## Junior Livestock Show Grand Champions

Cara Cathey presents Danny Beechley a belt buckle for winning Grand Champion Rabbit of the Winters Junior Livestock Show held last weekend.

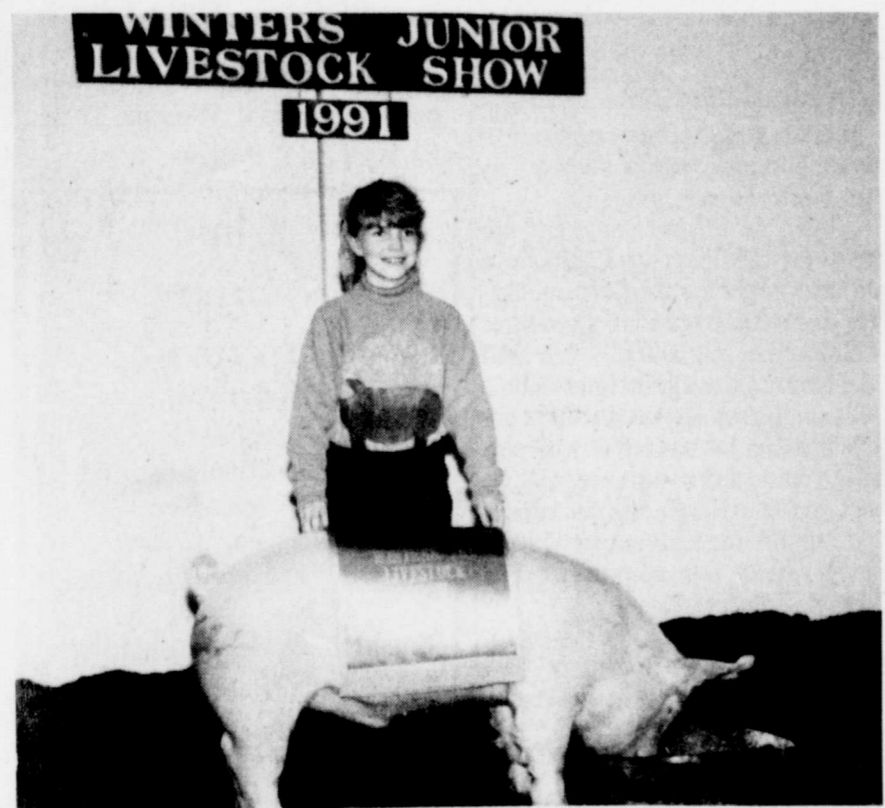

Russell Parramore with his Limousin steer which garnered the Grand Champion steer honor at the Winters Junior Livestock Show.

Luther Dunlap holds his lamb and the Grand Champion banner as Cara Cathey displays the belt buckle he won for Junior Showmanship in the lamb show.

Robyn Parramore shows her brother Russell's Limousin heifer which won Grand Champion Heifer honors last weekend.

Misty Pritchard proudly displays the Grand Champion banner won by her Yorkshire barrow at last weekend's Junior Livestock Show. Misty also won Junior Showmanship honors in the Swine Show.

R. Q. Marks, center, accepts a plaque from Preston Barker on behalf of the Winters Livestock Association at a presentation on Friday night. The 1991 Junior Livestock Show was dedicated to Marks in appreciation of his many years of service to the Association. Others in the picture are from left to right, Roy Shackelford, Winters Ag teacher, Calvin Jackson, Barker, Marks, Mrs. R. Q. Marks and their son Rex with his wife, Jackie. In front are their sons, Eric, Brandon and Jason.

### Lions Club letter to area military people

The Winters Lions Club is seeking names and addresses of men and women in the service deployed to Saudi Arabia. Plans are to send a letter, signed by Lions members and others who would like to participate, letting the men and women from our area who are serving their country, know that the people back home are thinking about and praying for them in this unsettled time.

Anyone who has a relative, friend, etc. who is serving and who has their address, please contact either *The Enterprise* office or Randall Conner, president of the Lions Club within the next few days.

### Chamber banquet to be Jan. 26

The annual Winters Area Chamber of Commerce banquet will be held Saturday, January 26. The meal will be catered by The Shed of Wingate. Entertainment will be provided by the Jordan River Jubilee, a singing group from Brownwood.

Advance tickets to the banquet, to be held at the Winters Community Center are currently on sale at the Chamber office for \$8.50 each. Dress for the occasion will be casual and everyone is invited to participate in this community event.

## Voters say "yes" to school bond issue

In a light turnout of voters, the \$1.75 million school bond issue was approved by a vote of 354-74 last Saturday. The purpose of the bonds is to renovate the present primary/elementary school. The 1950's era school will be gutted and rebuilt from roof to floor with the money from the bonds. Plans call for the bonds to be repaid in 15 years.

The WISD Board of Trustees called the bond election following recommendations of the Citizens Advisory Committee last August. Now that the issuance of the bonds has been approved, Superintendent Tommy Lancaster says more concrete plans can be made.

The school district must first obtain a bond rating from Moody's Rating Service. The bonds cannot be sold within 30 days of the election, but work will begin immediately obtaining all the data

necessary to secure a rating and sell the bonds, according to Superintendent Lancaster.

Meanwhile, the architects will be working with the Board to draw up final plans for the school and preparing specifications for the advertisement for bids on the job. Following the sale of bonds, receipt of money, and the awarding of bids, construction can begin. Lancaster said on Tuesday that if no big hangups occur, work could possibly begin on the structure over the concrete slab a short time before June 1. The structure erected over the slab will house temporary classrooms while renovation of the main building is going on.

Lancaster says the Board, financial advisor and architect will be working as fast as feasible in order to begin renovation immediately after June 1.

## RSWCD Poster Contest Winners Announced

by Don Haley, SWCD Technician  
Runnels Soil & Water Conservation District

The Resource Conservation Poster Contest, has been completed and results announced for this year. The poster contest was open to students within the District who were 12 years or younger.

