DIMMITT, CASTRO COUNTY, TEXAS THURSDAY, SEPT. 13, 1945

NUMBER 45

## Dimmitt Schools Opens New Term With Increased Enrollment

### BOBCATS GO TO LITTLEFIELD FRI. FOR FIRST POST WAR FOOTBALL

The 1945 edition of the Bobcat football machine will open the season against the powerful Wildcats of Littlefield on the latter's gridiron Friday evening at 8:30 o'clock. With fifteen letter winners and with ten of this number playing their third season for the purple and white, the cats promise to make local fans forget some of the 1943 championship eleven which ran roughshod over all conference opponents until stopped by the powerful Phillips Blackhawks.

At center, Gus Frye, a 160 pounder, seems to have a slight edge over Lloyd Lust who stands ready to take over at any time. Both boys playing their third season. Gus should be all-district this year, since his chief opposition, Burrow of Tulia has been shifted to the backfield.

Three linemen, Jack Brannon 150 pounds, Smith 150 pounds, and Oren Eubanks 165 pounds, and a fine squibman, Harold Johnston 145 lbs., are fighting it out for the guard positions. As to which two of these boys will get the nod as starters remains to be seen. However, Johnston and Eubanks look good to this writer.

The tackle posts should be fairly covered by Bascom Nelson 185 lbs. of veteran and Jimmie Sparkman at 170, both lettermen of last season and standouts in spring practice. However, Herbert Howell and Luther Smithson each tipping the scales at 185 pounds must be reckoned with even if they lack as much experience as Nelson and Sparkman.

Charles Henry Howell, a veteran of three seasons seems to have the left terminal pretty well under control but the other is being contested. Norton Barron 155 pounder playing his third season perhaps has a slight edge over younger brother, Tom, at 150 pounds or Carl Howell, sensational freshman at 135 pounds.

The backfield seems to have five boys, any four of whom could be called regulars. They include Bob Mooney, 135 pound quarterback; Joe Harrison, 155 pound fullback; and Thomas Harrison, 140 pounds, Bill Stephenson, 155 pound and C. W. James 140 pound, all halfbacks. Mooney, the Harrison brothers, and Stephenson were the regular backfield last season, but James is determined to beat somebody out.

Other boys coming out each day, some of whom are sure to be heard from later are: Earl Greathouse, Earl Bandy, Lela Lee, Vernon Byrnes, Harry Hance, Billy Welch, Jackie Miller, Lonnie Rice, Royce Dowell, Junior Fulfer, Jack Ziegler, Johnnie Powell, Bobby Warren, Harold Brannon and Wayne Gipson.

### Lt. Jack Boren Pacific Veteran Gets Discharge

First Lieutenant Jack B. Boren, son of Mr. and Mrs. R. B. Boren, arrived home Tuesday of last week after serving 11 months in the Pacific War Zone. Lt. Boren, who completed 35 missions as a bombardier on a B-29 Super Fort over enemy territory, is the holder of a number of medals and citations including the Distinguished Flying Cross and six other decorations. He was stationed at Saipan.

Mr. Boren, who is a railroad employee in Amarillo, was here last week for a visit with Mrs. Boren and their son.

### H. D. Clubs Are Making Plans For Castro Co. Fair

The Castro County Home Demonstration Council met Tuesday afternoon, September 11, in the Home Demonstration Agent's office, with eight members present. Mrs. L. J. Councelman, Chairman, presided. Home Demonstration Clubs represented were Rance, North-edge, Midway, Jumbo, and Flags. Each club gave a report of its activities.

Mrs. M. T. Sparkman, Chairman of the Exhibit Committee, presented the Committee's plan for the women's division of the County Fair, which has been set for October 13. Home Demonstration clubs will have educational exhibits in store windows instead of booths as has been the custom. A canned food exhibit will be held as usual, and all women and girls over the county are asked to help in the exhibit. Mrs. Norris Wesson of Dimmitt was named chairman of the clothing and fancy work division which is always an interesting part of the Fair.

