Around About Town

Seaman 1/c Charles Blake, son of Rev. and Mrs. C. R. Blake left Tuesday night for San Francisco, where he'll await further orders. Rev. Blake drove his son to Sweetwater, where Charles caught the bus for the coast city. He expects to receive his discharge next February, and will then return and start back to school. For the past several months Charles was stationed in Alaska.

Glad to see S. A. Kiker and Tom Price kicking around town. Both have undergone sick spells that kept them down but not out.

Charles Eubanks has returned from Wall, where he was top man in digging an oil well. He's got lots to tell about his experiences, too.

Snookie Bell is now employed as secretary-receptionist in the new hospital, where Dr. Harris now has his new offices.

The City Council has received several applications from people applying for the job of city secretary, and more are expected before a decision is made for that official, it has been reported.

Bro. Gill of Plainview was in town Wednesday seeing about setting up a new barbershop. He was figuring about buying out one of Bronte's barbers, but no decision or deal has been announced.

T. F. Sims, Sr. called a bunch of fellows down Tuesday night to note that the city hall doors were wide open at 11 o'clock, but nothing seemed to be missing, and apparently no harm was done.

Jeff Dean, owner of the Dean Dairy, reports that due to rocketing feed bills, he'll have to go up on milk next Friday. While he doesn't like the idea, he figures it's only fair to let folks know about it so they may make other plans if they so desire. Beginning with August 1, Jeff says, prices will be 20 cents per quart of milk, delivered to your doorstep.

Stockmen have been complaining about sheep-killing dogs. Several say they've lost from 6-18 head of sheep during these recent nights, and they suggest owners will be better off if they'll keep their dogs tied up at night. Seems the dogs that stay home always do the killing, for some reason.

Mr. and Mrs. D. H. Palmer are expecting to observe their 60th wedding anniversary with a party in the City Park on Sunday, August 3. A large crowd of friends and relatives will doubtless be on hand to help them observe such an occasion.

Mrs. L. Johnson is expecting to leave Monday for Winters, where she'll make her home. She sold it to the Kickapoo Baptist Church, and they plan to remodel the residence and use it for a parsonage. She'll be with her daughter and son-in-law in Winters, Mr. and Mrs. James Glenn, she remarked. Mrs. Johnson has been in her Bronte home for a period of 32 years, and in the county for some 50 years, so can claim to have seen a lot of events.

The Coke County WHD Council is sponsoring a carnival for Saturday, August 9, in Robert Lee. Money raised will be used to send three delegates to the State Texas HD meeting, which will be held in Galveston in September.

Roy Snyder of A. & M. College, a meat specialist, will be in Robert Lee today from 2 'til 5 o'clock, where he will demonstrate meat cutting and preparation at the frozen locker plant. He'll also show you how to fix beef and turkey steaks, and everybody is invited to come, says Mary Pearl Bearden, HDA for Coke County.

MRS. KEENEY HONORED

Mrs. J. L. Keeney, Jr., was honored last Thursday, July 17, with a shower given in the home of Mrs. Hiram Brock, who was assisted by Mrs. J. B. Fairish, Mrs. Cullen Luttrell, and Mrs. J. D. Luttrell.

It was a come-and-go affair, lasting from three 'til six, and refreshments were served to Miss Sarah Thomas, and to Mmes. Bagwell, J. L. Keeney, Sr., Bon Spoons, Buck Coleman, E. L. and R. T. Caperton, Buster Hester, Charlie and Frank Keeney.

KIDS HAVE BALL PARK

Members of Bronte's younger set have long been wanting a playground, and now they have it.

Located on the vacant lots across the street from the Bon Spoons station, the playground is now fixed and cleared and ready for use, and it's dead certain the use is already coming.

Ernest Ivey owned a couple of the lots, and ownership of the others is vague and uncertain.

At any rate, the kids wanted a place to play ball, and asked LeRoy Scott and Jess Eads about the deal.

With a straight face, Jess told the kids he would get the lots cleared, but it would cost them \$10 for the time and labor involved. So the kids got busy and raised nearly \$14 to defray the charges.

Then the lots were cleared off. The kids left \$10 with Bon to pay for the job, then Eads appeared and called the kids together.

"You don't owe me a thing," he said with a grin, "and I want Bon to keep the money for you and he'll help you spend it to buy things all of you need."

Well, you should have seen the expressions on the kids' faces when they heard that, and learned that the money they'd raised would be used to buy equipment with which they could play.

Now when Mamma wants Junior, she knows where to find him—down on the ball lot across from Bon's station—playing ball, having a good time, staying out of trouble, and learning how to handle himself along with a bunch of others.

