Pioneer West Texas Woman Dies, Buried At Clyde

Saturday, January 21, 1939, when Mrs. Savannah Caperton died, at the home of her daughter, Mrs. Robt. Harwell, of near Bronte, one of the few truly remaining pioneer women of West Texas passed from the walks of life.

The maiden name of the deceased was Savannah Lewis. She was born at Marion, Indiana, May 6, 1858, making her to be in her eighty-first year when death called her from her long, useful life.

With her family, deceased moved to Illinois in 1862. In 1872 deceased and Milton Caperton were united in marriage. To the union twelve surviving children were born—six boys and six daughters: they are, Mrs. Genie Fort, Del Rio; Mrs. Ben Reaves, Dumont; Mrs. Lizzie Woods, Hot Springs, Arkansas; Mrs. Walter Rosser, Sawyerville, Alabama; Mrs. Dudley Carlton, Maverick; Mrs. Robt. Harwell, Bronte; and Bedford Caperton, El Paso; Ed Caperton, Alfred Caperton, Willie Caperton, Abilene; Wallace Caperton, Clyde and Emmitt Caperton, Bronte; beside the children, one sister, Mrs. Susannah Powell, and seventy-one grandchildren and forty-one great grandchildren. All were present for the funeral, except Mrs. Rosser of Alabama.

Burial was in the Clyde cemetery, Sunday afternoon, beside the husband of deceased, who died March 3, 1829. Religious services were held at the Clyde Baptist church, conducted by Rev. G. W. Parks of Roscoe, who formerly was the pastor of deceased for many years. The pall bearers were grandsons of the deceased.

In 1895 deceased and husband came to Runnels county. The family lived at Maverick until 1915. Following the death of her husband, deceased made her home here with her daughter and family.

The family of deceased has a remarkable record as to the few deaths in the family. There are 124 children, grandchildren and great grandchildren, and yet there have been only four deaths in the family.

Coming with her husband and children to this immediate part of West Texas in the middle nineties, they became one of the pioneer families. Rearing their children here, who have taken their places in the world and are seeking to carry on according to their earlier teachings of high standards of life and character, deceased and husband have made a worthy contribution to the world.

At the early age of ten years deceased was converted and united with the Baptist church—hence almost from babyhood she was a devout follower of her Lord and in her active life she was faithful to her trust as a Christian and member of her church. And when she grew old, she died so beautifully and there was in her spirit the elements of kindness and gentleness that leave a benediction upon her children and grandchildren. Indeed, she has not lived in vain and leaves to those of the family circle and old time friends, memories that will bless them all until they, too, come to the end of their earthly way.

COKE'S FIRST 1939 BABY

Born to Mr. and Mrs. C. N. Kirchman, Sunday, January 22, 1939, a ten and a half pound baby girl. The little one has been named Annie Geraldine.

Far as The Enterprise has been able to ascertain this is Coke county's first 1939 baby. It seems "grand old Coke" is getting off to a bad start, in the important work of "replenishing the earth" for this new year—perhaps, the PWA funds need to be increased.

Two Saturday Night Weddings

Saturday night, January 21, 1939, was rather a "busy evening" for editor in uniting people in marriage and sending them on their way, happy only as newly married people can be.

At eight o'clock Saturday evening, Mr. Leonard Baker of Marie and Miss Estella Smith of Miles, were united in marriage, the writer officiating, in the living room of the West apartments.

The bride is the principal of the Marie school, where she has been teaching for some years. By her womanly graces and her capability as a teacher she has greatly endeared herself to all the patrons and pupils of the school, and at Miles, her home, she has a host of friends.

The groom is the son of Mr. and Mrs. Elza Baker and is one of the prominent young farmers of his community. He, too, has many friends all of whom congratulate him. In the good wishes of their friends The Enterprise joins for these two as they enter life together.

At 8:15 o'clock Saturday evening, January 21, 1939, the writer united in marriage Mr. G. C. Bell of Bronte and Mrs. Pearl Mason of Louisiana. The bride has just come to Bronte and hence we have no acquaintance with her. But she is a cultured and modest lady and impresses those who meet her as a lady of charm and grace of character.

The groom is one of the old-time citizens of the Bronte community and is a prosperous stock farmer, whose farm home is three miles East of Bronte, to which he carried his bride following their marriage in the living room of the West apartments. The Enterprise wishes these two increasing happiness in life.

D. J. Goetz, owner and manager of the Goetz Farm Machinery Company at Winters, was in the Bronte section Wednesday, interviewing some of our farmers who are interested in power farm machinery. The Goetz Farm Machinery Company are distributors of the well-known and popular Oliver tractors and farm implements. Mr. Goetz recently bought out the interests of Ansel Dawson at Winters. Mr. Goetz operated one of the large gins in Winters for many years and therefore has a broad acquaintance and has hosts of friends. The Enterprise acknowledges a pleasant social and business call from Mr. Goetz. Watch next week's Enterprise for an announcement of the new 1939 Oliver tractor—if you are interested in power farm machinery, it will be well especially for you to read this ad next week. Call again Mr. Goetz.

