear. The first bear flag was made from a lady's petticoat.

Its place was soon taken by the Fremont flag, an ensign of unusual interest. In the 40's General John C. Fremont made an exploratory trip across the continent with a detachment of cavalry. They carried a flag with 13 stripes; in the

corner there was a white field, on which were painted 26 stars and an eagle holding a sheaf of arrows. Though he had come in peace, the Indians interpreted the arrows as a warlike sign, so Fremont had painted in the eagle's other claw a calumet, or pipe of peace.

Shortly afterward the United States flag took the general form it has today. In 1868, the blue field held 37 stars. During the period of the story, the Russian flag also flew over part of California at Fort Ross.

"Sutter's Gold" was directed by James Cruze. The enormous cast appearing in support of Arnold includes Lee Tracy, Binnie Barnes, Katharine Alexander, Montagu Love, Bryant Washburn, John Miljan, Harry Carey and Robert Warwick.

New York, N. Y. — "IT'S TRUE! that John Scarnie, who numbers President Roosevelt, J. P. Morgan and Police Commissioner Valentine of New York among the eminent gentlemen he has baffled with his sleight-of-hand, was pressed into service as the shell game sharper in the Metro-Goldwyn-Mayer comedy, 'All American Chump,'" says Wiley Padan. "Scarnie's deft fingers substituted for Edmund Gwenn's in scenes which called for Gwenn to swindle his victims by the old game of now-you-see-it-now-you-don't as practiced with three walnut shells and a pea."

## EVEN DOG IS REMEMBERED

Quite often we see a shelf or part of a shelf in the demonstrator or cooperator's pantry devoted to foods canned especially for the baby but to see a row of cans labeled 'dog meat' is unusual in the home food supply achievement program.

Mrs. Foster Jones, home food supply demonstrator for the Soldier, Mound home demonstration club, with the help of her husband canned 14 cans of dog meat when they canned a beef recently. They used scrap meat they did not want to use in chili and find that the dog is happy over it.

Mrs. Jones filled every item in her canning budget except tomatoes and tomato juice. She canned 33 pints of tomatoes toward the 75 pints her budget calls for. After canning 125 No. 2 cans of meat she

decided to sell a quarter of the beef to buy the tomatoes she did not have so that her pantry would be complete.

"Heretofore, I have stored my canned products in cartons in the cellar. When I wanted some food I had to look through several boxes before finding it," said Mrs. Jones in showing her newly built and arranged shelves.

"Now we have built shelves across the end of the cellar and have arranged the canned products on the shelves according to the plan given by Miss Grace Neely, Extension Specialist in Food Preservation. On the top shelf I put jams, jellies, preserves, relishes, pickles, as the sugar and vinegar will prevent the heat causing spoilage. Fruits and fruit juices including tomatoes with their natural acids are on the second and third shelves. On the next shelf I have leafy, green and yellow colored vegetables followed by corn and other vegetables. The canned meat was placed on the bottom shelf as this is the coolest place in the cellar."

## CLUB HAS YARD PROGRAM

"Foundation plantings and trees should be grouped in easy informal groups rather than in straight lines," Miss Clara Pratt, home demonstration agent told members of the Prairie Chapel home demonstration club in their meeting Tuesday afternoon at the home of Mrs. Peyton Legg.

Plans for next year's yard improvement work was made.

Mrs. B. F. Middleton was enrolled as home food supply demonstrator or 1937.

Members present were Mrs. R. C. Alexander, Mrs. B. F. Middleton, Mrs. Bill Middleton and Mrs. Peyton Legg.—Club reporter.

## McADOO CLUB ELECTS OFFICERS

Mrs. Price Brownlow was elected president of the McAdoo home demonstration club when it met Tuesday afternoon at the home of Mrs. G. W. Allen. Mrs. M. A. Graham was elected vice president. Mrs. O. S. Harvey was elected secretary-treasurer and Mrs. T. L. Dozier, parliamentarian.

The club will hold the home food supply achievement program, Tuesday, November 24th at the home of the demonstrator, Mrs. O. S. Harvey, at which time the whole community is invited to attend.

Miss Mary Wooten was a visitor. Members present were: Mrs. T. L. Dozier, Mrs. J. T. Parker, Mrs. W. C. Hunsucker, Mrs. Monroe Black, Mrs. Amos Isaacs, Mrs. O. S. Harvey, Mrs. R. Y. Allen, and the hostess, Mrs. G. W. Allen.—Club reporter.

