## 15,000 VISITORS EXPECTED AT LAKE SWEETWATER OPENING FESTIVITIES, YESTERDAY AND TODAY

### GOVERNOR FUTRELL TO NEXT ARK. REUNION

It was a distinct disappointment to Governor J. M. Futrell of Little Rock, Arkansas, Governor of that state, that he did not get to attend the Arkansawyers' Reunion at Oak Creek, the 27th of May, as he had planned to do, and which he was prevented from doing by last moment exigencies arising in his state that made it impossible for him to be present.

But, the governor's disappointment was not comparable to the disappointment of the program committee and others who were directly concerned with reference to the program for the occasion.

Governor Futrell writes, advising, after the invitation was extended, renewing the invitation for him to attend next year and be the speaker at the morning hour, that unless matters arise, making it impossible for him to attend, he will be present next year.

The above will be good news to the multiplied thousands throughout West Texas who are anxious to have Arkansas' governor present on the above occasion.

So, folks, let's look forward, and plan the greatest gathering ever held in West Texas.

### ENLISTMENT IN MARINE CORPS NOW AVAILABLE

The Enterprise is in receipt of the following which is self-explanatory and reveals that good opportunities are now available to young men who can qualify: HEADQUARTERS, RECRUITING DISTRICT OF LOS ANGELES, 130 SOUTH BROADWAY, LOS ANGELES, CALIFORNIA.

June 7, 1934.

Editor, The Enterprise.

Bronte, Texas.

Dear Sir:

The Marine Corps is now accepting desirable applicants for enlistment. These applicants must be between 17 and 30 years of age, single, and have no dependents, and be not less than 66 inches nor more than 74 inches in their stocking feet.

Major A. B. Miller, the officer in charge of recruiting, District of Los Angeles, is pleased to announce that through the cooperation of the Marine Corps Institute, all men who are accepted for enlistment during the remainder of May and June will be allowed to take a course in aviation engines or radio. These courses are free of charge and upon completion of the prescribed course a diploma will be awarded by the Marine Corps Institute.

For full information regarding enlistment write or apply at the Marine Corps Recruiting Station, 130 South Broadway, Los Angeles, California.

Very sincerely yours,

A. B. Miller,

Major U. S. Marine Corps.

Hon. James M. Simpson, Jr., of Paint Rock, candidate for representative of this district, is spending this week end here in behalf of his candidacy. Mr. Simpson is a hustler and is making a real business of his campaign and works early and late, getting acquainted with the people and soliciting their vote and support.

### DR. SANDEFER SEES MUCH POSSIBLE GOOD IN ARK. REUNION

Dr. J. D. Sandefer, president of Mardin & Simmons University at Abilene, and who also is president of the Arkansawyers organization that fosters and promotes the annual Arkansawyers' reunion, in a private letter to The Enterprise editor, expresses great good and a great future for the Arkansawyers reunion, if directed properly and kept under proper influences.

Though Dr. Sandefer's letter is purely personal, yet we take the liberty to quote the following from him relative to the reunion and its future possibilities:

"I congratulate you on the success of the Reunion to date. You are eminently correct in moving the meeting to Bronte, I feel. By all means, install loud speakers, and make the program as you have been doing musically religious. I hope all of the pastors there will yield their services, after the Sunday School hour, to the Reunion program. It can be made a great spiritual asset."

### ESTABLISHES BUSINESS IN BALLINGER

John Hagelstein, owner and operator of the Hagelstein Monument Company, both at San Angelo and Abilene, has opened an office and yard in Ballinger.

Mr. Hagelstein is one of the oldest, if not the oldest memorial and monument men in all this part of West Texas. Mr. Hagelstein knows the monument business, is widely acquainted all over West Texas and has many friends.

The new business now, at Ballinger puts Mr. Hagelstein in close touch with all the people of this entire part of West Texas.

Mrs. H. S. Matlock of Brownwood is spending the week in Bronte, the guest of Mrs. D. M. West. Mr. Matlock is a printer, working in The Enterprise office. Mrs. Matlock is pleased with Bronte, which shows, of course, that she is a most sensible woman.

