Bruce Black New Minister At Winters Church of Christ

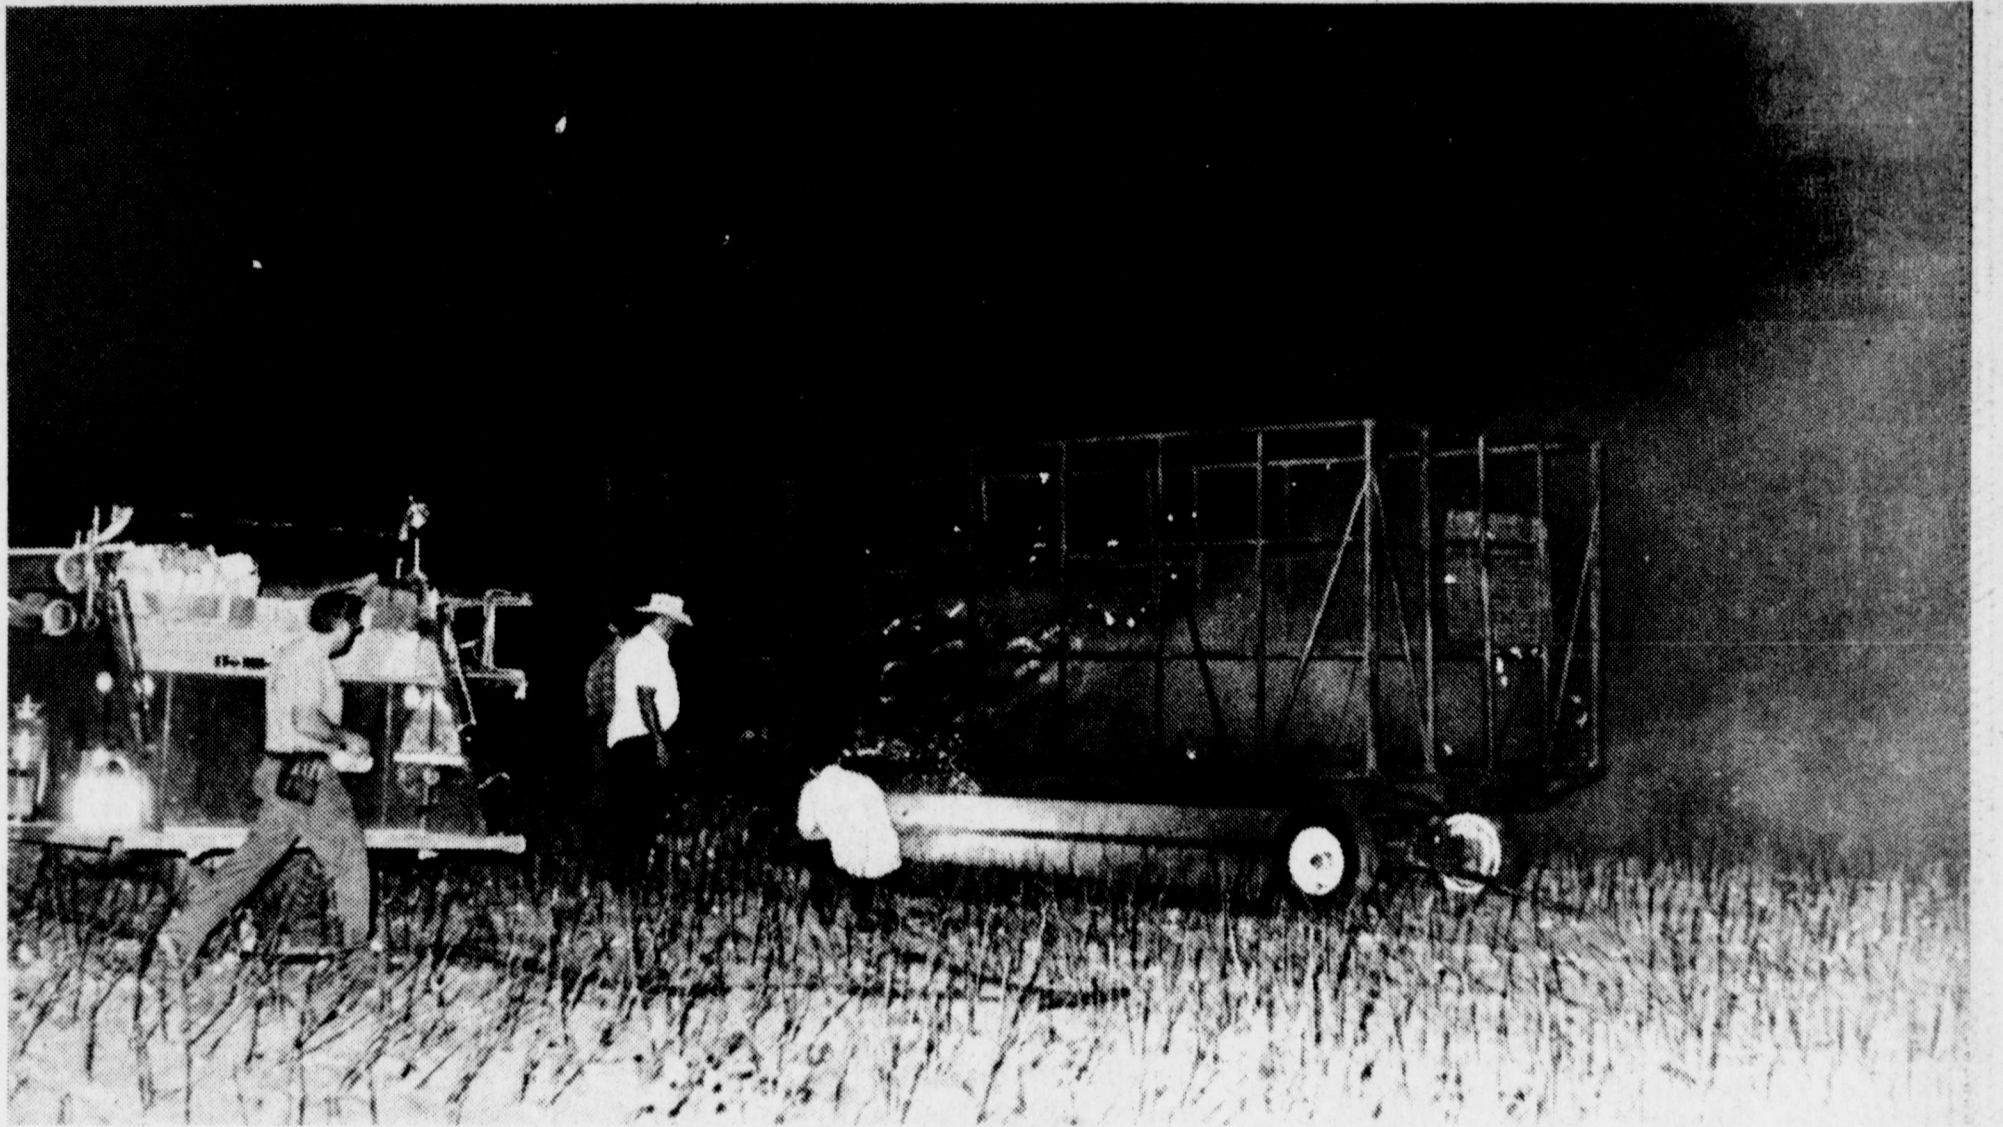

BRUCE A. BLACK

Bruce A. Black, a native of Silver Spring, Maryland, and a 1977 Magna Cum Laude graduate of Abilene Christian University, is the new minister of the Winters North Main Street Church of Christ.

While enrolled in ACU, Mr. Black was a member of Alpha Chi honor society, active in student government, and was listed in Who's Who in American Colleges and Universities. He is currently completing work on his master of arts degree in New Testament studies at ACU.

Mr. Black is the son of Mr. and Mrs. Garth Black, a minister of the Church of Christ in Bakersfield, Calif. He is married to the former Jeanette Marshall of Arlington, Va., also a 1977 graduate of ACU.

Mr. and Mrs. Black will move to Winters about the first of the year.

COTTON FIRE—Winters Volunteer Firemen work to extinguish a fire in a cotton trailer on the M. L. Dobbins

place near Drasco Thursday about dusk. Two trailer-loads of cotton were destroyed; this trailer was almost

completely ruined by the blaze, and two and a half bales of cotton were lost.

Basketball Begins Monday

With the football season out of the way, the Winters Blizzards boys and girls basketball teams will go into action next week, with the girls' A and B teams opening the season against Miles here at 6:30 Monday night. The boys' A and B teams will host Coleman at 6 p.m. Nov. 25.