Blackwell FFA Boys Are To Eradicate Pests

To The Enterprise:

BLACKWELL, Jan. 25—A recent meeting of the Blackwell Chapter of the Future Farmers of America opened with its president Max Sturdivant, presiding. Twenty members of the local chapter attended this called meeting with business items as the chief concern. Junior Richards moved to hold the Father and Son banquet on February 3rd., since it was desirable to get it out of the way before the spring judging contests providing a speaker could be had by that time. The motion was duly seconded and carried by a unanimous vote. Darrel Westmorland moved to hold the initiation ceremonies for those ready to pass the requirements for the Greenhand Degree of the Future Farmer organization on Jan. 27th., Cary Bryant seconded and the motion carried unanimously. The requirements for the Greenhorn Degree are as follows: 1. The boy must be regularly enrolled in a class of Vocational Agriculture; 2. He must have paid his Future Farmer dues; 3. He must have a satisfactory supervised farming program and one large enough to earn \$25; 4. He must have memorized the F. F. A. Creed, and 5. He must receive a majority vote of the members present at a regular F. F. A. meeting. Our goal is for 100 percent of the members to receive the Greenhand Degree.

A motion to organize a pest eradication program carried by a vote of 13 to 2. This program will be in the form of a Pest Eradication Contest with the boys of Shep and Hylton forming one group and competing against the Blackwell and Decker boys and any others there may be long as the members run approximately even. A committee will present a list of all pests of the Blackwell community and each individual member will report harmful animals and birds killed to captains of each group. The contest will end July 1, and the side eradicating the largest number of pests will be entitled to a sumptuous entertainment by the losers. It is hoped that some crops, gardens and livestock might be spared from the ravages of various pests by the successful operations of such a contest, and the class should have some good recreation at the same time. The meeting adjourned with the handing out of the official F. F. A. membership cards. Boys holding F. F. A. membership cards are given a free gate to the Ft. Worth Fat Stock Show on F. F. A. day and extended certain other privileges throughout the year.

Mrs. C. R. Hardy is planning to start a class in piano and will teach at the school. All who are interested will please see her as soon as possible in order that she can make up her class.

Fred McMullan attended the inauguration of Gov. W. Lee O'Daniel in Austin last week.

Tomorrow, Saturday New Beauty Shop For Bronte Opens

Bronte has gained at least one new business in the opening month of the new year. Reference is made to the beauty shop that is being opened by Mrs. Hazel Holman Humphries.

Mrs. Humphries is known to everybody as Miss Hazel Holman, as she is the daughter of the late Ed Holman. She was reared here, went to school here, and married here. It was while making her home here that she took the necessary beauty culture course and got her certificate as a beauty culturist. Since getting her certificate Mrs. Humphries has worked most of her time in the other shops in Bronte.

But having a dream of her own as to a beauty shop that was modern in every particular and that would give the same advantages to the ladies who should become her patrons as to highclass equipment as could be had in the cities. Mrs. Humphries has installed a plant that is new in every appointment, both as to equipment and furniture. Hence, Mrs. Humphries has a beauty shop of which any lady might justly be proud and over which she might be happy.

Mrs. Humphries has christened her new shop with its modern, new, beautiful equipment and furniture as the Petite Beauty Salon. It is some name—but you will agree with us when you see it, that it is also "some shop." It is indeed a

County Officials In Austin On Road Bond Matters

County Judge McNeil Wylie, Robert Lee, and S. A. Kiker, commissioner of Bronte precinct and Sam Gaston commissioner of Tennyson precinct, went to Austin, Tuesday, where they are to meet with the highway commission relative to road bond indebtedness in Coke county. We hope to have some good news to give out when they return.

credit to a city, much less a town the size of Bronte.

The Petite Beauty Salon is located in The Enterprise building, at the front on the first floor of the building, in the same location as the Cindy Lou Gifts, the gift shop of Mrs. D. M. West. The two shops will make a veritable beauty spot of their place and also conveniences and comforts for the ladies who come for beauty culture or to buy gifts, with the Butane gas system always furnishing warmth in cold weather and cooling fans through the warm seasons.

Indeed, at the Petite Beauty Salon you will get the very same service on as fine equipment as you would get in Dallas, New York or anywhere else. Mrs. Hazel Holman Humphries invites all the ladies to visit her on opening day, which is tomorrow, Saturday, January 28.

We bid welcome to Petite Beauty Salon and wish for Mrs. Humphries the success her venture deserves.

"WARNING"

To Whom This May Concern:-

Realizing the danger that is confronting the citizens of Coke County through an influx of transient families moving into our county from the larger cities and after Six (6) Months residence in Coke County they become the responsibility of Coke County in supplying work and food.

