

THE BRONTE ENTERPRISE

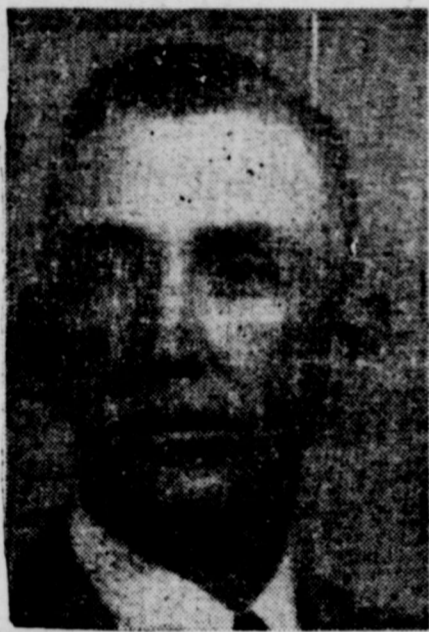

VOLUME 24

BRONTE, COKE COUNTY, TEXAS, FRIDAY, MAY 22, 1942.

NUMBER 19.

Penrose Metcalfe Seeks Re-election to State Senate

Senator Penrose B. Metcalfe of San Angelo, who has proven himself to be a champion of farm, school, social security, and national defense legislation during his first term in the Texas Senate, and in four preceding terms in the House of Representatives, at Austin, announced this week that he would be a can-

didate for a second term from the 25th District.

"I don't believe that any new State Taxes should be levied, but the State must practice economy in everything except war effort," Senator Metcalfe said, in announcing his candidacy. "Of course, the most important thing for all of us right now is to win this war, and, as a member of the legislature, I believe I can say for all the citizens of this State Texas can be counted on to do her part."

"I submit my candidacy for reelection to the Senate," the senator said, "upon my record of having carried out faithfully and diligently those pledges made when I was elected. During the coming months I expect to make as active a campaign as conditions will permit and hope to (Continued on last page)

Frank C. Wojtek, Jr., son of Mr. and Mrs. Frank C. Wojtek, Sr., of Robert Lee, is bookkeeper for 70th Material Squadron, Goodfellow Field, San Angelo. Frank enlisted in February and has already been given recognition for service.

Forest Clark has returned home from the hospital in San Angelo where he was confined for some weeks, suffering from an ailment that has affected him for some time. Glad you are back, Forest, and hope you shall soon be feeling so "sassy" that you'll want to go over and "lick the Japs."

Important Meeting For Business Men at San Angelo

Recent Government orders controlling for the war's duration retail and wholesale prices to halt the swiftly mounting cost of living will be explained at A MEETING IN SAN ANGELO, TEXAS, AT 8:00 P. M., MONDAY, MAY 25, 1942. THE MEETING WILL BE HELD IN THE CACTUS HOTEL BALLROOM AND THE CHAIRMAN FOR THE MEETING WILL BE GRADY F. MITCHAM, PRESIDENT, SAN ANGELO BOARD OF CITY DEVELOPMENT.

At the meeting full opportunity will be available for business men to learn all about the general maximum price regulations. Officials from the Regional Office of Price Administration at Dallas will be present to speak on the various phases of the regulations. These officials will be specialists both from price and legal point of view. After their presentations, they will answer questions sent up from the floor.

To be explained by the Price Administration specialists will be how the overall price regulations place an absolute ceiling over substantially all commodities and services sold at retail. The ceiling also extends over prices charged by wholesalers, manufacturers, and producers—the ceiling being the highest prices charged each individual seller for each commodity or service during the month of March, 1942.

All retailers and wholesalers in this area are urged to be present at the meeting to hear this interpretative information on price regulations now, when it is so much needed by them in the conduct of their business.

Elbert Stephenson and Miss Cowley Wed in California

Lt. Elbert O. Stephenson and Miss Norma Dale Cowley were married at San Bernardino, California, May 2. The vows were taken in the First Baptist church of San Bernardino, Rev. Elmer Gunther, pastor, officiating.

