## WHAT GOES ON..

By Jane Nunnally

Lela Langford was an Angelo visitor last Sunday, when she visited her uncle, I. B. Langford, who is ill there in the hospital. She reported that two young blades from Blackwell also stepped off the bus, and just about froze.

J. B. Mackey had a special house-raising last Friday morning, and it was an invitation affair.

J. T. Henry declared he has plans made to go fishing next May, especially if the weather gets warmer.

The Cecil Kemps and Chet Holcombes took in Angelo, Monday, on a shopping tour, where the order of the day was on footwear for the ladies. They patronized Bronte Enterprise advertisers, of course.

The Frank Sayers left yesterday for Dallas, where they'll visit her sister, Mrs. Joe Hamilton. While there, they expect to take in all the sights.

Leon Bagwell and his family were Sunday visitors at Sterling City, where they spent the day and visited with friends.

The Gene Keeneys and Cynthia Ann of San Angelo spent Sunday with his parents, Mr. and Mrs. Charlie Keene of Bronte.

Junior Pruitt and Arthur Wrinkle went to Dallas, Monday, for a meeting of the B. M. A. Association, but should be back before too long.

Norman Alexander has cleared out after having spent two weeks here on furlough. He's now stationed in San Antonio.

Mr. and Mrs. Harvey Allen of Ballinger were in town Monday.

Mac Rippetoe made a flying trip to Norton, Monday, or so it seemed.

Mary Beth Cumbie spent the weekend on the ranch with Mrs. Earl Barr and reported having had a fine time.

Mr. and Mrs. Pete Rampy of Merzon visited the Otis Smiths during the week. Mrs. Rampy and Mrs. Smith are sisters.

Frank Keene was an Angelo visitor last Wednesday.

If the youngsters don't stop leaning bicycles up against plate-glass windows, rumor has it that some folks are going to be unhappy.

Mrs. Frank Kemp of Ballinger, Cecil's mother, was a visitor last Tuesday.

La Marr Whitt, son of the H. O. Whitts, came home this weekend from Stephenville, where he is a student in John Tarleton. Seems that he and one other boy made 100 in an algebra exam, so the instructor thought they ought to have an extra day off. As a result, he surprised his family by arriving home a day early.

The Mrs. T. F. Sims, Sr. and Jr., and the young son were Angelo visitors last Wednesday.

D. M. West brought around an old copy of the Enterprise, dated February 16, 1923, in which appeared quite a poem about the end of roaming days for "Old Pide." Seems this cow was used to wandering all over town, and some of the folks didn't like the idea, so the City Council passed a ruling that livestock were not permitted to roam the streets.

## BRUTONS ENJOYED BIG OPENING

Mr. and Mrs. C. E. Bruton reported that over 500 people came into their new White's Auto Store last week as the new business observed its formal opening over the weekend.

Tomorrow afternoon at 5 o'clock there'll be a drawing for a lot of valuable free prizes, and those who registered stand the chance of having their names drawn for a prize. You do not have to be there to win, however, Bruton said this morning.

Bruton was in Wichita Falls the first of the week, where he got more merchandise for his store, and he emphasized that he handled parts for Fords, Chevrolets, Plymouths, Dodges and Chrysler cars, and that his prices were very reasonable.

"As a typical example," he said, "our fan belts cost from 39c - 59c, and they're more than twice as much anywhere else. The rest of our goods are in the same proportion, and we invite comparison," he continued.

Everett also said he never had so much response in his life as he did from his ad in the Bronte Enterprise, for every other person mentioned seeing it and was glad to know of the bargains.

## QUIET ELECTION

According to election officials, less than 100 votes were cast in the general election held last Tuesday, but one of those voted Republican. All the proposed amendments to the Constitution were approved locally.

## ONE-ACT PLAYS MONDAY NIGHT

The Speech Class of the Bronte High School will present two one-act plays next Monday night, November 11, with admission of 10-25 cents per person. Starting time will be 7:30 and funds realized from the plays will be turned over to the pep squad.

Miss Dorothy Martin will direct both plays, "Not Tonight," and "Dress Reversal," and the cast for the former includes Lorraine Taylor, Mary Lee Davis, Billy Thomas, Jewel Dean Latham and Pete Taylor. For "Dress Reversal," the players are Carol Dean Westbrook, Portis Robbins, Betty Jean Williams, L. E. Conger, Claud Ray Ash, Billy Simpson, Dolan Mackey, Frank White, and Lonnie Rogers.

