TENNYSON TOPICS . . .

By William Jessie Green

It is reported that Tennyson is to get electricity within two weeks! We are hoping it will be soon. The men finished surveying the route last week.

Tennyson Baptist Church has been holding a Sunday School Training Course, led by Rev. Jones, which will close tonight.

Bunch of Tennyson 4-H boys took in the Fort Worth Fat Stock Show, including Woodrow Howell, Royce Lee Latham, W. D. Latham, Ringgold Burleson, and Winford Miller. They cleared out last Monday.

Grace Irene Green was threatened with pneumonia, but is now improving. Her school mates sent her a box of candy, which was surely appreciated.

James Chambers returned from Kennedy, Texas, bringing with him Mr. and Mrs. Kenneth Hogan, who have been visiting J. B. Glasscock.

Mrs. W. E. Burleson's mother has been suffering from a heart attack in San Angelo, so Mrs. Burleson has gone there to be with her for a while.

L. Y. Harrel - and here's some real news - was out gathering eggs the other day when he found two eggs in one shell. Said he - "that hen was Hoovering."

Mrs. R. T. Whitehead and Robert Cage of Blackwell were by the other day to see the writer and brought him some comic books. Thanks, folks, come by again.

Mmes. Bud Hurst, R. C. Schlagal, Iona Rogers, and Sue Schlagal and Jacky Rogers came by to visit the W. T. Greens the other day, but Mr. Green had gone to Angelo. They waited a while, but had to leave before he had returned. Mr. Green is the son of Mrs. Hurst.

Mr. and Mrs. Edd Hoekendorf and son, Edward Ray, visited in Tennyson over the week end. Mrs. Hoekendorf is the daughter of Mrs. T. A. Brown, who returned with them following her visit to Midland. The Hoekendorfs returned Sunday.

Following their marriage last Friday, March 8, Mr. and Mrs. James Chambers went to San Antonio on a wedding trip. Mrs. Chambers is the former Miss Katie Bell James.

Mrs. Jack Corley, along with Jackie and Brenda, are visiting Pfc. Jack Corley at Camp Hood, Texas.

Elton McGinnis and Mrs. McGinnis are now in Eldorado visiting his parents, following his recent honorable discharge from the armed services.

Mr. and Mrs. Jay Whittley are to be honored with a shower on March 20, at the home of Mrs. Ben Murphy. Everyone is welcome.

YOUNGBLOOD RETURNS FROM WASHINGTON

L. T. Youngblood, chairman of the UCRA, returned Monday night from Washington, where he had gone to confer with Congressional and Government leaders concerning the Colorado River irrigation project.

"It looks more hopeful now," Youngblood declared, "as we emphasized the necessity of taking action now, and were given a good hearing before the Senate Appropriations Committee."

"The sum of \$138,000,000 was suggested for various of the appropriations," Youngblood added, "but only \$110,000,000 was provided, and our project was included in the difference, \$28,000,000, which was not included in the budget as first proposed."

If the UCRA can obtain the sum of \$2,000,000 out of the 28 million, then the tax remission feature of the UCRA will be established, and prospects will be bright.

"If Congress doesn't approve the plan now, we'll try again in the fall, and if not then, we'll try next spring," Youngblood asserted.

"Washington was really a madhouse," he laughed, "and we saw a line about two blocks long waiting for nylons, while there was always a line in front of the movies, even when there was standing room only."

BROOKSHIRE RABBITS REALLY RUN IN TUESDAY DRIVE

That is, very few are able to run after that all-day rabbit drive last Tuesday! That was the first rabbit drive the editor and his mother ever took in, and now we're rarin' to go again. Food! You never saw the like of it - with bar-b-q by Bill of Ballinger, and all the rest that goes with it. Of course we got lost on the way over, but arrived all right in due time.

The C. H. Hesters and Lonnie were there, also the B. V. Hedges, Homer Clarks, Doyle Gleghorn, the Willis Smiths, Preston Wheat, Dorothy Thomas, Ed Rawlings, Clayton Bedner, Juanita Thomas, James and Hurlin Lee too.