The bride is the daughter of Mr. and Mrs. Lem Cowley of Robert Lee. She graduated last year in the Robert Lee schools.

The groom is the son of Mr. and Mrs. J. A. Stephenson of Bronte High School and the San Angelo College, is a bomber pilot and is stationed at Victorville, California.

Mr. and Mrs. Stephenson will make their home for the present in San Bernardino. The many friends of these two young people in Bronte and Robert Lee will wish them every blessing in life.

Last week The Enterprise stated that Miss Clara Belle Gaines was operating Allene's beauty shop. We should have said however that her connection with the shop was only temporary, but failed to so state. Miss Gaines has gone to San Antonio where she has a place with a prominent shop and Mrs. Mitchell is still operating Allene's shop. We regret, we did not make it clear that Mrs. Mitchell had not turned her shop over to Miss Gaines to operate permanently.

Mrs. Louise Johnson had as her mid-week guest, her sister-in-law, Mrs. Watson Kirk of Barnhart.

Bruce Clift Makes Patriotic Appeal to Coke Co. Citizenry

To the citizens of Coke County,

You know, we've got a big job to do right here in Coke County. Our Government has set a quota for us in its War Savings Program. The amount of War Bonds and Stamps that we must buy is a lot bigger than what we have been buying. Now we don't want to fall down on this job while every other county in America equals and exceeds its quota. Every citizen of this county must make up his mind to buy War Savings Bonds and Stamps to the limit in order to meet this quota set for us by the United States Government. Ten percent, fifteen percent, yes, and even twenty-five percent of our incomes must be used for the purchase of War Savings Bonds and Stamps. This isn't a two percent war, my friends. This is a total war that will take a good many billions of our dollars. Now, let's get in there and show the rest of the United States that Coke County recognizes the needs of its government. Buy War Savings Bonds and Stamps to the limit, all you can possibly afford. Make your pledge now and double it every month hereafter until Coke County goes over the top in this drive.

W. B. Clift,
Chairman Coke County, Texas.

Jesse B. Gilmer, New Farm Security Administrator

The new Area Director of the Farm Security Administration, U. S. Department of Agriculture is Jesse B. Gilmer, a native West Texan. He succeeds Wilson Cowan, recently appointed Commissioner to the United States Court of Claims, Washington, D. C.

The Federal agency's rural re-

JESSE B. GILMER

habilitation program over which Gilmer has charge includes all of West Texas, the State of New Mexico and the Oklahoma Panhandle. The Area Office is at Amarillo.

Born in Edwards County, Gilmer attended schools in Texas and New Mexico. An employe of the U. S. Department of Agriculture since 1934, his rise in the department has been phenomenal. He began as a clerk in the Department's land utilization program. He had served as assistant regional director in the Amarillo office since 1938.

The Farm Security Administration finances operations of

Bronte Schools Have Interesting Graduation Exercises

"The old school house is silent" and all is quiet on the campus—for, now, it is "vacation time," and the small boy who has been conspicuously absent from the streets is seen and heard again—generally, with a bait can in his hand and a fishing pole on his shoulder.

The 1941-1942 session of the Bronte schools closed Friday night with the graduation exercises.

The graduation exercises were largely attended. Hon. Dorsey E. Hardeman of San Angelo was the speaker of the evening. Hon. Hardeman is state representative of the San Angelo district, and is an interesting and inspirational platform speaker. He brought an address replete with fine and happy thoughts to the members of the class.

Lawrence Pittman received a scholarship from the Schreiner Institute at Kerrville; also a scholarship from S. M. U.

Lillie Marie Brooks of Tennyson received the loving cup, presented by the Woman's Progressive Club. The winner has won this trophy for three successive years.

The Lane twins, Carmen and Leo, received scholarships in the San Angelo Business College.

The eighth grade entertainment, Thursday night, is said to have been one of the best programs of its kind ever rendered in Bronte. The play was well rendered and the patriotic spirit brought out in the play was excellently displayed and was very impressive.

