Congressman, 19th District

Say You Saw It in the Enterprise

American telephone service today is rapidly expanding Local and long distance telephone traffic is at its peak.

A constantly increasing number of new telephones are being installed — switchboard facilities expanded — ment added.

In spite of this enormous progress, however, people are still waiting for service. This is caused by a combination of still existing material shortages and an

increasing demand for telephone service.

But we hope that the giant strides being taken today will soon overcome every obstacle, and everyone desiring service will have it soon.

The San Angelo Telephone Co.

### TO THE CITIZENS OF COKE COUNTY:

Judge and Ex-Officio Superintendent, and I want to thank everyone for the kindness and courtesy extended to me during my stay in office. Mere words cannot express my heartfelt gratitude and appreciation to those of you who have been such great help and assistance. I have endeavored to fulfill the duties of this office and to perform them impartially, fairly, and justly. I have tried to assure the full protection of the rights and liberties of everyone under the law.

To Mr. Dean, my successor in this office, I want to thank him for having conducted a clean campaign, and assure him that he may expect my very best cooperation in all matters that I can be of any assistance. He has certainly been a worthy opponent, and my best wishes go with him in assuming his

duties in this office. Contrary to the thoughts of many, I do not consider it unfortunate to be relieved of my present position; rather, I think there are greater opportunities for the young men to today in fields other than political. It is a greater pleasure leaving an office at the end of one term, with the feeling in mind that many more accomplishments have been made during such a short stay, than it would to remain a great number of years and feel that you had not benefitted the citizens of the

County in any great manner. No sir, folks, I "ain't" mad at "nobody," and want to be your friend. If I can be of any assistance to anyone the remaining time I have in office, or after I leave the office, feel perfectly free to call on me. It will be a real pleasure to help you in any way I can.

Sincerely,

**BOB L. DAVIS**