### RETURN FROM VACATION TRIP

Mr. and Mrs. C. E. Bruton, and daughters, Misses Inella and Cloretta, returned home, Tuesday from a vacation trip of nearly three weeks that took them to many places in Arkansas, Louisiana and Texas. They departed May 28 and meant to visit South Texas points first, then return to North Texas, at Bonham and visit kinfolks, before returning.

But they had only visited San Antonio and had reached Austin when they were intercepted by wire, advising of the death of a relative at Bonham. They changed their course and went to Bonham and attended the funeral. After a visit with relatives, they marked out a new route for their trip. They went into Arkansas at Texarkana and on to Magnolia. There they turned and went into Louisiana, going to Shreveport. From Shreveport they made their way back into Texas. They journeyed through South Texas to Houston. From Houston they went to Galveston.

(Continued on page four)

### SUPERINTENDENT OF BRONTE SCHOOL HERE

Prof. C. R. Owen of Austin, the new superintendent of the Bronte school, has arrived in Bronte and has assumed his duties as superintendent of the school.

Speaking to The Enterprise editor relative to Bronte, its people and school outlook, Prof. Owen expressed himself in terms most pleasing.

"The people of Bronte," said Prof. Owen, "far as I have met them are uniformly courteous and there is a splendid school interest. I very much appreciate the kindly way the people have received me and made me to feel already that I am a part of the community. I am here to give my very best to the school. And if there are any improvements that can be made in the judgment of the board of trustees, and the others of us charged with the responsibility of directing the school's affairs of course we will want to make those improvements. But, one of the main things in successful school work is the cooperation of all, both the patrons and pupils. This we seek and we assure each and all now that we will greatly appreciate a full spirit of cooperation in everything that will make for the best interests of the school."

Prof. Owen is a gentleman of genial mien, and pleasing in his way, and makes one glad, after having met him, to have had the privilege of knowing him.

Mrs. Owen will remain in Austin for a few weeks yet, as the daughter of Prof. and Mrs. Owen is a graduate of the Austin High school and will enter the State University this fall. The Enterprise bids welcome, in behalf of all our people, to Prof. and Mrs. Owen into the life of Bronte everywise. And we wish for them a long, prosperous and happy sojourn in our midst.

Mrs. A. G. Sims is in a sanitarium at Ballinger, where she is taking treatment for trouble in her ear. The many friends of Mrs. Sims wish that she may speedily recover from the ear trouble and return home in perfect health again.

A. C. Loyd and children of San Antonio are visiting Mr. and Mrs. A. C. Wynne. Mr. Loyd is a brother of Mrs. Wynne.

### Sweetwater Stages Two Day Celebration, Formally Opening of Lake Sweetwater

Sweetwater is a West Texas city, known far and near as a city of hospitality.

While it is a modern, progressive city, yet in its hospitable features it harks back to the spirit of the old west—that is, they expect you to visit them, and if you don't pay neighborly and visit them, they almost get their teeth's hurt. And they are always "preparing for company," and if the "company" fails to come, there is sore disappointment.

The above situation reveals truly as to Sweetwater's present attitude. The town has "putted off" many big affairs in the way of entertainments. But, the "old town" is giving the biggest and most elaborate program in the way of a public celebration this week end, in the history of the city.

To be more exact as to date, it is Thursday and Friday of this week, June 14 and 15.

The occasion is that of the formal opening of Lake Sweetwater.

The Lake itself is a marvel in its construction and its size—it could justly qualify as the ninth or tenth wonder of the world. It is just a goodly-sized sea the City of Sweetwater has created out there in the hill slopes of Bitter creek.

And the work of beautification of the two sections of lake site is equally as interesting and attractive as the lake itself.

Therefore, Sweetwater is staging this Thursday and Friday a big celebration that is crammed and jammed with feature after feature of thrilling and pleasing entertainment. Everybody in Sweetwater is doing but one thing the first days of this week and that is to get ready for the two days big affair and to do their part in entertaining the big crowds that are expected to be in attendance.

An old-fashioned barbecue feed for everybody in West Tex-

as and elsewhere who attends Friday is being arranged.