Mrs. Sawnie Carrell, Finance Chairman, presented her Committee's plans for the annual dinner to be served on Fair Day. All clubs will participate in providing the food and serving the lunches.

Other activities planned were a Yard Tour for Friday, September 21, to some of the well landscaped yards over the county, and a meeting of the Year Book Committee on September 25.

Rev. U. S. Sherrill accompanied his daughters, Mary Alice and Joyce, to Fort Worth and Abilene to attend school at Texas Wesleyan, in Fort Worth, and Joyce will be a freshman at McMurry at Abilene.

### Procedure Given To Obtain War Veteran Benefits

For the benefit of men now being discharged from the military or naval service, there is listed below the proper men to see in your local community in order to secure any benefits to which you are entitled.

The first thing to do is to call on Mrs. Murphy, the County Clerk, and have her record your discharge. Within ten days of your discharge call on Mr. Turner, of the Selective Service Board, report that you have been discharged and get information as to securing your old job or getting another. If you are unable to find employment immediately, call at the office of the United States Employment Service at Hereford or at Tulia on the 2nd and 4th Wednesday between 10 and 12 o'clock, and register for a job there. This is necessary in order to draw readjustment payments of \$20.00 per week while waiting for a job. Application for these payments must be made at the office of the U. S. E. S.

If a loan is desired under the G. I. Bill, it is necessary to contact a bank or other lending agency that will agree to loan the amount desired before filling out and mailing Form 1800 (Certificate of Eligibility). Veterans are eligible for loans under the Farm Security Administration. Contact Mr. Burch, who will give you any information you wish on F. H. A.

There is also a new ruling that allows preference for the purchase of farm machinery and equipment by Veterans. Application forms may be had by contacting Miss Sylvia Behrends at the A. A. A. office in the basement of the Court House.

For information and assistance in securing the educational benefits and training on the job, call on me at the Veterans County Service office in the Court House at Dimmitt on Wednesday of each week. A very good plan is being worked out now for training on the job at home. There are some local firms that have been certified by the Veteran's Administration for this kind of training. Consult this office for further information in this matter. Also this office will assist you in handling all claims with the Veteran's Administration.

Paul Miller  
Veteran's County Service Office

### First Navy Boy Home On Points

Chief Petty Officer Robert Ramey is home after three and one half years in the U. S. Navy. He received his boot training in San Diego; special training in the Navy's diesel school in Chicago and further technical training in operating diesel engines in Miami, Fla.

In New York he was assigned as chief engineer to a new ship that was put in commission and assigned to duty in the Caribbean as a destroyer escort, which kept our shipping lanes free from menace in the South Atlantic and the Caribbean.

In October, Ramey returned to the Aleutians in the duty. Recently, he was home on survivor's pay, Francisco awaiting when V-J Day came.

Chief Ramey returned September 2 in N. points. Bub's first home thorough inspection, which he found satisfactory in every detail.

### Local Dealers Show New About Oct

Mr. Clarence home Monday where he had meeting of Ford dealers declared Ford will be rooms at...

### New County Agent Assumes Duties

Mr. and Mrs. Raymond King and children arrived in Dimmitt Monday from Snyder, and Mr. King has assumed his duties as agricultural agent of Castro County, succeeding M. U. May, who recently moved to Paris, Texas. Prior to his employment as County agent of Scurry County, Mr. King was a member of the Littlefield school faculty, where he taught Vocational Agriculture.

Following is an excerpt from a news story in the Scurry County Times, regarding Mr. King's resignation as County agent of Scurry County:

"Scurry county agricultural agent here since June, 1944, Raymond King has tendered his resignation, effective next Monday. F. C. Hairston, county judge, stated Tuesday. King this week filed a formal resignation with the Commissioners Court. He and his family are moving to Dimmitt, Castro County, where he will become county agent."

"During his tenure of office, King helped sponsor the Scurry County 4-H Club and FFA Livestock Show here last fall. He helped organize and stage here last September 30 the Scurry County Products Show. He has been a major backer of the Scurry County Junior Livestock Association.

