Senior WHD Club

Club members met with Mrs. Fred McDonald last Wednesday, with 10 members present.

Mrs. O. W. Chapman demonstrated how to make and fit slip covers, and Mrs. Ada Modgling demonstrated the making of desserts. Mrs. Leonard Keeney won the gift prize.

Mr. and Mrs. Otis Smith are now in Canada this week on their trip.

A. C. Coulter, Bronte barber, was taken to an Angelo hospital Sunday night and placed under an oxygen tent for a heart ailment. At last accounts he was reported as doing better.

Boyd Badley has been quite ill this week. While working in the Home Motor Co. last Tuesday he got a steel sliver in his eye and the shock and resulting anesthetic put him to bed, where he was reported in a semi-coma condition last Wednesday.

Mrs. Badley, Rozelle, and Boyd, Jr., Mrs. R. W. Rees, Richard Wayne, Marla Lou Rees, and Mrs. Bob Knierim were Angelo visitors last Tuesday.

Class Picnic

Pupils of Mrs. Brooks Browning during the Methodist Vacation School were entertained last Monday night in the City Park with a picnic supper,

at which Mr. and Mrs. Browning served as hosts.

Those present were Retta Beth McCutchen, Laverne Badley, Jo Dell Walton, Joyce Wrinkle, Winnie Carolyn Gentry, Shirley and Warren Tomlinson, Jimmy Coppedge, Marlin McCutchen, Gayle Landers, Donald Mauldin, Carl Terry, and Billy Ray Scott.

George Hughes of Sanger, Texas, was a weekend guest of Miss Betty Jane Higginbotham in the home of her parents, Mr. and Mrs. F. S. Higginbotham. Also visiting the Higginbothams was their daughter and grandson, Mrs. John Hamilton of Dallas. The guests left Sunday.

Sorry to relate that Mrs. Dorothy Kiker is in a Ballinger hospital after having had two operations.

Herbert Taylor, Jr., son of Mr. and Mrs. Herbert Taylor of San Angelo, was a Bronte visitor last Saturday night. He had just flown in from Washington, D. C., where he has been for the past several years in the employ of the Government. At the present time he is in the Department of Agriculture and had many interesting experiences to relate about Washington and what goes on there. He will return to Bronte tomorrow.

The editor will resume his Tuesday night broadcasts over KGLK next Tuesday night at 7:15, 960 on your dial over the new 5,000 watt station at Angelo. Listen in for news about Bronte and our Latin American relations.

Mrs. George Bivins of Iran visited the Charlie Keeneyes this weekend, and Cynthia Ann Keeney of Angelo spent the weekend with them.

Annie Lee Price of Angelo spent the weekend with the Will Prices.

Oil fun isn't over yet, for the Brown and the General Geo-Physical Companies, both of Houston, are covering the county like a general rain, taking tests and soundings of the various structures. At the present time, they're working seven cars, checking the terrain.

The J. L. Stephensons had a lot of fun over the weekend also, with a house full of company. J. L.'s two cousins, Mrs. Nellie McGuire and her son, John, of Llano, and Mrs. Jim Bowen of Big Spring were here. Also coming in was his sister and her husband and family, Mr. and Mrs. Leon Sanders, "Gorky," and "Bubu," all of Fort Worth. As the Sanders came down, they picked up "Grandma" Stephenson of Stamford, J. L.'s mother. All the folks returned home Sunday except Mrs. McGuire, who returned Monday.

Frank and Gene Keeney were in Fort Worth Wednesday and Thursday, when Frank shopped for new merchandise for the store and Gene attended a funeral director's meeting.

MR. AND MRS. J. BURROUGHS
... wed 57 years

Mr. and Mrs. John Burroughs Observe Fifty-Seventh Wedding Anniversary

Mr. and Mrs. John Burroughs observed open house last Sunday in San Angelo on the occasion of their 57th wedding anniversary.

