BRONTE, COKE COUNTY, TEXAS, FRIDAY, NOVEMBER 24, 1944

NUMBER 48.

COKE COUNTY'S DRIVE ON 6TH WAR LOAN LAUNCHED MONDAY-L. T. YOUNGBLOOD LEADS

Brothers from Bronte in the Service

Sons of Mr. and Mrs. E. K. Buford.

ROBERT L. BUFORD

DOUGLAS BUFORD

Robert L. Buford Phm. 2-c U. S. N. R. is now in Pearl Harbor. He took boot training in San Diego, California, where he was for five months. Then he was sent to Treasure Island, San Francisco and was sent from there to Hawaii and has been there for 22 months.

Douglas Buford, S. 2-c, Fort Pierce, Florida. He took his boot training in the Great Lakes, Illinois. He was sent from there to Boston, Massachusetts. In about a month he was sent to his present location, where he is training for service in the amphibious force.

C. C. Glenn Sells His Norton Gin to Morrison-Ely

After serving the cotton farmers of the Norton section of country for 25 years, as their gin man, C. C. Glenn has sold his gin plant and business to the other Norton gin firm, Morrison-Ely Company.

For forty years Mr. Glenn has been engaged in the gin business. He began the gin business at Maverick where he operated for some years. But, for the last quarter of a century Mr. Glenn has owned and operated the gin at Norton. Widely known and thoroughly experienced as a gin man, Mr. Glenn has many friends among the cotton farmers of the Bronte-Maverick-Norton section of country who will miss him not only as a gin man, but as friend to friend in their business relations.

Mr. Glenn has other interests to which he plans to give his attention. He has farming interests and town realty to which he will give his attention for the present.

GETS 10-POINT BUCK

Mr. Will Wrinkle, manager of the Gulf Service Station, seems a little "puffed up," don't think ill of him—for, he is the first of Bronte's deer hunters to return, and he brought in a 10-point buck. Mr. Wrinkle and Bud Bell went down to Fort Stockton Sunday, and Monday morning "before the cock crew" "Bill" was out "stalking" the nimble-footed little deer. Mr. Bell did not hunt any—he went only for the outing.

Jack Good spent the week end at home, from John Tarleton College where he is a student.

Mrs. F. G. Guittard of Waco, a sister of Cecil Glenn and Mrs. Carrie Williams, spent the week end with relatives in Bronte.

Miss Gladys Glenn and J. T. Gray are Wed

At Ranger, November 10 Miss Gladys Glenn of Abilene became the bride of J. T. Gray of Fort Worth. Hence, when the former Miss Glenn came to Bronte Saturday, to spend the week end with relatives she brought along a member of the family that her relatives and friends here had not seen.

The bride is a Bronte girl, the daughter of the late Mr. and Mrs. W. A. Glenn, one of the pioneer families of the Ballinger-Maverick section of country. Mrs. Gray was formerly with the First National Bank in Bronte, then she went with one of the Abilene banks. But for some time she has been office manager of the St. John Motor Company in Abilene. She has a wide acquaintance throughout this part of West Texas, and all who know her are her friends.

Mr. Gray is a widely known business man throughout the country. He is in charge of the Veterans' Administration, at Fort Worth, which place he has filled for some time and is a popular business man, especially with the veterans with whose interests he is charged.

"CLOTHING AND GARDENING" PROGRAM OF 4-H GIRLS FOR 1945

"Clothing and Gardening will be two main demonstrations concentrated upon by the 4-H Club Girls of Coke County in 1945," says Miss Fay D. Croslin, Home Demonstration Agent, as she reports on the planning meeting held at the court house Saturday at 1:00 P. M.

Nine 4-Hrs and 2 sponsors from four of the clubs in the county met to plan the year's work. Keeping in mind the club motto, "To Make the Best Better," the program was centered around suggestions from all the club members.

Highlights for the new year will be a two day encampment in July; both community and county achievement exhibit and tours; entertainment for mothers near Mothers Day, as well as demonstrations on etiquette, table manners and setting, poultry care and feeding, canning, clothing storage, care and selection of clothing and colors, remaking clothes, frame gardens, bedroom improvement, diets and food preparation as well as parliamentary procedure.