## FOOD ACHIEVEMENT DAY

I have learned by planning a weeks menu, I can serve a balanced meal each day, said Mrs. Jones, when the Soldier Mound home demonstration club met in the home of Mrs. Foster Jones, Thursday, Nov. 5th.

The demonstrator said, "I wanted to be the pantry demonstrator because I was interested in knowing how to can and arrange and label a correct pantry. I arrange my pantry according to the temperature of the pantry. On the top shelf I put my pickles, relishes, and preserves. On the second shelf I put fruit and tomatoes. On the next leaf and colored vegetables. On the next, meats."

The club opened with recreation exercise, with all present taking part. The club will meet next time with Mrs. S. H. Nally.

Those present were Mesdames Jno. Bachman, W. H. Condron, Ollie Hindman, I. E. Abernathy, Floyd Barnett, Leonard Joplin, A. Biggs, W. E. Ballard and Foster Jones.—Reporter.

## MEAL PLANS HELP

"I find since I made my meal plans for one week that it is much easier to plan my meals ahead for a week at a time. It is more economical and a real time saver," reports Mrs. L. B. Jones, home food supply demonstrator in the Red Top home demonstration club.

"Since seeing the demonstrations in vegetable cookery this year and learning to score my prepared dishes I can more easily prepare a meal which is neither over cooked or under cooked and can prepare a platter meal which will look so appetizing that the family will eat it and never realize that it was prepared of vegetables they think they do not like."

"My cooperators have meant a great deal to my success as a demonstrator. They worked hard trying to reach their goals despite the drouth and offer suggestions and helps to me that I might reach my goals." The cooperators have reached their goals of making meal plans for a week, preparing mild flavored, strong flavored and raw vegetables at least six times each, brought a prepared vegetable dish to be scored and entered six jars each in the Food Fair.

"The number of fruits and vegetables preserved in our club totals 4,703 quarts. The number of cured and dried meats and vegetables is 8,587 pounds," reports Mrs. Jones.

"Before we built shelves in our cellar this year I spent back-breaking hours very year, lifting and moving boxes of jars trying to find the right jar. Now I can go to my cellar and very quickly select a leafy

## 23 YEARS AGO

Taken from the files of The Texas Spur, published 23 years ago this week. Oran McClure, editor and publisher.

Mrs. W. S. Campbell returned recently from Angleton where she spent several days with her parents.

Mrs. Ned Hogan returned last week from an extended visit to her parents at Collinsville.

Dr. B. F. Hale, of Dickens was in Spur Saturday.

During the week the price of cotton on the Spur market ranged from 12.50 to 13.00.

B. F. Bural, who lives on Duck Creek southeast of Spur, was awarded twelve dollars and sixty five cents in cash and merchandise for the best collection of farm exhibits. In the list of products he had 2 kershaws, 5 yams and 5 vineless yam potatoes, 5 blood beets, 5 sugar beets, 10 ears of Indian corn, 10 heads feterita, bundle of feterita, cabbage, lettuce, radishes and 10 heads of maize. A number of other prizes were given for the best farm products.

Jno. R. Ralls, founder of the town of Ralls in Crosby county, was in Spur the latter part of last week and spent several hours here on business.

Sheriff J. B. Conner and family of Dickens, were in Spur Saturday visiting friends and relatives and also on official business.

Tom McArthur was in Spur the latter part of last week from his farm and ranch near Tap.

Mace Hunte, was in Spur Saturday from his farm home four miles east of town.

Dr. Blackwell was here Saturday from Dickens and spent several hours in Spur on business.

There were more than three hundred persons present at the Farmers Matinee at the Lyric Theatre Saturday afternoon. The Matinee will be given every Saturday afternoon at three o'clock. Every man, woman and child of the surrounding country are cordially invited to attend and tickets will be given free by the various business firms of the town.

J. H. Miller, one of the most prominent citizens of Dickens county, was in Spur Wednesday on business and trading with merchants, and while here handed us a dollar to extend his subscription to the Texas Spur up another year and for which he has our thanks.