A second vice president of Snyder Lions Club, King not only has been active in the civic organization but was program chairman for Tiger's Den, teen-age youth canteen sponsored here. He is a member of the Snyder Methodist Church.

A graduate of Texas Technological College, Lubbock, King holds a degree in animal husbandry. The couple has two children, Sandra Kay and Donnie Gale."

Mr. and Mrs. King have purchased and are occupying the former M. U. May residence.

### Sears Gilt Show Here Sept. 2nd

The County 4-H Sears Gilt Show will be held Sat., Sep. 22, on the lot behind the Hays Implement building. These gilts are registered Chester-Whites that were distributed to eight boys in the county last spring.

County Agent Raymond King and Club Leader, Jake Acker, of Nazareth, visited the boys, Wed. in preparation for the show and report a uniform, quality group of gilts. The County winner will be awarded a registered Jersey heifer and will compete in the district show at Amarillo Sat., September 29. The boar owned by Kenneth Acker will also be on exhibit in the County Show and will be shown in the District show.

Boys who will show gilts and clubs they represent as follows: Joe Max Woolery—Dimmitt Joe Percy Hart—Hart Vernon Bradlock—Nazareth Harold Klemm—Nazareth Bernard Wilhelm—Nazareth Carl Ray Henderson—Dimmitt Julian Huseman—Nazareth Leland Hacker—Hart

### Irrigated Alfalfa Swells Bank Acc't

Mr. John Lilley and son, John Jr. recently completed harvesting of seed from their 10 acre alfalfa patch on their farm south of Dimmitt in the Sunnyside community. It is believed that the Lilley's, father and son, have established a new high in cash income from the production of alfalfa. An average of \$148.70 per acre rolled into the Lilley bank account from the sale of alfalfa seed and the subsidy from the 10 acres of alfalfa. The alfalfa averaged 440 pounds of seed per acre with a subsidy of 2 1/2 cents per pound plus \$3.50 cash payment per acre. In addition to the \$148.70 from the seed harvest, 2,500 pounds per acre had previously been cut from the patch this season.

### Sgt. Meachum Arrives Home

Tech. Sgt. W. M. Meachum, son of Mr. W. H. Meachum of Dimmitt arrived home recently, for a 30 day furlough visit, after 27 months service in England as a mechanic the 8th Air Corp.

### Hunter Vow

### Local Men Inducted

R. J. Sessums and C. Rickwartz, both of Castro County, went to Oklahoma City September 4 to be inducted into the armed services under the Selective Service Act.

Percy Merritt, Bobby E. Stewart and Benjamin F. Robinson left Dimmitt on September 5 for Oklahoma City where they received their pre-induction physical examinations.

John L. Thomas is in San Diego, California, for a visit with Mr. and Mrs. Chock Lay.

### Yard Tour Planned

A yard tour is being sponsored by the County Home Demonstration Council for Friday afternoon, September 21. A few of the well landscaped yards belonging to members of the Home Demonstration Clubs and the Dimmitt Garden Club will be visited and will, no doubt, prove an inspiration to all who take advantage of viewing them.

The tentative tour includes the following homes to be visited: Meadames Howard Scoggin, Conrad Schulte, Sawnie Carrell, Barber Eubanks, Frank Easter, R. B. Boren, and Edgar Ramey.

Any interested person may attend the tour. Cars will probably leave the Court House at 2:30 in the afternoon so sufficient time will be had for visiting each place.

### Sgt. Richardson Gets Bronze Star

By direction of the President and under the provision of section I circular 32 Headquarters Etouza 20 March 1944 as amended by section I circular 56 Headquarters Etouza 27 May 1944, a Bronze Star Medal is awarded to: Sergeant Cleo L. Richardson 38341113-146 Engrs (C) Bn Reconnaissance section for Heroic achievements in connection with Military Operations against the enemy Feb. 14, 1945 near Wolseff, C. by bravely intense shot small arm fire and captured Ruhr River Dam at night and German demolition that was my

my

### Improvements At School Plant

The largest student body in the history of the Dimmitt Schools is gradually adjusting itself to the routine of school life after a week of preliminaries of trying to do the best job possible in helping the individual student work out his program and get started well. 528 boys and girls are finding places in our school program each day. Of course this number is not too significant within itself, but in comparison with other years, it shows decided growth.

