

THE BRONTE ENTERPRISE

VOLUME 24

BRONTE, COKE COUNTY, TEXAS, FRIDAY, SEPTEMBER 11, 1942

NUMBER 36.

Mrs. Alton Laverne Brunett, who was Miss Norma Jean Pruitt before her marriage in San Angelo August 25. The couple is now at home in Tucson, Arizona, where Mr. Brunett has a position with the Safeway stores. The many friends of these young people wish them increasing happiness as they go through life together.

Man Injured While Mounting Frightened Horse

R. R. Ash suffered severe and painful injuries Monday morning by a frightened horse he was trying to mount. The animal became frightened and started on a rampage before Mr. Ash got seated in the saddle. Mr. Ash was thrown from the horse and one of his arms was broken and he was otherwise bruised. The injured man was rushed to the hospital at San Angelo, but was returned home that afternoon.

Four of Bronte's boys are cited to go to Camp Berkeley at Abilene next Thursday where they will be inducted into service. The boys are Thad Lowry, Allen Coppedge, Ed Rawlings and a young man from Tenyson whose name we did not get. Here's to you, boys—and may you return to us when the war is over.

Bronte Schools Begin Their 42-43 Session, Monday

Everything is in readiness for the opening of the 1942-1943 session of the Bronte schools, Monday, September 14, as per announcements heretofore made. Superintendent E. F. Kirk informs The Enterprise that all the vacancies on the faculty have been filled, except one—history and Spanish.

Prof. O. A. Faith of Centennial, in Coleman county, has been elected to succeed J. T. Henry as vocational agriculture teacher. Prof. Faith was both superintendent and ag teacher at Centennial. He is an experienced school man, and also knows vocational agriculture—therefore, he will be a valuable member of the school faculty.

Miss Wilma Tripp of Abilene has been chosen as band director and public school music teacher.

The school will operate on war time schedule. School will begin at ten o'clock in the morning and have lunch hour from one to two o'clock—then the afternoon period will close at five o'clock fast time.

There will be a very brief informal opening Monday morning following which registration will begin. It is the plan to finish enrollment Monday and Tuesday have classes on regular schedule.

The Enterprise bids welcome to all the teachers. Some of the old teachers have been away for the summer in school—welcome to all of them as they return to take up their school work again.

And to the new teachers, we bid welcome and assure you that you have come into a community of most excellent people—and we wish for you a most pleasant sojourn in Bronte. And to you, Supt. Kirk, and each of the faculty, we wish a school year of progress and growth as are your ambitions for such happy results.

Former Bronte School Teacher Dies at Ft. Sill

It was shocking news to members of his family and his large circle of old time friends when the news came early last week of the death of Prof. W. E. Lockhart at Fort Sill, where he was in military service. (He was ill only a brief time.)

Deceased was the son of W. W. Lockhart, and a brother of Mesdames J. D. Leonard, W. J. Gideon and Harold Sims. Mrs. Leonard and Mrs. Sims attended the funeral which was held at Canyon, Texas, Thursday afternoon, September 3.

Deceased was a native West Texan. He was born and reared at Sherwood. He graduated in the Sherwood school and also from Howard Payne College. He married Miss Fannie McCutchen at Robert Lee, in June 1907—their wedding was the first to be celebrated in the Robert Lee Baptist church, which had just been completed. How swiftly the years have flown since that day!

Later Prof. Lockhart became principal of the Bronte school—it was during the time of his directing the affairs of the school that the foundation for a greater school was laid, which has as its culmination the fine modern school plant today and the varied features of a modern, progressive school.

We have known but few men younger than we who have meant to us what this fine man has meant, especially, back in the long yesteryears of life.

Pal of the long years, rest in peace—we pause to shed a tear at your passing, yet we know you would not have it so. But, at this midnight hour as we cast these lines in type, we feel as

“One who walks in a banquet hall deserted.”

Mrs. Frank Hearn of San Angelo spent the week end as the guest of Miss Jerry Bell.