Bronte's young'uns are marching on!

Hervey Latham Returns

T/4 Hervey Latham of Tennyson, son of Mr. and Mrs. J. W. Latham, has returned from Seoul, Korea, where he has been stationed since last summer. He was inducted in February, a year ago, and expects to receive his discharge before long.

Now 19, Hervey has seen more at his age than many persons a lot older. While in Korea, he was stationed in an ordinance company, and also had a chance to visit Japan, which he found quite interesting.

As a guest speaker on the editor's weekly radio program over KGKL in San Angelo last Tuesday night, Hervey said he had no definite plans as yet, but did plan to loaf and take things easy for awhile.

"I never saw many of the Russian troops," he declared, "but those I did, acted as you might expect them to."

He noted that the Communists were trying to influence the Koreans, and managed to stir up trouble as much as possible among the people placed under their control.

Hervey declared that Japan was a beautiful country, and that the Japanese people treated the Americans in fine fashion. The Koreans, as he observed them, were trying to get along with everybody, being more or less born politicians, as he expressed it.

"The Russians don't treat their subject people very well," Hervey declared, "and as a result, a lot of the Koreans try to get into our zone." He said the U. S. appeared ready to stay in Korea as long as was necessary, and felt that if the U. S. got out, then the Russians would go in. "Food was pretty lousy for a time," Hervey asserted, "but after a visiting congressman came along and raised a ruckus the food got a lot better."

The morale of U. S. soldiers isn't too good in the area, as Hervey sees it, for they'd like to come home. Entertainment, however, was better than could be expected, and he declared he often saw movies that had not yet been seen in San Angelo.

Hervey was accompanied to the studios by Betty Pittman, G. W. Conger, Lela Brooks, and Billy Parent, the latter two of Eldorado, and thought the microphone ordeal was worse than gunfire.

But he's glad to be back, and after having seen the world, finds that Coke County is a pretty good place after all.

Marvin A. Jones and Bonnie J. Aldridge were issued a marriage license on July 14, and Johnnie Hoyle and Christene Orner received one on the 21st, according to county clerk Willis Smith.

Uncle Sam Says

Everybody knows it pays to buy U. S. Bonds. But not everybody knows how much it pays. By investing as small a sum as \$2.50 a week in U. S. Bonds, your savings will be \$1,440.84 in ten years. Take savings of \$3.75 a week; by 1957, you will have \$2,163.45. There are two easy ways to save automatically. Have a regular amount of money set aside from your pay each week for bonds through the Payroll Savings Plan. Or, if you're not up a payroll, but you do have a checking account, you can have your bank automatically charge your account for the purchase price of a bond each month.

U. S. Treasury Department

1947-'48 SCHOLASTICS ENUMERATED

This year Coke County has a total of 762 scholastics registered for the fall term of 1947-'48, which is 67 less than last year, when the total was 829, according to Judge Bob Davis.

A breakdown shows Robert Lee with 14 less students, Bronte with 23 less, and the county with 30 less. "There's no way to account for the drop," Bob said, "except for people moving away, or more graduating class members than those expecting to start out this fall."

This year's total includes Bronte with 303 students, Robert Lee with 255, Sanco, 40; Olga, 19; Tennyson, 62; Wildcat, 15; Walnut, 5; Green Mountain, 30; and Silver Peak, 33.

The Bronte and Robert Lee totals do not include others from the different schools, who will attend one of the larger institutions.

Sanco and Wildcat students have contracted to attend the Robert Lee schools, Walnut scholastics will attend Water Valley schools, and Tennyson high school students will go to Bronte while Silver Peak and Green Mountain high schoolers will go to the Robert Lee system.

Oiga has consolidated with the Blackwell district, and its students will attend that school, it was reported.

Ed Ratliff was in town the other day, quite proud of the fact that his lambs were top prize winners in the recent show held at Sonora. Weldon Scholer displayed them, and won a first prize, as well as other prizes with other lambs. If you want registered Rambouillet stock, Ed Ratliff is the man to see, for he has the lambs, and H. G. Graf has the oats to serve as feed.

LATEST OIL NEWS . . .

No. 3 Fred Jameson - Sun Oil's sixth producer in the Jameson field, this well, the southwest outpost, flowed 70.41 barrels of oil in 24 hours through a 1/2 tubing choke and casing perforation from 6130-33 feet, with a gas-oil ratio of 12,300-1. Pressure in the tube was 1,600 pounds. It had previously been treated from 6,221 to 6,565 feet with 5,000 gallons of acid.

