## Double Heart 10th Annual Rodeo Starts this Afternoon

### Local Pianist In College Year Book

(Special to The Enterprise) DENTON, Texas, July 31—When the Yucca, student year-book at North Texas State

LaMARR CHAPMAN

Teachers College, was released in the spring, LaMarr Chapman, senior from Bronte, was featured among the Who's Who students in a 20-page "personality" section.

Chapman is a pianist and composer, a member of the College A Capella Choir, the Music Club.

### Turns "Pappy," Too, With Biscuits And Adds "Gravy"

Much has been heard in political circles in recent months in these parts about "Pappy" and "biscuits." And the "pappy" in question has "delivered the goods"—that is, he got all he has ever gone after.

But, regardless as to what you think with reference to the above a local Bronte man decided the other day to turn "pappy" and pass out the "biscuits," so to speak. And when he got started he just decided to go everybody else "just one better," and he would not only offer to "pass the biscuits," but he would also put "gravy" on the "biscuits." So, he sent for a representative of The Enterprise—told his story of generosity and how that people couldn't eat just dry biscuits with any relish. Therefore, he made known that he was going to supply the "gravy" also, so that the people could just "sop and sop and sop."

The man in question is Walter Modgling, owner of Modgling's Market and Grocery. "I have just decided" said Mr. Modgling, "for one time in life to mark down my merchandise so low that the people will feel that we are almost giving away our goods. And when I quote you the prices, Mr. Newspaper man, you are going to agree that the prices have been thrown to the winds. It is not a question of prices—it is purely a question of turning our stock fast—that is the only way you can make a living out of merchandising these days—quick turnover. And that is what I have decided to do. A quick turnover, of course, means that profits must be forgotten. So, just to show the folks that

### Bronte Team Takes Novice Nine In Sunday Thriller

The local baseball players took the Novice Nine, Sunday on the local diamond to the tune of four to two.

The game was well attended, and much interest was shown. Local fans seem to be getting into the trend of things, so watch us go.

Something that seldom happens, one might say, "Once in a coon's age," did happen at the opening of Sunday's game. The first man up to bat, for the Novice team hit a home run on the first ball pitched. He also hit another "homer" in the 7th., but failed to count as he missed second base. From the score-card, we were unable to get the name of the player, however he was the short-stop.

High run man for the Sunday game was J. Corley of Bronte with two runs to his credit.

The local nine lists the following games to come. Sunday, Aug. 11, Ellis Parts "Sheep Herders" here; Texon Oilers here on the 18th.; and next Sunday a return game with the Novice Nine at Novice.

### Becomes Advertising Manager

C. W. Biggs who recently came with The Enterprise as printer and typesetting machine operator, is now advertising manager of The Enterprise.

We commend Mr. Biggs to the advertisers and assure each and all that we will carry out any advertising agreements he may make with an advertiser.

We will appreciate any courtesies shown Mr. Biggs in his work.

we mean literally to supply them "biscuits" with "gravy" added, we are going to give you an ad for this week's Enterprise and quote some prices that will back up what we are saying."

And sure enough, Mr. Modgling kept his word and elsewhere you will find the ad of W. Modgling quoting "knockout" prices. Read it and see for yourself.

### Comin' and Goin' THIS WEEK

**Visits in Mt. Enterprise**  
 Mr. and Mrs. W. H. Waters and children returned to their home at Mt. Enterprise, Friday, after a visit with Mrs. Waters' mother, Mrs. Maggie Thomas, and other relatives. Mrs. Thomas returned home with them for an indefinite visit.

**In "Ol' Rackansack"**  
 Mr. and Mrs. H. M. Robinson and little granddaughter, Ollie Gene Warner, are expected home from Ft. Smith, Ark., where they visited their son, Carl and Mrs. Robinson. Mr. Robinson Sr. wrote the editor a card the other day appealing for help—wanting us to come to his rescue and teach him "how to behave in Arkansas." Why, man, just go out and get your pockets full o' paw paws and eat 'em like "a nigger eat's a watermelon"—just bury your face in 'em up to your eyes. When you do that everybody will like you.

**Enjoy Swim Party**  
 Mr. E. O. Nicholas, Paul Pruitt, Inella and Claretta Bruton, Mr. and Mrs. S. E. Bruton, all enjoyed a picnic and swimming party last Thursday night.

**At Glen Rose**  
 The missus editor and little daughter, Shirley Ann, are away for a time at Glen Rose—so, it is that the editor is alone and he is having "one whale of a fine" doing just as he pleases and he does not hesitate to let everybody in the place know who the "boss" is. Selah!