Students could choose from any phase of the resource management concept that relates to the role of wise-use and conservation of our natural resources, such as soil use practices, prevention of erosion, range management, crop rotation, water and irrigation management, flood prevention, fish and wildlife management, etc.

Ribbons were awarded for 1st, 2nd, 3rd, and honorable mention in each grade level at each participating school district. In addition, overall winners in the District were named.

First place overall in the District was awarded to Robyn Parramore, 6th grade student at Winters Elementary School, for her poster, "The Best Thing For Texas Land...Is Conservation - Well-Planned." Robyn is the daughter of Robert and Rhea Parramore. Herteacher is Lou Ann Hatler. Second place overall winner was Michael Pritchard, 5th grade student at Wingate School, for his poster, "Turn the

Tap On Erosion." Michael's parents are Joe and Donna Pritchard. Michael's teacher is Mrs. Medford. Third place overall winner was Scott Book, 5th grader at Miles Elementary School and son of Tommy and Jan Book. Scott's poster was entitled "Rotating Crops Is Good For The Soil." His teacher is Mrs. Curry.

In addition to their ribbons, the overall District winners will receive a cash award of \$25.00, \$15.00, and \$10.00 respectfully, from the RSWCD. As top overall winner in the District, Robyn Parramore of Winters will be a representative of the RSWCD at the San Angelo Area Conservation Awards Banquet to be held February 28. Robyn will be included in the District's conservation slide presentation and will receive a plaque signifying her accomplishments in conservation education.

The Board of Directors of the RSWCD, District Personnel, and the staff of the local Soil Conservation Service congratulates the winners of this year's contest and commends each student who took an active part. Thanks also to the area teachers and administrators for their help and assistance in conservation and education of our students.

Winters 6th grade winner - Robyn Parramore, 1st; 1st place overall and District winner.

## OIL BUSINESS . . .

By Reg Boles

Producing oil and gas is only part of the job of an operator in the oil field. That is certainly the number one goal, but good production today must be followed by pretty good production tomorrow. That requires some forethought and planning.

As with any ongoing business, some preventive maintenance is required to insure that oil and gas wells produce as long and as effectively as they can. More so in this case, since the oilfield is a dirty place with the good earth giving up some real nasty stuff along with the petroleum.

Therefore, more things can wear out, gunk up, stop up, or just plain fall apart in the oil patch than most other industries (except for the refining business, maybe).

In order to lengthen the life of the well and its associated equipment, several procedures are undertaken by the more prudent operators. Mechanical equipment cleaning, regular inspection of tools and downhole equipment with associated repairs when required, and chemical treatment programs are all examples.

In particular, chemical treatment programs can be the most beneficial, the most expensive, and the most often ignored preventive maintenance procedures available to an operator.

It is often ignored because, in my opinion, the operator can't see it working—at least not right away. When a defective part is repaired or replaced, the results are usually instantaneous. Same goes for the outright cleaning of tubulars, pumps, etc. But, when it comes to a chemical program, the results are not always readily apparent, despite the success of the treatment program.

Never-the-less, chemical programs do work and can be very cost effective. Instead of correcting a problem that has developed (like repairing a part or cleaning equipment), the chemical program that is well-designed and administered effectively will actually prevent such problems from ever occurring.

This fact sometimes masks the effectiveness of the chemical treatment program, because the operator fails to recognize its worth since he or she has never had to experience the lost production due to those problems that never existed. Whew! I sound like Saddam Hussein's press secretary.

Just what kind of things are we treating for with a chemical program? (I can almost hear the collective "Get to the point!")

Several procedures and chemicals are available. Corrosion is a major concern, and a lot of experience in this type of preventive chemical program has generated very profitable results. Scale formation (crud that builds up due to solids and chemical reactions

between hydrocarbons, water, pressure, and air—it is a real pain and has several forms) is also prevalent in waterfloods and higher water cut wells. Chemical preventive for this problem can be slightly more complicated, but just as cost effective.

There are also chemical treatments to prevent bacteria formation, paraffin (solidified hydrocarbon) deposits, and various other exotic special situations.

Applications vary from pumping down the backside (between casing and tubing), both continuously and periodically, to squeezing it into the formation to slowly trickle in with the production.

Right now, there are hundreds of chemical sales people laminating and copying this article for their clients and potential clients.

To even things out, I should tell you about the other side of the coin. (Chemical guys, you may want to trim the next part off.)

Chemical programs can be expensive and can be over-designed. Caution is urged to insure that only what is needed is actually implemented. Samples of fluids, etc. should be sent to outside labs for an independent analysis before buying a particular chemical company's program. By and large, chemical outfits and their employees are honest folk, but they do get paid according to how much chemical they sell.

Enough said. Tune in next week when we will have our first installment of our "oil field basics" for 1991. This year, we will focus on the personnel that keeps the 'patch' a going concern.

## City Council Letter to the Editor

January 7, 1991

### Library Board

The Winters City Council met for its regular meeting on Monday night, January 14 at City Hall. A large contingent of library board members and interested parties attended to hear library board member Gene Bernal request that the Mayor issue a proclamation designating February 28 as "Library Day" in Winters. Bernal explained that a drive is currently underway to raise funds for the library. Coupons for dinners at Casa Cabana are currently being sold and each coupon redeemed will allow the library to receive 40% of the meal price as a donation.

Pauline O'Neal, librarian, told the Mayor and Council that the City needed only to contribute a few hundred dollars more per year to enable the Winters Public Library to become a part of the Big Country Library Association. If that could be done, according to Mrs. O'Neal, it would allow the Winters Library to apply for grant money which is available, but the prerequisite is membership in Big Country Library Association.

