VOLUME 21.

BRONTE, COKE COUNTY, FRIDAY AUGUST 4, 1939

NUMBER—30

Aged Lady Dies In Bronte Sunday Morning

Mrs. Priscilla Mobley, mother of Mrs. J. D. Luttrell, died at the Luttrell home, where she had been making her home for some time, early Sunday morning.

Deceased was born at Jacksboro, Mississippi, May 1859, making her to be in her eightieth year when death called her from the toils and cares of life, to her reward beyond the skies. Moving with her family to Floresville, Texas when a small girl she resided there till 1902 when she came to make her home in Coke county and has resided here since that time.

Those who survive to sorrow over her passing besides the daughter, Mrs. Luttrell, three step-daughters, Mrs. Mattie Hicks, Lubbock; Mrs. Carrie Coppedge, Bronte, and Miss Nannie Mobley, Bronte; a brother, J. T. Sims, Bronte, and 14 step-grandchildren.

Many years ago deceased became a member of the Primitive Baptist church of which she was a devoted member until death. Elder J. A. Richardson, a Primitive Baptist minister of Robert Lee, conducted the religious services, Monday afternoon, in the place of worship of the Bronte Church of Christ. A goodly number of old time friends and acquaintances of the deceased and family gathered to pay tribute to her memory. Elder Richardson spoke tenderly and beautifully of the life of deceased, while the choir sang the old, old hymns of the church.

Following religious services the body was carried to Fairview cemetery and was tenderly put away for its last long rest and sleep.

Green Milling Co. Makes Its Own Feedstuffs

And C. L. Green Milling & Grain Company of Winters scores again, in the matter of aggressive business methods and in watching out always for the interests of the feed consumers in the Winters section of country.

C. L. Green, owner and manager of the C. L. Green Milling & Grain Company, is "a West Texas product," as to his residence and his acquaintance with and love for West Texas and all its interests. Quite a number of years ago, Mr. Green, as a young man, limited in funds, but with an ambition to achieve, settled in Winters and engaged in the feed and milling business. And through the years, Mr. Green has had but one line of thought as regards to his business and that has been to build his business on the confidence of the people whom he serves. To that end he has never counted the cost when it came to giving his customers every helpful consideration possible. As a result the C. L. Green Milling and Grain Company, and its genial, courteous, obliging owner and manager, have become a synonym of progressive and honest business procedure.

For years Mr. Green has been disposed to find some way by which the cost of prepared livestock and poultry feeds could be reduced. Having to ship the raw grainstuffs to mills back East, have the feeds compound-

(Continued on page 3)

Baptists At Blackwell To Start Meeting

Rev. J. H. Dean, pastor of the Blackwell Baptist church, informs The Enterprise that all the details are perfected for the revival meeting of the congregation to begin Sunday morning at 11 o'clock.

Rev. B. N. Shepherd, missionary of district 17 of the Baptists of Texas, who resides at Abilene, will do the preaching and elad in the meeting. Rev. Shepherd is known as a successful evangelist of his church and has held some remarkable meetings in his work. "We count ourselves fortunate in being able to secure the aid of Bro. Shepherd," said the pastor to The Enterprise representative. "He is a devout Christian gentleman and an interesting and helpful preacher and we know that all who are within reach of Blackwell who hear him once will want to hear him often throughout the meeting. And it is our deep desire that everyone who is within reach will attend and aid every way possible. We particularly invite all who sing to join our choir. Rev. Carroll Holtzclaw also of Abilene who is a successful gospel singer will direct the music and will have charge of the choir. We are looking forward and hoping for a meeting that will be a community-wide blessing to all the people."

The meeting will continue throughout two full weeks with worship in the morning at 10 o'clock and in the evening at 8:15 o'clock.

Jim and Charley Whiteside of Sipe Springs spent Monday night with relatives in Blackwell as they were en route from a trip through the West.

Anyone who might be interested in securing the State-owned Draft Stallion, please contact the County Agent's office immediately.

HANDKERCHIEF SHOWER

The friends of Mrs. Elizabeth Ivey surprised her Wednesday evening with a handkerchief shower. The friends passed the word around among themselves and each secured the gift desired to give. Then after nightfall they went to the home of the honoree and presented her the gifts. A happy hour of social conversation was enjoyed.