The T. C. Cleghorns were there, also J. C. Boatright, and many others from Winters, Ballinger, Bradshaw, Tennyson, Bronte, and just from all over.

The Herb Hollands, Charlie Browns, Johnnie Browns, Joe Millers, Marvin Stephenson, Willard Caudles, Luther Nickson, H. C. Hedges, and Franklin Thomases.

Poor John Clark was having an awful time - had a \$10 bill that nobody could change (at least nobody

HERE'S BLACKWELL . . .

By Mrs. Charles Ragsdale

The W.S.C.S. met Monday in the home of Mrs. Arnold Richards. Mrs. Louis Sweet brought the devotional and Mrs. L. W. Sweet directed the study on "The Fatherhood of God."

A refreshment plate was served to the following: Mmes. R. T. Spence, F. S. Youree, R. V. Copeland, Wiley McRorey, B. W. Richards, Charles Ragsdale, T. A. Carlisle, C. M. Whitaker, J. A. Oden, J. O. Raney, Delos Alsop, Louis Sweet, L. W. Sweet, and J. A. Wheeler.

WOULD change it). It seems that Mrs. Clark, and Mrs. Herb Holland, Mrs. Charles Brown, Mrs. Joe Miller and Mrs. Johnnie Brown wanted to go to the show. John was elected to foot the bill, but hated to part with the \$10. But ladies helped their way, you know, and John was soon parted from his \$10, which nobody could change for him. Bet they enjoyed the show, too!

Mrs. Red Holland had a time of it. Came time to feed her baby, and she needed a place to warm the milk bottle. Well, she planned to dip the bottle into the coffee kettle, which was steaming hot, but by that time the kettle had been drunk dry, so no more heat, no hot milk, and no warm lunch for baby!

Mrs. Charlie Ashton really enjoyed herself too, also the Alfred Roses, Buster Parrish, and Lee Moreland, along with many others, about 150 in all.

We learned that Billy Joyce Smith has lots of fun making scrapbooks, and that Martha Boatright also collects clippings of Chalk Dust for future reference. Sorry when it was time to go - 'twas fun!

J. T. Hornens of Coleman, Mr. and Mrs. Loy Fortner of Brownwood, and Pvt. Wayland Holland of San Antonio.

Mr. and Mrs. H. C. Raney were Fort Worth visitors during the stock show, and also visited her brother and other relatives there and in Dallas and Frost. Mr. and Mrs. J. W. Raney accompanied them.

Roy and Ralph Raney are visiting in San Antonio this week.

Mrs. Bill Burwick left this week for California, where she will join her husband who is with the armed services.

Willis Roland arrived this week after having received his honorable discharge from the Navy.

Mrs. D. T. Hunt left last week for Hollywood, California, to visit her daughter, Mrs. Ellis.

Mrs. W. H. Bell of Robert Lee visited Mrs. Charles Ragsdale over the weekend.

The writer was hostess to members of the H. D. Club in her home Wednesday. Mrs. Austin Jordan, president, presided at the business meeting, and the new H. D. agent, Mrs. Geraldine McCullough, met with the group. She presented a very instructive discussion on kitchen arrangements, and the ladies gave Mrs. C. R. Richards a miscellaneous kitchen shower. The Richards' home was recently destroyed by fire. Refreshments were served to the following: Mmes. W. H. Bell, of Robert Lee, Geraldine McCullough of Sweetwater, Austin Jordan, T. A. Carlisle, A. S. Hendry, C. R. Richards, Delos Alsop, R. V. Copeland, J. A. Wheeler, Arnold Richards, B. P. Ragsdale, Ester Bryant, Lou Smith, R. H. Reeves, Geo. Russell, Ernest Ware, and R. Lanier.

The Senior Class honored Mrs. E. J. Tucker and Mrs. Othello Vest with a surprise gift tea Friday, March 8, in the Home Ec. department of the school. The two brides received many lovely gifts. Mrs. Tucker is the former Miss Gloria Johnson, daughter of Mr. and Mrs. Olie Johnson of Blackwell. Mrs. Vest is the former Miss Margery Cook, daughter of Mr. and Mrs. Homer Cook of Blackwell. E. J. and Othello are discharged servicemen, and the two brides, now seniors, will receive their diplomas in May.

