Belva Rippetoe to Celebrate Birthday

Belva Karen Rippetoe daughter of Mr. and Mrs. J. M. Rippetoe of Bronte, who is ill with neuroblastoma, an incurable form of cancer, will celebrate her seventh birthday Sunday, October 9, at her home in Bronte. With her for the day will be her sister, Nona Gayl, their two year old brother from Fort Worth and her parents. The birthdays of all three children are near the same date.

Belva had a surprise party Wednesday afternoon when Mrs. Vetal Flores and Mrs. Frank Sawyer, Bronte's first grade teachers, brought her classmates to the Rippetoe home to sing "Happy Birthday" and eat punch and cake with her. Belva

started to school in the first grade this September but is not able to attend at all now.

Her condition has steadily grown worse since she was stricken ill on May 29 of this year. Previously well and normal, her condition was diagnosed as a light case of polio at that time. Since then, she has been in and out of Bronte and San Angelo hospitals, suffering severely a large part of the time. Some eight or ten doctors in San Angelo, Dr. John R. Harris of Bronte and Dr. C. A. San Antonio specialist, have attended her. One time this summer, Dr. Joe Gandy, chief of the Southern Pacific hospital in Houston, flew to San Angelo to examine her.

Last week, she was taken to Mayo clinic in Rochester, Minnesota, where she was given a routine check-up and doctors revealed to the family that she was suffering from neuroblastoma. Dr. Kennedy of the famous clinic told the Rippetoes that she could not live more than a year and possibly had much less time than that. Belva does not know the seriousness of her condition.

She has one sister, Nona Gayl, who is a year and four days younger than she is. Both girls were adopted by the Rippetoes when they were two and three years of age and the sisters have been very close to each other. The Karen-Gayl hospital here built and owned by the Rippetoes, is named for the two little girls.

According to her mother, Belva has had three ambitions throughout her life—for the family to have a new and larger home, to go to school, to see Bob Rogers and Trigger.

According to many of her wishes, she spent as much time in school this year as possible and her mother said that they were glorious days to her.

And, although her parents expressed the fear that she will never see it finished, the Rippetoes are putting forth every effort to give her the pleasure of seeing another wish come true—the new home. Plans are completed and the foundation will be poured soon. Contractors will be instructed that record speed must be made. Belva has refused to leave their present home, which will be added on to, saying, "I'm going to watch them build every bit of my house." Mrs. Rippetoe said that during her lengthy stay in the hospitals, she refused candy and toys, asking her parents to save the money for a new house.

She has been deluged with flowers and gifts and said yesterday that "it was worth being sick to find out that you have so many friends and get so many gifts and flowers."

Mrs. Rippetoe also told of a time about a year and a half ago, when Belva told her "when I die I want my casket put right over there at those windows and I want it blue inside and out and I want flowers all over that wall, clear to the ceiling. And, Mommie, will you make my dress? And make Betsy (a doll sent to her by her daddy when he was overseas) one just like mine. I want her buried with me and we want long shiny dresses." Although Belva does not realize it, Mrs. Rippetoe said that those plans are being carried out as nearly as possible. Betsy is her favorite doll, now tattered and torn.

While in a San Angelo hospital recently, Rippetoe bought Belva a Spitz dog. The dog was stolen from the car and on an appeal by the San Angelo Standard-Times, the dog was returned. Belva is still grateful for that and to the many people who offered to get other dogs for her.

Mrs. Rippetoe said that she has always been a child interested in Sunday school and church and that though it is hard to understand and to bear "they are thankful that their baby will some day have a home much bigger and more beautiful than they could ever give her."

A NEW DRESS?—WELL, A CHANGE

Beginning with this issue of The Enterprise, the looks of your paper will be somewhat changed. We might say that the paper has a new dress, but new clothes are usually better looking than old, and we doubt seriously if the paper will look as well as it has while being printed by The Talley Press in San Angelo.

Mr. Talley has done a wonderful job of printing the paper in the past, but a new and better deal has been made to have The Enterprise printed in Abilene. So, for economical reasons, the change is made with this issue.

Another reason for making the change is that in the past The Enterprise has consisted of six columns to the page and the columns have been 20 inches in length. This paper today consists of seven columns to the page and the columns are 21 inches long. This will enable us to give you nearly one and one-half columns more news per page than we have been able to in the past. We can do this and still run as much advertising as has been run all along.