The recent box supper held by the seniors netted them about \$70, it was reported.

## MAVERICK MOMENTS...

By Carole Dismore

Mrs. Pearl Dismore visited briefly with Mrs. Bill McCamey and Patsy June.

## NATIONAL ART WEEK OBSERVED TODAY

The Diversity Club, local sponsors of National Art Week, is planning an art exhibit today, which will be held in the City Hall, beginning at noon.

Work of local artists will be on display, as well as prints of the famous masterpieces, and it has been urged that all artists see that their work is ready for exhibit by noon today.

The school is also co-operating with the club, and it will have its exhibits in Cumbie and Wilkins show window, where art patrons are invited to see it also.

Co-operation of all has been requested towards making this exhibit a fine success.

The Diversity Club had a party last night at the home of Mrs. Otis Smith, and Mrs. Alfred Taylor served as co-hostess. The men were not allowed to come this time, so the ladies are reported to have had a gay time.

## FARM, RANCH, LIVESTOCK NEWS

As reported by the Department of Agriculture, Texas produced 66,832,000 bushels of corn in 1945, and the October 1st estimate was 67,456,000. For grain sorghum, the 1945 crop totaled 60,921,000 bushels, with an estimate for 1946 of 58,592,000, and for cotton, the October 1st estimate was said to be 1,750,000 bales with a 1945 production of 1,794,000 bales.

Texas enjoyed unusually favorable conditions during the past month, adequate moisture for field operations and good growing weather for fall crops, with harvest of such staple commodities as cotton, corn, rice, grain sorghums, and peanuts, either completed or well underway. Light frosts in the northern section failed to do any material damage.

Handicapped early by dry weather, and later by excessive moisture in the south and southeast, which offset an improvement trend in the northwest, the cotton crop has dropped to 1,750,000 bales, smallest in more than 50 years. Cotton harvest is nearing completion in all districts except the northwestern plains, where the crop is late and picking is just getting underway.

Harvesting of a corn crop, estimated at 67,456,000 bushels, is about completed. Although some areas will experience a short crop, a grain sorghum estimate of 58,592,000 bushels, is an increase of 7,000,000 bushels over the previous month. This reflects the great come-back that has taken place in the northwest during the past six weeks, and if frost holds off in that area, another boost will result.

Production of 17,200,000 bushels of rice, almost as much as last year, is the forecast which has held good

for two months. Early varieties have been harvested, enabling mills and elevators to operate on full schedule, but there has been a delay in gathering the late crop, due to scattered rains. Grassy fields and thin stands have resulted in light yields in some areas.

Texas is second in the production of peanuts this year, with a bumper crop of 362,900,000 pounds, and harvest is well underway. The crop improved rapidly after the summer drouth was broken and needs only a couple of weeks of good weather to completely mature. The sweet potato crop also shows late gains and bumper production is indicated in all of the eastern districts of the state.

Fall vegetables generally are growing nicely, despite a nip or two by frost. Brownwood has 100 acres of fall tomatoes, now showing excellent yields, and this is a crop that is doing well elsewhere, although acreages are small. With two or three weeks of favorable weather, Texas will have a bumper crop of fall tomatoes and increase its total harvested average 18 per cent over last year.

With from five to 12 inches of rainfall in northwest Texas during September and October, the winter wheat crop, now mostly planted, is getting an excellent start. Volunteer wheat is already being grazed and much of the sowed acreage will be ready for grazing early in November. This wheat pasture will be of great benefit to the livestock industry.

Sugar beets in this part of the state are showing good yields and harvesting of the crop will be well started by early November. Blackeye peas have also proven a profitable crop in the northwest this year.

## CITY COUNCIL MET WEDNESDAY

Members of the City Council held their regular monthly meeting last Wednesday night with all members present.

During the two-hour session, it was learned that the city, as of October 31, had the sum of \$1,980.95 in the bank, and that Donald Holdridge presented a bill for \$100 as city attorney during the West-Knieri-City hearing in 51st District Court.

Officials also agreed to purchase 36 chairs for use in the City Hall, discussed the water situation and condition of fireplugs, considered a request for better street lights for Bronte, and talked of the possibility of stringing lights across the street and thus doing away with the center light posts now in the middle of the street.