### STOP FOR SCHOOL BUS CO. SUPERINTENDENT WARNS

"All vehicles used for the transportation of pupils to and from any school or college, shall have a sign on the front and rear and on each side of said vehicle, showing the words 'School Bus' and said words shall be plainly readable in letters not less than six (6) inches in height. It shall be the duty of the operator of such school bus vehicle to see that such signs are displayed as above provided and it shall be unlawful to operate any such 'School Bus' vehicle unless such signs are so displayed thereon. When any such 'School Bus' vehicle is receiving and or discharging a motor vehicle or motorcycle is to come to a full stop before, proceeding in any direction; and in event such 'School Bus' vehicle is receiving and or discharging passengers, the said operator of such motor vehicle, or motorcycle shall not start up or attempt to pass in any direction until the said 'School Bus' vehicle has finished receiving and or discharging its passengers.

Any party who violates any of the provisions of Section 1 of this act shall upon conviction thereof, shall be fined not less than ten (\$10.00) dollars nor more than five hundred (\$500.00) dollars, or confined in the county jail not to exceed ninety (90) days, or both such fine and imprisonment; provided, however, that death results to any person, caused either actually

or remotely by a non-compliance and or violation of any of the provisions of this act, then and in that event, the party or parties so offending shall be punished as is now provided by law." (Chap. 215, 42nd Leg., Reg. Ses.)

In view of the fact that some 27 busses are now operating in Dickens county, it behoves the citizenship to exert every possible effort that no accidents happen. Automobile accidents are occurring at an alarming rate. Statistics show that the deaths from automobiles within the past ten years in the United States surpasses the war. Accidents are sometimes classified as "Unavoidable," yet with the proper measures of precaution taken at the right time no accident may strictly be "unavoidable."

The schools owning the busses have hired good drivers who are at least 21 years of age, and who are good bus operators calculated to act with the best judgment. These bus drivers are all bonded. The public is solicited to give the strictest and closest cooperation that there may not be an accident in handling the school children as they are transported to and from school this year.

Stanley Gartside, manager of the Palace and Spur Theatres for the past six months, has been transferred to the Clovis Theatre operated by Hardwick & Sons. Mr. Gartside with Mrs. Gartside will leave in a few days to take over his new position.

Mr. and Mrs. Gartside came to

Spur from Cleburne in the early summer and have many friends here who will regret to see them leave. A promoter of the first rank, Mr. Gartside is rated by his company as one of their best men. This is attested by the fact that he is the youngest manager in the system. He is also an artist and decorates the theatres where he is working in a very attractive manner.

**Spur Lost Armistice Day Game 6 to 0**

Blocked in their overhead game by two towering ends a six foot center, the light, heavily outweighed Spur Bull Dogs dropped their final Conference game of the 1936 season to Paducah 6 to 0 Wednesday afternoon, Armistice Day, at the Chas. A. Jones Memorial Stadium. Playing before approximately 5,000 fans the two teams fought it out on even terms except for a few minutes in the third quarter. Flinging passes all over the field Haralson, Spur quarter, had one intercepted in the opening minutes of the second half that proved the deciding point in the game. Reaching high in the air, Irons, gangling Paducah center intercepted a Spur pass and moved down the field 40 yards to the Spur 10 yard line. Moore, ace Dragon back, tore off left end to cross the goal line standing up to make the only count of the game. Blythe, missed the goal kick for extra point, one of the few times in the last three years. The first downs registered indicate the almost evenness of the two teams. Spur made six first downs to five for Paducah. The Bull Dogs outclassed the Dragons with their running attack with Martin and Elton Garner carrying the ball. Haralson was spotted from the start and was thrown for several losses. Haralson again led in punting and got his team out of danger several times with his kicking. The entire Spur squad played good ball from the start with the line functioning as well or better than in any game this year. There were few penalties on either side and the sportsmanship of both teams was notable.

**JOE M. ROSE, POULTRY DEMONSTRATOR OF THE DUNCAN FLAT COMMUNITY FINDS POULTRY A PROFITABLE SIDE LINE**

Joe M. Rose of the Duncan Flat community finds poultry flock a profitable side-line to his farming operations. With a flock of 238 White Leghorns he obtained an income of \$656.58, or a profit per hen above feed cost of \$1.79. His feed cost per dozen eggs was 6.5 cents. Food cost per hen amounted to 97 cents. He sold his eggs on the general market, the average for the year was 18.4 cents per dozen.

At the beginning of the year, he started his demonstration with a flock of average English strain of White Leghorns, and employed the best method of poultry management as outlined by G. J. Lane, County Agricultural Agent. Mr. Rose attributes his success to observation of minor details and careful methods of feeding and proper housing. His 238 hens, which is an average for the year, produced an average of 180.1 eggs per hen. He did not cull his flock, but lost 6.2 per cent from natural causes.