The teachers whose homes are elsewhere have returned to their homes for the summer vacation—but all will return again at the time for the school opening in the fall, as all have been elected for another year.

Mr. and Mrs. Curtis Smith have moved to San Angelo where Mr. Smith is in the government employ.

Mr. and Mrs. Robert Lambert have returned to Bronte, to make their home after a year's absence. They are domiciled in their home on State street.

Mr. and Mrs. Henry Hudman have moved to Abilene, where they will make their home, for benefit of the schools of that city.

Mr. and Mrs. Carroll Robbins and baby son of Stockton, Mr. and Mrs. Harold Good of Sanderson and Orb Kiker and family were week end guests of Mr. and Mrs. S. A. Kiker. Mesdames Robbins and Good and Orb are children of Mr. and Mrs. Kiker.

Dallas was the first city in the world to have a Medical Arts Building.

lower income farm families and provides technical assistance and guidance in farm and home programs through its county office personnel.

Vacation Bible School Starts Monday Afternoon

Rev. L. H. Haines, pastor of the Bronte Methodist church, and his corps of church workers are a busy group this week, getting the minor arrangements perfected for the opening of the Vacation Bible School, which begins Monday afternoon, May 25.

It is the church's plan annually, about this time of the year, to hold a two weeks vacation school in which the Bible is taught the children in systematic courses. The time is generally immediately after the close of the public schools. This year the time is as mentioned above.

There will be four classes in the school.

The beginners class will be taught by Mrs. Walter Phillips.

Miss Alma Jane Cumbie will have charge of the primary department.

To Mrs. H. A. Springer is given the teaching of the intermediates.

The Junior department will be taught by Mrs. B. E. Modgling.

The school will open at 5 o'clock each afternoon and will dismiss at 7:30 o'clock.

The school is community-wide in its scope of service, for the children and young people of the town and community—all are cordially invited to attend and get the benefits of this course of Bible study, as well as enjoy the social hour. Parents are invited to see that their little ones get to attend this school.

The school closes Friday, June 5, and on Sunday, June 7, a report just preceding the preaching hour will be given as to what was achieved in the school.

Mrs. Mertie Rudd has gone to Hart, Texas, where she will reside. She orders The Enterprise to come to her that she may keep informed as to the happenings at "home."

All things come to him who orders hash.

Dan G. Percifull, son of Mr. and Mrs. Percifull. Dan is an air corps mechanic at Ala Meda, California. He entered the service in February, has been advanced to corporal and is looking forward to another promotion soon.

cake and candy should not be given.
If a feeding formula is used, it should be one prescribed by a physician and it must be prepared with extreme attention to cleanliness and kept cold until used. The baby should be fed at regular intervals and should not be forced to eat when it is not hungry. The baby should be kept cool and comfortable in hot weather, should not be over-clothed and should be given plenty of clean water to drink. Any infections which develop in the nose, throat, ears or other organs should receive prompt attention from a physician.
If diarrhea develops feeding should be stopped or greatly diminished and an abundance of water should be given. Cathartics should not be given except on the advice of a physician. If the diarrhea does not improve within a short time, a physician should be called and a complete

examination should be made.
The three F's, flies, fingers and food are the three sources of danger to the baby. Flies carry disease germs to the baby and to its food. Fingers and hands that are not thoroughly washed before preparing the baby's food are likely to be germ carriers also. All milk and water that is intended for the baby should be boiled for five minutes, then carefully covered and kept in a cool place until used.

New Firm Opens for Business At Norton

A new business firm in Norton that has opened its doors and is making bid for public patronage in and around Norton, is Chapman & Williams. The firm is composed of A. T. Chapman and D. W. Williams—both longtime citizens of that town—in fact, Mr. Williams was born there.

Both members of the new firm are experienced business men. Mr. Chapman was in business for years in his own name. Then the Norton Mercantile Company was organized and took over Mr. Chapman's business making him manager of same. Last winter Mr. Chapman retired from active business others taking over the business of the Norton Mercantile Company which was discontinued later.