We sincerely hope you like the looks of The Enterprise under this new setup, and we want to ask for your support in providing us with local news to fill up the additional space which is provided. Any time you know any news, come by and tell us, call number 56 and tell us by phone, or write it down and drop it in the mail.

Mary Jane Powell I-H Club President

In their first meeting of the new club year Wednesday, September 28, Mary Jane Powell was elected president of the organization for this year. Other officers elected were Mary Linda Lasswell, vice-president; Linda Earnest, secretary and treasurer; and Jo Frances Box, reporter.

Miss Freeman, county home demonstration agent, is the sponsor. Several new members were present for this initial meeting. Year books were distributed.

Mrs. Claude Word was elected as sponsor of the senior 4-H group and Mrs. H. A. Springer as sponsor of the junior 4-H group. The older group will meet on the first and third Thursdays of each month at 1:30 p.m. at the school and the younger group will meet on the second and fourth Wednesdays of each month at the same time and place.

The sponsors and Miss Freeman said that the organizations were open to all girls from 9 to 14 years of age and urged that all girls try to participate in 4-H club work this year. They pointed out that these years are the formative years and that the girls will get valuable instruction in the clubs.

Health Officers Tells of Undulant Fever Danger

As a safeguard against the serious and disease known as undulant fever or Malta Fever, Dr. Geo. W. Cox, State Health Officer, advises Texans to drink milk only from approved sources. Undulant fever is usually acquired by human beings as a result of consuming raw milk or raw milk products from cows infected with Bang's disease.

Raw milk or milk products can be consumed with safety only when they are known to be produced by cows tested and found to be free of Bang's disease. Pasteurization, of course, will kill the germs if present.

To assist in lowering the incidence of undulant fever all dairymen should remove cattle infected with Bang's disease from their herds as soon as the disease is discovered. Even if the milk is made safe for human consumption by pasteurization, infected cows are still a menace to health since they can transmit the disease to healthy animals and to their owner and other persons who handle them.

"Undulant fever from cattle," Dr. Cox said, "is one health hazard we can eradicate in our state through absolutely safe milk supplies from dairy herds free from Bang's disease.

"Unless a herd is known to be free from this infection, only pasteurized milk should be used so that the disease cannot be passed on to the consumer of milk and dairy products."

Stevens Bros. Circus To Be Here Oct. 20

Tom McLaughlin, advance representative of the all new Stevens Brothers circus and menagerie, is a caller in the Enterprise office this week and announced the coming of the first big circus of the season, the date having been set for Thursday, October 20, with two performances scheduled at 3 and 8 p.m.

In a few days the regular advertising trucks will arrive and begin the task of placing the bright red posters throughout the surrounding territory. This will be the first trip of the Stevens Brothers circus in West Texas; in addition to presenting six cages of wild animals in their menagerie, the management will have with them Dolly Jacobs' trained elephants, Bob Grubbs' liberty horses, and a host of big time circus acts.

Students from foreign countries and 321 registrants from 31 other states.

Housing facilities during this second year of normal peacetime enrollment are the best in the college's history.

Fire Prevention Week October 9-15

National Fire Prevention week will be observed this year from October 9 through October 15. In line with this idea, the school students of Bronte are making Fire Prevention posters this week.

At the Tuesday night meeting of the Board of Directors of the local Lions club, the group voted to make an award of an appropriate scroll to the boy or girl in school making the best Fire Prevention poster.

Fire Prevention week is named as a time for everyone to check up and eliminate fire hazards in the home, business house and community as a whole.

Land Commissioner Giles Explains Operation of Veterans Land Program

(Editor's note: This is the first of three articles written by Bascom Giles, Commissioner of the General Land Office, explaining the land program now in effect for Texas veterans.)

The veterans land program is now a reality. The idea was born in the hearts of the veterans themselves while they were overseas and thinking about home. Their letters to my office asking how they might obtain a farm or ranch home if and when they returned, inspired me to put the machinery of this program in motion.

Former Governor Jester's signature made the Veteran's Land Bill into formal law. The bill was sponsored in the upper house by Senator John Bell of Cuero and in the lower house by Representative Reuben Senterfitt of San Saba.

