### Blackwell School Opens 1942-1943 Session, Monday

The Blackwell school is scheduled to begin Monday, August 24.

Prof. Arnold Richards has been elected to succeed Prof. Leroy Stone, who resigned the superintendency, after several years with the school, as a teacher, then as superintendent, to accept a place in the Wichita Falls schools as teacher of mathematics teacher and instructor in aeronautics.

For many years the new superintendent taught in the Blackwell schools and only last year resigned to accept a place as commercial teacher in the school at Littlefield. He was principal at Blackwell through the years he was there.

When the cotton picking season is on the school will suspend in order for the students to aid in gathering the crop.

Other teachers are Neva Neep-er, Sweetwater, teacher of first

### War Ration Books of Inductees are to be Returned

H. O. Whitt, chairman of Coke County War Price and Rationing Board called attention to the fact that many persons, either from lack of information or through negligence, are failing to surrender their War Rationing Books to the local board when they are inducted into the armed services.

Heirs and next-of-kin also are failing to surrender to the board the books of persons who have died, Mr. Whitt said.

Mr. Whitt added that the war rationing regulations are very strict in this regard and he expressed hope that the local board would not have to call on the Office of Price Administration to invoke penalty provisions against persons who fail to observe this regulation.

Mr. and Mrs. Clytus Smith have moved to San Angelo where Mr. Smith has accepted a place as welder at Goodfellow Field.

### Minister Brings Great Messages at Methodist Revival

The Methodist meeting grows interest with the passing days. Rev. Lowell Ryan, pastor of the Sterling City Methodist church, who is doing the preaching is bringing wonderful messages, according to reports from those who have been privileged to attend the meeting. Rev. Ryan will go his way when the meeting closes but his foot prints, in "the good he has done" while in Bronte will be left here for a long time.

The booster band composed of the children which was organized at the beginning of the meeting has about forty in number. Wednesday night they reported having read 1640 chapters in the Bible since the meeting began.

The Enterprise acknowledges a brief but most pleasant call from Rev. Ryan and Pastor Haines Thursday morning. Call again, friends.

### Bronte Schools Open 1942-1943 Session, Sept. 14

Soon "the school bells will ring again"—(oh, excuse us, we were expressing ourselves only in terms of memory—a memory of the long past yesteryears, concerning which we expressed a reality in the above expression. But, not, now.)

Anyhow, the Bronte schools are soon to open their doors for the 1942-1943 session.

The date set for the opening of the schools is Monday, September 14. Everything is in readiness, with the exception of securing one teacher—teacher of history.

Superintendent B. F. Kirk and his board of trustees have had enough to worry about to put grey hair in their heads prematurely, in the matter of securing teachers. But, fortunately, all the places are filled, with the above exception, and Prof. Kirk hopes within the next few days to have that place filled.

#### Faculty Personnel

The faculty for the new school year, with the one above exception, is as follows:

B. F. Kirk, superintendent.  
Prof. — — Dean, who comes from Klondike, principal, coach and mathematics.

Mrs. Atha Ezell, English.  
Miss Iva Bell Lynn, English and history.

Miss Mary Steele, Indianapolis, Indiana, comes as Home Ec. instructor.

J. T. Henry, vocational agriculture.

Miss Grace Montgomery, commercial work.

Mrs. D. Hull, 8th grade.

Miss Helen Williams, 7th grade.

Mrs. B. F. Kirk, 6th grade.

Miss Joe Bill Duckworth, 5th grade.

Miss Margaret Cleck, 4th grade.

Mrs. Vera Thomas, 3rd grade.

Miss Nell Lowry, 2nd grade.

Miss Arlene Weatherred, 1st grade.

#### HAD DELIGHTFUL TRIP

Mr. and Mrs. C. E. Bruton returned home Wednesday night, from vacationing in North Texas. They visited at several places, including Bonham and Paris. They visited Mrs. Bruton's relatives.

Mr. Bruton says that we have the best crops in the Bronte section of country he saw on his entire trip. North Texas had too much rain in the spring—then when the dry weather came and continued until it almost ruined the crops.

Mr. and Mrs. Bruton report a most delightful visit.

Mr. and Mrs. Boon Allison and children from Lariat, Texas are visiting Mr. Allison's father, Lee Allison.

### Bronte Gins First Bale; War Bond Is Award to Grower

And the hum of the gin machinery is heard again in Bronte-land!

