

## Agricultural Ass'n. Is Organized At Duck Creek, Friday

What is wrong with agriculture? Why will a bale of cotton not pay for a cultivator, now, as it would a few years ago? These are some of the poignant questions with which County Agent G. J. Lone prefaced his address to a group of farm families from the south side of Dickens County at Duck Creek school house, Friday night, August 12. His further remarks to the effect that the solution to farm problems will come only through adequate organization. By being organized, some of the dairy states of the North were able to influence national legislation to such an extent that it seemed for a while that farmers of the South would not be permitted to feed grain sorghums, raised on retired acres, to their livestock. Protection to prices, through tariff legislation can be gained only by being organized. Through organization at least one state has been able to cause the passage of a law to the effect that "tax free" securities must be rendered for taxation before 3 years or become void; thus equalizing taxation according to the ability to pay. The farmers of Texas may hope to shift some of their tax burdens, in like manner, when their organizations become as strong as some of the opposing industrial organizations.

Information concerning the government's farm program can best be distributed to farmers through the meetings of an agricultural association.

Miss Jean Day, Home Demonstration Agent, gave some ideas of the woman's part in such an association and some specific suggestions for organization.

The group voted to organize and the following officers were elected: Chairman, I. S. Clower; Vice-chairman, E. F. Shugart; Secretary-reporter, Mrs. Katie Conatser; Program committee: Mrs. Emma Hagins, chm., assisted by Miss La Una Cozby and Jim Yeakley; Recreation committee: Mrs. Edith Durham, her assistants to be chosen by herself.

The above committees were chosen after careful consideration, for upon them will rest a large share of the responsibility for the success of the meetings. But each individual is in an equal degree responsible, and should respond willingly to any requests for service from these committees.

All families from this section of Dickens County are urged to come. It is the aim of the sponsors to make these meetings of interest to men, women, and children; but in this, as in all other movements, "the fellow who puts most into it is the one who will get the most out of it."

Miss Day had charge of a recreation period after which refreshments of iced tea and cookies were served by the ladies.

Remember the date of next meeting, September 9, 1938. Come and participate in furthering a program to promote more and better "information, legislation, and recreation" for farm families.—Reporter.

## Spurites Attend Press Meet at Seymour Friday-Saturday

Mrs. Oran McClure, of The Texas Spur, called a halt in office hours last Friday and Saturday to attend the meeting of the West Texas Press Association at Seymour.

W. D. Starcher and Ruth Maples of The Dickens County Times, were also on hand to answer roll call at the meet.

The press group took up some important topics at the annual meeting, mapping out some of the plans for the coming year, and elected officers. Douglas Meador, neighboring publisher at Matador, was elected President, moving up from the place as former vice-president.

## COOL COMFORT!

There are two reasons why you should go to Bell's Cafe to dine. First, it is absolutely necessary that you be perfectly comfortable to get the most from your food. Second, you should have the best food that money can buy.

And at Bell's, the best food is available—and yet the price is most reasonable—all time!

## Collier, Indian Director, Under Fire

John Collier, veteran United States Commissioner of Indian Affairs, will be criticized by his charges Friday when the fifth national assembly of the American Indian Federation opens at Tulsa, Okla. Joe Brunner, a

Creek tribal leader and head of the federation, said he would seek Collier's removal from office. Other aims of the group are (1) Indian approval on national Indian legislation, and (2) closer relations between Indians.

## SCOUT ACTIVITIES

Troop 35-36

Cecil Fox, Scoutmaster  
Troop 36

G. B. Wadzeck, Scoutmaster  
Troop 35

Troop 35 of Spur became Scout swimming champions of the entire South Plains Friday night by virtue of victory over six district champion troops in the council-wide contests at Plainview.

Scoring a 128 points, the local troop succeeded Lamesa as council swimming leaders. Troop 4 of Lubbock was second with 94 points with Lamesa third, scoring 66 points. Troop 20 of Muleshoe trailed with 23 points. Over one hundred contestants from ten council counties competed. Billy Ray Barrett, Spur junior, was second high point man of the entire meet.

A promise of fifty cents for each first and twenty-five cents for each second winner cost V. V. Parr, Spur Scout booster, seven dollars and twenty-five cents. The twelve first and five seconds that the swimmers gained netted this sum to the troop treasury.

Troop 35 place winners and their events are as follows:

Junior division: Sidestroke, Billy Ray Barrett, first; Breast stroke, Barrett, first; Alfred Walker, 2nd. Back stroke, Wade Gilbert, first. Plunge for distance, Barrett, first; Bobby Pharr, second. Diving, Chas. Ensey, first. Free style, Gilbert, 1st; Barrett, 2nd. The Junior medley relay team of Gilbert, Wilson, Walker, and Barrett, was first, as was a free style team of Gilbert, Hogan, Ensey, and Barrett.

Intermediate winners were: Side stroke, Bill Laine, 1st. Back stroke, Charles Christensen, 1st. Breast stroke, Laine, 1st; Godfrey 2nd. In the plunge for distance Christensen was second. A medley relay team of Laine, Godfrey, Christensen and Barclay was first with the same members swimming third in the free style event.

In the intermediate plunge 3 place winners all broke the council record. Jackson, Lubbock, plunged 49 feet 8 inches; Christensen, Spur, was second with 47 feet 11 inches; and Dyer of Lamesa, third with a dive of 47 feet 10 inches.

In the Senior event, V. C. Smart was third in the distance plunge and a medley team of V. C. Smart, Jeff Smart, G. J. Lane, and Raymond Ince, took third place.

A silver trophy will be awarded the winning troop along with banners for the championship. Troop 35 has not been defeated this summer in swimming contests, taking Camp Post honors in June, defeating Lamesa in dual competition here early this month and climaxing the season with council championship on Friday night.

The Spur team has been coached by Morris Laine and the training given the team by him was given a great deal of credit for the victory by G. B. Wadzeck, Scoutmaster.

Announcement was made recently that the Boy Scouts would again have an exhibit at the South Plains Fair to be held in Lubbock from September 26 to October 1.

Thard Darby, of Lubbock, is general chairman of the Boy Scout committee and has working with him

Vernon Neill, exhibits; Ed Allen, special activities; H. B. Bryan, maintenance and George Hale, preparation.

Allen announced that there will be special Scout activities in front of the Scout exhibit building each night. Neill, in a statement about the activities, said that there would be Merit Badge exhibits by Patrols, Troops and Individual Scout, Cub and Leader exhibits by Patrols, and Troops as well as individual Scouts, Cub and Leader exhibits. Scouts and Cubs over the South Plains are expected to take part one hundred per cent, Dockary said.

## McAdoo School To Begin August 22

According to H. U. Butts, McAdoo School Supt., school will begin at McAdoo, Monday, August 22. The buses will run the same routes as they did at the end of the term last year unless some changes is necessary. All students will enroll Monday morning, after which there will be a short program in the auditorium. Patrons are cordially invited to attend.

The faculty consists of Miss Bertie Lee Butts, Mr. Harold Hardy, Miss Lenora Nickels, Mr. George Archer, Mrs. George Archer, Mr. J. Walter Grist, Mrs. Rixie S. Lewis, Mr. Preston M. Davis and H. U. Butts, as superintendent. Mrs. Burks will continue to teach music in connection with the school program.

Mr. and Mrs. C. W. Barrett left Spur Thursday for Hempstead at which place he has employment with the B. Schwarz store. Mr. and Mrs. Barrett are very splendid young people and will be missed by their large circle of friends in Spur.

Miss Mary Claud Harrison, who has been visiting in the home of her sister, Mrs. A. M. Walker and Mr. Walker, left Sunday for a visit in Abilene before returning to her home in Greenville where she will resume her work as a teacher in the high school this fall.

## Whittacre-Milam's Grand Opening Fri.

Representing one of the truly big sales of this area in the past few months, the Whittacre-Milam great two-day sale will swing wide the doors of its fine new home, just across the street from the former stand, former Fair Store Building, and will probably greet one of the largest crowds of buying people witnessed in Spur in months.

The building has been completely redecorated, much work inside to facilitate convenient shopping, better display, and thousands of dollars worth of new stock shipped in for the big affair. As the drayman has put it—"there's been tons of new merchandise shipped to the Whittacre-Milam Variety Store in the past few days." Mr. and Mrs. Milam, managers of the store, report that they have purchased thousands of dollars worth of merchandise for this big Grand Opening. No old stock to sell—and probably some of the prices they are making will be history in Spur.

