

THE BRONTE ENTERPRISE

VOL. 25.

BRONTE, COKE COUNTY, TEXAS, FRIDAY, OCTOBER 8, 1943.

NUMBER 40.

Rayon Threatens Cotton—

I have protested against the request of the Office of the Rubber Director and War Department for authority from the WPB to use vital materials to expand facilities for making high tenacity rayon for use as cords in tires.

If this is done, it will destroy about 10 per cent of the home market for cotton, and will be a severe blow to our cotton industry.

Cotton cord always has been used for this purpose. It has been tested and tried and proved. The Truman War Investigating Committee has investigated the subject and has strongly urged that the expansion of the rayon program as proposed be deferred.

Of course, the Duponts and other rayon interests want to change from cotton to rayon. But why, taking advantage of the war emergency conditions, change now and experiment on a substitute for a proven fabric the continued use of which means so much to our cotton industry? The cotton farmer is going all-out for the war program. He is entitled to this protection.

The Feed Situation—

The Commodity Credit Corporation has contracted with a number of southwestern mills to crush soybeans when the harvest begins soon. Under contract terms, about 50 per cent of the meal secured in crushing remains in the state.

I have impressed upon the CCC and upon the War Food Administrator the acuteness of our shortage and need, and they have given us some assurance that increased efforts will be made to shift more soybeans to our section. Cottonseed meal is distributed through regular trade channels.

"A drouth situation," Marvin Jones' office reports to me "is developing not only in West Texas, but also in Tennessee, Arkansas, Mississippi and Oklahoma. This may materially affect the supply of cottonseed meal."

It's Not Over Yet—

It's true that one man's guess is about as good as another's as to when the war will end. In Washington "capital of the world," there is no general agreement, even though the most respected authorities live and work here.

Last week these real authorities told a conference of the nation's business, labor and industrial leaders, gathered here to map the future home-front production program, that "The war is far from won!"

Said War Mobilization Director James F. Byrnes: "We are not as near winning today as the Germans were in the summer of 1940 or the Japs were immediately after Pearl Harbor."

Said Undersecretary of War Patterson: "We have the initia-

Junior Rodeo to Be Staged by Coke County Boys

Below are given portions of a letter sent out by A. B. Sheppard of Robert Lee, president of the Coke County Livestock Association, to stockmen and others, the purpose of which is to solicit funds with which to promote the annual FFA Livestock Show next spring—and also to inform those receiving the letter with reference to the boys' rodeo that will be held in connection with the auction sale of the stock donated. The purpose of this article is to inform the people of the proposed rodeo in which all will be interested:

THIS IS IMPORTANT! PLEASE READ

Association is again sponsoring a Junior Livestock Show for 4-H and F. F. A. boys of Coke County. This time we plan to have a larger and finer show than ever before.

On October 23 we will have our annual auction sale and this time we are also having a Junior Rodeo 4-H and F. F. A. boys will be the contestants and will put on the show. You cannot afford to miss this sale and Junior Rodeo.

Your donation works double. The money is invested in War Saving Stamps which are given to boys in prizes to encourage them to produce more livestock products for the War Effort.

Let's help each 4-H and F. F. A. boy to FEED-A-FIGHTER in '43.

Signed
A. B. Sheppard
President, Coke County Livestock Association.

PTA Committee Meets in Its Regular Session

On Tuesday, October 5, the executive committee of the Bronte PTA met in the school auditorium.

Mrs. Clarence Arrott called the meeting to order.

Mrs. Arrott read the letter, written to the president from the district president.

The membership and finance committees have combined their work and will work together.

The executive committee recommended that each member of the PTA pay 50 cents a month dues.

The following membership committee appointed:

Mrs. Don Edmiaston, Maverick.

Mrs. Sid Evans, Marie.

Mrs. Weddell, Tennyson.

Mrs. Labenske, Hayrick.

Sam Seay of the Marie community is reported in a hospital at San Angelo with typhus fever. The Enterprise has been able to get none of the details as to the condition of the patient—but we join with the friends of Mr. and Mrs. Seay in the wish that his condition shall not become serious.

Wm. Vanderland is home on furlough from Sharon, Pa. He is in the Shenandoah Personnel Replacement Depot. He came home to see Mrs. Vanderland and the little daughter who was born to him and Mrs. Vanderland recently.

Blackwell School News

Blackwell, Texas,
October 5, 1943.

Bronte Enterprise,
Bronte, Texas.