Congregation Gives Reception to Pastor and Bride

One of the happiest social occasions in Bronte in a long time was the reception tendered Rev. Haines, pastor of the Bronte Methodist church, and his bride at the church, Friday evening. Rev. Haines and Miss Loise Pearce were married in beautiful southern Arkansas, on August 25. They arrived in Bronte Wednesday of last week.

Mrs. Alfred Taylor was in charge of the program, which was unique and amusing throughout, which was a mock wedding.

An “old fashioned” Methodist “pounding” and shower were included in the evening's program.

Refreshments were served to more than one hundred guests.

Livestock Auction Co. Boosts Sale of War Bonds

Everybody who is patriotic, of course, is doing his best to boost the war bond and stamp sales. He who is not doing this is, indeed, missing the mark as a patriotic citizen.

But, it remains for the San Angelo Livestock Auction Co. to give a boost that is most original in its method. The San Angelo Livestock Auction Company sells hundreds of thousands of dollars worth of livestock through their sales ring every month. They have decided to give free sales through their sales ring of all livestock the owners wish to sell and invest in war bonds.

The arrangements are perfected. Saturday of this week, September 12, is the day. If you want to buy a bond and can't do it until you sell some livestock, take a cow or two, or yearlings, or a few sheep to San Angelo Saturday, to the sales ring of the above company and they will sell the livestock for you through their sales ring, absolutely without cost to you—then, you can invest the proceeds in bonds. There will be those present ready to sell you the bonds and deliver them to you. Thus, you can return home with as many bonds as your sales of livestock will buy.

Owners of livestock, this is a rare opportunity for you. Read the announcement of the San Angelo Livestock Auction Company in this issue of The Enterprise relative to this matter—it is an opportunity you can't afford to pass.

A picnic supper was given by the H. A. Springer Sunday school class, Sunday afternoon, late, in honor of Messrs. J. T. Henry and J. Robert Knierim, two members of the class who departed the next day for San Antonio, to enter the service.

Blackwell Home Club Learns About Fruit Drying

At a recent meeting of the Blackwell Home Demonstration Club, Mrs. Elsie Gilkerson, home demonstration agent for Nolan county, gave information and instruction in methods and procedure of drying fruits and vegetables—apples, peas, okra and beans, and canning tomato and tomato juice.

According to Mrs. Gilkerson foods from frozen lockers contain more vitamins than any method used to preserve food.

Various types of home dryers were studied and a miniature dryer was displayed and food was arranged for drying. Drying of foods is economical—takes less equipment and materials and requires less storage space and is easily transported.

The tomato is rich in vitamins—either green or ripe. It is a source of vitamin c; ripe tomatoes have an abundance of vitamin a; also vitamin b is found. Each individual needs tomatoes or citrus fruits daily that would require 75-120 pounds a year.

Leaflets containing recipes, tomatoes in the main dishes, salads and desserts were passed the members.

Plans for entertaining the Nolan County Federation, to meet in Blackwell, September 26, were discussed.

The business meeting closed with the singing of the Texas Food Standard Song, to the tune of The Eyes of Texas, which is as follows:

“An egg a day for every Texan, A generous serving of meat, A quart of milk for all the children,

And all the greens they will eat, Fruit, tomatoes, cabbage, butter, Potatoes, sweet and white, All the grain and lots of water Will keep us living right.”

Mrs. Arnold Richards, hostess, passed refreshments to the following:

Mmes. T. A. Carlisle, Henry C. Raney, Charles Ragsdale, Lillian Turney, R. Lanier, Walter Leach, Berry Smith, Jim Wilson, Laura Hunt, Abe Lanier and Austin Jordan.

INITIALS WRONG IN SIGNATURE

In our last issue The Enterprise carried an announcement of a change in the ownership of the J. N. Tannehill blacksmith shop. We gave the signature of the purchaser as “J. H. Smith” when it should have been W. H. We regret the error, but hope this correction will get it in the minds of all our readers that it is W. H. Smith who now owns and operates the blacksmith shop in question. Mr. Smith will be glad for you to call at his shop and give him an opportunity to meet you.

Born to Mr. and Mrs. Leon Rogers in San Angelo hospital, Sunday September 6, a baby girl, who has been named Shirley Joyce.