In order to acquaint the people fully as to the extent of the big sale, Mr. Milam has purchased a full section of The Texas Spur, and at heavy expense required that it be printed in colors, to demonstrate the fact that he really is "throwing a big one." You have one of the sections with your Texas Spur. Examine it—study the prices, and see if there are not many articles that will really save you money. We are sure that the women, especially, will recognize hundreds of things they can save on, and it isn't likely that such prices can be had after these two days.

Mr. and Mrs. Milam, and their entire sales force, have extended an invitation to all of the communities—every man, woman and child, to come in for this big bargain event, and be with the Spur people who accept the invitation to be in on the bargains. In fact, they say if there are any bigger bargains in this western country, please tell them about it—and they'll be glad to get in on it, too.

So make your plans to attend the big sale. It lasts only two days. However, Mr. Milam stated that if bad weather prevailed, he would run the sale on Monday and Tuesday—since he's determined for everybody to get the bargains.

## Brazelton Lumber Co. Sponsoring Building Supplies Display

The Lubbock Sash and Door company, co-operating with the Brazelton Lumber company of Spur, will have on display all of the items they manufacture or handle at The Spur Inn all day Tuesday, August 23.

According to attaches of the Brazelton Lumber company, the display will be especially beneficial to those who may have intentions of building or repairing homes here. The general public is invited to attend the display at any hour they may choose next Tuesday.

Hundreds of items, the company here states, will be in the display, and it will prove interesting to the majority of the people. It is termed a builders educational feature.

## Final Plans Made For Dairy Meet

Final arrangements have been made for the Dairy Meetings to be held in Dickens County on August 26. McAdoo at 10:00 a. m. in the school auditorium; Spur, 2:00 p. m. at the Spur Experiment Station.

E. R. Eudaly, an authority on ensilage and trench silos, will probably talk on how to fill a silo for the dairyman. He will also discuss rations, and answer questions pertaining to Dairy Management. Emory Angus of Floydada, a representative of the West Texas Cream Improvement Association, will discuss production of dairy products from the buyers' standpoint.

"We are now taking applications for subsidy payments (the 3 per cent payment on 60-65 percent of cotton allotment for 1937). All farmers who have not done so will please call at their convenience and sign for same."—G. J. Lane, Co. Agt.

Cecil Meadors, manager of the Tri County Lumber Company, at Dickens, was a business visitor in the city Wednesday morning.

## New President Press Association

DOUGLAS MEADOR

Editor of the Matador Tribune, neighboring publication over in Motley County, Meador was elected the new President of the West Texas Press Association at its annual convention in Seymour last Friday and Saturday. He succeeds Mary Whatley Dunbar, editor of the Palo Phtto Star, as chief of the association.

## Services Are Held Here Tuesday For Mary F. Stokes

Funeral services were held Tuesday August 16th at 3 o'clock at the Methodist Church for Mrs. Mary Frances Stokes with Rev. E. L. Yeates of Crowell, a former pastor of the Spur Methodist Church assisted by Rev. Fred I. Cairnes, Presbyterian Minister, of Conway Arkansas conducting the services.

Pall bearers were Messrs J. J. Ensey, Ray Taylor, John King, V. C. Smart, Ed Brown, and Dr. T. H. Blackwell. Flower bearers were Misses Grace Foster, Bonnie Campbell, Peggy Hogan, Emily Cowan, Peggy Ensey, and La Vorce Lee.

Spencer Campbell of Campbell Mortuary was in charge of funeral arrangements. Interment was made in the Spur Cemetery.

Mrs. Mary Frances Stokes was born in Dexter county, Missouri, on November 4, 1862, being 76 years nine months and eleven days of age when the last summons came Monday, August 15th.

She, with her parents came to Texas and located in Hood county near Granbury where she reared her family and spent the greater part of her life. About the year of 1877 she united with the Methodist church. She was a good Christian mother and a loyal friend.

In the year of 1917 she came to Dickens county to make her home with her daughter, Mrs. W. C. Pressley and the late W. C. Pressley at their ranch home 25 miles east of Spur. Later the family moved to Spur where Mrs. Stokes formed many friends and enjoyed visits of a large circle of friends during the time of her declining years.

Mrs. Stokes expressed a desire to go to Temple, Oklahoma, so as to be near her son W. C. Stokes and in compliance with the wish of her mother, Mrs. Pressley moved to that place where Mrs. Stokes' remaining days were made very happy by the association, daily visits and loving attention of her son and members of his family in addition to that of her beloved daughter, Kate and her son W. C. Pressley. Another daughter, Miss Elizabeth Stokes of Kerrville survives.

## Wes Harvey Suffers Injury Monday

Wes Harvey, who delivers the goods via dray wagon express "ran into a stump" Monday and seems to have had the worst of the deal—since he had to be carried to a local hospital for treatment.

Wes says he was trying to beat the train to a crossing with his wagon and team, and having a rather "jiggly" tongue in the wagon, bounced it against the track, at which time his team of mules went on a spree and did quite a bit of damage. The train, going very slow, of course made a quick stop—but Wes declares a train doesn't have to run over you to get bunged up. He's improving, although pretty sore—and believes his ear is going to stay on all right.

"OLDEST BUSINESS INSTITUTION IN SPUR"

## John Murdock Died Recently At De Leon

John Murdock, an early day settler of Kent county and a freighter over this section at the time of the establishment of Spur, in 1909, died July 18, at the home of a daughter, Mrs. J. W. Green, at De Leon.

Mr. Murdock was born July 6, 1873 at Dudley, England, and came to this country and to Texas with his parents when he was 4 years of age. The family settled at Matagorda, Texas, removing to Mason county when he was twelve years of age and where he grew to manhood and was married to Miss Sarah Ann Weldon.

He and his wife moved to Kent county and settled five miles west of Girard where he reared his family and made his home until a few years ago when he sold his property interests and moved to De Leon to make his home with his daughter. During Mr. Murdock's long residence in Kent County he engaged in various enterprises and at the time of the opening of Spur, was in the freighting business over this section and hauled the lumber for the building of the first printing office here—The Texas Spur.

Mr. Murdock professed faith in God at the age of twenty-five, uniting with the Presbyterian church, and lived a devoted and consecrated Christian life. He was a devoted husband and an indulgent father to his children, numbering six sons and five daughters.

Funeral services were held at the Assembly of God church at De Leon conducted by the Rev. J. E. Inlow, at 2:00 p. m., July 19. Interment was made in De Leon cemetery.

Surviving besides his widow are the following children: W. F. Murdock, Carlbad, N. M.; Mrs. W. T. Robbins, Aspermont; H. E. Murdock, Sipe Springs; Mrs. J. E. Stanley, De Leon; J. L. Murdock, Levelland; N. T. Murdock, De Leon; C. W. Murdock, Kermit; Mrs. J. W. Green, De Leon; R. G. Murdock, Gorman; Miss Annie Fay Murdock and Mrs. J. T. Morris, De Leon.

## Free Canning School Be Held Bryant-Link Store Fri. and Sat.

An affair that will be of extreme interest to women of this territory, and perhaps which may attract as well, some men interested in home food supply, is that of the Free Canning School to be staged at the Bryant-Link Hardware two days this week—Friday and Saturday.

Mrs. Alisse Chaptman, specialist representing the Ball Brother Glass company, will be at the head of the school, and urges every woman in this area to attend. The correct and most economical methods of preserving fruits, vegetables and meats in glass containers, will be featured, using pressure cookers.

Remember the dates, Friday and Saturday of this week, at 2:00 p. m. each day, and make your plans to attend.

## RETURNS HOME

Mrs. W. H. Putman returned Monday from an extended visit with her son-in-law and daughter, Mr. and Mrs. C. L. Simmons and family at their home in El Paso, and today she is leaving with her household effects for Vernon where she expects to make her home for the present. Mrs. Putman says she is burning no bridges in case she wants to return.

## NOTICE!

SPUR COUNTRY IS IN BLOOM: THE EDITOR IS GETTING FAT

Newspaper publishers, like everyone else, are sometimes prone to think that their life is the hardest and that for a just reward for their labors they must wait until, and if, they reach the promised land. We, however, have literally been feasting on "the fat of the land" the last few weeks. Our good friends have complimented us with everything from the sweet, ambrosiac melons for which this section is noted to the "rib sticking" peas and corn and other vegetables that challenge bread as "the staff of life."

Our good friends D. E. and Jimmie McClannahan, who have one of the fertile farms of the Calgary district, insisted on filling the back of the car with melons and assorted vegetables following a visit to their home last Friday by W. C. McClure and wife and John O. Gilbert and wife; and they have our thanks for this indirect token of good will as we enjoyed them very much. Weldon reports that Jimmie has become a really good farmer and stock man since his return from his steel welding work in the North and that he in stock farming and enjoying life and family are taking a real interest immensely.