Mr. Williams was with the Norton Mercantile Company for years as one of their most capable employees. He knows the merchandise game, and both gentlemen are widely known and have any friends not only in the Norton section of country but in other communities of West

HERE'S HOW CERESAN BOOSTS COTTON PROFIT!

Hiding on cottonseed are many crop enemies—disease organisms that impair stands, reduce yields and quality, cut cotton income! But easy, economical seed treatment with CERESAN kills many of these organisms! Temple, Texas, reports tests in which "germination was doubled . . . seedling diseases greatly reduced." CERESAN treatment generally reduces seed rotting, soreskin and certain other seed-borne diseases; commonly gives stronger, more uniform stands at a saving in seed; usually increases yields, often as much as 10 to 25%. Inexpensive; easy to use. Get it now and treat your own seed, or buy seed marked with the Ceresan Certificate Tag.

TREAT OTHER SEEDS, TOO!

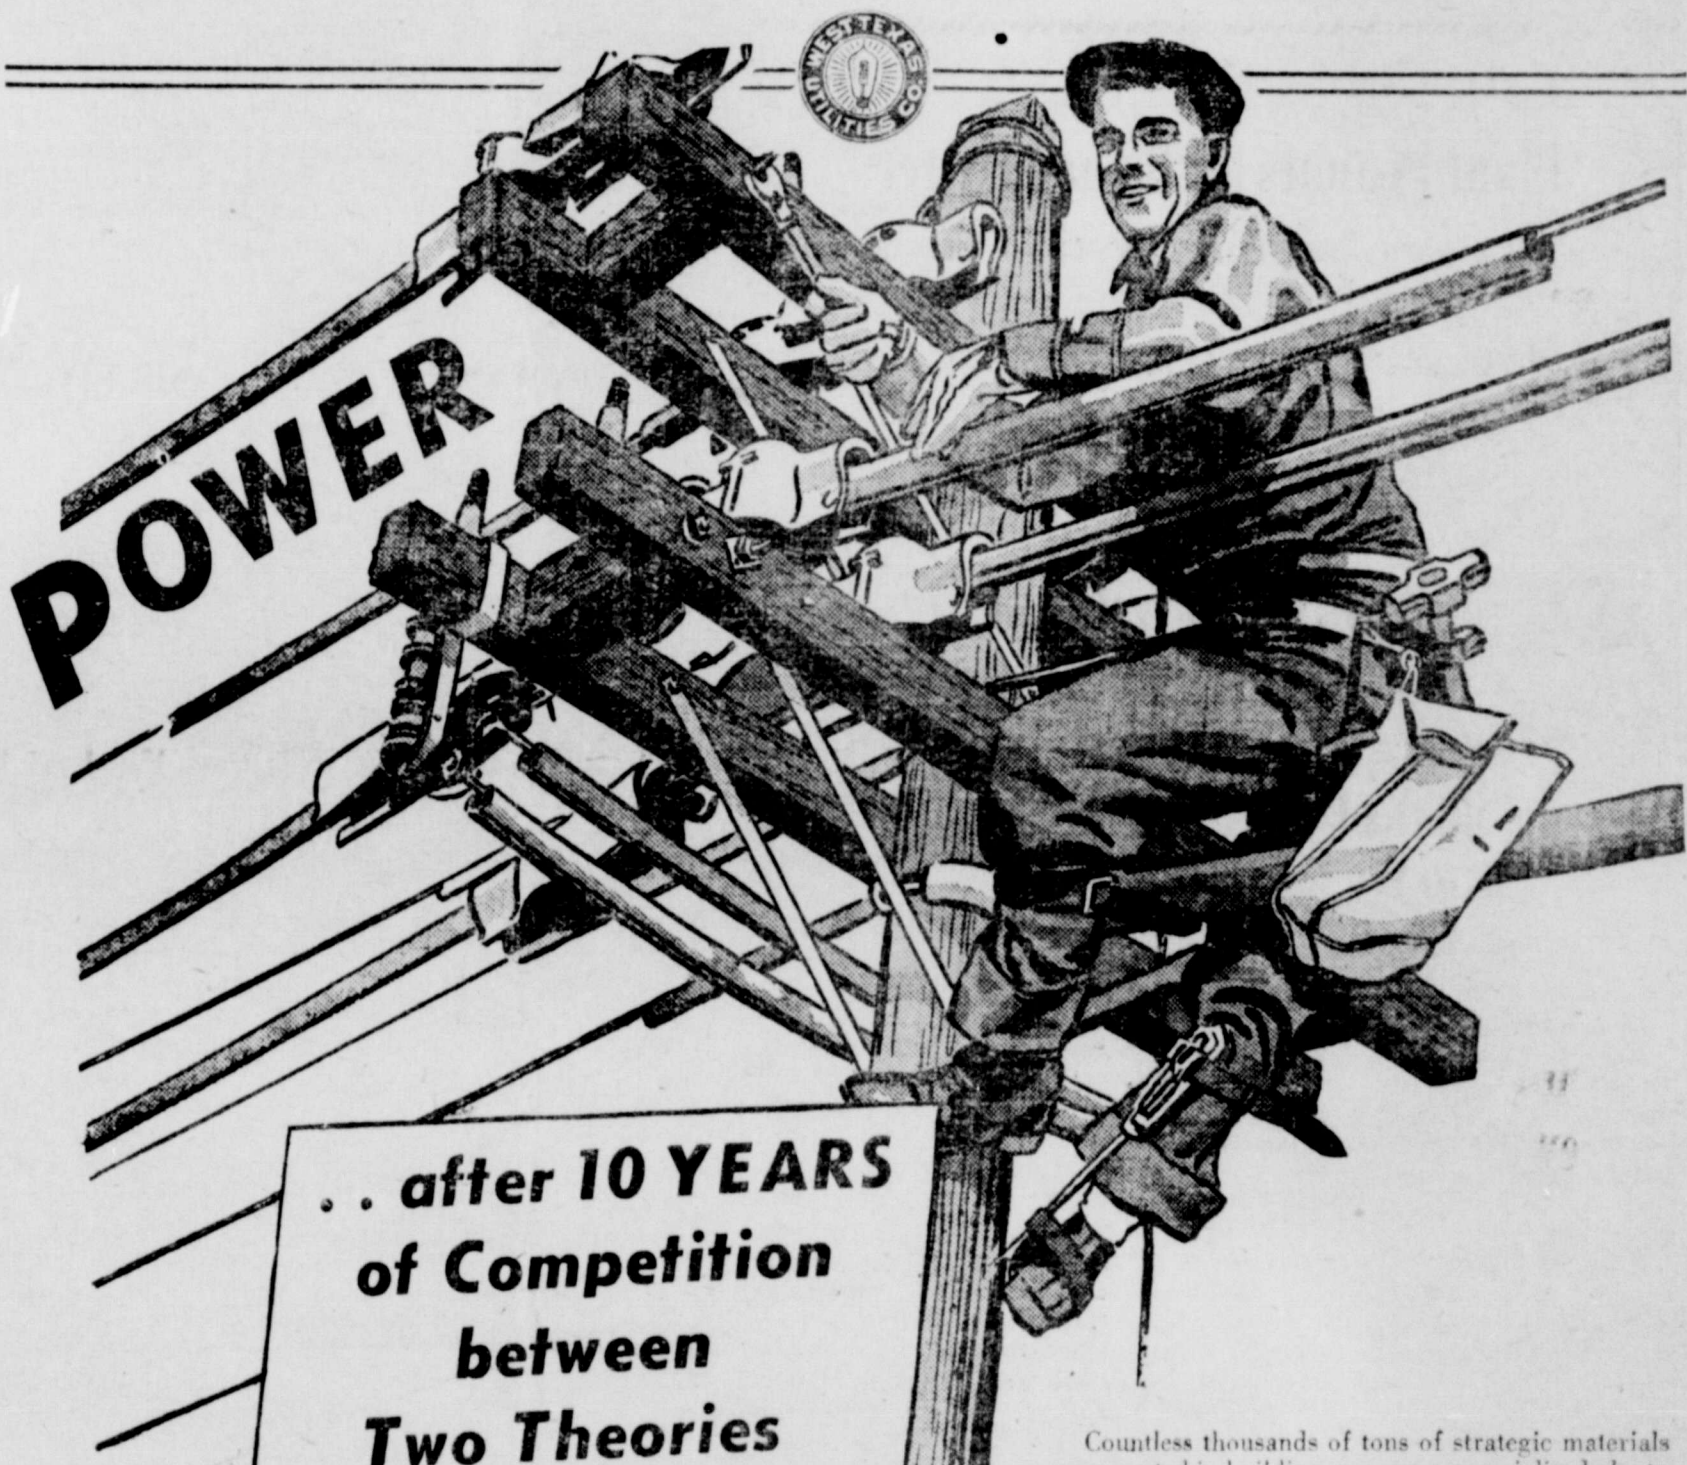

Use Semosan Jr. for corn; New Improved Ceresan for small grains; Semosan for vegetables; Semosan Bel for potatoes.

... after 10 YEARS of Competition between Two Theories

WE CHEERED, too, when Uncle Sam called on industry to work 24 hours a day, seven days a week, until the war is won.

Continuous production, you see, is nothing new to us. We've always worked that way. It's one big reason why we were prepared to serve the army training camps, the flying schools, and the new war plants in West Texas—all in addition to serving your home and business.