Gary Ledford, who will coach the varsity boys, reports one returner varsity player, Reggie Boles. Returning with junior varsity experience will be Martin Martinez, a senior; Jim Hurt, a junior; John Pruser, a junior; Dawson McGuffin, a junior; Mark Whitlow, a junior; and Robert Johnson, sophomore.

Prospects are Toby Gerhart and Scott Hall, both sophs.

Coach Ledford said this year's team will be young with no outstanding height. "But I expect this to be overcome with team spirit, hustle and quickness."

The first varsity and junior varsity meeting will be at 9 a.m. Saturday, Nov. 18, for equipment issue, the coach said.

VARSITY GIRLS

Phil Swenson will coach the girls' varsity for the 1978-79 season. He reports returning lettermen Jill McNeill, 5-11, and Dawn Miller, 6-0, both juniors. Returning junior varsity

players will be Jeannie Walker, 5-6, a junior; Kim Fry, 5-8, sophomore; Lisa Bryan, 5-6, soph; Susy Vinson, 5-3, soph; Bobbie Walker, 5-8, soph; Sylvia Ibarra, 5-3, soph; and Pam Gray, 5-9, soph.

Coach Swenson said the girls will be playing full court this year. "We will full court press and depend heavily on our half-court defense. The team is very young, but the girls work very hard as a team and have a good attitude and good desire," he said.

The B team will be made up of sophomores and freshmen.

School Out Early Friday For Game

Classes in Winters Public School will be dismissed at 3 p.m. Friday, Nov. 17, so buses can make regular routes and return to the school in time to leave for Colorado City for the Winters-Colorado City football game.