Others who have brought us generous portions of the good things that the Spur section produces when she is "flowering" during the past several days include Miss Gladys McMeans of Twin Wells, who handed us a big "sample" of the fine roasting ears that are growing there.

Elza Armstrong, of Dry Lake, complimented us not only with the peas and corn of the fields, but also with four nice fryers which we have enjoyed to the fullest extent.

W. E. Dorch of the rich Docum Valley just north of the city, was in the past week and while here left us good "messes" of the various fine vegetables that he always raises on his farm.

Verily an editor becometh cheerful during the harvest when his friends bring him portions of the good things they are enjoying and it lightens the burden when ads are scarce and times are dull and makes him feel that his paper is appreciated and spurs him to greater efforts to make it worthwhile.

WORKERS ADVISED TO KEEP OWN RECORD OF WAGES

The desirability of keeping an accurate and permanent record by the workers themselves on all wages received from covered employment was suggested today by Dewey Reed, manager of the Amarillo office of the Social Security Board.

It was pointed out by Mr. Reed that, while the keeping of a wage record is not mandatory on the part of workers, such a record is considered advisable. The wage record kept by the worker should include the name of each employer for whom he performs services as an employee; the dates of beginning and termination of such services; his own name and address as well as that of the employer for whom he worked, Reed said. It was further explained that such a record should also show the worker's occupation, total amount of wages received, including any sums deducted for taxes or other purposes together with the date of each wage payment and the period of service covered by such payment.

Many employees, Reed said, keep a personal pocket ledger in which they record all wages received and all deductions for taxes and other purposes. The time required for keeping such a record, he said, is small compared to its possible value to the worker in the future in the event he should desire to check up on his old-age insurance credits, which are posted to his account from returns made by his employers.

DOUBLE TIME

Workers of the Texas Cooperative Wildlife Research Unit found a quail nest that was being filled at the rate of two eggs a day and was being incubated by a male quail.

LITTLE MOMENTS IN BIG LIVES

CHARLES R. HUNTLEY, PRESIDENT OF THE BUFFALO GENERAL ELECTRIC, ONE OF THE BIGGEST PUBLIC UTILITY COMPANIES IN THE COUNTRY, STARTED TO WORK IN A TIN SHOP AT FOURTEEN.

Behind the Scenes American Business

By JOHN CRADDOCK

New York.—Construction of small homes is setting the pace for other industries in the general recovery movement which continues unabated, according to reports from many parts of the country. The Federal Housing Administration reported a 100 per cent gain in mortgages selected for appraisal in July over the month last year. Meanwhile, America's mills and factories registered an estimated five per cent increase in production activity for July compared with the previous month. Usually there is a decline during July and August from Spring levels.

Enthusiastic approval last week of a "great national demonstration" by members of the Nation Retail Dry Goods Association assures a forthcoming event which should be of great interest to consumers. The retail industry, third largest in the nation with annual sales volume of 40 billion dollars and employing 3,500,000 persons, will set aside one week in September for stores all over the nation to unite in dressing up for public inspection.

Washington.—About this time of year merchants and jobbers in every section of the country take inventory of goods: on hand, and scan the business skies for possible signs of how much stock they should lay in for fall and winter trade. The U. S. Department of Commerce here following the same procedure, has just issued its mid-year report on consumers' goods inventories. The report says that stocks on hand have returned to normal. The large quantity of merchandise which accumulated on hand during the latter part of 1936 and 1937, says the report, has been gradually liquidated.

Pointing out that retail sales during the first six months of this year were about 15 per cent under those of the same period of 1937, and but five per cent below 1936, the report concludes that this trend seems to have run its course, and that a continued improvement in sales is in prospect.

WAR SCARE.—Hoarding of gold on a widespread scale has cropped out again in Europe where there is general demoralization of sentiment as a result of the new Far Eastern crisis. Should Russia and Japan go to war, it is felt that Hitler might consider it an opportune moment to press his ambitions in the rich agricultural land of the Ukraine, now a part of the Soviet Empire. Competent American and English observers, however, guessing that the threatened Russo-Japan conflict will not go beyond the present border-sniping stage. They point out that stalwart China at the expense of much suffering and hardship among its civilian population has very much weakened Japan during a year of stubborn resistance to conquest.

Japan, therefore, is believed to be afraid to take on another adversary at this time in view of her increasingly unstable economic status at home and the prospect of continued determined resistance by the Chinese.

THINGS TO WATCH FOR — A "draftless fan" which stands on the floor in cool air at approximately floor level, shooting it up toward the ceiling in a perpendicular column... A collapsible fish net, that snaps open like an umbrella, to lift fish out of the water... An electric bulb which gives off perfume or medical vapors; the light bulb is thinly coated with clay or alabaster, in which the perfume or medicament is absorbed... Cakes made with Agricultural meeting Friday night at soap; such a small quantity is added to the baking mixture that it does not affect the flavor, but makes the cake lighter and fluffier.

NEWS FOR HOME OWNERS — The modern trend in home building is toward insulation; walls are protected against heat and cold, ceilings and basements against frost, dirt and seepage. Latest development in the field is "window conditioning" which architects and engineers claim is the most vital insulation of them all. Installing double sash or storm-windows is reported to effect a bigger amount of dollars and cents to the homeowner than any other type of insulation. Tests conducted by Prof. G. L. Larson, of the University of Wisconsin, show that in the average home which is not "window conditioned" one out of every four shovels of coal goes out the window instead of in the furnace. The tests also reveal that the cost of double glazing or "window conditioning" is repaid within two years through furnace fuel savings.

Bigger Rodeo Planned For Lubbock South Plains Fair This Year

Directors of the Panhandle South Plains Fair Association announced this week plans for a nightly feature for the 25th annual Fair and Silver Jubilee to be held in Lubbock, Sept. 26 to Oct. 1. The plans call for the staging of one of the most outstanding rodeos ever to be held in this section of the southwest.

It was announced that the arena director of the rodeo had not been selected but assurance was given that it would be one of the biggest names in the rodeo world. The program will include many special features and will present performers of international fame. Negotiations are being made to secure some of the finest rodeo stock in the entire United States.

This year's night grandstand attraction will be one of the outstanding in the southwest and one of the best ever offered by the Panhandle South Plains Fair Association. With world champion cowboy and cowgirl entrants, this year's attraction promises to be most spectacular. It will be a fitting climax to many of the splendid rodeos presented in the southwest this fall.

Mrs. Weldon Cannon, the former Donalita Scott, of Seligman, Ariz., arrived in Spur Friday to visit her parents, Mr. and Mrs. Bony Scott and other relatives and friends.

Link Echardt, of Houston, arrived Monday to spend an extended visit with his uncle, Mr. and Mrs. Geo. S. Link and George S., Jr., at their home in the city.

W. J. Conway, of four miles west of Dickens, was a business visitor in the city Monday.

Little Spurs

The Japs predict more clashes with Russia. We imagine that can easily be arranged.

A broader social security plan to be sought—and we can't keep books on the one we already have.

Farmers again asked to cut their wheat acreage,—but Congress didn't offer to guarantee no hail or sand storms.

More tax talk for the "little fellow"—oh, well, there's only a dozen or so left out, so what's new about that.

23 YEARS AGO

Taken from the files of The Texas Spur, published 23 years ago this week. Oran McClure, Editor and publisher.

Tuesday, Mrs. Evans, the newly elected and appointed postmaster assumed the duties of the Spur post-office and will hereafter serve the public in this capacity. Since the beginning of Spur, N. A. Baker has been postmaster.

Last week the Spur Farm Lands Management sold to Elmer Russell the Little Docum pasture, consisting of four sections of five farm and ranch lands.

Y. L. Jones, of Dallas, was in Spur Wednesday and Thursday, looking after his property interests.

Miss Addie Mae Wells, of this city, and W. R. Stroud of near Marshall, Texas, were married, August 8.

W. R. Stafford has been spending the past two weeks on his ranch recently purchased of the Spur Farm Lands management. He is building barns, fences, and making other improvements on his six section ranch.