No. 1-A W. I. Tubb - This northwest outpost was drilling at 5,900 feet in lime. It is located 585 feet from the north, 660 feet from the west line of the T. J. Wiley and E. A. Barnhill survey.

No. 2 Allen Jameson - This well failed in the Ellenburger and apparently did likewise in the Strawn. It has been temporarily abandoned.

No. 2 W. I. Tubb - Rig has been taken from No. 2 Allen Jameson to this new location, 690 feet out of the southwest corner of the C. P. Shafer survey, a west offset to No. 1 H. H. Jameson. Roberts and Hawkins are to be the contractors.

No. 1 J. S. Craft - The Warren Petroleum Corporation of Tulsa has just re-completed its well, which is located in northeast Coke County, three miles southwest of Blackwell. It was the first oil producer in the county, and was drilled in 1942 by William F. Morgan of Houston. In 1945, its allowable was 27 barrels per day, but it has been shut down for some time. Latest reports show that it was recently tested for a production of 52.93 barrels of pipe-line oil per day. It is located 660 feet from the north and east lines of section 276, block 1-A, H&TC survey, and is producing its oil from the Cisco lime around 2,823-28 feet.

WEEKLY SERMONETTE

By C. R. Blake

"Be not deceived; God is not mocked: for whatsoever a man soweth, that shall he also reap. Galatians, 6:7. The person who thinks he is deceiving God is only fooling himself; neither is God to be dealt with foolishly: for God deals in no such manner.

God is not to be trifled with; He has His own divine plans and they will not be thwarted. An attempt to do so meets with unending disaster.

The laws of His government cannot be set aside. It is possible for a person to violate the laws of a country and escape in the crowds, but not so with God's law. His judgment is sure.

Evil sowing brings evil reaping. The evidence is ever before us. Planting faulty seed in life is like sowing bad seed in a field. Each brings forth after the kind of seed and the payoff is determined in the harvest.

Don't try to fool God: because without exception, you are the one fooled.

Better hurry by for your copy of the Texas Almanac, which is just about a "must" for school children who need the many facts it contains. Only 85 cents.

KAREN-GAYL HOSPITAL OPEN

The Karen-Gayl Hospital in Bronte is now open to receive patients, and Dr. John R. Harris is already receiving those who need medical attention.

The public is invited to come in when in need of care, and everybody is welcome, whether sick or not.

Watch next week's Enterprise for the announcement of the formal opening of the new hospital, Coke County's only hospital, located in Bronte.

Leadership Training School

By Mary Pearl Bearden

"Cooking of Frozen Foods"

A Leadership Training School "Cooking of Frozen Foods" was held July 11th, at the Robert Lee Methodist Church basement by the County Home Demonstration Agent. Seven clubs were represented with nineteen (19) leaders, delegates and visitors present.

A complete frozen food menu was prepared by the agent consisting of cantaloupe cocktail, broiled steak, green beans, cream corn and vegetable salad, also angel food cake and strawberry sauce.

A technicolor film, "Freezing Fruits and Vegetables at Home" was shown to the ladies.

The agent stressed that the quality of frozen foods when they appear on the table is as dependent on the treatment they receive after they are removed from the locker or home freezer as it is on the treatment they receive during freezing and storage.

Frozen foods once thawed should never be refrozen. Besides the greater chances of spoilage, fruits and vegetables become flabby, lose their shape, and undergo great leakage. Thawed frozen fruits do not change so rapidly as do vegetables, but they gradually lose flavor, darken, and become mushy.

Usually it is best to start cooking a vegetable while it is still frozen; however, stalk vegetables, such as asparagus and broccoli, if not immersed in boiling water, may be thawed just enough to break the stalks apart, particularly if they are to be cooked in a small amount of water by steaming or in a pressure saucepan. If they are to be slightly thawed, they should be left in the sealed package and thawed for not more than 1 1/4 hours at room temperature or for 4 hours in the refrigerator.

Dry-packed vegetables may be kept after removal from freezer storage, in the ice-cube compartment of a refrigerator for from 5 to 7 days without significant loss of quality.

In general, frozen vegetables are cooked by methods similar to those for fresh vegetables, except that frozen vegetables require only from one-half to one-third as long cooking as do the corresponding fresh ones. Care must be taken not to over-cook frozen vegetables because all of them have been partially precooked in preparation for freezing. Only the amount that can be eaten at one meal should be cooked at one time. Holding a cooked vegetable and then re-warming it results in increased losses of vitamin C, as does also keeping it hot for any length of time.