Classes will resume on schedule Monday, Nov. 20.

COMING HOME QUEEN—Mrs. Roy Young was named Coming Home Queen at halftime activities during the Winters-Ballinger football game Friday night. This was the homecoming

game for ex-students of Winters schools. She was escorted to the field by her husband, Roy Young, who also is an ex-Blizzard.

Thanksgiving

Winters Public School classes will be dismissed at 2:30 p.m. Wednesday, Nov. 21, for the Thanksgiving holidays.

The regular schedule will be resumed the following Monday, Nov. 27.

Cotton Lost

M. L. Dobbins of the Drasco community lost at least six bales of cotton, and at least one cotton trailer, last Thursday, when fire destroyed the just-picked cotton on two trailers.

The Winters Volunteer Fire Department was called to the scene of the fire, and prevented additional loss. One trailer load of cotton, with two and a half bales, was completely destroyed, and the trailer was also almost a complete loss. The other trailer, which had been near the first one, was moved several hundred feet away, but also caught fire. The load of cotton, about four and a half bales, was dumped, but not before it was almost destroyed. There also was damage to the trailer.

Dobbins said this was the first time he has ever had to use the services of the Winters Volunteer Fire Department, and was impressed with their response and concern, and their work on extinguishing the fire to prevent spreading. He said, "We never realize how we should appreciate these men of the Winters Fire Department, until we have to call them. They responded quickly, and worked hard to save my cotton. The entire community should be proud of the Winters Volunteer Fire Department, who work without pay and at times ruin their own clothing, in an effort to help someone else. To simply say "Thanks" is not enough, but my wife and I are very grateful to them all for their work and assistance."

HOMECOMING QUEEN—Toni Hambright, a senior student in Winters High School, was crowned Homecoming Queen during halftime activities at the Winters-Ballinger football game Friday night. Johnny Curbo, also a senior, was her escort. Miss Hambright, the

daughter of Mr. and Mrs. Cecil Hambright, is president of the Blizzard Band and is vice president of the Future Homemakers chapter. Homecoming queen is elected by the student body.

There Is Always Thanksgiving

Wayne Hunt of Bradshaw, who served two years in the 141st infantry band, has vivid memories of where he was when armistice was signed November 11, on the 11th hour, in 1918.

Mr. Hunt kept a diary of his war years:

"November 2nd we left for Vaubecourt which was 18K. We were supposed to have been there at 3 p.m. but we arrived at 11:30 a.m. We were now transferred to the American Army in the Verdon Sector. This was a place for rest and replace-

Film To Be Shown At U-M Church

"Beyond the Cross," a new major film from Underground Evangelism, will be shown at the Winters First United Methodist Church Thursday, Nov. 19, at 6 p.m.

The pastor, Dr. Thomas Tribble, issued an invitation to the public to see this film. There will be no admission charge, but a free-will offering will be taken for

Underground Evangelism, he said.

A special message, filmed inside Russia over a period of years, comprises a major part of this dramatic film.

Dr. Tribble said, "It carries with it a moving and inspiring challenge directly from the believers, themselves," he said.

orders to move. We knew it was a good long hike but thought we were going home. Had it not been for this feeling we could never have made it. Hiking from one town to another thinking the next day would be the last. Eating only two meals a day, one about 6 a.m. and the other about 4 p.m., consisting of "corn willie hash", bread and coffee. The corn willie was cold, no hot soapy water to wash our mess kits and no clear water with which to rinse them. Some of the boys contracted dysentery.

We had a rolling kitchen with us but the cooks had their packs stored in it plus a little poodle dog. After we had been on the road four or five days an inspection officer visited us and saw how we were fed. He gave orders that the men "Must" have three hot meals a day, and plenty of hot water. After that we had three meals a day.

The 28th was the last of a ten day hike that covered 125 miles and was Thanksgiving in several ways. We had Thanksgiving dinner in the rain, eating out corn willie, but we called him turkey that day. The people think we did not have turkey that day, but not so. The Chaplain came by where we were eating with a live one under his arm and he let us see it.

Some of the boys started the hike with almost new hobnail shoes but at the last their big toes were sticking out after marching over crushed rock roads."

Mr. Hunt entered the service at McAllen Sept. 7, 1917 and was in Fort Worth for awhile before sailing on the Transport Finland with 3500 other Americans. They anchored at Brest, France on the 6th day of August, 1918 and unloaded on the 7th.

"We were then carried out to a so-called rest camp," said Mr. Hunt. "These camps were small farms of about three acres each, surrounded by hedge about four feet in height. Two or three companies to a department. This was very uncomfortable because of the rain and being in pup tents. I shall never forget the first meal we ate in this camp. Everybody hungry and tired. We could hardly wait our turn in the mess line to come and then only one spoonful of corn willie hash to a man. One boy whispered to the cook to

give him a little more, but instead the cook took out a little.

"On the night of the 9th we got orders to break camp. We spent the night sitting around the fire, telling stories and trying to sleep. On the morning of the 10th we boarded the train for "somewhere in France." We soon found out why the soldiers used these words at the beginning of their letters, because they really didn't know where they were."