The Council then heard from Jack Davis, Jr., Water Superintendent and Jim Allen, a consultant from Abilene, concerning the south water tower. Allen suggested to the Council that the first thing to do would be to conduct a structural inspection to see if the water tower is worth repairing or should be replaced. The Council authorized City Administrator Charles Ludwick to get the structural study done. Money for the repair had already been voted on by the Council and the cost of the study would come out of those funds.

In other business, the Council approved the Airport Lease with Steven Ballard Crop Dusting Service for two years at \$120 per year. The Council also approved the appointment of Joe Gerhart to the Winters - Runnels County Joint Airport Zoning Board.

Dear Editor:  
Ben Doyle Sudderth of Comanche Texas is an outstanding practicing attorney who has previously served in the House of Representative as a Legislator and served his people well.

During the year 1956 while Ben Doyle Sudderth was serving as a Legislator the House of Representative passed two (2) important laws:

1. No tax supported agency could have a lobbyist (sic) working for them on a full time basis, securing more tax money from the state.

2. Any campaign contribution that a Legislator received that exceeded the actual cost of his/her campaign would have to be returned to the donor or given to charity.

A more recent Legislation voided these two laws so a Legislator could keep all his contribution over and above what his campaign expenses were. Sometimes this was as much as his salary.

Some of the Legislators retired from their post as a Legislator so they could be a Lobbyist (sic) representing different tax supported agencies. I have been told some Lobbyist (sic) make more than \$200,000.00. This money has to be paid by a tax supported agency, which in turn has to be paid by YOU the tax payer.

I have known Ben Doyle Sudderth for over 40 years and have had business relations with him. I have always respected his fairness, honesty, truthworthiness, his proper business principal, and business ethics. He has helped a lot of people.

Ben Doyle Sudderth wants to help all of the people of 65th Legislative District by serving as their Legislator again and put the two laws back on the books that he helped passed in 1956. He will have 4 years seniority from his previous 4 years as a Legislator.

I ask you to vote for Ben Doyle Sudderth for the vacated place in the 65th Legislative District. You will truly get honesty and fairness in his representation (sic). He will save you money and taxes and will help make Texas respected again. My vote will be for Ben Doyle Sudderth. Why not yours?

Sincerely,  
Stanley J. Pirtle

## From Across The Mayor's Desk

by Randy M. Springer, R. Ph.

Most of you are aware the city landfill was closed on November 30th, 1990 and refuse pickup became the responsibility of Browning Ferris Industries on December 1st. However, there are some residential locations where garbage is not being brought to curbside on the scheduled pickup day, but is being placed in the alley and is building up. If you want alley pick-up, you are required to notify City Hall and sign-up for this service, which is \$4.00 per month higher than curbside service. If you do not wish to have the alley service, please bring your garbage to curbside on the appropriate pickup day. If you have any questions, feel free to contact the staff at City Hall, 754-4424.

Over the holidays, many of you may have noticed water flooding the streets in the vicinity of the south water tower. During the freezing temperatures, the city experienced busted joints on the pipe which carries water from this water tower. The city is in the process of obtaining a structural inspection on the water tower to determine the most efficient and long-range cost effective means to remedy the problems with the south water tower. More on this in future articles.

ODDS & ENDS: Preliminary engineering studies on renovation of the airport are in progress and should be completed soon.

The same can be said for closing the old landfill, but the weather has not been real cooperative. The City Street Department presented street paving statistics to me this week, and I was extremely pleased to note that of 23 plus miles of streets in Winters, more than 17 miles are paved. It's our long-range plan to pave the final miles over the next several years. I would like to compliment the voters of Winters and the School District for overwhelmingly approving the bonds for renovation of the elementary school. I thought it was a very justified project.

Here is an agenda of activities coming up in the city over the next several months; completion of the North Runnels Water Supply Corporation rate hearing (April), airport renovation (Spring), the City elections (May), the Spring Citywide clean-up, renovation of the housing authority apartments (Spring-Summer), renovation or replacement of the south water tower (Spring-Summer), and a long range plan for improvements in water facilities, perceived needs in streets, and police and fire facilities-equipment. Our goal is to develop a plan to work from over a 5 year period.

If you have any suggestions or questions regarding the issues or any issue within the City, please feel free to contact myself, or Mr. Charles Ludwick at City Hall.

## Cookie Days are here again

If last years supply of girl scout cookies is running low, have no fear....because Girl Scout Cookie Days are here again! Your neighborhood girl scouts will be at your door bringing you all those great-tasting cookies that have become a tradition. There are seven delicious varieties including: old-fashioned shortbread Trefoils, crunchy peanut butter Do-Si-Dos, chocolatey Thin Mints, deliciously different Samoas, peanut butter Tagalongs, and new this year, the granola Trail Mix Cookies and Chalet Cremes - a vanilla and lemon creme sandwich cookie.

Help support girl scouting and treat your family by stocking up now! There is only a short time left - until January 25 - to place your order. The opportunity to buy girl scout cookies only knocks once a year. But, if you're not home when we visit you, you can still place your order by phoning Cookie Chairman Teresa Davis at 754-5422; Easter Walden, Brownie Troop 162, at 754-5394; Sherry Cooper, Brownie Troop 178, at 754-4659; Deb Pritchard, Jr. Troop 180, at 754-5243; or Chris Parramore, Jr. Troop 161, at 754-4917.

## Test preparation course to be offered

Winters High School has contracted with the Stanley H. Kaplan Educational Center for an intensive test preparation course. This course is aimed at improving student performance on ACT/SAT college entrance exams.

The course is designed for high school students, primarily juniors and sophomores. Taking this course will require comitment on the part of the student as well as the parents. A deposit of \$50 is required. If the student completes the entire 12 week course without absence, the deposit will be fully refunded.

For any sessions missed, students will be provided with tapes and material to make up the work.

The course is scheduled to begin on Saturday, January 19 from 9 a.m. to 12 noon. The course consists of 12 weeks with 3 hours per session. Following is a tentative schedule of classes. (Saturday will meet from 9 a.m. to 12 noon; Monday will meet from 6 p.m. to 9 p.m.)