Friday evening of last week Mrs. Oran McClure entertained for her guests, Misses Nettie and Lois Roberts, of Memphis. Progressive '42 being the entertaining feature. The tallies were in the shape of a lady's shoe. The scores were marked by the addition of shoe buttons. Those present were Misses Gussie Stafford, Kathryn Cates, Robbie and Donalita Standifer, Dahlia Johnson, Creola Richborough, Flora Love, Anna Maria Love, Helen White, Pauline Collier, Petersburg, Nettie and Lois Roberts, of Memphis, Mr. and Mrs. C. L. Love, and Messrs. Roy Johns, Bony Fields, Earl Senning, Bill Putman, W. C. Gruben, Mack Brown, Robert Bartlett, Lilburn Standifer, Charlie Yates, Will Andrews, John Harding and W. F. Godfrey.

Miss Flaucy Ballard, of Haskell, and Miss Mildred Post, of Lubbock, who have been visiting in the D. G. Hisey home, left Sunday for Haskell, where Miss Post will visit in the Ballard home before returning to Lubbock.

G. W. Dodson and Tom Dodson Jr. of the Afton community, were in Spur last week on business and also trading with the merchants.

R. D. Shields, merchant of Dickens, was in Spur last week and spent several hours here on business and shaking hands with his friends.

J. Carlisle, of Gilpin, was among the number in the city the latter part of last week.

Neil Holeman returned last week to Spur and is now employed in the City Garage.

J. N. Zumewalt and family, of 15 miles west of Spur, were among the many visitors in the city the latter part of last week.

S. J. Bailey, of Matador, was in Spur Wednesday to meet parties coming in on the train.

County Clerk Crawford Cobb was over Saturday morning from Dickens and spent several hours in Spur on business.

Monday night, August 9th, a fine boy was born to Mr. and Mrs. M. C. Carlisle at their home in Gilpin community.

A Personal Message From The Cashier At Palace Theatre

There's one thing we like to do at the Palace Theatre, and that's to see our friends and customers enjoy a good show. It pleases us to please you.

Since I have been Cashier at the Palace, I have learned the kind of entertainment our customers like... what pleases one does not always please the other. But there are pictures that will please everybody, and it's a joy to show them. And I believe I know just what kind of a picture will please everyone 100 per cent.

And we have just such a picture coming soon... "LOVE FINDS ANDY HARDY"... another one of the Judge Hardy Family series of pictures. I know our patrons have all enjoyed the Judge Hardy family pictures, and these pictures have become more popular each time we have shown one. "LOVE FINDS ANDY HARDY" is the fourth and latest of the series... and the best!

When the 'love bug' bites Andy... and he becomes entangled with not just one girl... but three of them!... well, it's just one grand lot of fun!

Add Judy Garland's joyous singing to the Hardy family fun... and we have the newest and grandest of the Hardy family adventures. Mickey Rooney and Lewis Stone with the other characters of the Hardy family are all in it... and it is one of the best pieces of entertainment we have shown in a long time.

I want everyone to see "LOVE FINDS ANDY HARDY" and I will personally guarantee that you will enjoy it. If, after seeing "LOVE FINDS ANDY HARDY" you say that you didn't enjoy it, I will not only refund your money, but I will give you a free ticket to any other show you wish to see. For a good time, see "LOVE FINDS ANDY HARDY" at the Palace Theatre Preview Saturday night, and Sunday and Monday, August 28 and 29.

Yours truly, Lela Dell Read, Cashier, Palace Theatre.

I GOT this one from Scotch sources so naturally it must be true. Two Scots met on a Sunday morning. The following conversation ensues:

"Ye've worket a good many year for Tamas, and in my opeenion ye were fired."

"No, I tell ye the truth. I quit."

"Tamas is a fine man and ye've worket for him long. Why did ye quit when jobs are scarce?"

"Well, I'll tell ye. Last Spring a sheep died and then we had mutton every day for a fortnight. In the fall a cow died and we had beef every day for a month. Last Saturday night the suld grandmither died!"

**Development of Raws in Texas Would Bring More Money to Farmers; Report**

Some pertinent observations on the present and future of farming in Texas are given by Victor H. Schoffelmayer, agricultural editor of The Dallas News, in an article in the current issue of Texas Parade.

"Probably the most significant movement destined to have a favorable effect on agriculture is that of farm chemistry," writes Mr. Schoffelmayer. "It's aim is to provide new sources of income for farmers from sale of agricultural raw materials to industries. Since many of these raw materials are imported from abroad there might be employment for millions of acres of land now standing idle.

"Especially applicable is the chemurgic movement to Texas and the South because of the wide variety of farm products which the region may produce annually from cotton, corn, grain sorghums, rice and pines, to cattle, hides, wool, mohair, sulphur, natural gas, petroleum, lignite and limestone. All these might well be integrated in a comprehensive chemurgic program which will revolutionize Texas agriculture and balance its rural economy with new industries.

"Just as the past development of the state has been characterized by the growth of agriculture and stock raising, the next century will concern itself greatly with industry and manufacture. That does not mean agriculture will fall into decay. On the contrary, they can be greatly aided by wise planning which encourage needed industries based upon the logical use of the products of farm, ranch, orchard and forest.

"The time is here for a realignment of all factors which bear upon the commerce of Texas whether at home or abroad. Economic forces set loose by the World War have reshaped international relations and embody a challenge for a broader approach to national and state planning.

"Loss in the last four years of approximately \$420,000,000 in outlets for the principal Texas crop may be traced to the steady and alarming expansion of cotton culture in competing foreign nations. Similarly Texas, throughout the years, has lost foreign markets for its surplus wheat, cattle, lumber and grain sorghums.

"In the light of the research chemist and physicist and of the wide-awake industrialist seeking new and cheap raw materials and markets for new products, the industrial development of Texas should steadily increase in accordance with market demand. Texas should play one of

**ARRESTS INCREASE, BUT TRAFFIC DEATHS DECREASE**

Arrests of truck drivers hauling excess loads and otherwise violating registration laws have increased 25 percent since the Department of Public Safety created a special detail of state police for that type of enforcement work last June, according to Captain Homer Garrison, Jr., assistant public safety director, Austin.

While the special unit of plainclothesmen was directing attention to load violators, state patrolmen, relieved of that responsibility, brot a 14 percent reduction in traffic deaths on Texas highways.

## Hunting Laws Are Regulated More This Year

According to the Monthly Bulletin of the Texas Game, Fish and Oyster Commission, Dove hunters of Texas will not be subjected to a series of conflicting regulations such as confused them last year.

Open season this year on both mourning and white-winged doves will be from September 1 to October 31, in Dickens and nearby counties. Some variations are made, however, in counties south of Kent. The season over other southern counties will not open until September 15.

According to Jim Cannon, State Game Warden for this area, provisions are also made for duck hunters.

He states that under the new federal migratory waterfowl regulations announced recently, Texas duck hunters will have a 45-day open season this year compared to a 30-day open season in 1937; and in addition may shoot a limited number of the species heretofore protected.

The open season on ducks and geese, Wilson's snipe or jacksnipe, and coot, is from November 15 to December 29. Not only has the open season on ducks and geese been lengthened, but the possession limits have been doubled.

The bag limit on ducks, except the wook duck, is ten in the aggregate of all kinds, the same as last season, but the possession limit has been doubled to 20 in the aggregate. Now hunters may take three canvasbacks, buffleheads or ruddy ducks in their daily bag, or an aggregate of three birds of the different species. The possession limit for these ducks is six of any single species, or six in the aggregate.

As was the case last year, waterfowl and coot may be hunted in season from 7:00 a. m. to 4:00 p. m.

Cannon says the chief restrictions of baiting, etc., remain the same as last year, and asks that hunters abide by such rulings.

### SCOUTS ENJOY MELON FEAST AT SPUR STADIUM

Troop 36 of Spur Boy Scouts were handsomely entertained last night through the courtesy of Vascoe H. Ward, with a watermelon feast, including other features of the evening's program.

Wednesday night is regular meeting night for Troop 36, and at the primary gathering at Scout Hall, special musical numbers were rendered by Scouts Tommy Burger and Virgil Murray. Mr. Grant, Scout executive from Lubbock, who is moving to Denton and at which place he will engage in Scout work, G. B. Wadzeck, V. H. Ward, and Cecil Fox, Master of Troop 36, were present for the entertainment.

Following the gathering at Scout Hall, the entire group went to Chas. A. Jones Memorial Park, where Mr. Ward treated the Scouts and visitors to a melon feast.

Some plans were made at the meeting for organization of a "Green Bar Patrol," which will consist of Patrol leaders, their assistants, and Senior Patrol leader. In the future this body will meet Sunday afternoons at 2:00 p. m.

We regret to see Mrs. Putman leave Spur but wish her every happiness in her home in Vernon.

### STATE AID SALARY SCHEDULE SAME AS IN 1937

According to a report from Austin received by Mrs. Madge D. Twaddell, County School Superintendent, the State Board of Education has set the State Aid Salary Schedule for teachers at the same figure that prevailed last year.