ROBERT LEE REVELATIONS . . .

By Jerry Mitchell

Mrs. Fay C. Roe was honored with a tea last Wednesday afternoon in the home of Mrs. Willis Smith. Guests were received by the hostess and the honoree, and Miss Jerry Mitchell presided at the bride's book. Mrs. Victor McCabe was at the tea table, which was decorated with white carnations and tall white candles. About 40 guests called during the tea hours.

John Parker, son of Mr. and Mrs. Monroe Parker, has re-enlisted in the Army. John was formerly employed by the Casey Motor Company.

Mr. and Mrs. J. H. Escue, Jr. and Mr. and Mrs. Floyd Higgins of Angelo were Sunday visitors in the home of Mr. and Mrs. Jack Cowley.

Travis B. Hicks' car has been causing quite a bit of excitement - 'tis not a new car, folks, just had a new green paint job.

JEFF DEAN

SUPT. JEFF DEAN RE-ELECTED

Jeff Dean, Bronte's capable and qualified school superintendent, was re-elected to that position last Monday night when the school board met for its regular session. At the same meeting, the board also elected H. R. Gassiot to again serve as principal and athletic coach of the Bronte Longhorns.

This makes the second year that Jeff Dean will serve as superintendent, although he has been in the school system now for four years.

Before coming to Bronte, he taught school in Dawson County, and in Lamesa, Union, and Sparsburg. During the summers of 1932-33, he attended Texas A. & M., and later received his B. A. degree from Sul Ross State Teachers College in 1939, with major in Education and Mathematics.

Gassiot came to the schools last year from Millersview, where he served as superintendent, and has made a fine record here this year.

SERVICE CLUB PLANS WORK

A small but interested group of men participated last Friday in the opening session of the Bronte Community Service Club under the gavel of recently-installed President Hubert O. Whitt.

O. W. Chapman, chairman of the Better Housing Committee, reported that negotiations with Bill and Clifton Tupper, San Angelo lawyers, were still underway. It was said that the two men would not act unless one of them were made city attorney of Bronte on a salary basis, since the \$200 limitation on collections was considered too small.

It was further revealed that the school contract had been turned over to Supt. Jeff Dean, and that the Tupper would collect the funds due the schools, in return for a commission of 15 per cent. In the general discussion on lots and lot sales which followed, it was learned that some 90 individuals own around 370 lots in Bronte, and that action is to be pushed toward the payment of delinquent taxes.

Jaycees

The recent offer of members of the Abilene Junior Chamber of Commerce to incorporate the Community Service Club into that organization was not accepted. While appreciative of the help of the Abilenians, members felt that now was not the time to undertake a new organization.

BUFFALO RESERVOIR PROJECT DISCUSSED AT ROBERT LEE

Some 70 persons heard a discussion last Wednesday night at Robert Lee, led by Wesley R. Nelson of the Bureau of Reclamation, who told of efforts being made and problems faced in connection with the Robert Lee project and Buffalo Reservoir construction on the Colorado River.

Nelson declared that the Bureau of Reclamation was charged by Congress with the investigation of such irrigation projects, and that their report, from the Amarillo branch office, would be sent to Washington within two months. After that, six months or more may elapse before further action can be expected.

It was pointed out that present plans call for the construction of a dam 138 feet high, to be used for irrigation, flood control, and game and wildlife.

"There are no plans, whatsoever, to use the dam for making of electric power," the speaker asserted.

It was revealed that the project was begun in March 1939, and that gross

T. A. CROCKETTS OF NORTON HOLD REUNION

It was really a swell one too, when nine children, grandchildren, and in-laws were gathered together last Sunday for homecoming day. The occasion was in celebration of the return home of Walter Crockett, who is just out of the service after more than two years in the Army, especially around Manilla.

A former chief warrant officer, Ralph Crockett, returned from Japan

recently after four years of service in Japan and the Philippines.