Dear Mr. West:

Since so many Blackwell people take the Bronte Enterprise we thought that we would send our school news to your paper.

We will appreciate it very much if you will publish our news.

Junior and Senior Class Reporters.

Yes, Seniors and juniors of the Blackwell school, The Enterprise will be glad to print any and all school news you furnish. As you state, having once owned the paper at Blackwell, which we consolidated with The Bronte Enterprise, we reach quite a number of the patrons of the Blackwell school. Therefore, we seek to serve Blackwell as its news medium, as we do Bronte and the other communities in which The Enterprise has circulation. So, send on your school news. We are interested in the work and activities of the student body of the Blackwell

Rats in Town, A Menace; Campaign Launched to Kill

Rats in Bronte are a menace to the health of all. One section of the business district is said to be infested. Rats are spreaders of diseases, especially typhus fever.

The Community Club Wednesday night launched a campaign to wipe out this menace. H. A. Springer was appointed to direct the rat-killing campaign. Mr. Springer is calling on all the people to be on the alert and destroy rats until there shall not be one of these pests left either in town or country.

"I want everybody to feel that the rats are dangerous to health and to feel a personal responsibility in getting rid of the danger. Let each one see that his premises, either business house, or the out houses, are cleared of rats. I will appreciate it if each and everyone who will aid in the campaign, advise me—and at least, after you have had the rat-killing campaign on your place report same to me, with the results."

Mr. Springer and The Enter-

HEALTH OFFICER URGES
COMMON-SENSE USE OF
SAFEGUARDS OF HEALTH

Austin, Texas, October 7.—In

discussing the possible danger of
inflation to the American way
of life, Dr. Geo. W. Cox, State
Health Officer, has declared
that he believes one phase of
this menace which should not be
overlooked is the danger of in-
flation in the incidence of dis-
ease.

"Just because we have war go-
ing on is no reason why we
should allow disease and death
rates in the country to become
higher than in recent peace-
times," Dr. Cox said. "Indeed,
it is an urgent reason why we
should sharply reduce these
rates among our people and use

every effort to keep the health
levels among our civilian and
military population at their
highest possible peak."

The State Health Officer em-
phasized on e again, as he has
often done in the past, the neces-
sity for using the more easily
accessible, common-sense safe-
guards of health. Immunization
against several of the more kill-
ing diseases is available to all, at
little or no cost. Such protection
should not be neglected and the
person who allows himself or his
family to suffer from a prevent-
able illness is, whether or not
he realizes it, handicapping the
nation's war effort. Another
health precaution which can and
should be practiced in every
home and community is careful
sanitation: clean clothes, a
clean body, and clean home en-
vironments do much to prevent
the appearance of illness in the
home and the same sanitation
practiced throughout the com-
munity will help to insure the

good health of that community.
"Good, wholesome, nourishing
foods, home and community san-
itation, and the protection af-
forded by immunization can do
a lot to prevent the needless in-
flation of the disease and death
rates in this country," Dr Cox
asserted.

Mrs. Eva Key is visiting rela-
tives in San Angelo and Ster-
ling City this week.

Right at the Flip of a Switch!

MOST people take electric service for granted... We expect that when our fingers flip the switch, the lights will flash—**instantly!** AND THEY DO!

The same is true of power for the lathes, punches, riveters and other machines that make our war weapons, power to light our factories for night shifts, power to take workers from their homes to their jobs, and back. It's always there, **right at the flip of a switch.**

HOW DID IT GET THERE? That's another story—much more complicated, but very interesting. It's the story of a people who saw a job to do, and rolled up their sleeves and **did it.** Call it initiative—call it **free enterprise**—it's the spirit that has made America great!

The people in our company have that spirit. Years ago they saw the need for electricity that was more plentiful and dependable than ever before. Transmission lines extending into many territories in West Texas, bringing economical electric service to both large and small towns—that was the answer to that need they believed, **AND IT WAS!** They built the lines and the power plants.

Today, we have an interconnected system of steam power plants, each independent of the other, yet so linked together that power is automatically switched from one region to another in event of mishap.

It's the most **dependable** system the world has ever known.

It's yours—all at your fingertips—**right at the flip of a switch!**

TEXAS GRILL UNDER NEW MANAGEMENT

In this issue of The Enterprise is the announcement of the Texas Grill, in San Angelo, under new management.

Mr. and Mrs. Felix Ramsel are the new owners and managers. Mr. and Mrs. Ramsel are experienced cafe operators and know how to cater to the hungry public when it comes to cafe service.