The State Board met last week and worked out the schedule, and released the information to area officials late yesterday. The announcement will be of special interest to teachers and other officials, since the common salary basis can be figured from the State Board's figure.

Mr. and Mrs. Perry Davis have as their guest Mr. Davis' mother from De Leon this week.

## Don's Treat Good Seed Like a Step-Child, Says Expert

By T. C. RICHARDSON, Sec., Breeder-Feeder Association

At this time of the year seed for fall crops demand consideration. Whether for fall garden or field crops, it is easier and usually cheaper to buy seed ahead of the main planting season. It is just too bad, with the ground all ready and the season right, the seed are not on hand and local seed stores have sold out. One or two days difference in planting under the erratic weather and soil moisture conditions of the Southwest, often means the difference between a good stand and a poor one. And a poor stand means a poor yield. In the fall, when approaching winter limits growth, planting at the proper time and under the best possible conditions, is even more important than in spring.

Getting the land ready—making a good seed bed is (next to good seed) the best insurance of getting a good stand and giving the seedlings a healthy start in life. It is not too much to say that, of all things within the farmer's control, good seed and a good seed-bed are the most important factors in production. It is too late to materially improve the condition of the soil by tilling after the crop is growing, and seed worth planting deserve something better than the treatment of a step-child.

Different crops require different seed-bed preparation, but no preparation fit for planting can be done after planting time is upon us. Crops which need a firm seed-bed must be anticipated by plowing long enough in advance to permit the soil to settle, or else extra work must be done with the cultipacker or some substitute to firm the sub-surface and pulverize the surface soil.

The fall garden is the most important piece of ground on the farm, and will amply repay all the work put into it before planting time. In a large measure the same is true of field crops, with especial emphasis on alfalfa, sweet clover, vetch and small grass seeds which must be covered lightly by fine soil, and yet require a firm subsoil.

The Southwest is planting more oats, barley, wheat, rye grass and clovers for winter grazing than ever before, and the earlier they are sown the more grazing may be expected. Where they are grown primarily for the grain, the small grains will often pay a profit from grazing alone. In the colder sections of the Southwest wheat and rye grass, which are more resistant to cold than oats or barley, furnish most winter grazing. Rye grass is also increasing in popularity in the Gulf Coast region where rust often shortens the grazing period of oats and barley.

The Texas Experiment Station (Bulletin No. 539) reports that barley furnished more fall and early winter grazing than other crops, but Italian rye grass supplied by far the greatest amount of grazing in March, April and May. The two on the same farm give a much longer grazing season than any one crop, and the rye grass is at its best after livestock must be removed from fields which are expected to produce a grain crop.

Green winter pastures supply the all-important vitamins which dry feed lacks, and contribute greatly to the health and growth of livestock and poultry. The time is fast approaching when every good farmer will sow his winter pastures as regularly as the seasons come around.

It is already a common practice to graze wheat, oats and barley where they are grown for grain, and if judiciously practiced, does not reduce the grain crop. In fact under some conditions the yield of grain is increased by grazing.

Dairy cows, sheep and laying hens probably respond most profitably to green winter pastures, but all kinds of livestock thrive better and cost less to produce through use of pastures, winter or summer.

### REVIVAL AT DUCK CREEK

A revival meeting at the Methodist Church will begin Friday night, August 19th at Duck Creek. Everyone is invited to come and work and serve the Lord in this meeting. Services will be held both day and night. The pastor will do the preaching in these services.

### PLAN TO BUILD

Mrs. C. D. Copeland was in Spur Wednesday morning studying house plans and otherwise completing the contract for the erection of a new home. The old house is being razed and the material will be used in the home which is being built on the present home site, and which will be convenient and modern in every respect. Accompanying Mrs. Copeland were Mr. and Mrs. Shorty Copeland and young daughter, Ella Mae.

Mr. and Mrs. Bill Black and family, of Seminole, Okla., arrived in Spur Tuesday to visit his mother, Mrs. H. A. Drury and brother, Tom Black and family and Warren Black and family.

Gene Autrey and Smiley Burnette in an exciting scene from "The Man From Music

## Applications For Rehabilitation Loans On Hand

Applications for rural rehabilitation loans for the next crop year are now being taken. A. A. McKinney, County Supervisor for the Farm Security Administration, announced today. The loan program has been liberalized so that all types of farming may now be included. Present or prospective borrowers are urged to begin immediately making their plans for the next crop year.

"Arrangements should be made now for financing, though the money may not be needed for several months," Mr. McKinney said. "Interest charges will not begin until the money is received by the client."

Small grain, fall and winter vegetable or truck crops, and livestock projects must be planned now if the most profitable system of management is to be followed, the supervisor said. Some plans will require machinery, pure-bred sires, or other facilities which must be provided through a community or cooperative service loan. Applications for this cooperative type of loan are also being received.

Tenure arrangements which favor a program of improvements on the farm are being made by FSA borrowers where possible, Mr. McKinney said. Copies of a lease form providing for improvements are now available at the supervisor's office in Spur, he stated.

### SCOTT IMPROVING

Reports here late last night were that S. L. Scott, of the Red Mud community, was resting very well following a major operation in Baylor hospital in Dallas the last of the week. Mrs. Wallace Hinson, daughter of Mr. Scott, accompanied him to Dallas, returning to her home here the first of the week.

### CHICO MEN HERE

Elias Bass and Mr. Alexander, hardware and undertaking establishment operators of Chico, Texas, were in Spur Friday of last week visiting Mrs. Alva Smith and son, Russell. Mr. Bass and Mr. Alexander are firm partners, also operating a grocery store at their home town. Mr. Bass is related to Mrs. Smith.

Mr. and Mrs. A. L. Fryar and Miss Dorothy Echols of Matador, were in Spur Saturday to attend the Lisenby-Giddens wedding.

Misses Elzeda Smith, Barba Ann Miller, Ruth Connally, Mary Deickers, Little Miss Kaye Brown, Bert Miller and Messrs. Newman and Davis, Jr., and Rugel Sowell, Jr., in a mock wedding ceremony, announced the nuptial date, October 20, 1938. Mr. Tom Oliver acted as master of ceremonies.

Miss Betty Voges had charge of the bride's book—Misses Mary Abbott and Lillian Louise Campbell presided at the punch bowl. Misses Armine Ernst, Marie Grace Serger, Elizabeth Crozier, and Mrs. A. H. Cook served sandwiches and cake.

Mrs. V. R. Cook was charming in a white chiffon garden model with a corsage of red radiance rose buds. Miss Cook was bewitching in ivory moire with a corsage of orchids. She was presented the bride's bouquet after the announcement. Mrs. A. W. Cook wore a lovely white chiffon evening frock.

The spacious garden was beautiful with large baskets of dahlias and gladioli and growing flowers, and vari-colored lights. The guests numbered 150.

Miss Cook is a graduate of the Seguin High School, Texas Lutheran College, and the University of Texas where she was a member of the Cap and Gown, Alpha Psi Omega, Girl's Glee Club, Delta Epsilon, and was a Blue-Bonnet Belle. She has been the secretary in the office of the Gulf Oil Corporation since graduation.

Mr. McMahan is the son of Mr. and Mrs. R. C. McMahan, of Spur, Texas. He attended Texas A. & M. College and was a member of the National Society of Agronomy and the South Plains A. & M. Club. He is employed by the Martindale Mortgage Company of San Antonio.

**LISENBY-GIDDENS MARRIAGE SOLEMNIZED AT NOON SATURDAY**

A wedding of much interest to their many friends was that of Miss Lenora Lisenby, daughter of Mrs. Edd Lisenby, and Mr. Harvey Giddens, son of Mr. and Mrs. J. D. Giddens, of Plainview.

The marriage was solemnized at high noon Saturday at the home of the bride's mother on Hill Street. Rev. R. C. Brown officiated in the single ring ceremony.

The couple stood beneath an arch of roses and ferns facing an improvised altar in the living room. Dahlias and roses were used to further decorate the reception rooms. Mrs. R. E. Dickson rendered the pre-nuptial music, singing "In a Garden of Tomorrow," accompanied by Mrs. J. C. McNeil III, at the piano. To the soft strains of Mendelssohn's Wedding March, played by Mrs. McNeil, the couple took unattended their places before the altar. Mrs. McNeil played "A Sweet Mystery of Life" while the vows were exchanged.

The bride wore a dress of navy sheer with rhinestone clips, with chianti wine accessories and carried an arm bouquet of pink rosebuds attached to which was a small Bible.

