WHAT GOES ON..

By Jane Nunnally

Mr. and Mrs. J. B. Morrow are happy parents of an 8-pound boy, who was born Tuesday afternoon, February 4, at 2:00 P. M. in a San Angelo hospital. "Grandpa" J. J. Morrow, father of J. B. was all ready to help pass out the cigars last Wednesday.

Mrs. Hollis Stevens underwent surgery last week in Angelo, and is reported as doing fine.

Miss Mary Beth Cumbe spent the weekend on a nearby ranch visiting friends.

Mrs. R. T. Caperton was a San Antonio visitor last week.

Mrs. E. L. Nunnally, mother of the editor, spent the weekend in Bronte with her son and his family.

John Lawrence Jackson was a recent arrival in Bronte. This young man put in an appearance on January 11, with all of his eight pounds. He's the son of Mr. and Mrs. Ola Jackson, and the J. H. Jacksons are grandparents.

Emmagen Jackson of Plainview, daughter of the J. D. Leonards, was a weekend visitor from Plainview, where she is employed in the school system.

Bob and Jack Good and Bill Gastiot led the first of the week for Stephenville, where they will attend John Tarleton College.

Mr. and Mrs. J. H. Passow and sons, Johnny, Steve and Rodney, of San Angelo visited the writer's family last Sunday. Mr. Passow is now salesman for the Western-Bilt Mattress Co. of Angelo, and he and the editor are life-long friends.

C. R. Smith was a business visitor in Fort Worth last Monday and Tuesday, when he went up to get some new merchandise for the store.

Among Robert Lee visitors last Monday were Cecil Kemp, R. T. Caperton, H. A. Springer, Wink Kiker and Frank Keeney.

Savannah Ruth Caperton, daughter of the E. L. Capertons, came in last Sunday for a few days' visit with her folks.

The Cecil Kemps observed their tenth wedding anniversary last Tuesday, February 4. Mrs. Kemp is the former Miss Frances Lewis, daughter of Mr. and Mrs. H. S. Lewis of Robert Lee, and the couple has one child, Carolyn, who was 7 last October.

Mrs. J. W. Latham of Tennyson dropped in the other day, and reported that her son, Hervey, now in Korea, has recently been promoted to the rank of Sergeant. Congratulations, Sarge, and we've surely enjoyed the folders and letters you've been sending in to the Enterprise.

Mrs. J. H. Virdell of Silinas, California, sister of Mrs. J. W. Latham, is another who enjoys reading the Bronte Enterprise, and thus keeps up with Coke County news.

Rev. C. R. Blake was a Norton visitor last Tuesday, when he attended the Runnels Baptist Workers' Conference, an all day affair.

All service men have been requested to meet in the Bronte City Hall next Wednesday night at 7:30. There will be eats too.

Pat Faust, postmaster at Comfort, and R. R. Tippett, vocational agriculture teacher there, were weekend guests in the R. W. Rees and Bob Knierim homes.

CHALK DUST . . .

The Bronte Longhorns took in the Water Valley tournament last weekend, and came home with the bacon, a consolation trophy, and also had the pleasure of placing one of their men, Judge Sandusky, on the all-tournament team.

The Longhorns played Ballinger last night, and Wednesday night the football team and the pep squad had its annual banquet, with food and fun for everyone.

THIRD GRADE NEWS

By Carole Lynne Thomason

The Third Grade pupils donated \$2.25 to the March of Dimes, and we're happy to report we have a pen pal, Dorothy Jones of Millersview, who was stricken with polio a year ago. She lay in a coma for two months in the Dallas hospital, but is home now in a wheelchair. Keep on improving!

Martin Lee has to make a trip to the dentist. He fell off the merry-go-round and broke a front tooth off.

Don Glenn is going to the doctor, Friday, for another X-Ray. Jimmie Coppedge had a tooth broken off also by a spinning top that flew up and struck him in the mouth.

BAPTIST OFFICERS' AND LEADERS' COUNCIL TO MEET

The Runnels Baptist Associational Training Union Council is expected to meet next Monday night, February 10, in the First Baptist Church of Ballinger at 7:00 P. M.