When the 141st and 142nd bands were not practicing or in concert they were used to picking up salvage along with some other workers.

"We were exploring all dug houses and seeing if certain kinds of powder would burn. One man named Crouch was very inquisitive about hand grenades and high explosives of all kinds. When anyone found a kind of powder he was afraid to set off he would call for Crouch or me, said Hunt.

"We found many fine houses that had been quarters for the German officers. They evidently lived very highly, judging by the nice furniture, beer and champagne bottles. But after the Americans shelled this place very few places were livable.

"They had small railroads to transport supplies and ammunition. The tracks were narrow gauge with cars about four feet wide and six feet long. We loaded these little cars and pushed them down to the dump pile. Ernest Adams and I were working together," said Hunt.

"We loaded our car and were to go down hill when I advanced the idea that we get started then ride. Ernest finally agreed. We got started and the farther we went the faster we went about that time our car jumped the rail, throwing Ernest on one side and me on the other. Ernest got up, dusted off his pants, put on his cap and said, "Yes", you and your bright idea." We loaded up and this time pushed the car.

"We worked this territory in trucks about 15K from Dricourt and hauled to town. Then moving the salvage to Lachepe for assortment and loading on cars. After two days of this the division came off the front and we were ordered to join our regiment. Leaving in trucks on October 30, we traveled for about two hours and

were pitched out in a forest "somewhere in France."

"We found a place to stay and a rations dump nearby. We proceeded to issue ourselves what we wanted. Shortly an officer came up in a side car asking about the missing rations. Of course we knew nothing. Then he asked what we were doing there and to what organization we belonged.

"Someone informed him we were the Ellison Independent Band of the 141st U.S. Infantry and was left there by the trucks. The salvage officer finding out that we were there sent trucks to carry us to our regiment. We arrived at Valmy about 4 a.m. and there they were preparing to eat breakfast and leave.

"Before the hike you could see the famous musicians throwing blankets, clothing and souvenirs aside.

"On Oct. 31 at 6 a.m. the hike began to Viel Dampier. Very few of the soldiers had anything but one blanket and some had nothing but the clothes they had on. We reached the town and stopped two days. The time was spent telling of the front and the incidents that had happened. One boy told of the German shells bursting in the air throwing shrapnel in all directions, the bullets whistling and wondering if any would come out alive. He

Several members from the classes of 1967 and 1968 attended the visitation, and the group toured the high school. A catered supper was served in the evening.

They were sent to Vaubecourt and then transferred to the Verdon sector where they learned of the war's end.

Bathroom Safety

Take precautions to avoid bathroom accidents, urges Carla Shearer, health education specialist with the Texas Agricultural Extension Service, The Texas A&M University System. An estimated 120,000 injuries and more than 200 deaths occur each year in the bathtub and shower.

The most serious bathroom accidents include falls, burns, electrocution and drownings, she points out.

Falls
Soapy water and the smooth surface of bath tubs are a slippery combination. Use a rubber mat or rough surface adhesive strips to make footing more secure when getting in and out of the tub or standing while taking a shower, the specialist advises.

Securely mounted grab bars in the shower stall provide support for a falling person.

Burns
The young, aged and handicapped are especially vulnerable to burns from hot water because they are less able to react quickly to emergencies, she continues. Always test the bath water before bathing an infant or small child.

Also, never leave a child alone in the tub. The child can easily be scalded by accidentally turning on the hot water faucet.

Electrocutions
The combination of water and electricity can be fatal, Ms. Shearer warns.

Don't use electrical appliances while taking a shower or bath.

Even when not taking a bath or shower, be cautious of electricity, she says.

Dry hands completely before touching any electrical fixture and make sure that you are standing on a dry floor.

When disconnecting an electric shaver, hair dryer, electric toothbrush or other appliances, disconnect the

cord from the wall outlet rather than from the appliance.

Dangling cords left in the wall outlet can be lethal if knocked into the water.

Drownings
Children can drown in a very small amount of water, so never leave a small child unattended in the bath or bathroom. This also holds true for the elderly and handicapped, the specialist adds.

County Agent To Be Honored In Angelo

Mrs. J. L. Ohlhausen, of Ballinger, and Daniel Redman, of Miles, were honored in San Angelo on November 15 as a part of the District Diamond Anniversary Celebration of Cooperative Demonstration Work.

Representatives from the 17 county area making up District 7 of the Texas Agricultural Extension Service will gather at the Texas A&M University Research and Extension Center at 9:30 a.m.

Addressing the group will be Bill Porter of Terrell, Texas. Porter is the son of Walter C. Porter, whose farm was the site for the first demonstration designed to show farmers how to use scientific methods to increase yields and income. Dr. Seaman A. Knapp, a U.S. Department of Agriculture educator and special agent, guided this demonstration in 1903.

Knapp's "teaching by demonstration" idea was highly successful and spread rapidly to other states. The U.S. Congress passed the Smith-Lever Act in 1914, which paved the way for an Extension Service with responsibility for agriculture, home economics, 4-H, and community resource development programs in each state.

Texas legislators subsequently created our State Extension Service as a part of the land-grant university system where it continues to function today as a part of the Texas A&M University System.