The short reception was held immediately following the ceremony. Miss Mary Louise Lisenby presided at the bride's book where the guests were registered. In the dining room, from a table covered with a lace cloth, on which pink tapers were burning, a pink and white tiered wedding cake was served. After the bride had cut the first two slices, Miss June Lisenby and Mrs. V. V. Parr served the cake, with punch, to the guests.

The couple left soon after the ceremony for a short trip, after which they will be at home in Spur.

Mrs. Giddens has lived all her life in Spur, graduate of Spur High School and has attended Texas Christian University, Abilene Christian College and Texas Tech. She has been popular in both social and educational circles in the county, having taught several years at the Pitchfork Ranch school.

Mr. Giddens is a graduate of the Clarksville High School and attended Austin College in Sherman. He has made his home in Spur for the last ten years and now holds a responsible position with the Ford Motor Company.

Wedding guests registering in the bride's book were Mrs. C. F. Hardwick, Mrs. Truman Green, Mr. and Mrs. Joe Dick Giddens, Mr. and Mrs. J. C. McNeill III, Mr. and Mrs. V. V. Parr, Mr. and Mrs. Harvey Holly, Billy Scott, Bob Parr, Mrs. R. E. Dickson, Ida Lee Golding, Mr. and Mrs. Neal Chastain, Mrs. Pike Nichols, Jr., Geo. S. Link, Jr., Rev. R. C. Brown, Mr. and Mrs. A. L. Fryar and Dorothy Echols, of Matador; Mr. and Mrs. George Lisenby, Mrs. Edd Lisenby, Ouida, June, and Mary Louise Lisenby.

**MONTHLY LUNCHEON 1925 BRIDGE CLUB IS HELD**

The regular monthly luncheon of the 1925 Bridge Club was held on Wednesday at one o'clock at the Spur Inn. The luncheon table was decorated with pottery bowls of colorful zennias and a delicious luncheon was served. Lively games of contract were played during the afternoon at four-some tables placed in the dining room of the Inn.

Mrs. Harvey Holly won the high score for club members and received an embroidered napkin. Miss Lenora Lisenby was presented with a lovely handkerchief as guest prize. Those playing during the afternoon were Mesdames Foster, of Dallas; W. D. Wilson, of Lubbock; Mary Putman, of Seymour; Della Eaton, F. W. Jennings, H. B. Thompson, R. R. Wooten, W. R. Lewis, E. D. **Cold Cuts For The Hot Day Party**

Attractive Meat Platter Takes Drudgery Out of Summer Entertaining; An Arduous Task

Entertaining in summer can be an arduous task or a real pleasure, depending on the way it is done and the amount of effort required. In discussing this problem, Inez S. Wilson, home economist, suggests that one of the easiest main dishes to prepare is the cold meat platter; in fact, it requires so little preparation that entertaining is no bother at all when this is the choice. And a cold meat platter always is enjoyed!

There are many kinds of cold meats available, ready for slicing and serving. Veal loaf, corned beef, jellied tongue, liver sausage, minced ham, and spiced ham are among the favorites for the cold meat platter. These may be arranged in symmetrical design, with meats of different colors, some light and some dark, lending the contrast. The platter can be garnished if desired, with cucumber flowers, filled with tinted cream cheese.

**Choosing Cold Meats**

In choosing an assortment of the ready-to-serve meats for a cold meat platter, it is well to choose some light and some dark meats, some round and some square ones, some which are highly seasoned and others which have only a few spices added. Contrast in color, shape and flavor adds interest. Also, it is wise to have cold meats sliced a little thicker than usual, so that they hold together well, and can be rolled, if desired. For decoration, some may be rolled cornucopia style and the centers filled with cream cheese, sweet pickles, olives, or carrot slivers. Served with the cold meat platter, you will want to have the making for sandwiches, including an assortment of breads and salad dressing or relish. One hot dish, such as a creamed or scalloped vegetable, is a good suggestion, with perhaps a cool, crisp salad, and ice cream or other frozen dessert as a fitting climax to the warm weather meal.

**WOMEN'S COUNCIL—FIRST CHRISTIAN CHURCH**

The Women's Council of the First Christian Church met Monday at the church at four o'clock. A Bible lesson on the Book of Acts was conducted with Mrs. E. L. Adams as leader. Eight ladies were present.

## CITATION BY PUBLICATION THE STATE OF TEXAS

To the Sheriff or any Constable of Dickens County—Greeting:

You are hereby commanded to summon Mrs. D. H. Dean, a widow, wife of D. H. Dean, deceased, whose residence is unknown to plaintiff; the unknown heirs of D. H. Dean, deceased, or his legal representatives, whose names and residences are unknown to plaintiff; and all persons owning or having or claiming any interest in the lands hereinafter described by making publication of this citation once each week for four consecutive weeks previous to the return day hereof, in some newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Dickens County, to be held at the Court House thereof, in Dickens, Texas, on the fourth Monday in August, 1938, the same being the 22nd day of August, 1938, then and there to answer a petition filed in said court on the 25th day of July, 1938, in a suit, numbered on the docket of said court No. 662a wherein The State of Texas is plaintiff, and Mrs. D. H. Dean, a widow, wife of D. H. Dean, deceased; all the unknown heirs of D. H. Dean, deceased; The City of Spur; The Spur Independent School District; and all persons owning or having or claiming any interest in the lands hereinafter described are defendants, said petition alleging that it is an action by plaintiff for State and County taxes, including all district taxes levied by the Commissioner's Court of said County for the use and benefit of said districts, together with the interest, penalties, and costs levied, assessed and rendered against the lands and/or lots hereinafter described and for the years 1919, 1920, 1921, 1922, 1923, 1924, 1925, 1927, 1928, 1929, 1930, 1931, 1932, 1933, 1934, 1935, 1936 and alleging the amounts charged against each tract and/or lot of land constituted a lien in favor of said plaintiff. The said land and/or lots are situated in the County of Dickens, State of Texas, and are described on said tax rolls as follows, together with the amount of taxes, penalties, interest and accrued costs that are charged against each tract or assessment as follows:

Lot 6, Block 62, City of Spur, Dickens County, Texas, with the total taxes due for all purposes in the amount of \$62.16 together with \$29.98 in penalties, interest and accrued costs, making a total of \$92.14 due at the time of filing of this suit.

And plaintiff prays for judgment for the payment of the several amounts specified in said petition and for the foreclosure of its lien against said property, to satisfy said taxes, interest, penalties and costs, for order of sale, writ of possession, all court costs, and for general and special relief, all of which will more fully appear in plaintiff's original petition now on file in this office.

Herein fail not, but have you before said court on the said first day of the next term thereof this writ, with your return thereon, showing how you have executed the same.

Witness Nettie Littlefield, Clerk of the District Court of Dickens County, Texas.

**CITATION BY PUBLICATION THE STATE OF TEXAS ) COUNTY OF DICKENS )**

TO THE SHERIFF OR ANY CONSTABLE OF DICKENS COUNTY, TEXAS, GREETINGS:

YOU ARE HEREBY COMMANDED to summon Dora Watson, whose residence is unknown, to appear at the next regular term of the District Court of Dickens County, Texas, to be held at the courthouse thereof, in the town of Dickens, Texas, on the fourth Monday in August, A. D. 1938, being the 22nd day of August, 1938, then and there to answer a petition filed in said court on the 23rd day of March, 1938, and the amendment thereof duly filed on the 22nd day of July, A. D. 1938, the file number of which is No. 1534, in which suit George L. Watson is plaintiff and Dora Watson is defendant; that cause of action being alleged as follows: Suit by plaintiff for a divorce from the said Dora Watson in which the said George L. Watson alleges his marriage to Dora Watson as on or about January 1, 1907 at Mangum, Oklahoma; that the maiden name of the said Dora Watson was Dora Woody; that for reasons unknown to plaintiff, defendant left him on or about the first day of February, 1917; that

he has not seen or heard of defendant since that date; that there are no children under the age of sixteen years born of said marriage; that there is no property in common to said marriage; that plaintiff prays for divorce on the grounds that plaintiff and defendant have lived apart without cohabitation for more than ten years.

You are commanded to so summon such defendant, and to serve this citation, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Messrs. and Mesdames W. T. Andrews, H. P. Gipson, Lawis E. Lee and Mesdames E. B. Daniels and I. E. Abernathy and Misses Frances and Doris Gipson, Helen Ruth and Winifred Lee, returned to Spur Sunday from a vacation trip to Colorado and Ruidosa, N. M.