It was planned for Bronte's band to be in attendance and aid in the two days of festivities. But circumstances that could not be controlled prevented. The band, The Enterprise and all our citizens generally regret this, for Bronte's feeling towards Sweetwater is that when Sweetwater asks Bronte for anything, it is a joy to respond.

The Sweetwater Board of City Development sent out the following announcement and invitation first of the week:

"Sweetwater and Nolan County will be hosts to all West Texas on Thursday and Friday, June 14 and 15 when Lake Sweetwater, the Playground of West Texas, is formally thrown open. Preparations are being made to care for 20,000 guests during the two day celebration. A feature of the affair will be a gigantic house party tendered by the fifty or more home owners along the fifteen mile shore line. Prominent state candidates will be guests in many of the homes.

A program of boat races, bathing revue, fireworks, golf, baseball and other events will be carried out each day. A free barbecue will be a feature of the last day of the celebration.

Lake Sweetwater, around which the park has been built, is located seven miles southeast of the city. Since November 1, 1933, \$40,000.00 have been expended on a club house, grass greens golf course, drive ways, boat piers and bathing beaches.

Among state candidates who will be present and speak are: Walter Woodward, Joe Moore, Walter Woodull, Tom Hunter, Maury Hughes, Carl Hamlin, Tom Blanton, Geo. Sheppard and others.

Entrants are being received for the bathing revue from Midland, Odessa, Wichita Falls, Ft. Worth and other cities."

### Heart To Heart Talks

BY ULMER S. BIRD

SHORT-CIRCUITED

Young and dead! How doubly tragic and twice buried—once beneath the falling clouds and again beneath a nation's scorn.

He who takes the sword will perish by the sword. Guns, guns—he was always playing with guns, and his life went out in a blinding moment to the rattle of guns.

Men, men—she was playing around with men, and men blotted her life out for the foolish things she had done.

"I would give anything in the world if I could go back home and be like I once was again", she wrote her mother. But the road back home was closed forever.

And what was the matter? Youth, energy, ambition, all singing along the wires of life, all short-circuited by false ideas and plain old sin, and now the whole thing's burnt out until all that's left is miserable, inglorious death.

The most powerful current can get short-circuited. Even the brain of genius is so often consumed in a selfish or a criminal intent—wrong motives, wrong aims, wrong living, and a life is soon burnt out.

**THE BRONTE ENTERPRISE**

**D. M. West**  
Editor and Business Manager

Entered as Second Class Matter at the Post Office at Bronte, Texas, March 1, 1918, under Act of Congress, August 12, 1871.

It's mighty fine fishing weather, if conditions on the banks of the fishing streams were favorable. But, it is so hot, unless one had an electric fan, and a rocking chair, in a cool, cool shade and someone to bait his hook and string his fish for him, it just wouldn't be worth while. "The permies considered," we beg to be excused.

But, in the meantime, can the vegetables and fruits—it will mean dollars and delight next winter, when edibles will be needed, and many will not be able to afford these necessities, if they don't provide them now.

And, now, comes the San Angelo Standard and avers that it is "agarito berry" and not "algerito berry," as we have always called them. Just another instance of somebody trying to take all the joy out of life.

The continued round of "gorging" and entertainment makes it almost monotonous—even for "pa" and "ma," much less the "young uns."

"A West Texas delicacy" is the way one old time West Texan describes rattlesnake meat—that sounds like a "rattle snake Pete" story, doesn't it.

Next will be "water million days," with the juice drippin' off your fingers and chin.

So, it is just one continuous round of feasting and delight in Bronteland, day in and day out.

Following next will be the frying chicken epoch.

Next is Bronte's big rodeo.

Then, comes July 4th, with its red lemonade.

**R. E. HICKMAN DELIVERS 700 FINE EWE LAMBS**  
R. E. Hickman delivered this week 700 ewe lambs to Jim Bledsoe of Abernathy.

The sale was made in March, delivery to be at Mr. Hickman's shearing pens. The lambs were sheared the 25th of May. The price was \$4.50 per head, which is the top of the market. But these lambs were good stuff.

Mr. Bledsoe shipped the lambs to different places where he has ranching interests.

Judge E. M. Davis of Brownwood, was in Bronte Saturday afternoon, and spoke in behalf of his candidacy for the State Senate, from this, the 25th senatorial district.

