## Wait a minute...

By Kerry Craig

They are finally going to do it. The last formal steps were taken Monday by our city council to get a signal light installed down at the highway intersection.

The paperwork on the issue was delivered to a Highway Department official Tuesday and was started on its way to Austin.

Before we know it, there will be two intersections in our town with stop and go lights.

It is something that has been needed for a long time and with the planned rebuilding of F.M. 53 from the Runnels County line to Coleman, there is sure to be an increase in traffic.

Having two such lights in town may be the cause of some confusion, however. We may miss some important appointments if we don't specify which corner of Walk and Don't Walk we mean.

Our council has figured out how to catch a traffic light, now if they can just figure out how to catch critters.

The elections went off fairly well, I guess. There was some confusion as to where some folks were supposed to vote.

It was really interesting to hear some of the comments of folks going to vote. They were, it seemed, only interested in voting against a particular candidate for a state-wide office.

Well, they can vote against him again in the big election in November.

The Mayfest was a big success this year. There were folks by the bushel in the park for the event.

I am curious if some of our local men of the cloth did really auction chances to members of their respective flocks to sell the rights to the preacher's face with a razor.

Around my house it was a toss-up between the wife and daughter to see which could attack me first. Needless to say, by the time Monday morning came around I joined a number of other folks with freshly shaven mugs.

All that effort did, however, get me the first blue ribbon ever. I beat out Richard-the-Cop in the beard growing. Charlie called my face full of fuzz the "scrodiest".

I'm not real sure just what that means—couldn't find it in the dictionary. I feel sure that a nice guy like Charlie-the-Weather guy would only be complementary—my wife had other ideas about the meaning of the word that cannot be printed here.

There was some discussion around town this week about some type of competition for next year as a sequel to the beard growing contest. There were several suggestions—some good and some not so good depending on how you look at it.

The one that seemed to get the most discussion might be just right and give the wives a chance to get even with those of us who, in the interest of promoting a community-wide event, elected to suffer a bit and cultivate chin whiskers.

A hairy-legs contest for the women—Now wait a minute...

## Family Group to have Bake Sale

The Family Group for the Senior Citizens Nursing Home will have a Bake Sale Friday, May 9, at 10 a.m. in front of Super Duper.

All members of the Family Group need to have their items at Super Duper before 10 a.m.

## Band Booster meeting re-set

The regular meeting of the Blizzard Band Boosters has been changed to Monday, May 12, at 6:00 p.m. in the band hall.

All members are urged to attend to help make plans for the 86-87 school year.

## Lets see here...

Television personality and Weatherman from KTAB-TV in Abilene, Charlie Jordan was the judge for the beard growing contest at Mayfest 86 Saturday.

Charlie was down to the fine point in measuring the length of Boyd Bedford's chin whiskers here.

A large crowd was on hand for the activities Saturday at the Winters Community Center and City Park.

## Mayfest '86 has lots of winners

There were a lot of winners at the Mayfest, Saturday. We hope everyone enjoyed playing and watching all the events.

First up are the Beard-Growing Contest winners Charlie Jordan did a fine job declaring our winners. They were divided into two groups those who had beards before February 24 and those after February 24.

Before February 24:  
Longest Beard (1) Smokey Horn (2) Boyd Bedford.  
Neatest Beard (1) Billy Tischler (2) Charles Ludwick.  
Sparsest Beard (1) Kerry Craig (2) Richard Hawkins.

After February 24  
Longest Beard (1) Tommy Gardner (2) Gary Moore.  
Neatest Beard (1) Royce Ivey

## Wingate Elementary sets pre-school day

The Wingate Elementary School will have its annual pre-school day on May 14 for all five year old children who will start kindergarten in September 1986. Students will visit the kindergarten classroom from 9 a.m. through lunch period which ends at 12 noon. Students should bring a copy of their birth certificate and immunization record.

## Free Immunization Clinic to be held

There will be a Free Immunization Clinic held by the Texas Department of Health, Monday, May 12, from 10 a.m. until 12 noon and 1 p.m. until 3 p.m.

The clinic will be held at 100 Grant Street in the Professional Building, Suite 108.

For more information call 754-4945 between the hours of 9 a.m. and 12 noon Monday through Friday.

## Recognition

Winters Mayor Randy Springer used the Mayfest to issue a proclamation recognizing the Winters Young Homemakers for their work in constructing a new playground in the Winters City Park. Along with the proclamation Springer said that a permanent marker would be erected at the playground to commemorate the work of the organization.

## County tax deadline July 1

Runnels County Tax Assessor-Collector VaRue McWilliams has issued a reminder to Runnels County residents that July 1, is the deadline for payment of 1985 taxes without penalty.

Property owners who do not pay their taxes by July 1, will be required to pay an additional 15 percent penalty which is required by state law.

Mrs. McWilliams says that the total effective penalty and interest for delinquent taxes paid in July will total 35.7 percent, including the 15 percent penalty.

This reminder is to provide some incentive for property owners to avoid the penalties and interest that accompany late payment of taxes.

## County voters re-elect county commissioners

Voters in Runnels County returned two incumbent commissioners to their posts for another term and sent Representative Jim Parker to meet Republican challenger Joe Branham in the November General Election.

In the race for the Democratic nomination for Commissioner, Precinct 2, Runnels County, it was the same song, second verse for Johnnie Wilson and Richard Hamilton.

Wilson retained his position by defeating challenger Richard Hamilton 232 to 189 votes. Two years ago, the same two candidates sought the same office with the same results.

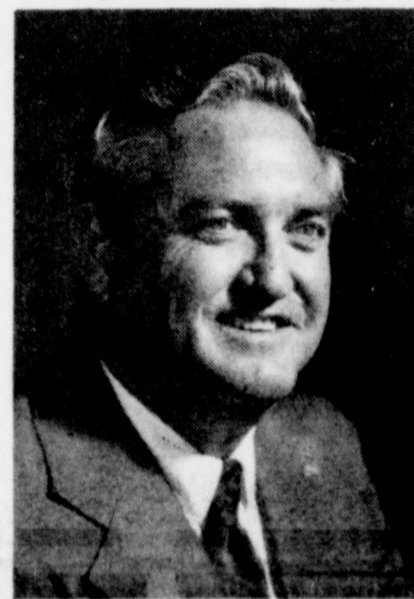

In the race for Commissioner, Precinct 4, incumbent Marvin Salling defeated his opponent

Richard W. (Ricky) Strube 359 to 273 votes.