Mrs. Burroughs is the former Miss Betty Hines, daughter of the late Mr. and Mrs. John Hines of Rayville, La., and "Uncle John" is a son of Mr. and Mrs. J. A. Burroughs of Marion County, Ala.

The couple was married at Hayrick on June 15, 1890, and are the parents of 11 children, only three of whom are living now.

"Uncle John," as he's more familiarly known, is one of Coke County's earliest inhabitants, and is often seen around with his friends chatting to pass the time of day.

The driver of this car disregarded a plainly marked warning sign and crossed the tracks directly into the path of a passenger train. His machine was swept up like a leaf and raked over the tracks. The driver and two occupants were killed. Signs, lights and bells are placed at crossings for the protection of motorists. Yet 2,000 were killed last year, and 70,000 injured, because they did not trouble to stop, look both ways, and listen for the warning whistle.

COURTHOUSE BONDS DEFEATED

Incomplete and unofficial returns on last Saturday's courthouse bonds election indicate that the proposal was decisively defeated.

Returns from several boxes had not been officially reported, but such information as was available is given as follows:

	For	Against
Bronte	12	277
Ft. Chadbourne	2	44
Green Mountain	3	18
Hayrick	5	9
Juniper	1	31
Robert Lee	93	51
Sanco	8	16
Tennyson	2	44
Wildcat	4	13

Ballots in totaled 130 votes for the proposal and 543 against, thus indicating that even if Bronte votes were eliminated, the measure would have been defeated by a vote of 130 to 266, or more than two to one.

BIBLE SCHOOL PROGRAM SUNDAY NIGHT

The Baptist Vacation Bible School will conclude its week's activities with a special program Sunday night, June 22, at 8:30 o'clock in the First Baptist Church, Rev. C. R. Blake said yesterday.

Classes started last Monday morning with 56 pupils present, and this number has increased during the week. Last classes will be held this morning, and the commencement exercises will then follow Sunday night, when the school program will be featured.

General officers for the training period were Mrs. Chet Holcombe, character and Bible story leader; Dorothy Ruth Stephenson, secretary and treasurer; C. A. DeBerry, workshop supervisor; Mrs. J. B. Mackey, elementary superintendent; Mrs. C. N. Landers, Mrs. B. G. Timmons, nursery leaders; Mrs. Robert Forman, beginner's leader; Mrs. H. R. Gassiot, primary leader; Misses Savannah Ruth Caperton, and Juanell Blake, Junior leaders; and Rev. C. R. Blake, advanced Junior and intermediate leader. The public is cordially invited to Sunday night's program, at which time all handiwork will be on display.

4-H CLUB CAMP PLANNED

Plans were made last Monday, June 16, for the Coke County 4-H Club Encampment which will be held at Christoval this year from July 15-17.

Those present were Mmes. A. C. Westbrook of Tennyson, Raymond Schooler of Green Mountain, C. E. Arrott of Bronte, and Victor McCabe of Robert Lee, 4-H Club sponsors, and Misses Marlene Arrott, Eddie Sue McAulley and Zona Mae King.

Uncle Sam Says

Whenever I hear one of my nephews say he has bought United States Savings Bonds, I feel like nudging him and saying: "Nephew, you haven't really bought anything. That may sound strange at first, but the proof is simple. Ordinarily when you buy something you have to spend your money. What you have actually done in acquiring savings bonds is to exchange non-interest bearing notes for interest bearing ones. You have merely converted your money into a different form, a form in which it will start growing in amount. In savings bonds form your money earns \$4 for every \$3 invested in ten years."

4-H CLUBS HAVE ENCAMPMENT

Misses Zona Mae King of Green Mountain, Eddie Sue McAulley of Bronte, and Marlene Arrott of Bronte, accompanied by Mrs. A. C. Westbrook, sponsor, and Miss Mary Pearl Bearden, Coke County HDA, attended the District 4-H Club Encampment held at Christoval from June 10 to 12.