Miss Croslin states she is sure each girl in the county will really strive "To Make the Best Better" in 1945.

Walter Scott and family will read "the old home town paper" from now on, as Mr. Scott joined our paid-in-advance subscription family this week. And thanks to you, Walter.

fairly well on the food they have. The 3,000 tons of food per day then reaching Paris was about half of the City's normal requirements. But the main worry I heard was about the scanty prospects for coal this winter.

Some of the stores were closed or poorly stocked. Many others were surprisingly well stocked. Short lines of people

(Continued on last page)

Palmer-Allen Family Reunion Held, Sunday

To those in the circles of the Palmer and Allen families, Sunday was a delightful day, in spite of the anxieties and sorrows of war. The two intermarried families held a family reunion at the home of Mrs. O. E. Allen.

The occasion was more to honor Cpl. Orval Allen, who is home from overseas, after an absence of two years, and also to rejoice together that he has survived the tragedies of war and was able to be at home with his mother and other loved ones.

Mrs. Allen has two other sons overseas—Cpl. Alvin C. Allen is somewhere in Belgium and Pvt. Cecil H. Allen is somewhere in the Southwest Pacific.

Those present at the family reunion Sunday were:

Mr. and Mrs. F. A. Stubblefield and daughter, Rita, Winslow, Arizona; Mrs. Cora Belle McAdams and daughters, Trilb and Lannie, Abilene; Mr. and Mrs. J. B. Walker and son, Silver; Mr. and Mrs. Albert Palmer; and family, Brownwood; Mrs. Dale Green, San Angelo; Bill Palmer and son, Tennyson; Mr. and Mrs. I. E. Lloyd, Mrs. O. E. Allen, Cpl. Orval Allen, Mrs. Wm. Vanderland and daughter, Rev. and Mrs. D. H. Palmer, Mr. and Mrs. Curtis Walker and family, Harvey Palmer; and Miss Chrystelle Mathers and Mrs. Fred Campbell of Robert Lee.

TRIPLE-A COMMUNITY COMMITTEEMEN WILL BE ELECTED IN DECEMBER

Triple-A Community Committeemen for Coke County will be elected on December 14, 1944 to serve from January 1, 1945 through December 31, 1945, according to C. N. Webb, County AAA Chairman.

Farmers will choose Committeemen for each community, and delegates from these meetings will later name three county Committeemen and alternates. Conservation practices for 1945, production goals, and general Agricultural outlook will be among the subjects discussed at the meeting.

These elections, much the same as local school elections, and like the town meetings of other days, constitute real democracy in action. With the approach of peace AAA elections take on a new significance. It is more important now than ever to have the best men available on AAA Committees. The solving of farm problems at this stage of the war, and those that face the nation from here on out will require the best possible leadership and the full participation of farmers.

The exact place and time of this election of Community Committeemen will be announced at a later date.

Miss Betty Jo Glenn, daughter of Mr. and Mrs. C. C. Glenn, spent the week end with her parents. Miss Glenn is with the Big Spring Daily Herald, at Big Spring. Miss Glenn is delighted with her work and says that she is having "a barrel of fun as a cub reporter."

Buy Bonds—Buy more Bonds.

County's Quota Set at \$100,000

Monday morning, November 20, 1944, was an important day in the history, not only of Bronte and Coke county, but of the entire nation—it was the hour in which the 6th War Bond Drive was launched. And everywhere throughout the 48 states a concerted effort was begun for each state to raise its quota in the expenses of the operations of the war.

The quota of Coke county in the amount assigned Texas is \$100,000. L. T. Youngblood is the county's chairman in the work of raising the county's quota. For some time Mr. Youngblood has been laying out his plans and getting the working personnel of his campaign forces arranged.

The American Legion, both at Robert Lee and Bronte, will function with Mr. Youngblood in securing the assigned quota.