In the race for the 65th Legislative District, incumbent Jim Parker won the Democratic nomination for the post over Brownwood businessman Joe Swanner. Parker tallied 905 votes in Runnels County while Swanner received 417.

There were two Republican candidates seeking the legislative post. Brownwood school teacher Joe Branham defeated John Nevill of Eastland for the general election. In Runnels County however, Nevill received the majority of the votes with 137, while Branham received 130.

Parker and Branham will face each other on the general election ballot.

Johnnie Wilson re-elected

Jim Parker in the runoff

## Lawrence Brothers open new store

The ribbon officially opening the Lawrence Brothers super market was cut Tuesday morning by J. M. Lawrence, who began a chain of stores in this area some 50 years ago.

The new store is located across the parking lot from the old location, which was operated under the name Piggly Wiggly.

Mr. Lawrence was joined by his wife Thelma and sons Jere, Terry, and Jay Lawrence in opening Winters' newest grocery store.

Also on hand for the opening were a number of business and community leaders and the employees of the new store.

## Winters Rodeo Association schedules playdays

Well it's nearly that time of year again, and we would like to invite you and your family to join us for another fun summer. Our play Days will be June 14 & 28, July 12 & 26, August 9 & 23, at the Winters Rodeo Arena, located north of Winters. Each Play Day will begin promptly at 7:00, each time. We have 5-6 events in each age group. They will be as follows:

5 & under—Barrels, Pole Bending, Cowchip Throw, Boot Scramble, Calf Head Roping.  
6-8 yrs.—Baseball Drop, Balloon Bust, Barrels, Pole Ben-

ding, Cowchip Throw, Boot Scramble, Calf Head Roping.

9-11 yrs. 12-14 yrs. 15-18 19 & Older—Baseball Drop, Balloon Bust, Barrels, Pole Bending, Flag, Calf Head Roping.

All the events will be \$1.00 each, and \$12.50 per family to compete in All-Around. In order to win All-Around in each age group, you must receive the highest number of points at the end of the Play-Days. We use the six point system. Six places will be awarded in each event. Last year we awarded \$1,200.00 in prizes. We will also

have a SURPRISE EVENT each Play-Day. A concession stand will be open, also.

We hope you will come and join us. If you have a question call Brenda & David at 754-5120, or Aletha & Ray at 767-3651.

## Country Club sets members meeting

The Winters Country Club has called a membership meeting and hamburger supper for Monday, May 10.

The supper, which is free to members will begin at 7:30 p.m.

the lake, but Werner Halfman, owner of the ranch at Leaday said, "I wish someone was concerned about my habitat rather than a snake's."

As the great dam rises from hill to hill, the water will moved upward, filling the river bed bank to bank. It will cover the tops of the chimneys. The man in the helicopter will point out the spot where the drowned town of Leaday grew and died and was buried in water. Heartache will color the memories of other days, but the greatest sadness would be no water for human needs.

As clear water gushes from the faucets, there will be rejoicing as clean people sleep on clean beds. A whole recreation industry will appear on the hundred miles of lake front, and fifty towns will have a future. In fact, the lake will furnish water and recreation for all of West Texas.

"Studies show that the economic impact of Stacy through the year 2030 is \$80 billion. If there are 800 snakes—that's \$2 million a year per snake." Surely, the priority of human needs must take precedence over the needs of a snake.

Richard Coffey was the first known settler in the Leaday area, in the mid 1860's.

In 1876, W. H. Day came to the area, and in time owned about 40,000 acres of land. After his untimely death in 1881, when his horse fell on him during a stampede, his wife took over the business and a few years later had 87,000 acres, all enclosed by barbed wire fences.

Mrs. Day later married a Mr. Lea and in 1904 staked the town of Leaday. It gained a population of about 500 families in the next two years, and became a large cotton producing area.

A town square was laid off and the first store built in 1905. Work was started on a two story hotel which was soon completed. Business boomed and other stores were added. At one time it had a good school, a lodge hall, also a blacksmith shop and a barber shop. A cafe was built to serve the customers and the cotton gin ran day and night during harvest season. **No Future For Leaday**

With the fate of the Stacy Dam project hinging on a harmless water snake, a small stock farming community in Coleman County named Leaday has come into prominence.

But what is the future for Leaday?

If the Concho Water Snake is declared an endangered species

by the Fish and Wildlife Service the real danger will be the water shortage. "If we don't do anything about the water supply, there won't be any environment. If it comes down to the people or the snake, I hope you go for the people," said State Senator John T. Montford.

Leaday will be inundated by

Wear a smile today, one size fits all.

The attendance at our supper and game night Saturday was kind of small, but like our president, Richard Denny, said, it was a good looking bunch, he called the business meeting to order. Secretary, Brenda Watkins, read the minutes, Treasurer, Jewel Denny gave her report. It was decided not to have any suppers for June, July and August, and to start back September 6. Hostesses for that date will be Sam and Dee Faubion, Linda and Dale Duggan. The Charlie Gerharts from Lometa were visitors.

Bro. Oscar Fanning and Therin Osborne were in San Angelo Saturday to see Burly and Tina Campbell, who are doing about the same. A report from their son, Buck, in Abilene is that he is real ill.

Bro. Oscar and Janie Fanning, Louise Osborne, Chester McBeth, Karen, Welsey, and Stephine McGallian and Nila helped Therin Osborne celebrate his birthday Sunday in their home.

Happy Birthday Therin! The Rodney Faubion family and the Dan Phillips family of Abilene had a birthday supper for Brian and Brandon in the Phillip's home Friday.

Many more of those "Happy Birthdays" boys.

On Tuesday the 29th Brian Faubion had ice cream and cake on his 11th birthday. Present were: Harvey Mae Faubion,

dwellings dotted the landscape.

Good roads and faster travel killed Leaday, as it did other small towns back in the 1940's.

The history of the Leaday area can be summed up in three main periods.

The first was when large herds of cattle roamed the range, and one could ride for days without seeing a fence. Ranchers had to keep on the move and could build no permanent headquarters because of the Indians who kept life from getting dull with their cat and mouse games.

Then the farmers came and plowed up several thousand acres of virgin land on the Day Ranch, and other areas of the county. They were tenants, and very few owned land.

This was the small town period, when country life was at its peak. Religion was the main aspect of social life. The rural schools were the centers of their communities.

Today the Leaday area is a stock farming community.