Tom, Jr., formerly a captain in the Air Corps, and a B-17 pilot, is now in the University of Texas law school, and Leonard Frank Crockett served at a naval station in this country for two and a half years. He's now at the University also. Other sons include Fletcher of Midland and Earl of Rowena.

Two sons-in-law, Olean Gunyon of El Paso and William Warren of Concho County, also saw service, Olean as an AAF electrical engineer for three years, and William as an AAF bomber mechanic. He was also a German prisoner-of-war for 19 months.

Mrs. Lee Parks, president, presided during the business session, and an old-fashioned spelling bee was led by Mrs. W. D. McDonald during the social hour.

YEAH MAN, POLITICS AGAIN!

The 1,202 qualified voters of Coke County, from now on, are fair prey for the candidates, for election time is coming. New or re-elected officials will be chosen here in Bronte, in Coke County, in Texas, in the nation.

We, the voters, will determine the winners. It is our responsibility. How then, shall we determine the winner? Certainly, someone has to lose.

Let us, then, examine the candidate. If he has made a record, let's look at it. If he wants to make a record, what does he have to offer? On the basis of past performance, what can we expect in the future, whether the man has held office before or not? Is he qualified? Upon what grounds? Will he get along with other officials? Can he cooperate? Is he a hard worker? Efficient? Capable? Not only is it well to consider what he says, but even more important, what does he do? How does he do it?

We have little patience with the name-calling that seems to be a part of Texas politics. Even now, we read of people being referred to as "pole cats, skunks, crooks, tools of interests," and what have you. When persons have to resort to name-calling, you can depend on it that they have no facts to support their claims. The easy way out is to label somebody with a name, in place of facts and figures.

We believe in fairness and integrity, and an examination of the facts, and of the record, whether made in office or out of it. We pass along this little simple test, which is well to remember in the face of flying claims and counter-claims: "Who says it, why does he say it, what does he want me to do?" Ask yourself these three questions the next time you hear rumors about candidates, or comments from the candidates themselves, whoever they may be.

"Who says it, why does he say it, what does he want me to do?"

MOM'S BACK IN THE KITCHEN

Yes, she's back at her old job of home-making—that 24-hour-a-day job with no overtime pay.

Mom learned a lot about electric service during the war. She found that stitching up a cruiser and stitching up a curtain are both done more easily and quickly when electricity lends a hand.

And when home-making had to be sandwiched in after war-plant hours, Mom learned that the touch of a finger-tip brought her a dozen willing servants for the cost of a candy bar.

Mom's back in the kitchen. And electric service—always ready, dependable and cheap—is there with her, making her tasks easier, her life more comfortable. Service like that just doesn't happen. It takes hard work and good business management. The men and women in Mom's electric company—and yours, too—make it possible.

PERSONALS

Harvey Allen was seen last week walking around with a very pink rabbit, not elephant. He claimed, so we're told, that he won it off a punch board.

Be more careful, next time, Uncle John Butler! Seems he was out fishing around and got his feet wet. According to his son, Allen, he really got wet all over.

S 1/c Dewey L. Luckett arrived Sunday for a 30-day furlough. A son of Mr. and Mrs. G. D. Luckett, Dewey dropped in from Norfolk, Virginia, having just arrived from overseas, where he was stationed at various times in China, Okinawa, the Philippines, Marshall Islands, Tokyo, the Carolinas, and other adjacent points. Following the furlough, Dewey will report to Dallas for further orders. Having been in the service for 18 months, Dewey served overseas for a period of 15 months of that time, and has received a number of campaign ribbons and battle stars.

Mrs. R. E. Cumbie was a Dallas visitor during the week, as she went to market in an effort to round up more goods for the fine people of Bronte. Sorry to hear that Mayor R. E. Cumbie has not been feeling well.

Noel Percifull, son of Jess Percifull, called from Denver, Monday morning, after having previously called from Seattle upon arrival from overseas. He was due in El Paso Tuesday, hoped to receive his discharge by Thursday, and should be home by the end of the week. Welcome back, Noel.

Harold Bright, Guidance Director of the San Angelo College, was a visitor last week, when he conferred with Supt. Dean and several seniors about attending the college this fall. From all accounts, his visit was received with a good deal of interest.