We are proud that our service to you has not suffered despite the unforeseen problems created by the war. We believe that it is a credit to the American way of doing things... a tribute to the American system of free initiative and free enterprise.

The electric industry throughout the nation is providing power where it's needed, when it's needed... more than the combined total of all the enemy nations!

This is in contrast to claims by proponents of socialization who, many months ago, predicted an immediate and disastrous shortage of electric power—and calling for political management rather than business management.

Hundreds of millions of tax dollars were diverted from useful production to subsidize political projects in competition with electric systems already owned by the public (through millions of small stockholders) and regulated by the government.

INVEST IN AMERICA!
★ Buy War Bonds and Stamps!

Countless thousands of tons of strategic materials were wasted in building unnecessary socialized plants and transmission lines that duplicated existing systems adequately serving the public.

Here are the results of this long conflict between two theories—free enterprise as against tax-free competition built with tax dollars:

- Today, in time of America's greatest need, the country's electric operating companies are supplying over 90 per cent of all the power commercially generated;
- Last year they paid \$510,000,000 in taxes, enough money to equip 2,400,000 soldiers or build 9,273 fighting planes;
- The average home now gets over twice as much electricity for its money as it did 15 years ago.

It represents American genius at its best. In little more than two generations, an "experiment," at which wisecracks scoffed, has become indispensable in American homes and in America's war effort.

It has been possible simply because America's electric companies have been built and operated the American way—by good business management.

Pruitt's Shop in New Location

In a brief statement last week Enterprise announced that E. E. Pruitt was moving his shop to the old Home Motor Company building.

Mr. Pruitt has completed moving and setting his new place in order. And he now invites everybody to come to see him in his new place.

Boone Allison from Lariat Texas was a week end visitor with his father, Lee Allison, and other relatives. Boone is another Bronte boy who went out and has made good. He started as a grain elevator hand and now he is manager of the business. Boone took occasion while here to advance his subscription figures on our books. Thanks, Boone.

A REMARKABLE CURE

James Ballew, son of Mr. and Mrs. Earl Ballew of Wilmeth, injured himself seriously, recently by lifting a load that was too heavy. He became paralyzed from his waist down. His parents carried him to Dr. Jas. H. Craig, chiropractor at Winters. It was on Thursday night that Dr. Craig gave the young man the first treatment. He began at once to show signs of improvement. He took another treatment Friday. Saturday morning he went back and took another treatment and the doctor dismissed him.