Another period is approaching. If plans to build the Stacy Lake are carried to fruition several thousand acres of land in Coleman, Concho and Runnels will be covered with water. This includes large ranches such as the Day, Coffee, Miller and Giesecke, along with others that will be only a memory.

What will happen if the project is stopped? U.S. Representative said "The simple truth is we in West Texas live in an arid climate and we need more water. Without water, there can be no growth of cities or industry in this area."

Win, lose, or draw, Leaday has no future.

**Conservation reserve program**

Texas farmers will have another opportunity to put their erodible cropland into the government's Conservation Reserve Program when bidding reopens May 5-16. Farmers can resubmit bids on land that was not accepted the initial phase or they can submit bids for 1987, says a soils specialist with the Texas Agricultural Extension Service, The Texas A&M University System. A farmer must determine his land eligibility with the Soil Conservation Service and then submit a bid at the local Agricultural Stabilization Conservation Service office. The bid price should reflect an acceptable income from the land. Special worksheets are available at county Extension offices to help farmers determine a bid price.

Margie and Walter Jacob and Brenda Jacob had supper with Beverly VanZandt and boys Friday night. Afterwards they attended Brad VanZant's preschool graduation at the Lutheran Church in Winters. Sharon Busenlehner, Bryce, Beverly VanZandt and boys attended dinner at the Holy Angel Catholic Church Festival, afterwards visited in the Brenda Jacob home in San Angelo.

**NCOA publishing "White Paper"**

The Non Commissioned Officers Association is again publishing its biennial "White Paper", a 12-page tabloid newspaper on the voting record of Congress.

The "White Paper" reports on nine issues in the Senate and eight issues in the House. The issues are bills directly related to national defense issues and appropriations. The "White Paper" shows if the Senate or House member voted yeah, nah or was absent when the bill was voted on.

The "White Paper" will be an insert in the May edition of the NCOA Journal, the official monthly publication of the NCOA.

Anyone desiring to have a complimentary copy of the "White Paper" may obtain one by writing: JOURNAL, NCOA Int Hq, P.O. Box 33610, San Antonio, Texas 78265.

**Three and four year olds have program**

St. John's Christian Preschool's 3-4 year old class had their closing program Thursday, May 1, 1986 at 7 p.m. in the Fellowship Hall of the St. John's Lutheran Church. The Fellowship Hall was

decorated with red and blue streamers and large red and blue bows. Texas Flags made by the children were attached to the streamers. Hurricane lamps with blue and red candles were placed around the room. Two tables were decorated with wall hangings, featuring their hand prints, that the children had made for their parents.

Christie Byrne, President of the Preschool Committee, welcomed the families and friends of the children.

Craig Conner asked the audience to join in the Pledge to the United States Flag and the singing of "God Bless America." The children then prayed their opening prayer used in Preschool and sang a welcome song.

A program of rhymes and songs were then presented by the children under the directions of Mary Kurtz, Preschool Director and teacher, with Susan Conner as accompanying on the piano.

Mary Kurtz thanked Pastor Stephen Byrne, Susan Conner, Mary Slimp and Karen Ludwick for leading special classes in music and aerobics, the mothers who helped teach, and the mothers who provided refreshments. She stated that one of the reasons the school has been able to accomplish what it has through the years, is the parents

have been so willing to help with, many of them going that extra mile.

After each child was introduced to the audience Pastor Stephen Byrne gave a closing prayer asking God's Blessings for the future of each child and their parents.

Refreshments were then served from tables laid with red tablecloths with centerpieces of red, blue and white flowers and candles to approximately 100 people.

**Card of Thanks**

The family of J. H. Christian wish to extend heartfelt thanks to our friends for all the comfort given to us during the time of our daddy's long illness and death.

We appreciated all the prayers, cards, flowers and food during this time. It's wonderful to have such great friends.

The next meeting will be held May 13 with Flossie Kirkland as hostess.

The longest fight in the history of boxing took place in New Orleans on April 6-7, 1893. Andy Bowen and Jack Burke fought for 110 rounds—seven hours and 19 minutes—only to have the referee break up the fight and declare it "no contest."

**Ladies Aid Met**

The Ladies Aid Circle of St. John's Lutheran Church met in regular session, Thursday, May 1, at 2 p.m. in the church parlor, with Mrs. Walter Kraatz presiding. She presented Mrs. Fritz Deike, program chairman for May, who opened the program with a song.

Twenty-one ladies answered Roll Call with Bible verses. For the birthday number the group sang a song.

The Cradle Roll Committee announced the enrollment of Baby Will Ahrens, child of Ted and Mary Beth Ahrens.

Hostesses for May were Mrs. Fritz Deike and Mrs. Bill Hoppe.

**Runnels Association meeting scheduled**

The regular meeting of the Runnels Association will be held Monday, May 12, at the First Baptist Church in Bronte.

The meeting begins with the W.M.U. and Executive Board at 5:30 p.m. The evening meal begins at 6:30 p.m.

The program begins at 7 p.m. The program is a Vacation Bible School Clinic.

The workers for the Clinic are, Association VBS Director, Roger Hammonds; Middle Preschool, Mrs. Juanell Stiles; Older Preschool, Mrs. Cathy Brewer; Younger Children, Mrs. Jane Strickland; Middle Children, Mrs. Jackie Talley; Older Childre, Bro. Lee Bevely; Youth, Bro. Bobby Price.

**Mauro announces reduced interest rate for Texas Veterans Land Program**  
 Texas Land Commissioner Garry Mauro announced a dramatic drop in the interest rate Texas Veterans are charged to buy land through the Texas Veterans Land Program. Mauro said the interest rate on \$20,000 loans to Texas Veterans to buy 10 acres of land through the Texas Veterans Land Board will drop from 9.97 to 8.75 percent as a result of action taken by the Texas Veterans Land Board. The best Veterans programs in the U.S.A. just got better. This rate reduction insures that Texas Veterans will continue to have the finest Veterans programs in the U.S.A.," said Mauro, who also serves as Chairman of the Texas Veterans Land Board.

The rate reduction is effective immediately and applies to all land loans currently being processed by the board and all land loans made after May 1.

"Dropping our interest rate from 9.97 to 8.75 percent will save Veterans \$17 a month on a 30-year, \$20,000 loan. This amounts to a yearly savings of \$204 on each loan," Mauro explained.