Lt. and Mrs. J. R. Boies, who have been stationed at Midland, spent the weekend here with her mother, Mrs. Frank Keesee. Lt. Boies has been transferred to Ft. Lewis, Washington, and the couple left for their new home after an enjoyable visit.

P-TA HOLDS MEETING

The regular meeting of the P-T.A. was held in the school gym, Tuesday, March 12. A group of first grade students presented a minuet with the boys and girls dressed in appropriate costumes. Supt. Jeff Dean gave a talk on "Let's Get Rid of Prejudice."

In the business session, it was agreed for as many delegates as possible to go to the 6th District Conference to be held March 26 and 27, at the Cactus Hotel, San Angelo.

Mrs. W. W. Whalen, Mrs. Vetal Flores, and Mrs. Floyd Modgling were appointed as the nominating committee for the P-T.A. officers for another year.

The room count went to the 1st, 7th and 12th grades.

WILMETH RABBIT DRIVE TODAY

Around 9:00 in the morning, at Wilmeth, just north of Norton, come one and all, for there'll be a big rabbit drive, with lunch on the grounds, barbecue with all the trimmings and then some. Bring your shells and guns, and have a good time along with the rest of your friends.

SOCIETY

A double shower was given in the home of Mr. and Mrs. Alto Lee last Thursday night in honor of Mr. and Mrs. Charles Clyde Lee and Mr. and Mrs. Melvin Royce Lee. One hundred and twenty people sent gifts, and ninety were served refreshments consisting of punch and cookies.

Mr. and Mrs. John Walls, formerly of Bronte, were surprised with a house warming last week at the opening of their recently purchased home in Oklahoma City. Refreshments were served following the presentation of many nice gifts.

HAYRICK HAPPENINGS

The Hayrick WHD Club recently met in the home of Mrs. L. C. Robbins. Due to illness in the neighborhood, only three members and one visitor were present, the latter being Mrs. Permelia Reed. Discussions covered the making of hand lotions and de-odorants.

Congratulations to Mr. and Mrs. C. R. Waldrop, the proud parents of a 10 pound son, James Richard (Dick) Waldrop.

Mrs. W. G. Cresap was admitted to the Shannon Hospital last Saturday for treatment.

Mary D. Cresap has been visiting at home from Hardin-Simmons University in Abilene.

Mrs. J. A. Waldrop has been quite happy over the visit of her brother and his family from San Diego, California.

Hayrick is mighty happy about its 4-H Club boys. There are only three boys in school, but they were represented 100 per cent at the recent Coke County Livestock Show. Randal McCutchen, Lyndon Waldrop, and Portes Robbins had fat lambs entered in the contest, and all made a splendid showing.

MRS. O. E. ALLEN HOSTESS TO SENIOR WHD CLUB

By Mrs. D. M. West

The Bronte Senior WHD Club met Wednesday, March 6, with Mrs. O. E. Allen serving as hostess.

Program opened with the singing of "The Eyes of Texas," followed by a business session led by Mrs. O. W. Chapman. It was voted to have a chair re-seating demonstration for the next meeting, and Mrs. Chapman also reported on a County Council meeting in which a 100 per cent donation was given to the THDA Scholarship Fund.

Since a recent food demonstration given at Big Spring was unattended by local club members, it was decided to ask a member of the Junior Club to give the demonstration at some future date.

Eight members signed to take the Red Cross Training Course which will be presented by Mrs. Ona B. Brown soon.

With regret, the Club accepted the resignation of Mrs. Jess Percifull.

A grab bag sale netted \$1.30 for the Club, and Mrs. I. E. Loyd was welcomed after a 4-months absence from Club meetings.

Hot chocolate and cake were served to 12 members and one visitor, Mrs. D. H. Palmer.

Mrs. Mattie Blum will serve as hostess at the next Club meeting, set for March 20, and Mrs. Fay C. Roe will also attend.

WHAT IS CHIROPRACTIC?

The science of Chiropractic recognizes the mechanism of natural healing, and seeks to encourage its most efficient operation. We consider primarily the structure of the body, because disturbed structure and spinal nerve pressure brings about a chemical unbalance within the body.