I take this step with the hope that citizens who need anyone to work to endeavor to hire local help thereby giving the local man work and at the same time keeping out of our county families that will later become a burden to our financial setup.

I would further suggest that people who have lots to sell in Bronte and Robert Lee refrain from selling these lots to Mexicans or white families who merely come into our county in order to get on relief.

In the past few months the situation that confronts Coke County has become very serious and the above two causes can be remedied if the people who are selling Lots and hiring these transient families will heed this warning and remember that for the little profit that you make will eventually cost Coke County in which you live Ten times the profit you have made both in money and morals.

Sincerely,

McNeil Wylie,

County Judge
Coke County, Texas.

J. P. Brown & Son, Lumber

J. P. BROWN & SON, LUMBER, 1104 South Chadbourne, telephone 3426, is one of the new business concerns in San Angelo, that is carving out a good business for itself without any great blast of trumpets.

J. P. Brown & Son handle lumber and all kinds of building materials. They make a specialty of the very best grades of lumber. They handle lumber from Louisiana and not from Oklahoma and East Texas, which is said to be a much better grade of lumber than that from the two former places. Brown & Son, a little more than a year ago came to San Angelo, secured them a large lot for their business and began receiving their

and thoroughly experienced lumberman—in fact, he has been in the lumber business all his life. Mr. Brown's father before him was engaged in the lumber business and therefore the son was taught the ins and outs of the lumber business. He knows lumber and building materials. Having the overhead expense reduced to the lowest possible they sell at a close margin and therefore, make some special prices on lumber and lines of building materials they handle.

They handle FHA loans and can give estimates on all kinds of building and repair jobs. In this Business Stimulating Review we gladly commend J. P. Brown & Son, Lumber, to our

Texas Trading Co.

The TEXAS TRADING COMPANY, located at 1007 North Chadbourne Street, in San Angelo, Texas, phone 3214, is a company which is known throughout this section in the building material business. The experience of years as being among the prominent firms in their line, the practical knowledge that has won for them the recognition of the country at large and the patronage of thousands, all adds to the progress and prosperity of the community in which this modern establishment is located.

Hagelstein Monument Co.

HAGELSTEIN MONUMENT COMPANY, San Angelo, located at 606 South Chadbourne, telephone 4450, is truly one of the old business institutions of San Angelo and of West Texas. John Hagelstein is owner and manager of the widely known and appreciated monument company at San Angelo. Mr. Hagelstein has been a resident of San Angelo 53 years which means all of his life. And he has been in the monument business for twenty-five years. So, Mr. Hagelstein has the advantage of not only having grown up with West Texas and West Texas people but for a quarter of a century he has done nothing but study the needs of the people of the people with reference to

with reference to monuments at the graves of the dead.

Honest and honorable to the last limit whatever Mr. Hagelstein states to a prospective purchaser of a monument or grave marker can be relied upon. He always makes his word good. A courteous gentleman always, it a pleasure to have business relations with Mr. Hagelstein. It affords the writer much pleasure to commend Mr. Hagelstein in this Business Stimulating Review to any and all who may not know him. To those who know him he needs no words of commendation for he is too widely known to need such commendation.

At Ballinger the Hagelstein Monument Co., is in charge of Mr. H. A. Burke, who likewise is a pleasing and honorable gentleman.

F. S. Kreyer, Jeweler

F. S. KREYER, JEWELER, located at 9 West Beauregard Avenue, in San Angelo, Texas, phone 4008-4, is quite a factor in the social life of this section, as it is headquarters for the very latest in vogue in the jewelry of the day. Furthermore, it is a store that is excellently appointed, and carries a select stock of diamonds and precious stones. The latest designs in Watches, Wrist Watches, Rings of all kinds. Necklaces. Fine Silverware and many novelties are featured.

Every well dressed lady should occasionally visit this store in order to be able to keep up with the times. With the changing styles of the day, when ladies wear much less complicated attire, this jewelry store will

continually take on new importance, as more and more jewelry will be required. This establishment is known far and wide as a most reliable one from which to make your selections and every item is offered at a most reasonable price.

Whether selecting jewelry for yourself, for a wedding present, graduating present or a gift for any other occasion, you will find when you make your selections from their wide assortment, you will not only be choosing in good taste, but will select something that will give pleasure for years to come.

NATURAL GAS FOR COUNTRY HOMES

(By MISS BROWN)

N. A. JAMES, INCORPORATED, located at 46 West Two-hig Avenue, in San Angelo, Texas, phone 4623, is under the direction of a management who has had much experience, having served West Texas for ten years and this experience has taught them never to install tanks under two hundred gallon capacity. With such valuable experience, they are able to advise you in any feature pertaining to the modernization of the countryside with BUTANE GAS.