Based on the theme of "Making Our Training Union Work More Efficient," the program will include suggestions for weekly meetings and officers' council.

The Robert Lee Church will furnish special music, and the inspirational message will be given by Rev. Nixon of Miles.

METHODIST CHURCH HONORS FOUNDERS

The Bronte Methodist Church is having a supper tonight at 7:00 in honor of the founders of the present church. All are invited to come early and bring food for the supper. Each family should bring a vegetable, a salad and a dessert, and bring plates, cups and silver for themselves.

BROWNING RESIGNS AS KAISER - FRAZER DEALER

Brooks Browning, Kaiser-Frazer dealer for Bronte and the surrounding trade territory, has submitted his resignation as local agent because as he said, "the prices on the cars are too high and away out of sight, and I cannot expect the people to pay such outrageously high prices for cars they may wish to purchase."

He announced no plans for the future, but noted that he had several things in mind he was considering.

Brooks expressed his appreciation to the Home Motor Company for the use of their facilities in displaying the cars, and to his many friends and prospective customers who inspected and showed interest in the cars.

"I had about 20 orders lined up for the cars," Brooks declared, "providing the price dropped to any amount within reason, but with no reduction in sight, I'm sorry to have perhaps inconvenienced these people, but am sure they understand the reasons for my decision."

It was also disclosed that several other dealers in West Texas had either resigned from their own dealerships or are expecting to resign, due to the same problem of high prices.

Courthouse News...

Judge Bob Davis

Members of the County School Board met last Monday, February 3, in the offices of the County Judge. Those present included Davis, Frank Keeney, W. F. Fikes, and Will Millikin.

Among other business transacted, the group named Buster Burson, J. T. Theford and J. L. Tinkler as new trustees for Green Mountain, to replace unexpired terms left vacant. They also gave the Silver trustees authority to change the school bus route as needed, and named Steve Devall to fill the vacancy on the Sanco board created when Norman Baugh left.

Preston Fitzhugh, Jimmy Parrish and R. T. Caperton were present to discuss the veterans' vocational school, and it was reported that 20 men were signed up for the course, scheduled to open March 1 with Caperton as instructor. Fitzhugh and Parrish are from Ballinger, and were over to help with plans for the organization.

Davis disclosed plans were well under way to beautify the courthouse grounds, that plumbing fixtures would soon be installed for the two new restrooms, and he showed the trustees a new system of bookkeeping which enables one at a glance to inspect the financial report from day to day.

He laughingly disclosed that his recent order for some new school books was turned down because the officials in Austin had received no notification of his being duly elected to the office, and that when he tried to register a birth certificate, it was also rejected on the same grounds. That situation has now been remedied, however, and all is in shape.

County Clerk Willis Smith

Willis reported that Joseph Curtis Blair and Charlene McCutchen were issued a marriage license on Feb. 1st.

He is also busy with discharges and had a lot of films to be developed.

Sheriff Paul Good

Paul revealed that some 950 poll taxes had been paid, thus insuring a light vote for Coke County people this year.

McGUIRE BROS. WELDING SHOP DESTROYED BY NIGHT BLAZE

Only spirited cooperation and a splendid exhibition of teamwork on the part of practically every man in Bronte saved the town from probably burning to the ground last Monday night, February 3, when a fire, believed to have been caused by defective wiring, burned the McGuire Bros. Welding Shop to the ground, with a resulting loss of approximately \$4,000.

When the fire was first discovered at 10:45 P. M., flames had made rapid headway within the sheetiron building, located just back of Pruitt's Store. By the time the fire siren had summoned folks down town and the hose had been attached to the plug, the building and its contents were too far gone to be saved.

Hampering efforts of the volunteer firemen was an extremely high wind, estimated from 40 - 50 miles an hour in velocity, which blew blazing papers, sparks, and bits of flaming embers for three or four blocks in the air.

The near-gale blew these flying bits of flame all over Modgling's service station, the lumber yard, tile company, Pruitt's Store, Millikin's Store, the barbershop, and nearby roofs and residences, where scores of men fought the beginning blazes with water buckets and wet sacks.