Members also warned that youngsters should cease leaning bicycles up

against plate-glass store windows, and it was suggested that a bicycle rack might be built to accommodate the wheels.

The Council decided against permitting R. T. Caperton to build a cess pool in the alley, refused to share the recent trial expenses with the Home Motor Company, and rejected an offer of D. M. West to pay back taxes provided the penalties were waived.

A committee composed of Mmes. D. K. Glenn, George Thomas, and W. H. Maxwell, Jr., representing the Diversity Club, offered its help in beautifying the City Hall, and members accepted the aid with thanks.

Councilmen present included Nub Maxwell, George Thomas, C. E. Bruton, C. R. Smith, D. K. Glenn, O. W. Chapman and Mayor Pruitt.

In the third quarter, Pete Taylor blocked a Miles punt, and LeDrew Arrott carried the leather over, while Frank White accounted for the final tally on a line plunge.

## NORTON NOTATIONS . . .

By Betty Jo Shelburne

**Hallowe'en Carnival**  
The Norton community gathered at the school gymnasium last Tuesday night for the annual Hallowe'en Carnival. It was a big event this year with such entertainment as bingo, duck roping, penny pitching, roulette wheel, horror house, etc. The coronation was the chief event of the evening with Jo Alice Simpson crowned queen of high school by T. W. Bryson and June Hensley crowned queen of grade school by Gayland Broadstreet. And of course last but not least was the eats. Everyone seemed to have enjoyed the evening immensely. The net proceeds from the Carnival was about \$340. We especially wish to thank the local merchants for their donations and also the donations from the people of the community. We also appreciated the co-operation of the people in attending and being so nice while here.

Miss Juannelle Chatman was hostess to a group of girls last Thursday night at a slumber party given in her home. After quite a bit of caroling the group proceeded to the midnight show in Ballinger. A good time was enjoyed by everyone. Those attending were Dixie Lou Kornegay, Jo Alice Simpson, Yvonne Bryan, Charlene Carlton, Mary Ellen Mitchell, Mozelle Martin, Lenorah Fowler, Nell Hambright.

Wayland Martin is home from the Army with a discharge.  
The Eagles and the Steers met on the Robert Lee grid Friday night. Both teams did some good playing with a score of 33 to 0 in favor of the Steers. Well, take a guess, you aren't liable to miss (Robert Lee).  
The Wingate basketball girls came over Monday and played the Norton girls. Both first and second strings played. The Norton second team won and Norton's first string also won with a final score of 27 to 10.  
The Maverick outside boys and one of the Ballinger teams played in the Norton gym Tuesday night. Maverick won, then played the Norton outsiders and Maverick won this game, also.

### ACME PLUMBING CO. READY TO SERVE

Down Ballinger way, the boys around the Acme Plumbing Company are ready to be of service to you Coke County folks. H. P. Neill and L. F. Wilson, Jr. are the fellows heading this organization, and they specialize in just about every kind of plumbing work you may need to have done.  
They've got the experience as well as the equipment, in addition to a lot of good friends in Coke County. When in Ballinger, they invite you to their place of business just across from the Post Office, and when you have winter troubles over your pipes, give them a ring and call them down.

### CARNIVAL CLEARS \$380

The P-TA Carnival, held last Thursday night, has been pronounced a huge success. Many of the rooms were represented 100%, and after all expenses were paid, approximately \$380 were cleared from the show. This was smaller than has usually been taken in, but due to protests, no chances were sold this year on the various stunts, and that reduced the amount of profit.

Over Sterling City way, the frozen foods locker plant opened for business last week. The plant has 350 locker boxes.

Stamford's second livestock show pulled out a lot of people recently, and there were many outstanding entries.

## HERE'S BLACKWELL . . .

By Mrs. Charles Ragsdale

Mr. and Mrs. Tommie Cook and Mr. and Mrs. Earl Cook and family, and Theril Burwick were sightseeing in old Mexico, Sunday.

Jack Youree, who is a McMurry student, was home for the weekend.

Mr. and Mrs. H. C. Raney are in Pampa where he is a delegate from the Methodist Church attending the Northwest Texas Conference. Mrs. Raney will visit in the home of her brother, Rev. John English and family. He is pastor of the Vaga Methodist Church.