Butane Gas is the greatest aid to a busy housewife when hubby or Johnny is begging for old fashion Apple Pie. Every farmer can now enjoy the same conveniences that is available to their city neighbor through the use of natural gas. Butane gas can easily be installed in the most isolated country home.

natural gas wells of the earth and put through a process of refining and liquefying. It is bottled under low pressure, is then placed in underground tanks for use in the country home. If you do not have the convenience of piped gas, regardless of where you live, get in touch with his company. The management or salesman will gladly explain the modern features of this improvement to your complete satisfaction.

In making this special business stimulating review, the writer wishes to compliment them upon the essential service they are rendering our rural homes and suggests that you consult them about installing Butane Gas in your home.

WINTERS HATCHERY SELLS BLOOD TESTED CHICKS

Last issue The Enterprise carried an ad for the Winters Hatchery. The ad stated that this hatchery could furnish blood tested and very closely culled baby chicks. That fact is something the buyer of baby chicks should always consider well—for, there is much, in fact all, in getting chicks started properly. And blood tested and culled baby chicks mean much in giving the chicks the start they need in order to thrive and do well.

Messrs. Joe V. Hinds and D. J. Kirkham are the owners and operators of the Winters Hatchery. They are pleasing gentlemen and you will enjoy a visit to their place whether you are interested in baby chicks at this time or not.

BUSINESS CLUB MEET

Let everybody remember that next Wednesday, 12:15 o'clock is the time and hour for the meeting of Bronte's new business club. Important matters are pending—at that time a name for the "baby" will be selected. There have been some twenty-five names submitted. A committee selected for that purpose will eliminate all but three names and submit to the club and the members will select one of the three—so, don't fail to be present.

C. R. FOX FURNITURE IN NEW QUARTERS AT SAN ANGELO

C. R. Fox old time furniture dealer in San Angelo is in new quarters as his place of business. Mr. Fox is one of the truly pioneer business men of San Angelo. He has been there thirty-two years. First of this month he opened his doors at 109-111 North Chadbourne, after twenty-two years in his place on West Beauregard Avenue. Mr. Fox owned his place of business but was offered such a price for it, he felt he could not afford not to sell. So he is in his new place.

Our readers have noted that C. R. Fox & Co., Furniture are running a continued ad with us announcing the fact that they are in their new location. This pioneer furniture company has many friends in the Bronte country, and Mr. Fox says that they have a good business there—hence he is running the announcement of their new location that all may know where their present location is. If our readers will drive down Chadbourne and look for a big red fox painted on the front of the building above the awning, they will have no difficulty finding the new location of Fox Furniture Co.

We wish Mr. Fox many more years of successful business.

OLD FASHIONED WEDDING DINNER

Mr. and Mrs. Elza Baker of Marie gave an old fashioned wedding dinner Sunday to members of the family, in honor of their son, Leonard and his bride, Mr. and Mrs. Leonard Baker were married Saturday night. Before her marriage Mrs. Baker was Miss Estella Smith of Miles. All the children, grand children and step grandchildren were present.

CARD OF THANKS

We take this way of expressing our sincere and deepest gratitude to each and all of our dear friends for their tender sympathy and kindly ministrations in the illness and death of our dear mother and grandmother, Mrs. Savannah Caperton. God bless you, each and all, dear friends. Her children and grandchildren.

ENCOUNTER BAD WEATHER ON WAY TO WASHINGTON

L. T. Youngblood writes the interesting letter below as to the weather and sights of interest he is seeing on his trip to Washington. Mr. Youngblood and Culbertson Deal of San Angelo are there in behalf of the UCRA. He writes privately that the outlook is encouraging: Washington, D. C. 1-24-1939

Dear Mr. West:-

On the way up the country looked rather desolate. We left the nice warm sunshine at home and met some snow and cold weather at St. Louis.

St. Louis sure is a smoggy and dirty town. Cincinnati boasts the finest terminal station in the world, and so far as I know and able to second the nomination. It is positively the finest I ever saw.

I was interested in seeing Harpers' Ferry and the history connected with it was interesting. Of course the country up here reeks with history.

A number of new public buildings have been built the last few years in Washington, the capital of the greatest country in the world.

Among the old buildings here that are of interest is the Congressional Library, Pan American Building, The National Museum, the Smithsonian Institute, the White House, Capitol and others.

A new Agricultural building. A new postoffice building. Archives building, Supreme court building. Federal Trade commission building, New Interior building, Internal Revenue building, Justice Department building, a new building is being erected now to house a Mellon Art, which he donated. It is estimated the art collection cost him over twenty million dollars. Most of the government buildings are built along Pennsylvania street, Constitution Avenue and the Mall.

It is said there are 9000 taxis in Washington and I think with the hundred thousand government employees aided by the members of the UCRA they are all kept busy.

It is said Washington has the most congested traffic of any city in the world.