The legislation grew out of a Constitutional Amendment adopted by the citizens of Texas in a special election in November, 1946. At the following session of the Legislature the necessary enabling legislation failed to receive final consideration in the Senate.

The 51st Legislature, promptly and without a single negative vote in either House carried out the mandate of the people, making it possible for Texas veterans of World War II to own a farm or ranch home of their own choosing by making a small down payment with the balance financed by the state at a low interest rate.

The Legislature placed the administration of this program in the

Bronte Longhorns Play 1st Home Game Tonight

Eldorado Downs Longhorns, 31-7

Eldorado's high flying Eagles put the skids to the Bronte Longhorns Friday night at Eldorado, 31 to 7. It was a good ball game for three quarters but the Longhorns went to pieces in the second quarter when the Eagles registered 25 points.

After Sandusky punted, the ball was down on the Eldorado 35. Nixon picked up seven yards. Alexander punched across a first down on the Eldorado 46, after an incomplete pass Alexander picked up nine. Then Alexander passed complete to Clark for 11 yards to the Bronte 34. Whitten carried to the 28. Alexander passed to Clark complete for 17 yards and Alexander scored from 11 yards out. Alexander place kicked the ball through the uprights. Eldorado led 7-0.

After the kickoff, Bronte fumbled and the Eagles drove 51 yards in three plays, Alexander to Nixon, 22

Officers Nominated For Bronte Club

Mrs. Taylor Emerson was nominated as president of the Bronte Jr. WHD club at their regular meeting October 5. They met in the Methodist educational building with Mrs. A. E. Gentry as hostess. Other nominations submitted by the nominating committee were: Mrs. W. Hipp, vice president; Mrs. Collins Sawyer for council delegate; Mrs. Robert Hickman for council alternate; Mrs. A. C. McAulay for treasurer; Mrs. R. S. Walton for secretary; Mrs. Robert Hickman for reporter and Mrs. Alfred Taylor for alternate reporter.

Roll call was answered with a recipe and Mrs. C. E. Arrott presided over the business meeting. Mrs. Lolla McQueen and Mrs. Edith Hipp gave a quiz on the identification of trees and shrubbery.

Sixteen members and four visitors were present for the meeting. The next meeting will be with Mrs. Hickman on October 18. It will be an all-day meeting.

yards for the touchdown. Alexander's conversion was wide. Eldorado 13, Bronte 0.

Bronte again fumbled, after the first play from scrimmage and the Eagles went 34 yards in three more tries. Nixon passed 26 yards to Biggs to count.

After Bronte received the kickoff, on second down, Galboth intercepted a pass and the Eagles drove 47 yards to pay dirt with Clark racing over from the seven. Alexander's point try again failed. Score 25 to 0 at the end of a hectic second quarter.

After a pow-wow with Coaches Jack Price and W. N. Gaddy, the boys came back with a lot of fire and determination to outscore the Eagles 7-6 during the second half.

The Eagles after taking the kickoff were forced to punt on fourth down. Charles Brown, Longhorn tackle, broke through the line to block it. The ball bounding back to the Eldorado 28 when Bronte took over. Sandusky tore through the line to the 20. Rusk picked up 14 down to the six where Sandusky scored. Rusk scored to make it Eldorado 25, Bronte 7. The game was nip and tuck from then on until there were only a few minutes to go. The Longhorns lost the ball on downs on their own 43. The Eagles drove to pay dirt from this point. Nixon's 25 yard pass to Alexander being the climaxer. Alexander's try for the point was again no good.

First downs stood at 16-6 in favor of Eldorado and the Eagles gained 338 yards from scrimmage to the Longhorns' 83.

The running and passing of Alexander was Eldorado's main thread. Whitten was also a running star and Phillips and Biggs stood out on defense for the Eagles. Sandusky and Rusk were Bronte's offensive threats. Sandusky, Brown, Hester, Rusk, Vaughn and McCutchen were Bronte's main defensive players.

Land owners that are planning to seed native and introduced grasses next spring should begin to secure their seed. The many seed houses are listing all kinds of native and introduced grasses in good quantity and quality much cheaper than any time since the war. R. B. Allen, chairman of the board of supervisors, has announced. "This is the first year since the war that land owners have been able to secure high quality seed at reasonable prices," Allen said.