"Of course," said Mr. Youngblood, "it will be something of which every patriotic citizen may justly be proud, if we can exceed our quota. I earnestly ask each and all to do their best—to buy bonds far as they can reasonably and thus we will contribute to ending the war quickly as possible and that means to bring our 500 Coke county boys back home, with our girls also, who are in the service and thus save further loss of human life. And, surely, that is enough to provoke within each and all the most heroic effort."

MEETING FOR TEXAS PRODUCTION GOALS AT COLLEGE STATIONS

Representatives of farm groups and agencies will meet in College Station on November 27 and 28 to establish 1945 crop and livestock production goals for Texas, it was announced today by State AAA Administrator, B. F. Vance.

Suggestions drawn up by the War Food Administration on the basis of prospective requirements for food and fiber from 1945 production will be presented to the meeting as a guide in fixing next year's goals, Vance said.

The State meeting has been called at the request of Food Administrator Marvin Jones who has asked each State to determine its goals in relation to national needs. The sum of the State goals will become the national goal.

WFA representatives will be present at the meeting to explain the outlook for 1945 requirements and also for such production factors as labor, fertilizer, and machinery. Government price support announcements covering each commodity also will be given.

Vance pointed out that AAA committeemen again have been given a major responsibility to work with farmers in attaining the goals. Full participation by other agencies and groups also will be needed, he said.

Leaders invited to attend the State meeting include the AAA Committee and representatives of Texas USDA War Board and other agricultural leaders.

Buy Bonds—Buy more Bonds.

When a number of us recently went from London to Normandy, we flew across the channel and landed at the Army's new air field, taken from the Germans, a few miles from the main invasion beach.

There we were met by Colonel Leland B. Kuhre, Commander of that beach area, who said he would like to go to the beaches with us. We went there in jeeps, and saw the spot where they met with the strongest enemy resistance.

Hundreds of the German forts and pill boxes are there now, apparently just as they were left by the fleeing Nazis. Some of the forts were blasted by our bombers and warships. Here and there in an abandoned fort may be seen a German uniform or overcoat, tramped against the ground. Scattered about are shells and shell fragments, and huge bomb craters.

I saw a few of those graves with a fresh flower or a wilted bouquet on them. I asked the officer in charge of the cemetery who put them there.

"Every day," he explained, "a few French peasant women come here on bicycles, usually one at a time, and walk out and put a bunch of roses or flowers on some grave of someone they never knew, then pause a moment, silently get on their bicycles and peddle away. They know only that these are American graves!"

RHEUMATIC HEART DISEASE, VERY FATAL TO CHILDREN

Austin, Texas, November 16—Rheumatic heart disease is now the first cause of death among children aged ten to fourteen, and is second only to tuberculosis at the ages 15 to 25. Despite the importance of this disease its epidemiology is not completely established. No vaccine such as those that prevent typhoid, diphtheria, smallpox, and whooping cough has yet been developed, for its prevention or control. We do know, however, some of the danger signals and with the physician's accurate diagnosis some of the damaging results of the disease may be prevented.

Dr. Geo. W. Cox, State Health Officer, points out that in general the danger signals of rheumatic fever are pain and swelling in the joints of the knees, ankles, elbows, or wrists. The pain usually is felt in one of these centers and spreads to others. Oftentimes a child will get irritable and cross without any visible signs of a good reason for this attitude; he may cry easily or develop habits of nervousness. A physician should be consulted at once in such a situation, for these symptoms may be the beginning of rheumatic fever.

Exposure to frequent chilling, damp or overcrowded living quarters, a poor diet, an attack of scarlet fever, a bad cold or other infection caused by certain streptococcus germs are likely to be predisposing factors in the appearance of rheumatic fever.

According to Dr. Cox the best safeguards against this disease are to have each child and adult examined at least once a year by a physician, to have the right kinds of food for an adequate diet, and to have plenty of rest. When the disease is suspected of being present a doctor should be consulted.

FORMAL OPENING OF COKE FROZEN FOOD LOCKER HELD SATURDAY

Saturday, November 18, was the official opening of Coke county's modern, well-equipped Frozen Food Locker Plant. This opening was noted by an open house which was held in the plant at Robert Lee.

