Spring Training Friday the Bobcats started trai ng for track. The boys that tend the district meet in Canyon

the first week end in April. After the meet, spring football ning will start and last for one nth. Football looks more fa ble this year than in years pas The reason for this is that the more boys taking interest yet it seems as if some of the boys are still lacking in school spirit. It is that they think they smart or is it that they can't take it?' One excuse been given that they do not wish to play on a losing team, but everyone would try D. H. S. wou be tops in athletics.

Already people are wondering all over the country whether there'll be any new automobile models for 1942. Though nothing can be absolutely definite yet. there is no indication, according o insiders, that any effort is beg made at Ford's to hold up 942 models. As national defense work stands at present, prepara-tions for new models are in no way causing interference. Body lesign engineers are going steadly ahead with layouts.

Play Day To Be He'd in Dimmitt

Several committees have been appointed to work out the details for a Play Day for all the children in this county.

The purpose of the Play Day is not to have competition between schools or communities but to have children from each community on one team to play for the fun of playing. It is to be more on the order of a festival, similiar to the musical festivals now being held in Texas. Teams or groups would work more like patrols in scouting The Play Day will probable be not later than the first week end

WE ARE YOUR Tellew

We are the Texas petroleum industry. There are nearly 225,000 of us, living in every section of the State.

With our families, we make up one million Texans, nearly one-sixth of the State's population.

Each of us has his job. Together we represent almost every type of worker.

Some of us live and work in your community. Our children go to school with your children. We trade in your stores, attend your church, pay taxes and vote—as you do—for the betterschools.