Two streams of water were played on the fire almost continuously, and one was directed toward the stores and buildings, thus soaking the roofs and walls in an effort to prevent flying embers from taking root.

The fire truck, which had been undergoing major repairs, was not put to use, and in fact, one of its parts which had been taken to the McGuire's for welding, was burned up in the fire.

Calls were put in to Ballinger for help, and one of their trucks arrived in quick time, manned by Chief D. G. Posey, Leon Thomas, W. E. Lee, and K. V. Northington, Jr. These men asserted that the people of Bronte had done a fine job, and they were amazed that the town had been saved, especially considering the extremely high winds. They too, however, were a

distinct help in putting out the blaze, for the water, coming into contact with the carbide, created higher flames.

One Ballinger fireman told this reporter on the following day that the Bronte people followed the wisest course in trying to confine the flames.

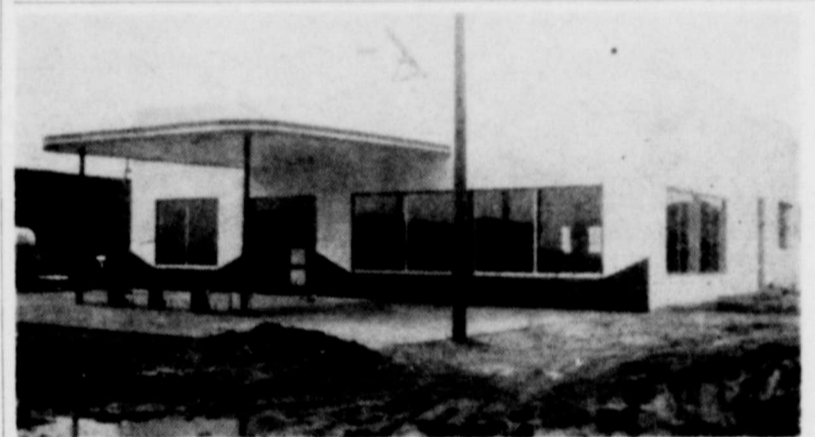

"That building was gone before you could say 'scat,'" he noted, "and the thing to do then was to try to keep it from spreading."

Eugene Baker, head of the Winters Volunteer Department, as well as B. C. Owens of Winters, had previously written this writer that they would be glad to come to Bronte at any time to help the people reorganize the volunteer department, and these visitors and others are expected in town tonight, when they will show interested persons the mechanical features of the truck and how to operate it to its best advantage.

In a recent special meeting of the City Council, its members named the editor as fire marshal for the town, and requested him to oversee the repairs on the truck. Immediately following the meeting, and since the fire, Mack Eubanks, Steve Badley, Cecil Kemp, J. L. Keeney, Jr., Leonard Fletcher, Hiram Brock, C. R. Smith, Junior Pruitt, and others have signified their willingness and interest in this volunteer organization.

To single out any individual for his fire fighting ability would be unfair, for in Monday night's blaze everyone's activity was outstanding. Folks had climbed ladders to quench fires on poles, beat out fires on the roofs and in the lumberyard, carried buckets of water and wet sacks, pulled out and attached hose, and in short, saved the town. Adding to the difficulty, too, was the fact that the temperature was just around freezing.

It may be added, however, that others, besides those named above, who are interested in the reorganization of the Bronte volunteer department, are invited to attend tonight's meeting with the men from Winters. It will be held in the City Hall, probably around 7:30 P. M.

CAPERTON MOTOR COMPANY ANNOUNCES GARAGE OPENING

As a result of a three-way partnership between Emmett Caperton, his son, R. T. Caperton, and the latter's uncle, Bob Coleman, Bronte folks now have a brand-new garage and service station which is open for business.

The new building, which is located on the Angelo-Abilene highway just off of Main Street, is 50 x 100 feet, and was constructed at a cost of \$14,000. In addition, other equipment and supplies are valued at approximately \$10,000.

Emmett Caperton, father of R. T., was born near Maverick but was raised in Bronte, and has spent most of his life here. Formerly engaged in farming, Emmett has been in the garage business for 14 years, all of them in the same location up to this time.