Miss Polly Clemmons is spending this week in Lubbock a guest in the home of Attorney and Mrs. W. D. Wilson.

Mrs. Gene Meadors and daughter, of Los Angeles, are spending an extended visit with his brother, Mr. and Mrs. J. H. Meadors and family of Dickens, and in the mountains of New Mexico where the two Meadors families are vacationing together. Miss Olive Meadors, deputy clerk of Dawson County, Lamesa, Texas, arrived last week to join the party on this trip into New Mexico.

Mr. and Mrs. C. Gollihar, of McAdoo, had as guests last week, his sister, Mrs. Sanders and son, James, of San Antonio, who left Friday via Wichita Falls and Fort Worth. Mrs. Sanders and James report a most enjoyable trip and while here visited all places of interest in the surrounding territory.

Mr. and Mrs. H. B. Thompson left Tuesday for Vian, Oklahoma, where they will spend some time visiting his mother, Mrs. W. M. Thompson and family and in the Ozarks in Western Arkansas, fishing in the mountain streams and enjoying in general several days vacation.

Ned Bowers, Jim Koonsman, and Clark Jones were Spur visitors Saturday and while in the city were pleasant visitors at the Texas Spur office.

Miss Dorothy Young of the local West Texas Utilities office and Miss Virginia Blair, of Abilene, spent the week-end in Stamford, guests of Mr. and Mrs. Bob McCleskey.

### POINTS FOR THE FALL GARDENER ARE GIVEN

Tomatoes, peppers, and eggplant that have survived the summer may be stimulated to new growth in the fall by supplying 1 to 3 tablespoons of nitrate of soda 6 to 12 inches from the plant, J. F. Rosborough, horticulturist of the Extension Service of Texas A. & M. College, said in discussing fall gardens.

"Before starting to plow for the fall garden, all weeds should be cut and removed. If they are turned under, moulding and heating takes place, which dries out the top soil," Rosborough pointed out. "The soil should be plowed 3 to 4 inches deep, and a coating 1 to 3 inches deep of well-rotted dry manure may be added before rebreaking or harrowing."

### AT LEAST WEST TEXAS SEES THE LIGHT

It is quite often stated, and all too many times true, that money can put any man in office. Although such has been the case more so in the distant past than in the past few years, at least West Texas gives evidence of uncovering its eyes and taking a slant at things without swallowing some other fellow's line of hookum.

Probably one of the most interesting political contests in this state has been that of the attorney general's race. One reason for the big interest over this area is the fact that one of the contestants evidently has plenty of "power" behind him; the other relying solely on genuine "grit" and an understanding voting public.

And that public is becoming more

understanding daily. Clearly, the present lieutenant governor, in the run-off for the attorney general's race, plays ball in round figures—and may have a lot of people in all walks of life to reckon with.

Searching the records, he might have his first round with the soldier boys—having voted against the soldier's bonus and a resolution urging

payment of the Veteran's Adjustment Service Certificates. Maybe the farmer would be next — for Woodul's having voted against a tax on oleomargarine and other butter substitutes, as well as against a resolution condemning cotton market manipulations. He probably doesn't expect much support from a railroad employee—since voting against a bill which gave such men a four day

rest in each month; and which they could justly expect. And most of all, he cast his vote against a bill prohibiting lavish campaign expenditures.

The records show that while lieutenant governor, Woodul ruled in favor of a law which deliberalized pensions and cut thousands of needy people from the pension rolls; and voted in favor of releasing penalties

and interest owed by corporations on franchise taxes to the State, and against penalties and interest owed by people generally on ad valorem taxes.

And people generally, don't like such a system.

To say the least, people prefer a good game of football to that kind of game—and might think "Mann" instead of money.—Contributed.

Summer Band School At Canyon, Aug 8-18

Two hours of college credit, for those who are eligible for such credit will be given for attendance and satisfactory work at the first annual summer band school at West Texas State College, August 8 to 18. Others will be given certificates of attendance.

Members of grade school bands, as well as high school bands and college organizations, will attend this school. There will be sections for advanced students and band teachers and another for the more inexperienced players.

The school will be organized on the first half day so that intensive work of the short course may start. Sessions will be held each morning and afternoon. However, by working in sections the band students will be able to avail themselves of all the recreational facilities of the College, including concrete tennis courts, soft ball diamonds, outdoor swimming pool, and golf course.

Those who use the pool must present health certificates. Instruction in drum majoring will be given at times which will not conflict with regular sessions. The teacher will be Mrs. H. E. Nutt, of Chicago, wife of the director of the course. She is to bring 50 batons for the work in twirling.

Patton Springs School News Notes

The West school building of the Prairie Chapel schools has been moved and set up on the Patton Springs Campus. It is now undergoing a remodeling which will prepare it for special uses in school work. Two rooms will perhaps house the enlarged Home Economics Department, while the other room will be used for High School class room. Before the year is over, the Patton Springs school board hopes to make the newly located Home Economics Department a model set-up.

The Prairie Chapel teacherage has been moved to the Patton Springs school campus and is being used as a home for one of the janitors, since the School Board has recently employed Mr. Lon Winfield to assist Sam Putman, the janitor for the past two years. The latter will also serve as head bus driver and drive the Afton bus route.

Supt. M. L. Kelly is stirring up some real interest in the Patton Springs School, and is being shown the fullest cooperation by every patron—as well as the children. The big school rally that comes off Aug. 24 is going to be quite an affair, so make your plans to be on hand; it is in the interest of the coming school term.

The following teachers have been elected to serve the Patton Springs school for the term of 1938-39; subject to placement as to their several duties:

- Miss Sally Rattan Jackson
Miss Helen Porter
Miss Pearl Dobbs
Miss Mildred Holt
Miss Alta Cassle
Miss Hazel Lee Trotter
Miss Walterena Russell
Mr. Paul Patillo
Mr. Manuel W. Ayers
Mr. Chester Sullivan
Mr. E. M. Richardson
Miss Lillian Gentry
Mrs. Will Lee Clark
Miss Bess Thurman
Miss Willie Bell Virden
Supt. Moyné L. Kelly.

The boys' coach position has not yet been filled. A detailed account of the teaching staff will be given later when all details are complete for the opening of the school on Aug. 29. Seventeen teachers will make up the complete Patton Springs faculty for the coming term.

S. J. Tutthill will have the Patton Springs buses, seven in number, checked and ready to go within the next week. Some of the bus routes will be changed a little, all of which should be worked out within the first week of school. Patrons are urged to co-operate to the fullest in working out and maintaining the bus routes efficiently. The following bus drivers have been elected to date: Sam Putman, head bus driver and Afton route; Dave Smith, Duncan Flat route; L. L. Slayden and Lawton Harvey, Midway routes. The three Croton routes have not been worked out nor drivers employed to this date.

PATTON SPRINGS SCHOOL RALLY

The night of August 24th has been set aside for a Big School Community gathering at Patton Springs high school at 8:30 p. m. The purpose of the meeting is to build up interest and enthusiasm for the coming year. Patrons, teachers, pupils, parents, and friends are asked to be present in order that plans may be worked out for the coming year. Full cooperation, neighborliness, friendliness, community spirit, unselfishness, development of clean young manhood and womanhood, concentration of full support upon the school, and other similar thoughts will predominate at the meeting.

Free cold drinks will be served to all. No pies nor cakes will be served free. Group games, games for the young, for the old, for the fat, for the slim,

for the visitors, etc, will be featured in the evening's program.

An effort has been made to have present at the meeting all officers and supervisors that have anything to do with the up-building of Patton Springs school. County Supt. Madge Twaddell, County Superintendent-elect Oscar E. Kelley; State Deputy Superintendent John L. Beard; Vocational Supervisor Esther Sorenson, Vocational Agricultural Supervisor of Home Economics O. T. Ryan; Vocational Instructor Ray Chappelle have been invited.

All pastors serving in the Patton Springs School district and visiting evangelists and singers have a special invitation to be present. Also County Agent G. J. Lane, and Co. Demonstration Agent Jean Day.

Important announcements concerning school will be made at this rally, so all patrons, parents, and school children of Patton Springs school district will want to be present. Anyone who misses this night will miss one of the big nights of the school year.

The Patton Springs Singing Class organized last Sunday for the coming year. Supt. Moyné L. Kelly was elected president and Tab Williams, vice-president. A decision was made to meet only once a month, the 4th Sunday. Meetings to be held at Afton at 2:30 p. m. A large crowd attended despite the fact that many activities are going on at present in the district. Everyone who likes good singing is urged to remember the 4th Sunday at Afton and be present. Invite others to come.