On September 10, 1942, Dimmitt Schools boasted 430 students; on September 10, 1943, it had grown to 455; on September 10, 1944 Dimmitt had enrolled 490; and to date this year 528 boys and girls have been attending classes. This is a growth of 98 students in three years, or an increase of almost 23%.

The faculty has been increased from 16 members to 22. This increase has practically eliminated the crowded condition in our elementary school. The size of the class has been decreased to give the individual child a chance for better instruction.

With the many physical improvements which have been made to the school plant, Dimmitt Schools are taking the lead with schools of its class in the Texas Panhandle. The modern swimming pool makes Dimmitt the only school in this section of Texas with such an addition. The new Lunch Room at the Elementary School is almost ready for use. And the lighting of the athletic field is in progress. Let us say hats off to these men who are responsible for these improvements in our local educational institution.

Former Count

## Work Continues For Local Salvage Groups

September 6, 1945  
To: All Texas Salvage Committees, Newspapers and Municipal Governments:

The necessity of reaching over 4000 Texas salvage committees, newspapers and municipal governments immediately, makes it impossible for me to address you personally. However, I ask that you do not minimize the importance of this communication.

Allen G. Pike, Texas State Director for the Conservation and Salvage Division, advises me that you have done a grand job in promoting the movement of salvage materials from your area. Salvage has always been one of our most important Home Front jobs and I would like to take this opportunity of expressing my personal appreciation for your fine efforts.

WPB Chairman Krug has declared that there is immediate and grave danger of the collapse of the nation-wide Salvage Program because its magnificent job has been completed and has emphasized

that the 21,000 volunteer salvage committees throughout the country should stay on the job lest the reconversion program be impaired.

Mr. Krug pointed out that although the shooting phase of the war has ended, a war of supplies now is being waged and so long as there are bottlenecks to reconversion because of shortages of such raw materials as paper, fats and oils and tin, not only the volunteer salvage committee but every man, woman and child in the county must continue to cooperate.

Obviously, Mr. Krug said, "the war is not over for a soldier until he comes home and has a job. We must make the jobs by supplying the raw materials."

I feel safe in assuring the War Production Board that the volunteer committees and every man, woman and child in the State of Texas can be depended upon to carry on this much needed effort until our boys return and orderly reconversion is assured.

Cordially yours,  
Coke E. Stevenson

# Despite Victory Used Fat Saving Must Go On!

**SAYS SECRETARY OF AGRICULTURE:**  
Every woman in America should know that our country continues to face a serious fat shortage. And victory over Japan won't solve the problem immediately. We must keep on saving used fats in our kitchens!

If you have any thought that saving used fats in one of those wartime chores we can drop, now that victory is here, please consider these facts and tell them to your neighbors.

America still needs salvaged fats. Not even at the peak of our war effort, when fats were required for mountains of shells and bombs and medicines, in addition to the ever-present need for soap, were our needs for salvaging fat greater than now. Our stocks have been drained by four long years of war, and there isn't enough on hand to meet all requirements.

Don't let "Victory psychology" blind you to this national need! If housewives stop saving fats now, the shortage will become even more critical.

Don't let a single drop of used fats go to waste! Little trimmings of fat left on the platter at the table, scraps left on plates, and even the skimmings of soups and gravies are important. It is the consistent saving of even these small amounts that counts.

Don't turn in fats that can be re-used! But some fats, such as those rendered from lamb and mutton, are not suitable for re-use. Put them immediately in the salvage can. And, with other fats, after you've got all cooking good out of them, there is always a little left. No matter how little it is, save it.