Camp personnel was divided into three groups, including camp cookery, recreation, and handiwork, with HD agents Myra Tankersly of Taylor County, Delma Bates of Fisher County, and Mary Pearl Bearden of Coke County, in charge of each group, respectively.

Since membership was limited, each individual was expected to take back her experiences to pass on to those who were unable to attend.

Fourteen counties were represented, with 42 girls registered, 14 sponsors, 11 CHDA, and one district agent.

The following camp officers were elected: Jo Ann Jarvis of Nolan County, chairman; Betty Martin of Nolan County, secretary; Inez Littlefield of McCullough County, reporter; Marlene Arrott of Coke County, song leader; and Betty Martin of Nolan County, assistant song leader.

NO. 2 ALLEN JAMESON FINDS PAY IN ELLENBURGER

Sun Oil Co. No. 2 Allen Jameson was waiting cement yesterday on 5 1/2-inch casing at 7,068 feet after a previous drillstem test had revealed a good showing of oil in the Ellenburger. The test is bottomed at 7,110 feet, and should drill plug late today or early tomorrow.

No. 1 W. I. Tubbs, seventh test in the Jameson field, was waiting on cement on 7-inch casing cemented with 650 sacks at 6,287 feet. Bottom here is 6,480 feet, and drill plug should be made tomorrow.

No. 3 Fred Jameson had reached 4,980 feet in shale.

George Thomas was in Ballinger Tuesday for the auction sale, and was also there the week before. He reported increasing crowds and good prices for the livestock.

Sandusky-Snyder and Shoulders-Smith Double Wedding Held Tuesday Night

Miss Mary Louise Sandusky, daughter of Mr. and Mrs. Austin Sandusky, was married to Mr. Elmer Snyder, Jr., son of Mr. and Mrs. Elmer Snyder of Dumas in a double wedding ceremony held Tuesday night, June 10, at 8 o'clock in the home of Mr. and Mrs. R. M. Shoulders of Lubbock, Texas.

At the same time, Miss Mary Shoulders became the bride of Mr. Joe Smith, son of Mr. and Mrs. Bonner Smith of Dumas, with the Snyders exchanging their vows first.

Hershel Dyer, pastor of the Pioneer Park Church of Christ, read the two ceremonies.

Before the service, Mrs. Gus Gallagher of Lubbock, accompanied at the piano by Mrs. McDowell of Big Spring, sang "Always" and "Ah, Sweet Memories."

The wedding vows were exchanged before an altar in front of the fireplace. It was flanked by tall baskets of white larkspur and sweet peas with ivy.

The brides were given in marriage by their fathers, and Billy Ray Neal of Dumas served as best man for both couples.

Miss Patsy Smith, sister of the groom, served as maid-of-honor for both brides.

Mrs. Smith wore a dress of white silk, material for which was brought from China by the groom, and made by his mother. She also had white accessories and a corsage of pink gladioli.

Mrs. Snyder wore an ice blue crepe dress fashioned with caplet sleeves which had bands of wide blue lace as trim. The skirt had a peplum which formed a yee and was gathered at each side of the waist. A narrow cord belt of self material completed the costume. She wore white accessories and a corsage of white gladioli.

MRS. ELMER SNYDER

Miss Smith wore a dress of pink crepe with a corsage of white carnations.

During the reception, Mrs. Harold Shoulders served the cake and Miss Genevieve Morton, both of Dumas, served punch.

Both couples are on a wedding trip to Carlsbad, N. M. and points in Old Mexico, after which they will be at home in Dumas.

Mr. Smith is employed by the Panhandle-Eastern Pipe Co. and Mrs. Smith will teach following her attendance at Texas Tech this year.

The Snyders will live in Dumas until the fall term of Texas Tech, when both will enter school.

Mrs. Snyder was a 1945 graduate of the Bronte High School, and has attended ACC and Texas Tech.

He entered Tech last year after having served three years in the Navy in the APT Theatre of operations.

