ELECTION JUDGES FOR TUESDAY'S ELECTION

The general election is Tuesday, November 3. Officers from president to constable are to be elected. Everything, far as Coke County is concerned, is in readiness, and if the balance of the "big eyed" world in these grand old U. S. A. does for Roosevelt and the democratic ticket, what grand old Coke is going to do, there will be nobody left to tell the tale of "democracy's triumph." The election judges and assistant judges for the fifteen precincts in Coke county are as follows:

Robert Lee, Precinct No. 1.

WILL PREACH AT OAK CREEK

The Enterprise is requested to announce that Rev. Raymond Wilson of San Angelo will preach at Oak Creek at 3 o'clock in the afternoon, Sunday November 6. Rev. Wilson is pastor of the San Angelo Heights Baptist Church, where he has been pastor for several years and has done a most remarkable work. He is a pulpit speaker with marvelous power and The Enterprise suggests that everybody in reach of Oak Creek hear this eloquent and impassioned preacher.

L. H. Barlow was in Roby and Abilene first of the week, attending to business.

13 NEW SUBSCRIBERS

Since our issue last week The Enterprise has added 13 new subscribers to its fast growing subscription list. And there are two things about the goodly number of subscribers we have enrolled this week:

1. Most of them are right here at home, and hence our advantages to our advertisers are thus increased.

2. The next good thing about these subscriptions is that they subscribed without any semi-gambling scheme being submitted to them, but subscribed because they want the paper, and are willing to pay the price of the subscription in order to get the paper for its news value as a local newspaper and not thru any outside consideration—not even to back their favorite in a "voting contest." We are proud of this. For, after all, a subscription secured through any appeal except that the paper is worth the money, is not a legitimate subscription. Subscribers secured even through a voting contest are not counted by reliable audit bureaus of circulation as legitimate subscriptions.

Those entering this week as new subscribers to The Enterprise are as follows:

Bronte—Mrs. Evan Best, D. C. Brunson, D. B. Allard, John Leathers, Mrs. Ed Stevens, W. O. Eubanks, J. D. Luttrell, Emmet Caperton, M. P. Coleman, Jess Percifull, C. W. Luttrell. College Station—W. W. Percifull.

Robert Lee—Paul Good. Thanks to you good friends. There are quite a few others who were subscribers when we sold the paper first of the year, we hope to have enrolled again within a short time. Come on, friends. We want you to read the paper—we are going to do our best to give you a home paper full of home news.

Others from other sections of the country are sending in their renewals—for all this, we thank you.

MISS LOTTIE IVEY WRITES HAPPILY

Laredo, Texas
October 21, 1936

Dear Bro. and Sister Editors: Does the old home town seem near at hand? I say it does, since receiving a copy of the "Old Home Town Paper" last week. It was like receiving an ointment treatment for a wound. It was like ointment to home sick "me." I got a great thrill out of it. Please keep it coming and when I have another payday I will be glad to send the required dollar. I am here to tell you nothing but letters from home or your friends does you so much good when you are a—

Modern, Up-to-the-Minute Sound Moving Picture Show For Bronte

Gradually Bronte is swinging into the city class. Those engaged in the various lines of business in the larger cities are seeking a better outlet for their particular lines.

The latest for Bronte is a modern, up-to-the-minute sound moving picture show. The building next door to the McCquisition Drug Store has been leased by the H & H Theatres of Abilene and already men are at work rushing to completion the interior of the building, making it suitable for a moving picture show.

Mr. Nesmith, of Abilene, is the owner of the H & H and is over the show. He is the one who is re-decorating and doing all the finishing, doing all the work to make it a modern in all its appointments.

Mr. Nesmith advises that he and Mrs. Nesmith will come and make their home in Bronte and he will personally manage the Bronte picture show. He not only wants a modern building, but we will also operate a modern show. We will have sound pictures and our connection with the producers gives us the very best there is in the way of sound pictures. We have the very best for our show houses at Ballinger, Winters, Midland and other West Texas cities and towns, and we will give the same up to date show service to the patrons of our Bronte house. Having the connections that we have at Abilene headquarters, assure our Bronte patrons that they will get as good pictures at our Bronte show as they will in any of the larger cities. Bronte is the smallest town in which we have ever undertaken to establish a show house. But with the outlet and prospects that Bronte has, it appeals to us as a town that is going to make good in its growth. Therefore we are coming to cast our lot with the town and do our part in the way of boosting the town and all its interests.