## "Hard" ball in double overtime, Blizzards win

The varsity boys teams from Winters and Albany played "hard" basketball January 8 at the Blizzard gym. Both teams showed stamina and strength throughout the entire game, which was thrown into not only one overtime, but two.

The first two quarters of the game, the score flip-flopped; first to the Blizzard advantage then to Albany's - putting the teams into a tie at the half, 21 all. The third and fourth quarters were a repeat. When the supposed final buzzer sounded, again it was "anny up" - 51 to 51.

In the first overtime, each team continued to show determination and put forth great effort toward a victory; however, again the teams scored the same number of points.

In double overtime, the Blizzards scored the only two points for the win. Final score was Winters 60, Albany 58.

Willie Belk earned his 21 big points. Others did as well: Keith Gerhart - 12, Craig Slaughter - 11, Greg Tamez - 10, Leo Campos - 4, and Brandon Boles - 2.

Belk was high rebounder; Tamez had the most steals. Helping with assists were Campos, Slaughter, Tamez, and Gerhart.

The Blizzards shot 24 of 51 from the field for a 47%.

This win sets the Blizzards 4 - 1 in district play.

## Pied Pipers walk away, leading Blizzards

The Winters and Hamlin varsity girls teams met face to face January 10 at Hamlin. The Pied Pipers seemed to have little trouble hypnotizing the Lady Blizzards.

During the first quarter, the Lady Blizzards resisted their adversary and lead 12-8. However, during the remaining periods Hamlin seemed to master the game. Final score was Winters 34, Hamlin 47.

Susan Bryan made 9 points, Jamie Smith 8, Ashley Allcom 6, Kim Deike 5, Carrie Smith 4, and Shanna Poehls 2.

Coach Shields states, "We are shooting pretty well but not getting up enough shots; we must be able to control and get the ball up court."

## JV girls hexed by Indians

On January 4, the Jim Ned Indians cast a spell on the Winters junior varsity girls, defeating the Blizzards 33 to 16.

Although the Blizzards slightly outscored the Indians in the second and fourth quarters, the first and third quarters remained nearly scoreless for the Blizzard girls. More than half of Jim Ned's points were scored during the third quarter, the Winters team could not take the ball.

Cara Cathey and Kim Thompson scored 4 pts. apiece. Stacey Deike scored 3 points. Mandy Briley and Robin Galloway scored 2 points each, and Tambar Cox scored 1 point.

## Smitten by the Lions

Ending score was 18 to 28, Lion's favor, in the game played between the Winters and Albany JV girls on January 8.

The Blizzards were unable to stop the Lion's paws and were out-scored three-fourths of the game.

Mandy Hall hooped 7 points, Stacey Deike 3 pts., Robin Galloway and Elvia Moreno 2 pts.

## Play it again, Blizzards!

Yet another victory was added to the Blizzard varsity boys rank on January 10 during play against the Hamlin Pied Pipers. The score after the fourth quarter was 51 to 33.

Willie Belk scored 17 points. Greg Tamez scored 11 points. Craig Slaughter scored 10 points. Leo Campos scored 7 points. Keith Gerhart scored 6 points.

First and second rebounders were Willie Belk and Keith Gerhart, respectively. Making the most steals was Willie Belk and making the most assists was Leo Campos.

Blizzards successfully shot 14 of 19 free throws for a 74%.

Record for the season 14-5, district 5-1.

## Definitely, got a Tiger by the tail!!!

The junior high boys teams from Winters wrestled the Anson Tigers January 10 and were able to strut their Breeze pride - not only once but four times.

The 7th "A" team won, 40-10. John Paul Belew scored 26 points. Stephen Herrington made 6, Jerry Esquivel made 4, Michael Mostad 2, and Kevin Conner 2.

The 7th "B" team won, 14-12. Jessie Ortiz was high scorer of the game with 10 points and Sean Byrne added the remaining 4 points.

The 8th "A" team won, 30-24. Anthony Thomas scored 10 points, Nathan Collins 9 points, Archie Lancaster, 5 points, Kelly Thompson 5 points, and Lance Donica 1 point. This team is 3-3 for the year.

The 8th "B" team won, 17-6. Richard Tamez made 8 points and Heath Watkins made 6 points with Ramie Reyes adding another 3 points. This team is 3-1 for the year.

**Way to go, Breezes!**

## Winters triumphant over Hamlin

Melinda Kraatz was high scorer for the Winters JV lady team, making 10 points; Tanya Brockington and Mandy Hall scored 4 points each; two points were scored by each of the following: Cara Cathey, Kayla Priddy, Robin Galloway, Brenna Mikeska, Elvia Moreno, and Tambar Cox; and 1 point was added by Mandy Briley. All for a total of 31, to the Piers 22.

On January 10, the scoreboard showed that the Blizzard girls outscored their rival in every quarter.

Mary Mostad was high rebounder; Kayla Priddy had the most steals.

Coach Whittenburg states, "The girls played a good defensive game."

## Lady Blizzards lose to Jim Ned

The Lady Blizzards confronted the Jim Ned Indian girls on January 4 and lost by less than 10 points, 49 to 58.

In the first and fourth quarters, the Blizzards put up more points than their opponent but "got excited" during the second and third quarters, unfortunately to Jim Ned's advantage. Coach Shields states, "Jim Ned's press and our free throw shooting hurt us a great deal." Only 13 of 34 free throws were completed.

Jamie Smith scored 16 points for the Lady Blizzards, followed by Susan Bryan and Kimberly Deike with 10 points each, Sarah Jackson and Shanna Poehls with 5 points each, and Carrie Smith with 3 points.

**FBC Women's Mission Meeting**

Real people and their lost condition was the subject of the women's monthly mission meeting at the First Baptist Church on Tuesday.