REV. AND MRS. J. D. McWHORTER

Rev. J. D. McWhorter Observes Seventy-Fifth Milestone Today

Rev. J. D. McWhorter, retired Methodist pastor, is only 75 years young today, but said during the week that he thought the first 100 were the hardest to reach.

He and Mrs. McWhorter make their home in Bronte with their daughter and son-in-law, the Jeff Deans, and he's happiest when he's looking after his wife, who suffered a stroke of paralysis in August, 1944, or in playing with his granddaughter, Tony.

"The two just idolize each other," Mrs. Dean said, "and it's the best thing in the world to watch them having good times together."

Mrs. Katherine Parris of San Angelo, another daughter, will be here today to help Bro. McWhorter observe his birthday, and there are rumors that she'll bring a monstrous cake with all of 75 candles on it. Other surprises are in store, too, so the McWhorters can expect a gala occasion.

Mrs. McWhorter is the former Miss Sallie Commander, who was born in Mississippi in 1877, while Bro. McWhorter was also born in that State but in 1872.

They were married in Sallis, Mississippi, in 1903 and their three children were also born there: Mrs. Jeff Dean, Mrs. Katherine Parris of San Angelo, and J. D. McWhorter, Jr., of Alpine.

During Rev. McWhorter's stay in Mississippi, he served pastorates at Belzona, Sallis, and Isola, and after he came to Texas, he served in the Methodist churches at Jourdan, Columbus, Sterling City, Ozona, Haltsville, Eldorado, Las Fresnos, and Poteet.

Before he went to Eldorado, however, he was again sent to the Sterling City church, and during his second term there, the Methodists built a new church and parsonage.

Only a few months ago the Methodist congregation at Sterling City provided a generous "pounding" for the McWhorters in recognition of his long and faithful service there.

Following Rev. McWhorter's retirement, he purchased a home at Veribest, and when the war came with its shortages, he served the Veribest charge as its pastor. It was there that Mrs. McWhorter suffered her stroke.

Many happy returns of the day, Bro. McWhorter!

KEEP CLOSE TO NATURE

The squirrel stores nuts that grow on the tree,
That his larder for Winter well filled may be.
The ant also stores his food in the ground;
He labors intently the working year round.
In Summer the bee sucks honey from flowers,
That it may have honey for long Winter hours;
And we should take heed from the lessons they give,
And store for the future that we may live.

REPORTING THE NEWS

This is the second in a series of stories about how to report your news, whether as an individual or a member of a club.

If you're telling about a meeting always be sure to tell the name of the group, where it meets, and the time it is going to meet. It is also nice to include the purpose of the meeting, so that people who read the story will want to come and participate in it.

Remember that when you are reporting a meeting, you are writing for those who were not there, rather than for those who did attend. That's why the first sentence, or "lead" must be interesting, else people will read no further.

Accordingly, your "lead" needs to contain the most important thing you did or that happened at the meeting, and if that was done by some individual, you'll want to include his or her name and title, if there is one, with spelling of names to be always correct.

After your first paragraph, think what the reader would like to know next, and try to answer that. While there is no rule about the length of a story, it should include names of visitors, new members, and future plans of the organization.

It goes without saying that every name should be spelled correctly, and that first names or initials should be included to distinguish that person from another with the same surname.

Be accurate and truthful, and the news will just about take care of itself.

A YEAR AGO

... according to the Bronte Enterprise of June 21, 1946, the Bronte City Council was making plans for a new water well. Floyd Modgling had announced for sheriff, a large crowd enjoyed Play Night, Doug Sneed got out of the sheriff's race, and the Bronte Community Service Club endorsed plans to eliminate unsanitary conditions in Bronte and to get more water for the city.

He had stolen a hurried kiss from the lady, at which she demanded indignantly if he didn't know any better than that. "Sure," said he, "but those kind take more time."

Spring Hat Spruce Up

Since a lot of us probably have a summer hat or two in the closet that would be perfectly good with a little renovating . . . maybe these hat-cleaning tips will come in handy.