Mr. Nesmith is a genial, pleasing gentleman—just such a fellow as will always make everybody who patronizes his show feel glad that they attended. The Enterprise in behalf of all our people bids welcome to Mr. and Mrs. Nesmith and we wish that their stay in Bronte may be many, many years of happiness to them.

Mr. Nesmith hopes to have his building completed and show equipment installed in time to give his opening show Saturday, November 6. Watch for opening date announcement in these columns.

MR. AND MRS. E. R. GIDEON HERE

Mr. and Mrs. E. R. Gideon of Balmorhea were here for a week and visit with Mr. Gideon's mother, Mrs. C. F. Gideon and other relatives.

The many friends of Mr. and Mrs. Gideon were glad to see them again. Mr. Gideon owns and operates a gin at Balmorhea. He says that cotton on the irrigated farms there is something wonderful—that the irrigated cotton this year will average about two and a quarter bales per acre. Mr. Gideon said that he had one patron in his gin who has five acres in cotton. Mr. Gideon has a five acre gin on his place for the man off the five acres and he told Mr. Gideon the other day that he thought he was good for at least five more bales—some cotton, eh?

Mr. Gideon stated that he was getting "the old home paper" regularly now since the present editor had come back into the management of the paper's affairs. He said The Enterprise is always a welcome weekly visit.

Entertainment Sponsored by Local Boy Scouts, A Most Brilliant Affair

A stage delicately lighted with the blending of colored lights, banked at the back and on each side of the queen's throne with ferns and cut flowers, steps leading from the throne to the front of the stage amid many plants and fragrant flowers; vivacious girls dressed in costumes of gorgeous colors, cowboys, Dancing Lady and Prince of Jazz.

Such was the setting of the attractive features Tuesday night in Bronte High School. A most spectacular and colorful entertainment sponsored by Troop 52 of the Boy Scouts of America under the direction of Mr. Waldo Fletcher.

Act I
The scene opened with a dancing act by the Dancing Lady Ruby Eubanks accompanied by Jessie Bird Tannehill, the Prince of Jazz. As they occupied a place near the throne the Senior chorus composed of Vanna Ruth Caperton, Katherine Whitt, Goldie Gray, Lois Cryer, Lovrine Gaines, Clairine Gilbreath, Mary Ruth Youngblood, Sybil Heidel, Wanda Davison, Modelle Higginbotham, dressed in bright colored taffeta costumes, danced to the tune of "Did I Remember?"

Act II
In act two Virginia Youngblood sang "St. Louis Blues" as the junior chorus girls: Marjorie Percifull, Ernestine Pruitt, Dorothy Ruth Wyllie, Hortense

Pruitt, Anna Mae Abbott, Betty Johnson, Louzelle Brock, La Vera Williams, Cloreta Bruton, La Vada Rogers and Doris Sims, dressed in evening print dresses, swayed to the music.

Act III
During act three the Senior chorus gave a dance and Ruby Eubanks, dressed in evening attire, sang and danced "You Are Not the Kind."

Rhythm of the Range was well portrayed by the boys' chorus: Irvin Cumbie, Jr., Jay Brock, Jack Chapman, Edward Cumbie Jr., Earl Glenn, Hadley Barlow, Bobbie Modgling, Winston Modgling, Jack Chisholm and Louis Bridges, dressed as cowboys, as they sang "An Old Cowhand."

Bobbie Ray, Fawn Nell Barlow and Dorothy Walton, dressed in short dance costumes added zest and pleasure with their snappy dances.

The Fairy Court consisting of Betty Jane Higginbotham, Titiana, Matthew Caperton—Oberson, Bobby J. Crowley—Princess of Earth, Jean Bell—Forest Princess, Marv B. Cumbie—Princess of Flowers.

Ollie Glenn—Princess of Ball—these occupied their places on the stage and provided a beautiful setting for the court as it passed down the center aisle of

NEW FURNITURE STORE AT ANGELO, A BEAUTY

In this issue of The Enterprise we introduce to our readers a new business institution in San Angelo—that is, it is new to our readers, as it is the first time the business in question has ever had an ad in our columns, although they have been doing business in San Angelo for some months.