Of course the city is not so pretty now because winter makes it gloomy, but when spring comes the wonderful trees together with the cherry blossoms make it as pretty as any city, I think.

Have seen the city here twice before from the air, but not going up this time.

Th apartment houses here are mostly red brick and there are thousands of them built so close together you could not see between them. There are not any tall buildings here. I understand none of them can be more than 202 feet high above ground. Signing off.

Yours very truly
L. T. Youngblood.

ATTEND SWEETWATER BOARD OF CITY DEVELOPMENT BANQUET

H. O. Whitt, Bob Covey, J. T. Henry, Robt. Knierim and the writer attended the annual banquet of the Sweetwater Board of City Development Thursday night.

We would like to give a complete report of the affair, and especially how the "boys" the editor chaperoned "behaved" themselves, but time will not permit as we rush to get to press.

But, as for the banquet and the program, we want to say to you, Mr. Geo. Barber, secretary Sweetwater Board of City Development, your 1939 banquet, as Mark Twain said about the ocean, the first time he looked

Concho Mattress Factory

There is no company more worthy of extended mention in this review than the CONCHO MATTRESS FACTORY, located at 724 Burges Street, in San Angelo, Texas, phone 3224.

Because it is under the direction of Mrs. H. Collard, who is and has been the sole owner and manager for the past many years, and who is thoroughly conversant with every feature of the business, it is not strange that it has become one of the most important industrial assets of this section. The 40th Anniversary of this factory will be celebrated next February 17th.

Real value at the most reasonable price possible has been the guiding influence of this concern during the life of it, and it has brought them trade from all surrounding

territory. They can take your old bedding and not "just your old bedding in any condition and put it through a process which gives you quality and a new product appearance at a great savings. When they use the word, "Renovate," they mean to make new and sanitary your old bedding and not "just slip on a new tick."

In making this special business stimulating review, the writer wishes to compliment them upon the admirable manner in which the business of this valued enterprise is operated, and refer them to you as one of the distinctive features of the commercial efficiency of this part of the state and as headquarters for high-grade mattresses, as well as for first class renovating service. Feather beds and pillows are also made over.

San Angelo Business College

The SAN ANGELO BUSINESS COLLEGE, located at 14 South Irving Street, in San Angelo, Texas, phone 3660, is under the able and efficient direction of Mrs. W. W. Carson, President and W. B. Carson, Business Manager. They offer intensive courses in the basic training of shorthand, bookkeeping and typing for high school graduates and teachers.

No matter what vocation or calling any boy or girl of today is going to follow, he or she should have a course in an institution of this character, in order to be able to cope with the demands of present day business efficiency.

It has continuously merited the distinction achieved by its careful training of students, as being far above the aver-

age commercial school. The management is well informed in matters relating to advanced educational courses that conform to modern business methods.

Many firms in San Angelo and for miles around have secured well trained employees through this reliable college. They know this to be a local institution with public spirited management, progressive and efficient business methods, clean moral atmosphere and able instructors.

In making this special business stimulating review, the writer wishes to compliment the management upon conducting a school of this character and urge those interested in taking a business course to enroll or the new classes now being organized.

Farmers Implement Company

FARMERS IMPLEMENT COMPANY, 34 East Concho Avenue, San Angelo, phone 5266 is the distributor throughout West Texas of the well known and popular distributor of farm tractors, the new Universal "Z" Economy Tractor, manufactured by the Minneapolis-Moline Power Implement Company at San Angelo, which is composed of G. R. Erwin and G. C. Wilbanks, is sufficient guarantee to any interested farmer or ranchman that the Universal "Z" Economy tractor is all that could be expected in a farm tractor. Likewise the farm implements carried by this San Angelo farm implement company are up to the standard in all particulars. They carry disc plows and seeders as well as harvesters, 6, 8 and 12 ft. sizes. The Farmers Implement Company also carries the Hammer-

mill feed grinder—there is no better feed grinder. Messrs. Erwin and Wilbanks, owners and managers of the Farmers Implement Company not only invite the farmers and ranchment of this part of West Texas to visit them, but insist that those who are interested in farm tractors and farm power implements, call on them and get full explanations of their lines of tractors and farm implements before buying. The writer is pleased to say that these gentlemen are fine gentlemen and courteous and obliging verwise and any word they give about their lines of merchandise or otherwise in their business relations can be depended upon. In this Business Stimulating Review we are pleased to commend the Farmers Implement Company of San Angelo and its managers to our readers.