Mauro said the rate reduction was made possible by a highly successful bond sale which saw the board refund \$543 million in bonds on previous issues for the Texas Veterans Land Program. The bonds were purchased from the board by a syndicate

led by CitiCorp Investment Bank of New York at an effective rate of 6.91 percent and will provide continued funding for the Texas Veterans Land Program. "I'd like to encourage all Texas Veterans to check out our programs by calling toll free 1-800-252-VETS because we've got plenty of money to loan at very good rates for both the land and housing assistance programs," Mauro said.

More than 90,000 Texas Veterans have taken advantage of the popular Texas Veterans Land Program which makes \$20,000 low-interest loans available to eligible Texas Veterans.

In other action by the board, Frost National Bank of San Antonio was awarded a contract as paying agent/registrar for the bonds and will service the issue for the board.

### Underground storage tank notification deadline growing near

Owners of underground tanks storing hazardous substances in Texas have until May 8 to submit notification forms to the Texas Water Commission.

Concern about environmental damage and contamination of the nation's groundwater, widely used for drinking and other domestic uses, prompted the U.S. Congress to require the notification.

The notification requirements apply not only to underground storage tanks taken out of operation after January 1, 1974, but still in the ground. Under the new law, storage tanks are defined as "underground" if 10 percent or more of the tank, including piping, is beneath the ground. Farm and residential motor fuel tanks are exempt unless they are larger than 100 gallons. One-site heating oil storage tanks, septic tanks, and certain other tanks are also ex-

empt. The new law applies to underground storage tanks that hold liquid petroleum products or substances defined as hazardous under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (Superfund).

Congress provided for a penalty of up to \$10,000 for each tank for which notification is not given or for which false information is submitted.

Forms have been sent to probable owners of tanks around the state and are also available at TWC District offices and headquarters in Austin. The completed forms must be returned to the TWC in Austin.

Underground storage tank owners who would like to receive their notification forms by mail, or who need additional information, should call 512/463-7786.

### Five-year contract with Lone Star Gas to save state \$25 million

Texas Land Commissioner Garry Mauro announced an agreement with Lone Star Gas Company that will not only save ten state agencies more than \$25 million but will also add more than \$29 million to the Permanent School Fund over the next five years.

"Lone Star Gas Company is to be commended for helping us put together a deal that will not only save the state \$25 million in utility costs but will make \$29 million more for the school-children of Texas," Mauro said. Mauro said that the biggest savings went to Texas A&M University — more than \$19 million over the five year life of the contract.

Other agencies affected include the Abilene State School, \$697,386 total savings projected; San Angelo State School \$275,375; Terrell State Hospital, \$587,329; Wichita Falls State Hospital, \$554,409; Tarleton State University, \$155,366; Texas Department of Corrections, Tennessee Colony, \$172,427; Texas Women's University, \$2,069,096; University of Texas at Arlington, \$1,921,814; and Western Texas College, \$43,986.

Mauro said the arrangement was made possible as a result of an "in-kind" gas program at the Texas General Land Office in which the state chooses to be paid in gas, rather than cash, for the natural gas taken from wells

on state-owned lands. "By making this program work in cooperation with private sector people like Lone Star Gas Company, we can increase the revenue to the Permanent School Fund that will benefit public education as well as offer cheaper energy to state agencies to lower the overall cost of state government," Mauro said.

"It just doesn't make sense for the state to sell its gas wholesale and then, on the same day, buy it back retail at a substantially higher price," Mauro said. "We're not interested in competing with the private sector; but we are interested whenever we can make money for the state while lowering the cost of government to the Texas taxpayer."

"The 'in-kind' gas program of the General Land Office is the kind of innovative management and innovative use of Texas natural resources that must be developed to provide partial solutions to financing state government during these fiscally trying times," Mauro said.

Since this "in-kind" gas program was begun in 1983, the Texas General Land Office has deposited an additional \$25 million into the Permanent School Fund, saved \$4.2 million in general revenue funds for state agencies, and cut utility costs by almost \$30 million to rate payers in San Antonio, Corpus Christi and Austin.

### Mertzon goat roping

What runs like a goat, dodges like a goat, and kicks like a goat? Nothing. That's why there's nothing quite like watching a goat roping.

A jackpot goat roping will be held at 1 p.m. Memorial Day, May 26, at the Mertzon City Park to benefit West Texas Boys Ranch.

Also, a match roping will feature Marshall Millican of Robert Lee butting heads with Freddie Fields of Mertzon on twelve goats. The match roping will be held between go rounds

of the jackpot roping.

Ropers will pay \$50 for three goats, progressive after the first goat with the top twelve advancing to the final go round. Books will close at 11 a.m.

The event is expected to draw some good ropers hoping to get some quality practice in before the San Angelo goat roping championships in June.

The Spring Creek Roping Club is sponsoring the event. Concessions will be available throughout the day and barbecue will be served at 6 p.m. by the Mertzon Lions Club. There is no truth to the rumor that the hardest goat roped that day will be the guest of honor at the barbecue.

For more information, call (915) 835-3451.

### The Heart of Texas Cow-Calf Clinic

The Heart of Texas Cow-Calf Clinic schedule has been announced. The Cow-Calf Clinic is set for Thursday, May 8, 1986 at the Brownwood Coliseum in Brownwood. Registration will begin at 8:15 a.m. and the program will start at 9:00 a.m. The clinic is designed to provide tools for making management decisions to increase returns for cow-calf operators.

An outstanding schedule of events has been planned for the morning session, including Mr. Walt Richburg, on "Financing The Cow-Calf Operator." Mr. Richburg will also lead a panel discussion on "Financing, Where Do I Go From Here." A program on "Increasing Profits With Improved Range Management," by Dr. Milo Shult, of the Texas Agricultural Extension Service, and Mr. Dave Ferrelli will discuss consumer trends on red meat consumption to finish the morning's activities.

The afternoon program will begin with Sister Thomas More Bertels, of Mantiwoc, Wisconsin, on "Say It With Power," family style agriculture. A panel discussion will follow with several well-known area producers talking about "Forages That Work In Central Texas."

Free time for viewing exhibits by agri-business companies and breed associations will be provided. Drawing for door prizes

will also be held and a noon meal will also be available.

This program is being sponsored by the Texas Agricultural Extension Service, Texas Power & Light Company, The Federal Land Bank Association and the Brownwood Chamber of Commerce.

More information may be obtained by contacting the Runnels County Extension office in the County Courthouse.

### Cattlemen pleased with court ruling

Texas and Southwestern Cattle Raisers Association, a Texas-based beef cattle organization, expressed pleasure and relief with a district judge's decision April 30 ordering the U.S. Department of Agriculture to ensure orderly marketing of dairy cattle in the Dairy Termination Program, according to its president, John E. Birdwell of Lubbock.