We can clean our hats with a weak solution of a chemical called oxalic acid. Hats made of milan, hemp, panama and rough straw will all respond to this treatment. Just dissolve a tablespoonful of oxalic acid crystals in one pint of water . . . and take a stiff-bristle brush and scrub the hat with the solution. Work quickly . . . beginning at the center of the crown, scrubbing always in the same direction. When you finish the cleaning job . . . rinse the hat in clean water, and put it in the sun to dry. You can remove the excess water with a soft cloth or bath towel.

It's important to work rapidly when cleaning straws, so you won't get them out of shape. However, a straw can be pressed into shape if you'll use a dry cloth next to the straw, with a damp cloth over the dry one. Use a fairly hot iron . . . but of course, never put it directly on the hat.

And incidentally, you'll also want to remove all the trimmings from the hat before you start cleaning.

KICKAPOO WMU REPORTS

By Mrs. Mary Spencer

The WMU met on Saturday, June 7, at the church, with Mrs. Maude Clark, vice-president, in charge of the program.

Mrs. Holman, the teacher, is bringing some wonderful lessons, and next time we will study the 13th chapter of Luke. Our meeting opened with a song and closed with prayer.

Eleven members and four children were present, and it was agreed to meet each Saturday before the first and third Sunday of each month.

The WMU sponsored the "Old Folks' Day" on June 8, and it was pronounced a fine success.

CARD OF THANKS

May we express our heartfelt gratitude and appreciation to those who were so kind to us at the passing of our brother. Words cannot tell you of what it meant to have such good and kind friends.

PARTY LINES

Yes, of course, it would be nice if we all had private telephone lines . . . If you are on a party line, your co-operation will help everyone — including yourself — enjoy better telephone service. The rules for being a good telephone neighbor on a party line are simple. Make your calls brief, don't tie up the line with "chain" calls, and always remember to replace the receiver so that you won't miss important calls. In this way, others on your line will have a chance to use the telephone, too. They'll appreciate it . . . and so will your telephone service.

BRONTE JR. CLUB HOLDS MEETING**By Jane Nunnally**

Guests and members of the Bronte Jr. WHD Club met last Wednesday in the Bronte City Hall, with Mrs. W. W. Whalen serving as hostess.

Mrs. Bill Wrinkle, who will serve as hostess for the next meeting, gave a report on the recent Council meeting. Members assembled at the Baptist Tabernacle, she said, where they served a covered dish luncheon at noon. They also voted to hold an encampment at Christoval on August 20 and 21, with guests to leave one day and return the next. On July 10, she added, there will be a dress review which will be held in the school auditorium, with judges to award prizes for the best dresses. On the following day, frozen foods preparations will be studied, and on July 23 a training school is to be held in Robert Lee.

Mrs. Frank Keeney gave a book review, Mrs. Geo. Thomas was named as a new member, Mrs. O. W. Chapman was a visitor, and it was agreed to meet at 3:00 o'clock during the summer months.

Mrs. O. R. McQueen had charge of the recreation, which was a spelling bee.

Mrs. Thomas gave an interesting talk on picture arrangements, declaring that a room built around an important picture was almost sure to have distinction. She suggested that people would enjoy their pictures more if based on one's chief interest, whatever it might be.

It is also advisable not to hang pictures just for the sake of hanging them, but to want and enjoy pictures that may be on the walls.

Mrs. Thomas noted it was better not to hang a little picture by a wire over the sofa, but to use several small ones or a large one. Also, one should not hang a tall narrow picture over a mantle, nor hang small ones helter-skelter around a room but to have one good picture hung. Or if you use small ones, hang them in orderly fashion on one wall.

She declared it unwise to hang pictures on stair steps, unless in a stair well. Nor should a small picture be hung alone on a large wall space, nor a horizontal picture on a vertical wall.