The young man went home and that afternoon he went rabbit hunting and walked all the afternoon. There has not been the least symptom of any bad after effects of the injury. It was an instance of an injured nerve which Dr. Craig reached and adjusted and therefore the injury was at once overcome.

Had it not been that Dr. Craig discovered the misplaced nerve

OAK CREEK CITIZEN DIES AT WINTERS FRIDAY AFTERNOON

Marion Richard Vaughn of Oak Creek community, died in a Winters hospital, Friday afternoon, May 15, 1942, at six o'clock. Deceased had been in failing health for some years, but only a few days ago was he admitted to the hospital.

Deceased was a native of Runnels county. He was born February 5, 1899, making him to be in his forty-third year when he was called from the walks of life. Death was attributed to a malignancy trouble.

Deceased was the son of Mr. and Mrs. J. H. Vaughn who came to Runnels county many years ago. Following the death of his father the home was maintained in the Oak Creek community. Deceased was never married.

Deceased was a man of high ideals and had many friends throughout this section who had known and associated with him during his many years of residence in the Oak Creek section of country. He is survived by his aged mother.

Besides his mother deceased is survived by two sisters and two brothers. The brothers are W. A. Vaughn of Tahoka and J. M. Vaughn of Orient. The sisters are Mrs. Fannie Holliday of Midland and Miss Nannie Vaughn of Oak Creek. Besides the above there are other relatives and friends who sorrow at his passing.

Funeral services were held Saturday afternoon at 2:30 o'clock at the graveside in North View cemetery at Winters. Religious services were conducted by Rev. Pat Brown of Wingate. Funeral arrangements were in charge of Spill Bros., funeral directors of Winters.

and promptly adjusted same the young man may have never walked again. Indeed, it is a day almost of miracles in the field of healing and treating disease.

ANNOUNCES

(Continued from page one)

confer with the people throughout the district."

An officer of the United States Army Air Corps during the first World War. Senator Metcalfe has shown repeatedly by his official acts, he can be counted on to sponsor legislation needed to help win the war. Under his leadership as chairman of the Military Affairs Committee, the Texas senate adopted legislation which has placed Texas on a war basis. Because the last legislative sessions met and solved every major problem confronting them, it has not been necessary for the governor to call an extra session during the emergency.

His record may be outlined briefly as follows:

1. Senator Metcalfe took the lead in obtaining legislation protecting the livestock industry and measures promoting the welfare of the farmers.

2. He was very active in the adoption of legislation providing funds for the social security program, allocating an increase of more than one hundred per cent over any previous amount for the old folks, and which set aside adequate funds for the needy blind and dependent children, and to match funds for the Teacher Retirement.

3. Senator Metcalfe has shown himself to be one of the best friends of the State's schools: he has served three years as a member of the Joint Legislative Committee supervising the administration of rural school aid funds. He has also been for many years a member of conference committees for funds for the State institutions of higher learning.

4. He is author of the present law providing retirement benefits for the firemen, and sponsored the measure in the senate setting up funds to meet it.

5. He sponsored legislation for the perfection of the truck in-

National Music Week Observed by Woman's Club

National Music Week was observed last week when the Woman's Progressive Club met in the home of Mrs. C. C. Glenn, with Mrs. Glenn as hostess.

Mrs. I. M. Uebie led a program on American war songs. Those who participated in this feature of the program were Mesdames Alfred Taylor, C. C. Holder, and Miss Ann Chambers.

Mrs. O. H. Willoughby reported on the national Federation at Fort Worth recently.

Mrs. Glenn, president, thanked the club for its cooperation and presented Mrs. Curtis Smith a gift for conducting Spanish lessons during the year.

Red roses and calla lilies were the decorations and favors were sweet pea corsages.