**Training for Bankers**

The American Bankers Association has been active for many years training young men and women in order that they may be duly qualified for the business of banking. Standard courses are furnished with able and experienced teachers. This work is done under the direction of the American Institute of Banking Section of the association. Over two hundred chapters, or local banking schools, are in active operation throughout the country and thousands of the younger generation of bankers are being graduated each year. These students are taught not only banking practices and policies, but they are also well grounded in the highest ideals and standards of business ethics. A proposal is now under consideration to establish a central school, which will offer advanced or graduate work to a selective list taken from those who have completed the standard courses.—F. M. Lav, President American Bankers Association.

**POST NUPTIAL SHOWER**

At the home of Miss Louise Kinney at Marie, Thursday afternoon, June 7, 1934, a shower was given, honoring Mrs. Dorothy Barbee (nee McDonald). A large number was present. A program of games was played.

Refreshments of doughnuts and punch were served.

Those present were Mesdames Earl Black, Worth Burleson,

John Clark, Claude Gentry, Elzie Baker, Grady Clark, S. T. Gregory, John Black, Walter Whaylen, Wesley Cook, Sam McDonald, George Shelton, Charlie Black, Chapman, E. J. Pruitt, Henry Pruitt, Mollie Miller, C. L. Barron, W. Hurt, Adair, Mark Chumley and Louise, and Misses Gertrude Lenley, Elouise May, Ella Clyde Black, Mrs. Barbee and the bride, Dorothy.

Reported.

**C. E. BRUTON**  
(Continued from page one)

They spent several days at Galveston enjoying the sights of the city by the sea, and bathing in the gulf. They report it great sport, to ride the seawaves—especially do the Misses Bruton think that was fun worthwhile.

From Galveston they came across the state to Brownwood, where they visited relatives and from there home. They arrived home Tuesday, tired from travel and sight-seeing but happy in every memory except the sad occasion that called them to Bonham.

Mr. Bruton says that he really saw some crops down in Louisiana and in Texas down near the Louisiana line.

The many friends of the family are glad they had a great trip and that they are at home again. However, The Enterprise thinks that no one was as glad to see them at home as much as the two young men Mr. Bruton left in charge of the store, Messrs. Parnell Biggerstaff and George Braswell. They are two fine boys and kept going fine in Mr. Bruton's absence. But, if we tell the truth on those two lads, they were beginning sure enough to look like "two little orphans" before Mr. Bruton returned.

Billie Coalson was rushed to a hospital at San Angelo, Saturday afternoon, where he underwent an emergency operation for appendicitis. To the happy surprise of all Billie is doing well as could be expected and with no complications, it is hoped he soon will be able to return home.

The Texas Press Association is in session—that means, that the "rich boys" of "the fourth estate" are having their usual annual outing—in Dallas, some of the "boys" will be "big-eyed" from looking at the tall buildings. Of course, not one of them will drink anything stronger than Trinity river water.

Mrs. Lee Rogers who underwent an operation at a hospital at Santa Anna Sunday morning for tumor is reported as doing most excellently. It is hoped, if she continues to improve, that soon she will be able to return home.

**ATTEND FAMILY REUNION**

R. J. Gains and family went to Zephyr Monday, where they attended a family reunion of Mrs. Gains family, Tuesday. The reunion was at the home of Mr. and Mrs. G.W. Wear. Mrs. Wear and Mrs. Gains are sisters. Grandpa Kemp, the father of Mesdames Gains and Wear, lives with Mrs. Wear.

There were twenty-one present, with nine grandchildren in the group. All had an enjoyable time.

Mr. and Mrs. O. C. Ivey and Mr. and Mrs. Frank Keeney are at Hale Center, on a visit to Mr. and Mrs. Jack Caudle and Mr. and Mrs. Paul Ivey.

## 15,000 VISITORS EXPECTED AT LAKE SWEETWATER OPENING FESTIVITIES, YESTERDAY AND TODAY

### GOVERNOR FUTRELL TO NEXT ARK. REUNION

It was a distinct disappointment to Governor J. M. Futrell of Little Rock, Arkansas, Governor of that state, that he did not get to attend the Arkansawyers' Reunion at Oak Creek, the 27th of May, as he had planned to do, and which he was prevented from doing by last moment exigencies arising in his state that made it impossible for him to be present.