O'Daniel Gets 13-Vol. Study of Workings of State Government

A Fort Worth news dispatch says that a thirteen-volume study of the state government of Texas is in the hands of Texas' future governor, W. Lee O'Daniel, after being presented by Judge Harry N. Graves of the Court of Criminal Appeals.

The survey of the government of Texas was prepared by a joint committee of the house and senate then headed by Judge Graves as chairman. It gives a detailed picture of the operation of all 131 departments of the state government, and required eighteen months to complete. Judge Graves served without salary in preparing the report, which cost a total of \$75,000 of which approximately \$50,000 was furnished by the state and \$25,000 by a foundation.

"Thank you very much," Gubernatorial Nominee O'Daniel told Judge Graves in accepting the report. "I will be glad to read it."

The presentation was made here as Judge Graves opened his tour of West Texas and the Panhandle in his campaign for the unexpired term on the Court of Criminal Appeals, of which he is now a member.

Texas Grapefruit Juice Shipments Double During Year

The volume of canned grapefruit juice sales and shipments have increased since mid-July opening of a nation-wide sales campaign on the health-packed beverage, it was computed today from Rio Grande Valley carloadings. One large canning company reports sales have doubled since the announcement of the sales campaign. Other canners have likewise enjoyed increases in sales.

Mr. and Mrs. G. B. Wadzeck have as their guests this week, Misses Margaret Maloney and Flo Allen, of Goree. Miss Maloney is a teacher in the Spur Schools.

Mr. and Mrs. Monk Rucker and son Johnnie Monk returned Friday from a two-weeks vacation spent at Hot Springs, Albuquerque, and Santa Fe, N. M.

B. L. Pickens and mother, Mrs. Emily Pickens, of Highway community were shopping and attending to other business affairs in the city Wednesday.

Among those sitting in the cheering section at the swimming meet of the South Plains Council of the Boy Scouts of America, in Plainview, Friday night, were Mr. and Mrs. G. B. Wadzeck, Mr. and Mrs. V. V. Parr, Mr. and Mrs. A. M. Walker, Mesdames Godfrey, Smart, and Christensen; Misses Jane Godfrey and Mary Cloyd Harrison, of Greenville; Morris Laine, Alton McCullley, George Walker, Joe Boy Bumpass, and Alfred Elkins, a contestant.

Mrs. W. F. Sugart and Mr. and Mrs. Roy Arrington, returned the first part of this week from a two weeks visit with her father E. H. Hines and brother Bernice Hines and family at the home of the latter at Haynesville, La.

The elder Mr. Hines who is ninety years young and blind accompanied his daughter to Spur and will spend an extended visit in her home.

They also visited in Shreveport, La., Dallas, Groesbeck and Galveston where they took a boat ride.

Mrs. Wallace Barnett from Girard was in Spur Wednesday, shopping and visiting her many friends.

When fuses blow out when the washing machine or oil burner is started, it's because electric motors take a momentary surge of a relatively large amount of electricity to set them in motion. Don't attempt to solve this problem by using fuses too large for safety. You can get regular 15-ampere household fuses with a "time-lag" that takes care of this starting current without impairing their safety value.

A hint for women whose husbands enjoy fishing: Bass, trout or other fish need leave no tell-tale odor on kitchenware. Simply use a dilute solution of vinegar to deodorize cutlery and pans which have been used for fish.

## Army Opens Year's Biggest War Games

More than 25,000 officers and men of the regular army, national guard and officers reserve corps participated in war games on the Mississippi Gulf coast

which started Sunday, July 31, and continued until August 14. Soldiers were concentrated at Biloxi, Miss., to defend the Miss-

issippi river area against an imaginary enemy attacking the Gulf coast. Maj. Gen. George Van Horn Moseley was in command.

## World's Poultry Congress Big Value To Texas Poultrymen

By A. D. JACKSON  
Division of Publications

Texas poultrymen are already preparing to take an active part in the Seventh World's Poultry Congress and Exposition to be held in Cleveland July 28 to August 7, 1939, when some 500 delegates from sixty or more countries will assemble to discuss poultry matters and view exhibits of the best developments in poultry and poultry equipment. Adjustments in marketing processes that will smoothe out the business end of poultry production will also receive attention.

This great conference is held only once every three years. The last one was at Leipzig, Germany, when forty-one countries were represented. The first session was held at The Hague in 1921 with twenty-seven countries participating. Later sessions were in Barcelona, Ottawa, London, and Rome. This seventh session is the first to be held in this country and comes at a time when American poultrymen, and particularly Texas poultrymen can gain much advantage from the congress. Just now Texas poultrymen have open to them a brilliant opportunity in production of turkey eggs for hatching. In fact, at this moment one large dealer is seeking 500,000 turkey eggs for hatching which means \$75,000.00 worth of business which Texas turkey raisers may try for. The successful filling of such orders with eggs of desired quality would mean repeat orders of larger and larger proportions as the years go by. With natural climatic and geographic advantages Texas poultrymen hold a commanding position in securing sizeable poultry business and no doubt they will take a leading place in this session of the World's Congress, both in the discussions and in the exhibits.

Falls in the bath tub account for many serious injuries. A simple and inexpensive precaution is a rubber mat for the inside of the tub.

Don't throw away the candles you use for decoration in the winter just because they have become soiled. They can be cleaned to look like new with a cloth saturated in alcohol.

On May 31 a quarter-acre live oak mott in Colorado county harbored 859 active bird nests.

Ground nesting birds suffer most from heavy rains, snakes, and house cats.

It is estimated that there are between 2,500 and 3,000 antelope on Hudspeth county ranches.

These congresses have stimulated consumption of poultry and poultry products wherever held and the forthcoming session may be expected to do no less. Teachers, extension workers, and other educational groups will be shown the last word in tempting preparation of eggs and poultry and may be expected to carry their impressions to all parts of the country. Research workers of all countries will be in attendance and report the last word in their findings.

The Texas Experiment Station has maintained poultry research for a number of years and has made many definite contributions to the knowledge required for successful poultry production as well as the effective distribution and use of these products. R. M. Sherwood, Chief of the Division has participated in all movements to promote the industry and to place the business on a successful plane. He is a member of the Committee on Nutrition in the preparation of the program for the World's Congress and is a member of the Executive committee, the Executive Board and the membership committee of the Texas Poultry Organization through which the industry is to have definite coaching not only in exhibits, but in leading to successful sales of Texas poultry.

The Texas Baby Chick Association which meets in Fort Worth, August 29-31 in its fifteenth Annual Convention will devote an entire half-day to stimulation of interest and planning activities leading to proper participation in the forthcoming congress. The officers of this organization will devote much time and effort during the coming months to the encouragement of a creditable showing by Texas in the World's Congress.

### THE AWFUL PRICE YOU PAY FOR BEING NERVOUS

Quivering nerves can make you old and haggard looking, cranky and hard to live with—can keep you awake nights and rob you of good health, good times and jobs. What you may need is a particularly good women's tonic—and could you ask for anything whose benefits are better proved than famous Lydia E. Pinkham's Vegetable Compound? Let its wholesome herbs and roots help Nature build up more physical resistance and thus help calm your shrieking nerves, give more energy and make life worth living again. More than a million women have reported benefit—why not let Pinkham's Compound help YOU, too, to go "smiling thru" trying times like it has other grateful women for the past 3 generations? IT MUST BE GOOD!

### QUARTER MILLION DRIVERS' LICENSES ISSUED IN STATE SINCE SEPTEMBER

State drivers' licens bureau officials announced this week that nearly a quarter-million drivin glicenses have been issued in Texas since last September.

The new licensing law requires state police to examine the qualifications of applicants before drivers' licenses are issued. There were 242,384 drivers tested in the ten months' period.

### WHO WROTE IT?

"Lindy Lou"

MUSIC was in the soul of the southern child who was to become a creator of "popular" and symphonic music.

At the age of four, she tried to play the piano. At ten she was improvising and composing. By sixteen her first songs were published, and not many years later she was married.

Her husband's work called him to the West, to India, China, Burma and Japan and she wandered with him. Everywhere the music of her surroundings was interpreted by her, as in "Songs of India," "Saharan Silhouettes," "Songs From The High Hills," "Two Shawnee Indian Dances," etc. Her compositions attracted attention, and she became a member of the American Society of Composers, Authors and Publishers, which protects the performing rights of her works as well as that of thousands of other composers and authors throughout the world.

She was born in Anderson, S. C., granddaughter of Judge Reed. Her name is Lily Strickland Anderson (Music Features & Photo Syndicate)

### Congratulations, Whittacre-Milam