**Week-end Guests**  
 Miss Jerry Lee of Sterling City and Miss Helen Abbott of San Angelo spent the week-end with Savannah Ruth Caperton.

**Go To Dallas**  
 Mr. and Mrs. B. A. Bell and daughter, Jerry, and Frank Hearn went to Dallas, Sunday morning, to visit Miss Ruby Eubanks. Miss Eubanks returned home with the party.

**Visits in Ballinger**  
 Jane and Irving Cumbie Jr. went to Ballinger Tuesday afternoon. Irving came home Wednesday and Jane will remain a week with Mr. and Mrs. Earl Barr.

**Visit Relatives Here**  
 Mrs. John Wallace and children, Kathleen, Lorraine and Bobby Drew of Franklin are visiting relatives in Bronte.

### Kickapoo Baptist Church

Sunday is the time for the annual election of church officers and we shall expect every member to be present. Also hope to have a goodly number of visitors as we shall be favored with a quartet, from the Texas Baptist Orphanage. Come and hear the children sing. It will do your heart good.

We shall not be able to be present for the regular Saturday night service as we will be in a revival meeting. We hope everyone is looking forward with deep interest to our annual revival which will begin Thursday night before the third Sunday in August. Eld. W. B. Wages of Morton will be with us again this year in our meeting.

Charlie L. Carroll, Pastor.

### Program Has Every Feature of Rodeo And Then, Some; Big Crowd Expected

"Everything is happy as a marriage bell" this morning at romantic Double Heart ranch. And there is ample reason for the merriment and happy spirit that pervades at this widely known western ranch and play ground.

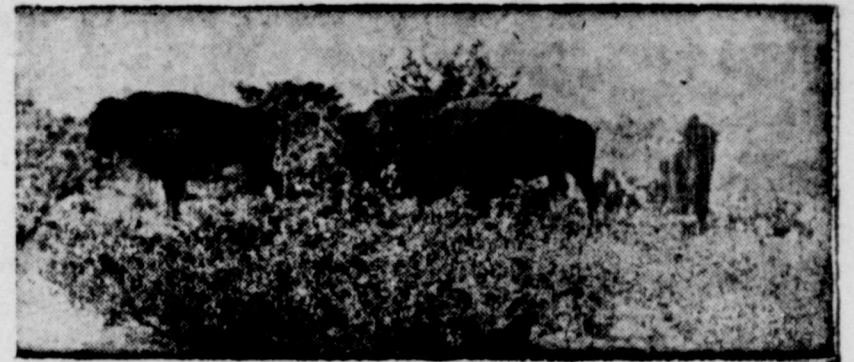

For, in the first place, it has become known not only as a ranch where cattle and sheep are grown successfully but the BIG THING that has put Double Heart on the map of all the West is because it has been set in the hearts of all Westerners as the place where the traditions and sentiment of the old West

galore prevail at Double Heart this morning. And this afternoon Mr. and Mrs. Cox expect the largest gathering of their friends and all lovers of western sport to be in the grandstand when the big show opens, ever to attend.

There will be added features this year. One is the saddle horse races. This is going to be highclass entertainment plus, to all lovers of horse flesh, and who enjoy seeing the ponies do their best to come under the ribbon first.

Another new attraction is the boxing bouts. The bouts will be tonight (Friday) and tomorrow

### Buffalo Bulls On Double Heart Ranch

The above shows two of the buffalo bulls in the herd of buffaloes at Double Heart Ranch, south of Sweetwater, ten miles, on highway 70. One of the largest herds of buffalo left in all the West is that owned by Mr. and Mrs. Ollie Cox of the Double Heart. There are baby buffalo on the ranch that are worth going to see. Double Heart also has now a large herd of brahma cattle—they are also a novelty animal in West Texas. The stock for the rodeo beginning at Double Heart this afternoon are fat and sleek and ready to give the cowboys and cowgirls plenty to do and then some to cope with the wild monsters. The editor was at Double Heart the other day and there was "war on the range" that made the editor feel like "taking to the tall weeds." The buffalo bulls and the brahma bulls had stirred up "war" through the ten-foot-high wire fence, and the bulls were trying to get to each other through the fence. The cowboys were having "a grand time" trying to drive the angry bulls away—it looked like "war to death," and made this "country editor" to wish that he was in an airplane rather than a car.

are conserved and to which place all westerners have long learned to turn their eyes once a year to have brought before them in the annual rodeo of Double Heart all the western sports dear to the hearts not only of all true westerners but all others as well.

Within a decade Mr. and Mrs. Cox have made Double Heart a place of attractiveness and a place all the people of the great West love by the superb programs they render in the annual Double Heart rodeo.