Some believe the chemical unbalance should be treated by the introduction of new chemicals to the body in the form of "medicine," and, if something is wrong with your body, chemically, then add other chemicals. Chiropractic goes a step beyond this and corrects the cause of the chemical unbalance.

Why did the body become chemically unbalanced to begin with? Why do some people become sick? Why do others not become sick? How can Chiropractic help sick people get well?

The chiropractor meets the problem of disease through the physical and mechanical approach. He locates, by means of the x-ray, the misaligned bone in the spine that is causing pressure on nerves. An adjustment relieves this pressure upon the nerves of the spinal cord — then the proper flow and amount of this vital nerve force may reach and repair the organs which may be involved, thus restoring balance and function.

Simple, isn't it? With respect to your health, it is best to go to a chiropractor that has modern and up-to-date equipment. You would not take your car to a garage that had no equipment, nor would you take your radio to a shop if the owner had nothing with which to repair the instrument.

In our clinic, we do not rub the patient, nor do we massage him — we find out by means of the x-ray where his spine is out of alignment — by means of the neurocalograph we find out how much it is out of place — then we adjust the spine to bring it back to alignment. Our equipment is necessary for you and your health — you will get the best results possible by using it.

Chiropractic will help you get well, you cannot say you did all you could to get well unless you tried Chiropractic. Let us help you — phone NOW for an appointment, for the sooner you come here, the sooner you will find yourself getting well.

Murtishaw-Sharp Wedding Told

Miss Mary Murtishaw became the bride of Clifford F. Sharp on Wednesday, March 6, 1946, at 8:30 P. M., in a simple but impressive single-ring ceremony read by the Rev. Rodney Gibson, pastor of the First Presbyterian Church, U.S.A., at San Angelo, Texas.

The bride, dressed in aqua blue with white accessories, was accompanied by Miss Helen Luckett of Bronte, who served as maid of honor. J. I. Murtishaw, brother of the bride, served Mr. Sharp as best man.

For "something old," the bride carried a gold bracelet, specially given for the occasion by Mrs. Preston Davis, a cousin.

The groom also carried an old dime, which belonged to his grandmother, Mrs. Dora Culp.

Mrs. Sharp, a daughter of Mr. and Mrs. H. C. Murtishaw of Bronte, was graduated from the Bronte High School in 1945.

Mr. Sharp, who was discharged from the Navy on November 1, 1945, was a Bos'n, 2/c following three years of service, most of which was spent in the South Pacific. He is the son of Mrs. Laura V. Sharp of Bronte, and is now employed by the San Angelo Telephone Company of Bronte.

After a short wedding trip to Gatesville, the couple is now at home in Bronte.

Charlie Boecking and Clytus Smith left Tuesday morning at 4:30 for a fishing trip to the Devil's River country. Otis Smith had already left Sunday, and the other two men were to join him. Bert Armstrong of San Angelo went along with Otis.

ABOUT PEOPLE YOU KNOW

Mrs. J. A. Revell spent last week-end in Bronte, visiting her sister, Mrs. F. O. Key. The late Mr. Revell was a nephew of Mrs. R. M. Cumbie, who recently observed her 94th birthday anniversary.

Mr. and Mrs. O. D. Smithheart visited with relatives in Lamesa last week, and reported having had a fine trip.

L. C. Bernard, brother of Mrs. Mac Rippetoe, has been a recent Bronte visitor. Mrs. Anne Arter has also enjoyed visiting in Bronte. She came by Abilene to pick up Belva Bernard, eldest daughter of Mr. Bernard.

Charles Blake, we hear, would enjoy hearing from some of his friends. The address goes like this:

Charles Blake, AS, 359-28-29, C. 46-091, USNTC, San Diego, 33, California. He's the son of Rev. and Mrs. C. R. Blake.

Sorry to hear that L. W. Beaty has been in the Shannon Hospital, ill with pneumonia. He's been improving, however.

Mrs. Cecil Kemp was really proud the other day—had some new nylons, fresh out of Dallas, and some half dozen ladies at a time were in to see for themselves. Sure 'nuff—nylons!