Miss Virginia Mae Burleson and little brother, Jackie, have returned home after a visit of several weeks with their father at Bastrop.

Buys Interest In The Robert Lee Observer

A business deal has been consummated at Robert Lee since the last week's issue of The Enterprise that affects one of the oldest business in all of Coke county. Reference is made to the purchase of a half interest in The Robert Lee Observer—its office, plant and business—by S. R. Young, one of the old time residents of Miles.

Mr. Young is not only one of West Texas finest men and citizens but he is a successful news paper man and the coming of Mr. Young to the helm of Coke county's weekly at the county seat will give it new life and vigor.

Considering that he is a young man Felix Puett who will still be connected with the paper, has carried on well and with the aid he will get from Mr. Young's successful experience in newspaper work, it may be expected that The Observer will "carry on" in a great way.

Success to you, gentlemen—we hope you will make "a cool million," and then be kind enough to lend us some of your surplus, or just engage us to shine your shoes.

Welcome to you, Mr. Young and family to Coke county.

Revival Starts With Barbecue And Good Fellowship

There is a question in a Book in which all the people in this country believe, to this effect: "Am I my brother's keeper?"

There was a literal answer to the age-old question, on the lawn of the Bronte Methodist church last night (Thursday.) For some time the pastor, Rev. C. R. Hardy and the interested members of his congregation have been giving publicity to their summer revival meeting which was scheduled to begin last night (Thursday.) Friends of the genial pastor and congregation became happily interested early in the week when invitations were passed around to those not members of the congregation, to attend a barbecue supper on the lawn of the church early Thursday evening, following which the revival meeting would begin with the first service that night.

The fulfillment of every promise of Pastor Hardy and his workers was evidenced last night when the large crowd gathered on the beautiful lawn of the church and all participated in the delicious barbecue menu with the other attendant accessories.

Following the happy hour socially those present entered into the worship of the evening. Rev. Hardy brought a good message. Rev. I. T. Huckabee, pastor of the Blackwell Methodist church, who is to direct the singing in the meeting, also had the choir which is already well organized to render a program of spirited and inspirational singing.

The meeting will continue through Sunday night, August 13. All are cordially invited to attend and to give all encouragement possible to the meeting.

Mr. and Mrs. Ernest Ivey departed Thursday morning for a trip through the East. They will go to Washington, to the New York Fair and to other places of interest before returning.

Sunday School Class Meets With G. L. Bridges

Sunday was a wonderful day with G. L. Bridges—notwithstanding his long years of illness. In the first place, it was his birthday. The Men's Bible class of the Bronte Baptist church, met that morning, in the room of Mr. Bridges and the lesson study was had, with the teacher, L. T. Youngblood.

It is reported that Mr. Bridges greatly enjoyed the visit of the members of the class with him, and he was the recipient of many good wishes from all members of the class present. His friends through the years have tried to hope that yet Mr. Bridges might, somehow, master the disease with which he has so long been a sufferer and be well again. He is a patient and uncomplaining sufferer and all his friends and the entire community join in congratulations to him on his seventieth birthday.

Mr. and Mrs. Cumbie Ivey and son, Cumbie Jr., and Mr. and Mrs. J. B. Mackey and Miss Earl Eubanks returned Monday from a three weeks tour of the "Golden West," seeing many lands and places and scenes, including the fair at San Francisco. They report a wonderful trip.

Bronte Downs Wall Sunday By Score 15-2

Luke Scott's 3-hit pitching combined with the 14 hits collected by Bronte proved too much for the Wall nine Sunday afternoon in a game played at Wall; and they went down in defeat by the score of 15-2.

D. W. Williams, Bronte outfielder, led the hitting for the game, followed by Homer Walton. Williams got 4 hits out of 5 times up and Walton collected 3 out of 6.

Scott, pitching one of his best games of the season got 10 strikeouts and only issued one walk.

Wilde, pitching for Wall struck out 9 Bronte men and issued 3 free passes.

Bronte's lead of four runs in the first inning was never threatened by the Wall club. Bronte started another rally in the 3rd inning which netted them 7 runs which seemed to break the spirit of the Wall club and cinch the game for Bronte.