"I view it (the decision) as a positive step that will help the industry immediately," he said. Futures prices per hundred-weight for cattle for deliver in May, June and July rose \$1.50 Tuesday and Wednesday, he said. Futures prices can rise a maximum of \$1.50 a day.

"I think (the rise in futures prices) was anticipating the favorable ruling by Judge Woodward," Birdwell said.

On Wednesday, U.S. District Judge Halbert O. Woodward ruled that USDA must implement by June 1 cattle marketing procedures that would minimize the impact of the dairy "wholeherd" buyout program on the red meat industry.

The decision, however, does not halt the program designed to cut milk production and reduce dairy surpluses over an 18-month period. On March 28, USDA announced that, beginning April 1, 14,000 dairymen nationwide would be allowed to slaughter 1.55 million dairy cows, heifers and calves at a cost of more than \$1.8 billion to achieve that goal.

TSCRA, other state and national cattlemen's associations and individual cattlemen filed suit, claiming USDA caused a dramatic plunge in beef prices by marketing too many dairy cattle in the first five months of

the program without announcing orderly marketing procedures as required by Congress.

Judge Woodward heard testimony on April 22 and April 28 from experts who said that it might take years for the beef cattle industry to recover from the dairy buy-out program. Woodward ruled that USDA was, indeed, in violation of a Congressional mandate to outline orderly marketing procedures to minimize the impact on the red meat industry.

Dairy cattle marketing will continue in the current format under the herd buy-out program until June 1 deadline. The judge, however, did order USDA to allow for a "proportionate percentage limitation" of dairy marketings from April to September.

### Michael A. Gray promoted April 24

Michael A. Gray, the son of the late Jake and Rita Gray of Winters was promoted to Radioman Senior Chief Petty Officer (E-8) on April 24, 1986.

Senior Chief Gray joined the Navy in June 1966 and has served on four different Navy Submarines. He has also been a Navy Recruiter and is presently stationed at Recruit Training Command as a Company Commander, in Orlando Florida.

Senior Chief Gray is married to the former Betty Virden, the daughter of Lucille and the late Gene Virden of Winters. They have two children, Michael, age 16, and Michelle, age 14.

The Gray's plan to retire from the Navy next year and return to Winters to make their home.

### Crude production increases in February

Texas crude oil production averaged 2,222,554 barrels daily in February, according to preliminary figures released by Railroad Commission Chairman James E. (Jim) Nugent.

The figure compares with preliminary January production of 2,191,131 barrels daily. Final production reports for January indicated average production at 2,272,326 barrels daily.

Estimated Texas oil production in February 1986 totaled 62,231,503 barrels, down from 67,925,066 barrels in January.

The state's top producing counties, rank ordered by preliminary February production were: Pecos, 3,811,233 barrels; Ector, 3,458,898 barrels; Andrews, 3,377,545 barrels;

Gaines, 3,125,294 barrels; Gregg, 2,614,323 barrels; Yoakum, 2,564,093 barrels; Hockley, 2,518,136 barrels; Crane, 1,802,556 barrels; Scurry, 1,694,305 barrels; and Refugio, 1,533,327 barrels.

**Michelle O'Neal—elected Sweetheart**

Michelle O'Neal, daughter of Jeryl and Caroline Priddy, was elected Area IV FFA Sweetheart Saturday at the Area FFA Convention in Stephenville. Michelle was chosen to represent Area IV as Sweetheart by

voting delegates from each school within the area. She will now advance the the State Sweetheart Contest to be held at the State FFA Convention in Amarillo, July 16-18.

**Robert E. Wood receives award**

The National Secondary Education Council announced today that Robert Edwin Wood, grandson of Mr. and Mrs. Harold Paschal of Winters, has been named as 1986 Academic All-American.

The NSEC has established the Academic All-American Scholar Award Program in order to offer deserved recognition to superior students who excel in the Academic disciplines. The Academic All-American Scholars must earn a 3.3 or better grade point average. Only Scholars selected by secondary school instructor, counselor, or other qualified sponsors are accepted. These scholars are also eligible for other awards given by the

NSEC. These are awards few students can ever hope to obtain.

Robert who attends Floresville High School was nominated for this National Award by his Advisor, Mrs. Bonna Reed. Robert will appear in the 1986 Academic All-American Scholar Director which is published nationally.

"Recognizing and supporting our youth is more important than ever before in American history. Certainly, winners of the Academic All-American Awards should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, Executive Director of the National Secondary Education Council.

The Council selects Academic All-American Scholars upon the

**Gramm to lead senators at U.S.-Mexico Conference**

U.S. Sen. Phil Gramm will stress expanded trade and efforts to eradicate drug smuggling when he leads the Senate delegation to the 1986 U.S.-Mexico Interparliamentary Conference set for May 30-June 1.

The 26th annual meeting of U.S. and Mexican lawmakers will be conducted at Colorado Springs and will focus on a range of critical issues facing both nations.

Topics scheduled to be addressed at the conference include the increasing illegal immigration and drug trafficking across the U.S.-Mexico border.

Among the other subjects for discussion are Mexico's \$98 billion international debt, \$26 billion of which is owed to U.S.

**Boy Scouts enjoy spring campout**

Winters Boy Scout Troop 249 spent the weekend of April 11-13 at the Chadbourne Ranch. The main purpose of the campout was to watch Halley's Comet and work on Merit Badges.

Included in the weekend was hike to "Church Peak", fishing contest and kite flying contest.

Twenty three boys and eight adults attended the spring campout.

Those attending were: John Austin, Billy Barnes, Richard M. Barnett, Otto Cortez, Billy Holland, J. Dan Miller, Russell Moore, Johnny Rodriguez, Raul Rodriguez, Jason Young, Jerney Epperson, Chuck Cravens, Buddy Miller, Brandon Seller, Israel Faris, Jerry Gray, Josh A. Walt, Ben Barker, Arron Bradley, Spencer Marks, Josh Bahlman, Russell Parramore, Garrett Woods and C. J. Young.

Adults attending were: Mr. and Mrs. Joe Young, Mr. and Mrs. Gary Moore, Mr. and Mrs. Robert Parramore, Lanny Bahlman, and Raul Rodriguez. exclusive recommendations of teachers, coaches, counselors, and other qualified sponsors. Once awarded, the students may be recognized by the NSEC for other honors.

financial institutions, as well as ways to lower the extensive barriers to trade with Mexico.