Runnels County honorees will be recognized for their all-round contributions and support of their County Extension program.

STARTING EARLY—Mrs. Diane Davis, kindergarten class get the Blizzard spirit early, as they help stack wood

My most heartfelt thanks to those of you who gave so much of your time and efforts to my campaign. Without you, there is no possible way we could have enjoyed the great moment of victory on Tuesday evening.

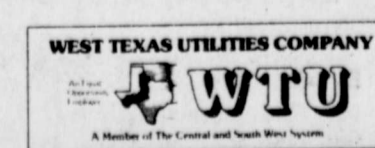

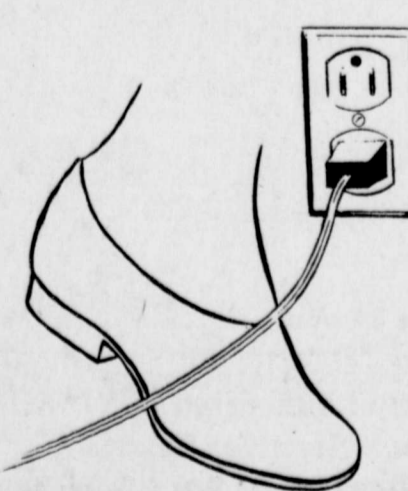

Kathy and I will be visiting with you soon, but for now, we want you to know that the real winners this year are the conservative people who are the backbone of the 21st Congressional District—and you are the ones who have so much to celebrate. I'll do my best to be the hardest working representative this district has ever had!

Reddy's tips on electric safety

- ★ When disconnecting an appliance, don't pull cord; pull plug.
- ★ Be sure each appliance has the type of cord suited to the job it does — heavy duty extension cords for power tools; moisture resistant cords and plugs for outdoor equipment.
- ★ Have frayed cords replaced promptly.
- ★ Water conducts electricity; never handle electric appliances or switches with wet hands or when standing on a wet surface.
- ★ If an appliance has a separate cord, attach cord to appliance before plugging it into an outlet; disconnect cord from outlet before disconnecting it from appliance. Store cords away from cutlery, heat and dampness.
- ★ Don't place cords where they'll be tripped over or be subject to wear (under a well-travelled rug, through doorways).
- ★ Teach children not to play with or around electric sockets or equipment.
- ★ Don't use an electric lawn mower or hedge clippers when barefoot, or on wet grass or hedges.

Remember, Reddy supplies the electricity—only you can use it safely!

Use Cosmetics With Care

Consumer "watch words" for cosmetic safety are "use with care," a consumer information specialist says.

Using cosmetics with care is important because occasionally severe allergic reactions to some products occur, Claudia Kerbel explains.

At other times, consumers may misuse cosmetics and endanger their health.

Mrs. Kerbel is with the Texas Agricultural Extension Service, The Texas A&M University System.

She recommends following these "use with care" guidelines:

- Read labels on containers and packages, and follow directions exactly.

- **Cosmetic Allergy, Reaction**
• Determine possible allergy by placing a small amount of the cosmetic on the inside forearm, and leave it for 24 hours.

For hair products, choose an inconspicuous area on the back of the head, and do a patch test following directions in the package.

Check for any signs of redness or itching before using the product completely.

- If a reaction occurs, such as redness, itching, swelling, soreness or blisters, stop using all cosmetics that may be affecting that area.
- If the reaction persists, see a doctor immediately. Take the suspect cosmetic along.

If that cosmetic was responsible for the reaction, write a letter to the product manufacturer whose address is on the package.

Send a copy of the letter to the Food and Drug Administration, 3032 Bryan Street, Dallas, Texas 75204.

- **Cosmetic Contamination**
• To prevent contamination, keep containers closed tightly when not in use, and always wash hands before applying any cosmetic.

Cosmetics are usually bacteria free before they are opened. The consumer is usually the one to introduce bacteria into a cosmetic.

- Throw out old cosmetics, because preservatives lose effectiveness over time.
- Never borrow another person's cosmetics—they may be contaminated.

- **Extra Precautions**
• Use aerosols carefully, and avoid inhaling the spray.
- Keep all cosmetics out of children's reach.

Immunization Information Sent By State

If there's a new baby in your home, you'll be hearing from the Texas Department of Health.

But don't worry, because it's part of the Pre-school Immunization Program conducted by the Department and your city or county health department. Last year, more than a quarter million contacts were made with new parents.

Every month, the State Health Department's Records and Statistics Section reports the name, parents' names, and home address of every child born in the state. The Pre-school Immunization Program receives a copy of this report at its headquarters in Austin.

When a child reaches the

age of three months, the State Health Department sends a printed card to the

parents, asking whether the child has received the first series of immunizations against preventable disease.

Cards are not sent to the city of Houston residents because of the special pre-school immunization program there. Normally, every child should be given a series of

vaccinations against diphtheria, tetanus, pertussis, and polio, beginning at two months of age.

Expect a microwave oven to last about 15 years, but with good care it could last longer, reports Lillian Chenoweth, family resource management specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

AROUND THE 6AA FOOTBALL LOOP

With a field goal off the toe of Gary Hulme Friday night, the Colorado City Wolves won the District 6-AA football championship for 1978, and the rest of the season—one week—will be anti-climatic.