Allen Motor Sales Company, Car Dealers

ALLEN MOTOR SALES COMPANY, Chrysler and Plymouth Sales & Service, 20-24 East Twohig Avenue, San Angelo, telephone 3690, is an outstanding automobile sales and service business firm not only of San Angelo, but of all West Texas. Claude Allen has been and is the owner and manager of this widely known and popular automobile sales and service establishment. It was in 1913 that Mr. Allen entered the automobile business and has been continually engaged in that business since that time. In 1920 Mr. Allen established his place of business at his present location. "Claude," as he is called by his multiplied hundreds of friends throughout the West, is known to as many of

the ranchment and farmers and others of West Texas as any man in all this vast section of country. He is a genial and jovial in his nature and makes friends of all whom he meets. He not only operates a sales and service department, but he also has a used car exchange where he has for sale any and all makes and kinds of cars. But whatever Claude Allen or one of his salesmen tells you about a used car you can depend on it that the salesman believes it is as he states—for, Mr. Allen prizes his good name for square dealing above all monetary considerations. Hence it is with genuine delight that the writer in this Business Stimulating Review of outstanding business concerns in San Angelo lists Allen Motor Sales Company.

ODDITIES AT THE FAIR

NEW YORK—Here are a few of the strikingly unusual things visitors will find at the New York World's Fair 1939:

A parachute tower from which visitors may "bail out" at an elevation of 250 feet and be sure of a "happy landing."

Revolving "magic carpets" from which you may look down as from a height of two miles upon "The City of Tomorrow" inside the 200-foot Perisphere.

A "Tree of Life" carved from the trunk and branches of an elm planted in Connecticut in 1781 by Revolutionary War prisoners.

"Steve Brodie" jumping six times a day from a reproduction of the Brooklyn Bridge.

The most valuable wheat field for its size in the world in full growth.

Five million dollars worth of diamonds, rubies, emeralds and other gems in one glittering display.

The steel-walled bathysphere in which descent has been made miles down in the black depths of the ocean.

"Rocket gun" by which passengers will be shot to the moon, or Mars someday—perhaps.

The model of a human eye so large visitors may enter it and look out upon the Fair's busy scene just as if the eye were doing the looking.

Two hundred blooded cows being milked daily on a revolving platform.

An orange grove transplanted intact all the way from Florida.

Automobiles with living drivers in hair-raising collisions and flying somersaults.

The largest epeal in the world.

An oil well in operation with real drillers in the "cast."

The largest model railroad ever constructed.

Puppets 14 feet tall dramatizing

the contents of the familiar bathroom medicine cabinet.

Displays of rare orchids, renewed every three days by plants flown to the Fair from Venezuela.

The tremendous discharge of 10,000,000 volts of man-made lightning.

A Brazilian exhibit building erected on stilts.

A floor made of cotton.

Ricksha runners from South Africa six and a half feet tall and clad mostly in feathers, horns and beads.

A waterfall cascading from the high roof of a building.

Mural paintings that change their colors while you're looking at them.

Fireworks set to music in related patterns of color and light.

A city entirely populated by midgets.

An automobile speedway half a mile long on top of an exhibit building.

Mighty snowstorms sweeping down out of a clear Spring sky.

A building turned inside out with its roofbeams on the outside.

Moving chairs traveling around in a building so visitors won't have to walk.

A flight to Venus so real you'll swear you've been there and met the folks.

The tallest mural paintings in the world.

A model of New York City so large that the Empire State Building is reproduced 23 feet tall.

A sphere 200 feet in diameter seeming to revolve on jets of water, like the little silver ball in the shooting-gallery.

A fountain that stings.

Paintings that have to be destroyed every night and done all over again next morning.

A "Fountain of the Atom," with electrons and protons dancing around a pulsating shaft of light.

A City Farmer

NEW YORK—A cameraman recently snapped Grover A. Whalen, President of the New York World's Fair 1939, in overalls. He was inspecting a wheat field—the first to be planted in New York City in 65 years. It is part of a food exhibit.

Eugene Traylor

PEERLESS FENCE & USED PIPE

EUGENE TRAYLOR, located at 714 South Chadbourne Street, Box 606, in San Angelo, Texas, phone 3341, has filled a great need in the business life of this section. He is the sole owner of this business and when started, he was thoroughly convinced that the public cares as much for quality as for price. Because he has constantly kept this fact in mind, he is recognized as being one of the most progressive men in this section.

Those interested in the better class of Peerless Fence and Used Pipe are extended a cordial invitation to visit his establishment. When you have done so, you will see for yourself just what he means by quality and service. "QUAL-

ITY and SERVICE" is his motto. It is the attention which he gives to the little details, as well as the big points, that not only gives his Fence and Pipe the greatest utility possible, but adds a touch of distinction which no other firm has equalled.

This individual is well thought of throughout this section. He has always shown a progressive spirit and has done his share in making this section a safer, better, and more prosperous one in which to live.

In making this special business stimulating review, the writer wishes to compliment him upon his great achievement and suggests he is deserving of your loyal support.