Bronte ginned its first bale of the 1942 crop of the fleecy staple, "bright and early," Friday morning, August 14.

The first bale this year is about as early as anyone with whom we have discussed the matter can recall. The first bale last year was ginned, September 6—hence, it is seen that the crop is much earlier this year than last year.

The bale was brought in by Renza Lee of Maverick. Mr. Lee brought in the first bale last year—so, it seems that Mr. Lee knows "how to get the job done," when it comes to winning in the first bale contest. The bale was ginned by the Planters Gin Company. The gin company bought the bale, paying 18 1-2 cents a pound for it.

Bronte's gin men estimate the 1942 crop will be just about the same, or, perhaps, less than last year. About 1900 bales were ginned last year. A. F. McQueen, manager of the Planters Gin Company, estimates that the crop yield will not go much beyond 1500 bales.

A first bale premium was given Mr. Lee, which was a novel award, both to the donee, and the donors who were the business men of Bronte—the award was a \$25 war bond. Was Mr. Lee surprised—and was he pleased?—well, we will let you ask Mr. Lee.

Speaking to The Enterprise about the happy surprise in receiving the war bond, Mr. Lee requested us to say for him that he appreciated the award more than he could express.

Mr. Lee likewise ginned the first bale at Maverick and also at Winters.

#### DUE TO ITS IMPORTANCE

The Enterprise is carrying a large display ad of Findlater's of San Angelo, on the front page this week. It has to be at a large premium for front page space, or "other valuable considerations," for us to place advertising on the front page. In this instance, however, the "consideration" is not a cash premium for "front page position"—we are running the ad for patriotic reasons. For, Findlater's, in the ad is doing something that is vital, in impressing the people with the importance of the subject matter of the ad, namely, that a fall garden is an essential and patriotic thing to do.

Let everybody heed the suggestion of the ad and strive for a fall garden. You need the garden and your country needs that you grow a fall garden.

Be patriotic.

## Time to Plant Your FALL GARDEN

### You Can Now Plant

- Beans
- Turnips
- Carrots
- Mustard
- Spinach
- Swiss Chard
- Beets
- Squash
- Rape
- Kale
- Lettuce

America is fighting for its soil with its soil. Every tiny spot of ground turned into a food-producing garden will mean extra meals for the boys in the fighting forces. Help yourself keep down the costs of living by planting a fall garden now. Findlater's is the place to start for assured results.

#### USE VIGORO FOR BEST RESULTS!

Be sure your fall garden will produce a bountiful supply. About one pound of Vigoro to the square yard of dirt will add pounds to your vegetables. We have just received another carload of Vigoro!

... and when you and the carpet are both worn to a frazzle, would you clean the oil lamps... and do a week's wash on a knuckle-bruising board... and run out to the springhouse after milk and butter... all for the same 10 cents?

"No bargain!" you say. But Reddy Kilowatt, your electric servant, does all these jobs and more—for a dime a day or less in the average West Texas home. What's more, that dime's value has grown so steadily that nowadays it buys about twice as much service as it did ten or fifteen years ago.

It's about the biggest bargain in the world... and probably the only household item that hasn't gone up as a result of the war!

\*\*\*

Today, under experienced and practical business management, West Texas enjoys an abundant supply of electric power... power to perform household drudgery... power for wartime schools, training camps and industries... and power that will enrich the life of everyone in peaceful years to come.

## West Texans Sought for Naval Air Base Duty

The Navy is seeking West Texans between the ages of 17 and 50 for duty at the Grand Prairie Naval Air base between Fort Worth and Dallas as aviation mechanics or learners, Chief V. L. Ryan of the San Angelo Navy Recruiting Sub-station announced this week.

Men with considerable experience as aviation or some mechanics may be enlisted with petty officer ratings. Those with little or no experience but with mechanical inclination will be enlisted and trained.

Chief Ryan reminded that regardless of a man's age or number of dependents he can enlist in any branch of the Navy provided he is over 17 and under 50. Men can still enlist in the Navy after they have received induction orders from their draft boards.

Application for enlistment in the Navy at Grand Prairie, in the construction regiments or in any branch of the Naval Reserves or the Regular Navy may be made any day of the week at the San Angelo postoffice building.