They have renovated the interior of the Texas Grill and made it cozy and inviting. They serve steaks, soups, sandwiches and lunches of all kinds.

The new management has made the Texas Grill a "home-like" place, where those who so desire to enjoy cafe service in a quiet way and amid the most wholesome environments will find just such a place at the Texas Grill. They announce that they will not serve beer. Therefore, a man can take his wife and children to the Texas Grill without any fear of any disorder arising from beer being served in the place. Read their announcement and visit them when in San Angelo. Mr. and Mrs. Ramsel are genial and pleasant and will make you glad that you went to their place for your cafe service.

WINGS—

(Continued from page one)

course training for pilot at Eagle Pass, and received his wings October 1. He volunteered for service May 1942 but was not called for service until October 1, 1942.

Taking his primary training at Avenger Field, Sweetwater, he finished there April 30. He was then sent to Winfield, Kansas for his basic training, and finished July 22. He was sent to San Antonio October 23, 1942, to Classification Center. He finished his training at Eagle Pass, October 1, 1943 and received his wings as a pilot.

Lt. Percifull is to report at Randolph Field, October 13 for assignment.

Mrs. Annie Sefton of Winslow, Arizona, a sister of Mrs. Fink Eaton came for a visit to Mrs. Eaton. Last week they went to Breckenridge for a visit with two brothers and a sister who reside there. Returning to Abilene, they visited Mrs. Eaton's daughter, Mrs. Robert Pendergrast, who resides there. Mrs. Sefton returned to her home Wednesday. Mrs. Eaton reports a delightful visit.

OUR LETTER—

(Continued from page one)
tive . . . Provided we have the will and determination for victory, victory is within our grasp.

Said WPB Vice-Chairman Charles E. Wilson: "A great job has been done. But a greater job is still ahead."

Said James P. Mitchell, director of the Army's industrial personnel division: "A far smaller proportion of our population of working age is either at work or in the armed forces than in any other major nation."

The Senators Report—

And the senators who visited the war fronts around the globe—European, Mediterranean, Asiatic, and Southwestern Pacific—came back last week with a

Mrs. John Leathers sends The Enterprise to their son, Carroll who is in the service at Camp Ellis, Illinois. We hope Carroll will enjoy the weekly visits of "the old home town paper." Really, parents and friends could do nothing that would mean more to the morale of the boys in service than to send them the home paper.

five-point admonition that:

1. If it is to be ready for any eventuality, this country must draw up its post-war plans quickly—now.

2. The allies should arrange to use more of the oil reserves they control elsewhere, and begin conserving our own production.

3. America must start now to insure acquisition of strategic bases and aviation routes throughout the world, for after the war.

4. While our military forces are impressive throughout the world, our diplomatic system must be strengthened and expanded.

5. America's war news is flavored with too much optimism, particularly are we guilty, officially and unofficially, of underestimating the Japanese.

Mrs. E. O. Allen has had several of her family as guests this week. In the group is a sister, Mrs. W. L. Cooper of Brady; Mr. and Mrs. F. A. Stubblefield and little daughter, Rita June—of Winslow, Arizona—Mrs. Stubblefield is a daughter of Mrs. Allen; Mr. and Mrs. J. B. Walker and son, John Douglas, of Winslow, Arizona—Mrs. Walker is a daughter of Mrs. Allen; and another daughter, Mrs. C. D. McAdams and two daughters, Trilby and I Annie Ruth, of Colorado City are also in the group of visitors

Your County War Fund is another "Victory weapon."

The United War Chest of Texas through war fund organizations in every county of the state is charged with the responsibility of raising \$4,885,781.00 for the 17 approved war appeals of the National War Fund. The national goal is \$125,000,000.

Each of the 17 participating agencies was carefully budgeted to stretch every dollar contributed before it received the approval of the President's War Relief Control Board.

Texans now are being asked to take a Texan's share in their County War Funds to aid three fronts with one gift—the Military Front, the United Nations Front, and the Home Front. Remember, President Roosevelt has said that a share in the National War Fund is a share in winning the war. Use this "Victory weapon." Give to your County War Fund.

THE 17 PARTICIPATING AGENCIES ARE:

- * USO
- * United Seamen's Service
- * War Prisoners Aid
- * Belgian War Relief Society
- * British War Relief Society
- * Dutch Relief Fund (Queen Wilhelmina Fund)
- * French Relief Fund
- * Friends of Luxembourg