Breezland Hatchery

BREEZLAND HATCHERY & FEED STORE, No. 1, 9 West Concho, San Angelo, phone 3605-3, is one of the foremost hatcheries and feed stores, not only in San Angelo, but all this part of West Texas. The Misses Bigelow and Schott are the owners and operators of this large and widely known chicken and feed business, making it one of the most successful of any hatchery its size.

Owners of the Breezland Hatchery are thoroughly acquainted with the chicken breeding, feeding and growing business—nothing is by guess with them. Everything, every feature of their business must be strictly according to the best approved methods of such procedure. They know chickens,

they know eggs, they know the best feeds and best methods of hatching and of growing chicks. U. S. official and approved hatchery, and sells only U. S. culled and approved according to U. S. standard requirements—hence, when one buys chicks from Breezland he may know that he is getting the very best in the way of chicks, best adapted to healthy growth and best results. The writer is pleased in this Business Stimulating Review to commend Breezland Hatchery and the ladies who own and operate same—any business transactions one has with Breezland will find their relations with them both satisfactory and strictly according to the highest ethics in business procedure.

Woodruff Hatchery

WOODRUFF HATCHERY & FEED STORE, 2301 North Chadbourne, San Angelo telephone 3922-2, is a chicken and feed business that seems to the writer almost like a business operated by "kinsfolk"—for, we have known W. B. Woodruff, senior member of the firm, since we were boys together. In fact, he and the writer were college mates together. Just how long that was we will not tell, for Mr. Woodruff might not want us to tell. Anyhow through the years he has been in business and for many years in his present line of business. Then, his son, Carl, came into the business and is now manager of same. Wood-

ruff Hatchery is operated strictly on a business basis. Every transaction is according to the highest ideals of business integrity. Whatever representations Woodruff Hatchery makes to one about any of their chicks or other products they handle, it can be relied upon as being exactly what they think about as as to the condition of chicks and their quality, and hence you will get no cheap quality of chicks represented to you as the best quality. You will make no mistake to buy your baby chicks and feed at the Woodruff Hatchery. In this Business Stimulating Review the writer is pleased to present the name of the Woodruff Hatchery.

RECOMPENSE

We are quite sure
That He will give them back
—bright, pure, and beautiful.
We know He will but keep
Our own and His until we fall
asleep.

We know that He does not
mean
To break the strands reaching
between
The Here and There.

He does not mean—though
heaven be fair—
To change the spirits entering
there, they forget
The eyes raised and wet,
The lips too still for prayer,
The mute despair.
He will not take
The spirits which He gave, and
make
The glorified so new
That they are lost to me and you.

I do believe
They will receive
Us—you and me—and be so glad
To meet us, that when most I
would grow sad
I just begin too think about that
gladness,
When they shall tell us all about
the way
That they have learned to go—
Heaven's pathways show.

My lost, my own and I
Shall have so much to see to-
gether by and by.
I do believe that just the same
sweet face,
But glorified, is waiting in the
place
Where we shall meet, if only I
am dunt worthy in that by
and by.
I do believe that God will give a
sweet surprise
To tear-stained, saddened eyes
And that this his heaven will
be
Most glad, most tided through
With joy for you and me,
As we have suffered most.

God never made
Spirit for spirit, answering
shade for shade,
And placed them side by side
So wrought in one, though sep-
arate, mystified—
And meant to break
The quivering threads between.
When we shall wake,
I am quite sure we shall be very
glad
That for a little while we were
so sad!

The above beautiful lines were
received with the letter below
from our friend, Hicks Read.
Mr. Read worked for us before
the Christmas holidays and
stayed in the home:

Blum, Texas,
January 12, 1939.

Rev. D. M. West,
Bronte, Texas.
Dear Bro. West:
I am enclosing a poem entit-
led: "Recompense," and know-
ing your love for beautiful
poems, and the sentiments and
messages they convey, that
mere words cannot express, in
dedicating it to you and Mrs.
West, I know it will be accepted
in the spirit in which it is sent—
an expression of the great sym-
pathy I have for two courageous
friends.

Sincerely,
Hicks Read.

Thank you, Hicks.

Mrs. Tom Williams and Mrs.
T. H. Rogge entertained with a
formal dinner Friday night in
the home of Mrs. Rogge. The
dinner was given in honor of
Alfred Williams who celebrated
his eighteenth birthday. The
predominating color scheme was
silver and green.

The following guests attend-
ed: Chloe Borders, Clyde Lee,
La Vern Williams, Tug Williams,
Geraldine Lee, Robert Hugh
Sims, Razella Hale, Edward
Cumbie, Sybil Heidel, Jack
Chisholm, Mary Ruth Young-
blood, Tiny Glenn and Alma
Jane Cumbie.

A very nice time was reported
by all.