Pictures or photographs may be all right in the bedroom, but should not be hung elsewhere unless they are really for art's sake, she continued.

Massing of pictures around a desk or dressing table is permissible, she added, and time spent in choosing pictures is not wasted nor lost.

Present for the meeting were Misses E. A. Gentry, R. S. Walton, W. W. Whalen, Albert Rawlings, W. Hipp, Bill Wrinkle, O. R. McQueen, Connel McAulley, Hollis Stevens, Taylor Emerson, Ed Nunnally, Jr., George Thomas, James Keeney, C. L. McShan, sister of Mrs. Whalen, and Miss Ella Clyde Black.

KINDERGARTEN PLANS DEVELOP

Several parents met in the Bronte City Hall last Friday afternoon to discuss the formation of a kindergarten for pre-school age children this coming fall.

Mrs. H. R. Gassiot is to be the teacher for the youngsters, and a place in the school building will be found for the class.

Mothers of other children interested in enrolling for the term are requested to contact Mrs. Gassiot or the editor, so that all who desire attendance can be properly enrolled.

THE V. C. LAMMERS HAPPY TO RETURN

It will be recalled that he was prominently named in a Houston paper last year, and that the story pointed out that "Vernon C. Lammers, progressive Houston contractor, is one of those men to whom credit must go for playing no small part in the growth and development of Houston and vicinity."

It pointed out that he was not only successful in his business, but equally

successful in the promotion of civic progress.

Since getting back, the Lammers have purchased the Norred place north of town, and are remodeling it to use as their home.

At any rate, they're glad to be back and Bronte is happy to have them return.

Mr. and Mrs. Marlin Rogers and son, Bunky, of San Angelo, visited the Henry Rogers last Sunday.

NEW MAVERICK BUS

Supt. Jeff Dean announced this week that there'd be a new school bus to serve the Maverick students, come fall. It is expected that delivery will be in August, and it will replace another bus that has been in use for some time.

When it comes, that means that all of the Bronte busses will be comparatively new, which is an added safety factor for the students.

The Maverick folks, too, will be pleased to learn that the new bus is on the way.

MORE IMPROVEMENTS

F. L. Clark's barber shop has been undergoing repairs this week, with a new coat of white paint all over the front and outside.

New signs in town include one for the West Texas Utilities Company, the Bronte City Hall, Taylor Emerson's office and more are promised.

The Utilities office also has a new wooden awning or roof which extends over the sidewalk and shelters folks from the driving rains, as of last Wednesday afternoon.

The Bronte Cafe is expecting to install new booths soon, and the Cactus Cafe has already installed three new booths, which are meeting with a fine reception. Dewey's Cafe has installed a new air conditioner, and says it brings in plenty of breeze.

Bobby and Winston Modgling of San Angelo were out Sunday to visit their parents, Mr. and Mrs. B. E. Modgling.

When it was all over, Bronte gauges had registered 3/4 of an inch of rain, which began last Friday morning in the wee hours.

Ditches had a lot of water still left in them by Saturday, and Kickapoo Creek rose up a few feet itself.

Blackwell also reported nearly two inches of rain and Robert Lee had about two-tenths of an inch.

Farmers, who had been wishing for some rain, found their hopes brightened, and all were ready for even more.

And then it started again! Wednesday afternoon about 4:30 the heavens fell open, and come dark, a little over two more inches of rain had fallen.

Streets were running full, crops were aided, and frogs were croaking. But then if your living quarters were flooded, you'd croak too.

Robert Lee reported a shower, but most of the rain appeared to have fallen in the immediate Bronte area.