"Easy does it"

Yes, "easy does it" when loading, unloading or handling livestock.

Bruises, crippling and death losses cost American stockmen 12 million dollars each year—equivalent to the value of a single file of market hogs stretching all the way from St. Louis to Chicago.

And the producers do pay those losses; directly through deaths and excessive shrink caused by bad loading and shipping practices... indirectly through bruises (we find them in over 20% of all livestock slaughtered!) which reduce the value of otherwise good carcasses.

So, that's why we suggest "easy does it"—and that you keep these six "loss-stoppers" in mind: (1) Never beat animals with whips or clubs. Use canvas slappers or electric prods... (2) Inspect chutes, trucks and cars for nails, splinters, etc. (3) Furnish good footing; bed properly. For hogs, cover dry sand with straw for winter shipping; use wet sand in summer... (4) Cover floors of loading or unloading chutes with straw... (5) Do not overload. Partition mixed loads... (6) Easy does it when trucking. Avoid sudden starts and stops. Check your load frequently for crowding.

We'll be glad to mail you instructive Agricultural Research Bulletin No. 20, "Preventing Losses in Handling Livestock." Address request to Department BB, Swift & Company, Chicago 9, Ill.

THE EDITOR'S COLUMN

From time to time, it will be our policy to have various members of the Swift & Company organization write this column. So, let me introduce to you this month's "guest editor," T. G. (Tom) Chase, one of my associates in the Agricultural Research Department.

F.M. Simpson, Editor

There's an old story about a downstate cattle feeder who brought a load of steers to Chicago to be sold. He turned them over to his commission man, then wandered around the Yards, for it was his first trip to Chicago. Soon he was back, all excited—"Sell those steers right away for whatever you can get. There's not enough people in the world to eat all the cattle I've seen here!"

The salesman managed to calm him down and sent him downtown to see the city. He landed in the heart of Chicago, took one look at the crowd of people, and dashed into a drug-store to phone his salesman. "Hold those steers of mine for the highest price. There's not enough meat in the world to feed all these people!"

This old story makes a good point. All of you know the price we can pay for your livestock is governed by what we can get for the meat and by-products. Also you know that what we can get for the meat and the by-products is greatly affected by the supply of livestock and the demand for meats. The ever-present problem among producers and meat packers is the matching of the supply with the demand, wherever the supply and demand may be. The job of nation-wide meat packers is to balance the supply of meat with the demand by efficient distribution of the meat to the places where people want to buy it.

"Overshot" jaws in sheep are a serious defect, say researchers of the United States Department of Agriculture. Lambs with unusually long lower jaws weighed about 7 pounds less at weaning time than normal lambs. The wool of these lambs was also shorter. The result of these studies shows it does not pay to keep for breeding purposes sheep with an "overshot" jaw.

YOU RAISE 'EM— HE SELLS 'EM

It is a far cry—from an average of over 1,000 miles—from livestock on the Western range to meat on the kitchen range. Ollie E. Jones is the man who, perhaps more than any other, helps bridge that gap.

Ollie Jones, born on a farm in central Illinois, has never lost his interest in agriculture. He now produces and feeds livestock on his 500-acre farm in Illinois.

Taking a beginner's job with Swift & Company, he learned the business literally "from the ground up." He advanced steadily through many divisions of the Company, to become vice president in charge of sales, advertising and merchandising.

The nationwide sales departments which he heads market more of the products of American farms and ranches than any other organization in the country. That's why we say at the start of this story, "You raise 'em—he sells 'em."

Dan Cupid has been busy here at school lately drowning people in the sea of matrimony. First, we lost Dorothy Green and Joe Ed Harrell, both of Tennyson. Next, Louise Baker, Tennyson, to O. B. Graves, Jr., San Angelo; then Miss Betty Ruth Crow, Home Economics teacher, to Royce Lee, Maverick; then Billy Marks, Tennyson, to Jay Whitely, Maverick, and last, Katie Bell James, to James Chambers, both of Tennyson.