Aid Curtailment to Dependent Children Disclosed

The new fiscal year, which be-
gins for the state Sept. 1 will
bring sharp curtailment of the
Aid to Dependent Children pro-
gram, the State Department of
Public Welfare predicted today.
The constitutional amendment
and the law authorizing aid to
the state's dependent children
limit the cost of the program to
\$1,500,000, a year out of state
funds. The federal government
matches this with an equal sum.
This makes available a total of
\$3,000,000 in equal monthly in-
stalments of \$250,000. This
means that in September the
state will have only \$250,000 to
pay grants which will total ap-
proximately \$430,500, causing
a flat cut in each grant of \$10.
The Aid to Dependent Child-
ren program issued its first
checks in September, 1941. In
the early months of the pro-
gram, while the rolls were small,
not all of the monthly instalment
of \$250,000 was required and
this money built up a reserve
which enabled the state to pay

out more than the monthly in-
stalment after the rolls devel-
oped an overload. In August,
19,226 families with 39,680 chil-
dren received a total of \$394,-
004. Grants in September will
probably call for distribution of
\$433,000 to around 21,000 recip-
ients—with only \$250,000 with
which to pay the obligation. The
average check in September is
expected to drop to around \$11.-
50 as compared with an average
of \$20.49 in August.

Maximum grants under the
constitutional amendment and
the state law are \$15 for a fam-
ily with one child and \$24 for a
family with two or more chil-
dren. Under proration maxi-
mum checks will probably drop
in September to \$6 for a family
with one child and \$14 for larg-
er families, with still lower
checks in prospect if eligibles
are added to the rolls.

Editor's note: The above is
from the State Department of
Public Welfare and should have
appeared in last week's issue,
but was inadvertently omitted.

Shower Given, Honoring Mrs. Frank Hearn

Friday afternoon, September
4 a shower was given by Mrs. B.
A. Bell, at her home, honoring
Mrs. Frank Hearn of San Ange-
lo. Mrs. Emmitt Caperton and
Miss Jerry Bell were co-hos-
tesses.

The afternoon was spent play-
ing numerous and various
games.

Refreshments of sandwiches,
cake and punch were served.

A large number of gifts, use-
ful and beautiful, were receiv-
ed by Mrs. Hearn.

BRONTE BOY PROMOTED TO CORPORAL AT MINTER FIELD

Information comes to The En-
terprise from the public rela-
tions office of Minter Field, at
Bakersfield, California that on
August 31, 1942 Paul D. Pruitt,
son of Mr. and Mrs. John Pruitt
of Bronte, has been promoted to
the grade of Corporal

The communication says:
Through his fine work in his
former grade, has well earned
this promotion. It is men like
this, steadily striving for the
top, that makes our nation what
it is and whose work will lead to
ultimate victory.

V-Mail System Urged in Sending Mail to Soldiers

New Orleans, Sept. 4—Admiral Chester W. Nimtz, Commander-in-chief of the Pacific Fleet, has issued an appeal to families of service personnel to use the new fast V-Mail system for correspondence from the Mainland to forces afloat and afield.

Pacific Fleet V-Mail authorities pointed out that speed, privacy and economy should make use of this microfilm service attractive to the armed forces.

Whereas regular airmail from the Hawaiian are to the Pacific Coast points often takes days—even going by convoy when mails are unusually congested—V-Mail to these same cities averages only four days. V-Mail for East Coast points takes only six days from the time of posting to arrival at its addressed destination.

In the fleet mail clerks have been supplied with special V-Mail forms. Letters written on these blanks and posted for censorship are not read again until they reach the addressees.

Hawaiian area V-Mail is photographed on 16-millimeter microfilm spools in Honolulu. These rolls, two of which contain as many letters as an ordinary mailpouch, go to the Mainland by the FIRST AVAILABLE air transportation. They rate highest priority; they go immediately.

By fast mail train, completed V-Mail is then sped to recipients, who get 4-by-5 1-2 inch enlargements of the tiny negatives in official envelopes—without charge.

Mainlanders corresponding with men afloat or afield may obtain their V-Mail blanks from any postoffice. Full instructions appear on each form. Letters are sent to the nearest V-Mail center for forwarding by air to the soldier, sailor or marine concerned. Again, days are saved; and valuable airplane space is conserved for vital war

goods.