Mrs. Mary Clark of Bronte visited friends here last weekend.

The school carnival was a grand success last Thursday night, and several dollars were made. There was plenty of pie and cake for all.

Blackwell is getting a good rain, and everybody is trying to get his stove up since the cold wave set in.

Lee Crain and Rex Saunders were in the car wreck and injured near Orient. Lee has been dismissed from the hospital but Rex is still there with a fractured skull and is in serious condition.

Mrs. S. M. Evans was called to Angelo Monday to be with her daughter-in-law, Mrs. Edwin Evans, who is in a hospital there.

See the writer for your subscription to the Bronte Enterprise, the only paper that has news about Blackwell folks.

## BLACKWELL MAINTAINS WELL-EQUIPPED FARM SHOP

By J. B. Patten

The Blackwell Vocational Agriculture Department boasts of its Farm Shop which has been operated by the Vocational Agriculture Department of the High School during the war out of Federal money appropriated for the Food production War Training Program. The shop and Canning Center are located north of the school building. The Vocational Agricultural Department of the High School operated the farm shop where more than a hundred farmers of the district came to repair their own farm machinery, trucks, cars and etc., when repair work was not available at commercial shops. In this way they kept up their production during the war. Tractors were overhauled, major repairs were made on combines, farm trucks, trailers, godels, stalk cutters and other necessary farm equipment during the war, soon after the war ended the Government funds were cut off and money was not available from any source to keep the shop open, then it was decided that the shop must go on anyway, a small charge was made for each person who used the machinery to keep up repair and expenses, now the shop opens daily from 8:00 A. M. to 3:00 P. M. to the people of the community. Besides the service that is being rendered to the farmers, the Vocational Agriculture boys use the shop to learn acetylene and electric welding and other mechanical work for themselves, and in other ways help with the work. A few of the boys can now do complete overhaul jobs on tractors, trucks, and cars, and most of them can do minor cutting and welding jobs. The Federal Government still pays for an instructor in the canning center, where people of the community bring their vegetables and process them at a very small cost.

## AAA NEWS

### Elections of Community And County Committees

Farmers in Coke County will receive notices within the next few days about annual elections of community and county farmer-committees. Each of the county's three farming communities will elect three committeemen and two alternates, as well as a delegate to the county convention where a three-man county committee will be elected.

Approximately 650 farmers are eligible to vote in the elections this year. Eligible farmers are those who are participating in the 1946 Agricultural Conservation Program or the sugar program, or who have a contract with the Federal Crop Insurance Corporation. This includes owners, operators, tenants, and sharecroppers on farms where the conservation or the sugar program is being carried out. Because of the community property laws in Texas, the wife may vote if the husband is eligible, whether he be landlord, tenant or sharecropper.

In announcing the elections, it is urged that all farmers who are entitled to go to the polling places in the community and vote. Since the committeemen are responsible for developing, adapting, and administering national farm programs to most local programs and needs, it is important that the men elected really represent the choice of the majority of the farmers in the community.

### GOVERNOR ELECT JESTER TO SPEAK

Abilene, Nov. 8. — The 29th convention of the West Texas Chamber of Commerce, and the fifth of the directors' assembly type, will be held today at Abilene, headquarters city of the organization. Predicted is a record breaking attendance of directors and delegates from the 145 affiliated towns, at the one-day all-business session.

Governor-elect Beauford Jester will be among the 200 expected attendants. He will speak at the chamber's annual luncheon session at Hotel Wooten, given in his honor and for the West Texas delegation of 58 senators and representatives who will serve in the 50th Legislature. Return cards indicate many will be on hand. Preceding the luncheon the legislative group, with Rep Harley Sadler of Sweetwater as chairman, will stage an informal reception for the governor-elect in the Colonial room at the Wooten.

The Huntsville City Council recently held a special meeting to adopt the recommendation of an engineer for the extension of Huntsville's sewage treatment plant.

Over Sterling City way, the frozen foods locker plant opened for business last week. The plant has 350 locker boxes.

Stamford's second livestock show pulled out a lot of people recently and there were many outstanding entries.

Sorry to report that Stannie Lee Grain and Darby Saunders, both of Blackwell, were injured when their 1936 Ford car turned over south of Orient the other night. Both men were taken to an Angelo hospital.