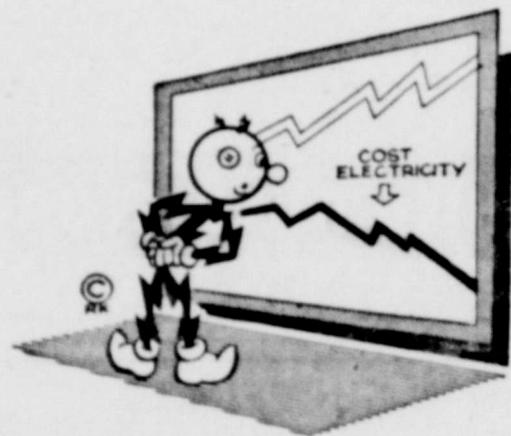

Uncle Sam Says

Did Junior ever ask you whether you ever hit a home run? This is the time of the year when questions like that one will come poppin' at you. Well, daddy, you can look Junior right in the eye and say truthfully: "Yes, son, I did many times." (That is if you are investing in Savings Bonds every payday.) Figure it out yourself. Every Savings Bond represents a four-base hit for Junior's future. Even Babe Ruth couldn't hit one over the fence every time he came to bat. Step to the plate, dad, and clout one more Savings Bond into your strong box. Some day Junior will stand up and cheer a real home run hitter. U. S. Treasury Department

Grow Perennial Flowers From Seed

You can save considerable garden money and add new zest to your gardening by growing your own perennial flowers from seed. The best quality seeds cost only a few cents a packet and with simple care will produce scores of plants to bring color and beauty to the garden for years to come. Most perennials grown from seed bloom the second year after sowing.

Seed should be started at about the same time as that of the annuals, such as zinnias and marigolds. The secret of success is to get the seedlings to transplanting size early enough so that when set in their permanent places in garden or border, they will get a good root-hold before cold weather comes on.

A specially prepared seed bed or seed box is best for starting perennial seeds. A seed bed can be easily prepared by knocking the bottom out of a good-sized shallow wooden box and sinking the sides into the ground. The top should be about two or three inches above the surface. Use finely prepared, crumbly garden loam containing plenty of humus. It is important to locate the seed bed where it will be sheltered from strong winds and from sunlight during the hottest part of the day. A seed box or flat may also be used, with holes bored in the bottom for drainage. This has the advantage of being movable to sheltered locations when necessary.

Some perennial seeds are very small.

Mix them with sand so that they will not be sown too thickly in the row and merely press them into the soil instead of covering them. Larger seeds need a shallow covering of soil. Firm the soil down on them so that they will make immediate contact with the moisture and plant food. Keep the soil moist but not wet until the seeds sprout. Some gardeners spread damp burlap over the surface to furnish needed moisture, removing it at the first sign of sprouting.

Here are a number of perennials that beginners can start from seed with almost sure success: Columbine, gailardia, coreopsis, hollyhock, painted daisy, sweet william, hardy pinks, hardy alyssum, and the violas.

Perennial seeds usually take somewhat longer to germinate than those of annual flowers. Don't be discouraged if the tiny sprouts do not show themselves for two or three weeks after the seed is sown.

Women's Business

The old idea that family legal matters are the concern only of the men of the house is being changed now by thousands of farm women in home demonstration clubs. Regularly they are studying wills, taxes, deeds, contracts and other matters that have to do with family property.

The homemaker comes in contact with the law every day . . . when she writes a check, signs a note, gets a receipt or even orders groceries, and there's nothing unladylike about her learning legal matters that affect the family.

There are a few things that every homemaker needs to know about legal matters. The up-to-date farm woman knows all insurance policies in the family, with benefits provided and names of companies. She keeps records on social security cards of family members and records progress in paying off any family debts. She knows the numbers of all government bonds in order to make claim in case they are destroyed.

There are a lot of these legal matters that the modern rural homemaker is making her business and doing a good job of it.

George Braswell used to know Rev. Alvin Mauldin some time ago, he said Wednesday. George and Buddy Kirkland were Ballinger visitors last Wednesday.

"If you refuse me, I'll die."

But she refused him, and sure enough, 60 years later he died.

Shame . . . If a man deceives me once, shame on him. If a man deceives me twice, shame on me.