An ice course was served to Meses, B. F. Kirk, Clytus Smith, Curtis Smith, W. F. Chambers, Alfred Taylor, C. C. Holder, M. A. Butner, I. M. Cumbie, R. E. Cumbie, Clint Dunan, W. J. Gideon, F. S. Higginbotham, Frank Keeney, R. L. Keys, J. D. Leonard, T. C. Price, A. N. Rawlings, T. H. Rogge, C. H. Wilkins, Carrie Williams, O. H. Willoughby, L. T. Youngblood, Dollie Wylie, Fred McDonald, A. J. Rawlings, H. O. Whitt and Miss Ann Chambers.

Jno. W. Norman

ATTORNEY AT LAW

WINTERS TEXAS

dustry, was joint author of the load-limit-increase bill, and author of the commercial license fee bill, which has been widely acclaimed as one of the model acts of the 47th legislature.

6. Senator Metcalfe sponsored to a successful conclusion the bill to permit free tuition in Texas institutions to a limited number of students from other American nations, a measure designed to foster better relations with our neighboring countries.

Other meritorious measures which the senator sponsored and help enact were:

Extension of period of payments on school lands so as to help the schools and the purchasers also, and to reduce speculation at the expense of legitimate buyers;

Authorization of supplemental census of schools in defense areas;

Extension for three years of the time under which the Upper Colorado River Authority will have to secure funds;

Creation of the legal machinery for the payment of funds to the Central Colorado River Authority;

Local measures which were requested by practically every county in the district.

Being a member of 16 standing and one special senate committee and of the Joint Legislative committee, Senator Metcalfe has been influential in pushing needed and worthwhile legislation to a successful conclusion. He has taken an active part in debate on the floor of the senate, is recognized as one of the best informed men in the legislature on parliamentary procedure, and is chairman of the powerful Rules Committee.

Born on a Tom Green County ranch, Senator Metcalfe obtained his preparatory education in the San Angelo schools, going from there to Texas A. & M. where he graduated in 1916. Following four years of military training in college, he entered the Air Corps as a private in 1917 shortly after the declaration of war and worked his way up to a captaincy in that branch.

And The Enterprise might add that in all his private and public life there has not been the least whisper of suspicion against Senator Metcalfe.

"Bill" Johnson Takes Over Ice Business

A business change in Bronte recently is that in which 'Bill' Johnson assumes management of the ice business of the Banner Ice Company in Bronte. Mr. Johnson succeeds C. E. Bruton who managed this business for several seasons.

Mr. Johnson has cleaned up his ice house and office and has things clean and inviting. Mr. Johnson says that the first thing he has in mind all the time, is to give the people service. Hot weather is coming on and the people in both town and country will need ice. Mr. Johnson has his delivery system established and will strive to be right on the job all the time.

Born and reared here, everybody knows "Bill Johnson." So, he needs no introduction to the people.

The Enterprise bids welcome to Mr. Johnson into the business life of Bronte and we wish him success.

Read the announcement of Mr. Johnson elsewhere in this issue of The Enterprise relative to his business and deliveries.

CARD OF THANKS

Such loving hands; such tender words; such beautiful flowers!—all from you, dear friends. May God bless you.

Estelle, Joyce, Billie and Jack Willis.

Mr. and Mrs. J. U. Kevil. Mr. and Mrs. A. M. Kevil. Mr. and Mrs. Will Gentry.

Hamp Thomas of Tennyson who has been in a hospital at San Angelo, suffering from the loss of two fingers he sustained some ten days ago when his hand was caught under a car that fell on him while he was working on the car, returned home Tuesday. The Enterprise is glad to report that Mr. Thomas is doing well now, according to last reports from him.

CARD OF THANKS

We want to take this way of letting you dear good white folks know how much we appreciate what you have done for us in aiding us since I have been sick and for the money you gave so I could go to the hospital. I am glad that I am now getting well fast and hope soon to be able to go to work. We feel that thru your help you have saved my life and we will always be thankful to you, everyone, who has helped us in any way. We shall try to show that we are thankful when you need our help, such as we can give. Again we say thank you.

Virgle and Roberta Henry.