It was urged that service users of V-Mail request their correspondents to take advantage

of this fast system. V-Mail now goes to personnel on duty in Australia—and in intermediate island bases.

INVEST IN AMERICA — Buy War Bonds and Stamps!

"I flicked the switch
—but Nothing Happened!"

CLICK! . . . Thousands of times each year, day and night, her fingertips had repeated that simple motion until it had become automatic and unthinking.

Let's suppose it's *you*. You let yourself in late some night. You flick the switch—and *nothing happens!* No light anywhere! At first you are annoyed. But your emotions quickly turn to confusion, concern—and *fear*.

Something's seriously wrong when the lights won't work!

The very fact that West Texans *do* take electric service for granted is a tribute to the men and women who supply it. They've made it *dependable*. And they've made it *cheap*.

The average West Texas family gets *twice as much electricity for its money* as it did 10 or 15 years ago. It's made it possible for most families to enjoy the comfort and convenience of many more *time* and *labor-saving* appliances.

This has been accomplished under the American tradition of *freedom*. Freedom of business management under government regulation—freedom to make our own laws . . . live our own lives . . . freedom to invent, invest and produce *more* for *everybody's* benefit. *That* is the American Way—the absolute opposite to the Hitler system of political management and state slavery.

The American Way has made this the most power-full nation in the world today . . . proving that *practical business management* is *meeting the needs of our way of life*.

Officers of the American Legion Elected Again

George Scott Post American Legion held its regular meeting Thursday night, at which time officers for the ensuing year were elected. Short order was made of that feature of the business of the post. A motion carried to re-elect the present personnel of the post, to succeed themselves which carried enthusiastically. This makes T. H. Rogge to succeed himself as post commander and H. O. Whitt to succeed himself as secretary. The Enterprise is not advised as to the other officers.

A motion prevailed unanimously and enthusiastically, recommending Rev. Lester Haines as local s outmaster.

Committees were appointed, to have charge of improvements of Legion Park. Furnaces on which cooking can be done in the park are to be built and a foot bridge is to be constructed a rrs Kickapoo creek.

Born to Mr. and Mrs. J. D. Luttrell, Jr., Friday, September 4, 1942, in a San Angelo hospital, a pouncing baby boy. The young man has been christened, "Thomas Michael." Now, the last part of that name is a name of interest—for, the first one to have that name, far as we have read, was an angel, and he "beat the very devil" out of satan and his crowd. But, whether he is to be a "scrapper" or not, we are sure the proud parents believe that a little angel has come to bless their hearts and home—and as for "grampa" Luttrell and "gramma" Sims, of course, they both think he is more than two angels. Congratulations to all concerned.

County Judge McNeil Wylie and Commissioner S. A. Kiker accompanied Wayne Johnson to Abilene Wednesday, where Mr. Johnson consulted a specialist. Mr. Johnson has never recovered from an injury he sustained last year when he was hit by a truck.

Brooks Browning transacted business in Ballinger, Thursday afternoon.

Fall Opening of the San Angelo Business College

In this issue of The Enterprise is the announcement of the fall opening of the San Angelo Business College. Anyone interested in a complete commercial course should turn and read the announcement—for, it has in it meat for thought.

The fact is, the San Angelo Business College is a commercial school that should be appreciated by the people of West Texas. For, it is a business college of West Texas, for West Texas and by West Texas. It is convenient, indeed, for anyone in West Texas who desires to take a full business course, to be able to go to San Angelo and get everything in the way of a business education, and not have to go away hundreds of miles for such a course.

We have known Wood Carson, manager of the San Angelo Business College, since he was a little boy. He is a West Texan by birth and in ideals. His mother was manager of the College for many years. She made a success of the school and some years ago she turned the management of the school to her son who has also kept the school abreast of the times and has made a school of business administration equal to the very best, where the highest and finest ideals of life are also taught and maintained.

We commend the San Angelo Business College, without any mental reservation or evasion. Young people can get as thorough training for a business career at the San Angelo Business College as they can get anywhere—and amid most wholesome and happy environs.