Going into the game Friday night, C-City and Coahoma were neck-and-neck for the championship, each having won over all other 6-AA contestants played in district. C-City now has a perfect 6-0 record for the district, with Coahoma 5-1. The Wolves have an 8-1 for the season, and Coahoma, who went against C-C with a perfect season, likewise has an 8-1.

Colorado City has allowed no scoring in district play this season, and only 32 in pre-season contests, while piling up 176 for themselves all season, and 129 in district. The Wolves only loss thus far was to Slaton at the beginning of the season.

Colorado City hosts the Winters Blizzards this week for the finale, and Coahoma will go to Stamford.

Winters was defeated 21-0 by the Ballinger Bearcats Friday night in what was a hard-hitting game, despite the one-sided score.

The Stamford Bulldogs hit the Merkel Badgers 28-0 Friday night at Merkel, in a game which saw a scoreless first period. Stamford put 14 on the board in the second.

Wylie knocked Anson over 25-6 Friday night at Wylie.

For the last hurrah of the 1978 season, the Winters Blizzards go to Colorado City Friday night; Wylie goes to Merkel; Anson will be at Ballinger; and Coahoma will be at Stamford.

SS Card Necessary In Job Hunting

People who plan on getting a job during the Christmas shopping season but who do not have a social security number should act quickly to get it, Franklin H. Parents, Teachers--Know Each Other

Parents and teachers, know each other—for children's sakes, Patricia Lamson advises.

Work together as a team and share ideas about the child's needs and interests—to make learning more meaningful, she says.

Ms. Lamson is a family life education specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

A child's interests in specific areas can make learning more meaningful—both at school and at home, the specialist adds.

When parents and teachers inform each other of these interests, then both can make those interests work for the child's benefit, she says.

Also, knowing what the child encounters in each place and how he reacts can help both parents and teachers better understand and help the child, Ms. Lamson

A leaflet, "Applying For A Social Security Number", lists different documents which can be used as proof of age, identity, and citizenship status. Free copies can be obtained at the San Angelo Social Security Office located at 2214 Sherwood Way. The telephone number is 949-4608. Residents of Ballinger, Big Lake, Brady, Junction, Mason, Ozona, Sonora, and Winters may call toll free by dialing "Operator" and asking for "Enterprise 2058".

Work is dominated by the search for happiness, reports a family life education specialist.

Happiness, in turn, is self-fulfillment that comes from material and intellectual satisfactions, says Dorothy Taylor with the Texas Agricultural Extension Service, The Texas A&M University System.

CAR CARE CORNER

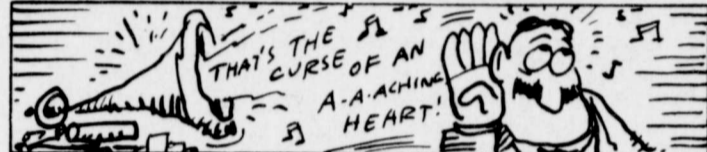

HANDFUL TIPS TO SAVE YOU MONEY

COOLING WINTER WORRIES

WINTERIZING your car can help prevent nippy temperatures from nipping your winter driving fun.

- Following these cold weather tips for your car can help let you whiz through winter and save money at the same time.
1. Check your antifreeze. Use all new antifreeze if your cooling system hasn't been changed in two years.
 2. Install a new air cleaner.
 3. Check belts and hoses, replacing any that are brittle or cracked.
 4. Change your transmission fluid if it is very dark or thick.
 5. Rotate tires, check their air pressure and replace any bald or badly worn tires.
 6. Lubricate the suspension points on your car's chassis, especially the front end.
 7. Brakes—replace shoes and pads if badly worn. Turn drums if they're scored. Check fluid in the master cylinder.
 8. Change your engine's oil filter. One of the most convenient ways to drain the oil is using Amalie's one-gallon refillable Dispos-Oil-Jugs. Check your owners manual for the grade of oil recommended for your car.
 9. Wax or completely rustproof your car. Don't let Ol' Man Winter put the freeze on your winter motoring plans.

In addition to the telephone, Alexander Graham Bell invented the grooved wax cylinder with spiral sound track for Thomas Edison's phonograph.

Social Security Benefit Changes

Divorced wives, widows, and husbands who were married ten consecutive years before their divorce may be eligible for social security benefits on the records of their former spouses beginning January

1, 1979. Recent changes to the social security law reduced the duration of marriage requirement from 20 to

10 years. The law has also been expanded to include divorced husbands.

Retirement-age divorced persons who are unmarried now and whose former spouses are retired, disabled, or deceased should contact the nearest social security office to see if they might be eligible to a higher benefit on that record.

Proof of age, marriage, and divorce are needed. The social security personnel will assist persons in obtaining proofs that have been lost or

destroyed. There are no retroactive payments before age 65, so a delay in filing an application could result in loss of some benefits for persons under age 65.

For more information, contact the San Angelo Social Security Office located at 2214 Sherwood Way. The telephone number is 949-4608. Residents of Ballinger, Big Lake, Brady, Junction, Mason, Ozona, Sonora, and Winters may call toll free by dialing "Operator" and asking for "Enterprise 2058".