"My goal as Senate chairman of the U.S.-Mexico Interparliamentary Conference will be to promote a policy of expanded trade to create jobs and opportunity on both sides of the border," Gramm said in a recent interview with the Washington correspondents for NOTIMEX, the Mexican news agency, and Televisa, the independent Mexican television network.

"I also will press for expansion of our drug enforcement effort in order to wage a successful war against those who prey on the health and happiness of our children," the senator said.

Gramm revealed plans to introduce "a major trade initiative" in the Senate prior to the conference. "It will be a commitment of the United States to jobs and growth and a challenge to the Mexican government to join us in that effort," the senator said.

The U.S. House of Representatives delegation will be chaired by U.S. Rep. Kika de la Garza of Mission and will include U.S. Reps. Tom Delay of Sugarland and Ron Coleman of El Paso.

The Mexican delegation will be led by Senator Antonio Rivalpalacio, president of the Grand Commission of the Mexican Senate.

**Convenience key to new egg products**

New products will likely guide the destiny of the egg industry in Texas and the United States, and a key factor has to be "convenience," says a poultry marketing specialist with the Texas Agricultural Extension Service, The Texas A&M University. Food products made of eggs are being manufactured and frozen and sold for the retail market. Fast food operators are asking for ready-to-use egg products. Super chilled, pasteurized liquid eggs are being delivered to restaurants in small refrigerated containers. These and other practices make eggs more convenient.

People once believed that agates could render them invisible.

### St. John's Lutheran Church held graduation for four and five year olds

A Graduation Program for the four and five year old class of St. John's Lutheran Preschool was held Friday May 2, 1986 at 7:30 p.m. in the Fellowship Hall of the St. John's Lutheran Church.

The Fellowship Hall was decorated with Texas Flags made by the children, red and blue streamers joined by red and blue bows and hurricane lamps with red and blue candles.

Each mother upon arrival was given a flower made by their child to wear as a corsage.

Christie Byrne, President of the Preschool Committee, welcomed the parents and friends of the children and recognized Mary Kurtz, Minnie Belitz and Susan Conner for their work with the Preschool.

Mary Kurtz, Preschool Director and teacher, recognized

members of the committee, Bob and Sue Prewit for serving on the committee for four straight years with Bob serving two years as chairman. Glenn and Melinda Hoppe for serving two years and Ricky and Tammy Dunlap serving one year and coming back for a few more. Other members of the committee for this year were: Nadine Bedford, Teresa Davis, Minnie Belitz, and Juanita Bredemeyer.

She also thanked the parents for their help, with special appreciation to the ones who did the little extra things and were willing to work extra shifts when needed.

The program was then turned over to the children with the help of Mary Kurtz and Susan Conner. The children prayed their opening prayer used in Preschool and sang their

welcome song. Ryan Mills then asked the audience to stand and join the class in the Pledge to the United States Flag and the singing of "God Bless America". The graduates then presented songs and rhymes.

Mary Kurtz then introduced each child and presented them with a Preschool Diploma. Pastor Stephen Byrne then gave the closing prayer, asking that the children would go forth to Kindergarten and through life with God's Blessings. The Benediction on the back of their program read: As you go on your way, May God go with you. May Thee go before you to show you the way; May Thee go behind you; Above you to watch over you; And within you to give you peace. In the name of the Father and the Son and the Holy Spirit, Amen.

Refreshments of cookies and punch were served to 95 people from decorated tables carrying

out the Texas theme with red cloths and red, white and blue flowers and candles as centerpieces.

### Texas crop acreage farm income down

Both crop acreage as well as farm income should be down in Texas this year, says an economist with the Texas Agricultural Extension Service, The Texas A&M University System. Rice and soybean acreage is expected to be about one-third less than 1985, the sorghum crop should be down 16 percent, cotton acreage should be 12 percent less, hay production should drop 9 percent, and the corn and peanut crops should be off 3 percent. With market prices expected to fall below variable costs of production, most farmers will comply with the farm program for target price protection and use of the regular farm loan. This means net farm income in Texas could fall 10 to 15 percent below the depressed \$1.4 billion level estimated in 1985.

**THREE FOR LIFE**  
There are three important tests recommended by the American Cancer Society to help detect cancer of the colon and rectum at an early, highly-curable stage: the stool blood test, the digital rectal exam and proctosigmoidoscopy. Ask your physician about all three simple, lifesaving procedures.

If you are 40 percent overweight, your risk for colon, breast and uterine cancers increases, according to the American Cancer Society. See your physician to help determine your best body weight and an appropriate diet and exercise program to maintain that weight.

up. This gives the West Texas wind and curious dogs and cats the chance to tear into it and scatter the trash. So the simple solution to that problem is to please not put trash out too soon, wait just as close to pick up time as possible. Even one night is better than two or three nights ahead of time.

Congratulations to Michelle O'Neal for the honor of being elected Regional FFA Sweetheart this past Saturday. She will be going to the state competition this summer and we wish her good luck.

The Chamber would also like to thank those who have been present for the two Ribbon Cutting Ceremonies held recently at our two new grocery stores. Winters is on the grow.

prises, Inc. Winters Flex Line, Pool Well Servicing Co., Bishop and Sons Dirt Contractors, American Well Servicing Co., Mac Oil Field Company, Inc., Super Duper Food Store plus all the Chamber directors and Cold Drink Stand volunteers, organizations and exhibitors — we thank you all. It was a great Mayfest!

Plans are being made now for Mayfest '87 while we still remember what went well and the things that need changing. All ideas and suggestions are welcomed. Come by the Chamber office or call 754-5210 and share ideas with us. May 2, First Friday, brought many shoppers to town and the winner of the \$100 gift certificate given by the Chamber, was Brandon Sellers. Congratulations Brandon.

The First Friday in June will be June 6, the opening night of the Rodeo, so let's plan another big shopping day for June.

Due to the hectic and frantic days of getting ready for Mayfest we failed to give a due recognition to the Winters Lions Club, the Winters Boy Scouts and the City and County workers who gave up their Saturday on April 19 to pick up and haul off trash that was gathered around town. This is a chore that is very necessary to the betterment of Winters.

It has been brought to our attention that a lot of the smaller bits of litter and trash that blow around town is coming from trash that is set out several days before time for it to be picked

## Memo from Kay

Mayfest '86 is over and it was a great day! The largest number of people to ever come to Mayfest were on hand to see Charlie Jordan judge the local beards that have been in production since the Chamber Banquet in February, and to enjoy the musical entertainment that performed from the gazebo in the park. Many local organizations set up food booths which provided an excellent and varied menu for noon meals.