But, the governor's disappointment was not comparable to the disappointment of the program committee and others who were directly concerned with reference to the program for the occasion.

Governor Futrell writes, advising, after the invitation was extended, renewing the invitation for him to attend next year and be the speaker at the morning hour, that unless matters arise, making it impossible for him to attend, he will be present next year.

The above will be good news to the multiplied thousands throughout West Texas who are anxious to hear Arkansas' governor present on the above occasion.

So, folks, lets look forward, and plan the greatest gathering ever held in West Texas.

### ENLISTMENT IN MARINE CORPS NOW AVAILABLE

The Enterprise is in receipt of the following which is self-explanatory and reveals that good opportunities are now available to young men who can qualify: HEADQUARTERS, RECRUITING DISTRICT OF LOS ANGELES, 130 SOUTH BROADWAY, LOS ANGELES, CALIFORNIA.

June 7, 1934.

Editor, The Enterprise,  
Bronte, Texas.

Dear Sir:

The Marine Corps is now accepting desirable applicants for enlistment. These applicants must be between 17 and 30 years of age, single, and have no dependents, and be not less than 66 inches nor more than 74 inches in their stocking feet.

Major A. B. Miller, the officer in charge of recruiting, District of Los Angeles, is pleased to announce that through the cooperation of the Marine Corps Institute, all men who are accepted for enlistment during the remainder of May and June will be allowed to take a course in aviation engines or radio. These courses are free of charge and upon completion of the prescribed A course a diploma will be awarded by the Marine Corps Institute.

For full information regarding enlistment write or apply at the Marine Corps Recruiting Station, 130 South Broadway, Los Angeles, California.

Very sincerely yours,  
A. B. Miller,  
Major U. S. Marine Corps.

Hon. James M. Simpson, Jr., of Paint Rock, candidate for representative of this district, is spending this week end here in behalf of his candidacy. Mr. Simpson is a hustler and is making a real business of his campaign and works early and late, getting acquainted with the people and soliciting their vote and support.

### DR. SANDEFER SEES MUCH POSSIBLE GOOD IN ARK. REUNION

Dr. J. D. Sandefer, president of Hardin & Simmons University at Abilene, and who also is president of the Arkansawyers organization that fosters and promotes the annual Arkansawyers' Reunion, in a private letter to The Enterprise editor, expresses great good and a great future for the Arkansawyers' Reunion, if directed properly and kept under proper influences.

Though Dr. Sandefer's letter is purely personal, yet we take the liberty to quote the following from him relative to the Reunion and its future possibilities:

"I congratulate you on the success of the Reunion to date. You are eminently correct in moving the meeting to Bronte, I feel. By all means, install loud speakers, and make the program as you have been doing musically religious. I hope all of the pastors there will yield their services, after the Sunday School hour, to the Reunion program. It can be made a great spiritual asset."

### ESTABLISHES BUSINESS IN BALLINGER

John Hagelstein, owner and operator of the Hagelstein Monument Company, both at San Angelo and Abilene, has opened an office and yard in Ballinger.

Mr. Hagelstein is one of the oldest, if not the oldest memorial and monument men in all this part of West Texas. Mr. Hagelstein knows the monument business, is widely acquainted all over West Texas and has many friends.

The new business now, at Ballinger puts Mr. Hagelstein in close touch with all the people of this entire part of West Texas.

Mrs. H. S. Matlock of Brownwood is spending the week in Bronte, the guest of Mrs. D. M. West. Mr. Matlock is a printer, working in The Enterprise office. Mrs. Matlock is pleased with Bronte, which shows, of course, that she is a most sensible woman.

### RETURN FROM VACATION TRIP

Mr. and Mrs. C. E. Bruton, and daughters, Misses Inella and Cloretta, returned home, Tuesday from a vacation trip of nearly three weeks that took them to many places in Arkansas, Louisiana and Texas. They departed May 28 and meant to visit South Texas points first, then return to North Texas, at Bonham and visit kinfolks, before returning.