Jo Olive Hancock, president, presided and Lillian Eubanks led the singing. Sarabeth Heidenheimer directed the pledges to the flags and the Bible.

Beth Bradley introduced the program and discussed how needs are being met. The Cooperative Program and the Annie Armstrong Easter Offering financially undergird the work of Home Missionaries at the Baptist Center in Indiana and the Spanish Mission in Washington.

Renee Andrews discussed breaking free from un-Christian habits. She told of Lisa Gonzales and her experiences.

Doris Andrews gave the experience of a woman who was scared, afraid and lonely, until she became a Christian.

A round table discussion was held to discover ministry opportunities in the area. Ways to minister to unwed mothers were considered. Statistics show that Runnels County leads in this problem.

Beth's aunt, Helen Cavalier of Biloxi, Mississippi, was a guest

**Who Cares???**

by Wynette Halford  
Co-Pastor  
Somebody Cares Ministries

At Somebody Cares Ministries we realize the worth and importance each person, no matter what age, sex, race, or socio-economic level, is to the kingdom of God.

We think that children are so important to the plan of God that we even have our very own children's pastor, Betty Garza. Ms. Garza has ten years of experience in the field of child evangelism and has worked extensively in the local churches, as well as in outreach campaigns in evangelism efforts.

Every Sunday morning at 11:00 a.m. during the adult service there is also a special service for children ages 2-12 going on in another area. During this power-packed 90 minutes children hear the word of God brought to them through various audio visuals such as videos, slide presentations, flannel stories, flash cards, and "loving" Bible characters.

The area of drama is extensively used in puppet shows, clown ministry, and Samson the super dog (the six foot tall life-size dog). Gospel songs, skits, memory games, and good old-fashioned love make this the high light of many children's week.

**Bethany Sunday School Class met**

The Bethany Sunday School Class of the First Baptist Church met January 8th in the Fellowship Hall.

The hostesses were Jo Olive Hancock and Opal Hamilton.

The opening prayer was given by Bud Davis.

Class members present: Pinkie Irvin, Omega Priddy, Jo Olive Hancock, Lillian Eubanks, Nina Bedford, Lucille Virden, Elsie Lee Sanders, Opal Hamilton, Vivian Foster, Billie Whitlow, Jimmie Davis, Ethel Mae Clark, and Margaret Favor.

Guests were: Pat Simpson and Mr. & Mrs. Heidenheimer.

Brother Shoemaker showed slides of the Holy Land, where he toured this summer.

"Very interesting."

**Dorcas Sunday School Class**

The Dorcas Sunday School Class of First Baptist Church met Tuesday in the home of Verda Smith for the monthly business meeting and social.

Roll call was answered with a Bible verse on witnessing.

Charlsie Poe, president, presided and ways of enlisting new members were discussed.

Nadeen Smith gave the devotional and Lillian Roberson directed the diversion.

Those attending were Lillian Eubanks, Eula Cooke, Perrie Carwile, Lillian Roberson, Dorothy Long, Linda Morrison, Freida Robertson, Stella White, Eunice Polk, Charlsie Poe, Nadeen Smith, and Verda Smith.

Various contests and promotions are also used. At the present time perfect attendance is recognized. Those children who had perfect attendance the last nine Sundays were: Stephen Garza, Shyla Garza, Rosemary Halford, and Raquel Rios. Those children missing only once were Joe Fernandez and Jimmie Fernandez.

The perfect attendance contest has started again, so do not miss a Sunday! The children have set a new high attendance goal of thirty in one service. When this goal is reached the children will be treated to a skating party! So, ya'll come! And remember....."Somebody Cares."

**Ladies Aid Circle**

The Ladies Aid Circle of St. John's Lutheran Church met January 9, 1991 in Fellowship Hall.

The president Eula Mae Kruse called the meeting to order. Theodora Frick, program chairman, opened with song and devotion.

The Bible Study was led by Pastor Steve Byrne, the offering meditation by Theodora Frick.

Roll was called and minutes read by secretary Alvina Gerhart.

The treasurer's report was given by Adala Ueckert.

The business meeting consisted of a discussion in changing the meeting place and revising the constitution.

The group closed with *The Lord's Prayer*.

Hostess was Theodora Frick. Other members present were Leona Jacob, Katie Minzenmayer, and Liela Thormeyer.

**Spirit Filled Happenings**

by Dixie Leverett  
Church Editor

Last week in Bible study, I was reminded of some advice that was given to me by my doctor when my children were small; "Take your year old child off the bottle, too much milk will make them anemic."

So many of the preachers today are giving their flock too much milk; therefore, they have an anemic church. When preachers teach only half of God's word they are only supplying the milk. Teaching the whole Bible, all of God's word, gives the church milk and meat. The meat gives us the iron we need to keep from becoming anemic.

This teaching includes: God's love, His miracles, His sacrifices, and His plan for our lives. It tells us when we are wrong, even if the truth hurts, and to step on toes if necessary. The results of teaching Jesus' word, the same now as when He walked upon this earth, allows a church to be rich in iron and enable it to go

through the flame and flood. A church that is covered in Jesus' blood can not become anemic; Thank God!

*Be ye also patient; establish your hearts: For the coming of the Lord draweth nigh.* James 5:8

*"But be ye doers of the word, and not hearers only, deceiving your own selves."* James 1:22

The Ladies Group met Monday, January 7, at 7:00. Norma Sudduth brought the message "The Living Tools of God." The next meeting will be January 21 at 7:00. The children's choir will meet Thursday, January 17, from 6:00 to 7:00 for practice.

**FROM A GOLDFISH BOWL**

BY PASTOR STEVE BYRNE

The last part of Advent and during the Christmas holidays I did some serious thinking about this column.

I have been writing it weekly (or weakly?) since 1987. Many have let me know they appreciate it. Some have not responded so favorably. Some of the articles I am proud of; others I wonder what in the world I was thinking about when I wrote them.