Much improvement has been made at Double Heart which add to its attractiveness. The latest is a beautiful native rock colonnade which forms the entrance to Double Heart, at the entrance on Highway 70.

The 1940 rodeo of Double Heart which is its tenth annual show is set to start promptly this afternoon. And it is going to start with a whizz and a bang.

The cowboys and the cowgirls, the bulldoggers, the trick riders and the trick ponies are all there this morning surveying the arena and the many improvements made since a year ago. So, nothing but merriment and song and laughter and romance and fun

(Saturday) night. The boxing arrangements are under the direction of Bobbie Clark who started Lou Jenkins of Sweetwater, who has already acquired national fame, as a boxer. This is going to be a great feature in this year's program.

Tonight (Friday) the cowboys and cowgirl's grand masquerade will be held. A prize of \$10 goes to the couple making the best showing on the floor. It is not required that those who dance appear in masque—everyone can dance just as he or she pleases—the old fashioned cowboy even can dance with his spurs clanking, the click of which is always sweet as music to the old style cowboy.

Things are humming, folks, at Double Heart, and you have a pressing, gladsome, typically western invitation from Mr. and Mrs. Cox to attend these three days of western sports and festivities.

General admission to all this grand program only, adults 55c and children 25 cents.

Read the gladsome invitation of the owners of Double Heart elsewhere in this issue inviting you to come.

### RAMPY TO MEET HAMRICK IN DISTRICT RACE

W. H. Rampy and W. G. Hamrick are the runners-off in the second primary for the legislative victory in the 92nd district.

It was a 5-horse race in the primary last Saturday, with Rampy and Hamrick, both of Runnels county, the two leading candidates. These gentlemen will have "it out" before the "deer people" between now and the second primary.

#### WORDS OF APPRECIATION

Dear Friends and Good People of Our Precinct:

I want to express here in this public way some words of appreciation out of my deepest heart for the overwhelming vote you gave me in Saturday's primary, thus setting your approval upon my work for you as your commissioner. And, yet, I find myself at a loss for words in which to express my deep gratitude and joy. For, all of us are made glad when the seal of approval is set on what we do either privately as an individual or as a public citizen. I just want to "thank you, thank you and thank you." And again I pledge you my constant endeavor to serve each community and each individual of our precinct in the same fair and impartial way. While I appreciate every vote and the number of votes given me in each voting box, yet I especially in this way want to say to the good people of Hayrick, who gave me a unanimous vote that I shall cherish your friendship to my dying day. Thanks to everybody.

And I am glad to say that I appreciate the fine, square way in which my opponent campaigned and for those who did not vote for me, I assure you that I cherish no ill will in the least. And, now, that it is over and I am to be your commissioner, I want each and all to know that I seek the continued cooperation and help of all our people in order that I may better serve you.

Again thanking you, I am,

Gratefully yours,  
S. A. KIKER  
Commissioner Bronte Precinct.

#### EAGLE PASS SCOUT PRAISES BRONTE TROOP

The Bronte Boy Scouts, 24 strong, under charge of local scoutmaster, Maurice Teague, were in camp at Camp Fawcette, near Del Rio. They returned home Sunday was a week, all aglow with recollections of their weeks camp near to nature.

The other day Scoutmaster Teague received the following letter from one of the scouts at Eagle Pass who was at the encampment. He seems to think the Bronte scouts are "the hot mustard." His letter follows:

Eagle Pass, Texas  
July 29, 1940

Dearest Troop 52,  
We hope that all of your scouts are in good health just as we are here.

We felt sorry to leave Camp Fawcett before the time was over, but since that scout uncle had died we had to leave and for the other reason that our car was not going back again. We received the telegram in the morning just before the races.

Our troop is now planning a pleasure trip to some place and it is a complete secret. We leave on, before, or after the 15th of August.

I pictured camp in a different way and although it was completely different from what I thought, I had a lot of fun and enjoyed camping there because

**25 Years of Service—and Still Going!**

The Aermotor Auto-Oiled Windmill pictured at the right was sold in 1915 by a hardware company in Coleman, Texas, to the Pecan Springs Ranch, operated by Mr. S. L. Henderson, near Talpa, Texas.

The Aermotor Company first began making Self-Oiling Windmills that year—1915—and the one pictured here is one of the first sold in this section!

This mill has seen 25 years of service—it was in our shop for repairs last October, after which it was put back in service—and should continue to give satisfactory service in pumping plenty of water for many more years to come!!!

## THANKS EVERYBODY

To The Voters of Runnels County:

I want to tell the people of Runnels county how happy I am over the vote I received in the first primary which makes me your County Clerk for another term. I deeply appreciate every vote I received and each word that was spoken in my behalf. I feel that I have the best friends in the world and the vote I received represents much work done by friends.