Jarrett Pace Died Last Wednesday

Jarrett Pace, 77, of Hutto and formerly of Wingate, died last Wednesday evening at his home after a sudden illness. Services were Friday in Hutto United Methodist Church.

He became superintendent of schools at Tahoka and later an employee of McMillan Publishing Co. In 1966, he was named superintendent of schools at Hutto, retiring in 1976. He married Beulah Baggett in 1925 in Ozona. She was a Methodist.

Survivors include his wife; a son, Baggett of Austin; a daughter, Sue Placke of Giddings; a brother, Rankin of Winters; a sister, Ava Crawford of Winters; and three grandchildren.

Most good farmers don't wait until planting time to buy Pioneer-brand seed... not anymore. The best farmers seem to think that having the seed with the greatest potential is too important to leave to chance. So ordering next year's seed as soon as they've seen this year's results is becoming a habit... practically a tradition. Why? Because, when you compare Pioneer performance to brands that are always available and compare the advantages of ordering early to the disadvantages, you've got to pick up the phone and call a Pioneer dealer.

AND TO CAP IT OFF — Pioneer will acknowledge your early order by sending you a sprightly green, foam-lined gabardine cap.

Blizzards To C-City For Last Grid Game

The Winters Blizzards will wind up the 1978 football season Friday night, as they travel to Colorado City to take on the Wolves, who already have clinched the 6-AA championship. The game Friday night may be considered by C-City as a momentary pause before going into extra-season play, but the Blizzards will be feeling otherwise, attempting to grab some attention at the end of a long, unsuccessful season.

Coach Les Fisher said Monday of the Winters-Ballinger game, "it was a good defensively played game, and the

boys turned in good team effort and good team attitude."

C-City has been a strong horse all season, with only one loss, and that in a pre-district contest, to Slaton. They have allowed only 26 points all season, and none during district play.

Coach Fisher said he is impressed with C-City. "They beat Stamford and Coahoma with poise." The Wolves are well coached, know what to do, and do it well. "They can be flashy, and are big and strong, and good in the trenches."

The Blizzards will be minus at least two players Friday night—David Esquivel, who is suffering from a back injury, and will be out for the rest of the year; and Scott Hall, who was seriously injured in the first play of the ball game Friday night.

Coach Fisher said he expects the Blizzards to go into the game this week with the same good attitude and determination which has marked them all season, and will at least make their presence known.

Scott Hall Improving In Hospital

Scott Hall, son of Mr. and Mrs. Billy Hall, who was injured during the Winters-Ballinger football game Friday night, remains in Hendricks Medical Center, Abilene, and continues to "improve" according to information received Tuesday afternoon.

Scott, a sophomore in Winters High School, was injured during the first play of Friday night's game. About halftime, he was taken to North Runnels Hospital, and thensunday about 2 a.m., he was

"Laity Day" To Be Observed At First United Methodist

DR. W. A. HUNT

Dr. W. A. Hunt of Abilene will be the "Laity Day" speaker for the First United Methodist Church, Sunday, Nov. 19. Dr. Thomas Tribble, pastor, has announced. Services will begin at 10:40 a.m.

Dr. Hunt is the son of Dr. J. W. Hunt, a noted West Texas educator and the founder and first president of McMurry College. He is a native Texan, and received his bachelor of

science degree from McMurry; master of arts from Southern Methodist University; and the Doctor of Philosophy degree from the University of Texas. In 1959, McMurry conferred him with an honorary doctor of laws degree.

He has served as a high school teacher and athletic coach, and served three years as an elementary principal. He has been Deputy State Superintendent of Education, and served as a Teaching Fellow at the University of Texas, and as a lecturer in 1952. He was president of Howard County Junior College, Big Spring, from 1952 to 1972. In 1972 that institution named him president emeritus.

He is a member of the administrative board at St. Paul United Methodist Church, Abilene.

Each year, the United Methodist Church conducts a "Laity Sunday," at which time laymen give the sermons and lead the worship services. Worship leaders for the Nov. 19 service will be Mike Grantham and David Evans.

Rankin Pace is Lay Leader for the Winters church, and has urged all members of the church to attend this special Laity Sunday service. Visitors are invited.

Local Church To Take Part In World Prayer

The congregation of The Assembly of God Church 304 Wood, will participate in the "Revivaltime" World Prayer meeting, Nov. 19 at 5 p.m.

According to the Rev. Charles Steinberg, pastor, some 100,000 persons across the nation are expected to participate in more than 1,500 volunteer prayer groups.

The Prayer meeting is organized by "Revivaltime," international radio broadcast of the Assemblies of God, released on approximately 600 stations.

This year some 50,000 prayer needs have been received at the "Revivaltime" offices in Springfield, Missouri.

Each of the prayer groups will receive duplicated lists from the compiled requests. Each prayer partner will be asked to pray for 12 to 15 specific requests.

In a well decorated home, the color scheme of one room compliments the other, and hallways visually link one room with another, says Sue Young, housing and home furnishings specialist with the Texas Agricultural Extension Service, the Texas A&M University System.