Quality Seed Are Now Available for County Farmers and Ranchers

W. C. Shamblin reports that the native and introduced grass seeded on old abandoned land has made a good growth this year. The King Ranch Bluestem produced a good crop of seed last summer and is now in full bloom again, and will produce another good crop this fall, Shamblin said.

R. H. Sims is planning to construct two miles of terraces on his farm located five miles north of Bronte. The terrace system is a part of Sim's complete coordinated soil and water conservation plan he is applying as a district cooperater with the Coke County Soil Conservation District.

Land owners should plan to take care of the grasses they have grown this year, said W. E. Burns, member of the board of supervisors of the Coke County Soil Conservation District. "Our range vegetation has made good recovery this year. I find Side Oats grama, Little Bluestem, Indian grass and Black grama showing up in many places that I did not know there were. These grasses are the seed source for the ranches to improve their range vegetation. If the land owners will practice deferred grazing to allow these grasses to mature a seed crop this fall, the seed produced will be scattered in more favorable seed beds for germination than if hand seeded, Burns said.

All money received during the six remaining years of operation shall be used to pay interest on bonds and to purchase additional land for re-sale to veterans. The purchaser shall not transfer or sell lands purchased for a period of three years from the date of purchase. The veteran will not be permitted to make more than one purchase. The veteran is not required to reside on the property.

All applications should be addressed to Bascom Giles, Commissioner of the General Land Office, Austin, Texas.

Bar-B-Q Supper Is Given for Senior

A Bar-B-Q supper was given for the senior class by their sponsor, Vetal Flores, and their room mothers. Square dancing and table games were enjoyed by the groups. Guests were invited and about 25 persons were present.

The Senior play has been selected and work is underway for it to be presented about the first or second week in November.

By Bobby Franklin

Football comes to Bronte for the first time this year tonight when the Wylie Bulldogs, who come from around Abilene way, invade Elbert Stephenson field for a tussle with the Bronte Longhorns.

Wylie's charges are undefeated and untied in two games. They took the Trent team 7 to 6 and beat Lueders 20 to 0.

Bronte's Longhorns will be trying hard to win before the home folks. Their record is: Bronte 0, Lakeview 19, Bronte 14, Robert Lee 0, and Bronte 7, Eldorado 31.

Probable starting lineups are:
Bronte: J. Vaughn, lb, 162; C. Brown, lt, 150; Lasswell, lg, 146; McCutchen, c, 175; Ash, rg, 162; Carriger, rt, 187; Snead, re, 149; Hester, qb, 169; E. Rusk, lb, 176; Gentry, rb, 137; and Sandusky, fb, 180.

Wylie: Atwood, le, 150; Warford, lt, 200; Hollowell, lg, 160; Bertrand, c, 185; Franks, rg, 165; Sellers, rt, 185; Ray, re, 155; Ballard, qb, 165; Back, lb, 135; Farr, lb, 140; and Stewart, fb, 160.

Jamboree, Pie Sale

A community jamboree, closing with a pie supper, will be held tomorrow night, October 8, at the Bronte High school gymnasium. The public is cordially invited to attend the affair which will start at 7:30 p.m. A program will be given during the evening and prizes will be given away.

On the program are vocal and instrumental numbers by school students. Madelon Tidwell Price (Mrs. Jack Price) will bring the main attraction of the evening, rendering two tap numbers.

Mrs. Price is a well-known Texas dancing teacher and professional entertainer. She has had dancing schools in East Texas and more recently in Coleman and Goldfwaiite. She has been an assistant instructor L. Smith's School of Dancing in for the past two years in Mrs. Lon Brownwood. She received her early training in Dallas and later studied in California and with well known teachers from the East.

During the war, she was active in USO work and provided entertainment for various hospital shows.

Club Leaders Attend Shrubbery School

Thirteen club leaders attended a shrub identification training school recently in the office of the home demonstration agent. This training school was conducted by the agent, Miss Vememma Freeman.

Each club was asked to send its landscape demonstrator and its landscape leader to the meeting. Each was asked to bring to the meeting five tree and five shrub samples selected from the yards, the hills or the pastures of the county.

Each sample was numbered. During the meeting each person was asked to list the name of as many of the shrubs and trees as he recognized. About 15 trees and 25 shrubs were represented in the collection. Each person checked his list while Miss Freeman gave the correct name of the shrub and its characteristics. Samples of the branches were then collected by each person present to be pressed and later placed in the shrub scrapbook.