To those who voted against me I have no ill feeling and want to be your friend as well as your clerk and serve you any way I can during the next two years.

All I can say is Thanks Everybody.

TAKE SALT TO PREVENT HEAT CRAMPS IS ADVISED

Austin, Texas, Aug 1. If your work is such that it causes excessive perspiration, add a pinch of ordinary table salt to each drink of water you take to help prevent heat cramps. This is advised by Dr. Geo. W. Cox, State Health Officer, to forestall a possible increase in the number of heat victims as the Texas thermometer hits 90 degrees and above. Laborers, mechanics, farmers, and white collar workers whose work causes them to sweat profusely are in danger of having their body salt content become deficient, with resulting heat cramps or heat fag. Salt is a prominent constituent of sweat; the body may lose as high as 40 to 50 grams of salt during the hot days.

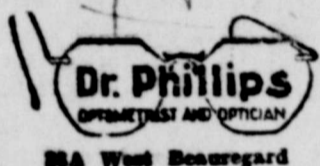

In industry, a method of pre-

venting heat cramps is to take a tablet of pure salt or a mixture of salt and dextrose with each drink of water. Workmen whose duties require muscular exertion should be especially careful to add more than the usual amount of salt to what they eat and drink.

Salt deficiency may be prevented by taking salt in various ways. Where prepared salt tablets are not available, table salt may be added to each drink of water. Milk is a source of salt and will help to make up for the deficiency caused by sweating. Alcoholic drinks should be avoided.

Heat cramp is characterized by pains (cramps) in the abdominal region, headache, and in severe cases, by nausea and vomiting. The body temperature remains about normal, likewise the pulse rate. Body salt losses occur without the knowledge of the individual until there is a deficiency; then the abdominal muscles begin to cramp.

A CARD OF APPRECIATION

Dear people of Coke County: Please let me in this way thank each and everyone who voted for me or in anywise aided me in the democratic primary last Saturday. I deeply appreciate the vote given me.

And, now, as I was fortunate enough to be in the run-off primary which comes August 24, I take this way of saying to each and all that I will appreciate your vote and aid. I pledge again the very best and most constant service of which I am capable, if the good people see fit to elect me. I shall try to see you each and all before the second primary, but that is hardly humanly possible. So, if I do not see you personally, please, take this now as my earnest personal solicitation for your vote and support.

there was a good troop which did not treat us like brother scouts, but as real brothers. Even in Scouting a few of the American Scouts like the Scouts who are American citizens and have Mexican blood. This happens in almost every part of the nation, but when it came to be

the time for Camp Fawcett, Troop 52 of Bronte was there to treat us and every one like brother scouts or even farthermore than that. If in the whole United States there is a good troop, besides Troop 91, that treats her brother scouts as they should be treated it is the troop that was kindest to Troop 91 at camp. Scouts, I am talking about your troop, Troop 52. This troop will

**Part of every Texas oil dollar finds its way**

**INTO YOUR POCKET**

**EVERY** merchant in our State—every business and professional man—every worker, shares in Texas oil's huge expenditures.

Many Texas cities with all their varied businesses and employment exist and prosper today because of oil.

Last year petroleum created a direct buying power in our state of 550 million dollars.

Of this, Texas retail merchants received 324 million dollars, landlords 44 million, utilities 38 million and professional men 22 million, while 83 million more went for insurance and savings.

This huge sum is distributed and redistributed in an endless chain of income for our State and its people.

Texas oil payrolls are over 60 per cent of all the wages paid to all Texas workers. Directly or indirectly, you get a part of your income from oil.

*If you're a Texan, you're in the oil business.*

**WHY I LEFT THE FARM**

I left my Dad, his farm, his plow,  
because my calf became his cow.  
I left my Dad, t'was wrong of course,  
because my colt became his house.  
I left my Dad to sow and reap,  
because my lamb became his sheep.  
I dropped my hoe and stuck my fork,  
because my pig became his pork.  
The garden truck I made to grow,  
t'was his to sell but mine to hoe.  
It's not the smoke in the atmosphere,  
nor the taste for life that brought me here:  
Please tell the platform, pulpit, press,  
no fear of toil, or love of dress,  
is driving off the farmer lads,  
but just the methods of their Dads.

ONE HELP TO GOOD MANAGEMENT...

*a Kitchen Telephone*

Other women often envy the woman who always "gets her work done" quickly and easily. Such a woman usually has the latest in household helps—including a kitchen telephone. A telephone for your kitchen can be connected to your present line at very small cost. You'll be surprised at the time and steps it will save. Call our Business Office, or any telephone employee will help you place your order.