R. T., an A. & M. graduate, was in the Army for five years, in the C-B-1 theater, where he served as a Major in the remount division of the Quartermaster Corps. He married Miss Zelma Slaughter of Robert Lee on June 18, 1942, and the couple has one child, Jacque Marilyn, who is two.

The third man in the partnership, Bob Coleman, was born and raised in Bronte. He was civilian electrical foreman for three years at San Angelo Army Air Field, and prior to that time, worked for the West Texas Utilities Company at Bronte. He is a brother of Mrs. Emmett Caperton, and married the former Miss June Kennedy.

Their shop is one of the most modern to be found in the country, and

REV. FRED BLAKE

BLAKES TO EXCHANGE PULPITS SUNDAY

"Three years ago last Sunday," said Rev. C. R. Blake yesterday, "I preached my first sermon here in the Bronte Baptist Church, and on this coming Sunday, February 9, the folks will have the opportunity of hearing my brother, Rev. Fred Blake, pastor of the Robert Lee Baptist Church. He is going to occupy my pulpit, and I am going to take his, for the one Sunday only." Reuben hastened to say.

While C. R. Blake has been in Bronte for three years, brother Fred has been in Robert Lee for two and a half years, but Reuben has been preaching about three years longer than Fred has, and is eight years older than his brother.

Bronte's Rev. Blake declared he thought it a rare privilege to have a brother as a minister and co-worker in the Kingdom's cause, and that it was still another rare privilege for them to have two fine churches so close together.

"Even so," he declared, "this is the first time we've exchanged pulpits, but we have tried to cooperate and pull together in making Bronte and Robert Lee a little better places in which to live by our having served such fine people as their pastors."

Fred is assured of a warm welcome in Bronte, and Reuben is also anticipating his visit to the Robert Lee congregation usually ministered to by his brother.

Congregations of both churches, of course, are invited out to hear their "new" preachers-for-the-day.

is completely equipped for any kind of motor overhauling. They are also equipped to handle electrical difficulties and jobs, and no jobs are barred. In addition, Caperton Motor Company is equipped for motor rebuilding, complete brake service, paint and fender work, starter and generator repair, and the fixing and repair of voltage regulators.

"We'd also like it known that we have two clean restrooms," R. T. declared yesterday.

Head mechanic in the motor repair department is Homer Phillips, who has been with Capertons for nearly two years, and who has had 20 years' experience on the job. A veteran of both world wars, Homer was a master mechanic in the Navy.

Clifford Hagerman is also employed, and has been with the firm for three years, as well as Grant Richards and Roy Robertson, the latter from San Angelo. He has had four years' experience there at the Army Air Field and at Goodfellow Field, where he was a foreman.

Taking care of the station formerly used by the Capertons is Luther McCutchen, who will offer complete and satisfactory service to all customers.

The new business carries a complete line of Conoco gasoline and motor oils, as well as Goodyear tires and tubes, and expects to add a new auto line in the near future.

WEEKLY SERMONETTE
By Rev. C. R. Blake

I was glad when they said unto me, Let us go into the house of the Lord. (Psalms, 121:1).

This text should be a challenge to us. I can think of several reasons why we should be glad to go to the house of the Lord:

We have religious freedom; worship is not suppressed nor prohibited. It is a divine privilege. We have access to God's precious promises. It is a sacred duty: We owe it to God who saved us - we owe it to ourselves to praise Him. It will bring a blessing, one which you cannot obtain elsewhere. Come with us to God's house and be made glad.

MRS. W. HIPP HOSTESS TO JR. WHD CLUB
By Jane Nunnally

Mrs. Taylor Emerson, president, called the group to order last Wednesday, February 5, in the home of Mrs. W. Hipp.

CHIROPRACTIC AND HEART TROUBLE

Published in the public interest to explain and illustrate the practice of CHIROPRACTIC.