Thawed meats may be cooked the same as are fresh meats. Solidly frozen roasts require from 12 to 25 minutes more cooking per pound than do thawed roasts. Since freezing tenderizes meat, less time may be required to cook frozen meats.

METHODIST CHURCH

Rev. J. D. McWhorter is expected to bring the morning message at 11 o'clock, following Church school at 10 a. m. Rev. Fred Hamner had been planning to fill the pulpit, but illness has kept him confined to his bed for a week.

The Tennyson revival will close Sunday morning, and that night the Hayrick revival will begin.

Large crowds have attended the Tennyson services, and there have not been enough seats for everyone that has come.

You are invited to attend the church and Sunday school of your choice next Sunday, and come, whoever you may be, for the Church welcomes you at all times.

HOW TO MANUFACTURE OIL

from COAL or NATURAL GAS, AIR and WATER

FUEL OF THE FUTURE

PITTSBURGH, PA.—Workings of the revolutionary process for making gasoline from coal and gas are revealed above. Originated in Germany, this fuel source of the future is being perfected by American engineering science. The diagram, as explained by Gulf research laboratories which are aiding in the development, shows the following steps:

- (1) Coal—or natural gas—is mixed with air and water and converted by combustion and chemical action into synthesis gas.
- (2) The gas is passed through a catalyst (material causing a basic chemical reaction), which transforms it into vaporized petroleum-like materials and alcohols.
- (3) The alcohols are separated in a scrubber.
- (4) City gas is drawn off, and the petroleum materials converted into gasoline, lubricating oils, diesel fuel and wax.

TAKE THE RIGHT ROUTE

The rich can spend money and last quite a while,
Can live in great splendor and put on style;
But the rich have license to live rather high,
While those without means had better not try.
So if you are trying to live like the rich,
And you are not able, then you better switch
To the manner of living your income will bear.
Those who mimic the rich never get anywhere.

Camp life for Cok County 4-H Club Girls began last Tuesday, July 15th, at Christoval — lasting through Thursday, July 17th.

The 4-Hers registered between two and four o'clock Tuesday, after which, camp organization was held. Then came that cool afternoon dip, "swimming!"

After the picnic supper, general assembly and sing song, organized games were played under the direction of Ruth Ann Taylor.

The following camp officers were elected: Norma Jean Gentry, camp chairman; Marlene Arrott, secretary; Eddie Sue McAuley, reporter; Esther Allen, song leader; and Nelda Ann Sheppard, assistant recreation leader.

Camp was divided into four groups and camp duties were assigned alternately to these groups.

Handicrafts for the camp included book ends, made of wood; square knot bracelets of luster-lace; and ribbon head bands, decorated with nail heads.

Camp cookery consisted of Mock Angel Food Square, Cheese Rolls, Bean Hole Beans, and Angels on Horseback.

Highlight of the camp "The Candlelight Ceremony" came Wednesday night with outstanding 4-Hers of the county participating. Leading the ceremony was Mrs. C. E. Arrott, Cok County 4-H Club sponsor.

4-Hers were: Eddie Sue McAuley, Nelda Ann Sheppard, Marlene Arrott, Norma Jean Gentry and Felma Brunson. Those placing fagots on the fire representing the 4-H Clubs were: Olene Millican, Green Mt.; Joyce Wrinkle, Bronte; Carol D. Westbrook, Tennyson; and Melba Rives, Robert Lee. Mrs. A. C. Westbrook, sponsor; Juanita Archer, visitor; and County Extension Agent, Mary Pearl Bearden.

Camp broke Thursday, July 17th, at 2:00 P. M. after a barbecued dinner was served to the 4-Hers and visitors.

Westbrook and County Home Demonstration Agent, Miss Mary Pearl Bearden.

Our Washington News Letter

By Congressman O. C. Fisher

Looking to a recess on July 26, both the House and Senate worked long hours last week to pass money bills and other measures considered to be urgent.

The second tax bill veto was overridden in the House but sustained in the Senate. That probably means no tax relief before 1949. If the second tax reduction measure had become law, it would have become effective on January 1, 1948, and would have reduced the tax rate by a margin of 30 per cent for the lowest income group up to 10.5 per cent for the highest income group. Although I was not entirely pleased with the bill, I supported it because I believe that by next year the high wartime tax rate should be slightly reduced.

The President gave, as his principal reason for the tax veto, the need for spending billions of dollars in Europe during the next few years. But Uncle Sam should act within reason and limit foreign aid to friendly countries and in worthy cases of actual need to those who are doing everything within their own power to help themselves. That way, the bill won't be so high.