Your butcher will still give you 4¢ and 2 red points for every pound you turn in. Save consistently—save every drop you can—every day—until Uncle Sam says the job is done.

# APPRECIATION...

We wish to take this method of expressing our sincere appreciation to our many friends and customers for the liberal patronage accorded us during the fourteen pleasant years that we have operated a cleaning establishment and clothing store in Dimmitt. Any success that we may have enjoyed has been made possible by the loyal support of the people of Dimmitt and Castro County, and for your every consideration we are deeply grateful.

We would also like to take this opportunity to bespeak your continued patronage for our successors, Mr. and Mrs. Jimmie Snipes.

## NAZARETH

The Nazareth school cafeteria has been a very successful undertaking during the year that it has been in operation. At present 98% of those attending the schools get a hot lunch there at noon. The buying of food is under the supervision of Mrs. Wm. Hochstein. Mrs. Loretta Guzman is in charge of the preparation of the food, and her assistants are Mrs. Anna Venhaus and Mrs. Rose Dietz.

During the summer a large gas range was purchased for the cafeteria and at present arrangements are being made for repainting the building.

The Nazareth schools had registration of all classes on September 5. The enrollment was 173. The High School is larger than it has ever been. Classes opened on September 6.

The Christian Mother's Society held their regular meeting on Sunday Sept. 9. They worked out the menus for the priests who will visit in the Holy Family Parish during the Forty Hours devotion which will begin September 30.

The Children of Mary held their first meeting of the fall season September 9. The regular officers, Misses Florence Stork, Rita Birkensfeld and Alvina Schmosker presided. Plans were made for the serving of the banquet for the Catholic Daughters on October 14. The attendance prize for the day was won by Vincent Ramackers.

Dan Fehr, Eugene Hochstein, Rita Hochstein and Ruth Ann Fehr left Sunday, September 10, for San Antonio. The girls will remain there to attend Incarnate Word College. Rita will be a junior and Ruth Ann will be a freshman.

Mrs. Brokenbrow is convalescing from an operation she received.

Home Decorating Is Fun for Farm Families

TIPS for other homemakers may be found in the interior decorating hobby shared by Mrs. Louis Heidbrink, Sr., and Mrs. Louis Heidbrink, Jr., a mother and daughter-in-law team, writes Joan Miller in the Rural Home department of nationally circulated Capper's Farmer. They live next door to each other in LaFayette county, Missouri.

Just across the driveway from the parental big house is a smaller one built by the Heidbrink's only son for his bride before they were married. A shingled bungalow, it is modern throughout. The women started their decorating hobby by working out modern rooms for the small house, writes the Capper's Farmer expert. "Then convenience and charm of the big house came in for a boost. "An attractive back porch was made for the big house with chairs and a double set, bright with yellow enamel. This enjoyable place is just off the kitchen where Mrs. Heidbrink, Sr., can carry small kitchen jobs or rest and cool off. Furniture was built of lumber from sliding doors taken out of an arch between living-room and dining-room. "Modern design is carried out in the Louis Heidbrink, Jr., master bedroom. In the corner with adjoining windows he built a graceful dressing table, shelves underneath. Painted with pink enamel, it has a billowing white organdy skirt, matching curtains and lamp shade. A Hollywood bed resulted from hack-sawing head and foot from an old iron bed."

Full Length Full Strength Full Weight McCORMICK-DEERING BIG BALL TWINE Treated Against Destruction by Insects

Place Your Twine Order Now YOUR order for binder twine, if placed now, will greatly help us to give you better service. Come in and tell us how much twine you will need. Figure your order on the number of acres you expect to harvest, estimating that it will take about 2 1/2 pounds of twine per acre. This will enable us to get your order in to the Harvester Company early, and will protect you in case we should order short of the local demand. Also, if we have the binder twine business settled early, we will be able to give you better and faster emergency machine repair service at the busy season if you need it in a hurry. Help yourself to better service by ordering your twine now!

Hays Implement Co. Your McCormick-Deering Dealer