Grammatically, my articles are an abomination to the English language. I write like I think. In thoughts. Not every thought has a subject and a predicate. I write to be read; so, a lot of times I start a new paragraph when it is unwarranted. To make it easier to read.

What if an occasional student should happen to read this article? Would they catch some unhealthy habits of grammar, creating unintended grief for our overworked and underpaid school faculty?

Then, there is the reality that fresh ideas and subsequent articles are getting harder and harder to come by.

All the signs were pointing to the termination of the Goldfish Bowl. I had decided to move on to something else. God, on the other hand, was not comfortable in closing the discussion with my decision. He got me to thinking about the original intent of the articles.

Which was to lift up God's presence in every-day life. So some people who wouldn't normally recognize God's appearance in the "every-day" might just be looking for Him in the

little things. And with their expectant attitude, see Him and know the joy of that recognition, that meeting, when they otherwise might have missed Him.

When I got to that realization, some things became clearer. First, it didn't matter where the signs were pointing. Secondly, it didn't matter much how I particularly felt about this enterprise. Thirdly, this article is a calling. Vocation, as we say in the ecclesiology business.

I have discovered that when God calls me to do something, the other things don't matter. And while other circumstances may bring an end to the calling, how I think and feel about something are not valid reasons for abandoning a task.

So, the Goldfish Bowl enters its 5th year.

I will continue to write the Goldfish Bowl in the hope that occasionally these words will enable you to encounter God in some seemingly small way that you wouldn't have otherwise. If that should happen, thank Him for the experience. And enjoy the thrill of that surprise!

And when Goldfish Bowl completely misses the mark (which it will), please be forgiving. For some unknown reason, God has chosen to place his treasures in earthen vessels. Sometimes these vessels are poor containers, develop cracks and leaks. When the cracks become evident in Goldfish Bowl, just be thankful that this stuff is written on newsprint, which is easily disposable. There is grace in that, too.

**TEA Accreditation Team to meet with citizens on Monday Joe Scruggs to entertain the young at heart**

Members of an accreditation team from the Texas Education Agency will be available Monday, January 21, 1991, to meet with parents and patrons who have an interest in expressing their views and opinions about the Winters Independent School District, according to Tommy Lancaster, school superintendent.

Interviews will be conducted by team members beginning at 4:00 p.m. in the Winters High School Auditorium located at 200 Jones Street.

Every school district in the state is required by law to be visited by an accreditation team from the Agency to evaluate the quality of its educational programs and to determine what progress the school district has made since the last visit.

Joe Scruggs of Pflugerville, will be giving two concerts at the Mary Sykes Auditorium at the Carnegie Library in Ballinger on Saturday, January 19, from 3-4 p.m. and 7-8 p.m.

Winner of the 1986 and 1987 Parents' Choice Award, Scruggs was featured in *Texas Monthly* and written about in such magazines as *Good Housekeeping*, *Stereo Review*, *Austin Family*, and *Publishers Weekly*.

Tickets for the event are \$3 and tapes and records will be sold at the Library after both concerts. Tickets can be purchased at the Library. A limited number of tickets will be sold.

A percentage of ticket, tape, and record sales will go to benefit the Carnegie Library.

Chairs will be provided for grandparents - all children need to bring their favorite blanket for seating!

**Fort Chadbourne, first settlement in Coke county**

This begins a series of articles on our neighbors to the west

Fort Chadbourne was established October 28, 1852, one of ten such forts, for the protection of settlers against hostile Indians. It was abandoned by the U. S. troops March 23, 1861, upon the approach to the Civil War and again occupied May 25, 1867. It was finally abandoned by U. S. troops between December 1 and 18, 1867. This information was written by the late Mrs. Jessie Yarbrough, historian, and published in the historical edition of *The Bronte Enterprise* in 1964.

The fort was built in the northeast corner of what is now Coke County on a flat, wooded point of land on the west bank of Oak Creek, 30 miles above the juncture with the Colorado River. It is nine miles north of Bronte and six miles south of Blackwell on the old Butterfield Trail. It was an important station on the Butterfield Overland Stage Route from 1858 to 1861.

The fort was named in honor of Lt. Theodore Lincoln Chadbourne, killed at Resaca de la Palma, May 9, 1846. Lt. Chadbourne was 24 years old at the time of his death. A principal street in San Angelo and the town also bear the name, as does the oilfield on the present Conda Wylie Ranch.

Comanche raids seemed to have been worst in the late 1840's and early 1850's. After the Treaty of Guadalupe Hidalgo, in which the U. S. agreed to restrain the Indian raids, a Captain Whiting, inspecting the frontier in 1850, recommended heavier garrisons and the location of Indian forts "where the Indians live instead of where the citizens live." The ten forts were then constructed with Fort Chadbourne as an extreme outpost.

The site was never owned by the government but they held a 99 year lease on the site, the Feliz Sosa Survey, No. 302, Coke County. In addition the government agreed to pay surface damages and this agreement was recorded April 15, 1854, Bexar transcript to Runnels County.

The base of supplies was San

Antonio, 215 miles away. Before the Butterfield Overland Mail, a supply train left Fort Chadbourne once weekly for Fort Mason, 120 miles southeast, to receive the mail.

A Lt. Col. W. A. Freeman reported following an inspection of 1853 that almost "the entire command is living in tents." Dr. Ebenezer Swift and his core spent their entire residence at Fort Chadbourne in a tent.

Stone buildings, when completed included officers quarters, a hospital, barracks for enlisted men, and mail station. The building has shingle roofs, shingles said to have been cut by the troops on the San Saba River more than 100 miles away. Other buildings were of hewn logs with canvas roofs and windows. Still others were said to be tents.

The Fort had 128 commanders in less than four years. Among the officers prior to the Civil War (1852-1861) was Captain John Beardsley, who established the fort.