The Senate is due to act before adjournment on the bill passed by the House to make the terminal leave bonds held by our ex-servicemen payable in cash. I think the veterans who own these bonds should be permitted to cash them if they desire. We pay a rather high rate on the bonds and it will be good business to pay that much on the public debt.

Two weeks ago, in this column, I quoted from a statement I made in a National Radio Forum broadcast regarding the admission of 400,000 of Europe's so-called Displaced Persons. I urged that our present immigration laws be maintained and not relaxed, and opposed allowing the 400,000 to come in over and above present quota allotments. Following the broadcast, I received a large number of letters from all over the Nation. Most of the letters commended my stand. A few, especially from New York, were otherwise. One New York woman wrote: "Your hard, metallic voice resembled your heart."

A letter from an Army Colonel said: "As for admitting Displaced Persons, I think you are certainly on the right side. In the large zone that

I occupied with my regiment in Westphalia after the fighting was over, I had over 100,000 displaced Russians and eastern Europeans and I saw practically all of them. I can assure you that they were definitely "riff-raff. . ."

Another letter in point from Marshall Brown of Harper, reads: "I read your weekly letter in the local paper concerning the bill . . . for Europe's Displaced Persons, and I agree with you 100 per cent. Three months of the time I spent in Germany, while serving in the Army, was spent with a Military Government unit. On several occasions I worked with UNRRA in transporting these Displaced Persons to rail heads for shipment home and apparently they were of very low character—both mental and moral. . . The things I saw over there is the reason for my firm stand to keep that type of people out of America."

To the same effect have been scores of other letters I have received, many from war veterans who dealt with Displaced Persons while serving in Europe.

Last week, I took part by invitation in a weekly forum and debate before the student body at Catholic University in Washington. The subject pertained to labor relations and the application of the Taft-Hartley Act. On the other side was Gerhard Van Arkel, until recently general counsel of the National Labor Relations Board. Also during the week, I addressed the Texas A&M ex-Students Club in Washington at their monthly dinner. Mr. James A. Williamson, formerly on the A&M faculty, now with the Department of Agriculture is president of the local group and Congressman Olin Teague of Bryan is vice-president.

H. O. Whitt pointed out the other day that nobody is on duty at the depot at 7 P.M. when the train comes in headed for Sweetwater. As a result, people who mail letters up there are just wasting their time and delaying their mail, because they don't go out till the next day. If you want to mail your letters, says Hubert, the best place is at the post office, because mail no longer goes out on the evening train when left at the depot. Of course, if you're in no hurry, continue to mail them there as before.

Mrs. E. L. Nunnally, the editor's mother, was a Bronte visitor last Friday. In the evening she motored to Sweetwater, where she took the train for California. In North Hollywood, she'll be the guest of her sister, Mrs. A. B. Storey, and expects to return to Texas around the first of September.

The Fellowship Class of the Methodist Church held its monthly party last Monday night at the educational building, with the A. C. McAulleys, Walter Whalens, and Ed Nunnallys serving as hosts. Others present were the Clifford Clarks, J. T. Henrys, C. E. Arrotts, George Thomases, Mrs. H. O. Whitt, Mrs. Alfred Taylor, Mrs. Lucille Baldwin, Linda Gayle Henry, Ginger Clark, and Johnny Baldwin. Following supper, the folks enjoyed watermelon. Rev. Alvin Mauldin and his son, Donald, arrived after the former's services at Tennyson had been concluded.

The fire truck was called into action last Monday evening around 6:45 when burning trash back of Bill Wrinkle's house ignited a pile of lumber and created a lot of blaze and smoke.

"I heard the alarm, and by the time I had my shoes on and got out there, the truck had it about out," Frank Keeney declared. Jimmy Keeney, first to reach the truck, drove it to the blaze.

BASEBALL

Ozona smacked Bronte last Sunday by a count of 4-2, as Robert Lee beat Sonora 13-5, the Dodgers walloped Eldorado 15-10, Veribest slammed Miles 13-3, Ellis Parts' smeared Maverick 30-15, and Eola dumped Lowake 7-1.

Next Sunday's schedule finds Miles in Bronte, Ozona in Lowake, Sonora in Veribest, Eola vs. Ellis Parts in Lake View, Maverick in Eldorado, and the Dodgers in Robert Lee.

SINGING SUNDAY

The Coke County Singing Convention will be held Sunday afternoon in the Bronte Hi Gym, beginning at 1:30 o'clock. Everybody is invited to come to the affair, according to Junior Pruitt.