But they had only visited San Antonio and had reached Austin when they were intercepted by wire, advising of the death of a relative at Bonham. They changed their course and went to Bonham and attended the funeral. After a visit with relatives, they marked out a new route for their trip. They went into Arkansas at Texarkana and on to Magnolia. There they turned and went into Louisiana, going to Shreveport. From Shreveport they made their way back into Texas. They journeyed through South-east Texas to Houston. From Houston they went to Galveston.

(Continued on page four)

### SUPERINTENDENT OF BRONTE SCHOOL HERE

Prof. C. R. Owen of Austin, the new superintendent of the Bronte school, has arrived in Bronte and has assumed his duties as superintendent of the school.

Speaking to The Enterprise editor relative to Bronte, its people and school outlook, Prof. Owen expressed himself in terms most pleasing.

"The people of Bronte," said Prof. Owen, "far as I have met them are uniformly courteous and there is a splendid school interest. I very much appreciate the kindly way the people have received me and made me to feel already that I am a part of the community. I am here to give my very best to the school. And if there are any improvements that can be made in the judgment of the board of trustees, and the others of us charged with the responsibility of directing the school's affairs of course we will want to make those improvements. But, one of the main things in successful school work is the cooperation of all, both the patrons and pupils. This we seek and we assure each and all now that we will greatly appreciate a full spirit of cooperation in everything that will make for the best interests of the school."

Prof. Owen is a gentleman of genial mien, and pleasing in his way, and makes one glad, after having met him, to have had the privilege of knowing him.

Mrs. Owen will remain in Austin for a few weeks yet, as the daughter of Prof. and Mrs. Owen is a graduate of the Austin High school and will enter the State University this fall. The Enterprise bids welcome, in behalf of all our people, to Prof. and Mrs. Owen into the life of Bronte everywise. And we wish for them a long, prosperous and happy sojourn in our midst.

Mrs. A. G. Sims is in a sanitarium at Ballinger, where she is taking treatment for trouble in her ear. The many friends of Mrs. Sims wish that she may speedily recover from the ear trouble and return home in perfect health again.

A. C. Loyd and children of San Antonio are visiting Mr. and Mrs. A. C. Wynne. Mr. Loyd is a brother of Mrs. Wynne.

### Sweetwater Stages Two Day Celebration, Formally Opening of Lake Sweetwater

Sweetwater is a West Texas city, known far and near as a city of hospitality.

While it is a modern, progressive city, yet in its hospitable features it harks back to the spirit of the old west—that is, they expect you to visit them. And if you don't pay neighborly and visit them, they almost get their teeth's hurt. And they are always "preparing for company," and if the "company" fails to come, there is sore disappointment.

The above situation reveals truly as to Sweetwater's present attitude. The town has "piled off" many big affairs in the way of entertainments. But, the "old town" is giving the biggest and most elaborate program in the way of a public celebration this week end, in the history of the city.

To be more exact as to date, it is Thursday and Friday of this week, June 14 and 15.

The occasion is that of the formal opening of Lake Sweetwater.

The Lake itself is a marvel in its construction and its size—it could justly qualify as the ninth or tenth wonder of the world. It is just a goodly-sized sea the City of Sweetwater has created out there in the hill slopes of Bitter creek.

And the work of beautification of the two sections of lake site is equally as interesting and attractive as the lake itself.

Therefore, Sweetwater is staging this Thursday and Friday a big celebration that is crammed and jammed with feature after feature of thrilling and pleasing entertainment. Everybody in Sweetwater is doing but one thing the first days of this week and that is to get ready for the two days big affair and to do their part in entertaining the big crowds that are expected to be in attendance.

An old-fashioned barbecue feed for everybody in West Texas and elsewhere who attends Friday is being arranged.

as and elsewhere who attends Friday is being arranged.

It was planned for Bronte's band to be in attendance and aid in the two days of festivities. But circumstances that could not be controled prevented. The band, The Enterprise and all our citizens generally regret this, for Bronte's feeling towards Sweetwater is that when Sweetwater asks Bronte for anything, it is a joy to respond.

