A FRIENDLY WORD

Friendliness is a great help to all the world. It is an important part of our ways of living. Without friendliness we could trust no one.

We owe a great debt to the people who have taught us to be friendly. They are as great as the inventors and artists.

Friendly people alone cannot give as much help as organizations. The Salvation Army, Red Cross, and the Settlement houses have helped the world to be friendly.

MRS O. P. HEIDEL DIES

The many friends of the family in and around Bronte as well as other places in West Texas were grieved Wednesday when the news spread that Mrs. O. P. Heidel had died in a San Angelo hospital where she had been a patient for some time.

Deceased became ill some months ago and spent a time in Winters and it was thought she was on the road to recovery and returned home. But some weeks ago her condition became more serious and she was carried to San Angelo where she gradually grew more ill until death came and relieved the sufferer.

The body was returned home by Frank Keeney, Bronte undertaker, where it lay in state, at the family home four miles southeast of Bronte, until Thursday afternoon. At three o'clock religious services were conducted by N. C. Forrester, a local minister of the Church of Christ at San Angelo, assisted by Rev. C. R. Hardy, pastor of the Bronte Methodist church. The church choir sang songs of strength and comfort to the wounded heart and the speaker spoke tender and beautiful words to the memory of the faithful companion, devoted mother and gracious Christian woman who had passed. Following the religious services the body was carried to the family plot in the Fairfay cemetery and there put away, "neath an embarkment of beautiful autumn flowers, to sleep and await the resurrection.

The following biographical sketch was read by the elder who conducted the services:

Mrs. Virgie Margaret Heidel was born April 11, 1885 and departed this life at San Angelo, Texas, October 11, 1939, making her to be 54 years of age when death came and took her away.

Deceased was married to O. P. Heidel, in Travis county, in 1914. The family came to Coke county in 1919 and have resided here continuously since that time.

Early in life deceased was baptized into the Church of Christ, and after coming to Bronte placed her membership with the local Church of Christ of which she remained a faithful member till death.

Deceased is survived by her husband and four children and two grandchildren. The children are Mrs. Mildred Thompson, Maverick; Sybil Heidel, Leonard Heidel and Bettie June Heidel of Bronte.

A large concourse of old time friends and neighbors from different communities throughout this section attended the funeral all of whom sorrow at her passing.

Deceased was a gracious, noble woman and The Enterprise extends, with the many friends of the family, deepest sympathy to the bereft husband and children.

Former Bronte Citizen Dies

An item that will be of interest to many of the old time citizens of Bronte that The Enterprise has failed to record is that of the death of Andrew Best, brother of G. A. Best.

Deceased died at Lamesa, where he has made his home for many years, Tuesday, September 26. He was 79 years old. He left Bronte in 1907 and was known to all the old time citizens here. The many friends of deceased and the family will sorrow at his passing. He was a good man and always adhered to the strictest codes of life. The Enterprise editor sorrows at the passing of this old time friend.

Bronte Defeated By Eden Bulldogs Saturday, 6-0

In a game with Eden last Saturday the Bronte Longhorns suffered their first defeat of the season at the hands of the heavier, more experienced Bulldogs.

During the first half the two teams fought on practically even terms between the 20 yard lines with Bronte finally penetrating to Eden's 2 yard line toward the colse of the second quarter.

A blocked punt by Bobbie Modgling near the Eden 25 yard line gave the Longhorns the ball on the Bulldogs 22 yard stripe. Modgling made 6 yards on an off tackle play then Hoss Brunson hit center for a first down on the Eden 11. Brunson lost 1 yard on a try at center. A pass to W. Modgling netted 9 yards placing the ball on Eden's 2 yard line. After failing with a center play the Longhorns attempted a pass over the goal line but were unsuccessful.

were hard fought with both the The third and fourth quarters Longhorns and Bulldogs playing a defensive game.

Eden's score came late in the third quarter when a fumble by the Longhorns gave Eden the ball on Bronte's 20 yard line.

B. Modgling and Hoss Brunson were outstanding in defensive work. Ayler and Suggs were out of the Longhorn lineup due to injuries.

The Longhorns will fill a date with the San Angelo Kittens at San Angelo for their next game.

INDIAN SCHOOL

What is the difference in the teaching of to-day and the teaching of the early Indians? We have teachers in our schools to-day while the Indians an Old Medicine Man for their teacher.

Indian boys had the great outside with rivers, lakes, wild animals, and birds to study. We have well ventilated, comfortable heated buildings with text books, and library books that tell of nature and people of all times.

Another department expected to attract thousands of visitors is the exhibit of the latest developments in commercial and farm machinery by International Harvester Company and Baucom Implement Company.

The T. J. Tidwell Carnival Shows are to be in the midway, but shall occupy an area to one side and east of the fair buildings proper. The space used for the carnival last year will be devoted to car parking. A charge of only 25 cents is to be made for parking here under police protection. However, ample free parking space is to be available near the baseball field and swimming pool. Persons using the free parking area are required to pay nothing at all to enter the fair grounds. Total attendance of about 30,000 is expected.

NATURE'S FIRST LAW

The planets that circle high up in the sky
Are kept in their orbits for some reason why;
And some power unseen, yet plainly we know,
Keeps them in their place and makes them all go.

Called nature's laws, for the guidance of man.
Preservation is nature's first law, they say,
And you must save, if this law you obey.

CONFIDENCE COUNTS MOST

Confidence is based on acquaintance and mutual understanding. The Winters State Bank has enjoyed the confidence of this section, because its relationships with depositors are simple and direct. There is no formality or red tape. All depositors are accorded the same treatment—and that is the best we know how to give.

In a changing world, some things will always remain the same as before. Integrity and dependability will always be qualities to be desired. A wide circle of friends will always be an asset of great value. We appreciate the confidence and friendship of depositors, and we try to be a friend to them. If you do not have an account with us, your business is cordially invited.

W. MODGLING HAS BIG OPENING DAY OF NEW STORE

W. Modgling, owner of the Modgling Grocery and Market, is feeling fine. After much deliberation Mr. Modgling decided to enter business in the modern up-to-the-minute way—that of going on a cash basis and selling Quality Merchandise cheaper than he felt he could afford to sell under the old way—that of extending credit almost universally to the people.

Having thus decided Mr. Modgling closed the doors of his place for several days and renovated and beautified the interior of his place. Saturday morning he opened his doors in a new store with the new policy—that of a Cash Store, but with greatly reduced prices on quality merchandise.

Mr. Modgling advertised his Opening Day, and made it of interest to the people with very special prices and invited the people promiscuously to visit him in his new place on Opening Day. In keeping with such events usually Mr. Modgling served cake and coffee throughout the day, as the visitors came and went. Miss Ruth Adair was in charge of serving cake and coffee, which she did graciously throughout the day.