## WAAC Seeks Many Members For Its Quotas

Durette, District Recruiting and Induction Officer for West Texas District, announces shipping quotas for the next two months for the Women's Army Auxiliary Corps require considerable numbers of clerks, chauffeurs, telephone switchboard operators, stenographers, typists, cooks, and general duty auxiliaries.

Specialists who can qualify for these occupational classifications, and who are otherwise qualified for enrollment in the WAAC, have an excellent chance to be called to active duty immediately.

Women interested in this new organization may obtain information at any of the following Army Recruiting Stations: Amarillo, Lubbock, Big Spring, Sweetwater, Plainview, Odessa, Pampa, El Paso.

### D. J. Goetz Is New Manager of The Winters Gin

There is an announcement in this issue of The Enterprise of special importance to our readers who reside in the North Norton-Wilmeth-Wingate-Oak creek section of country.

The announcement is with reference to the new management of the Winters gin. D. J. Goetz has become manager of this gin and took charge of same some weeks ago. (Mr. Goetz has been associated with the business life of Winters for a number of years. He was formerly manager of another gin in Winters. At the time Mr. Goetz took charge of that gin its volume of patronage was low. Mr. Goetz built it up to one of the best gins with a large patronage in all the country.

The Winters gin has as fine and up-to-the-minute gin plant as can be found in West Texas. Immediately upon assuming management of the gin. Mr. Goetz put a crew to work to put every part of the gin's plant in ship shape—and now that work is completed and Mr. Goetz assures the cotton farmers within reach of Winters that he can give them as good service as they can get anywhere. He invites his former patrons, and others, to come to him at his new place for their ginning. We do not have to assure the people in the Winters section of country that D. J. Goetz is four-square in all his business dealings—for, that fact is universally known already.

Success to you, Mr. Goetz.

### Former Bronte Lady Dies at her Home in El Paso

Funeral services for Mrs. Elizabeth Pritchard Franklin of 1306 North Stanton street, who died in a sanatorium yesterday, were held at 10 A. M. today in Koster & Maxon chapel, with Rev. Stephen Shorten of Albuquerque, New Mexico, officiating. Mrs. Franklin who was 66, had been a resident of El Paso for ten years. She is survived by two sons, Emmitt L. and Johnie Franklin of El Paso; three daughters, Mr. June Kendrick and Mrs. Mary E. Meriwether of El Paso and Mrs. Ollie Mae Walker of Bronte, Texas; seven grandchildren, a brother, John Pritchard, and a sister, Mrs. Susie Paul, both of Jena, Louisiana.

Pallbearers were: J. W. Ezzell, J. L. Lawson, G. E. Moore, W. O. Moffitt, F. O. Cnwan, Elmo Stockhouse.

Burial was in Evergreen cemetery.—El Paso Times.

Mrs. Franklin formerly resided in Bronte and the Bronte section of country and had many friends here among the older residents here who will be grieved to know of her death. The Enterprise joins with the other friends of Mrs. Walker in sympathy in this hour of bereavement.

#### ONE WORD LEFT OUT RUINS SENSE OF AD

In The Enterprise last week was an ad of Mc's Service Station, owned by Luther McCutchen. Part of the ad was an expression of thanks from Mr. McCutchen to his friends and the people generally for the liberal patronage accorded him since entering business in Bronte. The headline of the ad was "Thanks to Eevrybody." As will happen in the best of printshops, the word "Thanks" was omitted from the headline. Therefore, that part of the ad made no sense.

The ad is corrected this week and makes sense. So, it was not Luther who failed to express himself but this print shop. We regret the omission, but hope this will set everything alright—turn and read the ad as corrected in this issue.

### Ration Stamp No. 8 Valid for Sugar—Aug. 23 to Oct. 31

War-Ration Stamp Number 8 will be valid for the purchase of five pounds of sugar during the ten-week period beginning August 23 and ending October 31, H. O. Whitt, chairman of the Coke County War Price and Rationing Board, announced today.

"This is the largest amount of sugar and the ration period is longer than has been assigned for any previous stamp," Mr. Whitt explained, "but each person will have to continue using sugar at the original rate of no more than a half pound a week to make the five-pound ration last ten weeks."

Mr. Whitt said the allotment of five pounds on Stamp No. 8 will permit household users to five, ten and 25-pound packages. buy sugar in larger packages, and also will help to dispose of "Packages of these sizes were put up last fall and winter before it was known that rationing would be necessary," said he, "and the stores have had difficulty in disposing of these larger packages, because the ration stamps heretofore have