ENJOYING PICNIC LUNCH AT N. Y. WORLD'S FAIR

NEW YORK (Special)—Picnickers are made to feel at home at the New York World's Fair. Pictured here is a happy group enjoying box lunches beneath brilliantly striped umbrellas which shade the picnic areas at the Fair grounds. They find luncheon al fresco a pleasant interlude of rest during their tour of the

hundreds of fascinating exhibits. And they find that the best things at the Fair are free. During the first month of the exposition the average per capita expenditure within the fair was \$1.17 and this included restaurant meals for most of the visitors.

BLACKWELL NEWS

MRS. CHARLES RAGSDALE

Mr. and Mrs. R. E. Scott and children of Larado have been guests of Mr. and Mrs. Roy Hamilton.

Home Demonstration Club Meets With Mrs. Ragsdale

The Home Demonstration Club met in the home of Mrs. Chas. Ragsdale Friday July 28. Miss Viarina Stenson gave a talk on every day table manners which was enjoyed by all.

A salad course was served to Mmes. R. McFarland, Joe Davis, Robert Post, A. J. McLendon Jr., Emmett Wells, Frank Childers, J. W. Turner, Walter Watt, Ollie

Johnson, Roy Sanderson, Miss Stenson and the hostess.

Every lady is urged to join this club. It is very beneficial and enjoyable.

Mr. and Mrs. W. C. Shamblin Sr., and Mr. and Mrs. W. C. Shamblin Jr., and daughter visited Mr. and Mrs. Will Hamilton at Montell and Mr. Allen Parker and family at Menard.

Prof. and Mrs. LeRoy Stone and daughter and Mrs. Stone's two nephews are visiting in Galveston and San Antonio.

Mr. S. M. Evans and sons Edwin and Darrell have been fishing at Corpus Christi. They reported an enjoyable time but not much luck fishing.

Mrs. Verna Brown of Alpine visited her parents Mr. and Mrs. Frank Childers.

Al Sneed Attended the funeral of his sister Mrs. B. Lee of Georgiana, Alabama. She was instantly killed by lightning Tuesday afternoon.

Mrs. Berry Smith and Miss Bertha Smith are visiting in El Paso.

ENCEPHALOMYELITIS
(Sleeping Sickness in Horses)

Several cases of Encephalomyelitis (sleeping sickness) have been reported in the county and precautions should be taken to prevent the spread of this disease among horses. Everyone who values his horses should vaccinate against this disease and not wait for it to stripe his stock.

In recent experiments it has been proven that this disease is transmitted by a blood sucking insect, such as flies and mosquitoes, and it has also been proven that man and fowls are susceptible to the disease, therefore, (Continued from page 5)

Miss Oleta McFarland accompanied Mr. and Mrs. LeRoy Stone to Galveston and San Antonio.

Mr. and Mrs. Everett Best carried Mr. and Mrs. Al Sneed to Georgiana, Alabama to attend the funeral of Mr. Sneed's sister who was killed by lightning.

Lessons on Thrift

KEEP AN OBJECT IN VIEW

The state of mind has much to do With the way the world is serving you. If the world to you seems going wrong It need not be for very long. If you keep busy, work all day, Your blues will then soon pass away. Work and save with an object in view, And the world will soon look good to you. NOW IN WINTERS . . .
A New Idea In Feeds

—Bringing you high quality commercial rations at little more than "home-mixed" prices!

Most poultry raisers and dairymen are well "sold" on the value of feeding balanced rations, for good feeds always produce better results than make-shift "home mixes."

Some mixed feeds ARE expensive . . . so expensive, in fact, that often there is little profit left for you on eggs and milk —after you pay the feed bill.

The VITRENA PLAN

But now the VITRENA plan brings modern manufacturing and merchandising methods to the feed business — the same methods that in many other industries give you MORE for LESS MONEY. And the VITRENA method is so simple, you wonder why someone didn't think of it before.

CONSIDER THESE FACTS

In round numbers, most mixed feeds are composed of 30 to 40 per cent concentrates (usually not grown or available locally), and 60 to 70 per cent LOCALLY GROWN grains and mill feeds.

And grain raised right here around Winters is shipped to a feed mill—with the COST OF THE FREIGHT on that grain going into your sack of feed. And at the mill it is mixed with the concentrates—and manufacturing, overhead, administrative and selling costs must be added to the feed price. Then, the finished feed is shipped back here to Winters—and AGAIN you pay the freight bill! We don't see why all those unnecessary costs should be added to the price of your feed —and VITRENA FEEDS have changed all that.