The Sweetwater Board of City Development sent out the following announcement and invitation first of the week:

"Sweetwater and Nolan County will be hosts to all West Texas on Thursday and Friday, June 14 and 15 when Lake Sweetwater, the Playground of West Texas, is formally thrown open. Preparations are being made to care for 20,000 guests during the two day celebration. A feature of the affair will be a gigantic house party tendered by the fifty or more home owners along the fifteen mile shore line. Prominent state candidates will be guests in many of the homes.

A program of boat races, bathing revue, fireworks, golf, baseball and other events will be carried out each day. A free barbecue will be a feature of the last day of the celebration.

Lake Sweetwater, around which the park has been built, is located seven miles southeast of the city. Since November 1, 1933, \$40,000.00 have been expended on a club house, grass greens golf course, drive ways, boat piers and bathing beaches.

Among state candidates who will be present and speak are: Walter Woodward, Joe Moore, Walter Woodull, Tom Hunter, Maury Hughes, Carl Hamlin, Tom Blanton, Geo. Sheppard and others.

Entrants are being received for the bathing revue from Midland, Odessa, Wichita Falls, Ft. Worth and other cities."

### Heart to Heart Talks

BY ULMER S. BIRD  
SHORT-CIRCUITED

Young and dead! How doubly tragic and twice buried—once beneath the falling clouds and again beneath a nation's scorn.

He who takes the sword will perish by the sword. Guns, guns—he was always playing with guns, and his life went out in a blinding moment to the rattle of guns.

Men, men—she was playing around with men, and men blotted her life out for the foolish things she had done.

"I would give anything in the world if I could go back home and be like I once was again", she wrote her mother. But the road back home was closed forever.

And what was the matter? Youth, energy, ambition, all singing along the wires of life, all short-circuited by false ideas and plain old sin, and now the whole thing's burnt out until all that's left is miserable, inglorious death.

The most powerful current can get short-circuited. Even the brain of genius is so often consumed in a selfish or a criminal intent—wrong motives, wrong aims, wrong living, and a life is soon burnt out.

**THE BRONTE ENTERPRISE**

**D. M. West**  
Editor and Business Manager

Entered as Second Class Matter at the Post Office at Bronte, Texas, March 1, 1918, under Act of Congress, August 12, 1871.

It's mighty fine fishing weather, if conditions on the banks of the fishing streams were favorable. But, it is so hot, unless one had an electric fan, and a rocking chair, in a cool, cool shade and someone to bait his hook and string his fish for him, it just wouldn't be worth while. "The permits considered," we beg to be excused.

But, in the meantime, can the vegetables and fruits—it will mean dollars and delight next winter, when edibles will be needed, and many will not be able to afford these necessities, if they don't provide them now.

And, now, comes the San Angelo Standard and avers that it is "agarito berry" and not "algerito berry," as we have always called them. Just another instance of somebody trying to take all the joy out of life.

The continued round of "gorging" and entertainment makes it almost monotonous—even for "pa" and "ma," much less the "young uns."

"A West Texas delicacy" is the way one old time West Texan describes rattlesnake meat—that sounds like a "rattle snake Pete" story, doesn't it.

Next will be "water million days," with the juice drippin' off your fingers and chin.

So, it is just one continuous round of feasting and delight in Bronteland, day in and day out.

Following next will be the frying chicken epoch.

Next is Bronte's big rodeo.

Then, comes July 4th, with its red lemonade.

**R. E. HICKMAN DELIVERS 700 FINE EWE LAMBS**  
R. E. Hickman delivered this week 700 ewe lambs to Jim Bledsoe of Abernathy.

The sale was made in March, delivery to be at Mr. Hickman's shearing pens. The lambs were sheared the 25th of May. The price was \$4.50 per head, which is the top of the market. But these lambs were good stuff.

Mr. Bledsoe shipped the lambs to different places where he has ranching interests.

Judge E. M. Davis of Brownwood, was in Bronte Saturday afternoon, and spoke in behalf of his candidacy for the State Senate, from this, the 25th senatorial district.

**THE TOUGHEST TEST A MOTOR OIL COULD TAKE!**

NEW AND IMPROVED CONOCO GERM PROCESSED MOTOR OIL WINS THE TERRIFIC "DESTRUCTION" TEST!