HEART TROUBLE is one of the most common diseases of the present day and one which the patient fears if he has any symptoms of pain in the heart region or any difficult breathing or smothering sensations. Of all the organs of the body, the heart probably is called upon to do the most work. Controlled through the nervous system by the brain, the heart alternately contracts and relaxes, forcing blood through the body. It must function consistently for the body to enjoy maximum health.

THE HEART is composed mostly of muscle tissue. When you wish to lift your arm, you first think the thought and then voluntarily lift your arm by the contraction of muscles. The HEART is not controlled by your will or thought. If it were, you would be kept busy 24 hours a day willing it to contract and relax just to keep alive. Our Maker was too wise to leave the very important functions of the body to our will and instruction. The HEART like the other important and life-necessary organs are controlled by the INNATE MIND, sometimes called the IN-BORN MIND, or even the SUB-CONSCIOUS MIND, BY THOSE WHO DO NOT REALIZE ITS SUPER ABILITY and necessity to retain life in the body.

The INNATE MIND in your BRAIN controls the heart by sending it NERVE IMPULSES along the nerves which come from your brain to the cells of the heart. So long as there is no interference on these nerve fibers, your heart is normally controlled and healthy. If there is an artificial interference to the transmission of nerve impulses on these nerve fibers, either by the taking of drugs or by pressure between bony surfaces, the heart cannot be properly controlled by the brain and begins to function abnormally, valves may become flabby, heart muscle itself become partially paralyzed, the regular contractions and relaxations be disturbed, pain, difficult breathing may result or, if the interference is upon the motor nerves of the heart, a seemingly healthy person may drop dead without warning or be found lifeless in bed when the family awakes in the morning. In such instances the patient and his family often has no advance notice that he is suffering with a heart disability.

THE SPINE is the only place along the course of nerves to the heart where interference can exist from pressure. If the bony segments of the spine get out of position, causing a tight kink or pressure upon the spinal nerves, those nerves are constricted at that point of pressure and will not allow the normal flow of nerve impulses from the brain to reach the organ. This pressure or interference must be removed before those impulses can get thru to the heart and govern its function.

Because of his training and equipment, the Chiropractor is able to locate the point of pressure and interference. The NEUROCALOGRAPH not only locates the point of interference but definitely measures the amount of interference. The X-RAY pictures of the spine determine the position of the offending bones and indicate to the Chiropractor how the corrective adjustment must be made to relieve the nerve interference.

The interference removed, the Brain is again in control of the heart and it is enabled to again function normally.

To the increasing thousands upon thousands of sufferers who are now living under the fear and handicap of an abnormal heart action, Chiropractic offers a real and logical solution.

For further information concerning the modern Chiropractor and what can be done for you, telephone 3666, San Angelo, or write for an appointment.

WHD Club

The WHD Club met Monday, February 3, with the HD agent, Miss Bearden. She gave a demonstration of frame and tub gardens, and five members were present.

Among other things, she said to take a tub and put holes all around the sides, then put in the ground, or use a 5-gallon can if desired. Then place a layer of barnyard dirt, well rotted, in the bottom, then a layer of corncobs to keep the dirt from running

together and packing. Alternate the layers until the tub is filled, then put water in.

Set your plants, tomato or pepper, about four plants, several inches from the side of the tub, and after they are started, you can put them where you want to. The water should go through all the tub.

In hints for a well watered frame garden - cut both ends out of some tin cans, dig a trench through the garden, and place the cans end to end and cover about six or eight inches deep. The one at the end tilts up so that a pipe can be placed in it when your water hose is used.

The water will then seep between the cans and come up to the roots of the plants, thus eliminating sprinkling the garden and causing the ground to pack around the small plants.

ROBERT LEE REVELATIONS . . .

By Doris Pettit

Tommie Grace Boykin, who has been employed at the Shannon Hospital in Angelo as a nurse, is now working in the Medical Arts Hospital in Brownwood.

McCutchen-Blair Wedding
Miss Charlene McCutchen, daughter of Mr. and Mrs. Jim McCutchen, became the bride of Curtis J. Blair on Saturday, February 1, in a ceremony read by Rev. J. H. Estes, pastor of the Robert Lee Methodist Church. The couple plans to make their home in Sweetwater.