HERE'S HOW

VITRENA FEEDS are made and marketed under a plan as new as next year's automobiles. FIRST—scientific feed formulas were prepared by experts with long experience in the feed business, working in cooperation with leading agricultural colleges and experimental stations. SECOND—the Transit Grain & Commission Co. built and equipped a new feed mill at Fort Worth. THIRD—this new mill makes the feed concentrates only, and ships them to us here in Winters. FOURTH—we mix VITRENA concentrates with local grains and mill feeds, in our own mill, strictly according to the laboratory-controlled VITRENA formulas and under the supervision of VITRENA feed experts. FIFTH—you buy VITRENA FEEDS here, at our own home-owned mill, and YOU SAVE PLENTY OF MONEY! —YOU SAVE MONEY because you DON'T pay for the freight—TWO WAYS —on the 60 to 70 lbs. of grain in each 100-lb bag of ordinary feeds. —YOU SAVE MONEY because Transit's mills operate at low manufacturing, overhead and administrative costs. —YOU SAVE MONEY because the actual mixing of grains with concentrates is done right here in Winters, in our own efficient, economical mixing plant.

Vitrema Feeds

FOR POULTRY AND LIVESTOCK

Already we are mixing a complete line of VITRENA FEEDS for poultry and dairy cows, and feeds for other livestock will be ordered as rapidly as possible.

MONEY-BACK GUARANTEE

I wish to add these few words to my many friends in and around Winters. You know that I have spent a lifetime in the feed business. You know, too, that I've handled the best known commercial rations on the market—so I ought to know GOOD feed when I see it. Well, VITRENA FEEDS are GOOD FEEDS—as good or better than I've ever seen. And if you don't say the same, after giving them a fair trial, I'll cheerfully refund your money.

(Signed) C. L. GREEN.

C.L.Green Milling & Grain Co.

Exclusive Licensees and Mixers of VITRENA Feeds in Winters

GREEN MILLING CO.

(Continued from page 1)

ed, and then shipped back to West Texas, has not appealed to Mr. Green as a business proposition, for he knew that his customers were raving to pay more than they should for the concentrated feeds.

Hence, Mr. Green has arranged with the makers of mixed feeds to supply him the concentrates in the required and necessary proportions and then he in his own mill mixes the feeds and sells to his customers. In doing this, Mr. Green has brought down the prices of concentrated feeds, both livestock and poultry, till it seems almost like "a fairy tale," the prices at which you can now buy the very highest grades of mixed feeds, compared with what you have hitherto paid.

The C. L. Green Milling & Grain Company has and ad in this issue of The Enterprise—read it, every word of it and ponder it. Then, give Mr. Green a vote of thanks for what he has done in the way of bringing relief from the almost exorbitant prices of feedstuffs to where now if you have dairy cows or poultry you can make a worthwhile saving in the reduced prices of the feedstuffs you necessarily must have.

Hats off to you, Mr. Green—for, again, you prove your deepest interest in all this section of West Texas.

FUR COAT SALE

Levy Bros. of Sweetwater have an unusual display in the advertising columns of The Enterprise in this issue.

This progressive department store has inaugurated a fur coat sale, here in the summer months, in advance of the fall and winter season.

The display of fur coats this

department store is making is a remarkable showing and the prices are what "tell the tale." Read the ad for prices. Then, see too, that they are offering special discounts that are worthwhile to any lady who visits their store Friday, Saturday and Monday, August 4, 5 and 7, and bring the ad out of The Enterprise in and around Blackwell especially—for it is a rare opportunity to buy fur coats at big savings from the regular

prices.

Miss Juanita McDaniel of McCamey visited relatives and friends at Bronte over the week end. Miss McDaniel is employed as a telephone operator in McCamey.

Miss Virginia Mae Burleson and little brother, Jackie, have returned home after a visit of several weeks with their father at Bastrop.

Miss Helen Kiker from Portales, New Mexico is here on a visit to her sister, Mrs. Jess Perciful and family and other relatives.

At a meeting of the land owners of this immediate vicinity at the school house Monday night, they voted to join the Concho-COLORADO Soil Conservation District and are signing the petition this week, asking to be admitted into the district which has its office at Miles.