The tournaments, races and games took many volunteers who were willing to give their time to help make Mayfest a truly family day of fun. We would like to name a few of these people at this time and will be thanking others along. We don't want to overlook anyone and if we do it is certainly unintentional.

Chairmen of many of the events and others who did so well with their particular assignments were: Melanie and Donald Wade, Gary Don Pinkerton, Renee Calcote, Donna Guy, Kandy Sheppard, Edna Ruth Self, Brett Ashley, Ginny Smith, Judy and Latricia Palmer, Jackie Tennison, Jim Farmer, David Hale, Randall Boles, Ken and Mary Slimp, Bill Hooten, Gary Moore and Assits.

## National Hospital Week Health Fair set

With an emphasis on cardiovascular wellness, Hendrick Medical Center, Humana Hospital-Abilene and Dyess Air Force Base Hospital will host the fifth annual National Hospital Week Health Fair at the Mall of Abilene, May 9-10. This year's theme, "Hospitals Make Healthy Neighbors," wellness.

Daily during Mall shopping hours, medical personnel and representatives from health organizations will offer a variety of free health screenings, demonstrations and information. A first for this year's health fair is a cardiac risk screening, which combines results of a cholesterol check from a blood sample with other factors to determine risk of heart disease. The screening is available due to Roche Laboratories loan of the Cobas-Mira, a blood chemistry analyzer, and a risk assessment procedure shared from the American Heart Association.

The health screenings to be offered will also include blood pressure, height and weight analysis, pulmonary (lung) function, and hearing checks. Special displays for children will include needleplay therapy and height/weight checks to be recorded on growth charts.

The Seventeenth District of the Dental Auxiliary is conducting a toothbrush exchange, giving a new brush to anyone turning in an old one.

"Needleplay therapy helps a child overcome the fear of injection."

tions by making him or her feel familiar with the instruments and methods," said Ellen Robinson, RN, patient care coordinator of Hendrick pediatric department. Nurses will demonstrate how to give an injection, and children will practice giving shots to dolls and stuffed animals.

Another feature at the Health Fair will be a Blood Drive sponsored by the Meek Community Blood Bank. Blood Bank employees will take blood from donors in a M\*A\*S\*H style set-up. Refreshments will be available to donors who will find out their blood type free.

Fitness demonstrations throughout the two days will complete the Health Fair activities.

Participants with free screenings and health literature include: American Cancer Society (computerized risk assessment); Abilene Council on Alcoholism; Abilene Rape Crises Center; Abilene MH/MR; Abilene Taylor County Health Department; Alzheimers Support Group; American Heart Association; American Red Cross; Big Country Safety Association; Cardiovascular Health Unit (cardiac risk assessment); Hospice; Kidney Foundation; March of Dimes; Mental Health Association; Muscular Dystrophy; 17th Dental Auxiliary (toothbrush exchange); Serenity House; Southwest Organ Bank; Texas Department of Human Services; WTRC and Woods Psychiatric Hospital.

### INCLUDE CRUCIFEROUS VEGETABLES

Certain cruciferous vegetables—so called because their flowers form a cross—including cabbage, broccoli, brussels sprouts, kohlrabi and cauliflower, may help prevent some cancers from developing, according to the American Cancer Society. Make them a regular part of your family's diet.

### SIMPLE TEST

The Pap test, a microscopic examination of cells from the cervix, is a simple test that is associated with the marked decrease in deaths from uterine cancer over the past 40 years, according to the American Cancer Society. Make a Pap test part of your regular cancer checkup.

## State offshore oil production up, gas production down

State offshore leases produced 150,799 barrels of oil during February, up from 131,261 barrels in January, according to Railroad Commission Chairman James E. (Jim) Nugent.

Gas well gas production from state leases amounted to 8,590,929 Mcf (thousand cubic feet) in February, against 9,856,630 Mcf in January. Casinghead gas production

totalled 189,793 Mcf in February compared to 194,914 Mcf in January. Casinghead gas is natural gas produced from oil wells.

Condensate production from state leases amounted to 32,868 barrels in February, against 31,709 barrels in January. Condensates are liquid hydrocarbons produced from gas wells.

In February, offshore crude production made up about 0.2 percent of total estimated crude production in Texas. Offshore gas well gas production was ap-

proximately 2.4 percent of the estimated state total.

Offshore production in state waters was reported in February from 44 oil and 410 gas wells.

## Healthy hearts for older Texans

Heart disease is by far the leading killer of older persons. In Texas, where the older population is the fastest growing age group, nearly 40,000 persons 65 and older die annually from heart attacks or related cardiovascular problems. But according to the Texas Department of Health, the incidence of heart disease can be greatly reduced by individuals who take a few, basic precautions.

Dr. Robert Bernstein, Commissioner of Health, said, "Certain risk factors, physical characteristics and personal habits can create dangerous heart conditions. Diabetes, high blood pressure, and tendencies toward obesity usually can be controlled, with the help of a physician. And smoking, high blood cholesterol levels, and lack of exercise can be corrected by the individual."

He said young people should be aware that most heart disease in older people is the result of many year's cumulative effects. Any reduction of risk can help lessen the collective wear and tear on the heart. "Older people should know that even if they already have suffered some heart damage, by starting now to properly maintain their hearts, they may minimize future risk," Dr. Bernstein said.

He named six steps each person should take to reduce the risk of heart disease. They are:

\*Do not smoke. Smoking is the single most preventable cause of heart disease. Remarkably, people who have smoked for many years can reduce their risk to 10 percent

above normal in the first year after stopping. Ten years after ceasing to smoke, a former smoker is no more at risk than a person who has never smoked.

\*Have your blood pressure checked at least once a year. If you learn that you have high blood pressure, follow your doctor's orders for reducing salt and fats in your diet, and taking prescribed medications.

\*Lower your blood cholesterol level. Most American's diets include too many saturated fats, which in time can accumulate in the blood vessels, forcing the heart to exert more pressure than it should.

\*If you find that you are diabetic, follow your doctor's orders for medication and diet.

\*Get plenty of exercise. Activity stimulates that entire cardiovascular system and keeps

the heart muscle in condition to withstand unexpected stresses.

\*Know your family health history. Persons whose parents or other close relatives have experienced heart problems may be prone to develop similar conditions. Such people should be especially careful to reduce their risks.