Many famous men, including Robert E. Lee, Earl Van Dorn, Colonel Johnston and others either visited or were there for a short time.

Horse racing was a favorite sport at the Fort, often racing against the Indians.

The Fort was used as an outpost but never used by the military after 1875. In 1876, Colonel Odom moved his family to the site and it has been in that family ever since. Mr. and Mrs. Condra Wylie lived in the ranch home adjacent to the ruins of the fort and Mrs. Wylie, the former Edna Odom, was born there.

A grandson, Garland Richards, now operates the ranch.

The Fort Chadbourne Cemetery, adjacent to highway 158, is another historic spot, one of three cemeteries in that vicinity before 1877. The one near the highway is still in use. It holds the grave of the first officer to be buried at Fort Chadbourne and citizens buried as early as 1878. A number of other graves are scattered around the Wylie Ranch, many unmarked and unknown.

**VETERINARY UPDATE**  
by Jimmy Smith, DVM

**The baby calf - the critical first week**

Almost a year has passed since old Bossy has presented you with a baby calf. A lot of planning has gone into this mating! The sire of the new offspring is pretty impressive on paper - his EPD's are everything you have dreamed about, -2.0 for birth weight and +50.0 for weaning weight, +100.0 for yearling weight and +15.0 for milk. He was bought at the West Texas SuperBull Sale at the reasonable price of \$2500.00 and if everything goes as planned, his offspring should bring a premium and he should be paid for in no time at all.

But what if everything does not go as planned? Before you can sell a calf, the brood cow must conceive shortly after giving birth to another calf (within 3 months of parturition), carry the fetus for 9 months and give birth to a live, healthy calf. Then she must nurse and care for this calf for another 7 months before it is weaned and can be marketed. A lot of things can disrupt the sequence, even though most of us take this complicated, long, drawn out process for granted. Not only do we take it for granted, we expect our cows (all of them) to do it year after year, without fail. A lot of things can go wrong within this cycle of events and within this time frame. Disease, natural disasters and mismanagement all claim their share of calves, but believe it or not, nearly 7 out of 10 calves that die before weaning die on day one of their life and 75% of the calves that die before weaning, die during their first week of life.

The most common cause of neonatal deaths (neonatal means newborn) is dystocia, or difficult birth. Most of these dystocias occur in first calf heifers and generally are due to disproportionate size of fetus to pelvis. In other words, the fetus is too large to pass through the pelvic canal of the heifer. Although there is no simple solution to the problem, there are a couple of things you can do to keep this problem to a minimum. Number one, use a bull that will reduce calf size. This is another good place for the practical application of EPD's, by selecting a bull with a negative birth weight EPD. This means you do not necessarily have to use a Longhorn or Jersey to reduce calf birth weight.

Another thing that you can do

is measure pelvis size on your heifers and eliminate those heifers that do not meet minimum measurements.

Another significant cause of death loss of newborns, especially during this time of year, is cold stress leading to hypothermia. During a cold spell, it is very important that the newborn calf stand and nurse shortly after being born. The calves that do seem to get along just fine. But, those that take a little time may be so chilled down by the time they get on their feet that they may not be able to nurse. These babies need some help. If they have not nursed within four hours after calving, the new mother should be milked and that milk or a comparable substitute, such as freeze dried colostrum, be fed by bottle or stomach tube. Do not feed regular milk before feeding colostrum if at all possible. Colostrum or first milk contains antibodies which protect the baby calf from disease until its own immune system becomes functional. There are areas in the small intestine of the baby calf that are actually receptor sites where the antibodies from the colostrum are absorbed. But any other milk can close these receptor sites, making the antibodies in the colostrum unable to be absorbed. So, if you can't milk the cow, colostrum from another cow or artificial colostrum should be fed.

The pneumonia/diarrhea complex also takes its toll of newborns. It can strike baby calves as early as one day of age. Respiratory distress and dehydration become apparent as the condition becomes advanced. Intensive antibiotic therapy along with rehydration with fluids and electrolytes is necessary.

Just remember that first week is critical for your new baby calf. Be on your toes, because the bottom line is that cow and calf depend on your management and observation skills. Good Luck! - and Happy New Year.

**Louise Fuller**  
Chapter I Aide

Mrs. Fuller has been employed with the WISD since 1988, as an aide for grades 1, 2, 3 and 6. She is a graduate of Winters High School and resides in the Crews community.

She is married to L. C. Fuller, who is a stock farmer. Louise enjoys her children and grandchildren. Her hobbies are sewing and walking. She treasures the friends she has made among the faculty and students of WISD.

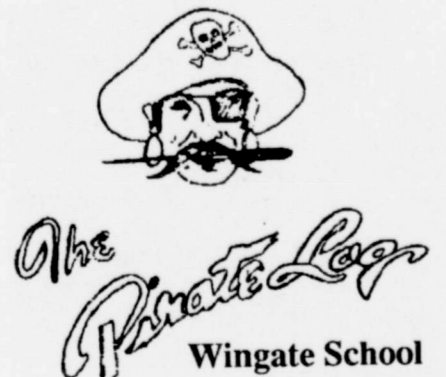

**Tammy Reeves**  
6th Grade Teacher

A native of Hemet, California, Tammy is currently teaching sixth grade at Winters. She joined the staff of WISD this past August and states she is really enjoying her current teaching assignment.

Mrs. Reeves graduated from California State University of Sacramento, with a bachelor of science degree in business administration. Her field of study was accounting. She received her teacher certification from McMurry College in Abilene with a 4.0 gpa.

She is married to Captain Presley Reeves, a navigator instructor with the U.S.A.F. They have a daughter, Ashley Nichole, age 2 & 1/2.

Tammy, a native Californian, has lived in Abilene for the past four years. She has been teaching Sunday School for three years and is currently teaching the 4th grade class at Beltway Park Baptist Church in Abilene. She enjoys arts and crafts, bicycling, reading, sewing, and playing with her daughter.