Reference is made to Durham's Modern Furniture Home. This home furnishings establishment is located at 1419 West Beauregard Avenue. The new furniture business in the Standard and had impressions that it is a modern establishment, managed by one who not only knows the house furnishings business, but is also progressive in his business ideals. But, we were not prepared for the magnitude and splendor of the business we found upon our personal visit the other day to this modern store.

We found that Mr. L. D. Durham is the manager of this mammoth business. It was a genuine pleasure to meet Mr. Durham and have a brief conversation with him in general. He is a genial, pleasing gentleman—just such a man as one is always glad to know. We also found his force of clerks courteous and obliging. The manager and his helpers give their place an air of "home-likeness," and one just likes to linger amid such inviting environs.

As to the stock of house furnishings, we found that complete—everything ever planned that is worthwhile in the furnishings of the home was on display at this big store. Durham's has one hundred and ten front feet and some 13,000 feet of floor space.

Durham's Modern Furniture Home now has on a Wholesale Price Sale on many lines of their big stock—they are selling to make room for other shipments they have coming.

The Enterprise does not hesitate to say to its readers that until you have visited Durham's you will not have seen all in the house furnishings line. Then, too, you will enjoy your visit to this fine place. Read their announcement of their big sale elsewhere in this issue of The Enterprise, and visit them when you are in San Angelo—you will not regret it.

The Campfire girls sponsored the selling of confetti, noise-makers, caps, candy, pop corn, a penny-fortune-telling booth, and a fish pond at the entertainment Tuesday night.

Sheriff Frank Robert Lee and Constable Good did some effective work in Bronte Saturday afternoon. Two men who had a town, with a car county license, and 21 years' experience in their car sou-ridge belt. The suits ducking. The a little queer and their pre in town was brought

and see the strange car going north toward Sweetwater on highway. About that Constable Good reached town in his car. The officers followed the stranger's car and overtook them but a few miles and brought them back to town. The sheriff phoned the sheriff at Gainesville, giving a description of the car, which was a 32 Chevrolet sedan. The Cook county sheriff told the officers here to hold the pair; that the car was a stolen car, having been stolen there Wednesday last week. Sheriff Percifull took the two to Robert Lee and them in jail.

The Cook county owner of the car, Bronte late Monday afternoon. The owner of the car identified the car as his and took it and went on his return to Gainesville. The sheriff remained at Robert Lee until early Tuesday morning when he departed with his prisoners.

Mr. and Mrs. A. M. Wynne and daughters, Mrs. Bessie Caudle, and Miss Sibyl, left this morning for the Centennial. Mrs. Loyd Wynne from Lubbock will meet them in Sweetwater and accompany them on the trip. From Dallas Mr. Wynne will go to Alabama to visit father who is very ill. Upon returning from Dallas Mrs. Caudle will accompany Mrs. Wynne to Lubbock where she will spend a few days. There she will return home at Portersville. Mrs. Caudle has past two months friends are always her visit "the And The hope the find his father much

TAKE THE HOME PAPER

We once knew a man who was
too stingy to take the newspa-
per in his home town and al-
ways sent out to borrow his
neighbor's paper.

One evening he sent his son
over to borrow the paper, and
while his son was on his way
he ran into a large swarm of

bees and in a few minutes his
face looked like a summer
squash.

Hearing the agonized cries of
his son, the farmer ran to his
assistance, and in doing so ran
into a barbed wire fence, cut-
ting a handful of flesh from
his anatomy and retaining a \$4.69
pair of pants.

The old cow took advantage
of the hole in the fence, got into
the cornfield and killed herself
eating green corn. Hearing the
racket the farmer's wife ran
out of the house, upsetting a
five gallon churn into a basket
of kittens, and killed the whole
flock. She slipped on the cream,
and fell down the steps, break-

ing her leg and a \$19 set of
false teeth. The baby left alone,
crawled through the cream in-
to the parlor and ruined a forty
dollar carpet. During the excite-
ment, the daughter eloped with
the hired hand and took all the
family savings with her.

The moral is that every man
should be a subscriber to the
home town paper.—Exchange

CHICAGO IS THEME OF NEXT BROADCAST BY CARVETH WELLS

The intriguing story of Chicago—its growth from a fever stricken swamp to a great commercial center—will be told by Carveth Wells Sunday, November 1, when he describes that city's many attractions in his Continental Oil Company broadcast, "Exploring America with Conoco and Carveth Wells."