A DARING, competitive test—and what a result! New and Improved Conoco Germ Processed Motor Oil outdistanced five worthy rivals, thanks to the extraordinary film strength and penetrativeness our recently patented process gives it. Five quarts of this remarkable new oil lubricated a motor for the almost unbelievable distance of 4,729 miles before the motor was wrecked!

Five other oils, all nationally known, competed with New and Improved Conoco Germ Processed Motor Oil in this

test. All cars were driven under AAA supervision, under exactly the same conditions until the motors could no longer operate. The notable thing is that five quarts of New and Improved Conoco Germ Processed Motor Oil went more than 3,000 miles farther than the first oil to fail, and over 1,400 miles farther than the best of its competitors!

The results of this test should guide your motor oil purchases from now on. Look for the Red Triangle Sign.

Five quarts of each brand of oil of the same SAE grade from measures checked by the Bureau of Weights and Measures, State of Indiana, were carefully put in the cars by AAA officials.

The official sealing of crankcases after all of five quarts was put in. No addition of oil was permitted in this "destruction" test.

**Training for Bankers**

The American Bankers Association has been active for many years training young men and women in order that they may be duly qualified for the business of banking. Standard courses are furnished with able and experienced teachers. This work is done under the direction of the American Institute of Banking Section of the association. Over two hundred chapters, or local banking schools, are in active operation throughout the country and thousands of the younger generation of bankers are being graduated each year. These students are taught not only banking practices and policies, but they are also well grounded in the highest ideals and standards of business ethics. A proposal is now under consideration to establish a central school, which will offer advanced or graduate work to a selective list taken from those who have completed the standard courses.—F. M. Lav, President American Bankers Association.

**Sweetwater Mutual Life Association**

W. F. DAVIS, Asst. Secy.

**C. E. BRUTON**

(Continued from page one)

They spent several days at Galveston enjoying the sights of the city by the sea, and bathing in the gulf. They report it great sport, to ride the seawaves—especially do the Misses Bruton think that was fun worthwhile.

From Galveston they came across the state to Brownwood, where they visited relatives and from there home. They arrived home Tuesday, tired from travel and sight-seeing but happy in every memory except the sad occasion that called them to Bonham.

Mr. Bruton says that he really saw some crops down in Louisiana and in Texas down near the Louisiana line.

The many friends of the family are glad they had a great trip and that they are at home again. However, The Enterprise thinks that no one was as glad to see them at home as much as the two young men Mr. Bruton left in charge of the store, Messrs. Parnell Biggerstaff and George Braswell. They are two fine boys and kept going fine in Mr. Bruton's absence. But, if we tell the truth on those two lads, they were beginning sure enough to look like "two little orphans" before Mr. Bruton returned.

Billie Coalson was rushed to a hospital at San Angelo, Saturday afternoon, where he underwent an emergency operation for appendicitis. To the happy surprise of all Billie is doing well as could be expected and with no complications, it is hoped he soon will be able to return home.

The Texas Press Association is in session—that means, that the "rich boys" of "the fourth estate" are having their usual annual outing—in Dallas, some of the "boys" will be "big-eyed" from looking at the tall buildings. Of course, not one of them will drink anything stronger than Trinity river water.

Mrs Lee Rogers who underwent an operation at a hospital at Santa Anna Sunday morning for tumor is reported as doing most excellently. It is hoped, if she continues to improve, that soon she will be able to return home.

**ATTEND FAMILY REUNION**

R. J. Gains and family went to Zephyr Monday, where they attended a family reunion of Mrs. Gaines family, Tuesday. The reunion was at the home of Mr. and Mrs. G.W. Wear. Mrs. Wear and Mrs. Gaines are sisters. Grandpa Kemp, the father of Mesdames Gaines and Wear, lives with Mrs. Wear.

There were twenty-one present, with nine grandchildren in the group. All had an enjoyable time.

Mr. and Mrs. O. C. Ivey and Mr. and Mrs. Frank Keeney are at Hale Center, on a visit to Mr. and Mrs. Jack Caudle and Mr. and Mrs. Paul Ivey.