Grand Opening SALE

Friday and Saturday Aug. 4-5
2 Day Feast of Bargains

Dear Friends and all others of the Bronte trade territory:

You know, of course, that I have bought the Ernest Ivey Red & White store, as per the announcement in last week's Bronte Enterprise. I greatly appreciate the many hearty welcomes back home and congratulations by my friends and the good people generally. And to show my appreciation and to let everybody who should trade in Bronte know that I mean to sell only **QUALITY MERCHANDISE at RIGHT PRICES**, and somewhat as a "home coming" to all our friends and the people generally, I am going to have "A GRAND OPENING SALE", Friday and Saturday, August 4-5—that means today and tomorrow. So, folks, "drop in" to see us whether you buy anything or not and lets renew our acquaintance, if we have known each other before—and should it happen that we do not know each other, lets get acquainted. That I know the Grocery and Produce business, I do not have to state to all my old time friends—for all of you know that I have been brought up in a grocery store. And that I buy right, I only have to remind that the Great Red & White System with which I am connected always buys at the very lowest as they buy in such immense quantities. So, folks, I am in position to make it to your interest to trade with me. Anyhow call today or tomorrow and let us have the pleasure of seeing you in our store. Just a few prices to show you the **BARGAINS** we offer in the **Specials** for today and tomorrow.

SLEEPING SICKNESS
(Continued from page 2)
cases of the disease should be handled with every precaution. Sick horses should be reported to a competent veterinarian. The first symptoms of the disease is high fever, dull look in the eye, excessive sweating and drooping of the lower lip. In advance stages the horse loses his equilibrium and staggers. In the more advanced stages they

get down and cannot rise without assistance. All stages of the disease have been cured by proper care and administration of the Encephalomyelitis Chick Serum. Encephalomyelitis Chick vaccine is the only method of immunizing an animal against this disease. The first vaccine and serum was produced from hyper-immunized horses and was successful but the cost of production

was high and the period of immunization was comparatively short. In the past two years this serum and vaccine have been produced from embryo chicks. This chick vaccine can be produced much cheaper and gives a longer period of immunization. (By test, six months.) Practically all stages of the disease, when treated with Encephalomyelitis Chick Serum, have responded rapidly and most have fully recovered in a short time. All cases should be given every

care possible. Advance cases should be swung. Plenty of clean water and feed should be placed where it will be easily reached by the patient. When a horse gets down with sleeping sickness and reaches the stage of thrashing the ground with his legs there is not much that can be done, except prepare to remove the carcass. Don't let your horse rear this stage.

All producers who desire to secure fish from the State

The early bird was lucky But the little worm got caught By being out so early His life, it came to naught. You need not rise so early, And yet can still save more If you're careful with your money And trade at the J. E. Davis & Co. Store (Blackwell) — Good Lube 30c a gallon.

Hatchery for farm tanks should make application for same to the State Game Fish and Oyster Commission; Austin, Texas.

Correction . . .

To my friends and customers of this community:

I have been accused of being a bootlegger of Butane equipment. The State requires each Butane dealer to pay \$25.00 license fee per year. So I don't think I will be classed as a bootlegger after paying my fee. Folks

Blackwell Woman Dies Friday

Mrs. A. J. Lamkin, 83, died at

the home of her son, Charles Lamkin near Blackwell about midnight Friday. She had been a resident of Nolan county for 38 years.

Funeral services were held at

2:30 p. m., Sunday at the Blackwell Baptist church, the Rev. J. H. Dean conducting services. Burial followed in the Blackwell cemetery.

Mrs. Lamkin is survived by

three children, a son, Charlie two daughters, Mrs. B. J. Emanuel, Tahoka, and Mrs. W. B. Clark, Whitt, Texas.

CARD OF THANKS

We desire in this way to express our deepest appreciation and thanks to all our dear friends and the good people generally for all their kindnesses to us in the death of our dear mother and loved one, Mrs. Priscilla Mobley. Your thoughtfulness was so generous and your ministries so tender and sympathetic and kind. Your kindly deeds linger with us and make our sorrow more easily to be borne. You did for us, dear friends, all that you could and we pray God's blessings on you.
Mr. and Mrs. J. D. Luttrell and other relatives.

Stomach Comfort

Why Suffer with Indigestion, Gas, Gall Bladder Pains or High Blood Pressure? Restore your Potassium balance with Akalosine-A and these troubles will disappear. Sold on money-back guarantee by Bronte Pharmacy.