Angelo Stock
Show Plans Are
Going Forward

SAN ANGELO, Jan. 18—
Committees handling the vari-
ous divisions of the Eighth
Annual San Angelo Fat Stock
Show and Rodeo, March 3-6, in-
clusive, are busily engaged in
drafting plans for the exposi-
tion. Awards for winners in the
baby beef show, fat lamb exhib-
it and breeding sheep display,
all for boys, aggregate \$1,900
in cash and are to be supplē-
mented by special awards and
premiums donated by leading
business firms in San Angelo as
well as national cattle and
sheep associations.

In the baby beef show total
cash premiums, for both the
milk fed and dry lot classes,
will be around \$1,300. Animals
will gain their owners \$120 in
cash prizes in the fat lamb show
and in the breeding sheep dis-
play there will be \$150 in cash.

Outstanding among the troph-
ies and special awards will be
the C. A. Broome Memorial
award of a registered Hereford
calf. This is the third year the
Broome estate has offered a fine
animal from its herd to the
youth showing the best calf
from the counties adjacent to
and including Tom Green. These
counties are Sterling, Irion,
Runnels, Coke, Schleicher and
Concho. The late C. A. Broome
served as general chairman of
the show. During the past two
shows competition has been
keen between club boys and F.
F. A. members exhibiting calves
from these counties.

There will be lesser rewards
and trophies presented owners
of winning animals by possibly
a dozen firms here.

Committees this year are ex-
pecting entries to exceed last
years' record-barking mark and
are making their arrangements
so as accommodations will not
be over-taxed. Many entries

C. T. Mahler, Sr., Realtor

C. T. MAHLER, SR., REAL-
TOR, 410 West Concho, tele-
phone 3335, is one of the widely
known real estate dealers of this
part of West Texas—for, he has
been in the real estate business
in San Angelo many years. Mr.
Mahler has seen real estate val-
ues come and go, but he believ-
es unflatteringly in the perma-
nency of the values of West
Texas realty, both in San An-
gelo and in the farm and ranch
lands of West Texas.

Having been in San Angelo
through so many years Mr.
Mahler has a large clientele—he
has lands and San Angelo realty
as well as in other West Texas
towns listed with him and usual-

ly at really great bargains. Mr.
Mahler is always interested in
the real bargains in real estate
and he can generally tell one
seeking realty investments as to
the value of the proposition in
question.

Honest and straightforward
in his dealings in all business
transactions and a genial pleas-
ing gentleman it is always a
matter of pleasure to people to
have business transactions with
Mr. Mahler. In this Business
Stimulating Review we are quite
happy to submit Mr. Mahler to
our readers and say to them in
Mr. Mahler they will find a gen-
tleman whose word can be
counted upon.

Bates-Cavitt Lumber Company

BATES-CAVITT LUMBER
CO., located at 801 South Oakes
Street, in San Angelo telephone
3782, is a lumber concern that
has made a record of which to
be proud, and is a company
which is known throughout the
San Angelo trade territory.

This company began its career
in San Angelo in June 1927,
making it to be in its eleventh
year. It is an independent
lumber and building material
concern, is owned and operated
locally. Its owners and man-
agers John M. Bates and J. F.
Cavitt, Jr., are interested in the
progress and development of all
this part of West Texas. There-
fore they have done their part

in aiding in the building and
improving program of the San
Angelo trade territory.

This company carries a large
and well selected stock of lum-
ber, an all kinds of building
materials. They are always on
the job and ready to serve those
who call on them. They are cour-
teous and obliging and do every-
thing they can to aid those who
go to them with their building
and repair needs.

In this Special Business Stim-
ulating Review the writer com-
pliments them upon their large
stocks and the valuable service
they render to the people of this
part of this section. They handle
FHA loans.

Morgan Flower Shop

MORGAN FLOWER SHOP,
Walker Morgan, owner and man-
ager, located at 18 West Beaure-
gard Avenue, telephone 4188, is
one of the oldest and most wide-
ly known flower snops in all this
part of West Texas. Mr. Morgan
has been in West Texas all his
life except two years—there-
fore, he is a full-fledged West
Texan, knows West Texas peo-
ple and the ways of West Texas
people. He has been engaged in
the flower business practically
all his life, and hence knows all
the details of this important
business. In 1920 he established
the Morgan Flower Shop and
has devoted his time and atten-
tion to the flower business. He
has cut flowers and potted

plants; always has a large and
varied assortment of flowers
and can furnish flowers for any
and all occasions. Mr. Morgan
and his employes of his shop
are very considerate of all who
call and are most courteous and
pleasing and make all who call
to feel that they are in "a home-
like place." It is with much
pleasure we call attention to the
Morgan Flower Shop and to Mr.
Morgan, its owner and man-
ager, in this Business Stimulat-
ing Review. Frank Keeney,
Bronte Undertaker, represents
the Morgan Flower Shop at
Bronte. Hence when you need
flowers of any kind, if you are
near Bronte, see Mr. Keeney and
he will give your order for flow-
ers his personal atntion.