An educational exhibit was planned and set up by T. B. Hicks, County Agent; Fay D. Croslin, Home Demonstration Agent, and Vera Martin, F. S. A. Supervisor. They were assisted by Mr. C. E. McDonald and Mrs. Ruby Pettit, Manager and Assistant Manager respectively. The exhibit consisted of the principal cuts of lamb, pork and beef as well as turkey, poultry and vegetables.

A tour was conducted through the 310 drawer locker plant for each guest or group of guests. Mr. McDonald, Mrs. Pettit and Mr. Hicks were the official guides for the day.

Coffee and cookies were served throughout the day by Misses Croslin and Martin who were assisted by Miss Carleen Clark and Jerry Mitchell and Minnie Weathers.

Miss Eudora Hawkins, Home Specialist for West Texas Utilities Company of Abilene was a guest.

By the end of the day Saturday most every available locker had been rented.

4-H MEETING

The meeting November 20 was called to order by the vice-president, Marlene Arrott. In the secretary's absence, Roma Richards acted as secretary.

It was decided that we would buy a Maximum Thermometer to test pressure cookers.

We had a report on the meeting Saturday, November 18 at Robert Lee, by Roma Jean Richards. At the meeting, they planned next year's program.

A committee was appointed to

87 times straight - I've been lucky!

87 times I've gone out—and come back.

When your score gets that high, they usually let you quit for a while.

But sometimes that isn't possible. You just have to keep on going—perhaps till your number is up.

Out here, you get to understand those things. There's no question of quitting—no matter how much you've done.

Back home, it's the same way about buying War Bonds. You feel good

when you count up and realize what a high score you've got. You feel you deserve a rest, too.

But the war isn't over yet. And until it is, I'll make a bargain with you: You keep on buying, and I'll keep on fighting till the last Jap drops!

The 6th War Loan is on. And it's every American's duty to invest in at least one extra \$100 War Bond. If you haven't bought yours yet, do it today!

Buy at least one extra \$100 War Bond Today!

War Bonds
-Are You?**

Men must have what it takes in full measure when ordered into a machinegun nest as first scouts. Pvt. Burtchell Linwood of Weld, Me., can tell you all about it for he didn't come through unscathed. The other side fractured his humerus bone but he will get back to near normal as a result of funds available for hospitalization from War Bond sales.

Pfc. Tom Burrade, 20-year-old Noxapater, Miss., boy, hit while on an ammunition truck in France, regained consciousness in England, his jaw fractured and lips cut to the chin, but thankful for War Bond sales.

Lt. Leo Klein, 27, Scranton, Pa., hospitalized with burns and compound fracture of both legs, was a B 17 bombardier-navigator with 14 missions accomplished when ordered to a rest home. The train on which he was riding figured in a wreck near London and he suffered wounds that had passed him by on dangerous missions. War Bonds funds are mending his hurts.

The following Bronte business firms and individuals sponsor this appeal in behalf of the 6th War Loan Drive that is now in progress:

You can't wipe this out with your tears!

BUT BONDS WILL HELP YOUR BOYS DO IT!

Your fighting men are paying back the Japs for Pearl Harbor, that "deed that will live in infamy." But it's a long way yet to Tokyo—where the final installment will be collected.

We, at home, can't fight shoulder to shoulder with our boys. Yet we can help today by getting behind the 6th War Loan Drive with every dollar we can scrape together. This is every American's war. Buy an extra \$100 Bond—and don't wait till you're asked. For we've a tough job ahead.

Your Bonds prove that you haven't

forgotten Pearl Harbor, Bataan and the thousands of other crimes against humanity by the Jap hordes. Your Bond is an installment on what it's going to cost us to crush the Japs in the long sea lanes of the Pacific—it's going to take more superfortresses at \$600,000 each, more P-47 Thunderbolts at \$50,000 each—more of every type of material.

And remember, when you buy Bonds you are saving for your future and the future of your country. Don't put it off—buy that extra Bond today.