The Henry Varnadore home was destroyed by fire last Tuesday morning while the members of the family were away from home. That's the third tragic fire near here, for three members of the O. K. Rabb family were recently burned to death, and McNeil Wylie's chicken hatchery burned to the ground not long ago.

Wilson Carwile has taken up the teaching duties of Mrs. L. G. Campbell, who resigned at midterm to move to Canyon.

Some of the members of the MYF went with Rev. and Mrs. J. H. Estes to a sub-district meeting in San Angelo, Sunday. The program and business meeting was held in the Educational building of the First Methodist Church and refreshments were served in Epworth Hall. The next meeting will be held in Mertzon on April 13.

Mr. and Mrs. J. C. McDonald of Gatesville visited the Jim B. Mauldins this weekend.

Mr. and Mrs. Johnnie Mack Hickman and Jerry of San Angelo visited the Ed Hickmans, Sunday.

Mr. and Mrs. John Vowell of Clinton, Oklahoma are visiting relatives.

Mrs. Monroe Parker and Jack Cowley were honored with a birthday party last Monday night, which was given by Mrs. Cowley. The two received many nice gifts and refreshments of cake, cocoa, and coffee were served after the folks had played "42."

A shower was given by Mrs. Curtis Walker for Mrs. F. A. Whitt of Silver last Tuesday. Her home was destroyed by fire last Friday when her oil stove exploded.

Douglas Dean spent the weekend visiting relatives in Lamesa.

Mrs. Will Posey of Dove Creek, Colorado is visiting her sister, Mrs. W. H. Bell.

CO-OP ASS'N MET SATURDAY

The Coke County Cooperative Association met last Saturday, February 1, when the following directors were elected for one additional year: B. D. Gartman, L. R. Schooler, A. N. Counts, Jim Robertson, and Bryan Yarbrough.

The following men were also elected for a regular two-year period: Frank McCabe, John Walker, C. N. Webb, and Willis Smith.

President of the organization is J. F. McCabe, while Yarbrough is secretary.

The Co-op was chartered on September 23, 1943, and during the first year of its existence operated a feed store. In the meantime, a movement was started to build a locker plant, and on October 1, 1944, the frozen locker plant was open for service. Its initial cost was \$14,000, and now only \$3,172.91 remains to be paid on the plant, while the co-op owes \$3,031 in short term notes.

T. B. Hicks gave the financial report, as of January 31, which disclosed that the total liabilities and net worth amounted to the sum of \$13,484.68.

WHD COUNCIL MEETS

By Gladys Waldrop

Six Clubs answered the regular monthly WHD Council roll call last Saturday, February 1, at the Bronte City Hall.

Members discussed plans and appointed committees to serve lunches at the live stock show, and members of the refreshment committee are Mmes. Willis Smith, Tom Rives, and C. E. Arrott.

Council members voted to pay \$168.75 on the moving picture machine recently purchased by the county.

Miss Mary Pearl Bearden, WHD agent, gave a demonstration on "How to Treat and Test the Germination of Planting Seed, before Planting." She also showed a picture with the new machine on how to plant and take care of your garden.

Fourteen members and two visitors were present for the session, and the next meeting will be held in Robert Lee on Saturday, March 1st.

MRS. COALSON HOSTESS FOR HAYRICK CLUB

By Mrs. Glenn Waldrop

The Hayrick WHD Club met in a called meeting on Thursday, January 30, with Mrs. A. R. Coalson to elect a new Council delegate to replace Mrs. F. H. Bagwell.

Mrs. J. W. Labenske was named to take her place.

Mrs. Coalson was elected a Club delegate to go to the district meeting and Mrs. W. G. Cresap was named alternate delegate.

The group also filled out part of the yearbook.

Popped corn was served to the following members: Mmes. W. G. Cresap, J. W. Labenske, Glenn Waldrop, L. C. Robbins, J. W. Mitchell, Miss Gladys Waldrop, and the hostess, and to these children: James Richard and David Barton and Cecil Coalson.

The next regular meeting was held yesterday in the home of Mrs. J. W. Labenske.