One of our librarians, Johanne Gassiot, has acquired a new job - after school and Saturdays - at the Central Drug. We see Harvey Allen around there quite often now, too.

The Annual staff is very busy these days - getting ready to go to press - at least part of it this week - and all of it next week.

SCHOOL TRUSTEE ELECTION

School trustee election will be held on first Saturday in April, at the Bronte School building. Mrs. Frank Keeney will serve as election judge. Names on ballot include Mack Powell, Marlin Mackey, W. Wrinkle, and J. D. Luttrell, Jr.

NOTICE OF ELECTION

City Election will be held on Tuesday, April the second 1946 at the City Hall in Bronte, Texas for the purpose of electing a Mayor and three Aldermen to serve for the ensuing two-year term and one Alderman to serve for one year to fill the unexpired term of B. F. Bridges who resigned from the board.

All voters are urged to go and vote for their choice of candidates in this election.

R. E. CUMBIE,
Mayor.

"Oh, what a strange-looking cow!" exclaimed sweet young Miss Betty Ruth Crow last September upon visiting a West Texas ranch. "But why hasn't she any horns?"

"Well, you see," exclaimed the rancher, "some cows is born without horns and never had any, and others shed theirs, and some we dehorn, and some breeds ain't supposed to have horns at all. There's a lot of reasons why some cows ain't got horns, but the reason why that cow ain't got horns is because she ain't a cow-she's a horse!"

The football boys are really doing some good spring training. Seems that we should have a real good team next year.

If you miss this play, "Brother Goose," you will really miss something.

The Juniors and Seniors are becoming quite worried about what they are going to wear to the Junior-Senior banquet, March 28. The invitations have been sent out, and plans are taking form in the Junior's heads concerning the gym decorations.

BROOKSHIRE BROWSINGS...

By Homalie Clark

Howard Gleghorn has been discharged from the Army after three years in service, with two years of that time spent overseas. He's the son of Mr. and Mrs. T. G. Gleghorn.

Mr. and Mrs. Dee Foster spent the past weekend at Big Spring visiting relatives. Mrs. Franklin Thomas, who accompanied them, visited her daughter.

The Baptist Church has recently finished a Sunday School Study course, conducted by Rev. L. B. Smith.

Beginning this week, both the Methodist and Baptist churches are to have prayer service every Wednesday night. Ed Holden will be in charge.

Mr. and Mrs. Oates of San Angelo visited the Willis Smiths last weekend, and the Smiths and B. V. Hedges visited Angelo last Monday.

The party given by Mr. and Mrs. Vernon Jones last Saturday was a bang-up success.

Mr. and Mrs. Jim Clark and Mrs. Hubert Holland were visitors in the home of Mr. and Mrs. Ross Artman at Sweetwater last Wednesday.

Brookshire is planning to turn out for the Senior play, "Brother Goose," on Monday night, March 18. We bet it's a swell show too.

TENNYSON SINGING CONVENTION

'Twill be held on Sunday, March 24, and it's a country-wide affair, too, according to John Coalson. Singers from surrounding counties are expected to attend the affair, and there will be some new books to use.

The convention will get underway at 10 A. M., and those in the county who plan to attend are invited to help with the dinner, which will be served at noon. Out-of-county visitors, including those from Sweetwater, Abilene, Ballinger, Winters and San Angelo are not expected to bring food, but Coke County folks, long noted for fine dinners, will help furnish all that's needed for the hungry visitors.

Sunday is a special day with us in that we are honoring our two Senior Deacons, Brothers J. J. Williams and W. C. Walton. FIRST BAPTIST CHURCH HONORS TWO DEACONS

Special services will be held Sunday in honor of two Deacons of the First Baptist Church, whose combined period of service in behalf of their Church amounts to more than three score years.

J. J. (Uncle Jim) Williams, and W. C. Walton will be honored by boquets, both floral and oral, their favorite hymns will be used in the service, and their many friends are cordially invited to attend the service to be held in their honor.

These two great churchmen have labored long and faithfully, so the members of the congregation wanted to try, in some measure, to extend to them an expression of their appreciation and love, according to Rev. C. R. Blake, pastor.