SCHOOL ABOARD THE 'WISKY'

A class of Naval Reservists aboard the USS Wisconsin on a training cruise to Cristobal, Canal Zone, listen to an instructor explain the drawing of certain electrical connections. The USS Wisconsin is making several such Reserve cruises to refresh Reservists' previous training and to acquaint them with the latest developments in naval equipment and technique. Reservists in the photo were among several hundred from the Third, Fourth, Fifth, and Sixth Naval Districts and the Potomac River Naval Command taking two weeks of active duty training afloat. Other combat ships making similar cruises are the USS Oregon City, the USS Rochester and the USS Little Rock. (Official Navy Photograph)

4-H ROUND-UP IN SEPTEMBER

The Texas 4-H Club Round-Up . . . just about the biggest 4-H event in the state . . . is coming up again. J. W. Potts and Lorene Stevens, state club leaders, have announced that the Round-Up will be held on the campus of Texas A. & M. College, September 4 - 5.

The Round-Up is being planned on much the same basis as it was held last year. Club members will remember that the 1946 Round-Up was the first of its kind held in the state. It was planned by and for Club girls and boys . . . and over a thousand club members went to College Station for the event.

Mr. Potts and Miss Stevens say that each county may bring two 4-H boys, two 4-H girls, one woman club leader and one man leader. But any club members who are taking part in events like the state dress revue or the rifle matches may also attend. All club members, however, must be at least 14 years old before they are eligible to take part in the Round-Up.

THINK IT OVER

Certain archaeologists have been digging in the ancient Euphrates Valley and have uncovered a layer of agrarian culture 8,000 years old, and a layer of herdsman culture much older, and still older caveman culture. It is a fact, according to Free World, that the desert sand in New Mexico turned to fused green glass when the first atomic bomb exploded there.

The archaeologists kept on digging in the ancient Euphrates Valley, and recently they reached another layer—this time it was fused green glass! Brother, think it over!

Advertising is a lot like ploughing and planting . . . and a lot like teaching and preaching. Robert Ingersoll once said, remember? "To plough is to pray. To plant is to prophesy."

REVIVAL LEADERS

Rev. C. D. McEntire of Sterling City will bring the messages and Rev. P. A. Powell of Turkey will lead the singing for the Revival Services at the Blackwell Baptist Church which will be held from July 11 through July 20. The public is cordially invited.

WEEKLY SERMONETTE

Rev. C. R. Blake

"For I say unto you, that except your righteousness shall exceed the righteousness of the Scribes and Pharisees, ye shall in no case enter the kingdom of heaven." Mat. 5:20.

There is that righteousness which is called of man: That purity of heart, uprightness of life, and conformity of good teachings. In order to be on the safe side, it must not be as that of the Pharisees which consisted in external, selfishness, and hypocrisy.

Therefore, righteousness is measured by the space it covers. This is revealed in the lives of men: God's righteousness transforms—man's righteousness temporarily reforms.

Again, righteousness is measured by the depth it goes. "God is a spirit: and they that worship him must worship him in spirit and truth." (John, 4:24.) The action of devout worship toward God reveals depth—depth of conviction and a deep satisfaction of coming face to face with divine leadership.

Finally, righteousness is measured by the heights it ascends. The righteousness of God points to heaven. In Christian service, men show the righteousness of God to the world and what it will do. Serve God!

"Dressing Down" For Summer Comfort

Store away winter home furnishings with the family's coats and rubbers. It's almost summer! Let the living room do some molting, suggests one nationally known decorator. Give the draperies a rest and show ice-blue venetian blinds at the windows. Close the slats from noon-day sun to insulate against fading glare and heat. Try ice-blue as a cooler for the entire room, advises Alfred Lowden, of W. & J. Sloan. Roll away carpets, wax the floors to an icy sheen, and use washable blue cotton rugs. Slipcover upholstered pieces in splashy-patterned chintz with ice-blue background; use crystal glassware and live flowers, and relax into the coolness of a room dressed for the season.