Throughout the discussion Miss Freeman stressed the importance of using native trees and shrubs in the landscape to cut down on the cost, and the work and care of the landscape. Most of the women were convinced that native shrubs are more practical than nursery shrubs.

Plans were made for the club leaders to give the program to their clubs at the first October club meeting.

Relative of G. A. Best Buried Friday

Funeral services were held Friday, September 16, for Mrs. G. W. Best in Portales, New Mexico. Services were held from the Wheeler Mortuary Chapel in Portales and interment was in the Portales cemetery. Rev. J. B. North conducted the services.

Mrs. Best was a sister-in-law of G. A. Best of Bronte. She was born March 23, 1871 in Guadalupe, Texas. Her husband, brother of Mr. G. A. Best, died in May of this year. He is also buried at Portales.

Going to get your \$2,064 bait back?

Your shiny new automobile—with prices averaging about \$2,064—has to get you a whale of a lot of use to justify its cost.

Winter wear is the worst bait-snatcher. It can strip your car of plenty of service . . . Unless you OIL-PLATE it!

1. Oil-Plating—a feature of patented Conoco Nth Motor Oil—performs a wear-preventing miracle by fastening a shield of special lubricant to working parts. OIL-PLATING can't all drain down—even overnight!

2. Always on Guard! Even when the fine lubricating oil itself isn't covering a part, OIL-PLATING is! It protects your engine against grinding "dry-friction" starts . . . from corrosive combustion acids . . . from sludge and carbon caused by wear.

3. Watch Out for Winter! The frigid months are the most dangerous months for these car-killers. New and older cars both urgently need Conoco Nth. Don't wait . . . drive yours in today and armor it against winter with Conoco Nth.

Gilmer-Aiken Plan Explained to Blackwell
By Mrs. Charles Ragsdale
The Blackwell PTA met Monday night at the school auditorium with the third and fourth grade students presenting a playette on "Fire Prevention." Supt. O. Z. Porter gave a

talk on "The Effect of the Gilmer-Aiken Plan on Our School."

Also on the program was a song, "I Love a Little Cottage," by Mrs. B. B. McCarley; a talk on "Problems in Parent-Teacher Relationship," by Mrs. A. G. Craver and a business meeting conducted by the president, Mrs. L. W. Sweet.

Mrs. B. B. McCarley, program chairman, presented members with yearbooks. The group voted to pay for a drum for the pep squad and plans were made for the annual Halloween carnival to be held October 28 at the school house. Refreshments were served to a large group.

Seventy-One Serve In Armed Forces

"Coke County now has 71 young men and women serving in the Armed Forces, and through the medium of the USO we here at home have an excellent opportunity of seeing to their welfare and maintaining strong ties with them wherever they are," R. T. Caperton of Bronte, County Chairman of the USO's reactivation campaign, reports.

"We will as good Texans look after our own whether they are serving in this country or on foreign soil," Caperton said, "and the USO provides us with the opportunity we need, for it will continue as it did during the war to provide our young men and young women in the Armed Forces with a home away from home."

The County Chairman added that this county is being asked to contribute its share toward the \$500,000 campaign in Texas for the reactivation of the USO as requested by the President and Secretary of Defense. The half million dollar figure is Texas quota of the USO's national campaign for \$10,100,000.

Wrinkle Home Scene Of WMU Meeting

The Kickapoo WMU met in the home of Mrs. Arthur Wrinkle on Saturday, October 1, at 2:30. Mrs. E. L. Thurmond and the president had charge of the meeting. Two songs were sung. The group decided to send a box of cookies to the orphan home.

Plans were also made to send a box of clothing to a needy family. Following the business meeting, Mrs. Ida Warner taught the lesson and the 15th chapter of Acts was read and discussed.

Present were Mmes. Eula Holman, Dink Beavers, Pat Beavers, Ida Warner, E. L. Thurmond, Garland Spen-

cer, J. W. Warner, Carl Blair, Arthur Wrinkle, Cullen Clark, Marshall Stephenson and Misses Ouida and Dean Beaver. Mrs. Arthur Wrinkle dismissed the session with prayer.

Mr. and Mrs. J. O. Raney went to Brownwood Sunday where they met some relatives. They brought his mother back home with them.