There will be a teacher work-day on Wednesday, January 16, 1991. Students will not attend school that day in order for teachers to finish up their work for the first semester. Classes will resume at their regular time on Thursday.

All classes are busy preparing for and taking semester tests.

The superintendent, Edd Farmer, has announced his retirement from the education profession. The faculty, staff, and students would like to thank Mr. Farmer for five years of service to the Wingate School and wish him happiness and good fishing in his retirement.

**Wingate Sew & Sew Club held meeting**

## Farm Bureau to have 1991 farm program meeting

The Texas Farm Bureau has scheduled a Farm Program Uplink (satellite broadcast) for January 24. The program will deal with details of the 1991 farm program.

Programming will originate from Chicago and will be broadcast to all county Farm Bureau offices in the state. Runnels County Farm Bureau has satellite facilities at their office in Ballinger and will receive the program there beginning at 7:00 p.m. Everyone who has an interest in the 1991 farm program is invited and encouraged to attend.

Representatives of the Agricultural Stabilization and Conservation Service in Washington will assist in the presentation of the information. Also, a toll-free telephone number will be activated to allow producers to ask specific questions pertaining to the program.

The program will cover the details of cotton, wheat, feed grain, soybean and rice programs.

## Granddaughter of local residents graduates from U of H

Debra Carey Gorton, daughter of Mr. and Mrs. Milton Winford Carey of Merkel, and granddaughter of Truman Deike of Route 3, Winters, graduated from the University of Houston College of Pharmacy on December 15, 1990.

Debra was also on the Dean's List for the fall semester at the U of H. She is currently employed by Twelve Oaks Hospital and resides with her husband, Randal A. Gorton, in Pasadena, Texas.

## Edd Farmer to retire

Mr. Edd R. Farmer is announcing his retirement as of June 1991. He is currently working on a part-time basis as superintendent of the Wingate I. S. D. His full retirement will become final on May 29, 1991.

Mr. Farmer has served in area schools of Fisher, Coleman, Runnels, Callahan, and Taylor Counties, as well as Andrews County.

## Albany Trade Day

Albany the home of the hereford!

Albany the home of the Fort Griffin Fandangle!

Albany the home of the Old Jail Art Center!

Albany the home of Historic Houses and Places tours!

Albany the home of the Victorian Courthouse where the gazebos is becoming famous for weddings!

This town is now starting a new event, it's very own Trade Day every third Saturday throughout the coming years.

The first one is to be held in downtown Albany, January 19, 1991 on the lots at the corner of South First Street and Jacob Street, just west of the bank park. In case of rain, there is an alternate location. Spaces are free this first Trade Day, but please call the Chamber of Commerce office 915-763-2525 to say what you are vending and how much space you need.

## THE STATE OF TEXAS County of Runnels

NOTICE IS HEREBY GIVEN that by virtue of a certain Order of Sale issued out of the Honorable 119th District Court of Runnels County on the 1st day of October, 1990, by Loretta Michalewicz, Clerk, District Court of said 119th District Court, Ballinger, Runnels County for the sum of Twenty-six thousand one hundred thirty-three and 04/100 Dollars (\$26,133.04) and costs of suit, under a Judgement, in favor of Funk Seeds International in a certain cause in said Court, No. 11,302 and styled Funk Seeds International, a Company of Ciba-Geigy Corporation, as Plaintiff vs. Mitchell Glen O'Dell, as Independent Executor of the estate of Anita G. O'Dell, placed in my hands for service, I, William Baird as Sheriff of Runnels County, Texas, did, on the 31st day of December, 1990, levy on certain Real Estate, situated in Runnels County, Texas, described as follows, to wit:

Being 11 3/10 acres of land situated in the Dolphin Floyd Survey No. 519, Abstract No. 192, and conveyed to Mrs. Marie Theford by Partition Deed now of record in Vol. 171, page 416, Deed Records of Runnels County, Texas, and described by metes and bounds as follows:

**BEGINNING** at an iron pipe in the West line of said Survey No. 519, set 178 9/10 varas North of the Southwest corner of said Survey; **THENCE** North, 223 varas to an iron pipe set at the Northwest corner of a 79.5 acre tract conveyed to M. R. Adkins to A. D. Smith by deed recorded in Vol. 162, Page 364, Deed Records of Runnels County, Texas, further the Northwest corner of a 30 acre tract conveyed to B. A. Jacob by deed recorded in Vol. 155, Page 104, bears North, 294 3/4 varas;

**THENCE** East 286 varas to a pipe; **THENCE** South 223 varas to a pipe; **THENCE** West 286 varas to the Place of Beginning;

and being the same 11 3/10 acres tract of land surveyed on the ground on June 18, 1970, by Felix Itz, County Surveyor of Runnels County, Texas, the Field Notes and Plat from said survey on the ground being of record in the office of the County Clerk of Runnels County, Texas, and to which said Plat and Field Notes reference is here made.

and The Right of Way 20 feet in width out of the Dolphin Floyd Survey No. 519, Abstract No. 192 and the J. Pointevint Survey No. 1, Abstract No. 594, in Runnels County, Texas, which said Right of Way was granted, set aside in, and described in a Partition Deed from A. D. Smith, et al., to Marie Theford, dated November 23, 1937, recorded in Vol. 171, page 416, Deed Records of Runnels County, Texas and levied upon as the property of Anita G. O'Dell estate; and that on the first Tuesday in February, 1991, the same being the 5th day of said month, at the Court House door of Runnels County, in the City of Ballinger, Texas, between the hours of 10 a.m. and 4 p.m., by virtue of said levy and said Order of Sale I will sell said above described Real Estate at public venue, for cash, to the highest bidder, as the property of said Anita G. O'Dell, estate;

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Winters Enterprise, a newspaper published in Runnels County. Witness my hand, this 31st day of December, 1990.

William Baird  
Sheriff  
Runnels County, Texas