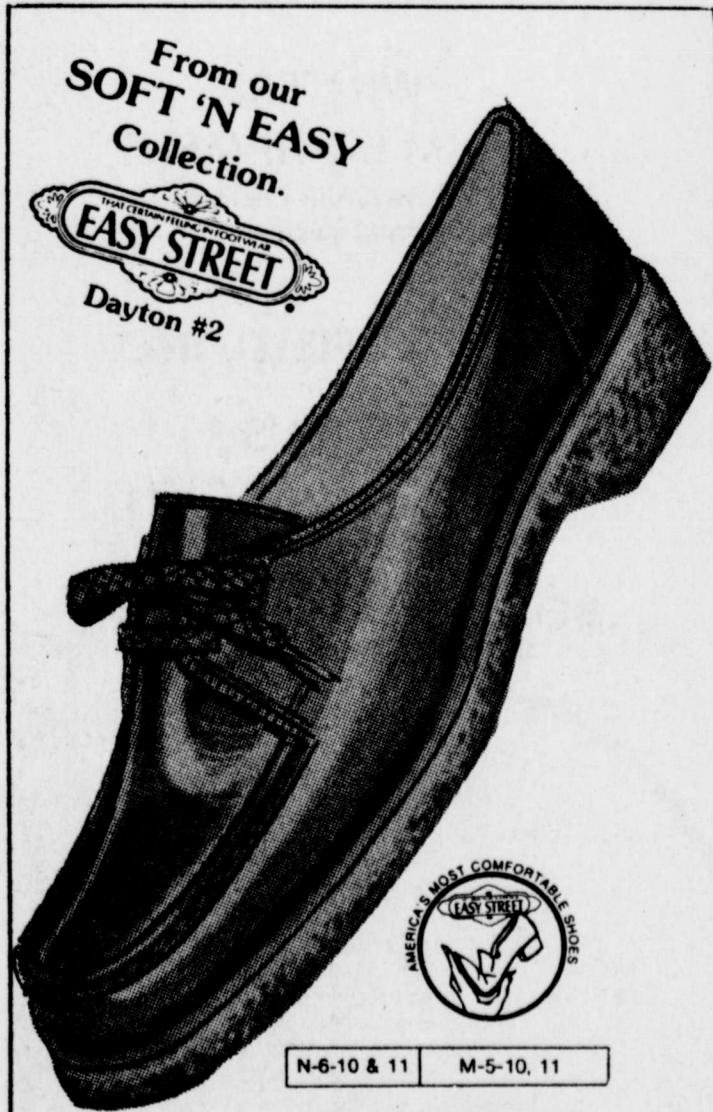

Chamber Sets Date For Banquet

Directors of the Winters Chamber of Commerce have set the date for the annual membership banquet, and have contacted a speaker for the occasion.

The banquet will be held Feb. 23 in the school cafeteria. Name of the speaker will be announced later.

Directors also made further plans for the annual Christmas program, planned for Saturday, Dec. 9. The Sno Queen contest will be included in the Christmas program, with junior and senior girls of Winters High School as contestants. Sponsorship will be on an individual basis, and merchants will be notified soon regarding the contest.

Beware---

Beware of mail-order offers—when sending a check, write the company's address on it, advises Claudia Kerbel, consumer information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

That way, when the check is cashed and returned, you'll have a record of where you sent your money, she explains.

Food News

Budget items at Texas grocery markets this week include large-sized eggs, onions and bananas, Gwendolyn Clyatt reports.

Also, low-price items are grocery aisle features and fish.

Mrs. Clyatt is a consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

This week's price-quality trends are the following:

POULTRY—Egg prices remain about the same with large sizes offering best value by weight. Fryer chicken prices are up a bit.

FRESH VEGETABLES—A record-large onion harvest helps keep onion prices low.

Other vegetables in good supply include broccoli, cabbage, carrots and cooking greens. Also, bell peppers, hardshell squash and white and sweet potatoes.

FRESH FRUITS—Banana imports are heavy and prices are low. Larger supplies of

citrus fruits are arriving and quality and flavor are improving.

Apples are in large supply, cranberry prices are more attractive, and grape prices are slightly higher.

GROCERY AISLES—Corn, snap beans and peas—the three best-selling canned vegetables—are grocery shelf features.

Applesauce, tuna fish and cake mixes also have feature prices. Check prices on dry beans, dry peas and rice, too.

FISH—Fish is plentiful and prices are reasonable when considered on a cost-per-serving basis.

BEEF—Chuck cuts are in the spotlight, although there are scattered buys on ground beef, sirloin steak and beef liver.

PORK—Pork prices fluctuate and few cuts are receiving store emphasis. However, Boston butt, end chops, liver, rib and loin-end roasts offer most economical values.

HOLIDAY WATCH-WORDS—In choosing fresh cranberries, look for plumpness, good color and uniformity in size. Avoid cranberries that are crushed and leaky.

To store fresh cranberries, refrigerate them in their original package.

"It usually takes more than three weeks to prepare a good impromptu speech." Mark Twain

Cranberries will keep for 4 to 8 weeks in your refrigerator. Or you can freeze them with no preparation.