It was thousands of years ago, Wells explains, that Chicago's destiny as the focal point of a region of great wealth was determined—when a great sheet of ice gouged out the basis of the Great Lakes, making the site of Chicago an ideal place for railroads to converge as well as a great inland seaport—"one of the greatest centers of international trade."

And for the tourist, says Wells "Chicago is simply full of amazing things to see"—including Jackson Park, famous State Street, Lincoln Park, Museum of Science and Industry, University of Chicago, Grant Park, Field Museum of Natural History, Adler Planetarium, Shedd Aquarium, the Art Institute, Chicago Historical Society, and Chinatown, all of which will be discussed by the well known reporter-explorer.

"The Museum of Science and Industry is unquestionably one of the most fascinating places to explore in Chicago," Wells said. "The exterior alone, one of the finest examples of classic architecture, is well worth seeing. But once inside, you can see the record of man's work upon earth from the age of the Pyramid buildes to that of electricity and mass production."

Local listeners who wish to tune in on Carveth Wells Sunday November 1, may do so by dialing station WFAA, Dallas at 12:30-1.

COUGHING SERVES AS A REAL PROTECTION TO THE YOUNG CHILDREN OF A COMMUNITY.

The friends of Hon. C. C. Sessions, county attorney of Runnels county, will be glad to know that he has been recommended to the General Conference which soon meets at Houston to be licensed as a minister of the Methodist church. After all, no one can choose a calling that is more far-reaching in its influence for the good of mankind than the ministry, provided, of course, that he treats his calling honorably and lives according to its proscriptions and ideals. But, it means a life of sacrifice and hardships in many ways, according to the old-fashioned

conception of the "sacred calling." Yet, if a secular newspaper is permitted to make such comment, those entering the ministry now are gradually becoming fewer who have the old-fashioned conception of the sacrificial life of the ministry.

"Whooping cough is one of the most serious communicable germ diseases affecting childhood, and is especially dangerous to babies who have not passed their first birthday." Dr. John W. Brown, State Health Officer, said in recommending stricter methods of control. About ninety per cent of all deaths from whooping cough occur in children under five years of age, the records show.

"The disease is usually transmitted," Dr. Brown said, "by direct contact with the secretion of the mouth or the nose, or with articles freshly soiled with the secretion. Only a short exposure is required to contract the infection. The communicable stage must be considered to extend from seven days after exposure to an individual infected with whooping cough to three weeks after the development of the characteristic whoop."

"Whooping cough is not easy to detect in its early stages, for during the first week or two it resembles an ordinary cold in its symptoms. Then, however, the child begins to have attacks of whooping. The catarrhal symptoms and cough gradually become more severe, is a running from the nose and the eyes are reddened. The child coughs in spells, the cough getting more severe and finally develops what is commonly known as the 'whoop.'"

"Preventive measure against whooping cough should include keeping small children away from other children when whooping cough is in the neighborhood, and a visit to the family physician if whooping cough is suspected. Medical care is essential in whooping cough because proper medications can ease the spasmodic whooping and thus may save a life."

"Early reporting and isolation of whooping cough or suspicious

OIL-PLATING DONE HERE

(BUT BE SURE YOU READ ALL THE OTHER WINTER OIL ADS, TOO)

You will find most of the emphasis these days, on oil that flows freely.

Well and good. You SHOULD use your correct Winter grade, but... You can see that the more freely any oil flows, the more freely it FLOWS DOWN OFF the pistons, cylinders, and other parts when you stop.

Then, in starting up cold, where is mere free-flowing oil?

It is waiting to be pumped up on the job. And even in much warmer weather than this—according to engineering opinion—those oil-starved waits can cost you more engine wear than all the rest of your driving!

But this Winter with free-flowing Germ Processed oil, you can have your engine Oil-Plated! ... much more than a change to OUR Conoco Germ Processed oil... really a change to unbroken Winter lubrication for YOUR engine. It may stand cold for hours—days—weeks. Yet the slippery Oil-Plating formed only by patented Germ Processed oil, will always be UP IN ADVANCE. Pistons slip easy. Starter spins. Oil-Plated engine obliges—and lives the good life, on a stingy diet of Conoco Germ Processed oil. Continental Oil Company

I am assistant to the Dean of

These poor children this year

I have been trying to fix over-

I would spend some few dollars
this week on them.

There are five of them in a

have gorgeous vines and flowers.
Wish you could see them.

I have been ill again since re-

Hope you are enjoying good