"You have to wonder," Dr. Bernstein added, "how much longer the human lifespan could be, if everyone minimized their risks as they should. Since heart disease is the cause of death for more than a third of the people 65 and older, those entering that age group might well look forward to many more healthy, productive years than they do now. In medicine, we still don't know how long a well-maintained heart can be expected to last.

## Judy Brookshier

A former Ballinger resident was killed in Odessa Thursday in a traffic accident involving four vehicles.

Permian High School Assistant Librarian Judy Lynn Brookshier, 40, was pronounced dead at a local hospital following a 7:40 a.m. collision at a city street intersection.

The Brookshier vehicle following the initial collision swerved into a utility pole before coming to rest, according to investigating police.

Funeral services will be conducted at 2 p.m. Saturday in First United Methodist Church, Ballinger.

Dr. Bailey Stone, pastor of the First Baptist Church of Odessa, will officiate.

Burial will follow in Garden of Memories, Ballinger.

Born July 12, 1946 in San Angelo, she graduated from Ballinger High School in 1964 prior to attaining B.A. and M.A. Library Science degrees at North Texas State University, Denton.

Recipient of an M.A. in history at University of Texas' Permian Basin facility, she had previously served as a librarian with the Fort Stockton Independent School District.

Survivors include her parents, Mr. and Mrs. Gordon (Louise) Brookshier, Talpa; and sister and brother-in-law, Mr. and Mrs. Robbie (Carol) Jones,

nephew Shon, and niece Fagan Brooke Jones, all of Sonora.

She was a member of the First Baptist Church of Odessa, and a past president of the local chapter of the Texas State Teachers Association.

Arrangements were completed by directors of Rains-Seale Funeral Home Ballinger.

## Contributions of elders to be lauded during Older Texans Month

More than 650,000 Texans have lived for at least half of their state's 150-year history and 1.6 million others are 60 or older. Now these seniors, who helped transform a raw, sparsely populated agricultural state into a world leader in commerce, culture and industry have been officially recognized for their achievements by Governor Mark White's designation of May as Older Texans Month.

White, in an official memorandum, noted that, "Without the foresight and dedication of our older citizens, Texas would not be a state where opportunities for growth and prosperity still abound. (Senior Texans) have placed their signature on every aspect of 20th Century life."

Many communities have scheduled activities to be held in conjunction with Older Texans Month. Among the groups planning these celebrations are

### NOT ONLY CHILDREN

Leukemia is very often thought of as a disease of childhood. According to the American Cancer Society, it actually strikes more adults—in a ratio of about 9 to 1. Regular health checkups, including blood tests, are your best defense against leukemia and other cancers.

schools, churches, social service agencies, nursing homes and civic organizations.

Statewide activities that will correspond with Older Texans Month include Nursing Home Week, which will be observed May 11-17, and the May 31 election of the first Texas Silver Haired Legislature.

The Silver Haired Legislature will be an elected body of Texans 60 and older who will convene this fall in Austin to identify issues of greatest importance to the elderly and draft proposed legislation that addresses these issues. These proposed bills will then be submitted to sponsors in the regular Texas Legislature.

To find out about any celebrations or special activities planned in your area, call the Texas Department of Aging's toll-free Information and Referral number (1-800-252-9240) or your local area agency on aging.

### Looping starship touches down at Astroworld

For an adventure that's truly out of this world, board the ship of AstroWorld's newest attraction, the looping starship and prepare for an unforgettable planetary voyage.

The suspended starship, which is balanced by a counterweight at the top of the ride, begins its journey upward

gently swinging back and forth, giving riders the sensation of being on a giant swingset. The ship continues on this course gradually moving counter-clockwise. At the height of the swing, when the Looping Starship has gained enough momentum, it is positioned parallel to the ground below.

The Starship then pauses, for what to the passengers must seem a long, long two seconds. Take note potential space explorers, at this point you are 84 feet, the equivalent of eight stories, above the ground- upside down.

The ride then goes into orbit as the ship and its 50 passengers make several exhilarating 360-degree loops. The laws of physics once again come into play, as the Looping Starship swings back earthward in decreasing arcs until the natural loss of energy in the swing and the braking system slow the ride to a gentle stop.

Although the two-minute experience is not as long as an actual trip through space, the series of swings and 360-degree loops will definitely make the Looping Starship an unforgettable voyage.

AstroWorld is located at 9001 Kirby Drive off Loop 610 and is open spring weekends. For more information call 799-1234.

### Girl Scout Troop 179 go to Camporee

Girl Scout Troop 179 participated in the Spring Camporee at Lake Brownwood Girl Scout Camp on April 18, 19 and 20.

This was a campout for the Girl Scouts. The girls learned how to cook outdoors, tie knots and general knowledge of our environment and camping.

The girls celebrated Texas' Birthday with a party. Cake and punch were served and each girl

released a balloon with her name and Troop number inside. It was a very rewarding and exciting weekend for the girls.

Those attending were: Rhonda Bethel, Shelia Brannan, Kim Chadwick, Jessica Epperson, Jennifer Matthews, Melissa Smith, Cindy Towe, and Mary Rodriquez.

Adults attending were: Donna Epperson, Wanda Lange and Glenda Matthews.

### Applying for social security benefits

If you plan to retire before reaching 65, you should apply for Social Security benefits no later than the last day of the month you want the benefits to begin. The reason is that benefits payable for the months before you reach 65 and start no earlier than the month in which you apply. However, a widow or widower who is under 65 can apply during the month after the worker's death and still receive a benefit for the month of death.

A person who applies for Social Security retirement or survivors benefits after 65 can receive back payments for up to 6 months before the month the application is filed, but not before 65. The best way to assure that payments will be received on time is to apply 3 months before you want the benefit payments to begin.

The application for benefits can be expedited if you bring to the office your Social Security number card; proof of age; a marriage certificate if the application is for spouse's, widow's, or widower's benefits; children's birth certificates; and W-2 form for the past year.

A person applying for disability benefits as a dependent parent should bring proof that he or she was being supported by the worker.

Contact the San Angelo Social Security Office at 949-4608 (2214 Sherwood Way) for more information.

### Visit slated for May by Social Security

John Willis, representative for the San Angelo Social Security Office, has scheduled his May visit to Winters. He will be at the Housing Project Office on Monday, May 19, between 9:30 a.m. and 10:30 a.m.

Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time.

### Class of '61 to hold 25th reunion
